Documents will be accepted for filing on all regular workdays from 8:00 a.m. until 5:00 p.m. We encourage early filings to facilitate the timely publication of the *Missouri Register*. Orders of Rulemaking appearing in the *Missouri Register* will be published in the *Code of State Regulations* and become effective as listed in the chart above. Advance notice of large volume filings will facilitate their timely publication. We reserve the right to change the schedule due to special circumstances. Please check the latest publication to verify that no changes have been made in this schedule. To review the entire year's schedule, please see the website at sos.mo.gov/adrules/pubsched.

HOW TO CITE RULES AND RSMO

RULES

The rules are codified in the *Code of State Regulations* in this system—

Title	CSR	Division	Chapter	Rule
3	<i>Code of</i>	10-	4	115
Department	<i>State</i>	Agency	General area	Specific area
	<i>Regulations</i>	division	regulated	regulated

and should be cited in this manner: 3 CSR 10-4.115.

Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraphs 1., subparagraphs A., parts (I), subparts (a), items I. and subitems a.

The rule is properly cited by using the full citation; for example, 3 CSR 10-4.115, NOT Rule 10-4.115.

Citations of RSMo are to the *Missouri Revised Statutes* as of the date indicated.

Code and Register on the Internet

The *Code of State Regulations* and *Missouri Register* are available on the Internet.

The *Code* address is sos.mo.gov/adrules/csr/csr

The *Register* address is sos.mo.gov/adrules/moreg/moreg

These websites contain rulemakings and regulations as they appear in the *Code* and *Registers*.

Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety, or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the Missouri and the United States Constitutions; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons, and findings which support its conclusion that there is an immediate danger to the public health, safety, or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten (10) business days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the Missouri Register as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

**TITLE 1 – OFFICE OF ADMINISTRATION
Division 10 – Commissioner of Administration
Chapter 11 – Travel Regulations**

EMERGENCY AMENDMENT

1 CSR 10-11.010 State of Missouri Travel Regulations. The Commissioner of Administration is amending subsection (10) (F).

PURPOSE: The amendment increases the maximum mileage reimbursement rate for State travel.

EMERGENCY STATEMENT: This emergency amendment increases the maximum State mileage reimbursement rate from three cents below the Internal Revenue Service (IRS) standard rate to the IRS standard rate. This emergency amendment is necessary to preserve the compelling governmental interest of reimbursing expenses of State employees and officials who drive their personal vehicle to conduct State business, thereby ensuring that they are not required to subsidize State travel with personal funds. The IRS standard rate is based on an annual study of the fixed and variable costs of operating a vehicle. Leaving the State maximum rate at three cents below the IRS standard rate while waiting several months for a regular amendment to take effect places an unacceptable burden on State employees and officials already contending with significantly higher prices on many other goods and services, including necessities such as

food. As a result, the Commissioner of Administration finds a compelling governmental interest, which requires this emergency action. The General Assembly's swift action in the 2023 regular session further recognizes this compelling governmental interest by providing funding for the specific purpose of increasing the mileage reimbursement rate from 55 cents per mile to 65.5 cents per mile (the level of the IRS standard rate) in a supplemental appropriation before the conclusion of the regular session. A proposed amendment covering the same material is published in this issue of the Missouri Register. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. The Commissioner of Administration believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed March 20, 2023, becomes effective April 3, 2023, and expires January 10, 2024.

(10) Travel may be accomplished by plane, train, bus, private or state-owned vehicle, rented vehicle, or taxi or similar rideshare services, whichever method serves the requirements of the state most economically and advantageously. The following rules apply for traveling by vehicle or commercial transportation.

(F) For travel in privately-owned vehicles, the state mileage allowance will be at the current rate(s) ordered by the commissioner of administration pursuant to section 33.095, RSMo. The commissioner of administration will periodically issue mileage reimbursement rates comprised of a standard rate and a state fleet rate. Agencies should use the appropriate rate for each trip as determined by policy established by the commissioner of administration. Reimbursement rates should not exceed the rate established by the commissioner of administration unless required by a court order. When more than one (1) person travels in the same vehicle, only the owner of the vehicle is allowed mileage. The state mileage reimbursement rate(s) represents full compensation for the costs of operating a privately-owned vehicle. The mileage reimbursement rate shall be computed at a rate not to exceed the Internal Revenue Service (IRS) standard mileage rate [less three cents (3¢) per mile]. Any change to the maximum rate is effective on July 1 of the year the IRS changes their standard mileage rate. The state fleet reimbursement rate reflects the average cost of operating a mid-size sedan in the state vehicle fleet. The standard mileage and state fleet rate may be more restrictive depending on the budget. Physical damage or loss to a private vehicle and/or its personal property contents is not covered by the state. Coverage should be obtained through personal auto insurance. Liability coverage must be maintained through personal auto insurance in accordance with state law.

AUTHORITY: section 33.090, RSMo 2016. Original rule filed Jan. 22, 1974, effective Feb. 1, 1974. For intervening history, please consult the Code of State Regulations. Emergency amendment filed March 20, 2023, effective April 3, 2023, expires Jan. 10, 2024. Amended: Filed March 20, 2023, effective April 3, 2023, expires January 10, 2024.

PUBLIC COST: This emergency amendment will cost state agencies four hundred four thousand six hundred forty-seven dollars (\$404,647) in the time the emergency is effective.

PRIVATE COST: This emergency amendment will not cost private entities more than five hundred dollars (\$500) in the time the emergency is effective.

**FISCAL NOTE
PUBLIC COST**

- I. Department Title:** Office of Administration
Division Title: Commissioner of Administration
Chapter Title: Travel Regulations

Rule Number and Name:	1 CSR 10-11.010 State of Missouri Travel Regulations
Type of Rulemaking:	Emergency amendment

II. SUMMARY OF FISCAL IMPACT

Affected Agency or Political Subdivision	Estimated Cost of Compliance in the Aggregate
All executive departments, statewide elected officials' offices, the General Assembly, the Judiciary, and the Public Defender's office	\$404,647

III. WORKSHEET

The current State regulation, 1 CSR 10-11.010, provides that the State mileage reimbursement rate shall not exceed the IRS standard mileage rate less three cents per mile. This proposed amendment to the regulation provides that the State mileage reimbursement rate shall not exceed the IRS standard mileage rate. The current State mileage reimbursement rate is \$0.62 per mile. The current IRS mileage reimbursement rate is \$0.655 per mile. The estimated cost of increasing the rate from the current \$0.62 per mile to \$0.655 for a full year is \$809,294 (\$370,260 general revenue, \$323,170 federal funds, and \$115,864 other funds). Assuming this emergency rule is in effect for six months, the estimated cost is \$404,647 (\$185,130 general revenue, \$161,585 federal funds, and \$57,932 other funds).

These estimates are based on FY 2018 actual mileage reimbursements and assume that level of mileage will be continued.

IV. ASSUMPTIONS

The estimated cost of compliance in the aggregate assumes only the impact of the change from the current regulation allowing \$0.03 less than the IRS rate up to the IRS rate. These estimates assume the mileage reimbursement will be the same as those actually experienced in FY 2018.

**TITLE 13 – DEPARTMENT OF SOCIAL SERVICES
Division 70 – MO HealthNet Division
Chapter 10 – Nursing Home Program**

EMERGENCY AMENDMENT

13 CSR 70-10.030 Prospective Reimbursement Plan for Nonstate-Operated Facilities for ICF/IID Services. The division is amending subsection (4)(B).

PURPOSE: This amendment provides for ICF/IID reimbursement rates to be recalculated (i.e., rebased) using a more recent base year, which allows the division to pay rates that reflect more current costs incurred by ICF/IID providers.

*EMERGENCY STATEMENT: The Department of Social Services, MO HealthNet Division, by rule and regulation, must define the reasonable costs, manner, extent, quantity, quality, charges and fees of medical assistance provided. Effective for dates of service beginning October 1, 2022, nonstate-operated ICF/IID per diem rates will be rebased using a more current year cost report base. The increased reimbursement resulting from the rebased rates is necessary to ensure that payments for ICF/IID per diem rates are in line with the funds available for that purpose. A rebase is being done so that additional funds are available for increases in costs since the last rebase (and the last increase in reimbursement) in 2019. The increased reimbursement is needed to ensure quality services are available for the vulnerable MO HealthNet participants residing in the nonstate-operated ICF/IIDs. For the rebased per diem rates to be implemented, a Medicaid State Plan Amendment (SPA) was required to be submitted to and approved by the Centers for Medicare and Medicaid Services (CMS). The SPA was approved by CMS on November 10, 2022 but the proposed state regulation will not be effective for approximately eight (8) months. This emergency amendment must be implemented on a timely basis to ensure that quality ICF/IID services continue to be provided to Medicaid patients in ICF/IID facilities in accordance with the state plan authority. The emergency amendment will also allow the State to expend the SFY 2023 appropriation in SFY 2023. Further, the Missouri Medical Assistance program has a compelling government interest in providing continued cash flow for ICF/IID services, and to adequately compensate these providers for the cost expended on the state Medicaid population. As a result, the MO HealthNet Division finds an immediate danger to public health, safety and/or welfare and a compelling governmental interest, which requires emergency action. A proposed amendment, which covers this same material, is published in this issue of the **Missouri Register**. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended by the **Missouri and United States Constitutions**. The MO HealthNet Division believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed March 16, 2023, became effective March 30, 2023, expires September 25, 2023.*

(4) ICF/IID Rate Computation. Except in accordance with other provisions of this rule, the provisions of this section shall apply to all providers of ICF/IID services certified to participate in Missouri's MO HealthNet program. Rate determination shall be based on reasonable and adequate reimbursement levels for allowable cost items described in this rule which are related to ordinary and necessary care for the level-of-care provided for an efficiently and economically operated facility. All providers shall submit documentation of expenses for allowable cost areas. The department shall have authority to require those uniform accounting and reporting procedures and forms as it deems necessary. A reasonable and adequate reimbursement

in each allowable cost area will be determined.

(B) Per Diem Rate Calculation Effective for Dates of Service Beginning January 1, 2019. Effective for dates of service beginning January 1, 2019, the MO HealthNet Division shall rebase nonstate-operated ICF/IID facilities' per diem rates using the facilities' 2017 fiscal year end cost reports. The rebased rates are contingent upon approval of the state plan amendment by the Centers for Medicare and Medicaid Services.

1. Prospective Rate Calculation.

A. Each nonstate-operated ICF/IID shall have its prospective rate recalculated based on its 2017 fiscal year end cost report using the same principles and methodology as detailed throughout sections (1)-(13) of this regulation.

(I) The costs from the 2017 fiscal year end cost reports shall be trended using the indices from the most recent publication of the Healthcare Cost Review available to the division using the "CMS Nursing Home without Capital Market Basket" table. The costs shall be trended using the four (4) quarter moving average. The costs shall be trended for the years following the cost report year, up to and including the state fiscal year corresponding to the effective date of the rates. For SFY 2019, the trends are as follows:

(a) 2018=3.025%

(b) 2019=2.65%

(II) If a facility's total calculated per diem set forth in this section is less than the facility's current rate, the facility shall continue to receive its current rate.

(III) The division will use the FY 2017 cost report to determine the ICF/IID prospective rate, set forth as follows:

(a) Total Routine Service Cost. Total routine service cost includes patient care, ancillary, dietary, laundry, housekeeping, plant operations, and administration. Each ICF/IID's Title XIX Routine Service Cost per diem shall be calculated as follows:

I. The total routine service costs as reported on the cost report shall be adjusted for minimum utilization, if applicable, trended to the current state fiscal year, and divided by the total patient days to determine the per diem. The minimum utilization adjustment will be determined by applying the unused capacity percent to the sum of the laundry, housekeeping, plant operations, and administration expenses. The following is an illustration of how this item (4)(B)1.A.(III)(a)I. is calculated:

Licensed/Certified Bed Days (9 beds x 365 days)	3,285
Total Patient Days	2,900
Percent Occupied (2,900/3,285)	88%

Bed Days @ Minimum Occupancy of 90% (3,285 x 90%)	2,957
Unused Capacity (90% of Bed Days Less Total Patient Days)	57
Unused Capacity Percent for Minimum Utilization Adjustment (Unused Capacity/90% of Bed Days)	1.93%
Minimum Utilization Days for Return on Owner's Equity (Greater of 90% of Bed Days or Total Patient Days)	2,957

*Minimum Utilization Adjustment	
Laundry	\$ 5,000
Housekeeping	\$ 8,000
Plant Operations	\$ 46,000
Administration	<u>\$165,000</u>
Total Expense	\$224,000
Unused Capacity Percent	<u>1.93%</u>
Minimum Utilization Adjustment (Unused	

Capacity Percent x Total Expense)	\$ 4,323
Patient Care	\$400,000
Ancillary	\$ 10,000
Dietary	\$ 25,000
Laundry	\$ 5,000
Housekeeping	\$ 8,000
Plant Operations	\$ 46,000
Administration	<u>\$165,000</u>
Total Routine Service Cost	\$659,000
Less: Minimum Utilization Adjustment*	(<u>\$ 4,323</u>)
Routine Service Cost, Adjusted for Minimum Utilization	\$654,677
SFY 2018 Trend	3.025%
SFY 2019 Trend	<u>2.65%</u>
Trended Routine Service Cost	\$692,355
Total Patient Days	<u>2,900</u>
Routine Service Cost Per Diem	\$ 238.74

(b) Intermediate Care Facility for Individuals with Intellectual Disabilities Federal Reimbursement Allowance (ICF/IID FRA). The SFY 2019 ICF/IID FRA provider assessment as determined in accordance with 9 CSR 10-31.030 is divided by total patient days to determine the ICF/IID FRA per diem.

I. The following is an illustration of how the ICF/IID FRA assessment is calculated:

SFY 2019 ICF/IID FRA Assessment	\$40,000
Total Patient Days	<u>2,900</u>
ICF/IID FRA Per Diem	\$ 13.79

(c) Return on Equity. An owner's net equity consists of investment capital and working capital as indicated in subsection (6)(S). Each ICF/IID's Return on Equity per diem is calculated as follows:

I. Investment Capital. Investment capital includes the investment in building, property, and equipment (cost of land, mortgage payments toward principal, and equipment purchase less the accumulated depreciation).

II. Working Capital. Working capital represents the amount of capital which is required to ensure proper operation of the facility and shall be calculated as 1.1 months of the total expenses less depreciation.

III. The total net equity shall be multiplied by the rate of return as set forth in section (6)(S) to determine the return on equity. The return on equity is subject to the minimum occupancy percent of 90% in determining the per diem.

IV. The following is an illustration of how this subpart (4)(B)1.A.(III)(c) is calculated:

Investment Capital	Equipment	Building	Total
Cost	\$130,000	\$300,000	\$430,000
Less: Prior Years Depreciation	(\$120,000)	(\$225,000)	(\$345,000)
Less: Current Year Depreciation	(\$2,400)	(\$8,500)	(<u>10,900</u>)
Total Investment Capital	\$7,600	\$66,500	\$74,100
Working Capital			
Total Expenses			\$659,000
Less: Current Year Depreciation Expense			(<u>\$10,900</u>)
			\$648,100
Divided by 12 Months			<u>12</u>
			\$ 54,008
Times 1.1 Months			<u>1.1</u>

Total Working Capital	\$ 59,409
-----------------------	-----------

Net Equity (Investment Capital + Working Capital)	\$133,509
Rate of Return	<u>5.125%</u>
Return on Equity	\$ 6,842
Minimum Utilization Days	<u>2,957</u>
Return on Equity Per Diem	\$ 2.31

(c) Rebased Per-Diem Rate. The total calculated Per-Diem is the sum of the Routine Service Cost per diem, the ICF/IID FRA per diem and the Return on Equity per diem. To determine the rebased per diem rate, the total calculated per diem is compared to the current per diem rate and the facility will be held harmless if the total calculated per diem is less than the current per diem rate (i.e., if the total calculated per diem is less than the current per diem rate, the facility would receive the current per diem).

Routine Service Cost per diem	\$238.74
ICF/IID FRA per diem	\$ 13.79
Return on Equity per diem	<u>\$ 2.31</u>
Total Calculated Per Diem	\$254.84

Current Per Diem Rate	\$200.00
-----------------------	----------

Rebased Per Diem Rate	\$254.84
(If the total calculated per diem is less than the current per diem rate, the facility would receive the current per diem rate)	

B. Effective for dates of service beginning October 1, 2022, each nonstate-operated ICF/IID shall have its prospective rate recalculated based on its 2020/2021 fiscal year end cost report using the same principles and methodology as detailed throughout sections (1)-(13) of this regulation and as set forth in subparagraph (4)(B)1.A.

(I) The nonstate-operated ICF/IID shall have its prospective rate recalculated based on their 2021 fiscal year end cost report unless they do not have a full, twelve month 2021 fiscal year end cost report in which case the 2020 fiscal year cost report shall be used to calculate the prospective rate.

(II) The costs from the 2020 and 2021 fiscal year end cost reports shall be trended using the indices from the most recent publication of the Healthcare Cost Review available to the division using the "CMS Nursing Home without Capital Market Basket" table. The costs shall be trended using the four quarter moving average. The costs shall be trended for the years following the cost report year, up to and including the state fiscal year corresponding to the effective date of the rates. For SFY 2023, the trends are as follows:

- (a) 2021=2.825%
- (b) 2022=2.500%
- (c) 2023=3.3800%

(III) The current year depreciation will not be deducted from the working capital to determine Return on Equity.

2. Interim Rate Calculation.

A. In the case of a newly certified facility where a valid Title XIX participation agreement has been executed, a request for an interim rate must be submitted in writing to the MO HealthNet Division.

(I) The interim rate shall be determined based on the projected estimated operating costs. The facility's request must specifically and clearly identify the interim rate and be supported by complete and accurate documentation satisfactory to the single state agency. Documentation submitted must include a budget of the projected estimated operating costs. Other documentation may also be required to be submitted upon the request of the division.

(II) The establishment of the prospective rate for all new construction facility providers shall be based on the second full facility fiscal year cost report (i.e., rate setting cost report) prepared in accordance with the principles of this rule. This cost report shall be based on actual operating costs and shall be prepared and submitted in accordance with the reporting requirements in section (7) of this rule.

(III) Prior to establishment of a prospective rate for newly certified facility providers, the cost reports may be subject to an on-site audit by the Department of Social Services or authorized representative to determine the facility's actual allowable costs. Allowability of costs will be determined as described in subsection (3)(A) of this rule.

(IV) The cost report, audited or unaudited, will be reviewed by the MO HealthNet Division, and a prospective reimbursement rate shall be determined on the allowable per diem cost as set forth in section (4) of this rule. The prospective reimbursement rate shall be effective on the first day of the facility's rate setting cost report and payment adjustments shall be made for claims paid at the interim rate.

3. Adjustments to rates. The prospectively determined reimbursement rate may be adjusted only under the following conditions:

A. When information contained in a facility's cost report is found to be fraudulent, misrepresented, or inaccurate, the facility's reimbursement rate may be reduced, both retroactively and prospectively, if the fraudulent, misrepresented, or inaccurate information as originally reported resulted in establishment of a higher reimbursement rate than the facility would have received in the absence of this information. No decision by the MO HealthNet agency to impose a rate adjustment in the case of fraudulent, misrepresented, or inaccurate information in any way shall affect the MO HealthNet agency's ability to impose any sanctions authorized by statute or rule. The fact that fraudulent, misrepresented, or inaccurate information reported did not result in establishment of a higher reimbursement rate than the facility would have received in the absence of the information also does not affect the MO HealthNet agency's ability to impose any sanctions authorized by statute or rules;

B. Extraordinary circumstances. A participating facility that has a prospective rate may request an adjustment to its prospective rate due to extraordinary circumstances. This request should be submitted in writing to the division within one (1) year of the occurrence of the extraordinary circumstance. The request should clearly and specifically identify the conditions for which the rate adjustment is sought. The dollar amount of the requested rate adjustment should be supported by complete and accurate documentation satisfactory to the division. If the division makes a written request for additional information and the facility does not comply within ninety (90) days of the request for additional information, the division shall consider the request withdrawn. Requests for rate adjustments that have been withdrawn by the facility or are considered withdrawn because of failure to supply requested information may be resubmitted once for the requested rate adjustment. In the case of a rate adjustment request that has been withdrawn and then resubmitted, the effective date shall be the first day of the month in which the resubmitted request was made providing that it was made prior to the tenth day of the month. If the resubmitted request is not filed by the tenth of the month, rate adjustments shall be effective the first day of the following month. Conditions for an extraordinary circumstance are as follows:

(I) When the provider can show that it incurred higher costs due to circumstances beyond its control, and the circumstances are not experienced by the nursing home or ICF/IID industry in general, and the circumstances have a

substantial cost effect;

(II) Extraordinary circumstances, which are beyond the reasonable control of the ICF/IID and are not a product or result of the negligence or malfeasance of the ICF/IID, include:

(a) Unavoidable acts of nature are natural wildfire, earthquakes, hurricane, tornado, lightning, flooding, or other natural disasters for which no one can be held responsible, that are not covered by insurance and that occur in a federally declared disaster area; or

(b) Vandalism, civil disorder, or both that are not covered by insurance; or

(c) Replacement of capital depreciable items not built into existing rates that are the result of circumstances not related to normal wear and tear or upgrading of existing system;

C. When an adjustment is based on an Administrative Hearing Commission or court decision;

D. New, expanded, or terminated services may be subject to rate review;

E. Disallowance of federal financial participation; and

F. The following will not be subject to review:

(I) The negotiated trend factor;

(II) The use of prospective reimbursement rate; and

(III) The cost base for the per diem rates except as specified in this rule.

*AUTHORITY: sections 208.153, 208.159, 208.201, and 660.017, RSMo 2016. This rule was previously filed as 13 CSR 40-81.083. Original rule filed Aug. 13, 1982, effective Nov. 11, 1982. For intervening history, please consult the **Code of State Regulations**. Emergency amendment filed March 16, 2023, effective March 30, 2023, expires Sept. 25, 2023. A proposed amendment covering the same material is published in this issue of the **Missouri Register**.*

PUBLIC COST: This emergency amendment will cost state agencies or political subdivisions approximately five hundred fifty-six thousand three hundred sixty-eight dollars (\$556,368) in the time the emergency is effective.

PRIVATE COST: This emergency amendment will not cost private entities more than five hundred dollars (\$500) in the time the emergency is effective.

Division Title: Division 70 – MO HealthNet Division
Chapter Title: Chapter 10 – Nursing Home Program

Rule Number and Name:	13 CSR 70-10.030 Prospective Reimbursement Plan for Nonstate-Operated Facilities for ICF/IID Services
Type of Rulemaking:	Emergency Amendment

II. SUMMARY OF FISCAL IMPACT

Affected Agency or Political Subdivision	Estimated Cost of Compliance in the Aggregate
Department of Mental Health	Estimated Annual Cost = \$556,368

III. WORKSHEET

The annual cost of the rate rebase is approximately \$556,368. The rate rebase is effective for dates of service beginning October 1, 2022. A mass adjustment will be done to reprocess claims paid at the old rate to reflect the new rate so the full, annual impact of the rate change will be incurred during the time period that the Emergency is in effect.

Nonstate Operated ICF/IIDs	Estimated Days	Est. Rate Increase/ Hold Harmless *	Estimated Impact
Facility 1	2,951	\$ 15.57	\$ 46,956
Facility 2	1,696	\$ 16.88	\$ 28,627
Facility 3	2,687	\$ 9.65	\$ 25,934
Facility 4	2,829	\$ 25.35	\$ 71,726
Facility 5	9,157	\$ 28.19	\$ 258,181
Facility 6	2,938	\$ 42.57	\$ 125,063
Facility 7	3,285	\$ 0.27	\$ 880
Total Annual Days / Cost	<u>25,543</u>		<u>\$ 556,368</u>

IV. ASSUMPTIONS

The rebased rates are based on 2020/2021 cost report data trended to 2023, the year that the rates become effective.

The Secretary of State shall publish all executive orders beginning January 1, 2003, pursuant to section 536.035.2, RSMo.

EXECUTIVE ORDER
23-03

WHEREAS, I have been advised by the State Emergency Management Agency that the ongoing and forecasted severe storm systems have caused, or have the potential to cause, damages associated with tornadoes, straight-line winds, hail, and heavy rains, impacting communities throughout the State of Missouri; and

WHEREAS, the severe storm systems beginning on March 31, 2023, and continuing have created a condition of distress and hazard to the safety, welfare, and property of the people of the State of Missouri beyond the capabilities of some local jurisdictions and other established agencies; and

WHEREAS, the State of Missouri must continue to be proactive where the health and safety of its citizens are concerned; and

WHEREAS, the resources of the State of Missouri may be needed to assist affected jurisdictions and to help relieve the condition of distress and hazard to the safety and welfare of our fellow Missourians; and

WHEREAS, invoking the provisions of Sections 44.100 and 44.110, RSMo, is required to ensure the safety and welfare of the people of Missouri and to activate the resources necessary to keep Missourians safe.

NOW, THEREFORE, I, MICHAEL L. PARSON, GOVERNOR OF THE STATE OF MISSOURI, by virtue of the authority vested in me by the Constitution and the laws of the State of Missouri, including Sections 44.100 and 44.110, RSMo, do hereby declare that a State of Emergency exists in the State of Missouri and direct the Missouri State Emergency Operations Plan activated.

I further order, pursuant to Sections 41.480 and 41.690, RSMo, the Adjutant General of the State of Missouri, or his designee, to forthwith call and order into active service such portions of the organized militia as he deems necessary to aid the executive officials of Missouri, to protect life and property, and it is further directed that the Adjutant General or his designee, and through him, the commanding officer of any unit or other organization of such organized militia so called into active service take such action and employ such equipment as may be necessary in support of civilian authorities, and provide such assistance as may be authorized and directed by the Governor of this State.

I further authorize state agencies to provide assistance as needed.

This Order shall terminate on April 30, 2023, unless extended in whole or in part.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 31st day of March, 2023.

A handwritten signature in blue ink, reading "Michael L. Parson".

MICHAEL L. PARSON
GOVERNOR

ATTEST:

A handwritten signature in black ink, reading "John R. Ashcroft".

JOHN R. ASHCROFT
SECRETARY OF STATE

The text of proposed rules and changes will appear under this heading. A notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This explanation is set out in the PURPOSE section of each rule. A citation of the legal authority to make rules is also required, and appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules that are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close-of-comments date will be used as the beginning day in the ninety- (90-) day count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice, file a new notice of proposed rulemaking, and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

[Bracketed text indicates matter being deleted.]

TITLE 1 – OFFICE OF ADMINISTRATION
Division 10 – Commissioner of Administration
Chapter 11 – Travel Regulations

PROPOSED AMENDMENT

1 CSR 10-11.010 State of Missouri Travel Regulations. The commissioner of administration is amending subsection (10)(F).

PURPOSE: This amendment increases the maximum mileage reimbursement rate for state travel.

(10) Travel may be accomplished by plane, train, bus, private or state-owned vehicle, rented vehicle, or taxi or similar rideshare services, whichever method serves the requirements of the state most economically and advantageously. The following rules apply for traveling by vehicle or commercial transportation.

(F) For travel in privately[-]owned vehicles, the state mileage allowance will be at the current rate(s) ordered by the

commissioner of administration pursuant to section 33.095, RSMo. The commissioner of administration will periodically issue mileage reimbursement rates comprised of a standard rate and a state fleet rate. Agencies should use the appropriate rate for each trip as determined by policy established by the commissioner of administration. Reimbursement rates should not exceed the rate established by the commissioner of administration unless required by a court order. When more than one (1) person travels in the same vehicle, only the owner of the vehicle is allowed mileage. The state mileage reimbursement rate(s) represents full compensation for the costs of operating a privately[-]owned vehicle. The mileage reimbursement rate shall be computed at a rate not to exceed the Internal Revenue Service (IRS) standard mileage rate *[less three cents (3¢) per mile]*. Any change to the maximum rate is effective on July 1 of the year the IRS changes their standard mileage rate. The state fleet reimbursement rate reflects the average cost of operating a mid-size sedan in the state vehicle fleet. The standard mileage and state fleet rate may be more restrictive depending on the budget. Physical damage or loss to a private vehicle and/or its personal property contents is not covered by the state. Coverage should be obtained through personal auto insurance. Liability coverage must be maintained through personal auto insurance in accordance with state law.

*AUTHORITY: section 33.090, RSMo 2016. Original rule filed Jan. 22, 1974, effective Feb. 1, 1974. For intervening history, please consult the **Code of State Regulations**. Emergency filed March, 20, 2023, effective April 3, 2023, expires Jan. 10, 2024. Amended: Filed March 20, 2023.*

PUBLIC COST: This proposed amendment will cost state agencies eight hundred nine thousand two hundred ninety-four dollars (\$809,294) in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate.

*NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with the Office of Administration, PO Box 809, Jefferson City, MO 65102-0809. To be considered, comments must be received within thirty (30) days after publication of this notice in the **Missouri Register**. No public hearing is scheduled.*

**FISCAL NOTE
PUBLIC COST**

- I. Department Title:** Office of Administration
Division Title: Commissioner of Administration
Chapter Title: Travel Regulations

Rule Number and Name:	1 CSR 10-11.010 State of Missouri Travel Regulations
Type of Rulemaking:	Amendment

II. SUMMARY OF FISCAL IMPACT

Affected Agency or Political Subdivision	Estimated Cost of Compliance in the Aggregate
All executive departments, statewide elected officials' offices, the General Assembly, the Judiciary, and the Public Defender's Office	\$809,294

III. WORKSHEET

The current State regulation, 1 CSR 10-11.010, provides that the State mileage reimbursement rate shall not exceed the IRS standard mileage rate less three cents per mile. This proposed amendment to the regulation provides that the State mileage reimbursement rate shall not exceed the IRS standard mileage rate. The current State mileage reimbursement rate is \$0.62 per mile. The current IRS mileage reimbursement rate is \$0.655 per mile. The estimated cost of increasing the rate from the current \$0.62 per mile to \$0.655 for a full year is \$809,294 (\$370,260 general revenue, \$323,170 federal funds, and \$115,864 other funds).

These estimates are based on FY 2018 actual mileage reimbursements and assume that level of mileage will be continued.

IV. ASSUMPTIONS

The estimated cost of compliance in the aggregate assumes only the impact of the change from the current regulation allowing \$0.03 less than the IRS rate up to the IRS rate. These estimates assume the mileage reimbursement will be the same as those actually experienced in FY 2018.

TITLE 9 – DEPARTMENT OF MENTAL HEALTH
Division 30 – Certification Standards
Chapter 7 – Crisis Services

PROPOSED RULE

9 CSR 30-7.020 Sobering Centers

PURPOSE: This rule sets forth requirements for operation of a sobering center.

(1) Definitions. Unless the context clearly requires otherwise, the following terms as used in this rule shall mean –

(A) Sobering center, short-term care facility designed to allow an individual who is intoxicated and nonviolent to safely recover from the immediately debilitating effects of alcohol and drugs. Sobering centers typically operate twenty-four (24) hours per day, seven (7) days per week and provide supervised care for individuals experiencing acute intoxication for up to twenty-three (23) consecutive hours; and

(B) Acute intoxication, a transient condition that follows the ingestion or consumption of alcohol or a psychoactive substance and results in disturbances in the level of consciousness, cognition, perception, judgment, affect or behavior, or other psychophysiological functions and responses.

(2) Program Description. Sobering centers are operated by a Certified Community Behavioral Health Organization (CCBHO).

(A) Services shall be designed to serve as a community-based alternative to emergency department services, unnecessary hospitalization, and/or jail confinement, offering short-term stabilization for individuals experiencing acute intoxication.

(3) Certification. At a minimum, the organization shall comply with 9 CSR 10-7.130 Procedures to Obtain Certification, to apply for certification/deemed status as a sobering center by the department.

(4) Program Requirements. Sobering centers shall provide prompt assessment, stabilization (with or without medication), and determination of appropriate monitoring needed for the individual to return to a state of clinical sobriety.

(A) Services shall be designed to address acute intoxication with the goal of symptom reduction as evidenced by –

1. Eating, drinking, and/or swallowing without difficulty;
2. Walking without ataxia or unsteady gait;
3. Baseline mental status representing unimpaired cognition; and
4. Cognitive status supporting reasonable decisions.

(B) Referrals to community resources and/or treatment and recovery services shall be made, as appropriate.

(5) Target Population. The target population includes individuals age eighteen (18) years and older who are experiencing acute intoxication and have a high or imminent risk of law enforcement contact and/or emergency department intervention.

(6) Physical Environment and Safety. All sobering centers shall be in compliance with 9 CSR 10-7.120 Physical Environment and Safety, and applicable state and local building codes, fire codes, and ordinances to ensure the health, safety, and security of all individuals.

(A) The physical environment shall –

1. Promote a sense of safety and calm for individuals and staff;

2. Have adequate space to ensure the comfort of individuals served;

3. Have adequate space to ensure privacy and confidentiality for individuals served;

4. Have furnishing and fixtures that are constructed of durable materials not capable of breakage into pieces that could be used as a weapon, ligature risk, or for self-harm; and

5. Have interior finishes, lighting, and furnishings that suggest a non-institutional setting that conforms to applicable fire and safety codes.

(7) Care Criteria. Each sobering center shall implement written screening and intake criteria for individuals who present for services.

(A) All individuals who present for services from a referral source shall be screened as specified in subsection (7)(C) of this rule, including those who are referred/transported by law enforcement.

1. Hours of operation shall be clearly communicated to law enforcement and other referral sources.

(B) If in-person screening results in an individual not being offered services, documentation of the rationale for the denial of services and facilitated referral of the individual to other appropriate services must be maintained.

(C) Service criteria shall include, but is not limited to –

1. Presence of acute intoxication; and
2. Presence of high or imminent risk of law enforcement contact and/or emergency department intervention.

(D) Medical clearance is not required prior to provision of services; however, each individual served must be able to ambulate with minimal assistance, including the use of assistive devices required for existing medical conditions.

1. Individuals referred from a hospital must meet medical stability eligibility criteria.

2. If a physical health issue requiring medical care occurs that cannot be addressed while an individual is receiving services in the sobering center, the treating center shall arrange for the individual to be appropriately transported to a medical facility to address the physical health issue.

(E) As appropriate, medications (including medication-assisted treatment for a substance use disorder) shall be prescribed while coordinating ongoing services with the individual.

(8) Staff Qualifications. The sobering center shall be adequately staffed to meet the needs of individuals served to ensure their safety and the safety of staff.

(A) Each center shall have the staffing capacity to monitor vital signs with established written protocols to transfer an individual to a medical facility, if needed.

(B) The center shall be staffed by a multidisciplinary team that is able to respond to the needs of individuals experiencing acute intoxication. Staff shall include, but is not limited to –

1. Medical director, a licensed physician. The medical director for the sobering center can be the same individual who serves as the medical director for the Certified Community Behavioral Health Organization (CCBHO).

A. Direct services shall be provided by a licensed physician (includes psychiatrist), resident physician (includes psychiatrist), physician assistant, assistant physician, licensed psychiatric mental health nurse practitioner (PMHNP), and/or advanced practice registered nurse (APRN) who is in a written collaborative practice arrangement with a physician and with experience treating the target population. Services may be provided via telemedicine;

2. Qualified practitioner(s) to treat opioid use disorders

with narcotic medications approved by the Food and Drug Administration (methadone must be provided by a certified opioid treatment program);

3. Clinical program director, a qualified mental health professional (QMHP) to oversee program operations and clinical practice, with experience treating the target population;

4. Nurse, paramedic, or emergency medical technician (EMT); and

5. Certified peer specialist(s).

(9) Staff Coverage. Staff coverage shall ensure the continuous supervision and safety of individuals served. Staff coverage shall be determined by the sobering center.

(A) At a minimum, coverage shall include –

1. Two (2) behavioral health staff who are on-site during receiving hours;

2. One (1) QMHP who is available during receiving hours (may be via telemedicine);

3. One (1) nurse, paramedic, or EMT who is available during receiving hours (may be via telemedicine); and

4. A physician or resident physician (including psychiatrist), assistant physician, physician assistant, PMHNP, and/or APRN, who is available during receiving hours and must immediately respond to calls from staff, delay not to exceed one (1) hour.

(B) Qualified staff must be available to administer, screen, inventory, and store prescribed medications within their scope of duties, practice, and/or training.

(C) Qualified staff, within their scope of duties, practice, and/or training, shall be available to conduct an initial health assessment and utilize evidence-based tools to determine the individual's medical stability, intoxication, substance use, and/or level of withdrawal/impairment.

(10) Policies and Procedures. The sobering center shall maintain and implement written policies and procedures including but not limited to –

(A) Intake screening, service, and clinical assessment protocols;

(B) Community outreach and education strategies for acute intoxication stabilization services including access to and location of service site(s), hours, and days of operation for each site through written material and other means of communication, and how these components will be accomplished on an ongoing basis;

(C) Withdrawal management (detoxification) services as defined in 9 CSR 30-3.120. If the sobering center does not provide this service, facilitated referrals to a local hospital or another qualified service provider shall be made for withdrawal management or other medical services, if determined necessary during an individual's evaluation process;

(D) Safety and emergency protocols as specified in 9 CSR 10-7.120 Physical Environment and Safety, as well as specific protocols for the population served;

(E) Prescription medication protocols, including storage of medications in accordance with 9 CSR 10-7.070;

(F) Screening for and accessing services for emergency medical conditions, including transport by first responders/emergency medical service;

(G) Monitoring the physical and psychological well-being of individuals including but not limited to respiratory and circulatory status, skin integrity, vital signs, and any special requirements specified in the organization's policies and procedures associated with evaluations;

(H) Linking individuals to housing services upon discharge, as needed;

(I) Linking individuals to transportation services upon discharge, as needed;

(J) Linking individuals to social services or community resources, as needed;

(K) Assessment and referral process for individuals with a suspected substance use disorder and/or mental health disorder;

(L) Care coordination and continuity of care for individuals served including but not limited to referral process, follow-up, and transfer of records within five (5) days, as applicable;

(M) Infection prevention and control; and

(N) Exclusion criteria and protocol when the sobering center is not able to provide services to an individual.

(11) Referral Sources. At a minimum, the following are required referral sources for consideration for admission:

(A) Law enforcement;

(B) Emergency medical services;

(C) Other first responders;

(D) Engaging Patients in Care Coordination (EPICC) Coaches;

(E) Community-based organizations participating in department supported outreach services;

(F) Local hospitals, primary care clinics, urgent care clinics, and Federally Qualified Health Centers (FQHC);

(G) Community Behavioral Health Liaisons; and

(H) Mobile Crisis Response.

(12) Community Partnerships. At a minimum, sobering centers shall have a referral relationship, collaborative agreement, and/or memorandum of understanding (MOU) with the following community providers/agencies:

(A) Qualified providers of withdrawal management services;

(B) Housing supports;

(C) Local hospitals, primary care clinics, and FQHCs;

(D) Local Continuum(s) of Care; and

(E) Recovery support and recovery housing providers.

(13) Coordination and Continuity of Care. Service coordination and continuity of care efforts shall include, but are not limited to:

(A) Identifying and linking individuals with available community resources necessary to ensure transition to routine care;

(B) Referring individuals to behavioral health services, if they are not already receiving those services;

(C) Connecting and/or referring individuals to appropriate local resources including emergency room enhancement (ERE) staff, community behavioral health liaisons (CBHL), and/or certified peer specialists who shall conduct and document timely follow-up to determine the individual's current status and need for additional assistance or services;

(D) Contacting and coordinating care with current service providers when feasible and in accordance with state and federal confidentiality regulations;

(E) Connecting individuals to housing, food, or other resources;

(F) Connecting individuals with recovery support and/or recovery housing providers;

(G) Connecting individuals with community-based behavioral health providers in other geographic regions; and

(H) Incorporating intensive support beds into a partner program (within the organization or with another local agency), if available, for individuals who need additional support beyond that of the sobering center.

(14) Documentation Requirements. Based on the individual's ability to cooperate and communicate with staff due to their presenting condition, the following intake documentation shall be obtained:

- (A) Presenting problem and referral source, if applicable;
- (B) Rationale for denial of services and referral of the individual to other appropriate services, if necessary;
- (C) Personal and identifying information;
- (D) Status as a current or former member of the U.S. Armed Forces;
- (E) Current mental health and substance use symptoms;
- (F) Current medications and any medications administered;
- (G) Screening for suicide risk and completion of a comprehensive, standardized suicide risk assessment and planning, when clinically indicated;
- (H) Screening for risk of violence and completion of a comprehensive, standardized violence risk assessment and planning, when clinically indicated;
- (I) Current concerns for personal safety; and
- (J) Discharge information including services provided, care coordination efforts, follow-up, and referrals.

(15) Measuring Program Effectiveness. Sobering centers shall collect, enter, and submit data utilizing all reporting tools as directed by the department.

(16) Staff Training and Education. Staff shall comply with the training requirements specified in 9 CSR 10-7.110 Personnel, subsection (2)(F). All staff of the sobering center shall complete minimum training requirements as follows:

- (A) Screening, assessment, and planning for risk of suicide;
- (B) Screening, assessment, and planning for risk of violence;
- (C) Evidence-based and best practice interventions to prevent and address disruptive behaviors and behavioral crises;
- (D) Basic First Aid;
- (E) Cardiopulmonary Resuscitation (CPR);
- (F) Administration of naloxone; and
- (G) Trauma-informed care.

AUTHORITY: section 630.050, RSMo 2016. Original rule filed March 21, 2023.

PUBLIC COST: This proposed rule will cost state agencies or political subdivisions eight hundred thousand dollars (\$800,000) in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate.

*NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed rule with the Missouri Department of Mental Health, Denise Thomas, PO Box 687, Jefferson City, MO 65102 or by email to denise.thomas@dmh.mo.gov. TITLE 12 – DEPARTMENT OF REVENUE
Division 10 – Director of Revenue
Chapter 1 – Organization of Department of Revenue

PROPOSED AMENDMENT

12 CSR 10-1.010 Organizational Structure. The department is amending sections (1), (2) and (4), deleting section (2), and renumbering as necessary.

PURPOSE: The amendment includes the removal of outdated provisions and updates to the methods of contacting the department.

(1) The Department of Revenue is *[in]* the charge of a director of revenue appointed by the governor, by and with the advice and consent of the senate. The department has divisions as provided by law. The department collects all taxes and fees payable to the state as provided by law. Those taxes and fees include~~[,]~~ but are not limited to~~[,]~~ income tax, sales and use tax, cigarette tax, motor fuel tax, *[inheritance tax, franchise tax] tire and battery tax, financial institutions tax*, and fees for certificates of title and registration of motor vehicles and for drivers' licenses. The department also administers the safety responsibility statutes.

[(2) The director of revenue is a member of the Highway Reciprocity Commission and under the Reorganization Act of 1974 (the Act), the powers, duties and functions of that commission have been transferred by type II transfer (see section 1.7(1)(b) of the Act) to the department.]

[(3)](2) The powers, duties and functions of the State Tax Commission have been transferred under the Reorganization Act of *[1975] 1974* by type III transfer (see section 1.7(1)(c) of the Act) to the department.

[(4)](3) The public may obtain information from or make submissions to or requests of the department in person or by mail, telephone, or *[telegraph] email* to the director of revenue at the Department of Revenue offices in Jefferson City, Missouri. Any information from, submission to, or requests *[of the Highway Reciprocity Commission may be made to the Secretary, Highway Reciprocity Commission, Jefferson City, Missouri and]* of the State Tax Commission **may be made** to the commission at its office in Jefferson City, Missouri.

AUTHORITY: section 536.023.3, RSMo [1986] 2016. This version of rule filed Dec. 31, 1975, effective Jan. 10, 1976. Amended: Filed March 28, 2023.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate.

*NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with the Missouri Department of Revenue, Legislative Office, 301 W. High Street, Room 218, Jefferson City, MO 65109-0475. To be considered, comments must be received within thirty (30) days after publication of this notice in the **Missouri Register**. No public hearing is scheduled.*

TITLE 12 – DEPARTMENT OF REVENUE
Division 10 – Director of Revenue
Chapter 42 – General Department Policies

PROPOSED AMENDMENT

12 CSR 10-42.050 Disclosure of Public Records and Confidentiality of Closed Records. The director is amending sections (1)–(17) and adding new section (18).

PURPOSE: This amendment updates methods of contacting the department.

(1) Except as otherwise provided, all records retained by or for the Department of Revenue, including any report, survey, memorandum, or other document or study prepared and presented to the Department of Revenue by a consultant or other professional service paid for in whole or in part by public funds or any employee of the Department of Revenue except as provided in this rule, is a public record and available to any individual, agency, or organization upon request.

(2) All reports or returns filed with the Department of Revenue, abstract or portion of any report or return, information obtained by an investigation conducted by the Department of Revenue in the discharge of its official duty, information received by the director of revenue in cooperation with the United States or other states in connection with the administration of the tax laws of the state of Missouri is a closed record subject to disclosure as provided in section 32.057.2., RSMo.

(3) All sales tax information which is a closed record pursuant to section 32.057, RSMo, will be disclosed to counties and political subdivisions imposing a sales tax upon request as provided in sections 144.121 and 144.122, RSMo *[(1986)]*.

(4) All records, files, memorandums, reports, or research conducted by or on behalf of the criminal investigation bureau or the general counsel's office pertaining to legal actions, causes of action, and litigation involving the Missouri Department of Revenue are closed records, as public knowledge will adversely affect the legal action, cause of action, or litigation and are not subject to disclosure unless otherwise required to be disclosed by statute or regulation.

(5) All records, files, memorandums, reports, or research related to any matter conducted by the attorney general's office or any prosecuting attorney pertaining to legal actions, causes of action, and litigation involving the Missouri Department of Revenue are closed records, as public knowledge will adversely affect the legal action, cause of action, or litigation and are not subject to disclosure unless otherwise required to be disclosed by statute or regulation.

(6) All software, programs, and access codes for electronic data processing and documentation thereof are closed records pursuant to section 610.021, RSMo *[(Cum. Supp. 1989)]*.

(7) All license plates and drivers licenses issued pursuant to section 301.146, RSMo *[(1986)]*, are not subject to disclosure.

(8) All requests for public records relating to motor vehicles and vehicle operator laws of the state of Missouri must be made to the Division of Motor Vehicle and Driver's Licensing by letter, **email**, or by telephone. All telephone requests must be subsequently reduced to writing by either the party making the request or the department. All correspondence should

be mailed **or emailed** to **one (1)** of the following addresses:

(A) Requests for Public Record(s) Relating to Motor Vehicles.
Division of Motor Vehicle and Driver's Licensing [.]
P[.]O[.] Box 100, Jefferson City, MO 65105[; and]
DLRecords@dor.mo.gov; and

(B) Requests for Public Record(s) Relating to Motor Vehicle
Operator Laws.
Division of Motor Vehicle and Driver's Licensing [.]

(10) Personnel records relating to specific employees are maintained for the purpose of hiring, firing, disciplining, or promoting. The files are closed records not subject to disclosure. Personnel records not relating to specific employees, such as job descriptions, statistical studies, and salary schedules, are public records. All requests for personnel records which are public records must be made to the division of administration *[in writing]* **by letter, email, or by telephone**. Telephone requests must be subsequently reduced to writing by the party making the request or by the department. Correspondence should be mailed or emailed to the following address:

Division of Administration [.]
P[.]O[.] Box 475, Jefferson City, MO 65105
HRO@dor.mo.gov

(11) All discussions between the Missouri Department of Revenue and its representatives in preparation for negotiations with employee groups are closed meetings. All work product developed by the department and its representatives in preparation for negotiations with employee groups are closed records.

(12) Each request must contain the following:
(A) Name and title (if any) of the person making the request; and
(B) Description of the information being requested.

(13) The party requesting information from the Department of Revenue is required to pay a fee for each request at the time of making, according to the fee schedule in effect at the time the information is requested of the Department of Revenue. Depending on the type of request, the requesting party may be required to pay sales tax.

(14) See 12 CSR 10-41.020 for disclosure of information, returns, reports, or facts shown to state and federal prosecuting attorneys.

(15) All Social Security numbers disclosed to the Department of Revenue [*except those numbers used as the driver's license numbers.*] are closed records and are not available to the public.

(16) The Department of Revenue is permitted to publish –

(A) Statistics, statements, or explanations so classified as to prevent the identification of any taxpayer or of any particular reports or returns and the item thereof; and

(B) The names and addresses without any additional information of persons whose tax refund checks have been returned undelivered by the United States Post Office.

(17) The following examples of common information requests and whether such information can be disclosed are provided as a convenience and [*is*] are not exhaustive. Each request will be reviewed on an individual basis[;] –

(A) Motor Vehicle Information – title histories, dealer sales reports, license registration information, and driving records are not confidential;

(B) Tax return information is confidential subject to disclosure pursuant to section 32.057, RSMo;

(C) Criminal investigation files are confidential;

(D) The amount of a particular taxpayer's delinquency is confidential subject to disclosure pursuant to section 32.057, RSMo;

(E) The total dollar amount of delinquent taxes owed to the state of Missouri and the area of the state of Missouri with the highest rate of delinquent taxpayers is not confidential;

(F) Final decisions issued by hearing officers in regard to motor vehicle dealer license and salvage business licensee revocations, driver's license suspensions, and driving while intoxicated (DWI) hearings are not confidential; and

(G) Information regarding the total payments made to the crime victims' fund by all courts in the state of Missouri is not confidential.

(18) All written requests for public records from the Department of Revenue under the Missouri Sunshine Law, section 610.010, et seq., should be mailed or emailed to the custodian of records at the following address:

**Department of Revenue
General Counsel's Office

No public hearing is*

scheduled.

TITLE 13 – DEPARTMENT OF SOCIAL SERVICES Division 70 – MO HealthNet Division Chapter 10 – Nursing Home Program

PROPOSED AMENDMENT

13 CSR 70-10.030 Prospective Reimbursement Plan for Non-state-Operated Facilities for ICF/IID Services. The division is amending subsection (4)(B).

PURPOSE: This amendment provides for ICF/IID reimbursement rates to be recalculated (i.e., rebased) using a more recent base year, which allows the division to pay rates that reflect more current costs incurred by ICF/IID providers.

(4) ICF/IID Rate Computation. Except in accordance with other provisions of this rule, the provisions of this section shall apply to all providers of ICF/IID services certified to participate in Missouri's MO HealthNet program. Rate determination shall be based on reasonable and adequate reimbursement levels for allowable cost items described in this rule which are related to ordinary and necessary care for the level-of-care provided for an efficiently and economically operated facility. All providers shall submit documentation of expenses for allowable cost areas. The department shall have authority to require those uniform accounting and reporting procedures and forms as it deems necessary. A reasonable and adequate reimbursement in each allowable cost area will be determined.

(B) Per Diem Rate Calculation Effective for Dates of Service Beginning January 1, 2019. Effective for dates of service beginning January 1, 2019, the MO HealthNet Division shall rebase nonstate-operated ICF/IID facilities' per diem rates using the facilities' 2017 fiscal year-end cost reports. The rebased rates are contingent upon approval of the state plan amendment by the Centers for Medicare and Medicaid Services.

1. Prospective Rate Calculation.

A. Each nonstate-operated ICF/IID shall have its prospective rate recalculated based on its 2017 fiscal year end cost report using the same principles and methodology as detailed throughout sections (1)-(13) of this regulation.

(I) The costs from the 2017 fiscal year end cost reports shall be trended using the indices from the most recent publication of the Healthcare Cost Review available to the division using the "CMS Nursing Home without Capital Market Basket" table. The costs shall be trended using the four- (4-) quarter moving average. The costs shall be trended for the years following the cost report year, up to and including the state fiscal year corresponding to the effective date of the rates. For SFY 2019, the trends are as follows:

(a) 2018=3.025%

(b) 2019=2.65%

(II) If a facility's total calculated per diem set forth in this section is less than the facility's current rate, the facility shall continue to receive its current rate.

(III) The division will use the FY 2017 cost report to determine the ICF/IID prospective rate, set forth as follows:

(a) Total Routine Service Cost. Total routine service cost includes patient care, ancillary, dietary, laundry, housekeeping, plant operations, and administration. Each ICF/IID's Title XIX Routine Service Cost per diem shall be calculated as follows:

I. The total routine service costs as reported on

the cost report shall be adjusted for minimum utilization, if applicable, trended to the current state fiscal year, and divided by the total patient days to determine the per diem. The minimum utilization adjustment will be determined by applying the unused capacity percent to the sum of the laundry, housekeeping, plant operations, and administration expenses. The following is an illustration of how this item (4)(B)1.A.(III)(a)I. is calculated:

Licensed/Certified Bed Days (9 beds x 365 days)	3,285
Total Patient Days	2,900
Percent Occupied (2,900/3,285)	88%

Bed Days @ Minimum Occupancy of 90% (3,285 x 90%)	2,957
Unused Capacity (90% of Bed Days Less Total Patient Days)	57
Unused Capacity Percent for Minimum Utilization Adjustment (Unused Capacity/90% of Bed Days)	1.93%
Minimum Utilization Days for Return on Owner's Equity (Greater of 90% of Bed Days or Total Patient Days)	2,957

*Minimum Utilization Adjustment	
Laundry	\$ 5,000
Housekeeping	\$ 8,000
Plant Operations	\$ 46,000
Administration	\$165,000
Total Expense	\$224,000
Unused Capacity Percent	1.93%
Minimum Utilization Adjustment (Unused Capacity Percent x Total Expense)	\$ 4,323

Patient Care	\$400,000
Ancillary	\$ 10,000
Dietary	\$ 25,000
Laundry	\$ 5,000
Housekeeping	\$ 8,000
Plant Operations	\$ 46,000
Administration	\$165,000
Total Routine Service Cost	\$659,000
Less: Minimum Utilization Adjustment*	(\$ 4,323)
Routine Service Cost, Adjusted for Minimum Utilization	\$654,677
SFY 2018 Trend	3.025%
SFY 2019 Trend	2.65%
Trended Routine Service Cost	\$692,355
Total Patient Days	2,900
Routine Service Cost Per Diem	\$ 238.74

(b) Intermediate Care Facility for Individuals with Intellectual Disabilities Federal Reimbursement Allowance (ICF/IID FRA). The SFY 2019 ICF/IID FRA provider assessment as determined in accordance with 9 CSR 10-31.030 is divided by total patient days to determine the ICF/IID FRA per diem.

I. The following is an illustration of how the ICF/IID FRA assessment is calculated:

SFY 2019 ICF/IID FRA Assessment	\$40,000
Total Patient Days	2,900
ICF/IID FRA Per Diem	\$ 13.79

(c) Return on Equity. An owner's net equity consists of investment capital and working capital as indicated in subsection (6)(S). Each ICF/IID's Return on Equity per diem is

calculated as follows:

I. Investment Capital. Investment capital includes the investment in building, property, and equipment (cost of land, mortgage payments toward principal, and equipment purchase less the accumulated depreciation).

II. Working Capital. Working capital represents the amount of capital which is required to ensure proper operation of the facility and shall be calculated as 1.1 months of the total expenses less depreciation.

III. The total net equity shall be multiplied by the rate of return as set forth in subsection (6)(S) to determine the return on equity. The return on equity is subject to the minimum occupancy percent of 90% in determining the per diem.

IV. The following is an illustration of how this subpart (4)(B)1.A.(III)(c) is calculated:

Investment Capital	Equipment	Building	Total
Cost	\$130,000	\$300,000	\$430,000
Less: Prior Years Depreciation	(\$120,000)	(\$225,000)	(\$345,000)
Less: Current Year Depreciation	(\$2,400)	(\$8,500)	(\$10,900)
Total Investment Capital	\$7,600	\$66,500	\$74,100

Working Capital	
Total Expenses	\$659,000
Less: Current Year Depreciation Expense	(\$10,900)
	\$648,100
Divided by 12 Months	12
	\$ 54,008
Times 1.1 Months	1.1
Total Working Capital	\$ 59,409

Net Equity (Investment Capital + Working Capital)	\$133,509
Rate of Return	5.125%
Return on Equity	\$ 6,842
Minimum Utilization Days	2,957
Return on Equity Per Diem	\$ 2.31

(c) Rebased Per Diem Rate. The total calculated per diem is the sum of the Routine Service Cost per diem, the ICF/IID FRA per diem and the Return on Equity per diem. To determine the rebased per diem rate, the total calculated per diem is compared to the current per diem rate and the facility will be held harmless if the total calculated per diem is less than the current per diem rate (i.e., if the total calculated per diem is less than the current per diem rate, the facility would receive the current per diem).

Routine Service Cost per diem	\$238.74
ICF/IID FRA per diem	\$ 13.79
Return on Equity per diem	\$ 2.31
Total Calculated Per Diem	\$254.84

Current Per Diem Rate	\$200.00
-----------------------	----------

Rebased Per Diem Rate	\$254.84
(If the total calculated per diem is less than the current per diem rate, the facility would receive the current per diem rate)	

B. Effective for dates of service beginning October 1, 2022, each nonstate-operated ICF/IID shall have its prospective rate recalculated based on its 2020/2021 fiscal year-end cost report using the same principles and methodology as detailed throughout sections (1)-(13) of this

regulation and as set forth in subparagraph (4)(B)1.A.

(I) The nonstate-operated ICF/IID shall have its prospective rate recalculated based on their 2021 fiscal year-end cost report unless they do not have a full twelve-(12-) month 2021 fiscal year end cost report in which case the 2020 fiscal year-end cost report shall be used to calculate the prospective rate.

(II) The costs from the 2020 and 2021 fiscal year-end cost reports shall be trended using the indices from the most recent publication of the Healthcare Cost Review available to the division using the "CMS Nursing Home without Capital Market Basket" table. The costs shall be trended using the four- (4-) quarter moving average. The costs shall be trended for the years following the cost report year, up to and including the state fiscal year corresponding to the effective date of the rates. For SFY 2023, the trends are as follows:

- (a) 2021=2.825%
- (b) 2022=2.500%
- (c) 2023=3.3800%

(III) The current year depreciation will not be deducted from the working capital to determine Return on Equity.

2. Interim Rate Calculation.

A. In the case of a newly certified facility where a valid Title XIX participation agreement has been executed, a request for an interim rate must be submitted in writing to the MO HealthNet Division.

(I) The interim rate shall be determined based on the projected estimated operating costs. The facility's request must specifically and clearly identify the interim rate and be supported by complete and accurate documentation satisfactory to the single state agency. Documentation submitted must include a budget of the projected estimated operating costs. Other documentation may also be required to be submitted upon the request of the division.

(II) The establishment of the prospective rate for all new construction facility providers shall be based on the second full facility fiscal year cost report (i.e., rate setting cost report) prepared in accordance with the principles of this rule. This cost report shall be based on actual operating costs and shall be prepared and submitted in accordance with the reporting requirements in section (7) of this rule.

(III) Prior to establishment of a prospective rate for newly certified facility providers, the cost reports may be subject to an on-site audit by the Department of Social Services or authorized representative to determine the facility's actual allowable costs. Allowability of costs will be determined as described in subsection (3)(A) of this rule.

(IV) The cost report, audited or unaudited, will be reviewed by the MO HealthNet Division, and a prospective reimbursement rate shall be determined on the allowable per diem cost as set forth in section (4) of this rule. The prospective reimbursement rate shall be effective on the first day of the facility's rate setting cost report and payment adjustments shall be made for claims paid at the interim rate.

3. Adjustments to rates. The prospectively determined reimbursement rate may be adjusted only under the following conditions:

A. When information contained in a facility's cost report is found to be fraudulent, misrepresented, or inaccurate, the facility's reimbursement rate may be reduced, both retroactively and prospectively, if the fraudulent, misrepresented, or inaccurate information as originally reported resulted in establishment of a higher reimbursement rate than the facility would have received in the absence of

this information. No decision by the MO HealthNet agency to impose a rate adjustment in the case of fraudulent, misrepresented, or inaccurate information in any way shall affect the MO HealthNet agency's ability to impose any sanctions authorized by statute or rule. The fact that fraudulent, misrepresented, or inaccurate information reported did not result in establishment of a higher reimbursement rate than the facility would have received in the absence of the information also does not affect the MO HealthNet agency's ability to impose any sanctions authorized by statute or rules;

B. Extraordinary circumstances. A participating facility that has a prospective rate may request an adjustment to its prospective rate due to extraordinary circumstances. This request should be submitted in writing to the division within one (1) year of the occurrence of the extraordinary circumstance. The request should clearly and specifically identify the conditions for which the rate adjustment is sought. The dollar amount of the requested rate adjustment should be supported by complete and accurate documentation satisfactory to the division. If the division makes a written request for additional information and the facility does not comply within ninety (90) days of the request for additional information, the division shall consider the request withdrawn. Requests for rate adjustments that have been withdrawn by the facility or are considered withdrawn because of failure to supply requested information may be resubmitted once for the requested rate adjustment. In the case of a rate adjustment request that has been withdrawn and then resubmitted, the effective date shall be the first day of the month in which the resubmitted request was made providing that it was made prior to the tenth day of the month. If the resubmitted request is not filed by the tenth of the month, rate adjustments shall be effective the first day of the following month. Conditions for an extraordinary circumstance are as follows:

(I) When the provider can show that it incurred higher costs due to circumstances beyond its control, and the circumstances are not experienced by the nursing home or ICF/IID industry in general, and the circumstances have a substantial cost effect;

(II) Extraordinary circumstances, which are beyond the reasonable control of the ICF/IID and are not a product or result of the negligence or malfeasance of the ICF/IID, include:

(a) Unavoidable acts of nature are natural wildfire, earthquakes, hurricane, tornado, lightning, flooding, or other natural disasters for which no one can be held responsible, that are not covered by insurance and that occur in a federally declared disaster area; or

(b) Vandalism, civil disorder, or both that are not covered by insurance; or

(c) Replacement of capital depreciable items not built into existing rates that are the result of circumstances not related to normal wear and tear or upgrading of existing system;

C. When an adjustment is based on an Administrative Hearing Commission or court decision;

D. New, expanded, or terminated services may be subject to rate review;

E. Disallowance of federal financial participation; and

F. The following will not be subject to review:

(I) The negotiated trend factor;

(II) The use of prospective reimbursement rate; and

(III) The cost base for the per diem rates except as specified in this rule.

AUTHORITY: sections 208.153, 208.159, 208.201, and 660.017, RSMo 2016. This rule was previously filed as 13 CSR 40-81.083.

*Original rule filed Aug. 13, 1982, effective Nov. 11, 1982. For intervening history, please consult the **Code of State Regulations**. Emergency amendment filed March 16, 2023, effective March 30, 2023, expires Sept. 25, 2023. Amended Filed: March 16, 2023.*

PUBLIC COST: This proposed amendment will cost state agencies or political subdivisions approximately four hundred seventeen thousand two hundred seventy-six dollars (\$417,276) in SFY 2023 and approximately five hundred fifty-six thousand three hundred sixty-eight dollars (\$556,368) annually thereafter.

PRIVATE COST: This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate.

*NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with the Department of Social Services, Legal Services Division-Rulemaking, PO Box 1527, Jefferson City, MO 65102-1527, or by email to Rules.Comment@dss.mo.gov. To be considered, comments must be received within thirty (30) days after publication of this notice in the **Missouri Register**. No public hearing is scheduled.*

**FISCAL NOTE
PUBLIC COST**

- I. Department Title:** Title 13 – Department of Social Services
Division Title: Division 70 – MO HealthNet Division
Chapter Title: Chapter 10 – Nursing Home Program

Rule Number and Name:	13 CSR 70-10.030 Prospective Reimbursement Plan for Nonstate-Operated Facilities for ICF/IID Services
Type of Rulemaking:	Proposed Amendment

II. SUMMARY OF FISCAL IMPACT

Affected Agency or Political Subdivision	Estimated Cost of Compliance in the Aggregate
Department of Mental Health	SFY 2023 Cost – approximately \$417,276 Annual Fiscal Year Cost – approximately \$556,368

III. WORKSHEET

The annual cost of the rate rebase is approximately \$556,368.

Nonstate Operated ICF/IIDs	Estimated Days	Est. Rate Increase/ Hold Harmless *	Estimated Impact
Facility 1	2,951	\$ 15.57	\$ 46,956
Facility 2	1,696	\$ 16.88	\$ 28,627
Facility 3	2,687	\$ 9.65	\$ 25,934
Facility 4	2,829	\$ 25.35	\$ 71,726
Facility 5	9,157	\$ 28.19	\$ 258,181
Facility 6	2,938	\$ 42.57	\$ 125,063
Facility 7	3,285	\$ 0.27	\$ 880
Total Annual Days / Cost	25,543		\$ 556,368
Divided by 12 Months			12
Monthly Cost			\$ 46,364
Months During SFY 2023 that New Rates are Effective: October 2022 – June 2023			9
SFY 2023 Cost			\$417,276

IV. ASSUMPTIONS

The rebased rates are based on 2020/2021 cost report data trended to 2023, the year that the rates become effective.

The estimated days are from the 2021 data. Since the nonstate-operated ICF/IIDs have a stable census from year to year the days from the 2021 base year do not require a utilization adjustment.

**TITLE 20 – DEPARTMENT OF COMMERCE AND
INSURANCE
Division 2200 – State Board of Nursing
Chapter 2 – Minimum Standards for Approved
Programs of Professional Nursing**

PROPOSED AMENDMENT

20 CSR 2200-2.010 Approval. The board is amending sections (5), (6), and (8).

PURPOSE: This amendment changes the submission deadlines.

(5) Full Approval Status.

(B) A program's approval status is subject to review by the board if the required annual report, annual registration, or annual registration fee is not received *[within thirty (30) days from]* by the established deadline.

(6) Conditional Approval Status.

(D) Throughout the period of conditional approval, the program shall submit an annual report, an annual registration, and the annual registration fee as set by the board.

[(D)](E) A program's approval may be withdrawn pursuant to section 335.071.3., RSMo, for noncompliance with minimum standards. A program which fails to correct identified deficiencies to the satisfaction of the board shall, after notice and hearing, be removed from the board's listing of approved programs.

(8) Annual Registration Requirements.

(A) The board will send an application for annual registration to each approved program *[and each campus of each program from the board]*. Failure to receive the *[application will]* **annual registration form does** not relieve the program of its obligation to register.

(B) A separate annual registration form and designated fee as established in 20 CSR 2200-4.010(1)(F) shall be submitted to the board for each approved program *[and each campus of each program]* prior to June 1 of each year. Satellite locations do not qualify as a campus of an approved program.

(C) A program's approval status is subject to review by the board if the required registration fee is not received *[within thirty (30) days of]* by the June 1 deadline.

AUTHORITY: section 335.036, RSMo Supp. [2021] 2022, and section 335.071, RSMo 2016. This rule originally filed as 4 CSR 200-2.010. This version of rule filed April 20, 1973, effective May 1, 1973. For intervening history, please consult the Code of State Regulations. Amended: Filed March 23, 2023.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with the State Board of Nursing, Lori Scheidt, Executive Director, PO Box 656, Jefferson City, MO 65102, by fax at (573) 751-0075, or via email at nursing@pr.mo.gov. To be considered, comments must be received within thirty (30) days after publication of this notice in the Missouri Register. No public hearing is scheduled.

Chapter 3 – Minimum Standards for Approved
Programs of Practical Nursing**

PROPOSED AMENDMENT

20 CSR 2200-3.010 Approval. The board is amending sections (5), (6), and (8).

PURPOSE: This amendment changes the submission deadlines.

(5) Full Approval Status.

(B) A program's approval status is subject to review by the board if the required annual report, annual registration, or annual registration fee is not received *[within thirty (30) days from]* by the established deadline.

(6) Conditional Approval Status.

(D) Throughout the period of conditional approval, the program shall submit an annual report, an annual registration, and the annual registration fee as set by the board.

[(D)](E) A program's approval may be withdrawn pursuant to section 335.071.3., RSMo, for noncompliance with minimum standards. A program which fails to correct identified deficiencies to the satisfaction of the board shall, after notice and hearing, be removed from the board's listing of approved programs.

(8) Annual Registration Requirements.

(A) The board will send an application for annual registration to each approved program *[and each campus of each program from the board]*. Failure to receive the *[application will]* **annual registration form does** not relieve the program of its obligation to register.

(B) A separate annual registration form and designated fee as established in 20 CSR 2200-4.010(1)(F) shall be submitted to the board for each approved program *[and each campus of each program]* prior to June 1 of each year. Satellite locations do not qualify as a campus of an approved program.

(C) A program's approval status is subject to review by the board if the required registration fee is not received *[within thirty (30) days following]* by the June 1 deadline.

AUTHORITY: section 335.036, RSMo Supp. [2021] 2022, and section 335.071, RSMo 2016. This rule originally filed as 4 CSR 200-3.010. Original rule filed Jan. 29, 1974, effective Feb. 8, 1974. For intervening history, please consult the Code of State Regulations. Amended: Filed March 23, 2023.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with the State Board of Nursing, Lori Scheidt, Executive Director, PO Box 656, Jefferson City, MO 65102, by fax at (573) 751-0075, or via email at nursing@pr.mo.gov. To be considered, comments must be received within thirty (30) days after publication of this notice in the Missouri Register. No public hearing is scheduled.

**TITLE 20 – DEPARTMENT OF COMMERCE AND
INSURANCE
Division 2200 – State Board of Nursing
Chapter 6 – Intravenous Infusion Treatment
Administration**

PROPOSED AMENDMENT

20 CSR 2200-6.030 Intravenous Infusion Treatment Administration by Qualified Practical Nurses; Supervision by a Registered Professional Nurse. The board is amending sections (5), (6), and (7).

PURPOSE: This amendment clarifies the duties of licensed practical nurses related to intravenous (IV) therapy.

(5) In addition to the functions and duties set forth in section (4), graduate practical nurses, *[and]* IV-Certified licensed practical nurses, **and licensed practical nurses who hold an active multistate license to practice under the nurse licensure compact** who have documented competency verification by the individual's employer~~[,]~~ may –

(6) In addition to the functions and duties set forth in sections (4) and (5), and with additional individualized education and experience that includes documented competency verification by the individual's employer, graduate practical nurses, *[and]* IV-Certified licensed practical nurses, **and licensed practical nurses who hold an active multistate license to practice under the nurse licensure compact** may –

(7) Graduate practical nurses, *[and]* IV-Certified licensed practical nurses, **and licensed practical nurses who hold an active multistate license to practice under the nurse licensure compact** shall NOT, under any condition, perform the following functions or duties:

AUTHORITY: section 335.017, RSMo [2000] 2016, and section 335.036, RSMo Supp. [2012] 2022. This rule originally filed as 4 CSR 200-6.030. Original rule filed Sept. 1, 2005, effective April 30, 2006. For intervening history, please consult the Code of State Regulations. Amended: Filed April 3, 2023.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with the State Board of Nursing, Lori Scheidt, Executive Director, PO Box 656, Jefferson City, MO 65102, by fax at (573) 751-0075, or via email at nursing@pr.mo.gov. To be considered, comments must be received within thirty (30) days after publication of this notice in the Missouri Register. No public hearing is scheduled.

**TITLE 20 – DEPARTMENT OF COMMERCE AND
INSURANCE
Division 2200 – State Board of Nursing
Chapter 6 – Intravenous Infusion Treatment
Administration**

PROPOSED AMENDMENT

20 CSR 2200-6.040 Venous Access and Intravenous Infusion Treatment Modalities Course Requirements. The board is adding new section (3), renumbering as necessary, and amending newly renumbered paragraph (4)(B)1.

PURPOSE: This amendment clarifies intravenous (IV) treatment modalities course requirements.

(3) Course providers may offer the venous access and intravenous (IV) infusion modalities course to licensed practical nurses who hold an active multistate license to practice under the nurse licensure compact as preparation for IV competency to be verified by the employer.

[(3)](4) Curriculum.

(A) The curriculum of a venous access and intravenous infusion treatment modalities course shall include the following components:

1. Review of the Missouri Nursing Practice Act including the current venous access and intravenous infusion treatment modalities regulations;

2. Review of the policies and procedures of the clinical agency where practical experience is received;

3. Structure of the circulatory system including anatomical location and physiology of veins used for venous access;

4. Relationship between parenteral fluid treatment administration and the body's homeostatic and regulatory function with attention to the clinical manifestation of fluid and electrolyte imbalance and cellular physiology;

5. Principles of infection control in venous access and parenteral fluid administration;

6. Identification of various types of equipment used in venous access and parenteral fluid administration, with content related to criteria for use of each, and means of troubleshooting for malfunctions;

7. Principles and practices related to intravenous drug and/or fluid administration across the life span;

8. Nursing management of venous access and parenteral fluid administration procedures that are commonly used in patient care settings;

9. Procedure for obtaining venous access including appropriate equipment selection, psychological preparation of the patient, site selection, aseptic skin preparation, insertion and stabilization of the venous access device, application of dressing to insertion site, and documentation of procedure;

10. Maintenance of venous access site and parenteral fluid administration system components according to established current practices;

11. Monitoring venous access site for evidence of local complications, parenteral fluid infusion flow rate, and response to treatment;

12. Adjusting parenteral fluid flow rate in various clinical situations;

13. Procedure for removal of peripheral venous access device upon completion of the prescribed treatment or if suspected or confirmed complications arise;

14. Calculation of drug dosage and parenteral fluid administration flow rates; and

15. Principles of phlebotomy.

(B) The curriculum to be offered shall be approved by the board.

1. The course provider shall develop the curriculum. The course provider may select an IV Therapy text of choice. The text may be utilized as the curriculum stem. Content specific to IV Therapy certification in Missouri shall be added. The curriculum shall contain all of the components listed in paragraphs **[(3)](4)(A)** 1.–5. of this rule and be submitted to the

board for approval.

(C) A course shall, at a minimum, consist of [] –

1. Thirty (30) hours of classroom and skills laboratory instruction or its equivalent, (e.g., faculty-student interactive study); and

2. Eight (8) hours of supervised clinical practice, which shall include at least one (1) successful performance of peripheral venous access and the initiation of an intravenous infusion treatment modality on an individual.

(D) There shall be written course outcomes that identify the expected competencies of the participant upon completion of the course.

(E) The course participant shall complete a pretest(s) in pharmacology, anatomy and physiology, and asepsis to determine the participant's level of knowledge at the beginning of the course.

(F) All classroom and clinical instruction and practice shall be supervised by a registered professional nurse designated by the provider and who meets the faculty qualifications as stated in section [(4)](5) of this rule.

[(4)](5) Faculty Qualifications and Responsibilities.

(A) Nursing faculty shall hold a current, undisciplined license or temporary permit to practice as a registered professional nurse in Missouri; and the license to practice professional nursing has never been disciplined in any jurisdiction. Nursing faculty shall have a minimum of two (2) years of clinical experience within the last five (5) years that included responsibility for performing venous access and intravenous infusion treatment modalities.

(B) All non-nurse faculty shall possess the professional preparation and qualifications to teach the specific content for which they are responsible.

(C) For the clinical component of the course, the maximum faculty to student ratio shall be one to three (1:3) for observational experiences and the performance of non-invasive procedures and functions. The faculty to student ratio shall be one to one (1:1) during the performance of peripheral venous access and initiation of an intravenous infusion treatment modality on an individual.

(D) The course provider shall designate a registered professional nurse to be the course coordinator who shall be responsible for all aspects of the course.

[(5)](6) Classroom and Clinical Facilities.

(A) Classrooms shall be of sufficient size and contain the necessary equipment and teaching aids to implement the course.

(B) The clinical facilities utilized shall be sufficient to allow for appropriate implementation of the course and may include, but are not limited to, acute care, long-term care, ambulatory care, and community agencies that provide intravenous infusion treatment modalities.

(C) Faculty and course participants shall have access to the necessary intravenous treatment equipment and patients/clients receiving intravenous treatment modalities, including pertinent medical records.

(D) There shall be a signed written agreement between the course provider of the course and each cooperating clinical facility that specifies the roles, responsibilities, and liabilities of each party. This written agreement will not be required if the only clinical facility to be used is also the provider of the course.

[(6)](7) To successfully complete a venous access and intravenous infusion treatment modalities course for the purpose of becoming IV-Certified, the qualified participant

shall [] –

(A) Achieve a minimum grade of eighty percent (80%) on a written final examination of no fewer than fifty (50) multiple choice items;

(B) Demonstrate clinical competency in the mastery of the course objectives; and

(C) Perform at least one (1) successful peripheral venous access and initiate an intravenous infusion treatment modality on an individual.

[(7)](8) Record Keeping.

(A) The provider of an approved course shall maintain records documenting each participant's attendance, scores, and competencies. These records shall be kept for a period of at least five (5) years. A copy of this record shall be provided to the course participant.

(B) The provider of an approved course shall award a certificate, using a form provided by the board, to each participant who successfully completes the course.

(C) Within thirty (30) days of a participant's successful completion of an approved course, the designated course coordinator shall submit the required participant information to the board on a form provided by the board.

AUTHORITY: section 335.017, RSMo [2000] 2016, and section 335.036, RSMo Supp. [2012] 2022. This rule originally filed as 4 CSR 200-6.040. Original rule filed Sept. 1, 2005, effective April 30, 2006. Moved to 20 CSR 2200-6.040, effective Aug. 28, 2006. Amended: Filed March 8, 2013, effective Aug. 30, 2013. Amended: Filed April 3, 2023.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with the State Board of Nursing, Lori Scheidt, Executive Director, PO Box 656, Jefferson City, MO 65102, by fax at (573) 751-0075, or via email at nursing@pr.mo.gov. To be considered, comments must be received within thirty (30) days after publication of this notice in the Missouri Register. No public hearing is scheduled.

TITLE 20 – DEPARTMENT OF COMMERCE AND INSURANCE

Division 2200 – State Board of Nursing Chapter 6 – Intravenous Infusion Treatment Administration

PROPOSED AMENDMENT

20 CSR 2200-6.060 Requirements for Intravenous Therapy Administration Certification. The board is amending sections (1), (2), and (3).

PURPOSE: This amendment clarifies requirements for intravenous (IV) therapy.

(1) A practical nurse who is currently licensed to practice in Missouri and who is not Intravenous (IV)-Certified in Missouri can obtain IV-Certification upon the successful completion of a board-approved venous access and intravenous infusion treatment modalities course.

(A) Upon receipt of confirmation of successful completion of an approved course, the board shall *[issue verification of IV-Certification letter stamped with the board seal]* **designate IV Certification on the license record through the coordinated licensure information system.**

(B) Upon *[receipt of the verification]* **confirmation of IV-Certification [letter from the board.] through the coordinated licensure information system,** the licensed practical nurse may engage in practical nursing care acts involving venous access and intravenous infusion treatment modalities as specified in the provisions of section 335.016, RSMo, 20 CSR 2200-5.010, and this chapter.

(C) The practical nurse's *[next issued]* license **record shall [state] indicate LPN IV-Certified.**

(2) A practical nurse who is currently licensed to practice in another state or jurisdiction of the United States, who is an applicant for licensure by endorsement in Missouri *[and has been issued a temporary permit to practice in Missouri]*, and is not IV-Certified in another state or territory can obtain IV-Certification upon successful completion of a board-approved venous access and intravenous infusion treatment modalities course.

(A) Upon receipt of confirmation of successful completion of an approved course, the board shall *[issue a Verification of IV-Certification letter stamped with the board seal and stating the expiration date of the temporary permit.] designate IV-Certification on the license record through the coordinated licensure information system.*

(B) *[Upon receipt of the Verification of IV-Certification letter from the board.] Upon confirmation of IV-Certification through the coordinated licensure information system,* the individual may engage in practical nursing care acts involving venous access and intravenous infusion treatment modalities as specified in the provisions of section 335.016, RSMo, 20 CSR 2200-5.010, and this chapter.

[(D) If licensure requirements are not met by the expiration date stated on the Verification of IV-Certification letter and temporary permit, the individual shall cease performing all practical nursing care acts including those related to intravenous infusion treatment administration.]

(3) A practical nurse who is currently licensed to practice in another state or jurisdiction of the United States, who is an applicant for licensure by endorsement in Missouri *[and has been issued a temporary permit to practice in Missouri]*, and is IV-Certified in another state or jurisdiction of the United States, or who has completed a venous access and intravenous infusion treatment modalities course in another state or jurisdiction of the United States, can obtain IV-Certification in Missouri by endorsement upon providing evidence of IV-Certification **or completion of a venous access and intravenous infusion modalities course** in another state or jurisdiction.

(A) Upon receipt of evidence of IV-Certification **or completion of a venous access and intravenous infusion modalities course** in another state or jurisdiction the board *[will issue a Verification of IV-Certification letter stamped with the board seal and stating the expiration date of the individual's temporary permit]* **shall designate IV-Certification on the license record through the coordinated licensure information system.**

(B) Upon *[receipt of the Verification of IV-Certification letter from the board,]* **confirmation of IV-Certification through the coordinated licensure information system,** the individual may engage in practical nursing care acts involving

venous access and intravenous infusion treatment modalities as specified in the provisions of section 335.016, RSMo, 20 CSR 2200-5.010, and this chapter.

[(D) If licensure requirements are not met by the expiration date stated on the Verification of IV-Certification letter and temporary permit, the individual shall cease performing all practical nursing care acts including those related to intravenous infusion treatment administration.]

AUTHORITY: section[s] 335.017, RSMo 2016, and section 335.036, RSMo Supp. [2016] 2022. This rule originally filed as 4 CSR 200-6.060. Original rule filed Sept. 1, 2005, effective April 30, 2006. For intervening history, please consult the Code of State Regulations. Amended: Filed April 3, 2023.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with the State Board of Nursing, Lori Scheidt, Executive Director, PO Box 656, Jefferson City, MO 65102, by fax at (573) 751-0075, or via email at nursing@pr.mo.gov. To be considered, comments must be received within thirty (30) days after publication of this notice in the Missouri Register. No public hearing is scheduled.

TITLE 20 – DEPARTMENT OF COMMERCE AND INSURANCE

Division 2200 – State Board of Nursing Chapter 8 – Minimum Standards for Approved Veteran's Bridge Programs of Practical Nursing

PROPOSED AMENDMENT

20 CSR 2200-8.010 Approval. The board is amending sections (5), (6), and (8).

PURPOSE: This amendment changes the submission deadlines.

(5) Full Approval Status.

(B) A program's approval status is subject to review by the board if the required annual report, **annual registration**, or annual registration **fee** is not received *[within thirty (30) days from]* by the established deadline.

(6) Conditional Approval Status.

(D) Throughout the period of conditional approval, the program shall submit an annual report, an annual registration, and the annual registration fee as set by the board.

[(D)](E) A program's approval may be withdrawn pursuant to section 335.071.3., RSMo, for noncompliance with minimum standards. A program which fails to correct identified deficiencies to the satisfaction of the board shall, after notice and hearing, be removed from the board's listing of approved programs.

(8) Annual Registration Requirements.

(A) The board will send an application for annual registration to each approved program *[and each campus of each program from the board]*. Failure to receive the *[application will]* **annual**

registration form does not relieve the program of its obligation to register.

(B) A separate annual registration form **and designated fee** as established *[by]* **in** 20 CSR 2200-4.010(1)(F) shall be submitted to the board for each approved program *[and each campus of each program]* prior to June 1 of each year. Satellite locations do not qualify as a campus of an approved program.

(C) A program's approval status is subject to review by the board if the required registration **fee** is not received *[within thirty (30) days following]* **by** the June 1 deadline.

AUTHORITY: section 324.007, RSMo 2016, and section 335.036, RSMo Supp. [2021] 2022. Original rule filed April 14, 2017, effective Oct. 30, 2017. Amended: Filed Feb. 2, 2018, effective Aug. 30, 2018. Amended: Filed Feb. 14, 2022, effective Aug. 30, 2022. Amended: Filed March 23, 2023.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate.

*NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with the State Board of Nursing, Lori Scheidt, Executive Director, PO Box 656, Jefferson City, MO 65102, by fax at (573) 751-0075, or via email at nursing@pr.mo.gov. To be considered, comments must be received within thirty (30) days after publication of this notice in the **Missouri Register**. No public hearing is scheduled.*

This section will contain the final text of the rules proposed by agencies. The order of rulemaking is required to contain a citation to the legal authority upon which the order or rulemaking is based; reference to the date and page or pages where the notice of proposed rulemaking was published in the *Missouri Register*; an explanation of any change between the text of the rule as contained in the notice of proposed rulemaking and the text of the rule as finally adopted, together with the reason for any such change; and the full text of any section or subsection of the rule as adopted that has been changed from the text contained in the notice of proposed rulemaking. The effective date of the rule shall be not less than thirty (30) days after the date of publication of the revision to the *Code of State Regulations*.

The agency is also required to make a brief summary of the general nature and extent of comments submitted in support of or opposition to the proposed rule and a concise summary of the testimony presented at the hearing, if any, held in connection with the rulemaking, together with a concise summary of the agency's findings with respect to the merits of any such testimony or comments that are opposed in whole or in part to the proposed rule. The ninety-(90-) day period during which an agency shall file its order of rulemaking for publication in the *Missouri Register* begins either: 1) after the hearing on the proposed rulemaking is held; or 2) at the end of the time for submission of comments to the agency. During this period, the agency shall file with the secretary of state the order of rulemaking, either putting the proposed rule into effect, with or without further changes, or withdrawing the proposed rule.

**TITLE 11-DEPARTMENT OF PUBLIC SAFETY
Division 45-Missouri Gaming Commission
Chapter 7-Security and Surveillance**

ORDER OF RULEMAKING

By the authority vested in the Missouri Gaming Commission under section 313.805, RSMo Supp. 2022, the commission amends a rule as follows:

11 CSR 45-7.010 Definition of Licensee is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 1, 2022 (47 MoReg 1711). No changes have been made to the text of the proposed amendment so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended December 31, 2022, and the commission held a public hearing on the proposed amendment on January 4, 2023. No one attended the public hearing, and no written comments were received.

**TITLE 11-DEPARTMENT OF PUBLIC SAFETY
Division 45-Missouri Gaming Commission
Chapter 7-Security and Surveillance**

ORDER OF RULEMAKING

By the authority vested in the Missouri Gaming Commission under section 313.805, RSMo Supp. 2022, the commission amends a rule as follows:

11 CSR 45-7.120 Surveillance System Plans is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 1, 2022 (47 MoReg 1711-1712). No changes have been made to the text of the proposed amendment so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended December 31, 2022, and the commission held a public hearing on the proposed amendment on January 4, 2023. No one attended the public hearing, and no written comments were received.

**TITLE 11-DEPARTMENT OF PUBLIC SAFETY
Division 45-Missouri Gaming Commission
Chapter 7-Security and Surveillance**

ORDER OF RULEMAKING

By the authority vested in the Missouri Gaming Commission under section 313.805, RSMo Supp. 2022, the commission amends a rule as follows:

**11 CSR 45-7.145 Reimbursement for Cost of Contracted
Commission Agents is amended.**

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 1, 2022 (47 MoReg 1712). No changes have been made to the text of the proposed amendment so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended December 31, 2022, and the commission held a public hearing on the proposed amendment on January 4, 2023. No one attended the public hearing, and no written comments were received.

**TITLE 11 – DEPARTMENT OF PUBLIC SAFETY
Division 45 – Missouri Gaming Commission
Chapter 9 – Internal Control System**

ORDER OF RULEMAKING

By the authority vested in the Missouri Gaming Commission under section 313.805, RSMo Supp. 2022, the commission amends a rule as follows:

11 CSR 45-9.112 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on November 1, 2022 (47 MoReg 1592-1593). Changes have been made to the text of the proposed amendment so it is

reprinted here. Changes have been made to the text of the proposed revision of the *Minimum Internal Control Standards* (MICS) as incorporated by reference in Chapter L, so those changes are explained below. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended December 1, 2022, and the commission held a public hearing on the proposed amendment on December 29, 2022. No one commented at the public hearing. Two (2) written comments and one (1) staff comment were received. Due to the similarity of Comments #1 and #2, one response is provided at the end of these two (2) comments.

COMMENT #1: L §2.02(A)(1)–Jeff Vicuna, Director of Internal Audit for Affinity Gaming, submitted a question regarding the time period during which the annual cash count should be conducted. His comment indicated the example given appeared to conflict with the language that stated, “The count shall be conducted at least three months prior and subsequent to the fiscal year end.”

COMMENT #2: L §2.02(A)(1)–Stacy Petterway, Regional Director of Compliance-Midwest for Affinity Gaming, submitted a question regarding the time period during which the annual cash count should be conducted. Her comment indicated the example given appeared to conflict with the language that stated, “The count shall be conducted at least three months prior and subsequent to the fiscal year end.”

RESPONSE AND EXPLANATION OF CHANGE: The intent is for the annual cash count to be conducted between April 1st and September 30th, if the fiscal year ends December 31st. The commission revised the language to more accurately clarify the required time period and added the dates to the example to clarify that the annual cash count should be conducted between April 1st and September 30th, if the fiscal year ends December 31st.

For clarity, staff revised MICS, Chapter L §2.02(A)(1) as follows: “On an annual basis, Internal Audit shall conduct an observation of a complete physical count of all cash, chips and tokens in accordance with guidelines issued by the MGC. The count shall be conducted at least three months after the fiscal year end and at least three months before the next fiscal year end. For example, if the fiscal year end is December 31st, the count should be conducted between April 1st and September 30th.”

COMMENT #3: A staff member noted that since changes are being made to the text of the proposed MICS, Chapter L, to address a comment, the date of incorporation by reference in section (1) needs to be revised to reflect the date the commission adopted the revised MICS, Chapter L.

RESPONSE AND EXPLANATION OF CHANGE: Staff concurs and revised the date of adoption accordingly.

11 CSR 45-9.112 Minimum Internal Control Standards (MICS) – Chapter L

(1) The commission has established minimum standards for internal control procedures that in the commission’s opinion satisfy 11 CSR 45-9.020, as set forth in Minimum Internal Control Standards (MICS) Chapter L–Internal Audit, which is incorporated by reference and made a part of this rule as adopted by the commission on February 22, 2023, and published by the Missouri Gaming Commission, 3417 Knipp Dr., PO Box 1847, Jefferson City, MO 65102, and which may be accessed at <http://www.mgc.dps.mo.gov>. Chapter L does not

incorporate any subsequent amendments or additions.

TITLE 13 – DEPARTMENT OF SOCIAL SERVICES Division 70 – MO HealthNet Division Chapter 90 – Home Health Program

ORDER OF RULEMAKING

By the authority vested in the Department of Social Services, MO HealthNet Division, under sections 208.153, 208.201, and 660.017, RSMo 2016, the division amends a rule as follows:

13 CSR 70-90.010 Home Health-Care Services is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 1, 2022 (47 MoReg 1716). No changes have been made to the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The MO HealthNet Division received one (1) comment on the proposed amendment.

COMMENT #1: Adam Horgan with the American Association of Nurse Practitioners comments the following: The American Association of Nurse Practitioners, represents more than 355,000 nurse practitioners (NPs) in the United States, and this includes the over 8,487 NPs practicing in Missouri, 1,763 of whom are AANP members. We appreciate the opportunity to comment on the Department of Social Services, Health Net Division, Home Health program proposed amendment to 13 CSR 70-90.010, Home Health-Care Services. As you know, NPs are APRNs who are prepared at the masters or doctoral level to provide primary, acute, chronic and specialty care to patients of all ages and backgrounds. Daily practice includes: assessment; ordering, performing, supervising and interpreting diagnostic and laboratory tests; making diagnoses; initiating and managing treatment including prescribing medication and non-pharmacologic treatments; coordinating care; counseling; and educating patients and their families and communities. NPs practice in nearly every health care setting including clinics, hospitals, Veterans Health Administration and Indian Health Services facilities, emergency rooms, urgent care sites, private physician or NP practices (both managed and owned by NPs), skilled nursing facilities (SNFs) and nursing facilities (NFs), schools, colleges and universities, retail clinics, public health departments, nurse managed clinics, homeless clinics, and home health. NPs hold prescriptive authority in all 50 states and the District of Columbia.

We appreciate that the Department has taken swift action to implement changes made by section 3708 of the Coronavirus Aid, Relief, and Economic Security (CARES Act), and incorporated in CFR 440.70. We support the provisions included within proposed amendment, which include changes recommended by AANP in comments we submitted on a prior rulemaking. These amendments will ensure alignment across regulations, and reduce confusion and delay for providers and patients. We have included below, in **red bold italic** text, one suggested change to ensure consistency within the regulations.

13 CSR 70-90.010 Home Health-Care Services

(2)(E)2. Non-routine – medical supplies needed to treat a patient’s specific illness or injury in accordance with the

physician's, *ordering practitioner's* plan of care and meet further conditions discussed in more detail below.

RESPONSE: MO HealthNet Division appreciates the comment; however, (2)(E) was not in the proposed amendment and cannot be changed at this time. The division will consider this change the next time the rule is open for amendment.

TITLE 13 – DEPARTMENT OF SOCIAL SERVICES
Division 70 – MO HealthNet Division
Chapter 97 – Health Insurance Premium Payment
(HIPP) Program

ORDER OF RULEMAKING

By the authority vested in the Department of Social Services, MO HealthNet Division, under sections 208.153, 208.201, and 660.017, RSMo 2016, the division amends a rule as follows:

13 CSR 70-97.010 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 1, 2022 (47 MoReg 1716-1718). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The MO HealthNet Division received one (1) comment on the proposed amendment.

COMMENT #1: MO HealthNet staff have provided the following comment and request to make the appropriate change to this proposed amendment. We would like to remove “or has the option to enroll in a MHD managed care plan” from subsection (5)(I).

RESPONSE AND EXPLANATION OF CHANGE: MO HealthNet is updating the proposed amendment with the change submitted in the comment.

13 CSR 70-97.010 Health Insurance Premium Payment
(HIPP) Program

(5) Exceptions to Payment. Premiums shall not be paid for health insurance plans under any of the following circumstances:

(I) The participant is enrolled in a MHD managed care plan.

TITLE 19 – DEPARTMENT OF HEALTH AND SENIOR
SERVICES
Division 25 – Missouri State Public Health
Laboratory
Chapter 30 – Determination of Blood Alcohol by
Blood, Breath, Saliva, and Urine Analysis; and
Determination for the Presence of Drugs in Blood,
Saliva, and Urine

ORDER OF RULEMAKING

By the authority vested in the Department of Health and Senior Services under sections 192.006, 577.020, and 577.037, RSMo 2016, the Department of Health and Senior Services amends a rule as follows:

19 CSR 25-30.021 Type I Permit is amended.

A notice of proposed rulemaking containing the text of

the proposed amendment was published in the *Missouri Register* on December 1, 2022 (47 MoReg 1718). No changes have been made to the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: No comments were received.

TITLE 19 – DEPARTMENT OF HEALTH AND SENIOR
SERVICES
Division 30 – Division of Regulation and Licensure
Chapter 40 – Comprehensive Emergency Medical
Services Systems Regulations

ORDER OF RULEMAKING

By the authority vested in the Missouri Department of Health and Senior Services under sections 190.185, RSMo 2016, and section 190.241, RSMo Supp. 2022, the department amends a rule as follows:

19 CSR 30-40.410 Definitions and Abbreviations Relating to
Trauma Centers is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on January 3, 2023 (48 MoReg 44). No changes have been made to the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: No comments were received.

TITLE 19 – DEPARTMENT OF HEALTH AND SENIOR
SERVICES
Division 30 – Division of Regulation and Licensure
Chapter 40 – Comprehensive Emergency Medical
Services Systems Regulations

ORDER OF RULEMAKING

By the authority vested in the Missouri Department of Health and Senior Services under section 190.185, RSMo 2016, and sections 190.241 and 190.176, RSMo Supp. 2022, the department amends a rule as follows:

19 CSR 30-40.420 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on January 3, 2023 (48 MoReg 44-53). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The department received sixteen (16) comments on the proposed amendment.

COMMENT #1: Carolyn Wells with Liberty Hospital commented the hospital should not have to pay the contractor on the day of review or prior to the review when it has not even been conducted. Ms. Wells explains that most contractors submit an invoice that will be paid within thirty (30) days.

RESPONSE: The department understands that Liberty Hospital might have negotiated a different agreement with

the qualified contractors, rather than paying the qualified contractors on the day of the review for on-site reviews. However, this requirement was included to ensure qualified contractors are available and to ensure the long-term viability of their willingness to fulfill the required review. The qualified contractors consist of experienced physicians and nurses in certain specialty areas in trauma who volunteer with the department to conduct trauma reviews with a department representative. The honorarium they receive by the hospitals/trauma centers pursuant to 19 CSR 30-40.420 is a small amount of money as compared to the amount of time and work it takes to prepare for a trauma review, conduct a trauma review, and prepare their findings/report for the department following the trauma review. If hospitals/trauma centers begin not paying qualified contractors for their services after a trauma review has occurred, then qualified contractors may not want to continue volunteering as a qualified contractor for the department. The department not having enough qualified contractors to conduct trauma reviews will impair the ability of the department to conduct trauma reviews. The policy goal in ensuring qualified contractors are paid prior to the beginning of the trauma review is to mitigate turnover among qualified contractors. No changes have been made to the rule as a result of this comment.

COMMENT #2: Carolyn Wells with Liberty Hospital commented that the hospital should not be limited by who can fulfill the navigator role, especially when the trauma program registrar has the most knowledge of the chart. Pam Jackson with Saint Luke's Health System and Sarah Willson with the Missouri Hospital Association also commented that paragraph (2)(K)5. is too prescriptive. Ms. Jackson believes that the trauma program registrar should be allowed to be the navigator as this person would be the fastest at finding what the surveyor wants to review. Ms. Willson commented that the language prevents a program registrar, visit coordinator, and program manager from being able to serve as navigators and prevents the program manager from being able to serve as a visit coordinator. Additionally, Ms. Willson believes this language is unnecessary and burdensome, especially for smaller and rural hospitals and that hospitals should decide who they put into these positions.

RESPONSE: The department understands the frustrations voiced by the commenters. However, the department has mirrored the virtual review process off of the American College of Surgeons' virtual review process which began after COVID-19 limited the ability of reviewers to conduct on-site reviews. Additionally, based on the number of qualified contractors and the number of break-out rooms for the virtual review, it is more efficient and effective to have the trauma program manager, trauma program medical director and the trauma program registrar available to answer the qualified contractors' questions. If any of these individuals are performing the on-site coordinator or staff navigator roles, then they would not be available to answer the qualified contractors' questions because they would be performing the on-site coordinator or staff navigator roles. In the event that the staff navigators for each of the qualified contractors cannot find something, then the trauma registrar, the trauma program manager, and the trauma medical director will be able to answer questions because they will not be performing the staff navigator role for another qualified contractor or the on-site coordinator role. Additionally, there are fewer qualified contractors required for the smaller and rural hospitals, which are typically Level III trauma centers. Therefore, there will be fewer staff navigators required for the smaller and rural hospitals. Virtual trauma reviews for smaller and rural hospitals take no more than one business day to complete. No changes have been made to the

rule as a result of this comment.

COMMENT #3: Pam Jackson with Saint Luke's Health System and Sarah Willson with the Missouri Hospital Association commented that the changes made to 19 CSR 30-40.420 include a lot of prescriptive items that do not need to be included in the regulation. Ms. Jackson believes that much of this could be handled in the pre-review documents that are sent out.

RESPONSE: The requirements have been included in an effort to provide transparency and proactive guidance. Failure to follow these requirements in the past has caused delays and problems in trauma reviews. The department's intention for including these provisions is to assist hospitals and trauma centers in understanding what information is needed and to ensure preparations are made for the review to be completed timely. No changes have been made to the rule as a result of this comment.

COMMENT #4: Pam Jackson with Saint Luke's Health System and Sarah Willson with the Missouri Hospital Association commented that hospitals need more than thirty (30) days to find out if a trauma survey will be virtual or on-site. Ms. Jackson and Ms. Willson believe hospitals need to be notified at least ninety (90) days before the survey, whether it is virtual or on-site, because a virtual survey and an on-site survey look very different. Ms. Willson comments that last-minute changes in location should be limited to extraordinary circumstances within the department or the hospital and approved by the department director. Teresa Lienhop with University Health Truman Medical Center also commented that trauma centers need longer than thirty (30) days to have the resources ready for a virtual visit.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees with this comment and will change the thirty (30) day requirement to ninety (90) days in subsection (2)(F). Of note, the increased notification period is likely to result in a greater chance that changes may occur prior to the trauma review. The department is committed to limiting the changes made prior to the trauma review as much as possible. However, many of these changes are anticipated to be out of the department's control.

COMMENT #5: Pam Jackson with Saint Luke's Health System commented that the trauma centers should provide the department the list of attendees after the virtual review instead of prior to the virtual review.

RESPONSE AND EXPLANATION OF CHANGE: The list of participants is requested to ensure the department and the qualified contractors are prepared for the virtual review meeting. However, the department understands that changes to the participants may occur. The department has added wording in paragraph (2)(K)10. that any changes that occur to this list may be communicated to the department during the review meeting or before the virtual review.

COMMENT #6: Pam Jackson with Saint Luke's Health System commented that the amended language regarding the department conducting an on-site review of the hospital prior to the virtual review to ensure the hospital meets the requirements for trauma designation should be removed because this means a review before the review. Ms. Jackson believes a trauma review should stand alone. Sarah Willson with the Missouri Hospital Association commented that she is confused as to why there is a live tour of the hospital and then additional language that the department may conduct an in-person tour of the hospital prior to the review to ensure compliance.

RESPONSE: The live tour will be conducted at the time of

the review with the qualified contractors. A department representative may conduct a review of the hospital/trauma center prior to the review in order to evaluate criteria that is more difficult to evaluate with the live tour. This review also helps shorten the virtual review and allows the department an opportunity to meet with hospital/trauma center staff and answer any questions that the staff might have about the upcoming trauma review. Section 190.241.1, RSMo, allows the department to conduct an on-site trauma review, a virtual review, or a combination of these reviews. No changes were made as a result of this comment.

COMMENT #7: Teresa Lienhop with University Health Truman Medical Center commented that there is no enforcement by the department of revocation and denial in subsections (2)(N), (O), (P) and (Q). Ms. Lienhop also commented that there are no repercussions for being on probation when the designation should be removed. Ms. Lienhop believes if a trauma center fails, then it should fail and have a time limit to comply, not a free pass until the next survey.

RESPONSE: House Bill 2331 made changes to section 190.241.3, RSMo, where hospitals/trauma centers are required to demonstrate compliance within twelve (12) months of the date of the receipt of the notice of probationary status, or eighteen (18) months in a settlement agreement between the department and the hospital/trauma center. These statutory changes should address this comment and provide the hospitals/trauma centers a time limit to get into compliance with the regulations. No changes were made to the rule as a result of this comment.

COMMENT #8: Sarah Willson with the Missouri Hospital Association commented that the department should use its own platform for hospitals to send the department the required HIPAA related materials instead of allowing hospitals to choose which platform it uses to send the department the required documents.

RESPONSE: The department has also received a comment during the formal comment period from a time critical diagnosis hospital commenting that it wants the department to allow hospitals to use their own platforms. Hospitals have their own platforms that they pay for and that their legal departments have approved for the hospitals to use. The department finds that the process becomes less legally cumbersome when the department uses the platforms that the hospitals' attorneys have already consented for the hospital to use to transmit protected health information. No changes were made to the rule as a result of this comment.

COMMENT #9: Sarah Willson with the Missouri Hospital Association commented hospitals should not have to pay qualified contractors until after the review occurs and require the qualified contractor attest on a separate form to the hospital that the appropriate reports concluding their portion of the survey have been submitted. After receiving this attestation, the hospital will issue payment within thirty (30) days of being issued the invoice receipt. Ms. Willson believes this will fix any delays of the qualified contractors' reports to the department.

RESPONSE: This requirement was included to ensure qualified contractors are available and to ensure the long-term viability of their willingness to fulfill the required review. The qualified contractors consist of experienced physicians and nurses in certain specialty areas in trauma who volunteer with the department to conduct trauma reviews with a department representative. The honorariums they receive by the hospitals/trauma centers pursuant to 19 CSR 30-40.420 are a small amount of money as compared to the amount of time and

work it takes to prepare for a trauma review, conduct a trauma review and prepare their findings/report for the department following the trauma review. If hospitals/trauma centers begin not paying qualified contractors for their services after a trauma review has occurred, then qualified contractors may not want to continue volunteering as a qualified contractor for the department. The department not having enough qualified contractors to conduct trauma reviews will impair the ability of the department to conduct trauma reviews. The policy goal in ensuring qualified contractors are paid prior to the beginning of the trauma review is to mitigate turnover among qualified contractors. No changes have been made to the rule as a result of this comment.

COMMENT #10: Sarah Willson with the Missouri Hospital Association commented that the department should not remove the level IV American College of Surgeons verification from the alternate designation pathway. Ms. Willson states that the American College of Surgeons is allowing the level IV American College of Surgeons' criteria to stand while it reviews the level IV American College of Surgeons' standards.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees with this comment and will add level IV trauma centers verified by the American College of Surgeons back to 19 CSR 30-40.420(3)(B) and the Application for Trauma Verified Hospital Designation.

19 CSR 30-40.420 Trauma Center Designation Requirements

(2) Hospitals requesting to be reviewed and designated as a trauma center by the department shall meet the following requirements:

(F) The review of hospitals for trauma center designation shall include interviews with designated hospital staff, a review of the physical plant and equipment, and a review of records and documents as deemed necessary to assure compliance with the requirements of the rules of this chapter. The department may conduct an on-site review, a virtual review, or a combination thereof on the hospitals/trauma centers. For announced reviews that are scheduled with the hospitals/trauma centers, the department will make the hospitals/trauma centers aware at least ninety (90) days prior to the scheduled review whether the department intends that the review will be conducted on-site and/or virtually. Due to unforeseen circumstances, the department may need to change whether the review is conducted on-site and/or virtually less than ninety (90) days before the announced review. The department will contact the hospitals/trauma centers to make the hospitals/trauma centers aware of any changes about how the review will be conducted, either on-site and/or virtually, and/or when the review will be conducted with as much advance notice as possible prior to the date of the announced review. The cost of any and all site reviews shall be paid by each applicant hospital or renewing trauma center unless adequate funding is available to the department to pay for reviews. Hospitals/trauma centers shall be responsible for paying expenses related to the cost of the qualified contractors to review their respective hospitals/trauma centers during initial, validation, and focus reviews. The department shall be responsible for paying the expenses of its representative. Costs of the review to be paid by the hospital/trauma center include—

1. An honorarium shall be paid to each qualified contractor of the review team whether the review occurs on-site or virtually. Qualified contractors of the review team for levels I and II trauma center reviews shall be paid one thousand four hundred fifty dollars (\$1,450) per reviewer. Qualified contractors of the review team for levels III and IV

trauma center reviews shall be paid one thousand dollars (\$1,000) per reviewer. This honorarium shall be paid to each qualified contractor of the review team at the time the site survey begins if on-site or prior to the beginning of the review if the review is conducted virtually;

2. Airfare shall be paid for each qualified contractor of the review team, if applicable;

3. Lodging shall be paid for each qualified contractor of the review team, unless the review is conducted virtually. The hospital/trauma center shall secure the appropriate number of hotel rooms for the qualified contractors and pay the hotel directly; and

4. Incidental expenses, if applicable, for each qualified contractor of the review team shall not exceed two hundred fifty dollars (\$250) and may include the following:

A. Airport parking;

B. Checking bag charges;

C. Meals during the review; and

D. Mileage to and from the review if no airfare was charged by the reviewer. If the reviewer solely participated virtually in the review and did not travel by vehicle to the review, then no mileage shall be paid. Mileage shall be paid at the federal mileage rate for business miles as set by the Internal Revenue Service (IRS). Federal mileage rates can be found at the website www.irs.gov;

(K) Hospitals/Trauma centers being reviewed through a virtual survey shall do the following:

1. Provide a videoconferencing platform to be used for the hospital/trauma center virtual review;

2. Provide a live tour of the hospital;

3. Ensure the videoconferencing platform used during the review is compliant with state and federal laws for protected health information;

4. Assign an on-site visit coordinator for the review. The on-site visit coordinator role cannot be fulfilled by the trauma program manager. This on-site visit coordinator will be responsible for the logistical aspects of the virtual review. Responsibilities include, at least, the following:

A. Scheduling the videoconferencing meetings;

B. Sending out calendar invitations;

C. Providing electronic medical record (EMR) access to designated individuals;

D. Ensuring all required participants are on the videoconferencing line for the various parts of the review; and

E. Sending separate calendar invitations for each section of the virtual review to hospital staff, qualified contractors and the department;

5. Assign one staff navigator per qualified contractor to help remotely navigate the EMR, the patient performance improvement patient safety (PIPS) documentation, and supporting documentation. The staff navigator role cannot be fulfilled by the trauma program manager, the trauma program medical director, the trauma program registrar, or the on-site visit coordinator for the review. The individuals designated as the staff navigators shall be familiar with navigating through the EMR;

6. Provide the department with requested patient care report information for the review no later than thirty (30) days prior to the virtual review;

7. Provide the department with requested medical records, PIPS documentation, registry report, and all supporting documentation at least seven (7) days prior to the virtual visit through a method that is compliant with state and federal laws for protected health information;

8. Schedule a pre-review call with the qualified contractors, the department, the trauma program medical director, the trauma program manager, the staff navigators and the on-site visit coordinator approximately one (1) week

prior to the virtual review;

9. Test the functionality of the videoconferencing platform for the live tour of the hospital prior to the pre-review call; and

10. Provide a list of attendees for the review meeting and their roles to the review team and the department prior to the virtual review. Any changes that occur to this list may be communicated to the department during the review meeting or before the virtual review;

(3) Hospitals seeking trauma center designation by the department based on their current verification as a trauma center by the American College of Surgeons shall meet the following requirements:

(B) The application for trauma verified hospital designation form, included herein, shall be complete before the department designates a hospital/trauma center. The department shall notify the hospital/trauma center of any apparent omissions or errors in the completion of the application for trauma verified hospital designation form. Upon receipt of a completed and approved application, the department shall designate such hospital as follows:

1. The department shall designate a hospital as a level I trauma center if such hospital has been verified as a level I trauma center (adult and pediatric) by the American College of Surgeons;

2. The department shall designate a hospital as a level II trauma center if such hospital has been verified as a level II trauma center (adult and pediatric) by the American College of Surgeons;

3. The department shall designate a hospital as a level III trauma center if such hospital has been verified as a level III trauma center (adult and pediatric) by the American College of Surgeons;

4. The department shall designate a hospital as a level IV trauma center if such hospital has been verified as a level IV trauma center (adult and pediatric) by the American College of Surgeons;

5. The department shall designate a hospital as a level I pediatric trauma center if such hospital has been verified as a level I pediatric trauma center (only treats children) by the American College of Surgeons;

6. The department shall designate a hospital as a level II pediatric trauma center if such hospital has been verified as a level II pediatric trauma center (only treats children) by the American College of Surgeons;

7. The department shall designate a hospital as a level I trauma center if such hospital has been verified as a level I trauma center (only treats adults) by the American College of Surgeons; and

8. The department shall designate a hospital as a level II trauma center if such hospital has been verified as a level II trauma center (only treats adults) by the American College of Surgeons;

TITLE 19 – DEPARTMENT OF HEALTH AND SENIOR SERVICES**Division 30 – Division of Regulation and Licensure
Chapter 40 – Comprehensive Emergency Medical Services Systems Regulations****ORDER OF RULEMAKING**

By the authority vested in the Missouri Department of Health and Senior Services under sections 190.185, RSMo 2016, and section 190.241, RSMo Supp. 2022, the department amends a rule as follows:

19 CSR 30-40.430 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the Missouri Register on January 3, 2023 (48 MoReg 54-56). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the Code of State Regulations.

SUMMARY OF COMMENTS: The department received six (6) comments on the proposed amendment.

COMMENT #1: Carolyn Wells with Liberty Hospital commented that she does not agree with the department's removal of the requirements for registered nurses in the emergency department and in the intensive care unit to complete a minimum of eight (8) hours of trauma related continuing education per year. Ms. Wells states that on-going trauma related nursing education is essential to maintain high standards of trauma care and that many hospitals use the regulations to justify money spent on nursing education. Sarah Willson with the Missouri Hospital Association also does not agree with the department stripping the education requirements. Ms. Willson does not believe that House Bill 2331 requires the department to strip away the educational requirements in the manner that it did. Ms. Willson believes that stripping educational requirements is inconsistent with ensuring a quality program capable of delivering outcomes for patients to enhance health.

RESPONSE: The department understands the commenters' concerns. The department also believes that trauma continuing education is extremely important for all trauma center staff to have in order to provide the best care possible to trauma patients. However, House Bill 2331 made changes to section 190.241.8, RSMo, and now requires the department to make education requirements for nurses who provide care at facilities designated as trauma centers by the department mirror, but not exceed, those established by national designating or verifying bodies of trauma centers. Section 190.241.8, RSMo, also prohibits or limits the department from requiring continuing education for some physicians. The American College of Surgeons, which is the only nationally designated verifying body for trauma centers, does not require continuing education for nurses. Instead, the American College of Surgeons only requires nurses to be credentialed. The department has mirrored, but not exceeded the requirements from the American College of Surgeons when it made changes to the continuing education requirements for nurses and physicians in 19 CSR 30-40.430. No changes have been made to the rule as a result of this comment.

COMMENT #2: Teresa Lienhop with University Health Truman Medical Center commented that she is not clear in (3)(A)1.B. and C. for Advanced Trauma Life Support for emergency room physicians whether everyone has to be current or certified at least once.

RESPONSE: All emergency department physicians shall be certified in Advanced Trauma Life Support (ATLS) at least once. Emergency department physicians who are certified by emergency medicine boards only need to be certified in ATLS at least once. Emergency department physicians who are not certified by emergency medicine boards need to have current ATLS status. No changes have been made to the rule as a result of this comment.

COMMENT #3: Teresa Lienhop with University Health Truman Medical Center commented that it states trauma continuing medical education, but she believes that is just for the liaison. **RESPONSE:** Emergency department physicians were previously required to obtain continuing medical education in trauma care under subsection (1)(H). However, this was removed based on the changes made to section 190.241.8, RSMo, which limits the continuing medication education requirements that the department can require for physicians practicing in a trauma center emergency department depending on the how the physicians are boarded. No changes have been made to the rule as a result of this comment.

COMMENT #4: Sarah Willson with the Missouri Hospital Association commented that she would like to see Advanced Cardiovascular Life Support (ACLS) by the American Heart Association removed from 19 CSR 30-40.430 and Advanced Trauma Life Support (ATLS) or Trauma Nurse Core Course (TNCC) be added. Ms. Willson states that hospitals report the American College of Surgeons does not require ACLS. If the department keeps ACLS, then Ms. Willson would like to see Advanced Life Support (ALS) by the American Red Cross added. **RESPONSE AND EXPLANATION OF CHANGE:** The department agrees with adding Advanced Life Support (ALS) by the American Red Cross to the credentialing requirements for intensive care unit nurses in paragraph (3)(B)6.

COMMENT #5: The department noticed that incorporation by reference language for Advanced Cardiac Life Support (ACLS) needs to be added.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees with adding the incorporation by reference language to Advanced Cardiac Life Support (ACLS) in paragraph (3)(B)6.

19 CSR 30-40.430 Standards for Trauma Center Designation

(3) Standards for Special Facilities/Resources/Capabilities for Trauma Center Designation.

(B) The hospital shall meet intensive care unit (ICU) standards for trauma center designation.

1. There shall be a designated surgeon medical director for the ICU. (I-R, II-R, III-R)

2. A physician who is not the emergency department physician shall be on duty in the ICU or available in-house twenty-four (24) hours a day in a level I trauma center and shall be on call and available within twenty (20) minutes in a level II trauma center.

3. The minimum registered nurse/trauma patient ratio used shall be one to two (1:2). (I-R, II-R, III-R)

4. Registered nurses shall be credentialed in trauma care within one (1) year of assignment. (I-R, II-R, III-R)

5. Nursing care documentation shall be on a patient flow sheet. (I-R, II-R, III-R)

6. Nurses assigned to the ICU shall maintain current provider status in Advanced Cardiac Life Support (ACLS) or Advanced Life Support (ALS). ACLS is incorporated by reference in this rule as published in 2021 by the American Heart Association and is available for purchase at the American Heart Association, 7272 Greenville Ave., Dallas,

TX 75231 or online at www.cpr.heart.org. This rule does not incorporate any subsequent amendments or additions. ALS is incorporated by reference in this rule as published in 2022 by the American Red Cross and is available for purchase at the American Red Cross, National Headquarters, 430 17th St. NW, Washington DC 20006 or online at www.redcross.org. This rule does not incorporate any subsequent amendments or additions. At the time of the initial review, nurses assigned to ICU shall have successfully completed or be registered for a provider ACLS or ALS course. The requirement for ACLS or ALS may be waived in pediatric centers where policy exists diverting injured adults to an adult trauma center and where an adult trauma center is adjacent to the affected pediatric facilities, and a performance improvement filter reviewing any adult trauma patients seen is maintained. (I-R, II-R, III-R)

7. There shall be separate pediatric and adult ICUs or a combined ICU with nurses trained in pediatric intensive care. In ICUs providing care to children, registered nurses shall maintain credentialing in PALS, APLS, or ENPC. (I-R, II-R)

8. There shall be beds for trauma patients or comparable level of care provided until space is available in ICU. (I-R, II-R, III-R)

9. Equipment for resuscitation and to provide life support for the critically or seriously injured shall be available for the intensive care unit. In ICUs providing care for the pediatric patient, equipment with age appropriate sizes shall also be available. This equipment shall include but not be limited to –

A. Airway control and ventilation equipment including laryngoscopes, endotracheal tubes, bag-mask resuscitator, and a mechanical ventilator – I-R, II-R, III-R;

B. Oxygen source with concentration controls – I-R, II-R, III-R;

C. Cardiac emergency cart, including medications – I-R, II-R, III-R;

D. Temporary transvenous pacemakers – I-R, II-R, III-R;

E. Electrocardiograph, cardiac monitor, and defibrillator – I-R, II-R, III-R;

F. Cardiac output monitoring – I-R, II-R;

G. Electronic pressure monitoring and pulse oximetry – I-R, II-R;

H. End-tidal carbon dioxide monitor and mechanical ventilators – I-R, II-R, III-R;

I. Patient weighing devices – I-R, II-R, III-R;

J. Temperature control devices – I-R, II-R, III-R;

K. Drugs, intravenous fluids, and supplies – I-R, II-R, III-R; and

L. Intracranial pressure monitoring devices – I-R, II-R.

10. There shall be documentation that all equipment is checked according to the hospital preventive maintenance schedule. (I-R, II-R, III-R)

TITLE 19 – DEPARTMENT OF HEALTH AND SENIOR SERVICES

Division 30 – Division of Regulation and Licensure Chapter 40 – Comprehensive Emergency Medical Services Systems Regulations

ORDER OF RULEMAKING

By the authority vested in the Missouri Department of Health and Senior Services under sections 192.006, and 190.185, RSMo, 2016, and section 190.241, RSMo Supp. 2022, the department amends a rule as follows:

19 CSR 30-40.710 Definitions and Abbreviations Relating to Stroke Centers is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on January 3, 2023 (48 MoReg 56-57). No changes have been made to the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: No comments were received.

TITLE 19 – DEPARTMENT OF HEALTH AND SENIOR SERVICES

Division 30 – Division of Regulation and Licensure Chapter 40 – Comprehensive Emergency Medical Services Systems Regulations

ORDER OF RULEMAKING

By the authority vested in the Missouri Department of Health and Senior Services under sections 190.185 and 192.006, RSMo, 2016, and section 190.241, RSMo Supp. 2022, the department amends a rule as follows:

19 CSR 30-40.720 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on January 3, 2023 (48 MoReg 57-65). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The department received seventeen (17) comments on the proposed amendment.

COMMENT #1: Linde Merrow with Phelps Health commented that the stroke registrar should be allowed to navigate because the stroke registrar is familiar with the chart. Sarah Willson with the Missouri Hospital Association commented that the language prevents a program registrar, visit coordinator and program manager from being able to serve as navigators and prevents the program manager from being able to serve as a visit coordinator. Additionally, Ms. Willson and Ms. Merrow believe this language is unnecessary and burdensome, especially for smaller and rural hospitals and that hospitals should decide who they put into these positions. Carolyn Wells with Liberty Hospital commented that a hospital should not be limited by who it uses to fulfill the navigator role.

RESPONSE: The department understands the frustrations voiced by the commenters. However, the department has mirrored the virtual review process off of the American College of Surgeons' virtual review process which began after COVID-19 limited the ability of reviewers to conduct on-site reviews. Additionally, based on the number of qualified contractors and the number of break-out rooms for the virtual review, it is more efficient and effective to have the stroke program manager, stroke program medical director and the stroke program registrar available to answer the qualified contractors' questions. If any of these individuals are performing the on-site coordinator or staff navigator roles, then they would not be available to answer the qualified contractors' questions because they would be performing the on-site coordinator or staff navigator roles. In the event that the staff navigators for each of the qualified contractors cannot find something, then the stroke registrar, the stroke program manager, and the stroke medical director will be able to answer questions because they will not be performing the staff navigator role for another qualified contractor or the on-site coordinator role. Additionally, there are fewer qualified

contractors required for the smaller and rural hospitals, which are typically level III and IV stroke centers. Therefore, there will be fewer staff navigators required for the smaller and rural hospitals. Virtual stroke reviews for smaller and rural hospitals take no more than one (1) business day to complete. No changes have been made to the rule as a result of this comment.

COMMENT #2: Megan Ashlock with Mercy Hospital St. Louis commented that she would like for the department to add a requirement that STEMI and stroke reviews be at least six (6) months apart, or in separate years for hospitals (STEMI and stroke centers) which have the same STEMI and stroke program managers. The workload to prepare for both reviews in a short timeframe is too much.

RESPONSE: The department understands the commenter's concern. However, given the increased frequency of designation requirements in House Bill 2331 (trauma, stroke, and STEMI centers now all have three (3) year designations), the volume of reviews has substantially increased resulting in less opportunity for flexibility on dates of reviews. To address these concerns, the department will be focusing on recruiting qualified contractors for reviews and conducting reviews before the trauma, stroke, and STEMI center designations expire. No changes have been made to the rule as a result of this comment.

COMMENT #3: Sarah Willson with the Missouri Hospital Association and Linde Merrow with Phelps Health commented that hospitals need more than thirty (30) days to find out if a stroke review will be virtual or on-site. Ms. Willson believes hospitals need to be notified at least ninety (90) days before the review, whether it is virtual or on-site, because a virtual review and an on-site review look very different. Ms. Willson comments that last-minute changes in location should be limited to extraordinary circumstances within the department or the hospital and approved by the department director. Ms. Merrow believes the department should not change the survey from live to virtual because it requires the team to change preparation of the charts at the last minute and resources are limited to make these changes. Ms. Merrow believes that the department should let hospitals know a minimum of thirty (30) days before the review.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees with this comment and will change the thirty (30) day requirement to ninety (90) days in subsection (2)(D). Of note, the increased notification period is likely to result in a greater chance that changes may occur prior to the stroke review. The department is committed to limiting the changes made prior to the stroke review as much as possible. However, many of these changes are anticipated to be out of the department's control.

COMMENT #4: Sarah Willson with the Missouri Hospital Association commented that she is confused as to why there is a live tour of the hospital and then additional language that the department may conduct an in-person tour of the hospital prior to the review to ensure compliance. Linde Merrow with Phelps Health commented that if there are circumstances in which an on-site review needs to occur, then the department needs to list the reasons in the regulation so that everyone can be prepared.

RESPONSE: The live tour will be conducted at the time of the review with the qualified contractors. A department representative may conduct a review of the hospital/stroke center prior to the review in order to evaluate criteria that is more difficult to evaluate with the live tour. This review also helps shorten the virtual review and allows the department

an opportunity to meet with hospital/stroke center staff and answer any questions that the staff might have about the upcoming stroke review. Section 190.241.1, RSMo, allows the department to conduct an on-site stroke review, a virtual review, or a combination of these reviews. No changes were made as a result of this comment.

COMMENT #5: Sarah Willson with the Missouri Hospital Association and Carolyn Wells with Liberty Hospital commented that the department should use its own platform for hospitals to send the department the required HIPAA related materials instead of allowing hospitals to choose which platform it uses to send the department the required documents. Ms. Wells believes that the platform for sharing of care report information should be uniform and consistent for all facilities.

RESPONSE: The department has also received a comment during the formal comment period from a time critical diagnosis hospital commenting that it wants the department to allow hospitals to use their own platforms. Hospitals have their own platforms that they pay for and that their legal departments have approved for the hospitals to use. The department finds that the process becomes less legally cumbersome when the department uses the platforms that the hospitals' attorneys have already consented for the hospital to use to transmit protected health information. No changes were made to the rule as a result of this comment.

COMMENT #6: Sarah Willson with the Missouri Hospital Association commented hospitals should not have to pay qualified contractors until after the review occurs and require the qualified contractor to attest on a separate form to the hospital that the appropriate reports concluding their portion of the survey have been submitted. After receiving this attestation, the hospital will issue payment within thirty (30) days of being issued the invoice receipt. Ms. Willson believes this will fix any delays of the qualified contractors' reports to the department. Ms. Carolyn Wells with Liberty Hospital commented that invoice for payment should be submitted by the qualified contractors thirty (30) days after completion of the on-site/virtual review and not on the day of or prior to the date the review is conducted. Linde Merrow with Phelps Health commented that qualified contractors should not be paid until within thirty (30) days of when the report is submitted by each qualified contractor. Ms. Merrow commented that it would be problematic if the qualified contractor gets paid and the review was not conducted. Ms. Merrow also states that national regulatory bodies do not require payment prior to review.

RESPONSE: This requirement was included to ensure qualified contractors are available and to ensure the long-term viability of their willingness to fulfill the required review. The qualified contractors consist of experienced physicians and nurses in certain specialty areas in stroke who volunteer with the department to conduct stroke reviews with a department representative. The honorarium they receive by the hospitals/stroke centers pursuant to 19 CSR 30-40.720 is a small amount of money as compared to the amount of time and work it takes to prepare for a stroke review, conduct a stroke review and prepare their findings/report for the department following the trauma review. If hospitals/stroke centers begin not paying qualified contractors for their services after a stroke review has occurred, then qualified contractors may not want to continue volunteering as a qualified contractor for the department. The department not having enough qualified contractors to conduct stroke reviews will impair the ability of the department to conduct stroke reviews. The policy goal in ensuring qualified contractors are paid prior to the beginning

of the stroke review is to mitigate turnover among qualified contractors. No changes have been made to the rule as a result of this comment.

COMMENT #7: Maura Gray with the American Heart Association commented that the department should clarify the stroke levels of designation in the alternate pathway by using the terms primary stroke center with thrombectomy capability or a thrombectomy-capable stroke center for a level II designation, primary stroke center for a level III stroke center, and acute stroke-ready for a level IV stroke center.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees to modify the names of level II stroke centers to include thrombectomy-capable stroke centers, thrombectomy ready stroke centers, primary plus stroke centers, and primary stroke centers in paragraph (3)(B)2. and on the Application For Stroke Certified Hospital Designation form. However, no changes will be made to the designations of acute stroke centers and primary stroke centers. The primary stroke center is equivalent to the department's level II stroke center and not the level III stroke center. Similarly, an acute stroke ready center is equivalent to the department's level III stroke center. The department first added primary stroke centers as a level II stroke center and acute stroke ready centers as a level III stroke center based on legislation passed in 2017. While that language was removed in 2022 through legislation, the department believes that a primary stroke center is still equivalent to the department's level II stroke center and an acute stroke ready center is still equivalent to the department's level III stroke center.

COMMENT #8: Sarah Willson with the Missouri Hospital Association commented that she would like the last sentence in subsection (2)(E) (Expiration of the designation shall occur unless the stroke center applies for validation review within this three- (3-) year period and the department is unable to conduct a review before the designation expires) to be broken up into two (2) sentences (Expiration of the designation shall occur unless the stroke center applies for validation review within this three- (3-) year period. The center shall remain designated if the department is unable to conduct a review before the designation expires).

RESPONSE: The department has written this requirement into one (1) sentence and included the word "and" because a hospital/stroke center has to have submitted an application to the department before their designation expires and the department is unable to conduct a review before the designation expires. By breaking this sentence into two (2) sentences as suggested, then it is not clear that both things need to happen in order for the stroke's center's designation not to expire. No changes were made as a result of this comment.

COMMENT #9: Sarah Willson with the Missouri Hospital Association commented that the department as well as national designating bodies require submission of certain documents ahead of the review to allow reviewers time to adequately prepare for the review. Ms. Willson recommends eliminating the requirement to provide access to medical records prior to the stroke reviews. Ms. Willson believes that the reviewers should be able to review records in the same time as a typical state survey. Ms. Willson states national entities have shown the ability to review records for program effectiveness in a timeframe not exceeding that of a typical state survey. Ms. Linde Merrow with Phelps Health commented that hospitals should not have to send chart information before the review. Ms. Merrow states that the department should send a date range that it would like to review and the categories of patients prior to the review and the medical records can be examined

during the days of the review. Ms. Merrow states that policies and procedures may be sent ahead of time. Ms. Merrow states that national virtual review methods are completed virtually at the time of the review.

RESPONSE: The department has required the hospital/stroke centers to provide the department with the required documentation in virtual reviews as set forth in paragraph (2)(I)7. The requested medical records are a very small subset of records as compared to the number of stroke patients that the hospital/stroke center provided care to during the three (3) year designation period. The department modeled its virtual review process after the American College of Surgeons' review process that came about after COVID-19 limited the reviewers' ability to conduct on-site reviews. The department and the qualified contractors need to receive and review this information prior to the review in order to be prepared for the review and for the review to go efficiently and effectively. Virtual reviews take approximately one (1) business day. The qualified contractors in a virtual review are not on-site. Additionally, the reviews are very short compared to most state surveys and the reviewers are qualified contractors, who may or may not, have conducted a previous stroke review with the department. The qualified contractors are not employees of the department. The qualified contractors are volunteers for the review and agree to receive an honorarium from the hospital/stroke center for their time to conduct this review for the department. Therefore, it is extremely important for the department and the qualified contractors to receive documentation and have adequate time to prepare for the review, prior to the review. Failure of the department to allow its qualified contractors time to adequately prepare for a review will likely result in qualified contractors not wanting to review any longer for the department. Ms. Willson and Ms. Merrow do not point out in their comments which national entities have shown the ability to conduct virtual reviews without reviewing documentation prior to the review. It is difficult for the department to understand whether the national entities have similar designation programs, how long the reviews consist of and whether these national entities are not reviewing documentation before virtual reviews or not reviewing documentation before on-site reviews. No changes were made as a result of this comment.

19 CSR 30-40.720 Stroke Center Designation Application and Review

(2) Hospitals requesting to be reviewed and designated as a stroke center by the department shall meet the following requirements:

(D) The department may conduct an on-site review, a virtual review, or a combination thereof on the hospitals/stroke centers. For announced reviews that are scheduled with the hospitals/stroke centers, the department will make the hospitals/stroke centers aware at least ninety (90) days prior to the scheduled review whether the department intends that the review will be conducted on-site and/or virtually. Due to unforeseen circumstances, the department may need to change whether the review is conducted onsite and/or virtually less than ninety (90) days before the announced review. The department will contact the hospitals/stroke centers to make the hospitals/stroke centers aware of any changes about how the review will be conducted, either on-site and/or virtually, and/or when the review will be conducted with as much advance notice as possible prior to the date of the announced review. The different types of reviews to be conducted on hospitals/stroke centers seeking stroke center designation by the department include –

1. An initial review shall occur on a hospital applying to be

initially designated as a stroke center. An initial review shall include interviews with designated hospital staff, a review of the physical plant and equipment, and a review of records and documents as deemed necessary to assure compliance with the requirements of the rules of this chapter. This review may occur on-site and/or virtually;

2. A validation review shall occur on a designated stroke center applying for renewal of its designation as a stroke center. Validation reviews shall occur no less than every three (3) years. A validation review shall include interviews with designated stroke center staff, a review of the physical plant and equipment, and a review of records and documents as deemed necessary to assure compliance with the requirements of the rules of this chapter. This review may occur on-site and/or virtually; and

3. A focus review shall occur on a designated stroke center in which an initial or validation review was conducted and substantial deficiency(ies) were cited. A review of the physical plant will not be necessary unless a deficiency(ies) was cited in the physical plant in the preceding validation review. The focus review team shall be comprised of a representative from the department and may include a qualified contractor(s) with the required expertise to evaluate corrections in areas where deficiencies were cited. This review may occur on-site and/or virtually;

(3) Hospitals seeking stroke center designation by the department based on their current certification or verification as a stroke center by the Joint Commission, DNV-GL Healthcare or Healthcare Facilities Accreditation Program shall meet the following requirements:

(B) Both sections A and B of the application for stroke certified hospital designation form, included herein, shall be complete before the department designates a hospital/stroke center. The department shall notify the hospital/stroke center of any apparent omissions or errors in the completion of the application for stroke certified hospital designation form. Upon receipt of a completed and approved application, the department shall designate such hospital as follows:

1. The department shall designate a hospital a level I stroke center if such hospital has been certified as a comprehensive stroke center by the Joint Commission, DNV-GL Healthcare or Healthcare Facilities Accreditation Program;

2. The department shall designate a hospital a level II stroke center if such hospital has been certified as a primary stroke center, thrombectomy-capable stroke center, thrombectomy ready stroke center, or primary plus stroke center by either the Joint Commission, DNV-GL Healthcare or Healthcare Facilities Accreditation Program; or

3. The department shall designate a hospital a level III stroke center if such hospital has been certified as an acute stroke-ready center by the Joint Commission, DNV-GL Healthcare or Healthcare Facilities Accreditation Program;

MISSOURI DEPARTMENT OF HEALTH AND SENIOR SERVICES
SECTION OF HEALTH STANDARDS AND LICENSURE

APPLICATION FOR STROKE CERTIFIED HOSPITAL DESIGNATION

SECTION A		
In accordance with the requirements of the Chapter 190, RSMo, and the applicable regulations, this application is hereby submitted for designation as a stroke center. Please complete all information.		ORGANIZATION'S STROKE IDENTIFICATION NO.
CURRENT STROKE CERTIFICATION ORGANIZATION <input type="checkbox"/> The Joint Commission <input type="checkbox"/> DNV-GL Healthcare <input type="checkbox"/> Healthcare Facilities Accreditation Program		
CURRENT STROKE CERTIFICATION LEVEL <input type="checkbox"/> Comprehensive Stroke Center <input type="checkbox"/> Thrombectomy–Capable Stroke Center <input type="checkbox"/> Thrombectomy–Ready Stroke Center <input type="checkbox"/> Primary Plus Stroke Center <input type="checkbox"/> Primary Stroke Center <input type="checkbox"/> Acute Stroke-Ready Center

TITLE 19 – DEPARTMENT OF HEALTH AND SENIOR SERVICES**Division 30 – Division of Regulation and Licensure
Chapter 40 – Comprehensive Emergency Medical Services Systems Regulations****ORDER OF RULEMAKING**

By the authority vested in the Missouri Department of Health and Senior Services under sections 192.006 and 190.185, RSMo, 2016, and section 190.241, RSMo Supp. 2022, the department amends a rule as follows:

19 CSR 30-40.730 Standards for Stroke Center Designation is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on January 3, 2023 (48 MoReg 66-69). No changes have been made to the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The department received one (1) comment on the proposed amendment.

COMMENT #1: Sarah Willson with the Missouri Hospital Association does not agree with the department stripping the educational requirements and does not believe that House Bill 2331 requires the department to strip away the educational requirements in the manner that it did. Ms. Willson believes that stripping educational requirements is inconsistent with ensuring a quality program capable of delivering outcomes for patients to enhance health.

RESPONSE: The department understands Ms. Willson's concerns. The department also believes that stroke continuing education is extremely important for all stroke center staff to have in order to provide the best care possible to stroke patients. However, House Bill 2331 made changes to section 190.241.8, RSMo, and now requires the department to make education requirements for nurses who provide care at facilities designated as stroke centers by the department mirror, but not exceed, those established by national designating or verifying bodies of stroke centers. Section 190.241.8, RSMo, also prohibits or limits the department from requiring continuing education for some physicians. The Joint Commission, DNV-GL Healthcare and Healthcare Facilities Accreditation Program are nationally designated verifying bodies for stroke centers. The department has mirrored, but not exceeded, the continuing education requirements from these national verifying bodies as compared to the comparable level of state stroke center. When there were differences between the national verifying bodies, then the department went with the minimum amount because the department is required to mirror, but not exceed the continuing education requirements of national designating bodies. No changes have been made to the rule as a result of this comment.

TITLE 19 – DEPARTMENT OF HEALTH AND SENIOR SERVICES**Division 30 – Division of Regulation and Licensure
Chapter 40 – Comprehensive Emergency Medical Services Systems Regulations****ORDER OF RULEMAKING**

By the authority vested in the Missouri Department of Health

and Senior Services under sections 192.006 and 190.185, RSMo, 2016, and section 190.241, RSMo Supp. 2022, the department amends a rule as follows:

19 CSR 30-40.740 Definitions and Abbreviations Relating to ST-Segment Elevation Myocardial Infarction (STEMI) Centers is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on January 3, 2023 (48 MoReg 69). No changes have been made to the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: No comments were received.

TITLE 19 – DEPARTMENT OF HEALTH AND SENIOR SERVICES**Division 30 – Division of Regulation and Licensure
Chapter 40 – Comprehensive Emergency Medical Services Systems Regulations****ORDER OF RULEMAKING**

By the authority vested in the Missouri Department of Health and Senior Services under sections 190.185 and 192.006, RSMo, 2016, and section 190.241, RSMo Supp. 2022, the department amends a rule as follows:

19 CSR 30-40.750 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on January 3, 2023 (48 MoReg 69-76). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The department received seventeen (17) comments on the proposed amendment.

COMMENT #1: Megan Ashlock with Mercy Hospital St. Louis commented that hospitals should be able to pick whoever they deem competent to be chart navigators, especially the registrar. Sarah Willson with the Missouri Hospital Association also commented that the virtual review process is too prescriptive. Ms. Willson commented that the language prevents a program registrar, visit coordinator, and program manager from being able to serve as navigators and prevents the program manager from being able to serve as a visit coordinator. Additionally, Ms. Willson believes this language is unnecessary and burdensome, especially for smaller and rural hospitals and that hospitals should decide who they put into these positions.

RESPONSE: The department understands the frustrations voiced by the commenters. However, the department has mirrored the virtual review process off of the American College of Surgeons' virtual review process which began after COVID-19 limited the ability of reviewers to conduct on-site reviews. Additionally, based on the number of qualified contractors and the number of break-out rooms for the virtual review, it is more efficient and effective to have the STEMI program manager, STEMI program medical director, and the STEMI program registrar available to answer the qualified contractors' questions. If any of these individuals are performing the on-site coordinator or staff navigator roles, then they would not be available to answer the qualified

contractors' questions because they would be performing the on-site coordinator or staff navigator roles. In the event that the staff navigators for each of the qualified contractors cannot find something, then the STEMI registrar, the STEMI program manager, and the STEMI medical director will be able to answer questions because they will not be performing the staff navigator role for another qualified contractor or the on-site coordinator role. Additionally, there are fewer qualified contractors required for the smaller and rural hospitals, which are typically Level III and IV STEMI centers. Therefore, there will be fewer staff navigators required for the smaller and rural hospitals. Virtual STEMI reviews for smaller and rural hospitals take no more than one (1) business day to complete. No changes have been made to the rule as a result of this comment.

COMMENT #2: Megan Ashlock with Mercy Hospital St. Louis commented that the department should remove the preconference call and just encourage STEMI programs to reach out if they are having any difficulties with the platform. RESPONSE: The department believes it is important to keep the pre-review call in order to answer questions and to handle any issues before the review occurs. Pre-review calls ensure the review goes more smoothly between all parties. No changes have been made to the rule as a result of this comment.

COMMENT #3: Megan Ashlock with Mercy Hospital St. Louis commented that she would like for the department to add a requirement that STEMI and stroke reviews be at least six (6) months apart, or in separate years for hospitals (STEMI and stroke centers) which have the same STEMI and stroke program managers. The workload to prepare for both reviews in a short timeframe is too much.

RESPONSE: The department understands the commenter's concern. However, given the increased frequency of designation requirements in House Bill 2331 (trauma, stroke, and STEMI centers now all have three (3) year designations), the volume of reviews has substantially increased resulting in less opportunity for flexibility on dates of reviews. To address these concerns, the department will be focusing on recruiting qualified contractors for reviews and conducting reviews before the trauma, stroke, and STEMI center designations expire. No changes have been made to the rule as a result of this comment.

COMMENT #4: Sarah Willson with the Missouri Hospital Association commented that hospitals need more than thirty (30) days to find out if a STEMI review will be virtual or in person. Ms. Willson believes hospitals need to be notified at least ninety (90) days before the review, whether it is virtual or on-site, because a virtual review and an on-site review look very different. Ms. Willson comments that last-minute changes in location should be limited to extraordinary circumstances within the department or the hospital and approved by the department director.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees with this comment and will change the thirty (30) day requirement to ninety (90) days in subsection (2)(D). Of note, the increased notification period is likely to result in a greater chance that changes may occur prior to the STEMI review. The department is committed to limiting the changes made prior to the STEMI review as much as possible. However, many of these changes are anticipated to be out of the department's control.

COMMENT #5: Sarah Willson with the Missouri Hospital Association commented that she is confused as to why there is a live tour of the hospital and then additional language that

the department may conduct an in-person tour of the hospital prior to the review to ensure compliance.

RESPONSE: The live tour will be conducted at the time of the review with the qualified contractors. A department representative may conduct a review of the hospital/STEMI center prior to the review in order to evaluate criteria that is more difficult to evaluate with the live tour. This review also helps shorten the virtual review and allows the department an opportunity to meet with hospital/STEMI center staff and answer any questions that the staff might have about the upcoming STEMI review. Section 190.241.1, RSMo, allows the department to conduct an on-site STEMI review, a virtual review or a combination of these reviews. No changes were made as a result of this comment.

COMMENT #6: Sarah Willson with the Missouri Hospital Association commented that the department should use its own platform for hospitals to send the department the required HIPAA related materials instead of allowing hospitals to choose which platform it uses to send the department the required documents. Megan Ashlock with Mercy Hospital St. Louis commented that hospitals should be able to use any platform they deem suitable in order to share patient information. Ms. Ashlock commented that hospitals have to go through the information technology group at the hospital to change platforms.

RESPONSE: The department agrees with Ms. Ashlock's comment and has allowed the hospital in the proposed amendment language to use its own platform that is compliant with state and federal laws regarding protected health information in subsection (2)(I). Hospitals have their own platforms that they pay for and that their legal departments and information technology departments have approved for the hospitals to use. The department finds that the process becomes less legally cumbersome when the department uses the platforms that the hospitals' attorneys have already consented for the hospital to use to transmit protected health information. No changes were made to the rule as a result of this comment.

COMMENT #7: Sarah Willson with the Missouri Hospital Association commented hospitals should not have to pay qualified contractors until after the review occurs and require the qualified contractor attest on a separate form to the hospital that the appropriate reports concluding their portion of the survey have been submitted. After receiving this attestation, the hospital will issue payment within thirty (30) days of being issued the invoice receipt. Ms. Willson believes this will fix any delays of the qualified contractors' reports to the department.

RESPONSE: This requirement was included to ensure qualified contractors are available and to ensure the long-term viability of their willingness to fulfill the required review. The qualified contractors consist of experienced physicians and nurses in certain specialty areas in STEMI who volunteer with the department to conduct STEMI reviews with a department representative. The honorariums they receive by the hospitals/STEMI centers pursuant to 19 CSR 30-40.750 are a small amount of money as compared to the amount of time and work it takes to prepare for a STEMI review, conduct a STEMI review and prepare their findings/report for the department following the STEMI review. If hospitals/STEMI centers begin not paying qualified contractors for their services after a STEMI review has occurred, then qualified contractors may not want to continue volunteering as a qualified contractor for the department. The department not having enough qualified contractors to conduct STEMI reviews will impair the ability of the department to conduct STEMI reviews. The policy goal in ensuring qualified contractors are paid prior to the beginning

of the STEMI review is to mitigate turnover among qualified contractors. No changes have been made to the rule as a result of this comment.

COMMENT #8: Maura Gray with the American Heart Association, Mary Wei with the Joint Commission, Meghan Ashlock with Mercy Hospital Saint Louis, Sarah Willson with the Missouri Hospital Association and Jesse Hatfield, Jose De Hoyos, Jeremy Drinkwitz, and Rita Stiles with Mercy Hospital Joplin all commented that the department should recognize the new Comprehensive Heart Attack Center certification by Joint Commission as a level I STEMI center in the alternate pathway designation process instead of a level II STEMI center. The commenters believe that the requirements to be a Comprehensive Heart Attack Center certified by Joint Commission for STEMI are the same as the requirements to be a Comprehensive Cardiac Center certification and a level I department designated center. In her comment letter, Ms. Wei discusses various eligibility criteria for the Comprehensive Heart Attack Center certification. Ms. Wei explains that the Comprehensive Heart Attack Center requirements were developed to address STEMI and acute coronary syndrome care. Ms. Wei believes that based on the department's definition of its level I STEMI centers, then she sees the expectation for the department's level I STEMI centers to be able to provide total care for every aspect of STEMI and conduct research. Sarah Willson with the Missouri Hospital Association believes that both the Comprehensive Cardiac Center certification and the Comprehensive Heart Attack Center certifications recognize a hospital as the end destination for STEMI care.

RESPONSE: The department understands the commenters' reasons for requesting that a Comprehensive Heart Attack Center be added by the department as a level I STEMI center in the alternate pathway designation process. The department appreciates the Joint Commission providing information and answers to several of the department's questions to distinguish any relevant differences between the new Comprehensive Heart Attack Center certification by Joint Commission as compared to the Comprehensive Cardiac Center certification by Joint Commission and the level I STEMI center designation by the department. The department has reviewed the information included by Joint Commission in its original comment letter to the department and the additional information that Joint Commission provided to the department at the department's request. After reviewing this information, the department finds that there are some integral differences between the new Comprehensive Heart Attack Center certification by Joint Commission as compared to the Comprehensive Cardiac Center certification by Joint Commission that the department recognizes as a level I STEMI center and the department's requirements for department designated level I STEMI centers. These differences indicate the new Comprehensive Heart Attack Centers are not the end designation for STEMI patients. An example of some of these differences, other than research, include the fact that a Comprehensive Heart Attack Center must have a contingency plan for when primary percutaneous coronary interventions or cardiac surgery is unable to be performed. In contrast, level I department designated centers are not allowed to have a back-up plan as these centers cannot transfer STEMI patients to any other STEMI center because the level I department designated centers are required to have staff available and/or back-ups available in order to meet all the needs of a STEMI patient. This contingency plan language is not included in the Comprehensive Cardiac Center requirements from Joint Commission either. Another example is that Comprehensive Heart Attack Centers potentially only provide short term treatment for STEMI patients who experience STEMI

complications. In contrast, level I STEMI designated centers are required to treat STEMI complications whether that be short-term or long-term. The department's definition of a level I STEMI center in 19 CSR 30-40.740(1)(BBB)1. explains that level I STEMI centers are receiving centers staffed and equipped to provide total care for every aspect of STEMI care, including care for those patients with complications. The department understands that STEMI patients who experience complications may be transferred out of both Comprehensive Cardiac Centers and Comprehensive Heart Attack Centers to another hospital which can provide long term treatment of patients with STEMI complications. However, the department did not evaluate the criteria of the Comprehensive Cardiac Centers as compared to department designated level I STEMI centers when approving Comprehensive Cardiac Centers to be a level I STEMI center. The department was required by legislation (Senate bill 50) passed in 2017 to make the Comprehensive Cardiac Centers a level I STEMI center if such hospitals have been certified as a Joint Commission Comprehensive Cardiac Center, even if the Joint Commission Comprehensive Cardiac Center was not equivalent to the department's level I STEMI designated center. Therefore, the department does not agree that a Comprehensive Heart Attack Center is equivalent to the department's level I STEMI center designation because it is not required to be able to adequately treat STEMI patients with complications for more than short-term. The department believes the designations should remain equivalent between the levels of department designated STEMI centers and alternate pathway STEMI designated centers in order to make the transporting of patients to STEMI centers consistent in the system of STEMI care and to ensure that level I STEMI centers are comprehensive STEMI centers which are able to treat all of the needs of STEMI patients, including the needs of those STEMI patients with complications. Level I STEMI centers are the end receiving center in the STEMI system of care. Level I STEMI centers should be able to take care of all the needs of the STEMI patients including those with complications and not have to transfer to a higher level of care. The Comprehensive Heart Attack Centers are not the end receiving center, including for those STEMI patients experiencing complications. These are some of the reasons why the department believes that Comprehensive Heart Attack Centers are equivalent to a level II department designated STEMI center and not a level I department designated STEMI center. No changes were made as a result of this comment.

COMMENT #9: Sarah Willson with the Missouri Hospital Association commented that she would like the last sentence in subsection (2)(E) (Expiration of the designation shall occur unless the STEMI center applies for validation review within this three- (3-) year period and the department is unable to conduct a review before the designation expires) to be broken up into two sentences (Expiration of the designation shall occur unless the STEMI center applies for validation review within this three- (3-) year period. The center shall remain designated if the department is unable to conduct a review before the designation expires).

RESPONSE: The department has written the sentence into one (1) sentence and included the word "and" because a hospital/STEMI center has to have submitted an application to the department before their designation expires and the department is unable to conduct a review before the designation expires. By breaking this sentence into two (2) sentences as suggested, then it is not clear that both things need to happen in order for the STEMI center's designation not to expire. No changes were made as a result of this comment.

COMMENT #10: Sarah Willson with the Missouri Hospital

Association commented that the department as well as national designating bodies require submission of certain documents ahead of the review to allow reviewers time to adequately prepare for the review. Ms. Willson recommends eliminating the requirement to provide access to medical records prior to the stroke and STEMI reviews. Ms. Willson believes that the reviewers should be able to review records in the same time as a typical state survey. Ms. Willson states national entities have shown the ability to review records for program effectiveness in a timeframe not exceeding that of a typical state survey.

RESPONSE: The department has required the hospital/STEMI centers to provide the department with the required documentation in virtual reviews as set forth in paragraph (2)(l)7. The requested medical records are a very small subset of records as compared to the number of STEMI patients that the hospital/STEMI center provided care to during the three (3) year designation period. The department modeled its virtual review process after the American College of Surgeons' review process that came about after COVID-19 limited the reviewers' ability to conduct on-site reviews. The department and the qualified contractors need to receive and review this information prior to the review in order to be prepared for the review and for the review to go efficiently and effectively. Virtual reviews take approximately one (1) business day. The qualified contractors in a virtual review are not on-site. Additionally, the reviews are very short compared to most state surveys and the reviewers are qualified contractors, who may or may not, have conducted a previous STEMI review with the department. The qualified contractors are not employees of the department. The qualified contractors are volunteers for the review and agree to receive an honorarium from the hospital/STEMI center for their time to conduct this review for the department. Therefore, it is extremely important for the department and the qualified contractors to receive documentation and have adequate time to prepare for the review, prior to the review. Failure of the department to allow its qualified contractors time to adequately prepare for a review will likely result in qualified contractors not wanting to review any longer for the department. Ms. Willson does not point out in her comment which national entities have shown the ability to conduct virtual reviews without reviewing documentation prior to the review. It is difficult for the department to understand whether the national entities have similar designation programs, how long the reviews consist of, and whether these national entities are not reviewing documentation before virtual reviews or not reviewing documentation before on-site reviews. No changes were made as a result of this comment.

COMMENT #11: Mary Wei with Joint Commission commented that she applauds the department for including a virtual review process for state designation in 19 CSR 30-40.750.

RESPONSE: No changes were made as a result of this comment.

19 CSR 30-40.750 ST-Segment Elevation Myocardial Infarction (STEMI) Center Designation Application and Review

(2) Hospitals requesting to be reviewed and designated as a STEMI center by the department shall meet the following requirements:

(D) The department may conduct an onsite review, a virtual review or a combination thereof on the hospitals/STEMI centers. For announced reviews that are scheduled with the hospitals/STEMI centers, the department will make the hospitals/STEMI centers aware at least ninety (90) days prior to the scheduled review whether the department intends that the review

will be conducted onsite and/or virtually. Due to unforeseen circumstances, the department may need to change whether the review is conducted onsite and/or virtually less than ninety (90) days before the announced review. The department will contact the hospitals/STEMI centers to make the hospitals/STEMI centers aware of any changes about how the review will be conducted, either onsite and/or virtually, and/or when the review will be conducted with as much advance notice as possible prior to the date of the announced review. The different types of reviews to be conducted on hospitals/STEMI centers seeking STEMI center designation by the department include –

1. An initial review shall occur on a hospital applying to be initially designated as a STEMI center. An initial review shall include interviews with designated hospital staff, a review of the physical plant and equipment, and a review of records and documents as deemed necessary to assure compliance with the requirements of the rules of this chapter. This review may occur onsite and/or virtually;

2. A validation review shall occur on a designated STEMI center applying for renewal of its designation as a STEMI center. Validation reviews shall occur no less than every three (3) years. A validation review shall include interviews with designated STEMI center staff, a review of the physical plant and equipment, and a review of records and documents as deemed necessary to assure compliance with the requirements of the rules of this chapter. This review may occur on-site and/or virtually; and

3. A focus review shall occur on a designated STEMI center in which an initial or validation review was conducted and substantial deficiency(ies) were cited. A review of the physical plant will not be necessary unless a deficiency(ies) was cited in the physical plant in the preceding validation review. The focus review team shall be comprised of a representative from the department and may include a qualified contractor(s) with the required expertise to evaluate corrections in areas where deficiencies were cited. This review may occur on-site and/or virtually;

TITLE 19 – DEPARTMENT OF HEALTH AND SENIOR SERVICES

Division 30 – Division of Regulation and Licensure Chapter 40 – Comprehensive Emergency Medical Services Systems Regulations

ORDER OF RULEMAKING

By the authority vested in the Missouri Department of Health and Senior Services under section 190.185, RSMo, 2016, and section 190.241, RSMo Supp. 2022, the department amends a rule as follows:

19 CSR 30-40.760 Standards for ST-Segment Elevation Myocardial Infarction (STEMI) Center Designation is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on January 3, 2023 (48 MoReg 77-80). No changes have been made to the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The department received one (1) comment on the proposed amendment.

COMMENT #1: Sarah Willson with the Missouri Hospital Association commented that she does not agree with the

department stripping the educational requirements and does not believe that House Bill 2331 requires the department to strip away the educational requirements in the manner that it did. Ms. Willson believes that stripping educational requirements is inconsistent with ensuring a quality program capable of delivering outcomes for patients to enhance health. RESPONSE: The department understands Ms. Willson's concerns. The department also believes that STEMI continuing education is extremely important for all STEMI center staff to have in order to provide the best care possible to STEMI patients. However, House Bill 2331 made changes to section 190.241.8, RSMo and now requires the department to make education requirements for nurses who provide care at facilities designated as STEMI centers by the department to mirror, but not exceed, those established by national designating or verifying bodies of trauma centers. Section 190.241.8, RSMo, also prohibits or limits the department from requiring continuing education for some physicians. The American Heart Association, the American College of Cardiology and the Joint Commission, are nationally designated verifying bodies for STEMI centers. The department has mirrored, but not exceeded, the continuing education requirements from these national verifying bodies as compared to the comparable level of state STEMI center. When there were differences between the national verifying bodies, then the department went with the minimum amount because the department is required to mirror, but not exceed the continuing education requirements of national designating bodies. No changes have been made to the rule as a result of this comment.

TITLE 19 – DEPARTMENT OF HEALTH AND SENIOR SERVICES

Division 30 – Division of Regulation and Licensure Chapter 40 – Comprehensive Emergency Medical Services Systems Regulations

ORDER OF RULEMAKING

By the authority vested in the Missouri Department of Health and Senior Services under sections 190.185, RSMo, 2016, and sections 190.200 and 190.243, RSMo Supp. 2022, the department adopts a rule as follows:

19 CSR 30-40.792 Adult Trauma and Pediatric Field Triage and Transport Protocol **is adopted.**

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on January 3, 2023 (48 MoReg 80-85). No changes have been made to the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: No comments were received.

Construction Transient Employer Listing

The following is a list of all construction contractors performing work on construction projects in Missouri who are known by the Department of Revenue to be transient employers pursuant to Section 285.230, RSMo. This list is provided as a guideline to assist public bodies with their responsibilities under this section that states, "any county, city, town, village or any other political subdivision which requires a building permit for a person to perform certain construction projects shall require a transient employer to show proof that the employer has been issued a tax clearance and has filed a financial assurance instrument as required by Section 285.230 before such entity issues a building permit to the transient employer."

The Secretary of State is required by sections 347.141 and 359.481, RSMo, to publish dissolutions of limited liability companies and limited partnerships. The content requirements for the one-time publishing of these notices are prescribed by statute. This listing is published pursuant to these statutes. We request that documents submitted for publication in this section be submitted in camera ready 8 1/2" x 11" manuscript by email to adrules.dissolutions@sos.mo.gov.

**NOTICE OF WINDING UP OF LIMITED LIABILITY COMPANY
TO ALL CREDITORS AND CLAIMANTS AGAINST ROTOGRAVURE LLC**

Notice is hereby given that ROTOGRAVURE LLC, a Missouri limited liability company (the "Company"), is being liquidated and dissolved pursuant to the Missouri Limited Liability Company Act (the "Act"). This notice is being given pursuant to Section 347.141 of the Act.

All persons with claims against the Company should submit them in writing in accordance with this notice to: Vatterott Harris P.C., Attn: Paul J. Harris, 2458 Old Dorsett Road, Suite 230, Maryland Heights, MO 63043.

Claims against the Company must include: (1) the claimant's name, address and phone number, (2) the amount claimed, (3) the date the claim arose, (4) the basis of the claim, and (5) documentation supporting the claim.

A claim against the Company will be barred unless a proceeding to enforce the claim is enforced within three years after the publication of this notice.

**NOTICE OF WINDING UP OF LIMITED LIABILITY COMPANY TO ALL
CREDITORS OF AND CLAIMS AGAINST DENLAW, LLC**

On January 24, 2023, DENLAW, LLC, filed its Notice of Winding Up for Limited Liability Company with the Missouri Secretary of State.

The Company requests that all persons and organizations who have claims against it present them immediately by letter to Francine Lennaman, 1223 Somerset Field Drive, Chesterfield, Missouri 63005.

All claims must include the following information:

1. The name and current address of claimant;
2. The amount claimed;
3. A clear and concise statement of the facts supporting the claim, and;
4. The date the claim was incurred.

All claims against the Company will be barred unless a proceeding to enforce the claim is commenced within three years after publication of this notice.

**NOTICE OF WINDING UP TO ALL CREDITORS OF AND CLAIMANTS AGAINST
ASH GROVE IRON WORKS, LLC**

On March 6, 2023, Ash Grove Iron Works, LLC, filed its Notice of Winding Up for Ash Grove Iron Works, LLC with the Missouri Secretary of State. Ash Grove Iron Works, LLC, requests that all persons and organizations who have claims against it present them immediately by letter to Ash Grove Iron Works, LLC, c/o Kory D. Stubblefield, Stubblefield Law, 1903 E. Battlefield Road, Springfield, Missouri 65804.

All claims must include the following information: (a) name and address of the claimant, (b) the amount claimed, (c) date on which the claim arose, (d) basis for the claim and documentation thereof, and (e) whether or not the claim was secured and, if so, the collateral used as security.

All claims against Ash Grove Iron Works, LLC, will be barred unless a proceeding to enforce the claim is commenced within two (2) years after the date of publication of this notice.

**NOTICE OF WINDING UP TO ALL CREDITORS OF AND CLAIMANTS AGAINST
SLUSHERART, LLC**

On March 10, 2023, SlusherArt, LLC, a Missouri limited liability company, Charter Number LC001493065 (the "Company"), filed its Notice of Winding Up with the Missouri Secretary of State, effective as of the filing date.

All persons or organizations having claims against the Company are required to present them immediately in writing to: Kirkland Woods & Martinsen LLP, Attn: Alice M. Haseltine, 5901 College Blvd, Suite 280, Overland Park, Kansas 66211.

Each claim must include: (1) claimant's name and current address; (2) the amount claimed; (3) the date the claim was incurred; and (4) a clear and concise statement of the facts supporting the claim.

NOTE: CLAIMS AGAINST THE COMPANY WILL BE BARRED UNLESS A PROCEEDING TO ENFORCE THE CLAIM IS COMMENCED WITHIN THREE (3) YEARS AFTER THE PUBLICATION OF THIS NOTICE.

**NOTICE OF WINDING UP TO ALL CREDITORS OF AND CLAIMANTS AGAINST
ALL EYEZ ON ME, LLC**

On March 10, 2023, All Eyez On Me, LLC, a Missouri limited liability company, Charter Number LC1293351 (the "Company"), filed its Notice of Winding Up with the Missouri Secretary of State, effective as of the filing date.

All persons or organizations having claims against the Company are required to present them immediately in writing to: Kirkland Woods & Martinsen LLP, Attn: Alice M. Haseltine, 5901 College Blvd, Suite 280, Overland Park, Kansas 66211.

Each claim must include: (1) claimant's name and current address; (2) the amount claimed; (3) the date the claim was incurred; and (4) a clear and concise statement of the facts supporting the claim.

NOTE: CLAIMS AGAINST THE COMPANY WILL BE BARRED UNLESS A PROCEEDING TO ENFORCE THE CLAIM IS COMMENCED WITHIN THREE (3) YEARS AFTER THE PUBLICATION OF THIS NOTICE.

**NOTICE OF DISSOLUTION AND WINDING UP TO ALL
CREDITORS OF AND CLAIMANTS AGAINST GARDEN & GREEN, LLC**

On March 24, 2023, Garden & Green, LLC, filed its Notice of Winding Up for Limited Liability Company and its Articles of Termination with the Missouri Secretary of State. The dissolution was effective March 24, 2023. You are hereby notified that if you believe you have a claim against Garden & Green, LLC, you must submit a summary in writing of the circumstances surrounding your claim to the corporation at the following address:

Garden & Green, LLC
c/o Casey E. Elliott
Van Matre Law Firm, P.C.
1103 East Broadway
Columbia, MO 65201

The summary of your claim must include the following information: (1) the name, address and telephone number of the claimant; (2) the amount of the claim; (3) the date on which the event on which the claim is based occurred; and (4) a brief description of the nature of the debt or the basis for the claim.

All claims against Garden & Green, LLC, will be barred unless the proceeding to enforce the claim commences within two years after the publication of this notice.

**NOTICE OF DISSOLUTION OF CORPORATION TO ALL CREDITORS OF
AND CLAIMANTS AGAINST COYOTECO, INC.**

On March 6, 2023, CoyoteCo, Inc., a Missouri corporation ("Company"), filed its Articles of Dissolution with the Missouri Secretary of State. You are hereby notified that if you believe you have a claim against the Company, you must submit a written claim to Brian Gainey, 366 Oakview Estates, Labadie, Missouri 63055. Each claim must include the, name, address, and telephone number of the claimant; the amount of the claim; the date of the event on which the claim is based occurred; whether the claim is secured, and if so, the nature of the security; and the documentation of the claim. ALL CLAIMS AGAINST THE COMPANY WILL BE BARRED

UNLESS A PROCEEDING TO ENFORCE THE CLAIM IS COMMENCED AGAINST THE COMPANY WITHIN TWO (2) YEARS AFTER THE PUBLICATION OF THIS NOTICE.

**NOTICE OF DISSOLUTION OF CORPORATION TO ALL CREDITORS OF
AND CLAIMANTS AGAINST NORTH OAKS GROUP, INC.**

North Oaks Group, Inc., a Missouri corporation (the "Corporation"), was dissolved on December 19, 2022 by filing Articles of Dissolution with the Missouri Secretary of State. The Corporation requests all persons and entities with claims against the Corporation present them in writing by mail to North Oaks Group, Inc., c/o Jenkins & Kling, P.C., 150 N. Meramec Ave., Suite 400, St. Louis, Missouri 63105. Each claim must include:

1. The name, address, and telephone number of the claimant;
2. The amount of the claim;
3. The basis of the claim;
4. The date(s) of the event(s) on which the claim is based occurred; and
5. Documentation in support of the claim.

NOTICE: Any and all claims against the Corporation will be barred unless a proceeding to enforce the claim is commenced within two (2) years after the publication of this notice.

**NOTICE OF WINDING UP FOR LIMITED LIABILITY COMPANY
TO ALL CREDITORS AND CLAIMANTS AGAINST PLANT DESIGN AND CARE, LLC**

On 12/30/22, Plant Design and Care, LLC., a Missouri limited liability company (hereafter the "Company"), filed its notice with the Missouri Secretary of State.

Any claims against the Company may be sent to Robert G. Richars, Esq. at 3028 Royal Highlands Drive, St. Louis, MO 63129. Each claim must include the following information: name, address, and telephone number of the claimant; amount of the claim; date at which the claim arose; basis for the claim; and documentation to support the claim.

All claims against the Company will be barred unless the proceeding to enforce the claim is commenced within three years after the publication of this notice.

This cumulative table gives you the latest status of rules. It contains citations of rulemakings adopted or proposed after deadline for the monthly Update Service to the *Code of State Regulations*. Citations are to volume and page number in the *Missouri Register*, except for material in this issue. The first number in the table cite refers to the volume number or the publication year – 47 (2022) and 48 (2023). MoReg refers to *Missouri Register* and the numbers refer to a specific *Register* page, R indicates a rescission, W indicates a withdrawal, S indicates a statement of actual cost, T indicates an order terminating a rule, N.A. indicates not applicable, RAN indicates a rule action notice, RUC indicates a rule under consideration, and F indicates future effective date.

Rulemaking Classes

Are you new to rulemaking or in need of a refresher course to assist you in filing rules or understanding the rulemaking process?

The Administrative Rules Division offers group and individual classes for rule drafting and preparation of rule packets. Please call Curtis at (573) 751-2022 or email curtis.treat@sos.mo.gov to schedule a class.

We offer both in-person and virtual classes.
