HOW TO CITE RULES AND RSMO

RULES

The rules are codified in the *Code of State Regulations* in this system—

Title	CSR	Division	Chapter	Rule
3 Department	<i>Code of State Regulations</i>	10- Agency division	4 General area regulated	115 Specific area regulated

and should be cited in this manner: 3 CSR 10-4.115.

Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraphs 1., subparagraphs A., parts (I), subparts (a), items I. and subitems a.

The rule is properly cited by using the full citation; for example, 3 CSR 10-4.115, NOT Rule 10-4.115.

Citations of RSMo are to the *Missouri Revised Statutes* as of the date indicated.

Code and Register on the Internet

The *Code of State Regulations* and *Missouri Register* are available on the Internet.

The *Code* address is sos.mo.gov/adrules/csr/csr

The *Register* address is sos.mo.gov/adrules/moreg/moreg

These websites contain rulemakings and regulations as they appear in the *Code* and *Registers*.

Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety, or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the Missouri and the United States Constitutions; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons, and findings which support its conclusion that there is an immediate danger to the public health, safety, or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten (10) business days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the Missouri Register as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

**TITLE 5 – DEPARTMENT OF ELEMENTARY AND
SECONDARY EDUCATION**

Division 25 – Office of Childhood

Chapter 100 – Early Childhood Development

EMERGENCY RULE

5 CSR 25-100.340 Early Childhood Education Standards

PURPOSE: This rule establishes policies and standards for state-funded prekindergarten education program grants.

EMERGENCY STATEMENT: This emergency rule establishes the policies and standards for prekindergarten education programs that receive state funding. This emergency rule is necessary to increase the number of quality prekindergarten education programs operated by child care facilities or by local education agencies to be funded during the 2024 fiscal year. Missouri currently has a shortage of highly qualified, certified teachers. In 2021, the State Board of Education (State Board) authorized an emergency amendment to 5 CSR 20-400.220 to immediately address severe educator staffing challenges. Similarly, this emergency rule addresses educator staffing shortages of certified prekindergarten programs to address a child care crisis that has

*developed for Missouri's families. Current data reflect over half of Missouri's children are not ready for school and are in need of quality and safe kindergarten programming. The emergency rule is also necessary to provide quality prekindergarten education meeting the needs of House Bill 2, Section 2.017 and House Bill 20.223, to be delivered in Fiscal Year 2024. Both provisions require the expanded definitions outlined in the emergency rule. The Department of Elementary and Secondary Education (department) finds this emergency rule is necessary to protect the health, safety, and welfare of students by increasing access to quality and safe prekindergarten programming. A proposed rule that covers the same material is published in this issue of the **Missouri Register**. The scope of this emergency rule is limited to the circumstances creating the emergency and complies with the protections extended in the **Missouri and United States Constitutions**. The Department of Elementary and Secondary Education believes this emergency rule is fair to all interested persons and parties under the circumstances. Emergency rule was filed December 6, 2023, becomes effective December 20, 2023, and expires June 16, 2024.*

(1) Any program that receives state funding to deliver prekindergarten education shall meet the following quality early childhood education (ECE) standards:

(A) The prekindergarten program shall include

1. Voluntary, universal access for all children to participate;
2. A schedule that identifies daily instructional time and the duration of the academic year;
3. A work schedule for the teachers that covers the entire instructional time identified in the annual calendar and daily schedule; and
4. The daily work schedule for qualified teaching assistant(s) or paraprofessional(s) that must cover the entire instructional time identified in the annual calendar and daily schedule.

(B) The program shall use a comprehensive department-approved curriculum or department-approved supplemental curriculum that aligns with all areas of the Missouri Early Learning Standards.

(C) The program shall conduct assessments aligned with the Missouri Early Learning Standards.

(D) Any teacher in a prekindergarten classroom shall have –

1. A current Missouri early childhood or early childhood special education teaching certificate;
2. A Bachelor's degree or higher in ECE, early childhood special education, or child development;
3. A Bachelor's degree or higher in any field with a minimum of thirty-six (36) college credit hours in ECE or child development; or
4. An Associate's degree in ECE or child development; Associate's degree in any field with a minimum of eighteen (18) college credit hours in ECE or child development; or sixty (60) college credit hours with a minimum of twenty-four (24) college credits in ECE or child development with –

A. Active enrollment in pursuit of one of the credentials listed in paragraphs (1)(D)1.-3., and

B. Teaching under the supervision and mentorship of an individual who meets one of the credentials listed in paragraphs (1)(D)1.-3.

(E) Any prekindergarten classroom with eleven (11) to twenty (20) children shall have a teaching assistant or a paraprofessional.

(F) Any teaching assistant in a prekindergarten classroom shall have

1. A current Child Development Associate (CDA) credential;
- or

2. Nine (9) college credit hours in ECE or child development.

(G) Any paraprofessional in a prekindergarten classroom shall have a department paraprofessional credential.

(H) The program shall participate in the Quality Assurance Report (QAR) and will demonstrate quality within two (2) years of participation in QAR.

(I) All teachers, assistant teachers, and paraprofessionals shall complete a minimum of eighteen (18) clock hours annually of professional development in at least four (4) Missouri professional development content areas.

(J) The policies and standards identified in this regulation shall not supersede requirements set forth by the funding for prekindergarten education.

*AUTHORITY: sections 161.092 and 161.213, RSMo 2016. Emergency rule filed Dec. 6, 2023, effective Dec. 20, 2023, expires June 16, 2024. A proposed rule covering this same material is published in this issue of the **Missouri Register**.*

PUBLIC COST: This emergency rule will not cost state agencies or political subdivisions more than five hundred dollars (\$500) during the time the emergency rule is effective.

PRIVATE COST: This emergency rule will not cost private entities more than five hundred dollars (\$500) during the time emergency rule is effective.

The text of proposed rules and changes will appear under this heading. A notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This explanation is set out in the PURPOSE section of each rule. A citation of the legal authority to make rules is also required, and appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules that are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close-of-comments date will be used as the beginning day in the ninety- (90-) day count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice, file a new notice of proposed rulemaking, and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

- II. SUMMARY OF FISCAL IMPACT**

Affected Agency or Political Subdivision	Estimated Cost of Compliance in the Aggregate
0-217 Local Education Agencies (LEAs)	\$0.00 - \$48,861.89

- III. WORKSHEET**

Beginning with the 2024-25 school year, in districts with an average daily attendance of three hundred fifty students or fewer, any teacher providing gifted services will not be required to be certificated to teach gifted education but will annually participate in at least six clock hours of professional development focused on gifted services. The school district will pay for such professional development focused on gifted services.

The Missouri Department of Elementary and Secondary Education (department) estimates that, at the most, 217 local education agencies (LEAs) will be impacted by this change and that the cost per LEA will be an average of \$94.17 for the training and \$131.00 for travel expenses. The department estimates that the maximum cost of compliance in the aggregate is \$48,861.89 if all 217 LEAs have a gifted program with a teacher who is not certified in gifted education. However, there are free virtual options available at no cost to districts and some educators will be certified in gifted education.

217 districts (maximum) X (\$94.17 average cost of professional learning + \$131.00 travel expenses) = \$48,861.89

- IV. ASSUMPTIONS**

For districts with average daily attendance of 350 or fewer, educators will participate annually in six clock hours of professional development focused on gifted services. Teachers could participate in the following currently available options:

- Gifted and Talented Tuesday virtual events hosted by the department’s Director of Gifted Education
- Summer Workshops (virtual or in-person) hosted by the department’s Director of Gifted Education
- Regional Professional Development Centers (RPDC) seminars
- Gifted Association of Missouri’s (GAM) Annual Conference
- GAM’s New Teacher Workshop

- GAM Speaker Series

These options are free or low-cost. The department's events and the GAM Speaker Series are free. While the RPDC seminars are less than \$100 (\$60 in 2023-24), the GAM Annual Conference was \$325 in 2023, and the GAM New Teacher Workshop was \$180 in 2023. These options cost an average of \$94.17. However, it would be possible for a teacher to receive six clock hours of training at no cost.

Virtual options are available, but some travel costs may be incurred by school districts if teachers attend required training in-person. Travel costs will vary widely and for these purposes the assumption was made that a teacher might be required to drive 100 miles one way, 200 miles round trip. At the current state and Internal Revenue Service standard mileage rate of \$0.655, a 200 mile round trip would cost \$131.00.

The preliminary 2023 data indicates that 217 districts have average daily attendance of 350 or fewer. Not all of the 217 districts will have a teacher providing gifted services and some teacher providing services will hold a gifted education certification.

Some RPDCs currently offer professional learning opportunities for gifted educators with six clock hours for a total of \$60. If additional RPDCs choose to offer classes, they can charge a fee to cover expenses. Therefore, no additional public funding is required.

TITLE 3 – DEPARTMENT OF CONSERVATION Division 10 – Conservation Commission Chapter 4 – Wildlife Code: General Provisions

ORDER OF RULEMAKING

By the authority vested in the Conservation Commission under sections 40 and 45 of Art. IV, Mo. Const., the commission amends a rule as follows:

3 CSR 10-4.111 Endangered Species is amended.

No changes have been made to the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the Code of State Regulations.

SUMMARY OF COMMENTS: The Conservation Commission received comments from one (1) individual on the proposed amendment.

COMMENT #1: The commission received comments from one (1) individual who indicated support for proposed changes to this rule, and whose specific comments were in regard to increasing costs of nonresident permits and implementing a draw system for nonresident hunting permits.

RESPONSE: The commission thanks the individual for their comments and will take them under consideration. However, as specific comments were not directly related to the proposed

amendment, no changes have been made to the rule as a result of this comment.

TITLE 3 – DEPARTMENT OF CONSERVATION Division 10 – Conservation Commission Chapter 7 – Wildlife Code: Hunting: Seasons, Methods, Limits

ORDER OF RULEMAKING

By the authority vested in the Conservation Commission under sections 40 and 45 of Art. IV, Mo. Const., the commission amends a rule as follows:

3 CSR 10-7.440 Migratory Game Birds and Waterfowl: Seasons, Limits is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the Missouri Register on October 16, 2023 (48 MoReg 1813-1814). No changes have been made to the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the Code of State Regulations.

SUMMARY OF COMMENTS: The Conservation Commission received comments from five (5) individuals on the proposed amendment.

COMMENT #1: The commission received comments from one (1) individual who voiced support for proposed changes to this rule.

RESPONSE: The commission thanks the individual who voiced support for the regulation changes.

COMMENT #2: The commission received comments from four (4) individuals who voiced opposition to proposed changes to this rule, citing concerns that evolving technology is diminishing the hunting experience and ramping up the social pressures to be successful while pushing the cost of participation further away from the casual and/or traditional hunters. These individuals also questioned if such a device goes against the ethics of fair chase/pursuit, and one individual questioned how the sound is mechanically produced.

RESPONSE: The commission thanks these individuals for their comments. We would note mechanical decoys are currently allowed under the Wildlife Code of Missouri, but just not electronically activated. We do not believe that allowing electronic activation will negatively impact the hunting experience or impact hunter success or ethics. Nor do we predict a significant biological impact to the population by allowing electronic activation. Decoys and calls are currently being marketed to hunters which utilize electronically activated mechanical calls for waterfowl hunting. Mechanical calls emanate call sounds utilizing other means than a speaker system. These products are already legal under federal regulations and in many other states. Both hunters and entrepreneurs have expressed an interest in allowing the use of these products in Missouri during the entire waterfowl hunting season. The proposed change will expand business opportunities and will allow hunters to utilize these new products for hunting waterfowl and coots. Aligning the Wildlife Code of Missouri with federal regulations will also reduce regulation complexity and prevent unintentional violations

by hunters utilizing electronically activated mechanical calls for waterfowl hunting. No changes have been made to the rule as a result of this comment.

ORDER OF RULEMAKING

By the authority vested in the Department of Health and Senior Services under section 191.592, RSMo Supp. 2023, the department adopts a rule as follows:

19 CSR 10-3.050 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on October 2, 2023 (48 MoReg 1765-1774). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The department received four (4) comments on the proposed rule.

COMMENT #1: Sarah Schappe, Director of the Joint Committee on Administrative Rules, asked why the definition of “general primary care and psychiatry” in the proposed rule differs from the definition of the same term in section 191.592, RSMo. RESPONSE AND EXPLANATION OF CHANGE: The definition in the proposed rule was based on the specialties that had funding appropriated under HB10 Section 10.766 (2023). The definition within the rule has now been updated to be

consistent with the language in section 191.592, RSMo.

COMMENT #2: Doctors with Mercy Hospital asked if their free clinic would qualify as an “FQHC-like clinic” because it similarly cares for the underserved regardless of the ability to pay.

RESPONSE AND EXPLANATION OF CHANGE: The department notes that these clinics do not meet the definition of an FQHC, but does want to include them as potential training sites for residents funded under this grant program. The Health Resources and Services Administration (HRSA) designates clinics that otherwise meet the requirements of an FQHC, but that do not receive Health Center Program funding, as Health Center Program Look-Alike. To that end, the department is adding “Health Center Program Look-Alike” to the training site types listed in parts (7)(C)3.C.(I) and (9)(B)1.E.(VIII).

COMMENT #3: Doctors with Mercy Hospital asked how to provide match data if they cannot easily pull it down from the National Residency Match Program (NRMP) website.

RESPONSE AND EXPLANATION OF CHANGE: In response to this comment, the department has removed the phrase “Provide verification from NRMP” from subpart (7)(C)3.B.(II)(a). With this change, the rule will not specify how applicants document the NRMP data requested, just that the information be provided.

COMMENT #4: Doctors with Mercy Hospital asked about using grant program funds to create residency tracks, as opposed to using funds to add residency slots to existing residency programs.

RESPONSE: The department notes that future planning of this type does not fit within the current selection rubric. Under the current selection criteria, the department places value on a residency program’s current medical residents with ties to Missouri and data from the previous five (5) years of graduates of the residency program. As this program develops, the department will consider making changes to selection criteria to accommodate newly created residency tracks; however, the department considers that change to be too substantial to effect through an order of rulemaking without giving additional opportunity for stakeholder input. No changes have been made to the rule as a result of this comment.

ORDER OF RULEMAKING

By the authority vested in the Missouri Department of Health and Senior Services under section 208.927, RSMo 2016, the department amends a rule as follows:

19 CSR 15-8.400 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on October 2, 2023 (48 MoReg 1776-1784). Those sections

with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Health and Senior Services received three (3) comments on the proposed amendment.

COMMENT #1: The Independent Living Center commented that it was “opposed to changes regarding 19 CSR 15-8.400(2) vendors shall have written pandemic preparedness policy to be followed. Specifically I oppose the wording ‘All attendants shall be trained on this policy at least annually.’ For CDS the consumer as the employer is responsible for training their own attendants. The vendor is not the employer and should not be held responsible for ‘training’ the attendant. It’s reasonable to train the consumer/employer annually and request they train their attendant as with the training they do when beginning on CDS. Attendants could be requested to sign documentation with an understanding of something but should not be required to be ‘trained’ by the vendor.”

RESPONSE AND EXPLANATION OF CHANGE: The department took into consideration the comment to clarify who is responsible for training the attendant on the policy in section (2), “All attendant shall be trained on this policy at least annually,” and the language will be changed to “Consumers shall train attendants on this policy at least annually.”

COMMENT #2: The Independent Living Center commented on paragraph (5)(B)5. “Notifying consumers that falsification of attendant visit verification records shall be considered fraud and shall be reported to MMAC. – this is unclear is this stating any falsification found should be reported to MMAC? Even when not billed? Reports at this time are attempted with guidance from MMAC that unless billed there is nothing to report. As well, visits must equal a certain amount of money before being considered for disciplinary actions. Better instruction is needed here.”

RESPONSE AND EXPLANATION OF CHANGE: The department took into consideration the comment and statutory requirements for reporting falsification of documents verifying personal care service delivery and the department will change the language in paragraph (5)(B)5. for clarification to “Notifying consumers that falsification of any attendant visit verification records shall be considered fraud and shall be reported to MMAC.”

COMMENT #3: The Independent Living Center commented regarding section (6) “vendors shall refer the following situations upon discovery to DHSS for investigation. Paragraph (A)3. Although no change here you are not allowing this at this time. The consumer must call directly is what vendors are being told. The consumer generally isn’t calling and we must wait until it’s considered non use and then send it in to be closed. Paragraph (6)(A)4. and/or significant changes which would result in the need of a change in the authorization care plan. Vendors often attempt this now with little being done. In particular if the consumer is not using and doesn’t need all of the authorized time it generally isn’t addressed until the consumers annual reassessment. I believe these last two items are just things set up for failure. These are changes being made as if vendors do not attempt these things at this time. Many do attempt them with no action from DHSS. You are then holding vendors to a regulation DHSS won’t abide by.”

RESPONSE: The department believes the requirements of subsection (6)(A) are appropriate for requirements when situations should be referred to the department for investigation. Regarding paragraph (6)(A)3., vendors may

submit closure requests to the department, the request is then verified by the department with the consumer prior to closure. Regarding paragraph (6)(A)4., vendors comply with requirements of paragraph (6)(A)4. by reporting change of condition to the department. No changes have been made as a result of this comment.

19 CSR 15-8.400 Vendors

(2) Vendors shall have a written pandemic preparedness policy to be followed when service delivery must be interrupted due to a pandemic. Vendors shall distribute this policy to all consumers annually. Vendors shall train all consumers on this policy at least annually. Consumers shall train attendants on this policy at least annually.

(5) In addition to the above requirements, vendors shall be responsible, directly or by contract, for the following:

(A) Maintaining a list of eligible attendants –

1. Ensuring that each attendant is registered, screened, and employable pursuant to the Family Care Safety Registry (FCSR) and the Employee Disqualification List (EDL) maintained by Department of Health and Senior Services (DHSS) and applicable state laws and regulations prior to beginning service delivery;

2. Notifying the attendant of his or her responsibility to comply with applicable state laws and regulations regarding reports of abuse or neglect;

3. Attendants must meet the following qualifications:

A. Be at least eighteen (18) years of age;

B. Be able to meet the physical and mental demands required to perform specific tasks required by a particular consumer;

C. Agree to maintain confidentiality;

D. Be emotionally mature and dependable;

E. Be able to handle emergency type situations;

F. Be a person other than the consumer's spouse or guardian;

G. Not be a consumer; and

H. Have not been involved in Medicaid fraud previously;

and

4. The attendant is an employee of the consumer only for the time period subsidized with CDS funds, but is never the employee of the vendor, DHSS, or the state of Missouri;

(B) Training and orientation of consumers in the skills needed to recruit, employ, instruct, supervise, and maintain the services of attendants including but not limited to–

1. Assisting consumers in the general orientation of attendants as requested by the consumer. To the fullest extent possible, this shall take place in the presence of the attendant;

2. Federal and state requirements regarding the mandatory use of EVV;

3. Identification of issues that would be considered fraud of the program;

4. Allowable and non-allowable tasks;

5. Notifying consumers that falsification of any attendant visit verification records shall be considered fraud and shall be reported to MMAC;

6. Rights and responsibilities of the attendant;

7. Identification of abuse, neglect, and/or exploitation; and

8. The attendant shall report to DHSS and/or the vendor if he or she witnesses significant deterioration of the health of the consumer or if he or she has a belief that the consumer is no longer capable of self-directed care. Failure of the attendant to report this information should be reported by the vendor to DHSS;

(C) Processing of consumers' and/or attendants' inquiries and problems;

(D) Public information, outreach, and education activities to ensure that persons with disabilities are informed of the services available and have maximum opportunity for participation;

(E) Maintaining confidentiality of consumer records, including eligibility information from DHSS, pursuant to applicable federal and state laws and regulations;

(F) The vendor shall perform ongoing monitoring of the provision of services in the plan of care and shall assess the quality of care being delivered. Such monitoring shall include–

1. At least one (1) annual face-to-face visit as outlined in section 208.918, RSMo. Face-to-face is defined as an interaction that occurs in person and does not include interactions that occur through telecommunication or electronic technologies. Face-to-face visits shall be completed within three hundred sixty-five (365) days from original authorized care plan, and annually thereafter. Documentation of each face-to-face visit must contain at a minimum, the name of the monitoring individual, those present at the time of the visit, service delivery evaluation summary, the quality of care being delivered, and date and time of the visit. All documentation must be maintained in the consumer's case file and shall be available to send to DHSS upon request. The vendor shall report to DHSS if services are not being provided to the consumer as authorized in the plan of care, which may result in suspension of services to the consumer;

2. Monthly case management activities which must be completed by phone, videoconference, or in-person with the consumer;

3. Other monitoring may include electronic monitoring, telephone checks, written case notes, or other department-approved methods. The ongoing monitoring shall not preclude the vendor's responsibility of ongoing diligence of case management activity oversight;

(G) Ensuring the consumer has an emergency and/or backup plan;

(H) Ensuring that the consumer's case file contains, at a minimum, the following:

1. Employer Identification Number and Missouri Tax ID;

2. Written plan of care and service authorization that document the type of services and quantity of units to be provided;

3. Documentation of use of EVV in accordance with 13 CSR 70-3.320;

4. Copies of all correspondence with DHSS, the consumer's physician, other service providers, and other administrative agencies;

5. Documentation of training provided to the consumer in the skills needed to understand and perform the essential functions of an employer;

6. Documentation of the consumer's emergency and/or backup plans;

7. Signed documentation that the consumer has been informed of their rights concerning hearings and consumer responsibilities.

A. Such forms must comply with Medicaid and/or DHSS' requirements; and

8. Any pertinent documentation regarding the consumer;

(I) Demonstrating positive impact on consumer outcomes regarding the provision of CDS through the submission of quarterly service reports and an annual service report to MMAC;

(J) Operating programs, services, and/or activities in such a manner as to be readily accessible to and usable by persons with disabilities;

(K) Providing information necessary to conduct state and/or

federal audits, as requested by MMAC;

(L) Complying with Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title IX of the Education Amendments of 1972, and the Age Discrimination Act of 1975;

(M) Complying with applicable statutes and regulations regarding reports of abuse or neglect; and

(N) Complying with applicable statutes and regulations regarding reports of misappropriation of a consumer's property or funds or the falsification of documents verifying CDS delivery.
