HOW TO CITE RULES AND RSMO

RULES

The rules are codified in the *Code of State Regulations* in this system–

Title	CSR	Division	Chapter	Rule
3 Department	<i>Code of State Regulations</i>	10- Agency division	4 General area regulated	115 Specific area regulated

and should be cited in this manner: 3 CSR 10-4.115.

Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraphs 1., subparagraphs A., parts (I), subparts (a), items I. and subitems a.

The rule is properly cited by using the full citation; for example, 3 CSR 10-4.115, NOT Rule 10-4.115.

Citations of RSMo are to the *Missouri Revised Statutes* as of the date indicated.

The Secretary of State shall publish all executive orders beginning January 1, 2003, pursuant to section 536.035.2, RSMo.

EXECUTIVE ORDER 26-01

WHEREAS, Missouri families, educators, employers, and taxpayers deserve clear and accessible information about the academic performance and growth of every public school, and public charter school in this state; and

WHEREAS, section 160.522, RSMo, requires the development and publication of school accountability grade cards for each public school district, public school, and public charter school, and federal law likewise requires transparent reporting of student achievement, growth, graduation, and other indicators; and

WHEREAS, the Missouri Constitution vests the supervision of instruction in the public schools in the State Board of Education, and state law charges the State Board of Education with formulating policies for the guidance of the Commissioner of Education and the Department of Elementary and Secondary Education (“DESE”), and with classifying and accrediting the public schools of this state; and

WHEREAS, families and community members often find current accountability reports difficult to interpret, making it hard to understand whether a school is helping students reach proficiency, accelerate learning growth, and graduate ready for success in college, career, or service; and

WHEREAS, an A–F grade card system, grounded primarily in academic performance and growth, can provide families and communities with a simple, comparable, and rigorous picture of school quality while maintaining alignment with state and federal law; and

WHEREAS, the State of Missouri has made significant investments in early literacy, STEM, workforce readiness, and high-quality school options, and those investments should be matched by a transparent accountability system that rewards excellent schools, highlights schools with exceptional growth, and shines a light on schools in need of urgent improvement; and

WHEREAS, a clear and rigorous A–F grade card system will help ensure that more Missouri students attend schools rated highly for academic achievement and growth and will help align state, local, and philanthropic resources to expand effective schools and strengthen those that are struggling.

NOW, THEREFORE, I, MIKE KEHOE, GOVERNOR OF THE STATE OF MISSOURI, by virtue of the authority vested in me by the Constitution and laws of the State of Missouri, hereby establish a transparent A–F school grade card system to empower Missouri families. I order the State Board of Education to direct the Department of Elementary and Secondary Education to develop, for the Board’s consideration and adoption, an annual A–F school and district grading framework.

I. Development of an A–F School Grading Framework

The State Board of Education is hereby requested to direct DESE to develop, for the Board’s consideration and adoption, an annual A–F school and district grading framework that:

1. Assigns to each public school district, public school, and public charter school an overall rating of A, B, C, D, or F based on a 0–100 point scale, with the following descriptors:
 - a. “A” – producing excellent student outcomes;
 - b. “B” – producing more than satisfactory student outcomes;
 - c. “C” – producing satisfactory student outcomes;
 - d. “D” – producing less than satisfactory student outcomes; and
 - e. “F” – failing to produce adequate student outcomes.
2. Provides that any public school district, public school, or public charter school that does not test at least ninety-five percent (95%) of its students on required state assessments shall have its rating lowered by one letter grade.
3. Allows for private schools to have the choice to opt-in to the letter grading framework to highlight their school performance by opting in to the state assessment.

The A–F framework submitted to the State Board shall, at a minimum, include the following components:

1. A “growth to proficiency” measure that evaluates, for each student with two consecutive years of Missouri Assessment Program performance levels, whether that student is on a trajectory to reach grade-level proficiency within three years in addition to existing normative value-added growth measures.
2. Elementary and middle schools (K–8). For K–8 schools, the rating shall be based entirely on overall student academic achievement with the majority based on growth measures, including proficiency in English language arts, literacy, mathematics, and science as measured across the following categories:
 - a. academic achievement level;
 - b. value-added growth;
 - c. growth toward proficiency.

3. High schools (9–12). For high schools, the rating shall be based on overall student academic achievement, including proficiency in English language arts, mathematics, and science, as measured across the following categories:
 - a. academic achievement level;
 - b. value-added growth;
 - c. Success Ready Graduate measure;
 - d. four-year graduation rate.
4. For districts, an analogous rating shall be calculated using the same method as for schools, aggregated at the district level.

The proposed framework shall ensure that accountability grade cards are provided in a standardized, clear, and easily accessible form, designed to be easily understood by parents, taxpayers, school personnel, legislators, and the media, consistent with all state and federal law.

II. Publication Timelines and Transparency

DESE is directed, consistent with law and subject to State Board approval of the framework described in Section 1, to:

1. Provide an embargoed version of the school and district accountability grade cards for the previous school year to each public school district, public school, public charter school, and participating private school no later than September 15 of each year; and
2. Require each public school district, public school, and public charter school to publish in a clear and easily accessible location on its website the school and district accountability grade cards from the previous school year no later than September 30 of each year.
3. Provide a statewide report card that provides the following:
 - a. The percentages of Missouri students annually attending schools rated “A,” “B,” “C,” “D,” and “F,” with the objective of increasing the percentage of students attending more highly rated schools each year; and
 - b. The performance of Missouri students on state assessments relative to the National Assessment of Educational Progress (NAEP), with the objective that proficiency rates on both assessments be reasonably aligned.

III. Continuous Improvement of the Grading Scale

The State Board of Education is urged to adopt rules providing that the A–F grading scale shall automatically increase in rigor such that, when sixty-five percent (65%) of schools earn an A or B, the thresholds for earning an A, B, C, and D increase by five percentage points in the subsequent school year, to prevent stagnation and ensure continued improvement in student outcomes.

DESE is directed to submit to the Governor and the State Board of Education, **no later than June 30, 2026**, a comprehensive implementation plan outlining rule changes and a proposed schedule for first publication of A–F school and district grade cards aligned with this Order.

This Executive Order shall be effective immediately and shall remain in effect until amended, superseded, or rescinded by subsequent order.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 13th day of January, 2026.

EXECUTIVE ORDER 26-02

WHEREAS, Artificial Intelligence (AI) represents a transformative technological advancement with the potential to significantly enhance the efficiency, effectiveness, and quality of public services provided to the citizens of Missouri; and

WHEREAS, the State of Missouri is committed to embracing innovation to expedite government work, streamline processes, and deliver a better product to its constituents through the employment of AI tools and systems utilizing the best available data; and

WHEREAS, the development and deployment of AI systems must be guided by principles that safeguard the fundamental values and interests of Missourians, including data privacy, effective data quality management, human oversight, ethical considerations, and transparency; and

WHEREAS, fostering a competitive and sensible business environment is critical to attracting and retaining AI-focused companies, thereby creating high-wage jobs and stimulating economic growth within the state; and

WHEREAS, the substantial energy demands of data centers, which are essential to AI infrastructure, must be managed proactively to ensure that all Missouri citizens are protected from unduly high energy rates and that the state's future energy needs are addressed sustainably; and

WHEREAS, Missouri has rich natural resources that are needed to provide for residential, agricultural, and industrial demands, making effective and coordinated management critical; and

WHEREAS, the rapid adoption of Artificial Intelligence across all economic sectors necessitates a proactive strategy to equip Missouri's current and future workforce with the necessary technological skills to remain competitive and ensure that Missourians are positioned to fill the high-growth, high-wage jobs created by the AI economy; and

WHEREAS, on November 24, 2025, President Donald J. Trump signed the Executive Order "*Launching the Genesis Mission*," establishing a coordinated national effort to unleash AI-accelerated innovation through the American Science and Security Platform, and it is in the best interest of Missouri to align state research and workforce assets with this historic national initiative to secure technological and energy dominance.

NOW, THEREFORE, I, MIKE KEHOE, GOVERNOR OF THE STATE OF MISSOURI, by virtue of the authority vested in me by the Constitution and laws of the State of Missouri, hereby order the following:

- I. The Commissioner of the Office of Administration shall investigate, review, and develop a strategic framework for the safe and effective integration of Artificial Intelligence within State Government operations. This framework shall prioritize the following:
 - a. **Expediting Work and Improving Services:** Identifying high-potential AI applications to increase government efficiency and enhance the quality of services delivered to Missourians.
 - b. **Data Privacy and Security:** Establishing robust policies and technical safeguards to protect the sensitive data and personal information of Missourians from unauthorized access or misuse by AI systems.
 - c. **Human Decision Making:** Ensuring appropriate human oversight and intervention, especially in high-impact AI use cases, to maintain accountability and preserve human judgment in critical decisions.
 - d. **Transparency and Accountability:** Developing guidelines for transparency regarding the use of AI tools, including how they function, what data they utilize, and mechanisms for citizens to raise concerns about automated decisions.
 - e. **Data Quality Management:** Creating guidelines for ensuring that the quality of the data used in AI tools is continuously being monitored and assessed to ensure accuracy, completeness, consistency, timeliness, relevance, and objectivity using practices such as auditing, verification and data cleansing.
- II. The Director of the Department of Economic Development shall undertake a comprehensive review of the current business environment for Artificial Intelligence companies in Missouri and recommend policies that are both pro-business and pro-consumer.
 - a. **Review and Recommendations:** The review shall assess existing incentives, regulatory frameworks, and workforce development programs to identify opportunities to attract AI innovation, start-ups, and talent.
 - b. **Sensible Policy:** Recommendations shall focus on creating a uniform and minimally burdensome policy environment to encourage AI-related investment while protecting consumer rights and preventing anti-competitive practices.

- III. The Director of the Department of Natural Resources in collaboration with the Public Service Commission shall initiate an investigation and review of energy regulations and infrastructure planning in light of the growing demand for power from data centers supporting AI.
- a. **Ratepayer Protection:** The Director shall coordinate the review of current state regulations and utility practices to ensure that the construction and operation of data centers and other large power users do not result in higher energy rates for residential and small business Missourians, in accordance with the principle that large users should cover their full cost of electricity and infrastructure service and, when appropriate, contribute to the further development of sustainable, dispatchable power generation.
 - b. **Energy Needs Assessment:** The Director shall review and project the current and future energy needs of the state, including the impact of rapidly expanding AI infrastructure, and develop strategies to address these needs through reliable, economical, and sustainable energy solutions.
 - c. **Natural Resource Management:** The Director shall initiate coordination throughout Missouri state government to better understand demand for development of data centers in Missouri to ensure the effective management of Missouri's natural resources for all Missourians.
- IV. The Commissioner of the Department of Higher Education and Workforce Development, in collaboration with the Department of Economic Development, shall undertake initiatives to prepare Missouri's workforce and education systems for the AI-driven economy:
- a. **Evaluate the AI Education and Training Ecosystem:** Evaluate the status and delivery of AI-related programming, both in specialized programs and across the broader curricula, by Missouri public higher education institutions. Conduct a landscape analysis of existing industry partnerships. Leverage regional education and labor force data to examine which programs are AI-workforce-aligned.
 - b. **Launch AI-Focused Training Programs:** Develop best practices related to AI education, and recommend and establish new degree programs, including certifications, apprenticeships, and rapid retraining initiatives focused on high-demand AI-related skills (e.g. data science, security, and maintenance of AI systems).

All reports, policy recommendations, and findings related to this Order shall be delivered to the Governor's Office by November 30, 2026.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 13th day of January, 2026.

SECRETARY OF STATE

EXECUTIVE ORDER 26-03

WHEREAS, Missourians demand and deserve a state government that operates with the discipline and efficiency of a high-performing enterprise while expecting their elected leaders to be good stewards of taxpayer dollars; and

WHEREAS, a state government that promotes efficiency and accountability while eliminating outdated practices and burdensome regulations is a government that returns value to taxpayers and advances economic growth; and

WHEREAS, Missouri's identity is rooted in an entrepreneurial spirit that demands a state government operating at the speed of business, and it is a priority of this administration to ensure that these principles of innovation and agility are embedded within every facet of state operation; and

WHEREAS, the Governor and all state leaders have an obligation to manage state funds with the utmost discipline, ensuring that every expenditure is prioritized to achieve the best return on investment for the people of Missouri; and

WHEREAS, Missourians justifiably expect state government to deliver on core responsibilities through effective governance without burdensome intrusions into their personal and professional lives; and

WHEREAS, one of my first actions as Governor was establishing a government efficiency effort, including by signing Executive Order 25-13 to establish strict standards for the rulemaking process among Missouri's 17 Executive Departments to ensure rules are limited in nature, easy to navigate and understand, and not overly burdensome; and

WHEREAS, I also instructed my Executive Cabinet to dedicate a minimum of eight hours per month to directly engaging with and soliciting input from respective department stakeholders to inform best practices and improve citizen engagement with their government; and

WHEREAS, continuously identifying opportunities to reduce spending, increase efficiency, and streamline government operations is, and will continue to be, a top priority of this administration; and

WHEREAS, efficient and effective government helps maintain taxpayer trust in their democratic institutions, encourages and supports a vibrant economy, and improves quality of life for Missourians across the state; and

WHEREAS, section 37.010.4, RSMo, mandates that the Commissioner of Administration shall work with other departments of the executive branch to promote economy, efficiency, and improved service in the transaction of state business; and

WHEREAS, achieving operational excellence requires a strategic partnership across all executive departments to identify efficiencies and modernize the delivery of services.

NOW THEREFORE, I, MIKE KEHOE, GOVERNOR OF THE STATE OF MISSOURI, by virtue of the authority vested in me by the Constitution and laws of the State of Missouri, do hereby order:

I. MISSION AND SCOPE

1. This Order formalizes the **Missouri Government Responsibility, Efficiency, Accountability, and Transformation (Missouri GREAT)** initiative to promote efficiency, accountability, and transparency through the elimination of outdated, unnecessary, and costly state programs and practices.
2. To facilitate high-level participation and implementation across the executive branch, there is hereby created an internal **Missouri GREAT** Operational Task Force ("Task Force"). All departments, commissions, and agencies ("departments") of the executive branch under the authority of the Governor shall participate in this task force.

II. THE MISSOURI GREAT OPERATIONAL TASK FORCE

1. Pursuant to the statutory framework of section 37.010.4, RSMo, the Commissioner of the Office of Administration ("Commissioner") shall lead this effort to ensure economy and improved service in the transaction of state business. The Commissioner or his or her designee, shall work in close consultation and coordination with the Director of Operational Excellence and designees from the Office of the Governor, to implement this Executive Order across the executive branch.
2. To ensure comprehensive representation and executive-level authority, each department director or commissioner shall designate two representatives to serve on the Task Force:
 - a. one senior-level official with decision-making authority to serve as the department's representative; and
 - b. the department's operational excellence coordinator who is responsible for process improvement, performance management, or continuous improvement functions within the department.

Designated individuals shall have sufficient authority and expertise to contribute meaningfully to the work of the Task Force and implement recommendations within their respective departments.

III. DEPARTMENT-LED OPERATIONAL EVALUATIONS

Moving state government at "business speed" shall be the guiding principle of this effort. To move state government at business speed, departments must undertake a comprehensive review of service delivery models to identify and eliminate systemic bottlenecks for constituents. Each Executive Department is charged with evaluating its own internal operations. Task Force members within each department shall conduct rigorous assessments in the following areas:

1. Government Efficiency and Constituent Experience
 - a. Departments shall actively incorporate feedback from customers, citizens, and business owners to identify systemic bottlenecks across departments, prioritize operational improvements and modernize and streamline interactions.
 - b. In accordance with Executive Order 25-13, departments shall identify and recommend the elimination of outdated or overly burdensome regulations and statutes that impede private business growth or complicate constituent interactions.
 - c. Identify and recommend a plan to eliminate boards and commissions across state government that are outdated, duplicative, no longer serve the intended purpose, or have not established a quorum in more than two years.
2. Fiscal Stewardship and Resource Optimization
 - a. Departments shall conduct a comprehensive review of its programs to ensure they are fulfilling their statutory objectives while advancing the strategic mission of the Administration.
 - b. Departments must utilize these data-driven pillars—Activity, Quality, Impact, and Efficiency—to identify performance gaps, reallocate resources to high-performing initiatives, and recommend the termination of programs that cannot demonstrate a measurable impact or a sustainable return on investment for the taxpayers of Missouri.
 - c. Departments shall conduct a systematic review of all expenditures—including personnel costs, overhead, third-party contracts, subcontracts, and subgrants—to determine whether these obligations should be terminated, modified, or renegotiated to better align with strategic goals.
3. Government Innovation
 - a. Departments shall utilize objective performance metrics and direct feedback from customers, citizens, and the Missouri business community to drive continuous improvement.
 - b. Departments shall explore innovative solutions and modernized software to enhance how government services are provided and increase the reliability and speed of service delivery.
 - c. Departments are encouraged to explore Artificial Intelligence (AI) applications to automate routine tasks, provided that any such initiative adheres strictly to the safety and security standards established in **Executive Order 26-02**.
 - d. The Task Force shall adopt a tactical business solutions model, pairing department leaders with Missouri business experts to solve specific operational challenges using private-sector best practices.

IV. PURPOSEFUL BUSINESS SOLUTIONS PARTNERSHIP

To ensure business interaction is tactical and result-oriented, the Task Force shall implement a Business Solutions Model:

1. The Department of Economic Development (DED) and the Department of Higher Education and Workforce Development (DHEWD) shall serve as primary strategic partners to the Task Force to align efficiency efforts with the state's economic and workforce goals.
2. When the Task Force identifies a systemic operational challenge (e.g., improving call centers or online portals), the Commissioner or designee shall work with DED and DHEWD to identify and invite Missouri business leaders with specific expertise in that sector to provide tactical recommendations. The Task Force shall pair department leaders who have demonstrated excellence in specific operations with these business experts to develop actionable proposals to streamline government.
3. To ensure the **Missouri GREAT** effort remains responsive to the Missouri economy, the Task Force shall invite input from a **Business Speed Advisory Group**, to be named by the Governor, to proactively identify challenges and recommend areas for state government innovation. This engagement shall solicit direct input from the business community regarding perceived administrative hurdles or programs that act as barriers to economic growth.

V. FISCAL RESPONSIBILITY AND REPORTING

To ensure recommendations are actionable and maintain the state's fiscal health, all proposals must be prioritized based on Return on Investment (ROI) and feasibility.

1. By **September 1**, the Task Force shall provide the Office of the Governor with a draft report of findings, improvements, and prioritized recommendations.
2. An annual report summarizing the Task Force's actions and finalized recommendations shall be submitted to the Missouri Senate and House of Representatives Committees on Government Efficiency by **December 31**.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 13th day of January, 2026.

EXECUTIVE ORDER 26-04

WHEREAS, ensuring reliable and affordable energy is critical to the State of Missouri's economic growth and development; and

WHEREAS, demand for electricity is increasing significantly compared to recent decades; and

WHEREAS, over the past decade, Missouri went from a net electricity exporting state to a net electricity importing state; and

WHEREAS, Missouri's reliance on energy imports reduces the state's interstate competitiveness to attract energy-intensive manufacturing and technology employers; and

WHEREAS, on May 23, 2025, President Donald J. Trump signed Executive Order "*Ordering the Reform of the Nuclear Regulatory Commission*" with the purpose of facilitating the increased deployment of new nuclear reactor technologies for national security; and

WHEREAS, the executive order established the policy of the United States to facilitate the expansion of American nuclear energy capacity from 100 GW in 2024 to 400 GW by 2050; and

WHEREAS, preserving American energy dominance by increasing energy supplies is fundamental to manufacturing onshoring; regional grid reliability; rural energy infrastructure and domestic agricultural production; and empowering American industries to adapt to changing market environments; and

WHEREAS, nuclear power generation is a cornerstone of Missouri's current energy generation portfolio; and

WHEREAS, I instructed Missouri's State Energy Office within the Department of Natural Resources to develop a new State Energy Plan, to be published this year.

NOW, THEREFORE, I, MIKE KEHOE, GOVERNOR OF THE STATE OF MISSOURI, by virtue of the authority vested in me by the Constitution and Laws of the State of Missouri, do hereby establish the Missouri Advanced Nuclear Energy Task Force as follows:

I. COMPOSITION

The Task Force shall consist of the following members:

- a. The Chair of the Missouri Senate Committee on Commerce, Consumer Protection, Energy, and the Environment, or designee;
- b. The Chair of the Missouri House of Representatives Committee on Utilities, or designee;
- c. The Director of the Missouri Department of Natural Resources, or designee;
- d. The Director of the Missouri Department of Economic Development, or designee;
- e. The Chair of the Missouri Public Service Commission, or designee;
- f. A representative from each investor-owned electric utility company operating in the state of Missouri, appointed by the Governor;
- g. A representative of municipal electric utilities, appointed by the Governor;
- h. A representative of Missouri electric cooperatives, appointed by the Governor;
- i. A representative from a non-profit organization that works on expanding affordable electricity in Missouri, appointed by the Governor;
- j. Two representatives from Missouri Higher Education Institutions with nuclear science programs, appointed by the Governor;
- k. A representative of the agriculture industry, appointed by the Governor; and
- l. Other members as appointed by the Governor.

The Governor shall designate a Chair and Vice Chair of the Task Force.

II. SUPPORT

Staff from the Department of Natural Resources' State Energy Office, in coordination with staff from the Governor's Office and in consultation with other staff from organizations represented, shall provide necessary support, including but not limited to, research, data analysis, and administrative assistance.

III. OBJECTIVES

The Task Force shall:

- a. Facilitate the timely implementation of the recommendations from the new State Energy Plan as they relate to nuclear electricity generation either directly or indirectly.
- b. Identify public-private partnership opportunities to support the implementation of recommendations from the new State Energy Plan, as they relate to nuclear electricity generation.

- c. Identify and explore solutions to critical workforce shortages that may delay nuclear development.
- d. Explore partnerships with federal agencies to help reduce permitting delays and increase access to financing mechanisms for nuclear power generation.
- e. Stay informed on and provide updates and recommendations to the Governor on topics including but not limited to:
 - Advanced nuclear technologies including but not limited to large scale advanced reactors, small modular reactors, and microreactors
 - National trends and policy updates in nuclear energy
 - Companies interested in operating or investing in advanced nuclear generation, technology, research, commercialization, and workforce development in Missouri
 - Spent nuclear fuel disposal and security
 - Legislative and regulatory reforms that would facilitate the timely and safe deployment of advanced nuclear projects, while protecting consumer interests as they relate to affordability and environmental considerations.

V. REPORTING

The Task Force shall submit an annual report to the Governor, the Missouri Senate Committee on Commerce, Consumer Protection, Energy and the Environment, and the Missouri House of Representatives Utilities Committee. The report shall include a list of recommendations to advance nuclear energy generation development and actions taken by the Task Force to date in aide thereof. Reports shall be due annually on December 1, in advance of the annual regular legislative session of the Missouri General Assembly. The report shall also include descriptions of barriers that pose challenges to timely implementation of State Energy Plan recommendations and nuclear energy deployment along with recommendations from the Task Force for overcoming or removing those barriers to implementation.

VI. COMPENSATION

Members of the Task Force shall serve without compensation but may be reimbursed for necessary expenses incurred in the performance of their duties, subject to availability of funds.

VII. DURATION

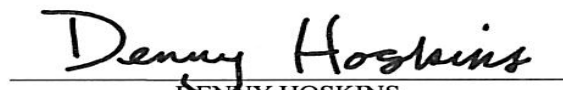

This Order and the Task Force shall dissolve upon submission of the Task Force's third annual report, unless extended or dissolved by subsequent executive action.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 13th day of January, 2026.

MIKE KEHOE
GOVERNOR

ATTEST:

DENNY HOSKINS
SECRETARY OF STATE

The text of proposed rules and changes will appear under this heading. A notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This explanation is set out in the PURPOSE section of each rule. A citation of the legal authority to make rules is also required, and appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules that are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close-of-comments date will be used as the beginning day in the ninety- (90-) day count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice, file a new notice of proposed rulemaking, and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

being established is not covered under the grain dealer's security. **Once title to grain has been transferred under a valid delayed price contract to the licensed grain dealer, the subsequent pricing of the grain is not covered under the grain dealer's security.**

(2) For the purposes of determining coverage under the licensed grain dealer's security, grain for which a check was issued as payment by a licensed grain dealer that was not paid by the grain dealer's bank, for whatever reason, shall be *[deemed to be a grain dealer obligation]* as if the check was never written (priced but unpaid, deferred payment, delayed price, or minimum price).

AUTHORITY: section 276.406, RSMo [Supp. 1999] 2016. Original rule filed March 15, 1982, effective June 11, 1982. Rescinded and readopted: Filed Oct. 25, 1999, effective June 30, 2000. Amended: Filed Jan. 9, 2026.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with the Grain Regulatory Services Program, 1616 Missouri Boulevard, Jefferson City, MO 65109. To be considered, comments must be received within thirty (30) days after publication of this notice in the Missouri Register. No public hearing is scheduled.

PROPOSED AMENDMENT

2 CSR 90-10.011 Inspection Authority – Duties. The commission is amending section (2) and subsection (4)(A).

PURPOSE: This amendment aligns the rule with changes to 233.025, RSMo.

(2) The inspection authority shall have discretionary authority to require annual **LP system inspection and leak testing** of all LP gas piping systems serving schools, churches, nursing homes, resorts, mobile home parks, public housing, hospitals, amusement parks, summer camps (Boy Scout, Girl Scout, church, etc.), and other public buildings and institutions. It shall be the responsibility of the owner, administrator, superintendent, director, or other responsible person directly associated with any of the piping systems serving any of the listed public buildings, mobile home parks, summer camps (Boy Scout, Girl Scout, church, etc.), amusement parks, and institutions to assume full responsibility to secure the annual leak test of the LP gas system on or before September 1 of each calendar year with the exception of summer camps and amusement parks, which shall be completed on or before May 1 of each calendar year. A copy of the test report shall be submitted to the inspection authority within five (5) days after completion

PROPOSED AMENDMENT

2 CSR 60-5.020 Interpretive Rule. The department is amending sections (1) and (2).

PURPOSE: This amendment clarifies the interpretation made by the Missouri Department of Agriculture regarding the coverage of certain grain transactions under a grain dealer's security.

(1) The provisions of section 276.426(2), RSMo, *[is]* **are** deemed to mean –

(C) *[Except as provided in section (2) of this rule, p]* Payment for grain delivered to a licensed grain dealer for which title has transferred to the licensed grain dealer prior to final price

of the test. Failure to complete the required annual leak tests may be due cause to consider the LP gas system unsafe for continued use and shall be reason to place the system out-of-service until the time a leak test is completed and the system found to be free of leaks and safe for continued operation.

(4) For the purpose of ascertaining whether any container or system complies with all rules regulating the storage and handling of LPGs and the installation of appliances and piping –

(A) The inspection authority and/or the authorized agents, deputies, and inspectors shall have free access[,] at reasonable times [and upon reasonable notice,] to any premises where a LP gas container or system is offered for sale, stored, being repaired, installed, or being used; and

AUTHORITY: section 323.020, RSMo 2016. Original rule filed July 13, 1977, effective Nov. 11, 1977. For intervening history, please consult the Code of State Regulations. Amended: Filed Jan. 14, 2026.

PROPOSED AMENDMENT

2 CSR 90-10.012 Registration – Training. The commission is amending section (5) and subsection (7)(H).

PURPOSE: This amendment removes Propane Education and Research Council (PERC) Certified Employee Training Program (CETP), as this program has sunset, allows for approval of new curriculum, and clarifies language in subsection (7)(H).

(5) Each training program’s curriculum must be based on [the Propane and Education and Research Council (PERC) Certified Employee Training Program (CETP)] a nationally recognized training program or equivalent, structured to meet the trainee’s needs, and contain information on applicable statutes and regulations governing liquefied petroleum gases. All training programs must be [instructor-led] administered by a commission-approved instructor, include hands-on training or a skills assessment, and include an exam which requires a passing score of at least seventy percent (70%) and graded by a third party. Programs must initially be approved by the commission or its designee and resubmitted for review and

approval at least once every two (2) years or at such time change has been made. Any training program that, through audit, does not meet the approved training criteria may be rejected for use by the commission or its designee.

(7) A registration application shall be filed and approved and a certificate of registration received before commencing operations by the classes described in this section. The registrant shall notify the inspection authority within ten (10) days after discontinuance of his/her individual operations, providing the name of his/her successor organization, if any. TITLE 10 – DEPARTMENT OF NATURAL RESOURCES

Division 23 – Well Installation

Chapter 2 – Fee Structure, Certification, and Registration

PROPOSED AMENDMENT

10 CSR 23-2.010 Fee Structure. The department is amending section (1).

PURPOSE: This amendment increases the maximum fees deposited in the Groundwater Protection Fund for the expressed purpose of implementing the Water Well Drillers' Act.

(1) The following fees shall be assessed:

(A) Permits. A fee of no more than ~~[one hundred fifty dollars (\$150)]~~ **two hundred dollars (\$200)** for each type of contractor permit issued or renewed;

(C) Certification Reports. ~~[A fee of no more than one hundred twenty-five dollars (\$125) per well paid by the well owner and collected and submitted by the well or pump installation contractor;]~~

1. A fee of no more than two hundred dollars (\$200) per water or monitoring well paid by the well owner and collected and submitted by the well or pump installation contractor.

2. A fee, determined by the ton rating of the unit or units when interconnected, of no more than two hundred fifty (\$250) paid by the well owner and collected and submitted by the heat pump installation contractor;

(D) Registration Reports. A fee of no more than ~~[one hundred dollars (\$100)]~~ **two hundred dollars (\$200)** per well paid by the well owner and collected and submitted by the well or pump installation contractor;

~~[(E) Heat Pump Certification Reports. Fees will be paid by the owner and collected and submitted by the heat pump installation contractor. This fee will be determined by the ton rating of the heat pump unit. When more than one (1) heat pump unit is hooked together, the cumulative total of the ton rating will be used to determine the fee. The fee will be no more than—~~

~~1. One hundred fifty dollars (\$150) for a heat pump unit less than or equal to fifty (≤50) tons; or~~

~~2. Two hundred fifty dollars (\$250) for a heat pump unit greater than fifty (>50) tons;]~~

~~[(F)](E) Late fees.~~

1. A late fee of no more than [ten dollars (\$10)] **twenty dollars (\$20) each month charged to the contractor until a complete certification or registration report has been submitted, not to exceed [two hundred and forty dollars (\$240)] **four hundred eighty dollars (\$480)** per certification or**

registration report.

2. A late fee of no more than forty percent (40%) of the permit fee per year will be assessed when a well installation or pump installation contractor fails to renew a permit after the expiration date on the contractor's permit card;

~~[(G)](F) Well logging. Logging of well core or cuttings may be completed for a fee of no more than the actual costs involved in production of the log; and~~

~~[(H)](G) Test fees will be no more than the following:~~

1. General Test	\$50
2. Water Well Contractor Test	\$50
3. Pump Contractor Test	\$50
4. Heat Pump Contractor Test	\$50
5. Monitoring Well Contractor Test	\$50
6. Test Hole Contractor Test	\$50
7. Retakes (for each test)	\$50

AUTHORITY: sections 256.606, 256.614, 256.623, and 256.626, RSMo 2016. Emergency rule filed July 2, 1986, effective July 12, 1986, expired Nov. 2, 1986. Original rule filed July 2, 1986, effective Oct. 27, 1986. For intervening history, please consult the *Code of State Regulations*. Amended: Filed Jan. 6, 2026.

PUBLIC COST: This proposed amendment will cost state agencies or political subdivisions an estimated ninety-six thousand one dollars (\$96,001) in the aggregate.

PRIVATE COST: This proposed amendment will cost private entities an estimated \$4,198,500 in the aggregate.

NOTICE OF PUBLIC HEARING AND NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with The Department of Natural Resources' Missouri Geological Survey, attention to Michelle Oglesby, PO Box 250, 111 Fairgrounds Road, Rolla, MO 65402 or via email to michelle.oglesby@dnr.mo.gov. III. WORKSHEET

Explanation of Costs

§§256.623 and 256.635, RSMo, stipulate fees shall not produce revenue substantially excessive of the expense needed to administer the Water Well Drillers’ Act. Additionally, any balance of the fund greater than fifty percent (50%) of the next year’s proposed budget is transferred to the general revenue fund. The rule amendment proposes increases to fee maximums. Actual fee structure is regularly assessed and gradually increased upon approval of the Well Installation Board to ensure program activities are adequately funded and fulfilled. If the proposed maximum fees are spread out over a 15-year period, the estimated life of the rule, it can be expected that a lesser amount of the maximum fees are assessed for several years after the effective date of the rule and greater fees up to the maximum are assessed in later years. As a result, the mean of the difference of the proposed and existing maximum fees was used to calculate the costs below.

Fee Item	Proposed Fee	- Current Fee	=	Divided by 2	=	Mean of the difference of cost per fee item
Monitoring Well Cert.	\$200	\$125	\$75	/2		\$37.5
Water Well Cert.	\$200	\$125	\$75	/2		\$37.5
Closed-Loop HP Cert.	\$250	\$150	\$100	/2		\$50
Plugging Registration	\$200	\$100	\$100	/2		\$50
Reconstruction Registration	\$200	\$100	\$100	/2		\$50
Permit Fee	\$200	\$150	\$50	/2		\$25
Late Fee \$20/mo up to	\$480	\$240	\$240	/2		\$120

Public Water and Sewer Districts

In calendar year 2024 (CY24), Public Water and Sewer Districts constructed 14 new wells and plugged 3 existing wells. If similar well construction and plugging activities occur over the next 15 years, Public Water and Sewer Districts can expect an increase in total cost of \$10,125 over that same time.

Fee Item	Number of items paid by Public Water and Sewer Districts	X	Mean cost per item to Districts	=	Total Annual Cost per Fee Category
Water Well Cert.	7		\$37.5		\$262.5
Monitoring Well Cert	7		\$37.5		\$262.5
Well Plugging	3		\$50		\$150
Amendment's total annual cost to Water and Sewer Districts:					\$675
Amendment's total cost in the aggregate:					\$10,125

State Agencies

In calendar year 2024, state agencies across Missouri constructed 9 new wells, plugged 6 wells and renewed 5 well contractor permits. If similar well construction/plugging, and permitting activities occur over the next 15 years, state agencies can expect an increase in total cost of \$11,813 over that same time.

Fee Item	Number of items paid by State Agencies	X	Mean cost per item to Agencies	=	Total Annual Cost per Fee Category
Water Well Cert.	2		\$37.5		\$75
Monitoring Well Cert	5		\$37.5		\$188
Well Plugging	8		\$50		\$400
Permit Fee	5		\$50		\$125
Amendment's total annual cost to State Agencies:					\$787.50
Amendment's total cost in the aggregate:					\$11,813

Municipalities

In calendar year 2024, municipalities across Missouri constructed 56 water, monitoring, and closed-loop heat pump wells combined. Additionally, 32 wells were plugged. If similar well construction and plugging activities occur over the next 15 years, municipalities can expect an increased cost of \$55,688.

Fee Item	Number of items paid by Municipalities	X	Mean cost per item to Districts	=	Total Annual Cost per Fee Category
Water Well Cert.	13		\$37.5		\$487.5
Monitoring Well Cert.	42		\$37.5		\$1,575
Closed-Loop HP Cert.	1		\$50		\$50
Well Plugging	32		\$50		\$1,600
Amendment's total annual cost to Municipalities:					\$3,712.50
Amendment's total cost in the aggregate:					\$55,688

Public School Districts

In calendar year 2024, Public School Districts across Missouri constructed 2 water wells and 2 closed-loop heat pump systems. Additionally, Public School Districts plugged 21 wells. If similar well construction and plugging activities occur over the next 15 years, Public School Districts can expect an increased cost of \$18,375.

Fee Item	Number of items paid by Public School Districts	X	Mean cost per item to Districts	=	Total Annual Cost per Fee Category
Water Well Cert.	2		\$37.5		\$75
Closed-Loop HP Cert.	2		\$50		\$100
Well Plugging	21		\$50		\$1,050
Amendment's total annual cost to Public School Districts:					\$1,225
Amendment's total cost in the aggregate:					\$18,375

IV. ASSUMPTIONS

The calculations above include the following assumptions:

- 1) Previously established fee maximums were sufficient to maintain solvency of the Groundwater Protection Fund for approximately 15 years. As a result, the proposed fees were established to support a fee structure that would also be sufficient to maintain the Fund for another 15 years, at which time, another rulemaking may be necessary. Therefore, aggregate cost is reflective of a 15-year period. With the proposed fees, and assuming current well and pump installation activities, static permittee levels, and existing Well Installation Section staffing levels with an estimated 2% projected annual increase in personal service expenditures, projections illustrate the Fund will remain solvent for approximately 15 years.

Chapter 2 – Licensure Requirements

PROPOSED AMENDMENT

20 CSR 2233-2.010 Educational Requirements. The committee is amending sections (1) and (5).

PURPOSE: This amendment clarifies telehealth requirements for the practicum or internship and reduce double work for applicants from nonaccredited programs by clarifying minimum requirements.

(1) To apply for licensure or supervision, an applicant shall have received a graduate degree at the master, specialist, or doctoral level with either a major in marriage and family therapy or an equivalent graduate course of study in a mental health discipline from a regionally accredited institution acceptable to the United States Department of Education.

(C) Applicants from a non-accredited program must request the program to directly submit documentation as defined in 20 CSR 2233-2.010(5)(A)–(F) regarding all hours to the committee at the time of application. Applicants must also meet one (1) of the following graduate requirements:

1. A graduate program in marriage and family therapy that is not COAMFTE or CACREP accredited shall consist of at least forty-five (45) semester hours or sixty (60) quarter hours of study in the area of marriage and family therapy; or

[(D)]2. An equivalent graduate course of study in a mental health discipline shall consist of at least forty-five (45) semester hours or sixty (60) quarter hours of study. The applicant shall have completed graduate or postgraduate course work in each core area as defined in 20 CSR 2233-2.010[(7)(A)–(F)](5)(A)–(G).

(5) A course shall be counted once in granting credit for a core area and be an in-depth study solely devoted to a particular core area. No core area credit shall be given for courses which contain only a component or some aspects of a core area. The core areas are defined as follows:

(F) Practicum in Marriage and Family Therapy–The practicum or internship consists of direct, face-to-face client contact **and/or telehealth** to include couple and family formats. **Telehealth is defined as visually and verbally interactive and synchronized on a HIPAA compliant platform.** Individual supervision with one (1) or two (2) students in face-to-face **and/or telehealth** consultation with a supervisor shall be provided. Students shall be trained to make relevant assessments of client systems; and

Chapter 2 – Licensure Requirements

PROPOSED AMENDMENT

20 CSR 2233-2.020 Supervised Marital and Family Work Experience. The committee is amending sections (7) and (8).

PURPOSE: This amendment clarifies and reduces hardship for applicants and clarifies requirements.

(7) A supervisor shall be licensed as a marital and family therapist, professional counselor, psychologist, clinical social worker, or psychiatrist in Missouri for supervised experience in this state to be considered for licensure. For the purpose of this rule an inactive, provisional, expired, temporary, **disciplined**, or retired license shall not meet this requirement.

(8) The characteristics of acceptable supervision shall include in no less than twenty-four (24) calendar months and no more than sixty (60) calendar months[.];–

(A) A minimum fifteen hundred (1,500) hours of supervised experience in marital and family therapy direct client contact. The PLMFT or S-MFT must obtain at least fifteen (15) hours of supervised experience within a calendar month in order for the experience to be considered by the state committee and must be in compliance with 20 CSR 2233-2.020[. and].

1. For the purpose of these rules, direct client contact is face-to-face interaction between the client and PLMFT or S-MFT[.], **whether in person or via telehealth. Telehealth is defined as visually and verbally interactive and synchronized on a HIPAA compliant platform;**

(B) A [minimum] **maximum** of two (2) hours every two (2) weeks or one (1) hour every week of face-to-face **and/or telehealth** supervision with [the] their registered supervisor[.], **of which no more than twenty-five percent (25%) can be group supervision.** For the purpose of this regulation [an], **group supervision must consist of at least three (3) and no more than six (6) supervisees and to occur with their registered supervisor.** An hour of [individual face-to-face] supervision is no less than fifty (50) continuous minutes and two (2) hours is no less than one hundred (100) continuous minutes.

[1. At least half of the supervision shall be individual face-to-face supervision which may consist of no more than two (2) PLMFTs or S-MFTs meeting with the registered supervisor.

2. The remaining supervision may be group supervision. For the purpose of this rule, group supervision may consist of at least three (3) and no more than six (6) PLMFTs or S-MFTs or combination thereof.]

[3.]1. The PLMFT or S-MFT must complete a minimum of [two hundred (200)] **one hundred four (104)** hours of

supervision, at least [half of which one hundred (100) hours] **seventy-five percent (75%) of which** must be [in] individual [face-to-face] supervision[.]; and

[4. An applicant for supervision may [submit a request for supervision by electronic methods to meet the face-to-face supervision requirements of this rule. When using electronic methods for supervision, the supervisor and S-MFT or PLMFT shall ensure that the system utilized for communications is a secure, real-time system that provides for visual and audio interaction between the S-MFT or PLMFT and supervisor and all data storage and communications are private and protected consistent with all applicable laws and rules; and]

Division 2233 – State Committee of Marital and Family Therapists

Chapter 2 – Licensure Requirements

PROPOSED AMENDMENT

20 CSR 2233-2.021 Registered Supervisors and Supervisory Responsibilities. The committee is amending sections (1) and (2).

PURPOSE: This amendment clarifies and reduces hardship for applicants and clarifies requirements.

(1) A supervisor may not have more than a combined total of ten (10) supervisees including S-MFTs, PLMFTs, and/or licensure supervision candidates from other mental health disciplines at the same time. In order to provide supervision for a provisional licensed marital and family therapist (PLMFT) or supervised-marital and family therapist (S-MFT), a supervisor shall document the following to the state committee:

(C) For supervision occurring in Missouri, the supervisor shall document to the state committee that the supervisor has the following:

1. **Licensed for two (2) years, in Missouri or another state, and a [C]current license in Missouri [or another state]** as a marital and family therapist, professional counselor, psychologist, clinical social worker, or psychiatrist [for at least

two (2) years]. For the purpose of this regulation an inactive, provisional, expired, temporary, **disciplined**, or retired license shall not meet this requirement; and

2. Designation as an approved supervisor by the American Association for Marriage and Family Therapy; or

3. A minimum of two hundred (200) hours of clinical supervision of individuals seeking licensure as a professional counselor pursuant to sections 337.500 to 337.540, RSMo, psychologist pursuant to sections 337.010 to 337.090, RSMo, clinical social worker pursuant to sections 337.600 to 337.689, RSMo, or graduate practicum or internship student enrolled in master's, specialist, or doctoral degree program in compliance with section 337.510.1(1), RSMo, (professional counselor), section 337.021.1, RSMo, (psychologist), section 337.615.1, RSMo, (social worker), or section 337.715.1(1), RSMo, (marital and family therapist).

A. A minimum of one hundred (100) hours of the two hundred (200) hours of supervised experience shall be supervising individuals within the context of systems theory and marital and family therapy.

B. One (1) graduate semester hour in marital and family supervision or fifteen (15) continuing education hours in a comparably organized and integrated series of workshops and supervised studies of marital and family therapy supervision.

C. A minimum of twenty (20) hours of supervision-of-supervision and/or in the process of receiving supervision-of-supervision. For the purpose of this regulation, the major emphasis of supervision-of-supervision shall be the development of the licensee's supervisory skills from a systemic perspective and shall include theories of supervision, supervision practice, and professional ethics.

(2) An individual with a state-issued professional license that has been subject to [probation, suspension, or revocation] **discipline** may be denied from providing supervision for a PLMFT or S-MFT.

AUTHORITY: section[s] 337.700 [and 337.715], RSMo 2016, and sections 337.715 and 337.727, RSMo Supp. [2019] 2025. This rule originally filed as 4 CSR 233-2.021. Original rule filed Dec. 31, 1997, effective July 30, 1998. For intervening history, please consult the *Code of State Regulations*. Amended: Filed Jan. 7, 2026.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with State Committee of Marital and Family Therapists, Gloria Lindsey, Executive Director, PO Box 1335, Jefferson City, MO 65102, by faxing comments to (573) 751-0735, or by emailing comments to maritalfam@pr.mo.gov. Chapter 2 – Licensure Requirements

PROPOSED AMENDMENT

20 CSR 2233-2.040 [Examination Requirements] Examinations. The committee is amending the title and deleting sections (2)-(5).

PURPOSE: The amendment cleans up language to ensure a clear process for examination requirements.

[(2) In order to apply to take the Examination in Marital and Family Therapy, a person must have an application for supervision or licensure filed with the state committee.

(3) An applicant for licensure by examination shall submit a request to take the examination on a form provided by the Missouri Division of Professional Registration or the state committee and may be obtained by writing the division or state committee at PO Box 1335, Jefferson City, MO 65102 or by calling (573) 751-0870. The TDD number is (800) 735-2966.

(4) The applicant shall submit the required examination fee to the examination service responsible for administering the examination.

(5) The applicant shall comply with the examination provider's rules for test administration related to applicant conduct and security and authorize the examination provider to submit the examination results to the state committee along with a report of any adverse incident(s) involving the applicant's conduct. Any cost associated with taking the approved examination or sending the examination results to the board is the applicant's responsibility. Any challenge, and cost related to such challenge, to an examination question, the method of examination, or any other matters concerning the examination shall be addressed to the examination provider.]

AUTHORITY: sections 337.727.1(1), (3), (6), and (10), RSMo Supp. [2019] 2025. This rule originally filed as 4 CSR 233-2.040. Original rule filed Dec. 31, 1997, effective July 30, 1998. For intervening history, please consult the **Code of State Regulations**. Amended: Filed Jan. 7, 2026.

PROPOSED RULE

20 CSR 4240-23.040 State Reliability Mechanism (SRM)

PURPOSE: This rule establishes the requirements governing the state reliability mechanism (SRM) in accordance with section 393.1080, RSMo.

PUBLISHER'S NOTE: The secretary of state has determined that the publication of the entire text of the material which is incorporated by reference as a portion of this rule would be unduly cumbersome or expensive. This material as incorporated by reference in this rule shall be maintained by the agency at its headquarters and shall be made available to the public for inspection and copying at no more than the actual cost of reproduction. This note applies only to the reference material. The entire text of the rule is printed here.

(1) Definitions. The following definitions shall apply in this rule:

(A) Accredited capacity means the deliverable or firm capacity value as determined and assigned to a resource by the regional transmission organization or independent system operator for determining resource adequacy;

(B) Actual peak demand means the maximum demand experienced by an electrical corporation during the applicable time period;

(C) Appropriate regional transmission organization or independent system operator (RTO/ISO) means the Midcontinent Independent System Operator (MISO), or any successor organization, or the Southwest Power Pool (SPP), or any successor organization the electrical corporation is a member of;

(D) Auction purchase means rights to a specific accredited capacity amount bought in an RTO/ISO capacity auction;

(E) Battery energy storage system (BESS) means an energy storage system where energy is stored in batteries;

(F) Behind the meter generation (BTMG) means a generation resource located downstream of an electrical corporation's interconnection point to an RTO/ISO's system, such as a substation, but only one that is considered by the appropriate RTO/ISO in resource adequacy determinations;

(G) Bilateral contract means an agreement for the rights to future capacity;

(H) Capacity resource means a generation resource, demand response resource, or energy storage resource owned, partially owned, or contracted by an electrical corporation for providing resource adequacy;

(I) Coincident peak demand means the demand experienced by an electrical corporation at the time that the appropriate RTO/ISO experiences peak demand during the applicable time period;

(J) Demand-side resources means resources or programs that are included in resource adequacy determinations submitted to the appropriate RTO/ISO and may be considered a capacity resource in accordance with the rules of the appropriate RTO/ISO or may be included in an electrical corporation's peak forecast but not both;

(K) Demand response resources means resources that are considered by the appropriate RTO/ISO in resource adequacy determinations that can be dispatched by the appropriate RTO/ISO or electrical corporation to reduce or shift demand;

(M) Distribution system losses means the amount of power that is lost across an electrical corporation's system that is included in the electrical corporation's forecast peak demand;

(N) Effective load carrying capability (ELCC) means an accreditation method by which a capacity value is assigned to a capacity resource based on the ability of the capacity

resource to dependably and reliably serve as measured against a reliability metric;

(O) Electrical corporation means the same as defined in section 386.020, RSMo, but shall not include an electrical corporation as described in section 393.110.2, RSMo;

(P) Energy storage system (ESS) means a system capable of capturing energy, storing it, and dispatching the energy back into the bulk power system or the utility's distribution system, and accredited by the appropriate RTO/ISO in resource adequacy determinations;

(Q) Forecast peak demand means the maximum demand that an electrical corporation reasonably estimates to be experienced during the applicable time period;

(R) Installed capacity (ICAP) means an accreditation method by which a capacity value is assigned to a generation resource based on the demonstrated output of the generation resource or the contracted output of the generation resource;

(S) Load diversity factor means the ratio of an electrical corporation's coincident peak demand to the actual peak demand of the service territory and shall be determined by dividing the coincident peak demand by the non-coincident peak demand;

(T) Maximum operating capacity means the current maximum intended output of a generator as designed by the manufacturer (e.g., nameplate), as modified after initial installation, as determined based on annual testing required by an appropriate RTO/ISO, or as limited by licensing, permitting, or other operating restrictions;

(U) Non-coincident peak demand means the maximum peak demand experienced by an electrical corporation during the applicable time period, regardless of the demand experienced by the RTO/ISO;

(V) Planned resource means a capacity resource that has not yet been placed into operation or for which an electrical corporation has not yet purchased or contracted;

(W) Planning reserve margin required capacity means the capacity determined by the appropriate RTO/ISO for which an electrical corporation must have equal to or greater than accredited capacity for the applicable time period;

(X) Planning season, for electrical corporations that take part in the MISO resource adequacy process, means the seasons (summer, fall, winter, spring) in a planning year;

(Y) Planning year (PY) means from June 1 of one year through May 31 of the following year that is used for the SRM Reporting Template as described in section (2) of this rule;

(Z) Power purchase agreement (PPA) means an electricity supply agreement between a power producer and an electrical corporation;

(AA) Public Utility Regulatory Policies Act of 1978 (PURPA) qualifying facility (QF) means a cogeneration facility or a small power production facility that meets the requirements of 18 CFR 292.201 through 292.211 and has obtained a QF certification in accordance with 18 CFR 292.207;

(BB) Pumped-storage hydroelectric system means an ESS where water is pumped to a reservoir at a higher elevation during times of lesser demand, and then the water is released to a reservoir at a lower elevation with the water passing through turbines to generate electricity at times of increased demand;

(CC) Resource type means the fuel or source from which a capacity resource obtains energy, including but not limited to natural gas, coal, oil, solar, wind, nuclear, hydroelectric, geothermal, and pumped-storage hydroelectric system;

(DD) Seasonal accredited capacity (SAC) means an accreditation method by which a capacity value is assigned to a capacity resource based on the availability of the capacity

resource during times of increased demand during the relevant season;

(EE) Service territory means the area in which the electrical corporation has been approved by the commission to provide electrical service to customers;

(FF) Sufficient capacity means owned or contracted-for capacity that meets the planning reserve margin or successor metric established by the RTO/ISO or established by the commission if the electrical corporation is not a participant in a regional transmission organization or independent system operator;

(GG) Summer planning season, for electrical corporations that take part in the SPP resource adequacy process, means June 1 through September 30 each year;

(HH) Transmission limitations means known and measurable constraints within the RTO/ISO's system that limit the amount of power that can be delivered from an electrical corporation's capacity resources to the electrical corporation's system;

(II) Transmission losses means the amount of power, expressed as a percentage, that is lost during the transmission of electricity from generation resources to an electrical corporation's interconnection point;

(JJ) Unforced capacity (UCAP) means an accreditation method by which a capacity value is assigned to a generation resource after adjusting the ICAP for the expected availability or historical availability of the generation resource or fuel availability; and

(KK) Winter season, for electrical corporations that take part in the SPP resource adequacy process, means December 1 through March 31 each year.

(2) Reporting form. The SRM Reporting Template shall include the electrical corporation's plan to own or have rights to sufficient capacity to meet its capacity obligations for the upcoming planning year and each of the three (3) subsequent years. The SRM Reporting Template, revised December 2, 2025, is hereby incorporated by reference and made a part of this rule. The SRM Reporting Template is available at www.psc.mo.gov/. This rule does not incorporate any subsequent amendments or additions.

(3) Reporting.

(A) Annually, but not later than May 31, each electrical corporation that takes part in the MISO resource adequacy process shall submit an SRM Reporting Template (incorporated by reference in section (2)) for each planning season reflecting the electrical corporation's plan to own or have rights to sufficient capacity to meet its capacity obligations.

(B) Annually, but not later than January 14, each electrical corporation that takes part in the SPP resource adequacy process shall submit an SRM Reporting Template required by section (2) for the winter planning season reflecting the electrical corporation's plan to own or have rights to sufficient capacity to meet its capacity obligations.

(C) Annually, but not later than July 15, each electrical corporation that takes part in the SPP resource adequacy process shall submit an SRM Reporting Template required by section (2) for the summer planning season reflecting the electrical corporation's plan to own or have rights to sufficient capacity to meet its capacity obligations.

(D) An electrical corporation shall file supplemental SRM Reporting Templates if inaccurate information or mistakes are identified in the electrical corporation's initial filing or previous supplemental filings of any of the above within fourteen (14) days of the discovery by the electrical corporation of the inaccurate information or mistakes.

AUTHORITY: section 393.1080, RSMo Supp. 2025. Original rule filed Jan. 14, 2026.

PUBLIC COST: This proposed rule will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed rule will not cost private entities more than five hundred dollars (\$500) in the aggregate.

NOTICE TO SUBMIT COMMENTS AND NOTICE OF PUBLIC HEARING: Anyone may file comments in support of or in opposition to this proposed rule with the Missouri Public Service Commission, Nancy Dippell, Secretary of the Commission, PO Box 360, Jefferson City, MO 65102. Comments may also be submitted via a filing using the commission's electronic filing and information system at <https://efis.psc.mo.gov>. To be considered, comments must be received at the commission's offices on or before March 25, 2026, and should include a reference to commission Case No. EX-2026-0171. A public hearing regarding this proposed rule is scheduled for April 3, 2026, at 10 a.m., in Room 310 of the Governor Office Building, 200 Madison St., Jefferson City, MO. Interested persons may appear at this hearing to submit additional comments and/or testimony in support of or in opposition to this proposed rule and may be asked to respond to commission questions. Any persons with special needs as addressed by the Americans with Disabilities Act should contact the Missouri Public Service Commission at least ten (10) days prior to the hearing at one (1) of the following numbers: Consumer Services Hotline 1-800-392-4211 or TDD Hotline 1-800-829-7541.

This section will contain the final text of the rules proposed by agencies. The order of rulemaking is required to contain a citation to the legal authority upon which the order or rulemaking is based; reference to the date and page or pages where the notice of proposed rulemaking was published in the *Missouri Register*; an explanation of any change between the text of the rule as contained in the notice of proposed rulemaking and the text of the rule as finally adopted, together with the reason for any such change; and the full text of any section or subsection of the rule as adopted that has been changed from the text contained in the notice of proposed rulemaking. The effective date of the rule shall be not less than thirty (30) days after the date of publication of the revision to the *Code of State Regulations*.

The agency is also required to make a brief summary of the general nature and extent of comments submitted in support of or opposition to the proposed rule and a concise summary of the testimony presented at the hearing, if any, held in connection with the rulemaking, together with a concise summary of the agency's findings with respect to the merits of any such testimony or comments that are opposed in whole or in part to the proposed rule. The ninety-(90-) day period during which an agency shall file its order of rulemaking for publication in the *Missouri Register* begins either: 1) after the hearing on the proposed rulemaking is held; or 2) at the end of the time for submission of comments to the agency. During this period, the agency shall file with the secretary of state the order of rulemaking, either putting the proposed rule into effect, with or without further changes, or withdrawing the proposed rule.

SECONDARY EDUCATION**

**Division 20 – Division of Learning Services
Chapter 300 – Office of Special Education**

ORDER OF RULEMAKING

By the authority vested in the State Board of Education (board) under sections 161.092 and 162.685, RSMo 2016, the board amends a rule as follows:

5 CSR 20-300.110 Individuals with Disabilities
Education Act, Part B **is amended.**

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on November 3, 2025 (50 MoReg 1533-1536). No changes have been made to the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The board received thirty-seven (37) comments on the proposed amendment from twenty-one (21) individuals.

COMMENT #1: The department received twelve (12) comments from twelve (12) individuals expressing their support of the changes in Regulation V, Section E.
RESPONSE: No changes have been made to the material incorporated by reference in response to these comments.

COMMENT #2: The department received twelve (12) comments from twelve (12) individuals requesting parental consent for placement, removals, additions, changes, or reductions of services in a student's individualized education program prior to such placement, removal, change, or reduction in services.
RESPONSE: Under 34 CFR section 300.507, if a parent disagrees with a local education agency's decision to initiate or refuse to initiate or change the identification, evaluation, or educational placement of the student or the provision of a free appropriate public education, they may file a due process complaint. No changes have been made to the material incorporated by reference in response to these comments.

COMMENT #3: The department received one (1) comment from one (1) individual requesting public agencies provide a draft individualized education program upon parent request.
RESPONSE: This comment is outside the scope of the proposed changes. No changes have been made to the material incorporated by reference in response to this comment.

COMMENT #4: The department received two (2) comments from two (2) individuals expressing their support of all proposed changes.
RESPONSE: No changes have been made to the material incorporated by reference in response to these comments.

COMMENT #5: The department received one (1) comment from one (1) individual suggesting changing the district responsible for implementing the individualized education program for students enrolled in the state operated programs.
RESPONSE: This comment is outside the scope of the proposed changes. No changes have been made to the material incorporated by reference in response to these comments.

COMMENT #6: The department received one (1) comment from one (1) individual noting a typographical error.
RESPONSE AND EXPLANATION OF CHANGE: The typographical error in the material incorporated by reference has been corrected.

COMMENT #7: The department received one (1) comment from one (1) individual proposing that the age of eligibility be conformed across state-operated programs.
RESPONSE: The age of eligibility requirement is aligned with section 162.730, RSMo. No change has been made to the material incorporated by reference in response to this comment.

COMMENT #8: The department received two (2) comments from two (2) individuals recommending that the language pertaining to state-operated programs be revised to align with language used for approved private agencies regarding the public agency's responsibilities for individualized education programs.
RESPONSE: The current language appropriately clarifies that convening individualized education program meetings is the responsibility of the public agency. Additionally, the proposed language for both state-operated programs and approved private agencies clarifies that any changes to a student's individualized education program must be made through a team decision. No changes have been made to the material incorporated by reference in response to these comments.

COMMENT #9: The department received one (1) comment from one (1) individual requesting a required time frame for state-operated programs to make eligibility determinations.

RESPONSE: This comment is outside the scope of the proposed changes. No changes have been made to the material incorporated by reference in response to these comments.

COMMENT #10: The department received four (4) comments from four (4) individuals expressing concern that the proposed language regarding a public agency's responsibility to provide special education and related services until a student completed enrollment in a state-operated program would override the public agency's prior written notice to change placement.

RESPONSE AND EXPLANATION OF CHANGE: The material incorporated by reference will be revised to require the public agency to provide special education and related services for a reasonable time after providing parents with prior written notice of the change of placement, or until the child enrolls at a state-operated program, whichever occurs first.

TITLE 20 – DEPARTMENT OF COMMERCE AND INSURANCE

IN ADDITION

Pursuant to section 376.1224, RSMo, regarding the maximum prescribed insurance benefit for the coverage of applied behavior analysis for the treatment of autism, the Director of the Department of Commerce and Insurance is required to calculate the new maximum each year to adjust for inflation.

Using Consumer Price Index for All Urban Consumers (US City Average), as required by section 376.1224, RSMo, the new maximum required benefit was established by the following calculations:

Index Based on 1984 Dollars
CPI for 2024: 313.698

CPI for 2025: 321.943

New ABA Mandated Maximum Benefit for 2026 = 2025 Limit x (2025 Annual Index/2024 Annual Index)

\$58,817 = \$57,311 x (321.943/313.698)

TITLE 20 – DEPARTMENT OF COMMERCE AND INSURANCE

IN ADDITION

Pursuant to Section 226.096, RSMo, regarding the Construction Claims Binding Arbitration Cap for the Missouri Department of Transportation, the Director of Commerce and Insurance is required to calculate the new limit.

Using Implicit Price Deflator (IPD) for Personal Consumption Expenditures (PCE), as required by section 226.096, RSMo, the Construction Claims Binding Arbitration Cap for the Missouri Department of Transportation, effective January 1, 2026, was established by the following calculation:

Index Based on 2017 Dollars
Third Quarter 2024 IPD Index 123.731
Third Quarter 2025 IPD Index 127.281

New 2026 Limit = 2025 Limit x (2025 Index/2024 Index)

\$539,314 = \$524,272 x (127.281/123.731)

TITLE 20 – DEPARTMENT OF COMMERCE AND INSURANCE

IN ADDITION

Section 538.210.8, RSMo, requires the Missouri Department of Commerce and Insurance to annually adjust the statutory cap on non-economic damages in medical malpractice cases at a constant rate of 1.7 percent. The caps for 2026 are calculated below.

The new limit was established by the following calculation:

Cap for non-catastrophic injuries in 2025: \$473,444

Cap for catastrophic injuries in 2025: \$828,529

New caps for 2026:

Non-catastrophic injuries: (\$473,444 x 1.017) = \$481,493

Catastrophic injuries: (\$828,529 x 1.017) = \$842,614

TITLE 20 – DEPARTMENT OF COMMERCE AND INSURANCE

IN ADDITION

Pursuant to section 105.711, RSMo, regarding the State Legal Expense Fund, the Director of Commerce and Insurance is required to calculate the new limit for the state legal defense fund.

Using Implicit Price Deflator (IPD) for Personal Consumption Expenditures (PCE), as required by section 105.711, RSMo, the State Legal Expense Fund Limit effective January 1, 2026, was established by the following calculation:

Index Based on 2017 Dollars
Third Quarter 2024 IPD Index 123.731
Third Quarter 2025 IPD Index 127.281

New 2026 Limit = 2025 Limit x (2025 Index/2024 Index)

\$551,689 = \$536,302 x (127.281/123.731)

The Secretary of State is required by sections 347.141 and 359.481, RSMo, to publish dissolutions of limited liability companies and limited partnerships. The content requirements for the one-time publishing of these notices are prescribed by statute. This listing is published pursuant to these statutes.
