HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation, i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

RSMo—The most recent version of the statute containing the section number and the date.

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:
Boldface text indicates new matter.
[Bracketed text indicates matter being deleted.]

Chapter 3—Funds of Retirement System

PROPOSED AMENDMENT

16 CSR 10-3.010 Payment of Funds to the Retirement System. The retirement system is amending section (7).

PURPOSE: This proposed amendment clarifies when prescription drug premiums are included in “salary” for contributions and benefit purposes.

(7) For purposes of determining retirement contributions and benefits, salary rate includes medical insurance premiums (including dental and vision) paid by the employer on behalf of the member and payments made by the employer on behalf of the member to a self-funded medical benefits plan. Salary, salary rate, or compensation as defined in section 169.010, RSMo, shall not be reduced due to premium rebates or refunds received by the employer as a result of the implementation of the “Patient Protection and Affordable Care Act,” Public Law 111-148. Salary rate also includes payments made by the employer on behalf of the member to purchase an annuity, or fund a deferred compensation plan, in lieu of medical insurance or a self-funded medical benefits plan. The employer shall withhold from the member’s salary and remit to the system contributions on any such premiums and payments, along with matching employer contributions. Premiums and payments for prescription drug, life, and other ancillary benefits determined separately from premiums and payments for general medical benefits are not part of salary rate. The payment reported for each member covered by a self-funded medical benefits plan shall be determined by the employer. **Beginning July 1, 2017, premiums paid by the employer on behalf of the member and payments made by the employer on behalf of the member to a self-funded medical benefits plan for prescription drug coverage shall be included in salary as defined in section 169.010, RSMo, whether or not such premiums or payments for prescription drug coverage were determined separately from premiums and payments for general medical benefits. Contributions transmitted to the retirement system before July 1, 2017, based on salary rates which either included or excluded employer-paid premiums or payments to a self-funded medical benefits plan for prescription drug coverage for members shall be deemed to have been in compliance with this section. The retirement system shall not refund or adjust contributions or adjust benefit determinations with respect to any period before July 1, 2017, solely because of the treatment of employer-paid premiums or payments to a self-funded medical benefits plan for prescription drug coverage for members.**

(3) Seasons and limits are as follows:

(A) Mourning doves, Eurasian collared-doves, and white-winged doves may be taken from one-half (1/2) hour before sunrise to sunset from September 1 through November 29. Limits: fifteen (15) doves daily in the aggregate; forty-five (45) in possession;

An exception to the above permit requirement includes any person fifteen (15) years of age or younger, provided either 1) s/he is in the immediate presence of a properly licensed adult (must possess a Conservation Order permit) who is eighteen (18) years of age or older and has in his/her possession a valid hunter education certificate card, or was born before January 1, 1967, or 2) s/he possesses a valid hunter education certificate card. A daily bag limit will not be in effect February 7, 2017, through April 30, 2017 (See 3 CSR 10-5.436 and 3 CSR 10-5.567 for Conservation Order Permit requirements); and

SUMMARY OF PUBLIC COMMENTS: Seasons and limits are exempted from the requirement of filing as a proposed amendment under section 536.021, RSMo.

This amendment was filed April 29, 2016, becomes effective **May 15, 2016**.

Adequate funding for charter school sponsorship is an essential piece of the charter school sector to carry out oversight duties to fulfill the promise of charter schools as a high quality education option and fully supports this order of rulemaking.

RESPONSE: The department appreciates the support of the university.

**Title 13—DEPARTMENT OF SOCIAL SERVICES
Division 70—MO HealthNet Division
Chapter 98—Behavioral Health Services**

ORDER OF RULEMAKING

By the authority vested in the MO HealthNet Division under sections 208.153 and 208.201, RSMo Supp. 2013, the division adopts a rule as follows:

13 CSR 70-98.030 Applied Behavior Analysis Services is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on January 15, 2016 (41 MoReg 89-92). No changes have been made in the text of the proposed rule, so it is not reprinted here. However, the online precertification form is being revised. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The MO HealthNet Division received six (6) comments on the proposed rule.

COMMENT #1: Susan Henderson with the Burrell Autism Center expressed support for the requirement in paragraph (2)(A)3. for a diagnostic evaluation, but expressed concern that the online precertification form requests more information than the provider may have. **RESPONSE:** The MO HealthNet Division agrees that the requirement for a diagnostic evaluation is important. The online precertification form is being revised in response to this comment. No change has been made to the rule as a result of this comment.

COMMENT #2: Susan Henderson with the Burrell Autism Center expressed that, in comparison to rates from Missouri insurance companies, Department of Mental Health waivers, and sixteen (16) other states' Medicaid programs, the MO HealthNet Division's reimbursement rates for ABA services are not reasonable and will be a significant barrier to applied behavior analysis (ABA) services being provided to MO HealthNet covered children who have autism spectrum disorders. She also noted that the number of behavior analysts in Missouri is not sufficient to meet the demand for ABA services. **RESPONSE:** The MO HealthNet Division agrees that there are not enough behavior analysts in Missouri to meet the demand for ABA services. MO HealthNet reimbursement rates for ABA were developed in collaboration with staff from the Department of Mental Health, Division of Developmental Disabilities. At this time the MO HealthNet Division does not have additional funds appropriated to support a rate increase. No changes have been made to the rule as a result of this comment.

COMMENT #3: Rebecca Blackwell with the Judevine Center for Autism expressed that the registered behavior technician (RBT) unit rate of eleven dollars (\$11.00) per thirty (30) minutes of service is inadequate due to the costs associated with initial training and annual reassessments for RBTs and due to the Behavior Analyst Certification Board (BACB) requirement that at least five percent (5%) of direct services provided by the RBT must be supervised by the behavior analyst. She noted that the MO HealthNet RBT rate of eleven dollars (\$11.00) per thirty (30) minutes was reported to be the lowest of seventeen (17) states compared at an autism insurance summit in November, 2015. She noted that the Missouri Department of Mental Health, Division of Developmental Disabilities (DMH/DDD) comprehensive waiver renewal lists the proposed RBT rate at twenty-two dollars and fifty cents (\$22.50) per thirty (30) minute unit. **RESPONSE:** The MO HealthNet rate for RBT services was set at ninety-three percent (93%) of the eleven dollars and seventy-eight cents (\$11.78) per thirty (30) minute DMH/DDD waiver rate for similar services. The DMH/DDD has proposed a rate of fifteen dollars and eighteen cents (\$15.18) per thirty (30) minute unit for RBT services in their waiver renewal. At this time the MO HealthNet Division does not have additional funds appropriated to support a rate increase. No changes have been made to the rule as a result of this comment.

COMMENT #4: Rebecca Blackwell with the Judevine Center for Autism noted that, of Missouri's one hundred fifteen (115) counties, eighty-four (84) have no resident licensed behavior analyst or assistant behavior analyst, and asked that the MO HealthNet Division allow for the required clinical oversight of RBTs to be conducted

through video review and synchronous web camera observation, which, she noted, is consistent with guidelines put forth by the BACB.

RESPONSE: Section (3) specifies that RBTs must be supervised as required by the BACB. It does not specify the modality of supervision or prohibit video review or synchronous web camera observation. No changes have been made to the rule as a result of this comment.

COMMENT #5: Rebecca Blackwell with the Judevine Center for Autism requested that the MO HealthNet Division require that licensed psychologists providing ABA services comply with the *Professional and Ethical Compliance Code for Behavior Analysts* published by the Behavior Analyst Certification Board.

RESPONSE: Section (3) requires that licensed psychologists and licensed behavior analysts have no sanctions or disciplinary actions by the applicable state licensing board or the BACB. Additionally, licensed psychologists are governed by the ethical rules of conduct in 20 CSR 2235-5.030. No changes have been made to the rule as a result of this comment.

COMMENT #6: Rebecca Blackwell with the Judevine Center for Autism expressed concern that the rate set for RBT services is so low that it appears to be in violation of the CMS equal access rule. She provided several examples detailing that the RBT rate is not adequate to cover operating costs, including, but not limited to, mileage reimbursement, hourly wage, vacations, holidays, short-term absences, training, supervision, documentation, employee health insurance, and worker's compensation. She asked what rate-setting methodology was used to develop the RBT rate.

RESPONSE: The examples provided assume that the provider sees only MO HealthNet participants rather than a caseload that includes some MO HealthNet participants along with individuals who have other health plan coverage. The RBT rate was set at ninety-three percent (93%) of the rate for a similar service in the DMH/DDD waivers. As of March 28, 2016, there are forty (40) licensed behavior analysts, six (6) licensed assistant behavior analysts, and two (2) ABA qualified licensed psychologists enrolled with MO HealthNet, and providers continue to enroll on an ongoing basis. The MO HealthNet Division does not have additional funds appropriated to support a rate increase at this time. Access to services is an important consideration, and MO HealthNet will monitor participant access to services on an ongoing basis and will consider strategies for improving access to services as needed. No changes have been made to the rule as a result of this comment.

Chapter 2—State-Chartered Credit Unions**

ORDER OF RULEMAKING

By the authority vested in the Director of the Division of Credit Unions under section 370.100, RSMo Supp. 2013, the director rescinds a rule as follows:

20 CSR 1100-2.185 Investments in Fixed Assets is rescinded.

A notice of proposed rulemaking containing the proposed rescission was published in the *Missouri Register* on February 16, 2016 (41 MoReg 245-246). No changes have been made in the proposed rescission, so it is not reprinted here. This proposed rescission becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Director of the Division of

Credit Unions received one (1) comment on the proposed rescission.

COMMENT: Don Cohenour and Marla Marsh with the Heartland Credit Union Association (HCUA) support rescission of the rule, stating rescission would provide meaningful regulatory relief and parity with requirements for federally-chartered credit unions.

RESPONSE: No changes have been made to the rule as a result of this comment.

This section may contain notice of hearings, correction notices, public information notices, rule action notices, statements of actual costs, and other items required to be published in the *Missouri Register* by law.

Background

The individuals listed in this notice have recently filed applications requesting MoDOT to issue SPE Certificates to exempt them from the physical qualification requirements relating to vision in 49 CFR 391.41(b)(10), or to diabetes in 49 CFR 391.41(b)(3), which otherwise apply to drivers of CMVs in Missouri intrastate commerce.

Under section 622.555, RSMo, MoDOT may issue an SPE Certificate, for not more than a two- (2-) year period, if it finds that the applicant has the ability, while operating CMVs, to maintain a level of safety that is equivalent to or greater than the driver qualification standards of 49 CFR 391.41. Upon application, MoDOT may renew an exemption upon expiration.

Background

The individuals listed in this notice have recently filed applications

requesting MoDOT to issue SPE Certificates to exempt them from the physical qualification requirements relating to vision in 49 CFR 391.41(b)(10), or to diabetes in 49 CFR 391.41(b)(3), which otherwise apply to drivers of CMVs in Missouri intrastate commerce.

Under section 622.555, RSMo, MoDOT may issue an SPE Certificate, for not more than a two- (2-) year period, if it finds that the applicant has the ability, while operating CMVs, to maintain a level of safety that is equivalent to or greater than the driver qualification standards of 49 CFR 391.41.
