## HOW TO CITE RULES AND RSMo

**RULES**—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation, i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

**RSMo**—The most recent version of the statute containing the section number and the date.

**U**nder this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

**E**ntirely new rules are printed without any special symbology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

**A**n important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

**I**f an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

**A**n agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

**I**f an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

**Boldface text indicates new matter.**

**Title 6—DEPARTMENT OF HIGHER EDUCATION  
Division 10—Commissioner of Higher Education  
Chapter 13—Educational Credit for Military Training  
or Service**

**PROPOSED RULE**

**6 CSR 10-13.010 Educational Credit for Military Training or Service**

*PURPOSE: The purpose of this rule is to set forth the guidelines to be followed by all public institutions of higher education in the state, including vocational and technical schools, for awarding veterans educational credit for prior military training or service. This rule is in compliance with the requirements of section 173.1158, RSMo, which grants the Coordinating Board for Higher Education and Department of Higher Education the authority to generate this rule.*

(1) Definitions.

(A) The term “public institution” shall refer to any Missouri public institution of higher education as defined in section 173.1102(3), RSMo.

(B) The term “educational credit” or “credit” shall refer to those credits that are awarded to students for prior military service or training, and can be applied toward the requirements of a certificate, licensure, diploma, or degree at a public institution.

(C) The term “prior military training or service” shall refer to any prior service or training that may be eligible for educational credit as determined by the public institution. These include, but are not limited to:

1. University coursework completed during military service;
2. Examinations, such as the College Level Examination Program (CLEP), and the CLEP portion of DANTES Language School; and
3. Military courses that have been developed and taught by military personnel.

(D) The term “American Council on Education (ACE)” refers to the coordinating body for the nation’s institutions of higher education. They provide institutions with recommendations on evaluating and awarding educational credits for college or university-level learning earned through prior military service or training.

(2) All public institutions of higher education shall develop and implement policies and procedures consistent with the guiding principles enumerated in section (3) of this rule that allow for the effective evaluation and awarding of credit to students with prior military service or training.

(3) Guidelines for Awarding Educational Credit for Military Service or Training.

(A) Prior military service or training takes many forms, therefore all public institutions of higher education in the state shall refer to the recommendations provided by the American Council on Education (ACE) *Guide to the Evaluation of Educational Experiences in the Armed Services* when evaluating and awarding educational credits for prior military service or training.

(B) While public institutions should evaluate veterans’ military transcripts to determine whether prior military service or training meets educational requirements, they should also provide opportuni-

ties whereby such students may be evaluated for educational credits. These include, but are not limited to, nationally recognized examinations, course-specific examinations designed by college or university faculty, and/or portfolio or other means of competence demonstration. Public institutions should also document which credits may be earned through which evaluation method.

(C) Public institutions should work to award students, who are also veterans, with credits that fulfill major degree requirements whenever possible, if such courses are equivalent to that student’s prior military service or training. Otherwise, appropriate credit should be given to fulfill a general education requirement or other elective course.

(D) Any credits awarded to a student whose prior military service or training has been deemed equivalent for such credits shall be transferable among all public institutions of higher education according to the Department of Higher Education’s transfer and articulation rule at 6 CSR 10-3.020.

(E) Students who are also veterans should consult with registrars and/or academic advisors in an effort to determine whether their prior military service or training fulfills any certificate, course, or major requirements. These students should also provide any necessary supporting documentation to be used in the evaluation of prior experience by the college or university he or she attends.

(F) Public institutions should disseminate information regarding the awarding of educational credits for prior military service or training, which includes information on course equivalencies, the number of credits awarded, and opportunities to be evaluated for such credit. This information should be easily accessible and made available to all current and prospective students.

(G) All credit that is deemed acceptable must meet the scope and mission of the awarding public institution.

*AUTHORITY: section 173.1158, RSMo Supp. 2013. Original rule filed June 13, 2016.*

*PUBLIC COST: This proposed rule will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.*

*PRIVATE COST: This proposed rule will not cost private entities more than five hundred dollars (\$500) in the aggregate.*

*NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed rule with Jennifer Plemons, Missouri Department of Higher Education, PO Box 1469, Jefferson City, MO 65102-1469 or jennifer.plemmons@dhe.mo.gov. **Background**

The individuals listed in this notice have recently filed applications requesting MoDOT to issue SPE Certificates to exempt them from the physical qualification requirements relating to vision in 49 CFR 391.41(b)(10), or to diabetes in 49 CFR 391.41(b)(3), which otherwise apply to drivers of CMVs in Missouri intrastate commerce.

Under section 622.555, RSMo, MoDOT may issue an SPE Certificate, for not more than a two- (2-) year period, if it finds that the applicant has the ability, while operating CMVs, to maintain a level of safety that is equivalent to or greater than the driver qualification standards of 49 CFR 391.41. Upon application, MoDOT may renew an exemption upon expiration.

Accordingly, the agency will evaluate the qualifications of each applicant to determine whether issuing an SPE Certificate will comply with the statutory requirements and will achieve the required level of safety. If granted, the SPE Certificate is only applicable to intrastate transportation wholly within Missouri.

## Construction Transient

The following is a list of all construction contractors performing work on construction projects in Missouri who are known by the Department of Revenue to be transient employers pursuant to Section 285.230, RSMo. This list is provided as a guideline to assist public bodies with their responsibilities under this section that states, "any county, city, town, village or any other political subdivision which requires a building permit for a person to perform certain construction projects shall require a transient employer to show proof that the employer has been issued a tax clearance and has filed a financial assurance instrument as required by Section 285.230 before such entity issues a building permit to the transient employer."
