HOW TO CITE RULES AND RSMo

RULES—Cite material in the Missouri Register by volume and page number, for example, Vol. 28, Missouri Register, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the Code of State Regulations in this system—

<table>
<thead>
<tr>
<th>Title</th>
<th>Code of State Regulations</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>CSR</td>
</tr>
<tr>
<td>Division</td>
<td>10-1.010</td>
</tr>
</tbody>
</table>

They are properly cited by using the full citation, i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

RSMo—The most recent version of the statute containing the section number and the date.

EMERGENCY RULES

October 3, 2016
Vol. 41, No. 19

MISSOURI REGISTER

Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo 2000. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety, or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the Missouri and the United States Constitutions; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons, and findings which support its conclusion that there is an immediate danger to the public health, safety, or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten (10) days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the Missouri Register as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

PURPOSE: This amendment adds references to a new Code of State Regulations chapter and a new Missouri Revised Statutes section.

EMERGENCY STATEMENT: This emergency amendment is necessary to address statutory sections enacted in HB 1941 (2016), specifically, sections 313.900, 313.910, 313.920, 313.930, 313.940, 313.950, 313.960, 313.970, 313.990, 313.1000, 313.1010, and 313.1020, which became law on August 28, 2016. This legislation requires the Missouri Gaming Commission (MGC) to regulate and license the management, operation, and conduct of fantasy sports contests and participants. This bill created the Missouri Fantasy Sports Consumer Protection Act and requires the operators of websites engaged in fantasy sports contests in Missouri to comply with and receive annual licenses from the Missouri Gaming Commission (MGC) prior to operation. It includes a provision for “grandfathering in” fantasy sports contest operators already operating in Missouri prior to April 1, 2016, by allowing them to continue operating until they receive or are denied a license. We estimate this will affect seven (7) operators who will be charged an annual operation fee for net revenue received. This is estimated to generate six hundred thousand dollars ($600,000) per year for the Gaming Proceeds for Education Fund. Those operators must submit an application for licensure prior to October 1, 2016. Once licensed, HB 1941 requires operators to segregate players’ funds, maintain a reserve account for the benefit and protection of those funds, establish procedures that will prevent unauthorized withdrawals or commingling of the player and operator funds, as well as provide procedures for a player to report a compromised account. The bill also requires licensed operators to contract with a Certified Public Accountant to conduct an annual financial and internet website audit to ensure compliance with the law. The licensed operators will also have to pay an annual operation fee. Licensed operators may not issue credit to players and may not allow multiple accounts for one (1) player. It requires licensed operators to comply with certain requirements relative to the contests they offer, including requiring that all winning outcomes be determined by accumulating statistical results of fully completed events, forbidding players to select athletes through an auto-draft process, forbidding the licensed operator from awarding any prize to the winner of or athletes in the underlying competition, and not allowing the contest to be based on collegiate, high school, or youth athletics or performances. Licensed operators must also verify each player’s age and state of residence as well as maintain and provide access to online self-exclusion forms and processes. The bill also sets parameters for the disclosure of information and documents.

HB 1941 grants the MGC the authority to oversee all licensed operators and provides the MGC investigatory, licensing, and rulemaking powers. The submitted regulations were drafted to provide procedures for licensing fantasy sports contest operators to comply with the statute that became effective August 28, 2016. The rules also provide a consistent regulatory framework from which all of the fantasy sports contest operators can operate. We met with two (2) large operators and two small operators prior to drafting these rules and we solicited comments from three (3) of those companies. We received comments from all three (3) operators and made changes as appropriate and consistent with our statutory duties. Players will benefit from consistent standards as well, in that they can be secure in knowing that all licensed fantasy sports contest operators accepting wagers from Missouri residents comply with and operate within the same framework; these regulations will provide a level playing field for all parties involved.

Specifically, this emergency amendment adds reference to a new Code of State Regulations chapter and a new Missouri Revised Statutes section to include regulatory procedures regarding waivers and variances requested by fantasy sports contest applicants and licensed operators.

As such, the MGC finds an immediate threat to the public welfare and a compelling governmental interest to regulate Fantasy Sports Contests which requires this emergency action. A proposed amendment covering the same material is published in this issue of the Missouri Register. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. The Missouri Gaming Commission believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed August 29, 2016, becomes effective September 8, 2016, and expires March 6, 2017.

(1) The commission may waive or grant a variance from the provisions of Title 11, Division 45, Chapters 1–131/40 of the Code of State Regulations upon a licensee’s written application, if the commission determines that the waiver or variance is in the best interests of the public. Any waiver or variance granted pursuant to this section constitutes an order of the commission pertaining to gaming, violation of which subjects a licensee to discipline under section 313.812.142 and 313.1010, RSMo.

It includes a provision for “grandfathering in” fantasy sports contest operators already operating in Missouri prior to April 1, 2016, by allowing them to continue operating until they receive or are denied a license. We estimate this will affect seven (7) operators who will be charged an annual operation fee for net revenue received. This is estimated to generate six hundred thousand dollars ($600,000) per year for the Gaming Proceeds for Education Fund. Those operators must submit an application for licensure prior to October 1, 2016. Once licensed, HB 1941 requires operators to segregate players’ funds, maintain a reserve account for the benefit and protection of those funds, establish procedures that will prevent unauthorized withdrawals or commingling of the player and operator funds, as well as provide procedures for a player to report a compromised account. The bill also requires licensed operators to contract with a Certified Public Accountant to conduct an annual financial and internet website audit to ensure compliance with the law. The licensed operators will also have to pay an annual operation fee. Licensed operators may not issue credit to players and may not allow multiple accounts for one (1) player. It requires licensed operators to comply with certain requirements relative to the contests they offer, including requiring that all winning outcomes be determined by accumulating statistical results of fully completed events, forbidding players to select athletes through an auto-draft process, forbidding the licensed operator from awarding any prize to the winner of or athletes in the underlying competition, and not allowing the contest to be based on collegiate, high school, or youth athletics or performances. Licensed operators must also verify each player’s age and state of residence as well as maintain and provide access to online self-exclusion forms and processes. The bill also sets parameters for the disclosure of information and documents.

HB 1941 grants the MGC the authority to oversee all licensed operators and provides the MGC investigatory, licensing, and rule-making powers. The submitted regulations were drafted to provide procedures for licensing fantasy sports contest operators to comply with the statute that became effective August 28, 2016. The rules also provide a consistent regulatory framework from which all of the fantasy sports contest operators can operate. We met with two (2) large operators and two small operators prior to drafting these rules and we solicited comments from three (3) of those companies. We received comments from all three (3) operators and made changes as appropriate and consistent with our statutory duties. Players will benefit from consistent standards as well, in that they can be secure in knowing that all licensed fantasy sports contest operators accepting wagers from Missouri residents comply with and operate within the same framework; these regulations will provide a level playing field for all parties involved.

Specifically, this emergency amendment addresses the limitations on disclosure of records of fantasy sports contest applicants and licensed operators by the commission.

As such, the MGC finds an immediate threat to the public welfare and a compelling governmental interest to regulate Fantasy Sports Contests which requires this emergency action. A proposed amendment covering the same material is published in this issue of the Missouri Register.

Licensed operators must also verify each player’s age and state of residence as well as maintain and provide access to online self-exclusion forms and processes. The bill also sets parameters for the disclosure of information and documents.

HB 1941 grants the MGC the authority to oversee all licensed operators and provides the MGC investigatory, licensing, and rule-making powers. The submitted regulations were drafted to provide procedures for licensing fantasy sports contest operators to comply with the statute that became effective August 28, 2016. The rules also provide a consistent regulatory framework from which all of the fantasy sports contest operators can operate. We met with two (2) large operators and two small operators prior to drafting these rules and we solicited comments from three (3) of those companies. We received comments from all three (3) operators and made changes as appropriate and consistent with our statutory duties. Players will benefit from consistent standards as well, in that they can be secure in knowing that all licensed fantasy sports contest operators accepting wagers from Missouri residents comply with and operate within the same framework; these regulations will provide a level playing field for all parties involved.

Specifically, this emergency rule provides regulatory procedures for fantasy sports contest operators to follow when applying for a license.

As such, the MGC finds an immediate threat to the public welfare and a compelling governmental interest to regulate Fantasy Sports Contests which requires this emergency action. A proposed rule covering the same material is published in this issue of the Missouri Register. The scope of this emergency rule is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. The Missouri Gaming Commission believes this emergency rule is fair to all interested persons and parties under the circumstances. This emergency rule was filed August 29, 2016, becomes effective September 8, 2016, and expires March 6, 2017.

EMERGENCY RULE

11 CSR 45-40.030 Commission Approval of Procedures

PURPOSE: This rule establishes the process for approval of fantasy sports contest operators’ procedures.

EMERGENCY STATEMENT: This emergency rule is necessary to address statutory sections enacted in HB 1941 (2016), specifically, sections 313.900, 313.950, 313.970, 313.1000, and 313.1020, which became law on August 28, 2016. This legislation requires the Missouri Gaming Commission (MGC) to regulate and license the management, operation, and conduct of fantasy sports contests and participants.

This bill created the Missouri Fantasy Sports Consumer Protection Act and requires the operators of websites engaged in fantasy sports contests in Missouri to apply for and receive annual licenses from the Missouri Gaming Commission (MGC) prior to operation. It includes a provision for “grandfathering in” fantasy sports contest operators already operating in Missouri prior to April 1, 2016, by allowing them to continue operating until they receive or are denied a license. We estimate this will affect seven (7) operators who will be charged an annual operation fee for net revenue received. This is estimated to generate six hundred thousand dollars ($600,000) per year for the Gaming Proceeds for Education Fund. Those operators must submit an application for licensure prior to October 1, 2016. Once licensed, HB 1941 requires operators to segregate players’ funds, maintain a reserve account for the benefit and protection of those funds, establish procedures that will prevent unauthorized withdrawals or commingling of the player and operator funds, as well as provide procedures for a player to report a compromised account. The bill also requires licensed operators to contract with a Certified Public Accountant to conduct an annual financial and internet website audit to ensure compliance with the law. The licensed operators will also have to pay an annual operation fee. Licensed operators may not issue credit to players and may not allow multiple accounts for one (1) player. It requires licensed operators to comply with certain requirements relative to the contests they offer, including requiring that all winning outcomes be determined by accumulating statistical results of fully completed events, forbidding players to select athletes through an auto-draft process, forbidding the licensed operator from awarding any prize to the winner of or athletes in the underlying competition, and not allowing the context to be based on collegiate, high school, or youth athletics or performances. Licensed operators must also verify each player’s age and state of residence as well as maintain and provide access to online self-exclusion forms and processes. The bill also sets parameters for the disclosure of information and documents.

HB 1941 grants the MGC the authority to oversee all licensed operators and provides the MGC investigatory, licensing, and rule-making powers. The submitted regulations were drafted to provide procedures for licensing fantasy sports contest operators to comply with the statute that became effective August 28, 2016. The rules also provide a consistent regulatory framework from which all of the fantasy sports contest operators can operate. Players will benefit from consistent standards as well, in that they can be secure in knowing that all licensed fantasy sports contest operators accepting wagers from Missouri residents comply with and operate within the same framework; these regulations will provide a level playing field for all parties involved.

Specifically, this emergency rule provides regulatory procedures for fantasy sports contest operators to follow regarding submission and approval of their procedures, in accordance with the statutory requirements.

As such, the MGC finds an immediate threat to the public welfare and a compelling governmental interest to regulate Fantasy Sports Contests which requires this emergency action. A proposed rule covering the same material is published in this issue of the Missouri Register.
Register. The scope of this emergency rule is limited to the circum-
stances creating the emergency and complies with the protections
extended in the Missouri and United States Constitutions. The
Missouri Gaming Commission believes this emergency rule is fair to
all interested persons and parties under the circumstances. This
emergency rule was filed August 29, 2016, becomes effective
September 8, 2016, and expires March 6, 2017.

(1) Prior to operating in Missouri, each applicant for a Fantasy
Sports Contest Operator (FSCO) License shall submit procedures to
the commission that—
(A) Prevent unauthorized withdrawals from a registered player’s
account by the licensed operator or others;
(B) Make clear that funds in a registered player’s account are not
the property of the licensed operator and are not available to the
licensed operator’s creditors;
(C) Segregate player funds from operational funds;
(D) Maintain a reserve in the form of cash or cash equivalents in
the amount of the deposits made to the accounts of fantasy sports
contest players for the benefit and protection of the funds held in
such accounts;
(E) Ensure any prize won by a registered player from participating
in a fantasy sports contest is deposited in the registered player’s
account within forty-eight (48) hours of winning the prize;
(F) Ensure registered players can withdraw the funds maintained
in their individual accounts, whether such accounts are open or
closed, within five (5) business days of the request being made,
unless the licensed operator believes in good faith that the registered
player engaged in either fraudulent conduct or other conduct that
would put the licensed operator in violation of sections 313.900 to
313.1020, RSMo, in which case the licensed operator may decline to
honor the request for withdrawal for a reasonable investigatory peri-
od until its investigation is resolved if it provides notice of the nature
of the investigation to the registered player. For the purposes of this
provision, a request for withdrawal will be considered honored if it
is processed by the licensed operator but delayed by a payment
processor, credit card issuer, or by the custodian of a financial
account;
(G) Allow a registered player to permanently close their account
at any time for any reason; and
(H) Offer registered players access to their play history and
account details.

(2) Each applicant shall submit the written description of its pro-
ducts and all supporting documents designed to satisfy the require-
ments of section (1) of this rule to the commission with the initial
application, unless otherwise directed by the commission.

(3) The commission shall review each submission required by section
(2) of this rule and Chapter 313, RSMo and shall determine whether
it conforms to the requirements of section (1) of this rule and whether
the procedures submitted satisfy the requirements. If the commis-
sion finds any insufficiencies, they shall be specified in writing to the
licensee, who shall make appropriate alterations. No FSCO license
shall be issued unless and until the procedures are approved by the
commission.

(4) Once approved, no licensed operator shall alter its procedures
unless and until the change is approved by the commission.

(5) Each licensed operator shall submit to the commission any
change to the approved procedures no less than fifteen (15) days prior
to the planned implementation date of the change. The proposed
c change to the procedures shall be approved or disapproved by the
commission. Upon approval, the change may be implemented. If the
change is disapproved, the licensed operator shall not implement the
change.

(6) If at any time the commission determines that a licensed opera-
tor’s procedures are inadequate or do not comply with the require-
ments of this chapter or Chapter 313, RSMo, the commission shall
notify the licensed operator in writing. Within fifteen (15) days after
receiving the notification, the licensed operator shall amend its pro-
cedures accordingly and shall submit a copy of the procedures, as
amended, and a description of any other remedial measures taken.

(7) If a licensed operator plans to disseminate the List of Disso-
ciated Persons (DAP List), the operator shall submit to the
commission a plan for the dissemination of the information regarding
persons placed on the DAP List, as well as persons who have been
 removed from the DAP List. The plan shall be designed to safeguard,
as best as is reasonably possible, the confidentiality of the informa-
tion but shall include dissemination to at least the personnel respon-
sible for removing a person on the DAP List from all individually tar-
ged advertising or marketing. Licensed operators may not disclose
the name of, or any information about, a person who has been placed
on or removed from the DAP List to anyone other than employees
and agents of the licensed operator whose duties and functions
require access to the information. The plan must be approved by the
commission prior to disseminating the information. All information
disclosed to any licensed operator regarding anyone placed on or
removed from the DAP List shall be deemed a closed record; how-
ever, the information may be disclosed as authorized by the individ-
ual seeking placement on the DAP List, by law, and through the pro-
visions contained in 11 CSR 45-17:

EMERGENCY RULE

11 CSR 45-40.040 Fantasy Sports Contest Operator
Responsibilities

PURPOSE: This rule establishes the commission’s access to informa-
tion, the applicant’s duty to disclose changes in information, and the
licensed operator’s duty to report and prevent misconduct. This rule
is designed to assure that the commission receives timely information
that may impact on an applicant’s or licensee’s suitability.

EMERGENCY STATEMENT: This emergency rule is necessary to
address statutory sections enacted in HB 1941 (2016), specifically,
sections 313.900, 313.910, 313.100, 313.930, 313.940, 313.950,
313.960, 313.970, 313.990, 313.1000, 313.1010, and 313.1020, which
became law on August 28, 2016. This legislation requires the
Missouri Gaming Commission (MGC) to regulate and license the
management, operation, and conduct of fantasy sports contests and
participants.

This bill created the Missouri Fantasy Sports Consumer Protection
Act and requires the operators of websites engaged in fantasy sports
contests in Missouri to apply for and receive annual licenses from the
Missouri Gaming Commission (MGC) prior to operation. It includes
a provision for “grandfathering” in fantasy sports contest operators

It requires licensed operators to comply with certain requirements relative to the contests they offer, including requiring that all winning outcomes be determined by accumulating statistical results of fully completed events, forbidding players to select athletes through an auto-draft process, forbidding the licensed operator from awarding any prize to the winner of or athletes in the underlying competition, and not allowing the contest to be based on collegiate, high schools, creating the emergency and complex. Licensed operators must also verify each player’s age and state of residence as well as maintain and provide access to online self-exclusion forms and processes. The bill also sets parameters for the disclosure of information and documents.

HB 1941 grants the MGC the authority to oversee all licensed operators and provides the MGC investigatory, licensing, and rule-making powers. The submitted regulations were drafted to provide procedures for licensing fantasy sports contest operators to comply with the statute that became effective August 28, 2016. Specifically, this emergency rule provides regulatory procedures for fantasy sports contest operators to follow regarding providing the commission access to licensees and applicant information, the licencee’s and applicant’s duty to disclose changes in information, as well as the licensed operator’s duty to report and prevent misconduct and provide such information to the commission in a timely manner, as it may impact the suitability of an applicant or licensee.

As such, the MGC finds an immediate threat to the public welfare and a compelling governmental interest to regulate Fantasy Sports Contests which requires this emergency action. A proposed rule covering the same material is published in this issue of the Missouri Register. The scope of this emergency rule is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. This emergency rule was filed August 29, 2016, becomes effective September 8, 2016, and expires March 6, 2017.

(1) All licensed operators shall provide all information requested by the commission. Access to this information shall be immediate and copies of the information shall be delivered within seven (7) days, or less if the commission so orders.

(2) All licensed operators of and applicants for Fantasy Sports Contest Operator (FSCO) licenses issued by the commission shall have a continuing duty to disclose in writing, within ten (10) calendar days for an applicant and thirty (30) calendar days for a licensee, any material change in the information provided in the application forms and requested materials submitted to the commission. Any change in information that is not material must be disclosed to the commission during the licensee’s next subsequent application for license renewal.

(3) The duty to disclose changes in information shall continue throughout any application period or period of licensure granted by the commission. This duty shall be in addition to any other reporting requirements.

(4) For the purposes of this rule, “material change” shall mean any change in personal identification or residence information, such as name, address, and phone number; information required in section 313.1000, RSMo; or other information that might affect an applicant or licensed operator’s suitability to hold a FSCO license, including, but not limited to, significant changes in financial condition, legally defaulting on a debt owed to the State of Missouri, arrests, convictions, guilty pleas, disciplinary actions, or license denial, suspension, or revocation in other jurisdiction(s).

(5) Licensed operators shall promptly report to the commission any facts which the licensed operator has reasonable grounds to believe indicate a violation of law or commission rule committed by licensed operators, their key persons, or their employees, including, without limitation, the performance of licensed activities different from those permitted under their license.

(6) In addition to all other reporting requirements, FSCO license applicants and licensed operators shall notify the commission within fifteen (15) days after receiving notification that any of the following persons has received a subpoena or is the target of, has been disciplined by, or has been charged in connection with an investigation by a regulatory, administrative, or prosecutorial agency of a violation of a rule, regulation, or statute relating to licensed gambling, fantasy sports contests, Securities and Exchange Commission (SEC) regulations, or criminal offenses:

(A) The applicant or licensed operator;
(B) The applicant’s or licensed operator’s parent corporation;
(C) Any subsidiary of the applicant’s or licensed operator’s parent corporation;
(D) The applicant’s or licensed operator’s key persons or employees;
(E) Any key person of the applicant’s or licensed operator’s parent corporation; or
(F) Any key person of any subsidiary of the applicant’s or licensed operator’s parent corporation.

Specifically, this emergency rule provides regulatory procedures for fantasy sports contest operators to follow regarding operational requirements, as well as requirements for licensees to maintain and provide the commission with documentation of its procedures for complying with the provisions of Chapter 313, RSMo.

As such, the MGC finds an immediate threat to the public welfare and a compelling governmental interest to regulate Fantasy Sports Contests which requires this emergency action. A proposed rule covering the same material is published in this issue of the Missouri Register. The scope of this emergency rule is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. This emergency rule was filed August 29, 2016, becomes effective September 8, 2016, and expires March 6, 2017.

(1) Each licensed operator shall maintain on file with the commission the following:

(A) A current set of procedures for a registered player to report complaints to the licensed operator regarding whether his or her account has been misallocated, compromised, or otherwise mishandled, and a procedure for the licensed operator to respond to those complaints;

(B) A current detailed description of the security standards utilized to prevent access to fantasy sports contests (FSC) by a person whose location and age have not been verified in accordance with section 313.940, RSMo;

(C) A detailed description of measures used to determine the true identity, date of birth, and address of each player seeking to open an account;

(D) A detailed description of the measures taken and procedures implemented to clearly and conspicuously publish and facilitate parental control procedures to allow parents or guardians to exclude minors from access to any FSC;

(E) A detailed description of the standards and procedures used to monitor FSC to detect the use of unauthorized scripts and restrict players found to have used such scripts from further FSC;

(F) A detailed description of its procedures and measures taken to clearly and conspicuously identify highly experienced players in FSC by a symbol attached to a player’s username, or by other easily visible means, on the licensed operator’s authorized internet website; and

(G) A detailed description of its online self-exclusion process.

(2) The information required by section (1) and all supplemental documents shall be submitted with the initial application and within five (5) days of any subsequent revision.

(3) Upon request, each licensed operator shall provide the commission with a current and accurate list of Missouri residents who have submitted the operator’s online self-exclusion form, which the licensed operator developed pursuant to section 313.940, RSMo.

(4) Each licensed operator shall take commercially and technologically reasonable measures to comply with the provisions of sections 313.930 and 313.940, RSMo regarding the verification of each FSC player’s true identity, date of birth, and address, including, but not limited to, independent verification of age using information obtained from independent sources outside of the player seeking to open an account. Third party services may be used to verify the age of a player. Each licensed operator shall use such information, at a minimum, to prevent underage individuals from establishing accounts, to verify state of residence, and to prevent players from establishing more than one (1) account or username or playing anonymously.

(5) Upon discovery of a registered account held by a minor, the FSCO shall promptly refund any money held in a minor’s account, whether or not the minor has engaged in or attempted to engage in game play. A FSCO may refuse to award a prize to a minor upon a good-faith determination, following reasonable investigation, that the minor misrepresented his or her age in order to enter the FSC, provided, however, that such prize must then be awarded to another participant in the contest who would have won the prize had the minor not participated.

(6) Prior to conducting any individually targeted advertising or marketing, but not more than once a week, the licensed operator shall do the following:
(A) Download the current List of Disassociated Persons (DAP List) and the MGC Excluded Persons List from the designated MGC server;

(B) For email marketing campaigns, compare the email addresses from the marketing list to the DAP List and the MGC Excluded Persons List and remove anyone whose email address is found to be on either List (DAP or Excluded);

(C) For direct mail marketing campaigns to non-registered players, search and remove from the marketing list any person who has the same name and address of any person found to be on either List (DAP or Excluded); and

(D) For direct mail marketing campaigns to registered players, search and remove from the marketing list any player who has the same date of birth, first or last name, and address of an individual on either List (DAP or Excluded).

(7) If a licensed operator ceases offering fantasy sports contests in Missouri, the licensed operator shall notify the commission of the date of cessation. Notice shall be provided within ten (10) days of the cessation.

(1) The licensed operator shall maintain in the form of cash or cash equivalents the amount of the deposits made to the accounts of Missouri fantasy sports contest players for the benefit and protection of the funds held in such accounts. For purposes of this rule cash equivalents are investments with an original maturity of three (3) months or less.

(2) Funds held in player accounts of Missouri residents shall be protected as set forth herein. A fantasy sports operator shall maintain a reserve in the form of cash, cash equivalents, or a combination thereof to protect player funds in one (1) of the following ways:

(A) Cash Reserve.

1. The amount of the reserve shall be equal to, at a minimum, the sum of all registered players’ funds held in player accounts of Missouri residents.

2. The reserve agreements must reasonably protect the reserve against claims of the operator’s creditors other than the authorized players for whose benefit and protection the reserve is established, and must provide the following:

A. The reserve shall be established and held in trust for the benefit and protection of authorized players to the extent the licensed
operator holds money in player accounts for players;

B. The reserve must not be released, in whole or in part, except upon written instruction or approval of the commission. The reserve must be available within ninety (90) days of written demand or written instruction. If the reserve is released to the commission, the commission may interplead the funds in the circuit court of Cole County for distribution to the authorized players for whose protection and benefit the account was established and to the other such persons as the court determines are entitled thereto, or shall take such other steps as necessary to effect the proper distribution of the funds, or may do both;

C. The licensed operator may receive income accruing on the reserve, without obtaining permission from the commission; and

D. The licensed operator has no interest or title to the reserve.

3. The reserve must be held or issued by a federally insured financial institution and must be established pursuant to a written agreement between the licensed operator and the financial institution.

4. The proposed reserve arrangement is not effective for purposes of complying with section 313.930.3(4), RSMo until the commission's written approval has been obtained.

5. The reserve arrangement agreements may be amended only with the prior written approval of the commission; and

(A) Special purpose segregated account with a separate corporate entity.

1. A fantasy sports contest operator may establish a special purpose segregated account that is maintained and controlled by a properly constituted corporate entity that is not the fantasy sports contest operator and whose governing board includes one (1) or more corporate directors who are independent of the fantasy sports contest operator and of any corporation related to, or controlled by, the fantasy sports contest operator.

2. The special purpose segregated account with a separate corporate entity must hold, at a minimum, the sum of all authorized player funds held in player accounts of Missouri residents for use in fantasy sports contests.

3. The special purpose segregated account must reasonably protect the funds against claims of the operator’s creditors other than the authorized players for whose benefit and protection the special purpose segregated fund is established, and must provide that—

   A. The segregated account is established and held in trust for the benefit and protection of authorized players;
   B. The fantasy sports contest operator may receive income accruing on the segregated account. However, the fantasy sports contest operator has no interest in or title to the segregated account; and
   C. The funds in the segregated account held for the benefit of Missouri residents may only be distributed for the following:

   (I) For payment to players upon completion of fantasy sports contests or otherwise for the reconciliation of player accounts;
   (II) For income earned on the account, to the fantasy sports contest operator;
   (III) To the Missouri Gaming Commission in the event that the fantasy sports operator’s license expires, is surrendered, or is otherwise revoked. The Missouri Gaming Commission may interplead the funds in the Cole County Circuit Court for distribution to the authorized players for whose protection and benefit the account was established and to other such persons as the court determines are entitled thereto, or shall take such other steps as necessary to effect the proper distribution of the funds, or may do both; or
   (IV) As authorized in writing in advance by any agreement approved by the Missouri Gaming Commission.

4. The corporate entity must require a unanimous vote of all corporate directors to file bankruptcy.

5. The corporate entity must obtain permission from the Missouri Gaming Commission prior to filing bankruptcy or entering into receivership.

6. The corporate entity must have articles of incorporation that prohibit commingling of funds with that of the fantasy sports contest operator except as necessary to reconcile the accounts of players with sums owed by those players to the fantasy sports contest operator.

7. The corporate entity must be restricted from incurring debt other than to fantasy sports players pursuant to the rules that govern their accounts for contests.

8. The corporate entity must be restricted from taking on obligations of the fantasy sports contest operator other than obligations to players pursuant to the rules that govern their accounts for contests.

9. The corporate entity must be prohibited from dissolving, merging, or consolidating with another company without the written approval of the Missouri Gaming Commission while there are unsatisfied obligations to fantasy sports contest players.

(3) If, at any time, the licensed operator’s total available cash and cash equivalent reserve is less than the amount required by section 313.930, RSMo, the licensee shall notify the commission of this deficiency within forty-eight (48) hours.

(4) Each licensed operator shall continuously monitor and maintain a record of all player deposits and its cash reserves to ensure compliance with the cash reserves requirement.

(5) The licensed operator shall provide the commission with documentation of both the amount of deposits in players’ accounts and the amount in cash reserves as of the last day of each month by the fifteenth day of the following month.

EMERGENCY RULE

11 CSR 45-40.070 Operational Fees

PURPOSE: This rule addresses the calculation, documentation, and the filing requirement of the annual operation fee to be paid by licensed operators.

EMERGENCY STATEMENT: This emergency rule is necessary to address statutory sections enacted in HB 1941 (2016), specifically, sections 313.900, 313.910, 313.920, 313.930, 313.940, 313.950, 313.960, 313.970, 313.990, 313.1000, 313.1010, and 313.1020, which became law on August 28, 2016. This legislation requires the Missouri Gaming Commission (MGC) to regulate and license the management, operation, and conduct of fantasy sports contests and participants.

This bill created the Missouri Fantasy Sports Consumer Protection Act and requires the operators of websites engaged in fantasy sports contests in Missouri to apply for and receive annual licenses from the Missouri Gaming Commission (MGC) prior to operation. It includes a provision for “grandfathering in” fantasy sports contest operators already operating in Missouri prior to April 1, 2016, by allowing them to continue operating until they receive or are denied a license. We estimate this will affect seven (7) operators who will be charged an annual operation fee for net revenue received. This is estimated to generate six hundred thousand dollars ($600,000) per year for the Gaming Proceeds for Education Fund. Those operators must submit an application for licensure prior to October 1, 2016. Once licensed, HB 1941 requires operators to segregate players’ funds, maintain a
reserve account for the benefit and protection of those funds, establish procedures that will prevent unauthorized withdrawals or commingling of the player and operator funds, as well as provide procedures for a player to report a compromised account. The bill also requires licensed operators to contract with a Certified Public Accountant to conduct an annual financial and internet website audit to ensure compliance with the law. The licensed operators will also have to pay an annual operation fee. Licensed operators may not issue credit to players and may not allow multiple accounts for one (1) player. It requires licensed operators to comply with certain requirements relative to the contests they offer, including requiring that all winning outcomes be determined by accumulating statistical results of fully completed events, forbidding players to select athletes through an auto-draft process, forbidding the licensed operator from awarding any prize to the winner of or athletes in the underlying competition, and not allowing the contest to be based on collegiate, high school, or youth athletics or performances. Licensed operators must also verify each player’s age and state of residence as well as maintain and provide access to online self-exclusion forms and processes. The bill also sets parameters for the disclosure of information and documents.

HB 1941 grants the MGC the authority to oversee all licensed operators and provides the MGC investigatory, licensing, and rule-making powers. The submitted regulations were drafted to provide procedures for licensing fantasy sports contest operators to comply with the statute that became effective August 28, 2016. The rules also provide a consistent regulatory framework from which all of the fantasy sports contest operators can operate. We met with two (2) large operators and two small operators prior to drafting these rules and we solicited comments from three (3) of those companies. We received comments from all three (3) operators and made changes as appropriate and consistent with our statutory duties. Players will benefit from consistent standards as well, in that they can be secure in knowing that all licensed fantasy sports contest operators accepting wagers from Missouri residents comply with and operate within the same framework; these regulations will provide a level playing field for all parties involved.

Specifically, this emergency rule provides regulatory procedures for fantasy sports contest operators to follow regarding the calculation, documentation, and filing requirement of the annual operation fee.

As such, the MGC finds an immediate threat to the public welfare and a compelling governmental interest to regulate Fantasy Sports Contests which requires this emergency action. A proposed rule covering the same material is published in this issue of the Missouri Register. The scope of this emergency rule is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. The Missouri Gaming Commission believes this emergency rule is fair to all interested persons and parties under the circumstances. This emergency rule was filed August 29, 2016, becomes effective September 8, 2016, and expires March 6, 2017.

(4) Each licensed operator shall maintain a record, by date, of the total entry fees received from players residing in the United States, grouped by resident state, and the total entry fees received from players residing outside the United States.

(1) Independent certified public accountants (C.P.A.s), shall conduct annual financial and authorized internet website audit of each licensed operator.

(2) The annual financial and authorized internet website audit shall be conducted in accordance with generally accepted auditing standards as follows:
   (A) Audit the licensed operator’s annual financial statements in order to report on the fair representation of such amounts. The C.P.A. shall reconcile these audited amounts to similar amounts on the annual financial reports and system reports;
   (B) Audit the annual total entry fees, entry fees from Missouri residents, resident percentage calculation, winnings paid, net revenue, and the annual operation fee from the most recently filed Annual Operation Fee report, in order to report on the fair representation of such amounts. The C.P.A. shall reconcile these audited amounts to similar amounts on the annual financial reports and system reports; and
   (C) Audit the licensed operator and its authorized internet website for compliance with each requirement set forth in sections 313.900 to 313.1020, RSMo and Chapter 11 CSR 45-40.

(3) The C.P.A. shall prepare an audit report which shall be submitted to the commission by March 1 of each year following the close of the licensed operator’s fiscal year. The report shall contain the C.P.A.’s assessment of the accuracy of the financial statements and the Annual Operation Fee report. Title 19—DEPARTMENT OF HEALTH AND SENIOR SERVICES
Division 10—Office of the Director
Chapter 10—Vital Records

EMERGENCY RULE

19 CSR 10-10.130 Missouri Adoptee Rights

PURPOSE: This rule provides the process for an adoptee to receive a copy of his or her original birth certificate, the process for a birth parent to state his or her preference regarding whether and how the adoptee can contact him or her, and the process for completion of a medical history form by a birth parent.

PUBLISHER’S NOTE: The secretary of state has determined that the publication of the entire text of the material which is incorporated by reference as a portion of this rule would be unduly cumbersome or expensive. This material as incorporated by reference in this rule shall be maintained by the agency at its headquarters and shall be made available to the public for inspection and copying for no more than the actual cost of reproduction. This note applies only to the reference material. The entire text of the rule is printed here.

EMERGENCY STATEMENT: Section 193.125, RSMo, directs the Department of Health and Senior Services (department) to seal the original birth certificates for persons born in Missouri who were adopted in Missouri. Section 193.135, RSMo, directs the department to seal the original birth certificates for persons born in Missouri who were adopted in another state or country. Senate Committee Substitute for House Committee Substitute for House Bill 1599 (the “Missouri Adoptee Rights Act”) went into effect on August 28, 2016. This act amends section 193.128 to allow persons born in Missouri who were adopted or their attorneys to obtain a copy of the adopted person’s original birth certificate. Such adoptees born prior to 1941 may access their original birth certificates beginning August 28, 2016. Adoptees born in or after 1941 may access their original birth certificates beginning January 1, 2018. In addition, beginning August 28, 2016, birth parents of adoptees may file a contact preference form indicating they do not wish to be contacted or only wish to be contacted through an intermediary. The birth parents’ preference as listed on the form determines whether identifying information is to be redacted from the copy of the original birth certificate given to the adoptee. In order to make a decision as to whether or not to consent to contact, the birth parents need to know how their identifying information and the original birth certificate will be released. In order to implement the provisions relating to adoptees born prior to 1941 and birth parents who may wish to file contact preference and medical history forms, and allow the department sufficient time to process the contact preference and medical history forms prior to an adoptee’s request for copies of the forms, the forms must be available on August 28, 2016, or as soon as possible thereafter.

As a result of the immediate effective dates and the importance of the public notification period, the Department of Health and Senior Services finds a compelling governmental interest which requires an early effective date for this rule. The Department of Health and Senior Services believes this emergency rule is fair to all interested persons and parties under these circumstances. A proposed rule which covers the same material is published in this issue of the Missouri Register. The scope of this emergency rule is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. This emergency rule was filed August 29, 2016, becomes effective September 8, 2016, and expires March 6, 2017.

(1) For purposes of this rule only, unless the context clearly indicates otherwise, the following terms mean:
   (A) “Adoptee,” an adopted person who was born in Missouri and is at least eighteen (18) years of age;
   (B) “Applicant,” the adoptee or the adoptee’s attorney;
   (C) “Attorney,” a currently-licensed member of the Missouri Bar or bar of another state of the United States;
   (D) “Birth parent,” the parent(s) identified on the adoptee’s original birth certificate;
   (E) “Birth Parent Contact Preference Form,” a form used by a birth parent to indicate his or her preference about contact with the adoptee;
   (F) “Birth Parent Medical History Form,” a form used by a birth parent to provide his or her medical history information to the adoptee;
   (G) “Department,” the Missouri Department of Health and Senior Services;
   (H) “Identifying information,” the name, date of birth, age, race, place of birth, occupation/industry/business, and address of the birth parent(s); any part of the child’s name or any other name containing
surnames of either birth parent; and informant name;  
(I) “Intermediary,” the person or agency identified by the birth parent to act as a means of contact between the birth parent and adoptee;  
(J) “Original birth certificate,” the adoptee’s registered birth certificate sealed upon court order at the time of adoption;  
(K) “Redact,” to obscure or remove identifying information.  

(2) Birth Parent Contact Preference Form. A birth parent may state his or her preference for contact with the adoptee by completing a Cover Sheet for Birth Parent Contact Preference Form and a Birth Parent Contact Preference Form which are incorporated by reference in this rule as published August 2016 and may be obtained at www.health.mo.gov or by calling (573) 751-6387. This rule does not incorporate any subsequent amendments or additions. Completed forms may be delivered in person to the department at 930 Wildwood Drive, Jefferson City, Missouri, or by mail to the Department of Health and Senior Services, PO Box 570, Jefferson City, MO 65102.  
(A) A birth parent shall provide to the department adequate information as requested on the Cover Sheet for Birth Parent Contact Preference Form so that the department can identify the correct sealed file in which to place the form. A birth parent shall also pay a non-refundable fee for processing the form and searching for the original birth record in an amount equal to the fee for a certified copy of a birth certificate. If the department is unable to identify the correct sealed file based upon the information provided on the Cover Sheet for Birth Parent Contact Preference Form, the department shall return the Cover Sheet for Birth Parent Contact Preference Form and the Birth Parent Contact Preference Form to the birth parent.

(C) A birth parent may request that an adoptee contact him or her only through an intermediary, rather than be contacted directly by the adoptee. This request shall be indicated by the birth parent on the Birth Parent Contact Preference Form. In this case, the birth parent shall write the name and contact information of the intermediary on the Cover Sheet for Birth Parent Contact Preference Form.  
(D) If a birth parent has filed a Birth Parent Contact Preference Form with the department, the department shall provide a copy of the form to the applicant.  
(E) If a birth parent has filed more than one (1) Birth Parent Contact Preference Form, the department shall issue a copy of only the most recently dated Birth Parent Contact Preference Form to the applicant.  
(F) The Birth Parent Contact Preference Form issued to the adoptee shall not include the Cover Sheet for Birth Parent Contact Preference Form.

Title 19—DEPARTMENT OF HEALTH AND SENIOR SERVICES
Division 20—Division of Community and Public Health
Chapter 20—Communicable Diseases

EMERGENCY AMENDMENT

19 CSR 20-20.020 Reporting Communicable, Environmental, and Occupational Diseases. The department is amending subsection (2)(A) and section (5).

PURPOSE: This amendment will bring the communicable disease reporting requirements into compliance with the current federal Centers for Disease Control guidelines as required by section 192.139, RSMo 2000, and updates the rule to require reporting of Carbapenem-resistant enterobacteriaceae (CRE) infections as provided by a legislative amendment to section 192.028 that went into effect August 28, 2016.

EMERGENCY STATEMENT: This emergency amendment amends the current list of reportable diseases in 2016 when Zika was declared an epidemic in the western hemisphere and cases were reported in the United States whereby transmission had occurred within the epidemic region. CDC has confirmed a link between Zika and microcephaly (a condition in which the brain does not develop properly) and other neurological abnormalities in infants born to Zika-infected mothers. Besides microcephaly in infants, Zika infections result in Guillain-Barré Syndrome (GBS), and other neurological conditions in infected individuals. In addition, sexual transmission of the infection between individuals is also possible. Zika virus is an emerging arboviral infection for which there is no cure or vaccine. Zika is spread primarily through mosquito bites, or in some instances, sexual contact with an individual with an active Zika infection. Zika cases have been reported in all fifty (50) states. Until July 2016, those cases were primarily contracted by individuals who had traveled outside the United States to areas where the Zika virus was found.

In July 2016, the first locally acquired case of Zika in the United
States was reported in southern Florida. That individual had not traveled outside the United States, but was bitten by a mosquito in Florida that carried the Zika virus. Since that time, the number and location of locally acquired cases and the locations in Florida have increased significantly. The University of Florida recently released a research study that predicts that locally acquired cases of Zika will occur in states neighboring Missouri prior to the end of summer. Given the potential for the rapid spread of locally acquired cases in the United States and the fact that Missouri’s mosquito season will not end until late fall, it is not unreasonable to suspect that the southern portion of Missouri may experience locally acquired cases of Zika virus prior to the end of the year. Therefore, an emergency amendment is necessary to ensure reporting of any Zika detected cases in Missouri.

Specifically requiring state-level reporting of Zika infection will help detect and track cases/outbreaks for the purpose of providing medical care, instituting public health interventions, and educating the public on preventive measures. The department is proposing to also add Chikungunya to the reportable disease list because mosquitoes that carry the Zika virus can also carry Chikungunya disease and Dengue. CDC requests that when health care providers suspect a patient may have one (1) of these diseases, that laboratories tests for Zika, Chikungunya, and Dengue all be performed because they are all mosquito-borne illnesses, have similar symptoms, and are found in the same geographic regions and are of serious concern. Dengue was recently added to the reportable disease list. Therefore, Chikungunya needs to be added as a reportable condition along with Zika.

It is imperative that public health authorities be rapidly notified when these infections are suspected in order to facilitate public health interventions which assist the individual with the diagnosis and mitigates the risk of transmission to others. As a result, the Department of Health and Senior Services finds an immediate danger to the public health, safety, and/or welfare and a compelling governmental interest which requires this emergency action.

In addition, Senate Bill 579 (Ninety-eighth General Assembly, Second Regular Session (2016)) went into effect August 28, 2016. In this bill is an amendment to 192.020, RSMo, which requires the department to include carbapenem-resistant enterobacteriaceae (CRE) in its list of communicable or infectious diseases which must be reported to the department. As a result of the immediate effective date, the Department of Health and Senior Services finds a compelling governmental interest which requires an early effective date for this amendment. A proposed amendment, which covers the same material, is published in this issue of the Missouri Register. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. The Department of Health and Senior Services believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed August 29, 2016, becomes effective September 8, 2016, and expires March 6, 2017.

(2) Reportable within one (1) day, diseases or findings shall be reported to the local health authority or to the Department of Health and Senior Services within one (1) calendar day of first knowledge or suspicion by telephone, facsimile, or other rapid communication. Reportable within one (1) day, diseases or findings are—

Chapter 2—Licensing of Physicians and Surgeons

**20 CSR 2150-2.080 Physician Licensure Fees**

PURPOSE: The State Board of Registration for the Healing Arts is statutorily obligated to enforce and administer the provisions of sections 334.002–334.749, RSMo. Pursuant to section 334.090, RSMo, the board shall by rule and regulation set the amount of fees authorized by sections 334.002–334.749, RSMo, so that the revenue produced is sufficient, but not excessive, to cover the cost and expense to the board for administering the provisions of sections 334.002–334.749, RSMo. Based on the board’s five- (5-) year projections, the board finds it necessary to reduce fees. The board is proposing to collectively decrease the fees in section (1) by approximately thirty percent (30%) to maintain board’s fund at a level that is authorized by section 334.090, RSMo.

Without this emergency rescission and readoption the decreased fee requirement will not be effective in time for the renewal notice and the board will collect more revenue than it is statutorily authorized to collect.

A proposed rescission, which covers the same material, is published in this issue of the Missouri Register. The scope of this emergency rescission is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. In developing this emergency rescission, the board has determined that the fee decrease is necessary beginning October 1, 2016 to prevent funds from exceeding the maximum fund balance thereby resulting in a transfer from the fund to general revenue as set forth in section 334.090.2, RSMo. Pursuant to section 324.001.10, RSMo, a compelling governmental interest is deemed to exist for the purposes of section 536.025, RSMo, for license fees to be reduced by emergency rule, if the projected fund balance of any agency assigned to the Division of Professional Registration is reasonably expected to exceed an amount that would require transfer from that fund to general revenue. The board believes this emergency rescission to be fair to all interested persons and parties under the circumstances. This emergency rescission was filed September 1, 2016, becomes effective September 11, 2016, and expires March 9, 2017.

EMERGENCY RESCISSION

20 CSR 2150-3.080 Fees. This rule established the various fees which the State Board of Registration for the Healing Arts was authorized to collect in administering Chapter 334, RSMo. Under the provisions of Chapter 334, RSMo, the board was directed to set by rule the amount of fees which Chapter 334, RSMo authorized not to exceed the cost and expense of administering Chapter 334, RSMo.

PURPOSE: The State Board of Registration for the Healing Arts is statutorily obligated to enforce and administer the provisions of sections 334.002–334.749, RSMo. Pursuant to section 334.090, RSMo, the board shall by rule and regulation set the amount of fees authorized by sections 334.002–334.749, RSMo, so that the revenue produced is sufficient, but not excessive, to cover the cost and expense to the board for administering the provisions of sections 334.002–334.749, RSMo. This rescission and readoption is also being done to preserve consistency and afford licensees more user-friendly access to information.

EMERGENCY STATEMENT: The State Board of Registration for the Healing Arts is statutorily obligated to enforce and administer the provisions of sections 334.002–334.749, RSMo. Pursuant to section 334.090, RSMo, the board shall by rule and regulation set the amount of fees authorized by sections 334.002–334.749, RSMo, so that the revenue produced is sufficient, but not excessive, to cover the cost and expense to the board for administering the provisions of sections 334.002–334.749, RSMo. Based on the board’s five- (5-) year projections, the board finds it necessary to reduce fees. The rescission and readoption of this rule also includes revising the structure of the rules to provide a more clear and concise schedule of fees; removing section (3) of the current rule with reference to money drawn on a United States bank, as this language in rule is unnecessary; and removing language that limits the type of payment that can be submitted.

Without this emergency rescission and readoption the decreased fee requirement will not be effective in time for the renewal notice and the board will collect more revenue than it is statutorily authorized to collect.

Under the provisions of Chapter 334, RSMo, the board was directed to set by rule the amount of the fees which Chapter 334, RSMo, authorized not to exceed the cost and expense of administering that chapter.

PURPOSE: The State Board of Registration for the Healing Arts is statutorily obligated to enforce and administer the provisions of sections 334.002–334.749, RSMo. Pursuant to section 334.090, RSMo, the board shall by rule and regulation set the amount of fees authorized by sections 334.002–334.749, RSMo, so that the revenue produced is sufficient, but not excessive, to cover the cost and expense to the board for administering the provisions of sections 334.002–334.749, RSMo. This rescission and readoption is also being done to preserve consistency and afford licensees more user-friendly access to information.

EMERGENCY STATEMENT: The State Board of Registration for the Healing Arts is statutorily obligated to enforce and administer the provisions of sections 334.002–334.749, RSMo. Pursuant to section 334.090, RSMo, the board shall by rule and regulation set the amount of fees authorized by sections 334.002–334.749, RSMo, so that the revenue produced is sufficient, but not excessive, to cover the cost and expense to the board for administering the provisions of sections 334.002–334.749, RSMo. Based on the board’s five- (5-) year projections, the board finds it necessary to reduce fees. The board is proposing to collectively decrease the fees in section (1) by approximately thirty percent (30%) to maintain board’s fund at a level that is authorized by section 334.090, RSMo. The rescission and readoption of this rule also includes revising the structure of the rules to provide a more clear and concise schedule of fees and removing language that limits the type of payment that can be submitted.

Without this emergency rescission and readoption the decreased fee requirement will not be effective in time for the renewal notice and the board will collect more revenue than it is statutorily authorized to collect.

A proposed rescission, which covers the same material, is published in this issue of the Missouri Register. The scope of this emergency rescission is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. In developing this emergency rescission, the board has determined that the fee decrease is necessary beginning October 1, 2016 to prevent funds from exceeding the maximum fund balance thereby resulting in a transfer from the fund to general revenue as set forth in section 334.090.2, RSMo. Pursuant to section 324.001.10, RSMo, a compelling governmental interest is to deemed to exist for the purposes of section 536.025, RSMo, for licensure fees to be reduced by emergency rule, if the projected fund balance of any agency assigned to the Division of Professional Registration is reasonably expected to exceed an amount that would require transfer from that fund to general revenue. The board believes this emergency rescission to be fair to all interested persons and parties under the circumstances. This emergency rescission was filed September 1, 2016, becomes effective September 11, 2016, and expires March 9, 2017.

A proposed rescission covering this same material is published in this issue of the Missouri Register.

EMERGENCY STATEMENT: This emergency rescission must be in place by October 1, 2016, in accordance with the new plan year. Therefore, this emergency rescission is necessary to serve a compelling governmental interest of protecting members (employees, retirees, officers, and their families) enrolled in the Missouri Consolidated Health Care Plan (MCHCP) from the unintended consequences of confusion regarding eligibility or availability of benefits and will allow members to take advantage of opportunities for reduced premiums for more affordable options without which they may forgo coverage. Further, it clarifies member eligibility and responsibility for various types of eligible charges, beginning with the first day of coverage for the new plan year. It may also help ensure that inappropriate claims are not made against the state and help protect the MCHCP and its members from being subjected to unexpected and significant financial liability and/or litigation. It is imperative that this rule be filed as an emergency rule in order to maintain the integrity of the current health care plan. This emergency rule must become effective October 1, 2016 to fulfill the compelling governmental interest of offering continuous health insurance to officers, state and public entity employees, retirees, and their families. PURPOSE: This rule is being rescinded and readopted to include detailed language to clarify Strive for Wellness® Partnership Incentive Provisions and Limitations.

EMERGENCY STATEMENT: This emergency rescission must be in place by October 1, 2016, in accordance with the new plan year. Therefore, this emergency rescission is necessary to serve a compelling governmental interest of protecting members (employees, retirees, officers, and their families) enrolled in the Missouri Consolidated Health Care Plan (MCHCP) from the unintended consequences of confusion regarding eligibility or availability of benefits and will allow members to take advantage of opportunities for reduced premiums for more affordable options without which they may forgo coverage. Further, it clarifies member eligibility and responsibility for various types of eligible charges, beginning with the first day of coverage for the new plan year. It may also help ensure that inappropriate claims are not made against the state and help protect the MCHCP and its members from being subjected to unexpected and significant financial liability and/or litigation. It is imperative that this rule be filed as an emergency rule in order to maintain the integrity of the current health care plan. This emergency rule must become effective October 1, 2016 to fulfill the compelling governmental interest of offering continuous health insurance to officers, state and public entity employees, retirees, and their families. This emergency rule reflects changes made to the plan by the MCHCP Board of Trustees. A proposed rule, which covers the same material, is published in this issue of the Missouri Register. This emergency rule complies with the protections extended in the Missouri and United States Constitutions and limits its scope to the circumstances creating the emergency. The MCHCP follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances. This emergency rule was filed August 26, 2016, becomes effective October 1, 2016, and expires March 29, 2017.

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word “Authority.”

Entirely new rules are printed without any special symbology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the Missouri Register is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

An agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the Missouri Register. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the Missouri Register.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

An agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

PROPOSED RULE

11 CSR 45-40.030 Commission Approval of Procedures

PURPOSE: This rule establishes the process for approval of fantasy sports contest operators’ procedures.

(1) Prior to operating in Missouri, each applicant for a Fantasy Sports Contest Operator (FSCO) License shall submit procedures to the commission that—

(A) Prevent unauthorized withdrawals from a registered player’s account by the licensed operator or others;

(B) Make clear that funds in a registered player’s account are not the property of the licensed operator and are not available to the licensed operator’s creditors;

(C) Segregate player funds from operational funds;

(D) Maintain a reserve in the form of cash or cash equivalents in the amount of deposits made to the accounts of fantasy sports contest players for the benefit and protection of the funds held in such accounts;

(E) Ensure any prize won by a registered player from participating in a fantasy sports contest is deposited into the registered player’s account within forty-eight (48) hours of winning the prize;

(F) Ensure registered players can withdraw the funds maintained in their individual accounts, whether such accounts are open or closed, within five (5) business days of the request being made, unless the licensed operator believes in good faith that the registered player engaged in either fraudulent conduct or other conduct that would put the licensed operator in violation of sections 313.900 to 313.1020, RSMo, in which case the licensed operator may decline to honor the request for withdrawal for a reasonable investigatory period until its investigation is resolved if it provides notice of the nature of the investigation to the registered player. For the purposes of this provision, a request for withdrawal will be considered honored if it is processed by the licensed operator but delayed by a payment processor, credit card issuer, or by the custodian of a financial account;

(G) Allow a registered player to permanently close their account at any time for any reason; and

(H) Offer registered players access to their play history and account details.

(2) Each applicant shall submit the written description of its procedures and all supporting documents designed to satisfy the requirements of section (1) of this rule to the commission with the initial application, unless otherwise directed by the commission.

(3) The commission shall review each submission required by section (2) of this rule and Chapter 313, RSMo and shall determine whether it conforms to the requirements of section (1) of this rule and whether the procedures submitted satisfy the requirements. If the commission finds any insufficiencies, they shall be specified in writing to the licensee, who shall make appropriate alterations. No FSCO license shall be issued unless and until the procedures are approved by the commission.

(4) Once approved, no licensed operator shall alter its procedures unless and until the change is approved by the commission.

(5) Each licensed operator shall submit to the commission any change to the approved procedures no less than fifteen (15) days prior to the planned implementation date of the change. The proposed change to the procedures shall be approved or disapproved by the commission. Upon approval, the change may be implemented. If the change is disapproved, the licensed operator shall not implement the change.

(6) If at any time the commission determines that a licensed operator’s procedures are inadequate or do not comply with the requirements of this chapter or Chapter 313, RSMo, the commission shall notify the licensed operator in writing. Within fifteen (15) days after receiving the notification, the licensed operator shall amend its procedures accordingly and shall submit a copy of the procedures, as amended, and a description of any other remedial measures taken.

(7) If a licensed operator plans to disseminate the List of Disassociated Persons (DAP List), the operator shall submit to the commission a plan for the dissemination of the information regarding persons placed on the DAP List, as well as persons who have been removed from the DAP List. The plan shall be designed to safeguard, as best as is reasonably possible, the confidentiality of the information but shall include dissemination to at least the personnel responsible for removing a person on the DAP List from all individually targeted advertising or marketing. Licensed operators may not disclose the name of, or any information about, a person who has been placed on or removed from the DAP List to anyone other than employees and agents of the licensed operator whose duties and functions require access to the information. The plan must be approved by the commission prior to disseminating the information. All information disclosed to any licensed operator regarding anyone placed on or removed from the DAP List shall be deemed a closed record; however, the information may be disclosed as authorized by the individual seeking placement on the DAP List, by law, and through the provisions contained in 11 CSR 45-17.

to this proposed rule with the Missouri Gaming Commission, PO Box 1847, Jefferson City, MO 65102. PROPOSED RULE

11 CSR 45-40.050 Operational Requirements for Fantasy Sports Contest Operators

PURPOSE: This rule provides operational requirements for fantasy sports contest operators (FSCOs).

(1) Each licensed operator shall maintain on file with the commission the following:

(A) A current set of procedures for a registered player to report complaints to the licensed operator regarding whether his or her account has been misallocated, compromised, or otherwise mishandled, and a procedure for the licensed operator to respond to those complaints;

(B) A current detailed description of the security standards utilized to prevent access to fantasy sports contests (FSC) by a person whose location and age have not been verified in accordance with section 313.940, RSMo;

(C) A detailed description of measures used to determine the true identity, date of birth, and address of each player seeking to open an account;

(D) A detailed description of the measures taken and procedures implemented to clearly and conspicuously publish and facilitate parental control procedures to allow parents or guardians to exclude minors from access to any FSC;
(E) A detailed description of the standards and procedures used to monitor FSC to detect the use of unauthorized scripts and restrict players found to have used such scripts from further FSC;

(F) A detailed description of its procedures and measures taken to clearly and conspicuously identify highly experienced players in FSC by a symbol attached to a player’s username, or by other easily visible means, on the licensed operator’s authorized internet website; and

(G) A detailed description of its online self-exclusion process.

(2) The information required by section (1) and all supplemental documents shall be submitted with the initial application and within five (5) days of any subsequent revision.

(3) Upon request, each licensed operator shall provide the commission with a current and accurate list of Missouri residents who have submitted the operator’s online self-exclusion form, which the licensed operator developed pursuant to section 313.940, RSMo.

(4) Each licensed operator shall take commercially and technologically reasonable measures to comply with the provisions of sections 313.930 and 313.940, RSMo regarding the verification of each FSC player’s true identity, date of birth, and address, including, but not limited to, independent verification of age using information obtained from independent sources outside of the player seeking to open an account. Third party services may be used to verify the age of a player. Each licensed operator shall use such information, at a minimum, to prevent underage individuals from establishing accounts, to verify state of residence, and to prevent players from establishing more than one (1) account or username or playing anonymously.

(5) Upon discovery of a registered account held by a minor, the FSCO shall promptly refund any money held in a minor’s account, whether or not the minor has engaged in or attempted to engage in game play. A FSCO may refuse to award a prize to a minor upon a good-faith determination, following reasonable investigation, that the minor misrepresented his or her age in order to enter the FSC, provided, however, that such prize must then be awarded to another participant in the contest who would have won the prize had the minor not participated.

(6) Prior to conducting any individually targeted advertising or marketing, but not more than once a week, the licensed operator shall do the following:

(A) Download the current List of Disassociated Persons (DAP List) and the MGC Excluded Persons List from the designated MGC server;

(B) For email marketing campaigns, compare the email addresses from the marketing list to the DAP List and the MGC Excluded Persons List and remove anyone whose email address is found to be on either List (DAP or Excluded);

(C) For direct mail marketing campaigns to non-registered players, search and remove from the marketing list any person who has the same name and address of any person found to be on either List (DAP or Excluded); and

(D) For direct mail marketing campaigns to registered players, search and remove from the marketing list any player who has the same date of birth, first or last name, and address of an individual on either List (DAP or Excluded).

(7) If a licensed operator ceases offering fantasy sports contests in Missouri, the licensed operator shall notify the commission of the date of cessation. Notice shall be provided within ten (10) days of the cessation.

PUBLIC COST: This proposed rule will not cost state agencies or political subdivisions more than five hundred dollars ($500) in the aggregate.

PRIVATE COST: This proposed rule will cost seven (7) fantasy sports contest operators sixty-seven thousand eight hundred thirty-three dollars and twenty-one cents ($67,833.21) in the aggregate.

NOTICE OF PUBLIC HEARING AND NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed rule with the Missouri Gaming Commission, PO Box 1847, Jefferson City, MO 65102. To be considered, comments must be received within thirty (30) days after publication of this notice in the Missouri Register. III. WORKSHEET

Estimated number of Missouri registered players 183,333 x $.37 = $67,833.21. Cost recurring annually during the life of the rule, although the number of newly registered players may fluctuate from year to year.

IV. ASSUMPTIONS

The cost to private entities of complying with this regulation is difficult to determine. The regulation mirrors the requirements of §§ 313.930 and 313.940, RSMo. Whether or not the Commission promulgates this rule, licensees will have to use appropriate security standards and take commercially reasonable steps to confirm that an individual opening an account is not a minor. Many of the requirements of the proposed rule likely involve practices and procedures that would be required by the statute and that are already being utilized by fantasy sports operators, and as such, it would be anticipated that the entities would not be adversely affected by the proposed rule.

Section (4) of the rule requires a licensed operator to take commercially and technologically reasonable measures to verify the identity, date of birth, and address of players. The regulation clarifies the statute by adding a requirement to use an independent source to verify a player’s age who is seeking to open an account. The cost to contract with an outside entity to perform that verification will vary by licensee according to its volume of business and method of compliance. Estimates we have received from industry sources indicate an average cost of $.37 per transaction. Information we have received from the fantasy sports industry and other gaming
regulatory agencies lead us to estimate that 183,333 verifications for Missouri residents would occur each year. The cost per year would vary depending on the number of new Missouri players each year and would continue through the life of the rule.
