**Remarks:** The term "Products of Industry" must be understood to be in the largest significance, to include not only fishery and hemp works, but also the mechanical trades, as blacksmithing, cutlery, woodworking, &c. The words "shop" should not be used, prefixed to the names of these trades.}

**Columns:**

- Column 5: The kind of business or the character of product should be described as specifically as possible, thus: Sealing Machine, Gouge, Furniture, Pottery, Machine Shop, Coopering, Blacksmithing, &c.

- Column 6: The year and month between the proper digits, inclusive, & the day will be found that in ordinary business are understood. In this case column 11 will not be filled.

- Column 12: All the 12 months of the year should be entered in one or more of the columns 13 to 17, thus: 12 months = 12; 11 months = 11; 9 months = 9; 8 months = 8; 7 months = 7; 6 months = 6; 5 months = 5; 4 months = 4; 3 months = 3; 2 months = 2; 1 month = 1; 0 months = 0.

- Column 14: The location of the product or product of product is to be furnished in the schedule. Only Supply and Fuel should be indicated.

- Column 15: The name of the player, in the case of mills and factories, producing for a distant market, means the wholesale price of the goods. In the case of small shops producing goods, or doing work, in the neighborhood only, the names of the product mean the price charged at the shop.

**Columns 18 to 25:** The names are very small and unusual, and require some editorial effort.

**Columns 26 and 27:** This is an inquiry of *great importance*. The best information available should be used in filling these columns.
