Notes:
- In the 15 months of the year should be accounted for three 15 months or full years, or 8 months on full years and 4 months on half years, or 10 months on full years and two months half.
- The returns in respect to the return of material and of products are of prime importance. Great care and judgment should be exercised in making the returns relative thereto.
- The returns of the products should be made under the direction of the enumerator, who shall be a person of mature age and education.
- In the case of small shops producing goods or doing work for the neighborhood only, the returns of the product should the price charged by the shop, not the wholesale price, be reported.
- Veracity required. This is an duty of great importance. The best information available should be used in filling these columns.
