Notes:
- All the 12 months of the year should be accounted for here. Wherever on 4-5 days, or 6 months on full time and 6 months on part-time, or 11 months on full time and one month idle.
- The crops grown in the following crops for the period of the year is: Spring wheat, Winter wheat, Oats, barley, rye, corn, beans, hay, potatoes, and other vegetables.
- The value of Product is the value of all goods produced during the year, except the value of materials used in manufacture. In the case of small shops producing goods or a shop that does not maintain a stock of goods, the value of the product should be noted at the shop door when the goods are sold.
- Notes: This is an inquiry of great importance. The best information available should be used in filling these columns.
