Notes:
- All the 12 months of the year should be accounted for: 12 months or full time, or 8 months or full time and 4 months on half time, or 9 months or full time and two months half time.
- The inquiries in respect to the value of property and of present use of various instruments, etc., are not required to be made in the above schedule.
- The cost of machinery, stores, etc., and other personal property or any manufacturing establishments not to be included in the schedules. Milling and Pellet should be included.
- Attention is called to the fact that the value of machinery, etc., should be excluded from the value of property, unless it can be shown that such machinery is not employed in the factory. Note, in the case of small shops producing goods or doing work for the neighborhood only, the value of the product more than the price charged for the shop.
- This is an inquiry of great importance. The best information available should be used in filling these columns.
