

Family Surname

The form is a comprehensive family tree template. At the top center is a box for the **Family Surname**. Below this, the tree branches out into two main lines. Each line starts with a box for a parent (Name, Birth, Marriage, Death) and branches down into boxes for children. The children's boxes also include fields for their own marriages and deaths. The tree continues to branch out, creating a detailed structure for recording multiple generations. The form is set against a light blue background with a large, stylized tree graphic featuring brown branches and green leaves. At the bottom center, there is a logo for the Missouri Secretary of State Archives, with the text "Courtesy of" above it.
