Finding Aid 000.103

DEPARTMENT OF CONSERVATION

STATE DOCUMENTS

Abstract: Published materials of the Missouri Department of Conservation (MDC) dating from 1881 to the present.

Extent: 176 Hollinger boxes and 3 oversized boxes totaling 60 cubic feet of records

Physical Description: Paper

Location: Missouri State Archives

ADMINISTRATIVE INFORMATION

Alternative Formats: a few of these records have been digitized. This finding aid indicates when digital records are available.

Access Restrictions: No special restrictions.

Publication Restrictions: Copyright is in the public domain. Items reproduced for publication should carry the credit line: Courtesy of the Missouri State Archives.

Preferred Citation: [Item description], [date]; *Missouri Department of Conservation State Documents Collection*, Record Group 000.103; Missouri State Archives, Jefferson City.

Acquisition Information: Agency transfer.

Processing Information: Processing completed by EW on 09 September 2015.

HISTORICAL AND BIOGRAPHICAL NOTES

The voters of Missouri passed Constitutional Amendment No. 4 by initiative petition in November 1936 that created the Missouri Conservation Commission and the Department of Conservation (MDC). The Conservation Commission is a four-person board appointed by the Governor of Missouri. The Commission, in turn, appoints a director of the MDC. The MDC is run solely by monies gathered through sales of hunting, fishing, trapping, etc. licenses and a 1/8th of 1% sales tax.

Because the Department is not funded by the State through the State budget, it is referred to as a “non-political” organization.

Today, the Missouri Department of Conservation manages more than 975,000 acres of land. The Department’s mission is, “to protect and manage the forest, fish, and wildlife resources of the state and to facilitate and provide opportunities for all citizens to use, enjoy and learn about these resources.”

Prior to 1936, the State of Missouri had a Game and Fish Commission – at first simply the Fish Commission – in 1877. The Fish Commission’s mission was to stock Missouri waterways with fish and they followed the example of the Federal Fish Commission and invested heavily in German carp distribution and breeding. Several hatcheries would be established in the state. The Fish Commission’s most notable publication is a volume called Carp and Carp Culture in Missouri with Appendix on Native Fish. It was published in 1884. Later a State Game and Fish Warden position would be established.

With both Commissions on occasion duplicating one another’s work, eventually in 1919 the separate Fish Commission was dissolved and absorbed into the new State Game and Fish Commission. Missouri’s wildlife would stay under the Game and Fish Commission until 1936 when, as mentioned, the Conservation Commission was established.

Timeline

04/17/1877	The Legislature passes a law creating a Fish Commission whose sole duty it is to stock Missouri streams and lakes with “cheap and nutritious” fish to serve as food. There is a three-man board set up. A few thousand dollars are allotted to the Commission to begin its work. They establish a hatchery to carry out their mission.
03/10/1905	The State Game and Fish Warden position is created for “the preservation, propagation and protection of game animals, birds and fish.” This act is nicknamed “Walmsley Game Law.”
05/14/1909	The State Game and Fish Commissioner position is created.
06/12/1909	The “Walmsley Game Law” is repealed.
05/13/1919	Article 1 Chapter 49 Section 6506c of the Revised Statutes transfers all the property and powers of the State Fish Commission to the State Game and Fish Commission.
11/08/1936	Constitutional Amendment No. 4 is passed, creating the Missouri Conservation Commission and thereby the Missouri Department of Conservation. Primary advocacy for this initiative comes from the private organization the Conservation Federation of Missouri.
02/25/1938	Missouri Attorney General Roy McKittrick attempts to oust newly-appointed Missouri Department of Conservation Director Irwin T. Bode. He fails. See Supreme Court case file SC35873 on 50A/2/7 Box 1485 Folder 36207.
05/17/1968	The MDC begins research exploring new ways of funding and running the Department. A. Starker Leopold, Charles H. Callison, and Irving K. Fox are hired to write a report.
10/13/1971	The Citizen’s Committee for Conservation (CCC) launches its initiative petition to

	create a soda tax of 1 cent per can to benefit the MDC. Despite getting well over the requisite number of signatures, the petition is ruled invalid by the Missouri Supreme Court in September 1972. See case file SC58080 State ex rel. Theodore B. Scott and Ed Stegner vs. James C. Kirkpatrick and Thomas D. Graham.
11/02/1976	Constitutional Amendment No. 1 is passed, creating a 1/8 th of 1% sales tax to help fund the Department. This initiative – as well as the soda tax (above) – is called “Design for Conservation.”

Historic Listing of Directors:Fish Commission Chairmen:

Dr. Isaiah George Washington (I.G.W.) Steedman (1879-1880)
 Silas Woodson (1880-1882)
 Dr. Isaiah George Washington (I.G.W.) Steedman (1882-1887)
 Herman M. Garlich (1887-1893)
 Col. John T. Crisp (1893-1898)
 Samuel T. Rathell (1898-1901)

Board of Fish Commissioners Presidents:

Richard Porter (1907-1909)
 Louis A. Geserich (1909-1913)
 John P. Woods (1913-1917)
 W.W. Ellis (1917-1919)

Game and Fish Wardens:

Jesse W. Henry (1895-1899)
 A.J.D. Burford (1899-1903)
 John W. Revelle (1903-1907)
 James C. Bassford (1907-1909)

Game and Fish Commissioners:

Jesse A. Tolerton (1909-1913)
 Jesse B. Jones (1913-1917)
 Tim Birmingham (1917-1921)
 Frank Middleton (1921-1924)
 Frank H. Weilandy (1924-1925)
 Keith McCause (1925-1929)
 Delph Simons (1929-1930)
 John H. Ross (1930-1932)
 Wilbur C. Buford (1932-1937)

Department of Conservation Directors:

Irwin T. Bode (1937-1957)
 William E. Towell (1957-1966)
 Carl S. Noren (1967-1979)

Larry R. Gale (1979-1987)
Jerry J. Presley (1988-1996)
John Hoskins (1996-2010)
Robert Ziehmer (2010-2016)
Sarah Parker Pauley (2016-

SERIES

The records are broken down into the following series:

Annual Reports (Department-wide)
Budget Requests (Department-wide)
Design for Conservation (Department-wide)
Fisheries Division
Forestry Division

Outreach & Education Division
Protection Division
Wildlife Division
Miscellaneous (Department-wide)

ANNUAL & BIENNIAL REPORTS, 1881-PRESENT

Extent: Incomplete

Arrangement: Chronological

Scope and Content

There are a few gaps in this series. Annual reports from FY2002 through the present are available on the MDC website as PDFs here: <http://mdc.mo.gov/about-us/get-know-us/annual-reports>. Reports include wildlife data such as population and distribution; Department funding data; hunting and fishing data; land acquisitions by the Department.

BUDGET REQUESTS, 2014-2018

Extent: Incomplete

Arrangement: Chronological

Scope and Content

The Director of the Conservation Department submits a budget request to the Governor most fiscal years. This series contains those requests.

DESIGN FOR CONSERVATION, 1964-1988

Extent: Incomplete

Arrangement: Chronological

Scope and Content

The Missouri Design for Conservation initiative was a program developed to increase awareness of the Department with the public. They also worked with the Citizen's Committee for Conservation (CCC) on soda tax and sales tax initiatives to increase funding for the Department. See also the archival finding aid for Conservation, RG103.

FISHERIES DIVISION

Mission: To professionally manage the fish and associated aquatic plants and animals of Missouri for the use and enjoyment of the people. Goals include maintaining aquatic biodiversity; reducing the effects of aquatic nuisance species; providing enjoyable fishing trips; protecting aquatic habitat; and informing and educating the public about Missouri's aquatic resources.

FISHERIES DIVISION: AQUATIC SERIES, 1958-1989

Extent: Complete

Arrangement: Numerical

Scope and Content

Also known as the Federal Aid to Fish Restoration Program or the Dingell-Johnson Program. Federal Aid #F-1-R. See the next series for more reports.

FISHERIES DIVISION: FISH KILL & WATER POLLUTION INVESTIGATIONS, 1970-2013

Extent: Unknown if complete

Arrangement: Chronological

Scope and Content

See also the Dingell-Johnson Program Reports in Box 32. These reports contain statistical information on fish kills in Missouri waterways. Locations of kills and causes are reported when known.

FORESTRY DIVISION

Mission: To protect and manage the forests of the state for long-term resource health and sustainability and for the use and enjoyment of Missouri's citizens. Goals are to implement the strategies outlined in the recently completed [as of 2012] Missouri Forest Action Plan as approved by the United States Secretary of Agriculture; engage Missouri landowners to actively care for their woods through education, technical service, and development of partnerships with other agencies, organizations, and forest products industry; raise the performance bar of the Forest Products Industry; conduct public-land management activities that are scientifically based and aimed at developing and maintaining healthy forest and woodland ecosystems.

The State Forestry Act was passed in 1946.

See also the series "Outside Publications" in Box 173 toward the end of this finding aid for additional resources.

FORESTRY DIVISION: DIRECTORIES, 1963-1996

Extent: Incomplete

Arrangement: Chronological

Scope and Content

These publications list businesses that process wood products in Missouri. Some directories may also include statistics on the quantity and types of wood processed.

Container List

FORESTRY DIVISION: MISSOURI FOREST PRODUCTS NEWSLETTER, 1980-1984 and THE WOOD PRODUCTS BULLETIN, 1984-1999

Extent: Incomplete

Arrangement: Chronological

Scope and Content

The Forest Products Newsletter is intended for the sawmill workers, producers, and wood-using industries of Missouri. The newsletter is quarterly and includes advertisements for equipment for sale from private individuals. The Wood Products Bulletin is a re-worked version of the earlier newsletter that still includes advertisements by individuals but now also includes information on wood products written by Conservation staff members.

OUTREACH AND EDUCATION DIVISION

Mission: O&E will be the catalyst in telling the stories of Missouri's fish, forest and wildlife resources in ways that energize and empower all Missouri citizens to participate in outdoor recreation activities.

Division History: The outreach and education division is made up of sections responsible for education services, education programs, outreach programs, and outreach services. The conservation education program is based on the premise that conservation encompasses knowledge, attitudes, behavior, philosophy, and stewardship, integrated into all subject areas of the curriculum at all grade levels. The program was created in 1939 and its objective remains to develop an environmentally literate, competent, and dedicated citizenry which acts to prevent or resolve conflicts between people and the wise use of resources. The goal is a dynamic balance between quality of life and quality of the environment.

OUTREACH AND EDUCATION DIVISION: "ALL OUTDOORS," 1951-2004

Extent: Incomplete

Arrangement: Chronological

Scope and Content

This series was distributed as a weekly news release memorandum from 1951 through April 1962. On April 27, 1962 the series was named "Dateline...All Outdoors." On 01/24/2003 the name was simplified to "All Outdoors."

** PDF copies of 1978 through Oct. 2004 are available on DVD in the Archives Reading Room and are keyword searchable*

OUTREACH AND EDUCATION DIVISION: "CONSERVATION CURRENTS," 1951-2000

Extent: Incomplete

Arrangement: Chronological

Scope and Content

This series starts as a publication of the Conservation Commission called "Conservation Commission Monthly Memos." Then in August 1963, it is re-titled "Commission Currents." In 1981 it is re-titled again, this time as "Conservation Currents." The monthly newsletter is intended as "a publication for and about Missouri Conservation Department employees."

OUTREACH AND EDUCATION DIVISION: *GAME & FISH NEWS*, 1925-1937

Extent: Incomplete

Arrangement: Chronological

Scope and Content

This is the Conservation Department's (then the Conservation Commission) first major publication directed toward the public concerning Missouri's wildlife and habitat. It would later be replaced by the *Missouri Conservationist*. The years for 1931-1933 are not printed on the newsletters and therefore are guesses.

Container List

Location	Box	Folder	Date	Contents/Title	Add'tl Description
	88	1	Aug. 1925	<i>Game & Fish News</i> Vol. 1, Issue 1	2 copies

OUTREACH AND EDUCATION DIVISION: *MISSOURI CONSERVATIONIST* MAGAZINE, 1938-PRESENT

Extent: Complete

Arrangement: Chronological

Scope and Content

This monthly magazine is available online through Missouri Digital Heritage from 1938-2004. Go to http://www.sos.mo.gov/archives/mdh_splash/default.asp?coll=moconserv. It is keyword searchable. Issues from 1995 to the present are also available on the Conservation Department's website <http://mdc.mo.gov/conmag>. You must be a subscriber to access the recent issues online. The magazine is a free publication for Missouri residents and includes articles and photographs on wildlife, plants, game and hunting, habitat, and conservation areas.

OUTREACH AND EDUCATION DIVISION: XPLOR MAGAZINE, 2010-PRESENT

Extent: Complete

Arrangement: Chronological

Scope and Content

This is a magazine begun in 2010 that is intended for children. Prior to 2010, the occasional booklet was inserted into the *Missouri Conservationist* for kids. *Xplor* is available free to Missouri residents; others may subscribe for a small fee. The magazine is published every two months, six times a year. Multimedia content that supplements the printed magazine is online at <http://xplor.mdc.mo.gov/>.

See "Notes from Otis" for the continuation of this series

**OUTREACH AND EDUCATION DIVISION:
LEARNING WITH OTIS: A CONSERVATION EDUCATION ACTIVITIES
BOOK, 1984
NOTES FROM OTIS: A CONSERVATION EDUCATION NEWSPAPER,
1984-1998**

Extent: Incomplete

Arrangement: Chronological

Scope and Content

The Otis series replaces the Design for Conservation Education Kits. Otis is a cartoon deer mouse created by Jim Keller. Text taken from the teacher's edition of the first "Notes from Otis" volume: "The Design for Conservation Education (K-8) program has been expanded and revised. Kindergarten teachers and students will now be included in the Department's new Early Childhood Program called *Conservation Seeds*. Materials for grades 1-6 have been extensively revised into the *Learning with Otis* program. Junior high teachers can order conservation education instructional units on a variety of topics designed for grades 7-12. *Notes from Otis* is written as a supplemental component of the *Learning with Otis* program. There are three versions of the newspaper written at the following grade levels: first and second (orange); third and fourth (green); and fifth and sixth (blue). Articles and activities in the newspaper should enhance the lesson plans found in the *Learning with Otis* activities books written for specific grade levels 1-6."

	138	(none)	1941	<u>Principles of Wildlife Conservation 1941</u> , a syllabus of Course Zoology 6, University of Missouri, by Professor Rudolf Bennitt	
	138	17	Sept.-Nov. 2016	<u>Southeast Missouri Tupelo Times</u>	2 copies

PROTECTION DIVISION

The mission of this Division is to protect and conserve Missouri fish, forest, and wildlife resources and to serve citizens through a coordinated program of resource law enforcement, education, information, and one-on-one contacts. The Division encompasses Conservation Agents – who have law enforcement duties – and deals with hunter education programs as well as licensing.

PROTECTION DIVISION: WILDLIFE CODE POCKET BOOKS, 1881-PRESENT

Extent: Incomplete

Arrangement: Chronological

Scope and Content

Pocket-sized books on Missouri hunting, fishing, trapping, etc. regulations. See also archival collection finding aid for Conservation Commission resolutions regarding fishing, hunting, and trapping: Record Group 103.

PROTECTION DIVISION: HUNTING AND FISHING LICENSES, 1905-1996

Extent: Incomplete

Arrangement: Chronological

Scope and Content

In the January 1962 issue of the *Missouri Conservationist*, the Department of Conservation put out a call to the general public seeking old hunting and fishing licenses. At that point, the oldest license in the collection was dated March 1906 and the Department wanted to see if it could locate any older ones (the first licenses went on sale on June 16, 1905). It also wanted to locate licenses from the state and from counties for as many years as possible. This series is a part of what was collected over the years. Most of the licenses are filled out, but there are a few blank ones in the collection. Most are laminated.

The licenses are for 1) state hunting, 2) county hunting, 3) state fishing, 4) county fishing, 5) state hunting and fishing, 6) county hunting and fishing, 7) deer, 8) many other miscellaneous licenses. It varies by year what is available.

WILDLIFE DIVISION

Mission: To conserve for public benefit Missouri's wildlife resources and the landscapes on which wildlife depend, and to manage public lands to conserve and enhance their natural resources, provide vital ecosystem services, and invite public use and enjoyment. The Wildlife Division is responsible for the management of Missouri's wildlife resources and the habitats upon which they depend to best serve the long-term interests of the people of the state. Fulfilling this role involves a wide range of programs and activities on public, as well as private, land.

WILDLIFE DIVISION: NATURAL HISTORY SERIES, 1981-1997

Extent: Complete

Arrangement: Numerical

Scope and Content

This series contains a variety of wildlife-related publications in the Natural History series.

WILDLIFE DIVISION: TERRESTRIAL SERIES, 1946-1988

Extent: Complete

Arrangement: Numerical

Scope and Content

The first four volumes of this series were called "Technical Bulletins." Then the name was changed to the "Terrestrial Series." The series is a companion to the "Aquatic Series" published by the Fisheries Division.

WILDLIFE DIVISION: FEDERAL AID TO WILDLIFE PROJECT REPORTS (PITTMAN-ROBERTSON REPORTS), 1941-1989

Extent: Incomplete

Arrangement: Numerical, then chronological

Scope and Content

This Act, [Federal Aid in Wildlife Restoration Act \(16 U.S.C. 669-669j; 50 Stat. 917\) of September 2, 1937](#), is commonly called the “Pittman-Robertson Act.” It has been amended several times, and provides federal aid to states for management and restoration of wildlife. This series contains reports made to the federal government. Some draft reports are included.

OUTSIDE PUBLICATIONS, 1905-PRESENT

Extent: Incomplete

Arrangement: Chronological

Scope and Content

This series of books and booklets contains publications related to Missouri conservation, but are not published by the Division. These are not state documents, but are still considered of historical value.

See also the Higher Education finding aid for a copy of A Chronology and Bibliography of Wildlife in Missouri by Daniel McKinley, 1960, currently on 69A/4/6 Box 69.

See also Manuscript Collection MS384 Missouri: Our Fish, Game, Song Birds and Forestry published in 1905. Includes many photographs of early conservation pioneers such as Walmsley and hunting and gun clubs. Located on 1A/3/4 Box 166 Folder 3.
