Finding Aid 5.44

Office of the Secretary of State

Administrative Rules

Abstract: Pre-Code Administrative Rules (1946-1975), Original Rules (1976-1985), Fiscal Notes, (1976-1985), Original Rules (1986-)

Extent: 264.4 cubic feet, 661 archives boxes

Record Description: Paper

Alternative Formats: Printed Proposed/Emergency Rules, In Additions, and other parts of the rulemaking process available in the printed Missouri Register – Administrative Rules State Documents Collection. Finalized Orders of Rulemaking available in the printed Code of State Regulations – Administrative Rules State Documents Collection.

Location: Missouri State Archives

Administrative Information

Access Restrictions: No special restrictions.

Preferred Citation: [Item description], [date]; *Office of the Secretary of State, Administrative Rules Division*, Record Group 5.44; Missouri State Archives, Jefferson City.

Acquisition Information: All accessions agency transfer. #2022-060; #2015-0005; #2009-007; #2008-143; #2008-0128; #2008-008; #2002-0238; #2001-0464; No accession number listed: Accessioned 1/10/2001; #2000-0115; #99-23; #98-142; #97-175; #97-060; #97-023.

Pre-Code Rules and Regulations: All accessions agency transfer. #81-33; 8/6/1979.

Processing Information: Processing completed by various staff on 9/26/2023. Finding aid completed by Lena Evers-Hillstrom on 9/26/2023.

Historical and Biographical Notes

The Constitution of the State of Missouri, adopted February 27, 1946, Article IV, Sections 16 and 45 states that all rules and regulations shall be filed in the Office of the Secretary of State. These rules and regulations are contained in Series 1, Rules and Regulations, 1946-1975.

With the passage of Senate Bill 58, 78th General Assembly, 1975 (1975 *Laws of Missouri*, p. 403), effective January 1, 1976, Administrative Rules became a separate division within the Office of the Secretary of State. This bill also established the published Code of State Regulations, which contains codified regulations within a numbering system that corresponds with state agencies titles, divisions, and chapters.

Senate Bill 58 also established the process of passing an administrative rule, via the Joint Committee on Administrative Rules (JCAR) and the publication the *Missouri Register*, which is published on an at-minimum monthly basis under state law (as of 2023, the Missouri Register is published bi-monthly). Through the publication of all proposed rulemaking and notification of finalized orders of rulemaking, the *Missouri Register* is a source for the public to review rules and provide comments and/or attend public hearings, which are then considered by state agencies and summarized in final orders of rulemaking.

The *Register* is also a crucial method of tracking rulemaking timelines – just as laws are passed through a specific process, rules are passed after undergoing review by the Joint Committee on Administrative Rules, the Small Business Regulatory Board (if applicable), and passing a specific period of time for public comment after publication in the *Missouri Register*. After passing this process, final orders of rulemaking are codified in the Code of State Regulations.

In 1976, S.B. 478 was passed to help clarify the language in 1975 S.B. 58, which created the rulemaking process in its current form, adding a Definitions section and additional information on the rulemaking process (1976 *Laws of Missouri*, p. 478). Also passed in 1976, S.B. 728 allowed for members of the public to petition the Joint Committee on Administrative Rules for the “promulgation, amendment, or removal of any rule,” with a relevant response from the state agency in charge of that rule (1976 *Laws of Missouri*, pp. 773-774).

In its earliest iteration, the published *Missouri Register* contained all notices of emergency, proposed, and final orders of rulemaking to be published in that specific Register/comment period. Also included are Rule Action Notices, which occur “if a rule or part of a rule of a state agency is suspended or terminated by action of the General Assembly, the governor, a court, or other authority” (*Rulemaking Manual for State Agencies*, May 1989), and In Additions, which typically relate to typographical errors, rule number changes, public notices from state agencies, or other administrative information (Administrative Rules, *Rulemaking Manual*, 2023). Although less common, Rules Under Consideration may also be filed, in which a state agency solicits comments on the text of a proposed new rule or proposed amendment to an existing rule.

While not published in the printed *Missouri Register*, also included in Series 4, Original Rules, 1986-, are rules that have been withdrawn by state agencies

(“Withdrawals”) and occasionally rules that have met an expiration period (“Lapsed Rules”).

Over time, the items included in the printed *Missouri Register* have expanded beyond rulemaking include memorandums from the Director of Administrative Rules (Lynne Angle’s “From This Angle”), bids from the Office of Administration’s Purchasing Division, and a range of other items that have also been included in the *Missouri Register* due to statutes requiring their publication. These include fiscal notes, notice given relating to corporations, and published items specific to state agencies, including specific claims limits as established by the Department of Insurance, and salary compensation schedules from the Office of Administration.

1985 H.B. 512 established the filing of certificates of limited partnerships and foreign limited partnerships, as well as amendments or cancellations, with the Office of the Secretary of State (1985 *Laws of Missouri*, p. 795 and 802). 2000 S.B. 896 added the *Missouri Register* as an additional place in which a Notice of Winding Up for a limited partnership/foreign limited partnership could be published (2000 *Laws of Missouri*, p. 866).

In the 1990s, filings and notice given was expanded to include Limited Liability Corporations (LLCs). 1993 S.B. 66 & 20 established the requirement for a “Notice of Winding Up” to be filed “with the secretary which discloses the dissolution of the limited liability company and the commencement of winding up of its business and affairs.” (1993 *Laws of Missouri*, p. 995). 1997 H.B. 655 merged with S.B. 170 expanded on the definition of a Notice of Winding Up to include specific information relating to claims against a dissolved partnership or limited liability company, including time limitations for filing claims, information needed for the claim, and how to present the claim to the dissolving company (1997 *Laws of Missouri*, p. 877). 1999 S.B. 278 established the requirement for this Notice of Winding Up to be published “one time in a newspaper of general circulation” or “onetime in a publication of statewide circulation,” (1999 *Laws of Missouri*, p. 1222), with 2000 S.B. 896 adding the *Missouri Register* as an additional place in which Notices of Winding Up could be published one time (2000 *Laws of Missouri*, p. 856). All filings under this category are included under the folder title “Notices of Dissolution,” in Series 4, Original Rules, 1986-.

In 1978, S.B. 721 established the requirement for fiscal notes to be filed with notices of proposed rulemaking “wherein the adoption, amendment, or rescission of the rule would require or result in the expenditure of public funds by or a reduction of public revenues for that agency or any other state agency of the state government or any political subdivision thereof” (1978 *Laws of Missouri*, p. 981), outlining the cost for the state agency to comply with the proposed rule. Rules that exceed their proposed cost are also required to be published at the close of the fiscal year (“Statement of Cost Exceeding 10%”). Fiscal notes impacting “private persons or entities” are also required to be filed with notices of proposed rulemaking.

1994 S.B. 558 added the provision to fiscal notes that state agencies that had not previously filed fiscal notes impacting both public and private persons or entities, as required by 1994, were required to publish said fiscal notes by August 28th 1995. If no fiscal note was filed by this deadline, these rules would become void (1994 *Laws of Missouri*, p. 1127). This resulted in a separate section for Fiscal Notes from 1994-1995

that does not occur in later filings/years, and a special Fiscal Notes edition of the *Missouri Register*, published August 26th 1995.

In 2004, the Small Business Regulatory Fairness Board was created under H.B. 978, to handle “any requirement imposed upon a small business or minority small business through a state agency’s proposed or adopted rule that will cause direct and significant economic burden upon a small business or minority small business” (2004 *Laws of Missouri*, p. 418). Board members are appointed by members of the executive and legislative branches, with support staff provided by the Department of Economic Development.

For rules determined to impact small businesses, state agencies are required to prepare a small business impact statement, to be filed with the proposed rule submitted to Administrative Rules, JCAR, and the Small Business Regulatory Fairness Board. This impact statement must be included for rules relevant to the Small Business Regulatory Fairness Board to proceed in the rulemaking process, and must include the following information: how the state agency is reducing impact on small businesses, how small businesses are involved in the proposed rule, cost of rule, description of the small businesses impacted by the rule, and any increase in costs as a result of the rule (if said state agency has not filed a fiscal note) (2004 *Laws of Missouri*, p. 419). This required information was later amended in 2005 H.B. 576 to add businesses that may benefit from the proposed rule, whether or not the proposed rule is “more stringent” than pre-existing comparable standards, and if so, why (2005 *Laws of Missouri*, p. 873), as well as a requirement that an additional statement be provided to the Board after a public hearing for a proposed rule impacting small businesses.

In 2012, S.B. 469 established the periodic review of rules by state agencies, every five years, beginning in 2015. Part of this law also established the notification of state agencies through the *Missouri Register*, which contains the titles of the Code under review, a notice that anyone can file comments up to 60 days after the publication of the notice in the *Register*, instructions for filing comments, the individuals designated to receive comments, and instructions for compiling a state agency report that reviews all rules (2012 *Laws of Missouri*, pp. 671-672). This document is included under the folder title “Notices of Periodic Review,” in Series 4, Original Rules, 1986-.

State Agency Published Documents

Also included in the *Missouri Register* are at-least annual publications that relate to the administration of government by state agencies, primarily from a legal compliance standpoint. They include insurance limits as calculated by the Department of Commerce and Insurance (formerly Insurance, Finance, and Professional Registration (DIFP)), contractors deemed to be compliant transient employers, from the Department of Revenue, Contractor Debarment Lists relating to wage compliance, from the Department of Labor and Industrial Relations (DOLIR), and Salary Compensation Schedules for state officials and the judiciary, from the Office of Administration (OA). These items are included in the In Addition section of the published *Missouri Register* as of 2023.

In 2002, S.B. 812 mandated the publication of Executive Orders in the *Missouri Register* after January 1st 2003 (2002 *Laws of Missouri*, p. 834). While not explicitly including Proclamations, this law has been interpreted by the Division of Administrative

Rules to include Proclamations, which are also published in the *Missouri Register* on an as-needed basis.

1986 S.B. 663 established the requirement that limits on non-economic damages in medical malpractice suits be determined by the Director of the Department of Commerce and Insurance (DCI), and published in the *Missouri Register* (1986 *Laws of Missouri*, p. 883). This document is included under the folder title “Medical Malpractice Limit,” in Series 4, Original Rules, 1986-.

Under the provisions of RSMo Chapter 537, political subdivisions can purchase liability insurance for torts claims up to a specific amount that is established under state law. The sovereign immunity of political entities is waived up to this amount. With the passage of 1999 S.B. 295, this limit, the Sovereign Immunity Limit, is calculated by the DCI Director, and is given to the Office of the Secretary of State for annual publication in the *Missouri Register* (1999 *Laws of Missouri*, p. 1263). This document is included under the folder title “Sovereign Immunity Limits,” in Series 4, Original Rules, 1986-.

2003 H.B. 668 expanded the publication of insurance limits as calculated by the DCI Director to include claims specific to the Missouri Department of Transportation. Claims relating to contracts for highway construction and improvement are settled by arbitration, and include a cap that is determined by DCI (2003 *Laws of Missouri*, p. 771), and the requirement for publication in the *Missouri Register*. This document is included under the folder title “Construction Claims Binding Arbitration Cap,” in Series 4, Original Rules, 1986-.

The State Legal Expense Fund is a state expense fund, created for the purpose paying claims against the state, state employees, state health care employees, and locally or federally funded health care employees. 2005 S.B. 420 provided that the “limitation on awards for noneconomic damages” that the State Legal Expense Fund has been found liable for “shall be increased or decreased on an annual basis effective January first of each year” (2005 *Laws of Missouri*, p. 1526). This value is calculated by the DCI Director, and is given to the Office of the Secretary of State for annual publication in the *Missouri Register*. This document is included under the folder title “State Legal Expense Fund,” in Series 4, Original Rules, 1986-.

In 2010 H.B. 1311 & 1341 established a maximum benefit for health care insurance coverage of applied behavior analysis for the treatment of autism spectrum disorders (2010 *Laws of Missouri*, p. 219). This maximum benefit is calculated by the DCI Director, to be published in the *Missouri Register* on an annual basis. This document is included under the folder title “Applied Behavior Analysis Maximum Cap,” in Series 4, Original Rules, 1986-.

A transient employer is one that conducts temporary business in the State of Missouri, but isn’t subject to Missouri income tax. Individuals that fit this definition must meet specific requirements (a tax clearance and filing of a financial assurance instrument) with the Department of Revenue in order to obtain building permits or perform work. 1997 H.B. 472 required that in addition to tracking these requirements, the Department of Revenue must submit “for publication in the *Missouri Register* a list of construction contractors performing work on construction projects in Missouri who are known by the department to be deemed transient employers” (1997 *Laws of Missouri*, p. 730). The Construction Transient Lists are published in the *Missouri Register* on a quarterly basis. They are included in Series 4, Original Rules, 1986-, under this title.

1982 S.B. 497 established the temporary requirement that a salary compensation schedule for the judiciary be maintained by the Office of Administration. This requirement was made permanent in 1984 H.B. 1244, with both laws requiring that the schedule be “open for public inspection and shall be annually included in the *Missouri Register* (1984 *Laws of Missouri*, p. 736). Also, in 1984, S.B. 528 established the maintenance of a compensation schedule by the Office of Administration for “the highest statutory salary paid for each office,” salary adjustments, and “percentage increase in personal income of Missouri” (1984 *Laws of Missouri*, p. 424). This information was also to be included annually in the *Missouri Register*. In 1999 H.B. 368, the compensation schedule was amended to include either highest statutory salary or highest salary range (1999 *Laws of Missouri*, p. 504). The Salary Compensation Schedules are published by the Office of Administration’s Division of Budget and Planning, and are included in Series 4, Original Rules, 1986-, under this title.

Also filed by the Office of Administration, from 1989-2003, were notices for prospective bids for supplies from the Division of Purchasing and Materials Management. These were filed with the Division of Administrative Rules and published in the *Missouri Register* “pursuant to earlier conversations between Secretary of State’s Office and the Division of Purchasing,” however under the statute governing purchases made from competitive bids, RSMo 34.040, their publication in the *Missouri Register* is not required, nor has it been historically required. Advertisement of bids in “at least two newspapers of general circulation” was established with the creation of the State Purchasing Agent in 1933 S.B. 192 (1933 *Laws of Missouri*, p. 411), however neither this law nor subsequent laws have explicitly named the *Missouri Register* as a designated place of publication. Bids are included under the folder title “Bids,” in Series 4, Original Rules, 1986-.

An additional record often published is the Contractor Debarment List (and additions to this list), beginning in the 2000s. Under Missouri’s Prevailing Wage Law, passed in 1969 (S.B. 142, 1969 *Laws of Missouri*, p. 408), contractors and subcontractors that violate this law are barred from contracting or performing work on any public works for a specific period of time, as determined by their conviction. While a list of these individuals compiled by the Department of Labor and Industrial Relations (DOLIR) “shall be filed with the Secretary of State,” its publication in the *Missouri Register* is not explicitly required. This document is included under the folder title “Contractor Debarment List,” in Series 4, Original Rules, 1986-.

Another item commonly filed beginning in the 2000s are the reviews of health-related equipment/facilities acquisitions from the Department of Health and Senior Services as part of the Certificate of Need (CON) program. Like the Contractor Debarment Lists, these review schedules are not explicitly required to be published in the *Missouri Register*. This document is included under the folder title “Application Review Schedule,” in Series 4, Original Rules, 1986-.

Timeline

Date	Contents
1933	S.B. 192 creates the State Purchasing Agent and establishes the publication of prospective bids for supplies in two newspapers of general circulation.

1946	Missouri Constitution, Article IV, Sections 16 and 45 establishes that all rules and regulations shall be filed in the Office of the Secretary of State.
1969	Missouri's Prevailing Wage Law, S.B. 142, establishes the provision that those found to be in violation of this law be included on a list "to be filed with the Secretary of State." While not required to be published in the Missouri Register, the Contractor Debarment List has been published in the Register beginning in the 2000s.
1975	The passage of S.B. 58, Administrative Rules and Procedures, effective January 1 st 1976, creates the Administrative Rules Division. This bill also results in the establishment of guidelines for creation and publication of Missouri Register and Code of State Regulations, and creation of Joint Committee on Administrative Rules (JCAR).
1976	S.B. 478 and S.B. 728 passed, adding clarifying language and additional information on the administration of the rulemaking process, as established in 1975 S.B. 58.
1978	S.B. 721 establishes the requirement of fiscal notes, estimating the cost of compliance with the proposed rulemaking, to be filed with the proposed rulemaking.
1984	H.B. 1244 establishes the publication of a Salary Compensation Schedule of the judiciary, by the Office of Administration.
1984	S.B. 528 establishes the publication of a Salary Compensation Schedule of the highest state agency salaries, salary adjustments, and income improvements, by the Office of Administration.
1994	S.B. 558 establishes the requirement that rules filed prior to 1994 without fiscal notes file fiscal notes prior to August 28 th 1995, in order for said rules to remain in effect. This law also results in the <i>Missouri Register Fiscal Notes Special Edition</i> , published August 26 th 1995.
1997	H.B. 472 establishes the requirement that lists of contractors deemed transient employers be published on a quarterly basis in the Missouri Register.
1999	S.B. 295 establishes the requirement that the Sovereign Immunity Limit for liability insurance in torts claims be published in the Missouri Register on an annual basis.
2000	S.B. 896 establishes the Missouri Register as an additional place in which notice can be given one time for the dissolution of a Limited Liability Company, Limited Partnership, Limited Foreign Partnership, (termed Notices of Winding Up) or Corporation.
2002	S.B. 812 establishes the publication of Executive Orders in the Missouri Register on an as-needed basis. This law is also interpreted to include Proclamations, published in the Missouri Register on an as-needed basis.
2003	H.B. 668 establishes a limit on contractor claims against the Department of Transportation, the Construction Claims Binding Arbitration Cap, to be published in the Missouri Register on an annual basis.
2004	H.B. 978 creates the Small Business Regulatory Fairness Board, an additional joint committee that regulates the administration of rules relating specifically to small businesses.

2005	H.B. 576 adds additional requirements for the Small Business Impact Statement, to be included with submission of proposed rulemaking through the Small Business Regulatory Fairness Board.
2005	S.B. 420 establishes the requirement that the State Legal Expense Fund limit on non-economic liability be published in the Missouri Register on an annual basis.
2010	H.B. 1311 & 1341 establishes the requirement that the maximum cap for applied behavior analysis in the treatment of autism spectrum disorders be published in the Missouri Register on an annual basis.
2012	S.B. 469 establishes the requirement for a Notice of Periodic Review, to be published in the Missouri Register, outlining the Titles, process, timeline, and individuals involved in the rule review process, every five years beginning in 2015.

SERIES

The records of the Administrative Rules are broken down into the following series:

Series 1: Rules and Regulations, 1946-1975

Series 2: Original Rules, 1976-1985

Series 3: Fiscal Notes, 1974-1989

Series 4: Original Rules, 1986-

Rules and Regulations, 1946-1975

Extent: 17.2 cubic feet, 43 archives boxes

Arrangement: The rules and regulations are arranged in the following order: executive officers, executive departments and divisions, state institutions, correctional institutions, regulatory boards and commissions, and miscellaneous boards and thereunder chronologically by date of filing.

Scope and Content

This series contains the rules and regulations from 1946 through 1975 of the executive officers and departments as filed with the Commissions and Administrative Rules Division.

Original Rules, 1976-1985

Extent: 32.4 cubic feet, 81 archives boxes

NOTE: Box numbering continued from previous series, however arrangement differs.

Arrangement: The original rules found here, from 1976-1985, are filed by year, then by elected official's office or departmental agency, then by applicable division, then by date filed. Starting in 1980, the emergency rules are filed separately at the end of each office or departmental agency.

Scope and Content

This series contains the original rules of the executive officers and departments as filed with the Administrative Rules Division from 1976-1985. Formerly part of the Commissions and Administrative Rules Division, the Administrative Rules Division was established in 1975 as a separate entity by Senate Bill 58, 78th General Assembly, effective on January 1, 1976.
