Historical and Biographical Notes

The Missouri Historical Records Advisory Board (MHRAB) is the central advisory board for historical records planning and for projects relating to historic records that are developed and carried out within the state of Missouri (RSMo 109.221). The MHRAB provides state-level appraisal of grant proposals submitted to the National Historical Publications and Records Commission (NHPRC) by Missouri repositories, and serves as the review and award panel for grant applications submitted to the Missouri Historical Records Grant Program and the Local Records Preservation Grant Program.

The NHPRC, the grant-awarding division of the National Archives and Records Administration, authorized a system of state historical records advisory boards in 1975. The MHRAB began meeting in 1978. In 1985, Executive Order 11 formally created the MHRAB. The MHRAB gained statutory standing in 1989 with the General Assembly's passage of House Bill 686 and amending legislation the following year in House Bill 1496. Later bills amended the composition of the board.

The governor appoints board members with the advice and consent of the Senate. The Missouri Secretary of State, who holds the position of board coordinator, handles administrative responsibilities. Federal regulations require board members to have experience and interest in the collection, administration and use of historical records, as well as a dedication to the preservation of and access to Missouri's documentary heritage. Over the years, archivists, curators, records managers, legislators, librarians and family historians have served on the MHRAB.

The MHRAB's mission statement commits it to "promote and support identification of, preservation of, and access to all historical records in Missouri."

Scope and Content

The Strategic Planning series contains all documents relating to the three strategic plans released on 1988, 1999, and 2009. Planning for the 1988 report began with a survey in 1987 and also included the surveys from the Local Government Records Task Force Series. Planning for the 1999 plan began with a survey in 1996. Planning for the 2009 plan began with a survey conducted in late 2008 to early 2009.

OB stands for oversize box.
