Additional External Resources

The State Historical Society of Missouri in Columbia maintains collection [#CA6150 Mitzel and Associates Architects, Incorporated, Columbia, Missouri Records](#), which has some records on the Truman Building.

SERIES

Jefferson City State Government Building Construction Photographs, 1980-1990

Arranged chronologically

Scope and Content

This series contains color 3½"x5" prints of the construction of the James C. Kirkpatrick State Information Center, aka the Secretary of State's Building, at 600 West Main Street. Also included are 3½"x5" prints and 9½"x3" self-made panoramas (usually 3-4 prints glued together) of the construction of the Truman Building at 301 W. High Street.

There are 28 sheets of negatives stored in the Vault. The strips are incomplete, meaning not every image on a roll of film is represented. Furthermore, most were unlabeled so the dates on the sheets are estimates and may not be exact. Images are of the Truman Building construction as well as personal family pictures of the Shaffer family. (No negatives for the JCKSIC construction photographs.)

All images have been digitized and are on Manuscript DVD #3 in Reference.

Container List

For an item-by-item list, see the Excel spreadsheet.

Location	Box	Folder	Contents	Date
	104	1-70	JCKSIC construction photographs	1988-1990
