Objects, 1896-1989

Extent: 33 Objects, 0.75 cubic ft. (one partially-filled cubic foot box).

Arrangement: Alphabetical by category of object.

Scope and Content

This series contains three-dimensional objects related to the old Capitol or construction and opening of the new (1913-1918) Capitol. The majority of items were likely given or sold as souvenirs. Items include buttons, figurines, medals, spoons, cups, platter, paperweight, etc. as well as stamps commemorating the Louisiana Purchase.

The objects have been photographed from multiple angles and the images saved to DVD. The DVD is available in the Reference Room (same disk as the Photographs series). Access to the physical objects is restricted and patrons should use the DVD instead.

Photographs, 1904-2006

Extent: 147 Photographs, 0.20 cubic ft. (one partially-filled 5x7 photo box, one partially-filled 8x10 photo box, one partially-filled flat box).

Arrangement: by size, then by subject.

Scope and Content

This series contains original photographs of sites in Jefferson City (primarily the Capitol Building), Washington, D.C., and Taos, New Mexico. The images concern research the donor, Bob Priddy, made when writing his book, *The Art of the Missouri Capitol*.

All the photographs have been scanned as 400dpi TIFFs and are available on DVD in the Reference Room (same disk as the Objects series).

Container List

Postcards, 1898-c1979

Extent: 243 Postcards, 0.18 cubic ft. (two partially-filled 5x7 photo boxes).

Arrangement: by subject.

Scope and Content

This series contains historic postcards of Jefferson City and other Missouri locations, primarily the Missouri State Capitol and state government buildings. It also includes Jefferson City street views, Lake of the Ozarks, Ha Ha Tonka, and a few images from San Francisco and France.

All the postcards – fronts and backs – have been scanned as 400dpi TIFFs and are available on two DVDs in the Reference Room. The fronts of most of the postcards are also on Missouri Digital Heritage in the Historical Postcards of Jefferson City collection online here: <http://cdm16795.contentdm.oclc.org/cdm/landingpage/collection/postjc>. This is a combination of three postcard collections: Priddy’s plus MS329 Alice Fast Postcard Collection and MS360 Dr. Arnold G. Parks Jefferson City Postcard Collection.

Slides, 1922-2006

Extent: 1,222 Slides, 0.15 cubic ft. (six slide boxes).

Arrangement: by set according to donor; box 6 arranged by subject.

Scope and Content

This series contains over 1,200 35mm slides of the Missouri Capitol Building, Capitol artists, and artwork as well as other subjects related to Missouri state history. The majority of slides are images used in the donor's series of lectures. Many of the images are copies of photographs found in other collections within the State Archives or other repositories. The donor notes that the images of Thomas Hart Benton's sketches are rare, as the originals are in a Kansas City bank vault.

Set 1 is from a presentation Priddy gave at the Missouri State Archives's Thursday Evening Speaker Series on Dec. 19, 2002 titled *The Missouri State Capitol: Colorful Sights and Sounds from Its Past*. Additional slides were added to the set after the presentation.

Set 2 consists of photographs taken in Taos, New Mexico and Falmouth, Virginia while the donor was researching certain Capitol artists who resided there. The Gari Melcher slides are in segments according to the four paintings Melcher did for the Governor's waiting room: Susan Elizabeth Blow, T: Mark Twain, R: James Rollins, F: Eugene Field, O: other.

Set 3 is from a presentation Priddy gave multiple times titled *Public Art and Political Furor* on Thomas Hart Benton's *A Social History of Missouri* murals in the Capitol Building's House Lounge.

Finally, Set 4 is a set of research slides related to Missouri history.

Important note regarding all slides: the item-level slide index is not fully developed, particularly the copyright field. Dates and descriptions may also be incomplete. Researchers should contact the Archives about a particular image before reproducing, especially considering that many Thomas Hart Benton images have a complicated copyright history.

Most slides are digitized and are on DVD in Reference as 600 dpi or 1200 dpi .tifs.

Container List

See the Excel spreadsheet appended to the end of this finding aid for an item-by-item listing under the pages labeled "Slides." Three images are **CLOSED per RSMo §610.021 (20)** and are not digitized (see spreadsheet).
