Dewey Short Materials, 1918-1957

Extent: 0.05 cubic feet

Arrangement: By size, then chronologically

Scope and Content

Dewey Short (1898-1979) was a Republican Congressman from Galena, Stone County, Missouri. He had a long-lived career at the Congressional level, which spanned 1929 to 1958. This series contains photographs and documents related to Short that were obtained by the donor from an estate sale in Southern Missouri.

See also Manuscript Collections MS181 and MS502 for more material on Short.

Maps and Posters, 1822-c2010

Extent: 1 cubic foot; 2.54 GB

Arrangement: Physical maps, then digital

Scope and Content

This is a collection of original and digitized maps, primarily of central Missouri. All of the physical maps except for the “Map of the Country Drained by the Mississippi” and all those in Map Cabinet T have been digitized and are available on DVD. The links in the table below are for digitized copies of the entire source books on the Internet Archive.

NOTE: The donor Lynn Morrow has donated many more maps to the Archives than are listed in this series. They were assigned to different record groups. See the oversized map collection Excel spreadsheet for more information.

Photographs, 1910-2008

Extent: 0.1 cubic feet; 108 MB

Arrangement: By size, then alphabetical by county and thereunder by city

Scope and Content

A majority of the photographs in this series were taken in the 1980s through 2000s by the donor himself. They show locations in Central and Southern Missouri. Some original images going back to 1933 are mixed in. There is a set of 35mm black and white images taken during the Flood of 1993 in Jefferson City.

See the Excel spreadsheet for item-by-item information on which photos are public domain and which are not. If the photograph is still under copyright, it is the researcher's responsibility to obtain proper permissions from the photographer.

Container List

See Excel spreadsheet appended to the end of this finding aid for an item-by-item listing.
