HISTORICAL AND BIOGRAPHICAL NOTES

James Sullivan is a collector of Civil War documents and memorabilia as well as a Civil War historian. He has a particular interest in the history of the Western Sharpshooters and Missouri

secession. Sullivan donated many of his original materials to the Archives since 2015, and this manuscript collection is composed of those donations. Many items were purchased from eBay sellers. Whenever possible, the eBay documentation and mailers have been kept with the accession records in order to aid provenance research.

Last person known to live there was Leah Scantlin. No insignia on the soldier's uniform. The tintype has been hand-tinted so his pants look blue and buttons look gold. He is posed before a backdrop of a military camp including tents and a cannon.	1861-1865

Photo by C.C. Giers Photograph Gallery, Nashville, TN. Front of card is signed, "Yours truly," and then the name has been removed. "Stephen" can barely be made out, but the last name is gone. It looks like there MAY be a "t" in the surname, therefore eliminating Child as the subject. A more modern person – given the handwriting – wrote "Leuit. Stephan Child A.D.C." on the back of the photograph in pencil. We cannot be sure of the subject. The uniform is of a first lieutenant.
