## House Resolutions

*Extent:* .2 cubic ft (1 partial Hollinger boxes)

*Arrangement:* Resolution number order

### Scope and Content

This series contains House (non-courtesy) Resolutions, which deal with the operation of the House and do not require the approval of the governor. They are numbered in the same series as courtesy resolutions but are kept separate because of their administrative rather than commemorative nature. Examples include resolutions notifying the Senate and Governor that the House is now in session, giving permission for use of the House chamber, and establishing House committees.

The numerous gaps in resolution order reflect that no resolution was assigned to a number in that range.

## Senate Roll Calls

*Extent:* 0.3 cubic ft. (2 partial Hollinger boxes)

*Arrangement:* Alphabetical and thereunder by bill number order

### Scope and Content

This series contains Senate Roll Calls, which record votes taken by the Senate on both Senate and House bills and resolutions. Also found in this series are daily attendance roll calls, which might include quorum calls and approvals of the journal. For bills and resolutions, roll call records list all the members of the Senate, how they voted, the date, and the vote totals. Not all bills and resolutions came to a vote, so there are many gaps in the sequence of numbers.
