Historical and Biographical Notes

According to the 1889 Revised Statutes of Missouri, new sections were added to the elections chapter that year, regarding the nomination of candidates, certificates of nomination, and party conventions. “Nomination of candidates” (Sec. 4757) indicated that any convention of delegates held for the purpose of making nomination to public office, and also electors to the number specified, could nominate candidates (or a state ticket) for public office to be filled by election within the state.

Such nominations were made by filing a “certificate of nomination” (Sec. 4758), which contained the name of the person nominated, his residence, occupation, and the office for which he was nominated, and also the name and residence of each signer. The certificate could also, and usually did, designate by name the party that the nominee represented. Most of these certificates of nomination were filed with the Secretary of State (Sec. 4759). In 1977, House Bill 101 put forth new sections regarding nominations, new political party formation, independent candidates, filing declarations of candidacy, party nominating committees, and withdrawals. This system continues.

Any person desiring to be an independent candidate for any office to be filled by voters throughout the state, or for any congressional district, state senate district, state representative district, or circuit judge district, shall file a petition with the Secretary of State (RSMo 115.321). Each page of the petition shall: declare concisely the intention to nominate an independent candidate; state the name and address, including street and number, of the independent candidate; state the office for which the candidate is to be nominated.

A number of certificates of nomination and declarations of candidacy for presidential electors, where they were not combined with the state ticket on the same record, have been removed into the series *Presidential Electors*.

Where new political parties petition, nominate, or declare only single offices such as President/Vice President, the records may be filed here but for multiple offices on the same record, they should be filed with the series *Party Formation Petitions*.

In general, party and candidate petitions (original signatures not annotated) less than 50 pages are now (2017) kept in their entirety but more voluminous petitions are sampled.
