## HISTORICAL AND BIOGRAPHICAL NOTES

The Enrolled Missouri Militia was created on July 22, 1862. It was intended to be a part-time militia that would only serve and be paid during times of emergency. Members of the Enrolled Missouri Militia were primarily used for local patrols and guard duty.

Regimental returns are paperwork created by various batteries, regiments and battalions and submitted to the Adjutant General. These records are the kind of bureaucratic paperwork on which the Army marched. Due to the chaotic nature of the Civil War in Missouri, the lack of reliable postal service, and poor record keeping in the field, these records are very incomplete.

The Scope and Content Note for individual regiments contains information on organization, disbanding, transfers and consolidations. Also noted are exceptional records of interest.
