HISTORICAL AND BIOGRAPHICAL NOTES

The Provisional Enrolled Missouri Militia was created in February 1863. A majority of the Enrolled Missouri Militia were released from duty while certain men were retained as a full time force. This full time force, the Provisional Enrolled Missouri Militia, was paid by the state, while their equipment was provided by the United States. Veterans of the Provisional Enrolled Missouri Militia would qualify for Federal pensions after the war. The Provisional Enrolled Missouri Militia was disbanded in November 1863.

Regimental returns are paperwork created by various companies, regiments and battalions and submitted to the Adjutant General. These records are the kind of bureaucratic paperwork on which the Army marched. Due to the chaotic nature of the Civil War in Missouri, the lack of reliable postal service, and poor record keeping in the field, these records are very incomplete.

The Scope and Content Note for individual regiments contains information on organization, disbanding, transfers and consolidations. Also noted are exceptional records of interest.
