HISTORICAL AND BIOGRAPHICAL NOTES

In 1919 the Missouri General Assembly passed HB 595, which called for biography and service records to be compiled and published. Biography and service records were compiled on a standard form with included the following fields:

- Name
- Rank and branch of service
- Dates entered and discharged
- Prior service
- Locations served, battles fought
- Date and place of birth
- Name of spouse, parents, children
- Education
- Religious, social and fraternal organizations
- Ancestors who participated in previous wars

The Missouri State Archives holds biography and service records for 730 individuals. Because this was a voluntary gathering of information, many servicemen will not have a biography and service record in this collection.
