

Guide to Pre-1910 Births and Deaths at the Missouri State Archives

Birth and Death records were not required to be registered in Missouri until 1910. An 1883 law allowed the State Board of Health to provide forms to county clerks for the registration of births and deaths, but the law was repealed in 1893 due to lack of participation.

This inventory of Pre-1910 birth and death records includes all known surviving records from around the state. All records have been added to our online database <https://s1.sos.mo.gov/archives/resources/birthdeath/> unless otherwise indicated.

⁶⁹St. Louis City – our database has only *some* of these records abstracted online. If you cannot find a record in our database, send us an e-mail and let us know who you are looking for. We have a CD in our collection made by the St. Louis Genealogical Society that indexed most of the pre-1910 St. Louis City and County death records. The CD gives this further information:

- “11 February 1860–9 May 1860: no known records were kept during this transition period from deaths recorded by cemeteries to deaths reported by doctors/undertakers.
- “26 February 1907–29 February 1908: there is one death register, (volume 51), which was missed on both microfilmings. It does exist at St. Louis City Hall, but is not available to the general public.
- “26 March 1904–31 March 1907 and 1 October 1908–30 December 1908: volumes 1 and 3 of the Juvenile Death Records have not been microfilmed. The originals are at City Hall.
- “1 July 1875–7 December 1875 and 1 January 1896–28 February 1905: deaths outside the city, volumes 1 and 3, have not been microfilmed. The originals are at City Hall.”

It is also important to note that the Archives has an in-house Excel spreadsheet available for the first volume of St. Louis birth records, which begins in 1822. Most of the records date from the 1850s-1870s. Staff can check this spreadsheet for all St. Louis City & County births from 1822-1870. For post-1870 births, please submit a research request.

⁷⁰Saline County – we have a printed abstract of births for Saline County from 1863-1871 in Missouri Pioneers Vol. 10 p. 35. Only a few births were recorded. None of these records is in our online database.
