Missouri Notary Handbook

John R. Ashcroft
Secretary of State
Dear Missouri Notary:

We are pleased to provide you with this Missouri Notary Public Handbook. We appreciate the responsibility that comes with being a notary in the State of Missouri, and know the work you do as a notary instills additional confidence in the documents that are vital to our state and economy.

This handbook is provided in print and online to more than 60,000 notaries across the state, each of whom takes acknowledgements, administers oaths and affirmations, and certifies that copies of documents are true copies.

The powers and responsibilities of a notary are described in the Missouri Revised Statutes Chapter 486. The provisions of this statute are included in this handbook for your convenience.

In addition to the statutes, this resource provides general information related to your role as a notary, a glossary of important terms and copies of key application forms to assist you in the administration of your notary duties.

I hope you find this book to be a useful and thorough resource in your position as a notary public. The handbook is also available online at http://www.sos.mo.gov/business/commissions/pubs/notary/. If you need any further assistance, please do not hesitate to call our Business Services Division at (573) 751-4153.

Sincerely,

John R. Ashcroft

ination, to impeach any witness regardless of which party first called him/her to testify, and to rebut the evidence against him/her; and

3. Copies of writings, documents, and records shall be admissible without proof that the originals thereof cannot be produced if it appears by testimony or otherwise that the copy offered is a true copy of the original; and

2. The hearing shall not be subject to interruptions by the parties to attend to nonhearing matters;

3. The parties should be in a location where there will not be unreasonable background noise.

(D) Any witnesses participating by telephone are subject to the same requirements as in subsection (3)(C).

   (5) Not have had his commission revoked during the past ten years; or
   (6) In lieu of the requirements contained in subdivisions (1) to (5) of this subsection, a person who is appointed and commissioned a notary public pursuant to subsection 2 of this section may be appointed and commissioned pursuant to this subsection upon becoming a resident of Missouri.

2. Any person who does not qualify under subsection 1 of this section may nonetheless be appointed and commissioned as a notary public provided that person:
   (1) Is at least eighteen years of age;
   (2) Works in Missouri and will use the notary seal in the course of his employment in Missouri;
   (3) Has a work address in the county within and for which he is commissioned;

As either a resident or non-resident applicant, the applicant must also indicate on their application whether or not the applicant has ever been convicted of or pled guilty or nolo contendere to any felony, or to any misdemeanor incompatible with the duties of a notary public, and if so, shall attach a list of such convictions or pleas of guilt or nolo contendere.

If the notary is presently commissioned as a non-resident notary public and they move into Missouri, the notary may immediately be appointed and commissioned as a notary upon becoming a resident. The notary will need to return their nonresident notary certificate with a request to cancel that com-
mission, along with a completed application as a resident, proof of training and the $25 fee for issuing another commission.

Application and Appointment

Applicants may file electronically or obtain an application for a commission as a notary public from our website at www.sos.mo.gov/business/commissions. Additional applications may be obtained by calling (866) 223-6535 (toll free—choose option 3 for the notary and commissions division) or (573) 751-2783, or by writing: Secretary of State, Commissions, PO Box 784, Jefferson City, MO 65102-0784.

Applications may also be obtained from the secretary of state branch offices located at: 815 Olive St., Ste. 150, St. Louis, MO 63101; 615 E. 13th St., Ste. 513, Kansas City, MO 64106; and 149 Park Central Sq., Rm. 624, Springfield, MO 65806.

The application forms prescribed by the secretary of state must be used.

As provided by law, a $25 fee must be paid to receive a notary commission. See Sections 28.160.2 and 486.225.2, RSMo. All checks should be made payable to the State Director of Revenue.

Prior to submitting an application to the secretary of state, each applicant for appointment shall read the Missouri notary public handbook and complete a computer-based training or other notary training in a manner prescribed by the secretary of state. Each applicant shall attest to reading such handbook and receiving such training at the time of submitting the application for appointment and commission as a notary public.

Instructions for completing the application are provided with the application. All information requested on the form must be completed before the application will be approved. If we have to return the application to verify information, or to request that blank spaces be completed on the form, there will be a delay in issuing the commission. Any changes or information which is completed after the original receipt of the application by our office must be initialed. Applications which appear to have been tampered with are not accepted. The secretary of state may prohibit, for a period not less than 30 days and not more than one year, an applicant from reapplying for an appointment and commission as a notary public following the rejection of such applicant’s application by the secretary of state.

The information requested on the application determines whether the applicant is qualified to receive a commission as a notary public. All information requested must be completed.
At the top of the application, the applicant must fill in their exact name as they want it to appear on their commission, complete the oath at the bottom of the application, and sign the application with the exact complete name as is indicated at the top of the application. This determines the applicant’s exact official name as a notary public as well as their official signature. Initials may be used for first and middle names. A notary is required by law to use their commissioned name and signature for all notarizations.

The applicant for resident notary must request that our office issue their notary public commission for the county in which they reside. Please indicate this information on the application in the space labeled “County of Residence.” If the applicant resides in St. Louis City, they must indicate “St. Louis City” in this space. A resident notary may use their notary commission in any county in Missouri or St. Louis City.

Non-resident applicants applying for a Missouri notary public commission must indicate the name of their employer and the Missouri county or St. Louis City where the employer is located and where the applicant reports for work.

A commission as a notary public for the State of Missouri is valid only in Missouri.

After the application is approved, the applicant’s commission will be issued and mailed to the appropriate office in the county where they reside or are employed. We are required by law to forward all completed commissions to the appropriate county office.

Once the commission is issued, we will mail a letter to the applicant advising that their commission has been issued and mailed to the appropriate county authority. The letter contains the address where the applicant is to be sworn in, their commission number and the dates the commission begins and expires.

Qualifying at the County Clerk’s Office

The law allows up to 90 days from the date the commission is issued for the applicant to qualify. Failure to qualify within 90 days will result in the commission being cancelled. To meet the qualifications provided by law, the applicant must appear in person and present a $10,000 surety bond to insure their four-year term as a notary public. The clerk or deputy will administer the oath of office, after which the applicant must submit a handwritten specimen of their official signature on the oath of office. This signature MUST match the exact name typed on their commission certificate. The clerk will staple the bond to the oath of office and official signature filing and mail them to our office. The clerk or deputy will then present the notary with their commission certificate.
The commission certificate will contain the notary’s exact official name as a notary public, the commission number, the commission beginning and expiration dates and the date the commission was issued by our office. The notary should keep the commission in a safe place throughout their term as a notary public.

The secretary of state may prohibit, for a period not less than 30 days and not more than one year, such person from reapplying for an appointment and commission as a notary public following the failure to appear and qualify within 90 days after the commission is issued.

**Term of Office**

All commissions as a notary public are issued for a four-year term of office. This term is set by law.

**Notary Public Bond**

The $10,000 notary bond may be purchased from a personal insurance agent, a bank or from a bonding company. The notary bond is separate from any other bond coverage the notary might presently have and is required in addition to other bond coverage. The bond should be executed by the insurance company within 90 days after the application is approved by our office. The bond must be written for a term of four years, covering the same dates as the term of office.

An errors and omissions policy does not replace a bond. An errors and omissions policy is not required by law, but may be purchased as it protects the notary public and pays for any charges the notary might owe for legal fees and costs should the notary be sued.

**Embossper Seal and Rubber Stamp**

Missouri law requires every notary to use either an engraved embosser seal or a black inked rubber stamp seal on every notary certificate. An electronic seal may be used in lieu of an embosser seal or rubber stamp on documents that are electronically notarized, provided it meets the statutory requirements. The print on the embosser or stamp must be in type not smaller than eight-point type. The print on the seal should resemble one of the examples in the box below and must contain the same information. The embosser seal, the black inked rubber stamp seal, and the electronic stamped seal must be obtained from a registered manufacturer. To be legally recognized, the
engraved embosser seal, the black inked rubber stamp seal, or electronic stamp must contain:

1. The notary’s exact name as it appears on their commission certificate;
2. The assigned commission number; and

The notary must also type, print or have a rubber stamp in print not smaller than eight-point type with certain information on every completed notary certificate: their exact name as it appears on their commission, “Notary Public,” “State of Missouri,” their expiration date and the county for which they are commissioned. The notary may use a black inked rubber stamp ONLY if the seal contains the information in #1, #2 and #3 above, as well as the county for which they are commissioned and the expiration date of that commission. Examples of notary seals accepted in the state of Missouri are shown in the box below. The Great Seal of the State of Missouri can not be used on the notary stamp.

The notary seal is the exclusive property of the notary and the seal may not be used by any other person or surrendered to an employer upon termination of employment.

Sample Embosser/Stamp
Journal

The notary is required to keep a permanently bound journal of their notary acts. Each notary public shall keep a permanently bound journal of his or her notarial acts containing numbered pages, except those notarial acts connected with judicial proceedings, and those for whose public record is publicly filed within ninety days of execution. Each notary public shall record in such journal the following: the month, day and year of notarization; the type of notarization such as acknowledgment or jurat; the type of document; the name and address of the signer; the identification used by the signer; the notary fee; and the signature of the signer.

The journal can be purchased from a local office supply store or may be supplied to the notary by a notary company or association.

The notary journal is the exclusive property of the notary.

Reapplying

All commissions as a notary public are issued for a term of four years. There are no provisions in the law for renewals. If the notary wishes to again become commissioned as a notary public they will need to submit a notary application to our office no earlier than six weeks before their current expiration date. No person is automatically reappointed as a notary public. The notary is responsible for obtaining the $10,000 notary bond for their new term of office. The notary must follow all of the same procedures as though they have never held a notary commission before.

Fees

A notary public is allowed to charge fees for notarizing documents. Section 486.350, RSMo, allows a notary to charge two dollars for each signature on a document and the proper recording of the notarization in their journal. The maximum fee for any other notarial act is one dollar. Failure to record the notarization in the journal precludes collection of the fee.

A notary may charge two dollars for each 8 1/2 x 11 inch page they certify as a facsimile of an original document. The certification of a facsimile must also be recorded in the notary journal. The notary must also retain a copy of each page in their notary file.

A notary public may charge a travel fee, not to exceed the approved federal mileage rate and may charge an expedited convenience fee not to exceed $25, when traveling to perform a notarial act, provided that:
(1) The notary explains to the person requesting the notarial act that the travel fee is separate from the notarial fee and is not specified or mandated by law; and

(2) The notary and the person requesting the notarial act agree upon his or her fees in advance of the notary affixing his or her official seal.

Notaries are not permitted to charge a fee for notarizing the signature on any absentee ballot or absentee voter registration card.

Amended Commissions (Name change, county change, address change)

An application for a request for an amended commission can be obtained from our website at www.sos.mo.gov/business/commissions.

Change of Name

To change the exact name on a notary commission, the notary is required to send the following to our office:

1. Completed Change of Name amendment form;
2. Check or money order for five dollars made payable to State Director of Revenue;
3. Rider from the bonding company indicating the name change (if rider required); and
4. The present commission certificate.
5. The existing notary seal, unless a person, business, or manufacturer alters the existing seal in compliance with subsection 4 of section 486.285.

If a notary changes their legal name during their term of office, an application for a name change must be made within 30 days of the name change.

The fee allowed by law for a name change is five dollars. Once we have received all of the necessary materials and processed the request for a name change, we will forward the amended commission directly to the notary at their residence address. We will notify the appropriate county clerk of the name change. Since the notary’s seal contains their name, the notary must also have a new stamp and/or embosser made for their seal with their new exact name as commissioned.
Change of County Residence (Resident Notary)

To change their county of residence, a notary is required to send the following to our office:

1. Completed Change County of Residence amendment form;
2. Check or money order for five dollars made payable to State Director of Revenue;
3. Present commission certificate.
4. The existing notary seal, unless a person, business, or manufacturer alters the existing seal in compliance with subsection 4 of section 486.285.

If the notary changes their county of residence, they are required by law to apply for an amended commission for their new county of residence within 30 days of the county change. The notary must be a registered voter in their new county before submitting the application. When we have received the proper documents and processed the request for an amended commission, we will forward the notary’s amended commission certificate to their new residence address and notify the county clerk’s office in the new county of residence. The notary will need to check with the entity that issued their bond as to whether they will need a rider. If a rider is needed, a copy of that rider must be sent to our office. Such rider must indicate the name of the new county of residence. If the notary is using a seal containing the county name, a new seal reflecting the new county of residence must be purchased and used.

Change of Street Address

If a notary moves within the same county, and their street address changes while they are commissioned as a notary public, the notary is required to file within 30 days an address change with the secretary of state. Please complete the Notary Change of Address in Same County amendment form and send it to Commissions. You may file electronically or obtain this form on our website at www.sos.mo.gov/business/commissions.

Non-resident Notary Change of Employment in the Same County or in a Different County

During a non-resident notary’s commission, if there is a change of employer in the same county or the employer is in a different county, the notary is required to file within 30 days an employer change and county change if applicable with the Secretary of State. Please complete the Change of Employer County amendment form or the Change of Employer Resident
Notaries Non-Resident Notaries amendment form and send it to Commissions. You may file electronically or obtain the applicable form from our website at www.sos.mo.gov/business/commissions.

Stolen or Lost Notary Public Seals or Notary Journal

If the notary’s seal has been misplaced, lost, or stolen, the notary shall immediately notify the secretary of state in writing to report the theft. Upon receipt of the written documentation, the secretary of state shall issue the notary a new commission number for the notary to order a new seal. The secretary of state may post notice on the Secretary of State’s website notifying the general public that the notary seal of such notary with the stolen commission number is invalid and is not an acceptable notary commission number.

If the notary journal is lost or stolen, the notary is required by law to send a letter to the secretary of state. The letter will be placed in the notary file, advising us of the date the journal was lost or stolen. The notary can then purchase a new journal. The notary does not need to apply for a new commission. The date the seal or journal was lost or stolen should be noted in the notary records. The notary may also want to contact their local police department and see if they require a police report to be filed for stolen goods.

Destroyed, Broken, Damaged, or Inoperable Notary Seals

If the notary’s seal has been destroyed, broken, damaged, or otherwise rendered inoperable, the notary shall immediately provide written notice of that fact to the Secretary of State.

Resignation of a Notary Commission

If a notary wishes to resign their commission a letter of resignation, along with his or her notary seal, must be submitted to the Office of Secretary of State. The notary is not required to state a reason for resigning.

Official Misconduct

The law contains several sections relating to civil damages and providing for criminal punishment. You may refer to the notary statutes for more information. The notary statutes are located on our website at www.sos.mo.gov/bus-
ness/commissions. The law defines official misconduct, provides for civil damages to persons injured through a notary’s misconduct, establishes employer’s liability for such damages and also provides such violations are punishable as misdemeanors by fines and imprisonment. Further, official misconduct may result in revocation of the notary’s commission by the Office of Secretary of State.

Applicable Law

The law governing notaries public is found in Chapter 486 RSMo and is provided on the Secretary of State website at www.sos.mo.gov/business/commissions.

Possible Disqualification

According to Missouri law, persons convicted of a felony may not be able to become a notary public.

Executing Witness

On October 27, 1983, the attorney general issued Opinion No. 114-83, which states “An executing witness, as provided for in Section 486.340, RSMo, is neither a notary public nor an officer authorized by law to administer oaths within the scope of Section 115.291.1, RSMo.” Therefore, the affidavit of a person voting an absentee ballot may not be subscribed and sworn to before an executing witness.

Fees Allowed for Swearing in Notaries

Each county or city official will charge fees for recording each notary commission and administering the oath of office. These fees are allowed by law. If you have questions regarding such fees, contact the applicable county or city official in county of residence. For St. Louis City residents contact the circuit clerk of St. Louis City.

Court Reporters Qualified to Give Oaths

Certified court reporters and certified shorthand reporters may administer oaths and affirmations as provided in Section 492.010, RSMo. If you have any questions concerning authority to administer oaths and affirmations, please
contact the professional certified court reporters association for further information.

Other Notary Information

Proper notarization must include proper notary wording (acknowledgment, jurat or certification of facsimile), the notary’s seal/stamp and official signature.

A notary cannot notarize his or her own signature. A notary is to be an impartial witness.

A Missouri notary may notarize documents that originate in other states as long as the document is being signed and notarized in Missouri.

Missouri notaries can only notarize documents in Missouri.

Missouri law does not forbid notaries from notarizing the signatures of relatives. However, if the notarized document was ever the subject of a court suit, a judge might determine the notary was not an impartial witness to the signing of the document. The Office of Secretary of State suggests that a notary notarize documents for a spouse, parent, grandparent, brother, sister, niece, nephew, aunt, uncle, child or grandchild.

A notary does not have the authority to prepare legal documents. All documents presented to a notary for notarization should have the correct form of notary certificate on them. A notary’s duty is to perform the notarial act and complete the notarial certificate.

The best form of identification is one that includes a photograph and signature. A valid driver’s license is a good source of identification. The person can also be personally known to the notary or can be identified by an individual personally known to the notary.

If the notary certificate states “Subscribed and sworn to/affirmed before me”, etc., then the document must be signed by the signer in the presence of the notary. An oath or affirmation must be administered to the person whose signature the notary is notarizing. If a document is already signed when it is presented for notarization, the notary should ask the person to re-sign the document again in their presence.

An acknowledgment need not be signed in the notary’s presence. However, the person who signed the acknowledgment must appear before the notary and acknowledge he or she is the signor and that he or she signed the original document.
The notary law allows a notary public to certify a copy of an original document. Chapter 486.345(3), RSMo, contains the proper wording to use for this type of certification. DO NOT CERTIFY ANY COPIES OF DOCUMENTS WHICH STATE ON THE FACE OF THE DOCUMENT THEY CANNOT BE REPRODUCED. Copies of birth certificates, death certificates, marriage licenses and divorce decrees cannot be certified. Certified copies of these documents should be obtained from the issuing agency. The notary is required by law to keep a copy of any document they certify as a true copy.

The secretary of state issues Certificates of Authority for notaries. They may be obtained by submitting the original document requiring the certificate with a written request for the certificate to the Office of Secretary of State. The fee for each certificate is $10 and should accompany the request. Certificates of Authority for a notary public may be obtained at any of the Secretary of State Offices in Jefferson City, Kansas City, St. Louis or Springfield.

**Proper Notarization**

A proper notarization must contain:

1. The signature of the individual;
2. A notarial certificate stating the document was signed before the notary;
3. The signature of the notary as commissioned; and
4. The notary’s seal or stamp.

Birth Certificates and Death Certificates

Marriage Licenses and Divorcee Decrees

MISSOURI birth certificates, death certificates, marriage licenses or divorcee decrees should be certified by the issuing agency. Birth and death certificates should be obtained from the Missouri Department of Health and Senior Services, Bureau of Vital Records, 930 Wildwood, PO Box 570, Jefferson City, MO 65102-0570. There is a fee charged by Vital Records for these copies. Vital Records will issue a certified copy of these MISSOURI records and the Secretary of State will authenticate this certified

CAUTION: Some documents cannot be reproduced and cannot be certified by Missouri Notaries Public. Missouri notaries do not have authority to certify documents from other states and countries.
copy. Marriage licenses can sometimes be obtained from the county recorder of deeds offices where they have been recorded for public record. Divorce decrees can sometimes be obtained from the circuit clerk where they have been filed. The recorder of deeds or circuit clerk will issue and sign the copy of the original document. (A sample document is on page 61.) The Secretary of State will authenticate the official act of the recorder of deeds or circuit clerk.

Apostilles

Apostilles are issued by our office for all documents going to countries who are members of the 1961 Hague Convention. The Convention provides for a simplified certificate for public documents to be used in the countries which have joined the Convention. With only an Apostille, the document is entitled to recognition in the country of its intended use. The Apostille MUST BE REQUESTED for documents going to the member countries. The Secretary of State’s office has a reference list of these countries.

School Documents

Documents issued by educational institutions for foreign students are also certified by our office.

The face of a diploma should not be altered by the registrar or notary.

The registrar or other authority of the school must sign a statement, which is typed on the BACK of the diploma or transcript. The wording in this statement says that the diploma or transcript is either the original record issued by the school or a copy of the original document issued by the school and the date it was issued.
The signature of the school official is witnessed by a notary public. The notary states that he/she saw the school official sign the document.

If the school does not issue a diploma for foreign students, a notarized letter from the registrar or other school authority must be given to the student. This letter must state that the student has completed the requirements for graduation from that school, but the school does not issue diplomas for foreign students. This letter is notarized in the same manner as other notarized school documents. A sample document is on page 60.

**Special Handling and Mailing**

The Secretary of State’s office is pleased to forward documents directly to a third party if a stamped addressed envelope to the third party is enclosed with the letter of request. If the third party is a consulate or embassy for the country requiring the documents, it is practical to include a letter of instruction to them with their fees.

We will also return or forward documents by overnight mail if a prepaid self addressed mailer is enclosed with the letter of request.

**Foreign Language Documents**

Notarizing a foreign language document is not illegal; however, CAUTION should be used as the notary is dependent upon the signer to explain the contents. The notarization might invalidate the document if the document contains specific instructions to the notary as to placement of the notary seal. You may be perceived by your foreign constituent as doing more than merely witnessing signatures.
You may want to suggest that your constituent find a notary who speaks the language. Perhaps the document could be translated and you could notarize the English translation.

Many countries have foreign consulate offices. The offices can be found in the yellow pages of a phone book. One of the consulate’s duties is to notarize documents destined for the home country. Most of these officials have the same powers as notaries public.

If you are requested to notarize a document in another language, you will want to note this in your journal. If the notarial certificate is in another language and you can read the language, you may complete the notarial certificate. If you cannot read the notarial certificate, you should complete and notarize an English language notary certificate.

**Need Additional Information**

Please call (866) 223-6535 (toll free—choose option 3 for the notary and commissions division) or 751-2783 if you need any additional information or have any questions regarding certification of documents.

**NOTE:** Missouri notaries cannot certify any birth certificates, death certificates, divorce decrees or marriage licenses. These documents must be obtained from and certified by the issuing agencies.
