All of the provisions of sections 29, 30(a), 30(b), 30(c) [and], 30(d), and 30(e) are severable. If any provision of sections 29, 30(a), 30(b), 30(c) [and], 30(d), and 30(e) is found by a court of competent jurisdiction to be unconstitutional or unconstitutionally enacted, the remaining provisions of these sections shall be and remain valid.

Section 30(e). 1. To provide additional moneys for state highway system purposes and uses, city streets, county roads and state transportation system purposes and uses:
First, an additional state sales tax of three-quarters of one percent is hereby levied and imposed upon all transactions on which the Missouri state sales tax is imposed, subject to the provisions of and to be collected as provided in the Sales Tax Law and the rules adopted in connection therewith; and Second, an additional state use tax of three-quarters of one percent is hereby levied and imposed upon all transactions on which the Missouri state use tax is imposed, subject to the provisions of and to be collected as provided in the Compensating Use Tax Law and the rules adopted in connection therewith. No tax levied or imposed under this section shall apply to the retail sale of food as defined in the Sales Tax Law.

2. The proceeds from the additional state sales and use taxes imposed under this section shall be collected, apportioned, distributed, and deposited by the department of revenue as provided in this section. The term "proceeds from the additional state sales and use taxes" used in this subsection shall mean and include all proceeds collected by the department of revenue reduced only by refunds for overpayments and erroneous payments of such taxes as permitted by law and the department's actual costs to collect these proceeds, which shall not exceed one percent of the total amount of the tax collected. The department's actual costs to collect these proceeds shall be limited to actual costs incurred by the department of revenue, including any other entity or person designated by law or by the department to collect or to provide goods or services used to collect the additional state sales and use taxes.
3. The proceeds from the additional state sales and use taxes imposed under this
section shall be apportioned, distributed, and deposited by the director of revenue as
follows:

(1) Five percent of the proceeds shall be deposited into a special trust fund known
as the "County Aid Transportation Fund". Moneys in the county aid transportation fund

county road mileage and assessed rural land valuation calculations in subdivision (1) of
subsection 1 of section 30(a) of this article, except that five percent of these moneys shall
be apportioned and distributed solely to cities not within any county in this state. Moneys
in this fund shall be expended at the sole discretion of the various counties for any of the
county road and bridge purposes and uses provided in subdivision (1) of subsection 1 of
section 30(a) of this article, any state highway system purposes and uses authorized under
section 30(b) of this article, or for any county transportation system purposes and uses as
set forth in subdivision (4) of this subsection;

(2) Five percent of the proceeds shall be deposited into a special trust fund known
as the "Municipal Aid Transportation Fund". Moneys in the municipal aid transportation
fund shall be apportioned and distributed to the various incorporated cities, towns, and
villages in the state based on the population ratio calculations in subdivision (2) of
subsection 1 of section 30(a) of this article. Moneys in this fund shall be expended at the
sole discretion of the various incorporated cities, towns, and villages for any of the city
road, street and bridge purposes and uses provided in subdivision (2) of subsection 1 of
section 30(a) of this article, any state highway system purposes and uses authorized under
section 30(b) of this article, or for any city transportation system purposes and uses as set
forth in subdivision (4) of this subsection;

(3) Ninety percent of the proceeds shall be deposited into a special trust fund
known as the "Transportation Safety and Job Creation Fund", which is created within the
state treasury. Moneys in the transportation safety and job creation fund shall stand
appropriated without legislative action to be used and expended at the sole discretion of
the highways and transportation commission for the following purposes and uses, and no
other:

(a) For deposit into the state road fund for state highway system purposes and uses
authorized under section 30(b) of this article; or

(b) For state transportation system purposes and uses as set forth in subdivision (4)
of this subsection;
(4) The term "transportation system purposes and uses" shall include authority for the commission, any county or any city to plan, locate, relocate, establish, acquire, construct, maintain, control, operate, develop, and fund public transportation facilities such as, but not limited to, aviation, mass transportation, transportation for elderly and handicapped persons, railroads, ports, waterborne commerce, intermodal connections, bicycle, and pedestrian improvements;

(5) All interest earned on moneys deposited into the county aid transportation fund, the municipal aid transportation fund or the transportation safety and job creation fund shall be credited to and deposited into such fund. The unexpended balance remaining in the county aid transportation fund, the municipal aid transportation fund, and the transportation safety and job creation fund at the end of the biennium and after all warrants on same have been discharged and the appropriation, if applicable, has lapsed, shall not be transferred and placed to the credit of the general revenue fund of the state or any other fund;

(6) The moneys apportioned or distributed under this section to the transportation safety and job creation fund, county aid transportation fund, and municipal aid transportation fund shall not be included within "total state revenues" under section 17 of article X of the Constitution of Missouri, nor be considered an "expense of state government" under section 20 of article X of the Constitution of Missouri, nor be considered "state revenue" under section 3(b) of article IX of the Constitution of Missouri.

4. (1) The general assembly, counties, and municipalities are prohibited from increasing or decreasing the tax upon, or measured by, motor fuel used to propel highway motor vehicles from the rate of the tax authorized by law on January 1, 2014, while this section is in effect.

(2) The state highways and transportation commission shall not authorize, own, or operate a toll highway or toll bridge on a state highway or bridge while the sales and use tax authorized by this section is in effect. A county or municipality shall not authorize, own or operate a toll highway or toll bridge on any highway or bridge under its jurisdiction while the sales and use tax authorized by this section is in effect.

(3) Prior to the effective date of this section and prior to any subsequent election in which this section shall be submitted to voters for approval, the commission shall approve its list of projects, programs, and facilities, with a priority given to safety, on the state highway system and state transportation system that shall be funded from the proceeds from the additional sales and use taxes deposited into the transportation safety and job creation fund under this section. Starting in the second calendar year following the
effective date of this section, the commission shall annually submit a report to the
governor, general assembly, and joint committee on transportation oversight that shall
include the status of the approved list of projects, programs, and facilities on the state
highway system and state transportation system. During the ten-year period the
temporary tax is in effect, the commission shall include the approved projects, programs,
and facilities in one or more of the five-year statewide transportation improvement
programs approved by the commission. A taxpayer of the state shall have standing to
bring suit to compel the commission’s inclusion of approved projects in a five-year
statewide transportation improvement program. All such suits shall be brought in the
circuit court of Cole County.

(4) Upon voter approval of the temporary three-quarters of one percent state sales
and use tax in this section at the general election held in 2014, or at a special election to be
called by the governor for that purpose, this section shall be effective January 1, 2015, and
shall continue for ten years. This section shall be resubmitted to the voters for approval
at the general election held in 2024. The secretary of state shall submit the ballot measure
for such ten-year resubmission. If approved by a simple majority of votes cast, this section
shall continue to be effective for an additional temporary ten-year period. Every ten years
thereafter, the secretary of state shall submit to the voters for approval the issue of whether
the sales and use tax authorized by this section shall be imposed for another ten-year
period. If at any subsequent general election a simple majority of votes cast do not approve
such issue, then this section shall terminate on December thirty-first of the calendar year
when the last election was held.

Section B. Pursuant to section 116.155, RSMo, and other applicable constitutional
provisions and laws of this state authorizing the general assembly to adopt ballot language for
the submission of a joint resolution to the voters of this state, the official ballot title of the
amendment proposed in section A shall be as follows:

"Should the Missouri Constitution be changed to enact a temporary sales tax of three-
quarters of one percent to be used solely to fund state and local highways, roads, bridges and
transportation projects for ten years, with priority given to repairing unsafe roads and bridges?"

Section C. Pursuant to section 116.155, RSMo, and other applicable constitutional
provisions and the laws of this state authorizing the general assembly to adopt a fiscal note
summary for the submission of a joint resolution to the voters of this state, the official fiscal note
summary of the amendment proposed by section A shall be as follows:

"This change is expected to produce $480 million annually to the state’s Transportation
Safety and Job Creation Fund and $54 million for local governments. Increases in the gas tax
7 will be prohibited. This revenue shall only be used for transportation purposes and cannot be
8 diverted for other uses.".
