*Be it enacted by the people of the state of Missouri:*

One new section of the Revised Missouri Statutes is enacted, to be known as section 192.008, to read as follows:

192.008. 1. "The Missouri Health Insurance Cooperative" (hereinafter referred to as "MHIC") is hereby created, within the department of health and senior services, to provide health insurance for citizens of Missouri who wish to become members of the cooperative.

2. The MHIC shall be administered by the director of the department of health and senior services. The department of health and senior services shall, within one (1) calendar year of the effective date of this section, promulgate rules necessary for the administration of this section.

3. The state of Missouri is authorized to issue bonds to cover the start-up costs for the MHIC, as well as any shortages of funds needed to pay authorized benefits until the funds received from membership dues are sufficient to cover those expenses. Membership dues and out-of-pocket maximums for members are to be set and then adjusted as soon as practicable to fully cover administrative expenses and benefits paid with money collected from premiums paid by members.

4. Memberships in the MHIC shall be available beginning no later than January 1, 2022.

5. Enrollment in the MHIC shall be voluntary and limited to citizens of the state of Missouri.

6. The MHIC shall be revenue-neutral. The percentages of income established for membership dues and out-of-pocket maximums shall be adjusted annually and set at levels that will insure that revenues are sufficient to cover all costs, including amounts paid out to members for health care expenses in excess of their out-of-pocket maximum and all administrative expenses; as well as the funds necessary to pay principal and interest on bonds issued to fund start-up costs for MHIC.

7. Membership dues for coverage through MHIC, as well as the annual out-of-pocket maximum for members will be based on percentages of each member's gross annual income, as determined by the board. Membership dues are to be set as low as possible and out-of-pocket maximums set no higher than necessary to maintain the revenue neutral status of the MHIC, while making membership as affordable as possible.

8. Only treatments and procedures deemed medically necessary, as determined by the department of health and senior services shall be covered through the MHIC.

9. The amount of payments made to health care providers for procedures and services will be determined by the department of health and senior services, shall not be excessive. The amounts paid to health care providers by Medicare and Medicaid shall serve as a general guide for pricing procedures and services.

10. Members of the MHIC and health care providers in the state of Missouri, are responsible for keeping records and receipts for covered health care, to be furnished to the MHIC if expenses for needed health care exceed the out-of-pocket maximum for a given calendar year and reimbursement is thereby requested. Receipts must be provided to the MHIC upon request.

11. All subsections and all clauses of this statute, and the phrases, and the words within them, are severable. If any of the provisions within them are found by a court of competent jurisdiction to be unconstitutional or unconstitutionally enacted or invalid, the remainder of those provisions shall remain valid and the application of such provisions shall not be affected thereby.
