Be it enacted by the people of the state of Missouri:

One new section of the Revised Missouri Statutes is enacted, to be known as section 192.012, to read as follows:

192.012. 1. "The Missouri Health Care Cooperative" (hereinafter referred to as "MHCC") is hereby created within the department of health and senior services to cover the cost of health care for citizens of Missouri who choose to become members of the cooperative.

2. The MHCC shall be administered by the Director of the Department of Health and Senior Services. The department of health and senior services shall promulgate rules necessary for the administration of this section.

3. The state of Missouri is authorized to issue bonds, if necessary, to cover start-up costs for the MHCC.

4. Memberships in the MHCC shall be available to take effect on January 1, 2026.

5. Enrollment in the MHCC shall be voluntary and limited to citizens of the state of Missouri. Any member who removes her or his primary residence shall have the option of remaining a member through the end of that calendar year.

6. Membership dues shall be based on a percentage of the "taxable income" of each member as shown on federal tax returns. The percentage shall be the same for all members. Separate membership dues shall be collected for spouses when filing a combined return. Any dependents claimed on a member's federal tax return shall also be members of the MHCC.

7. The percentage to be applied to the taxable income of members in determining the amount of membership dues shall be set by the Director of the Department of Health and Senior Services.

8. The MHCC shall be revenue neutral. The percentage of incomes established for determining the amount of membership dues shall be set at a level that will ensure that revenues are sufficient to cover all costs, including amounts paid out for the health care expenses of members; all administrative expenses; and any funds needed to pay the interest, and repay the principal when due, on any bonds issued to fund start-up costs for MHCC. The percentage of incomes used to determine membership dues shall be set no higher than necessary to maintain the revenue neutral status of the MHCC and to maintain a reserve fund sufficient to ensure that health care providers will be reimbursed promptly for services provided.

9. Membership dues shall be paid or collected monthly. Dues shall be based on each member's income from their most recent tax return, or on the estimated income for that year, if a member's income is expected to vary significantly from the previous year.

10. After a member has filed a federal tax return for each calendar year, the amount they paid in membership dues shall be adjusted based on their actual taxable income for that year. Amounts due from each member, or to be refunded to each member, after that adjustment is calculated shall be due from, or paid to, each member on or before June 15th of each year.

11. All treatments and procedures covered by Medicare or Medicaid shall be covered through the MHCC. Only those treatments and procedures covered by Medicare or Medicaid shall be covered through the MHCC.

12. The amounts paid to health care providers for procedures and services to members shall be equal to the amounts paid to health care providers by Medicare and/or Medicaid.

13. All subsections and all clauses of this statute, and the phrases, and the words within them, are severable. If any of the provisions within them are found by a court of competent jurisdiction to be unconstitutional or invalid, the remainder of those provisions shall remain valid and the application of such provisions shall not be affected thereby.
