NOTICE: The proposed amendment revises Article VIII of the Constitution by adopting five new Sections to be known as Article VIII, Sections 8, 9, 10, 12, and 13.

Be it resolved by the people of the state of Missouri that the Constitution be amended:

Section A. Article VIII of the Constitution is revised by adopting five new Sections to be known as Article VIII, Sections 8, 9, 10, 12, and 13 to read as follows:

Section 8. Ballot titles for ballot measures, whether proposed by the General Assembly, or through citizen initiative or referendum, shall be unbiased, fair, and sufficient and to the extent possible shall only include language found in the proposed measure.

Section 9. 1. Prior to the certification of the election results, each election authority shall, at a minimum, undertake a manual audit of randomly selected precincts which shall equal the greater of: 5% of all election precincts within the election authority's jurisdiction, one precinct, or any number required by law. No such audit shall be performed, conducted, or overseen by any non-governmental entity. All ballots cast at such election by qualified registered voters in such precincts shall be subject to the manual audit. The manual audit shall be open to the public, be completed within fourteen (14) days of the conclusion of the election, and results from the manual audit shall be publicly available within two (2) days after its completion. If, based on the manual audit, the election authority finds evidence of errors in the original tabulation that would change the result of any election or exceed a threshold established by law, the manual audit shall be converted to a full and binding manual recount of all ballots in that election. At least once every four years, each election authority shall file a written report, including documentation, with the secretary of state demonstrating that the election authority conducted at a minimum the manual audit required in this section. Such report shall be a public record.

Section 10. 1. All established political parties in the state shall have a right to have their designated nominees appear on the general election ballot. For purposes of this Section, "established political party" shall mean a political party which, at either of the last two general elections, polled for one of its candidates for any statewide office more than two percent of the entire vote cast for the office.

- 2. Any group of persons desiring to form a new political party throughout the state, which shall include being formed for all districts and counties in which the party may have nominations, shall file a petition with the secretary of state which shall be signed by at least ten thousand registered voters of the state obtained at large.
- 3. All established political parties in the state will retain their established political party status unless such party at any two consecutive general elections fails to poll for a candidate for any statewide office more than two percent of the entire vote cast for the office.
- 4. Any person desiring to be an independent candidate for any state or federal office to be filled by voters, shall file a petition with the secretary of state. Any person desiring to be an independent candidate for any county office shall file a petition with the election authority of the county. If an independent candidate is to be nominated for a statewide office, the petition shall be signed by at least ten thousand registered voters of the state. If the independent candidate is to be nominated for a district or county office, the petition shall be signed by the number of registered voters in the district or county which is equal to at least two percent of the total number of voters who voted at the last general election for candidates for the office being sought or is equal to ten thousand voters, whichever is less.

Section 12. In any party primary election, each registered voter shall be entitled to receive the ballot of one and only one political party. Each registered voter who participates in a party primary shall be entitled to vote on all questions and for any nonpartisan candidates submitted by political subdivisions and special districts at the primary election. Each registered voter who does not wish to participate in a party primary may vote on all questions and for any nonpartisan candidates submitted by a political subdivision or special district at the primary election. For purposes of this Section "nonpartisan candidate" shall mean a candidate who is not a candidate of any political party and who is running for an office for which party candidates may not run.

Section 13. If any portion, clause, or phrase of this Amendment is, for any reason, held to be invalid or unconstitutional in a final judgment of a court of competent jurisdiction, the remaining portions, clauses, and phrases shall not be affected, but shall remain in full force and effect.
