Initiative Petition Overview

The initiative petition process gives Missouri citizens the opportunity to directly participate in our democracy. The secretary of state's office is charged with overseeing this process and certifying proposed petitions for the ballot.

Petitioners will first submit proposed petitions to the secretary of state's office. The office approves the proposed petition's form and prepares ballot summary language. The state auditor also prepares a fiscal note and fiscal note summary for the proposed petition. The secretary of state's office then certifies the official ballot title for the petition, which consists of the ballot summary language and fiscal note summary. After the official ballot title is certified, petitioners can circulate their proposed petitions and collect signatures. Next, petitioners submit these signatures to the secretary of state's office. The office distributes copies of the petition pages to local election authorities to verify that the signatures are those of registered Missouri voters in the correct Congressional district. Finally, the secretary of state's office receives the verified signatures and determines whether the petition contains a sufficient number of valid signatures. If so, the secretary of state's office issues a certificate of sufficiency, stating that the petition shall be placed on the ballot for the general election. The details of the process are outlined below.

Submitting a Proposed Petition

Step 1: A petitioner submits a proposed petition, in the form in which it will be circulated, and a petition submission cover sheet to the secretary of state's office, which issues a receipt to the petitioner. If a person or committee, other than the petitioner, is funding a portion of the drafting or submission of the sample sheet, the petitioner must also attach to the proposed petition a copy of the filed statement of committee organization required under Section 130.021.5, RSMo, showing the date the statement was filed.

Step 2: The secretary of state's office sends a copy of the proposed petition to the attorney general's office and the auditor's office.

Step 3: The proposed petition is posted on the secretary of state's office website for a public comment period.

Step 4: The attorney general’s office reviews the form and forwards its comments to the secretary of state’s office within 10 days after receiving the proposed petition. The auditor’s office prepares a fiscal note and fiscal note summary and forwards it to the attorney general’s office within 20 days after receiving the proposed petition.

Step 5: The secretary of state’s office approves or rejects the form of the proposed petition within 15 days after receiving the proposed petition from the petitioner. The petitioner is informed of the approval or rejection.

Step 6: The secretary of state’s office prepares a proposed ballot summary statement and forwards it to the attorney general’s office for review within 23 days after the approval of the proposed petition’s form.

Step 7: The attorney general’s office forwards its review to the secretary of state’s office within 10 days after receiving the proposed ballot summary statement. The attorney general’s office also forwards its approval or rejection of the fiscal note and fiscal note summary to the auditor’s office within 10 days after receiving the proposed fiscal note and fiscal note summary. The auditor’s office then forwards the fiscal note and fiscal note summary to the secretary of state’s office.

Step 8: Within 3 days after receiving the ballot summary statement, approved fiscal note summary and fiscal note, the secretary of state’s office certifies the official ballot title, which consists of the ballot summary statement and fiscal note summary. The official ballot title is then posted on the secretary of state’s website.

Circulating the Petition

Any registered Missouri voter can sign an initiative petition. Petition circulators, who must be at least eighteen years of age and registered with the secretary of state’s office, collect signatures on petition pages that contain the official ballot title and the full and correct text of the proposed measure. Each petition page may only contain signatures of voters from one county. Signatures of voters from counties other than the one designated by the circulator in the upper right-hand corner of the petition page will not be counted.

Note: Individuals that sign any name other than their own to any petition; knowingly sign their name more than once for the same measure for the same election; sign knowing that they are not a Missouri registered voter; or knowingly accept or offer money or anything of value to another person in exchange for a signature on a petition may be charged with a class A misdemeanor.

Submitting and Checking Signatures

All petitioners must deliver signed petitions to the secretary of state's office no less than six months before the election. For the 2020 election cycle, the submission deadline for signatures is 5:00 PM on May 3rd. Petitioners also submit paperwork showing the number of pages per county, and contact information for each petition. All pages of the petition must be submitted at one time, placed in order and numbered sequentially by county, unless an alternate numbering scheme is approved in writing by the secretary of state's office prior to submission. After verifying the count of signature pages, the secretary of state's office will issue a receipt to the petitioner.

Proposed constitutional amendments and statutory measures will be numbered or lettered in the order in which they were passed by the general assembly or submitted by initiative petition.

The secretary of state's office will inventory every petition page by county, documenting any missing or duplicate pages.

Petition pages are then copied and distributed to local election authorities for signature verification. If only one petition is submitted to the secretary of state's office, the local election authority must receive the copies no later than two weeks after the petition is submitted. If three petitions are submitted, the local election authority must receive the copies no later than three weeks after the petition is submitted. If more than three petitions are submitted, the local election authority must receive the copies no later than four weeks after the petition is submitted. The secretary of state's office chooses whether to verify every signature or use random sampling and instructions for verifying the signatures are sent to local election authorities. If every signature is verified, verification must be certified and delivered to the secretary of state's office by 5:00 PM on the last Tuesday in July prior to the election. For the 2020 election cycle, the deadline is 5:00 PM on July 28th.

Issuing the Certificate of Sufficiency

Upon receiving verified signatures from each local election authority, the secretary of state's office determines the sufficiency of each petition by tallying the valid signatures. For the 2020 election cycle, the number of valid signatures needed is outlined on page 5 (Table A). If the office finds that a sufficient number of valid signatures have been submitted on a petition, the secretary of state issues a certificate stating that the petition contains a sufficient number of valid signatures to comply with the Constitution of Missouri and state law and shall be placed on the ballot. However, if the office finds the petition insufficient, the secretary of state issues a certificate stating the reasons for the insufficiency. The certificate must be issued before 5:00 PM on the 13th Tuesday prior to the general election or, if the signatures were verified by random sample, two weeks after the date the local election authority certifies the results of the verification, whichever is later.

Number of Required Signatures

Petitions proposing statutory changes must be signed by five percent of legal voters in any six of the eight congressional districts. Petitions proposing constitutional changes must be signed by eight percent of legal voters in any six of the eight congressional districts. These numbers are shown in Table A, below.

Table A (Required Signatures Per District)

Filing Instructions and Procedures

1. Petitioners must submit all petition pages at the same time to the secretary of state’s office by 5:00 PM on May 3, 2020 for the 2020 election cycle.

2. Petitioners must submit an Initiative Petition Receipt form with each petition showing the number of pages, by county, that are being filed with the secretary of state’s office. This form is available from the Elections Division (800-669-8683 or 573-751-2301) and will become the petitioner’s receipt after review by the secretary of state’s office.

3. Petitioners must number petition pages sequentially and by county before submitting the petition to the secretary of state’s office. The page number and county in which the petition signers on that page are registered to vote must be designated in the upper right-hand corner of each page. (i.e., Cole 1, Cole 2, etc.) The county in which the petition signers are registered to vote must also be designated in the paragraph at the top of the page which begins with “We, the undersigned” and in the blank immediately before the circulator’s signature at the bottom of the page. The “Circulator’s Affidavit” at the bottom of the page must also state the county in which the circulator’s signature is notarized.

4. When attaching the full and correct text of the proposed measure to each page of an initiative petition, we recommend the following guidelines:

•If space allows, place the full text of the proposed measure on the back of each petition signature page.

•If the full text of the proposed measure exceeds the space on the back of each page, the additional text may be attached on the front and back of each consecutive page and stapled down the left side of the page and not diagonally in the corner. Remember that all petitions must be circulated and submitted in the form of the sample sheet that was approved by the secretary of state's office.

5. Petitioners should arrange petition pages in file folders limited to 100 pages per folder, which should be labeled with county and page numbers. (i.e., Cole County 1–100, Cole County 101–200, etc.)

6. Petitioners should place the folders in cardboard file boxes clearly labeled with the contents, by county.

7. The secretary of state's office will not count any signatures on petition pages circulated by an individual who has not registered with the secretary of state on or before 5:00 p.m. on the final day for filing petitions. A petition circulator is considered registered at the time a signed circulator's affidavit is delivered to the secretary of state's office. Please ensure that the name and address of each petition circulator is clearly printed on the circulator affidavit on each petition page.

8. Each petition circulator must be at least 18 years old and registered with the secretary of state. No person shall qualify as a circulator who has been convicted of, found guilty of, or pled guilty to an offense involving forgery under the laws of this state or an offense under the laws of any other jurisdiction if that offense would be considered forgery under the laws of this state.

Constitution of Missouri

Article III, Sections 49-53

INITIATIVE AND REFERENDUM

Section 49. Reservation of power to enact and reject laws.—

The people reserve power to propose and enact or reject laws and amendments to the constitution by the initiative, independent of the general assembly, and also reserve power to approve or reject by referendum any act of the general assembly, except as hereinafter provided.

Section 50. Initiative petitions—signatures required—form and procedure.—Initiative petitions proposing amendments to the constitution shall be signed by eight percent of the legal voters in each of two-thirds of the congressional districts in the state, and petitions proposing laws shall be signed by five percent of such voters. Every such petition shall be filed with the secretary of state not less than six months before the election and shall contain an enacting clause and the full text of the measure. Petitions for constitutional amendments shall not contain more than one amended and revised article of this constitution, or one new article which shall not contain more than one subject and matters properly connected therewith, and the enacting clause thereof shall be “Be it resolved by the people of the state of Missouri that the Constitution be amended:”. Petitions for laws shall contain not more than one subject which shall be expressed clearly in the title, and the enacting clause thereof shall be “Be it enacted by the people of the state of Missouri:”.

Section 51. Appropriations by initiative—effective date of initiated laws—conflicting laws concurrently adopted.—The initiative shall not be used for the appropriation of money other than of new revenues created and provided for thereby, or for any other purpose prohibited by this constitution. Except as provided in this constitution, any measure proposed shall take effect when approved by a majority of the votes cast thereon. When conflicting measures are approved at the same election the one receiving the largest affirmative votes shall prevail.

Section 52(a). Referendum—exceptions—procedure.—A referendum may be ordered (except as to laws necessary for the immediate preservation of the public peace, health or safety, and laws making appropriations for the current expenses of the state government, for the maintenance of state institutions and for the support of public schools) either by petitions signed by five percent of the legal voters in each of two-thirds of the congressional districts

in the state, or by the general assembly, as other bills are enacted. Referendum petitions shall be filed with the secretary of state not more than ninety days after the final adjournment of the session of the general assembly which passed the bill on which the referendum is demanded.

Section 52(b). Veto power—elections—effective date.—The veto power of the governor shall not extend to measures referred to the people. All elections on measures referred to the people shall be had at the general state elections, except when the general assembly shall order a special election. Any measure referred to the people shall take effect when approved by a majority of the votes cast thereon, and not otherwise. This section shall not be construed to deprive any member of the general assembly of the right to introduce any measure.

Section 53. Basis for computation of signatures required.—The total vote for governor at the general election last preceding the filing of any initiative or referendum petition shall be used to determine the number of legal voters necessary to sign the petition. In submitting the same to the people the secretary of state and all other officers shall be governed by general laws.

Article XII, Section 2(b)

AMENDING THE CONSTITUTION

Section 2(b). Submission of amendments proposed by general assembly or by the initiative.—All amendments proposed by the general assembly or by the initiative shall be submitted to the electors for their approval or rejection by official ballot title as may be provided by law, on a separate ballot without party designation, at the next general election, or at a special election called by the governor prior thereto, at which he may submit any of the amendments. No such proposed amendment shall contain more than one amended and revised article of this constitution, or one new article which shall not contain more than one subject and matters properly connected therewith. If possible, each proposed amendment shall be published once a week for two consecutive weeks in two newspapers of different political faith in each county, the last publication to be not more than thirty nor less than fifteen days next preceding the election. If there be but one newspaper in any county, publication for four consecutive weeks shall be made. If a majority of the votes cast thereon is in favor of any amendment, the same shall take effect at the end of thirty days after the election. More than one amendment at the same election shall be so submitted as to enable the electors to vote on each amendment separately.

Any person who knowingly causes a petition circulator's signatures to be submitted for counting, and who either knows that such circulator has violated subsection 1 of this section or, after receiving notice of facts indicating that such person may have violated subsection 1 of this section, causes the signatures to be submitted with reckless indifference as to whether such circulator has complied with subsection 1 of this section, shall also be deemed to have committed the crime of petition signature fraud.

3. A person who violates subsection 1 or 2 of this section, shall, upon conviction thereof, be guilty of a class A misdemeanor punishable, notwithstanding the provisions of section 560.021 to the contrary, by a term of imprisonment not to exceed one year in the county jail or a fine not to exceed ten thousand dollars or both.

116.100. Filing of petition, procedure.—The secretary of state shall not accept any referendum petition submitted later than 5:00 p.m. on the final day for filing referendum petitions. The secretary of state shall not accept any initiative petition submitted later than 5:00 p.m. on the final day for filing initiative petitions. All pages shall be submitted at one time. When an initiative or referendum petition is submitted to the secretary of state, the signature pages shall be in order and numbered sequentially by county, except in counties that include multiple congressional districts, the signatures may be ordered and numbered using an alternate numbering scheme approved in writing by the secretary of state prior to submission of the petition. Any petition that is not submitted in accordance with this section, disregarding clerical and merely technical errors, shall be rejected as insufficient. After verifying the count of signature pages, the secretary of state shall issue a receipt indicating the

number of pages presented from each county. When a person submits a petition he or she shall designate to the secretary of state the name and the address of the person to whom any notices shall be sent under sections 116.140 and 116.180.

(L. 1980 S.B. 658, A.L. 1983 S.B. 234, A.L. 1997 S.B. 132, A.L. 1999 H.B. 676) Effective 6-16-99

116.110. Signature may be withdrawn, when, how, effect, penalty.—Any voter who has signed an initiative or referendum petition may withdraw his or her signature from that petition by submitting to the secretary of state, before the petition is filed with the secretary of state, a sworn statement requesting that his or her signature be withdrawn and affirming the name of the petition signed, the name the voter used when signing the petition, the address of the voter and the county of residence. It is a class A misdemeanor punishable, notwithstanding the provisions of section 560.021, RSMo, to the contrary, for a term of imprisonment not to exceed one year in the county jail or a fine not to exceed ten thousand dollars or both, to knowingly file a false withdrawal statement with the secretary of state.

(L. 1980 S.B. 658, A.L. 1999 H.B. 676) Effective 6-16-99

116.115. If such notice is submitted to the secretary of state, the proposed petition shall no longer be circulated by any person, committee, or other entity. The secretary of state shall vacate the certification of the official ballot title within three days of receiving notice of the withdrawal.

(L. 2013 H.B. 117) Effective 11-04-14

116.120. Secretary of state to determine sufficiency of form and compliance—invalid signatures not counted—signatures may be verified by random sampling, procedure and requirements.—1. When an initiative or referendum petition is submitted to the secretary of state, he or she shall examine the petition to determine whether it complies with the Constitution of Missouri and with this chapter. Signatures on petition pages that have been collected by any person who is not properly registered with the secretary of state as a circulator shall not be counted as valid. Signatures on petition pages that do not have the official ballot title affixed to the page shall not be counted as valid. The secretary of state may verify the signatures on the petition by use of random sampling. The random sample of signatures to be verified shall

be drawn in such a manner that every signature properly filed with the secretary of state shall be given an equal opportunity to be included in the sample. The process for establishing the random sample and determining the statistically valid result shall be established by the secretary of state. Such a random sampling shall include an examination of five percent of the signatures.

2. If the random sample verification establishes that the number of valid signatures is less than ninety percent of the number of qualified voters needed to find the petition sufficient in a congressional district, the petition shall be deemed to have failed to qualify in that district. In finding a petition insufficient, the secretary of state does not need to verify all congressional districts on each petition submitted if verification of only one or more districts establishes the petition as insufficient.

3. If the random sample verification establishes that the number of valid signatures total more than one hundred ten percent of the number of qualified voters needed to find the petition sufficient in a congressional district, the petition shall be deemed to qualify in that district.

4. If the random sampling shows the number of valid signatures within a congressional district is within ninety to one hundred ten percent of the number of signatures of qualified voters needed to declare the petition sufficient in that district, the secretary of state shall order the examination and verification of each signature filed.

(L. 1980 S.B. 658, A.L. 1988 S.B. 647, A.L. 1999 H.B. 676) Effective 6-16-99

116.130. Election authorities may be requested to verify signatures either by random sampling or checking signatures, when, how.—

1. The secretary of state may send copies of petition pages to election authorities to verify that the persons whose names are listed as signers to the petition are registered voters. Such verification may either be of each signature or by random sampling as provided in section 116.120, as the secretary shall direct. If copies of the petition pages are sent to an election authority for verification, such copies shall be sent pursuant to the following schedule:

(1) Copies of all pages from not less than one petition shall be received in the office of the election authority not later than two weeks after the petition is filed in the office of secretary of state;

(2) Copies of all pages of a total of three petitions shall be received in the office of the election authority not later than three weeks after the petition is filed in the office of the secretary of state;

(3) If more than three petitions are filed, all copies of petition

pages, including those petitions selected for verification by random sample pursuant to section 116.120, shall be received in the office of the election authority not later than the fourth week after the petition is filed in the office of the secretary of state.

Each election authority shall check the signatures against voter registration records in the election authority's jurisdiction, but the election authority shall count as valid only the signatures of persons registered as voters in the county named in the circulator's affidavit. Signatures shall not be counted as valid if they have been struck through or crossed out.

2. If the election authority is requested to verify the petition by random sampling, such verification shall be completed and certified not later than thirty days from the date that the election authority receives the petition from the secretary of state. If the election authority is to verify each signature, such verification must be completed, certified and delivered to the secretary of state by 5:00 p.m. on the last Tuesday in July prior to the election, or in the event of complete verification of signatures after a failed random sample, full verification shall be completed, certified and delivered to the secretary of state by 5:00 p.m. on the last Tuesday in July or by 5:00 p.m. on the Friday of the fifth week after receipt of the signatures by the local election authority, whichever is later.

3. If the election authority or the secretary of state determines that the congressional district number written after the signature of any voter is not the congressional district of which the voter is a resident, the election authority or the secretary of state shall correct the congressional district number on the petition page. Failure of a voter to give the voter's correct congressional district number shall not by itself be grounds for not counting the voter's signature.

4. The election authority shall return the copies of the petition pages to the secretary of state with annotations regarding any invalid or questionable signatures which the election authority has been asked to check by the secretary of state. The election authority shall verify the number of pages received for that county, and also certify the total number of valid signatures of voters from each congressional district which the election authority has been asked to check by the secretary of state.

5. The secretary of state is authorized to adopt rules to ensure uniform, complete, and accurate checking of petition signatures either by actual count or random sampling. No rule or portion of a rule promulgated pursuant to this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo.

6. After a period of three years from the time of submission of the petitions to the secretary of state, the secretary of state, if the secretary determines that retention of such petitions is no longer necessary, may destroy such petitions.

After the secretary of state makes a determination on the sufficiency of the petition and if the secretary of state finds it sufficient, the secretary of state shall issue a certificate setting forth that the petition contains a sufficient number of valid signatures to comply with the Constitution of Missouri and with this chapter.

2. The secretary of state shall issue a certificate only for a petition approved pursuant to section 116.332. If the secretary of state finds the petition insufficient, the secretary of state shall issue a certificate stating the reason for the insufficiency.

3. The secretary of state shall issue a certificate pursuant to this section not later than 5:00 p.m. on the thirteenth Tuesday prior to the general election or two weeks after the date the election authority certifies the results of a petition verification pursuant to subsection 2 of section 116.130, whichever is later.

2. The substitution of a common nickname for the name on the voting roll, that is, Dick for Richard, Liz or Beth for Elizabeth, Bill for William, Becky for Rebecca, etc.;

3. The presence or absence of terms such as Jr. or Sr. following a name; and

4. The use of only a first and middle initial; provided, that on either the petition or the voting rolls, both initials can be determined from the name(s) given; and

(B) They were registered to vote within the county named at the top of the petition page on the date the petition was signed.

(3) Voter addresses will be accepted if they meet one (1) or a combination of the following categories:

(B) The address is exactly as it appears on the voting rolls except that there is—

1. The presence or absence of a letter or number identifying an apartment; and

2. The presence or absence of a letter or grouping of letters indicating the directional location of a street, for example, “E” for east, “NW” for northwest, “S” for south;

(C) The voter resides in the same residence as indicated on the voting rolls and the local election authority can determine that only the address designation has been changed by municipal or postal authorities;

(D) The address as listed on the petition was the voter’s registered address on the date the petition was signed;

(E) The address listed on the petition is different from the address on the voting rolls but within the county named at the top of the page, provided that the local election authority who maintains the registration record of such person shall compare and determine that the individual’s signatures on the petition and on the voter’s registration record are sufficiently alike to identify the petition signer as the same person who is registered to vote within the jurisdiction. If otherwise valid, the signature of an individual whose address is acceptable under this subsection (3)(E) shall be counted in the totals of the local election authority who has jurisdiction over the address listed on the petition; or

(F) The address listed on the petition is different from the address on the voting rolls but the voter was registered to vote within the county named at the top of the page on the date the petition was signed, provided that the local election authority who maintains the registration record of such person shall compare and determine that the individual’s signatures on the petition and on the voter’s registration record are sufficiently alike to identify the petition signer as the same person who was registered to vote within the jurisdiction on the date the petition was signed. If otherwise valid, the signature of an individual whose address is acceptable under this subsection (3)(F) shall be counted in the totals of the local election authority who has jurisdiction over the address named at the top of the petition page.

(4) A voter’s signature will be accepted as valid if it generally appears to be in a form similar to that found on the voter rolls.

(5) In order for a name to be qualified to appear on the petition, there must be a valid voter name, address and signature. NOTE: Failure of any other information is not a reason to fail to certify a name as being qualified.

(6) A voter's signature shall not be deemed invalid on the basis of source of registration. If otherwise valid, the signature of a person who registered to vote pursuant to the provisions of sections 115.159, 115.160 or 115.162, RSMo shall be accepted as valid without respect to whether such person has previously voted in the jurisdiction or received a voter identification card, provided that each of the following must apply at the time of verification of the petition by the local election authority:

15 CSR 30-15.020 Processing Procedures for Initiative, Referendum, New Party and Independent Candidate Petitions

PURPOSE: The secretary of state may make rules to ensure uniform, complete and accurate checking of initiative and referendum petition signatures. This rule provides for uniform processing of petitions once a determination has been made as to the validity of a name on a petition.

(1) Each local election authority shall check each signature designated by the secretary of state against voter registration

records and annotate each signature, according to their findings in red ink in the left margin, on the copies of petition pages sent to him/her in the following manner:

(A) If the name, address and signature are acceptable pursuant to 15 CSR30-15.010 “R” to denote “Registered”;

(B) Where possible, if the voter’s address on an “R” designated signature is acceptable pursuant to 15 CSR 30-15.010 (3)(F), where the address listed on the petition is different from the address on the voting rolls but the voter was registered to vote within the county named at the top of the petition page on the date the petition was signed, and the local election authority determined that the individual’s signatures on the petition and on the voter’s registration record are sufficiently alike to identify the petition signer as the same person who was registered to vote within the jurisdiction on the date the petition was signed, the local election authority listed on the top of the petition page shall designate the signature as “R”;

(C) Where possible, if the voter’s address on an “R” designated signature is acceptable pursuant to 15 CSR 30-15.010(3)(E), where the address listed on the petition is different from the address on the voting rolls but within the county named at the top of the page, and the local election authority determined that the individual’s signatures on the petition and on the voter’s registration record are sufficiently alike to identify the petition signer as the same person who is registered to vote within the jurisdiction, the local election authority shall add to the “R” designation DA (i.e., “RDA” to denote “Registered, Different Address”);

(D) If the name on the petition does not appear in the election authority’s registration file as an eligible voter in that jurisdiction “NR” to denote “Not Registered”;

(E) If the address on the petition is not an address within the county named at the top of the petition page except as provided in 15 CSR 30-15.010 and subsection (1)(B) of this section “WA” to denote “Wrong Address”;

(F) If the name and address are acceptable pursuant to 15 CSR 30-15.010, but the signature appears different than that on file with the election authority “WS” to denote “Wrong Signature”;

(G) If a name selected in a random sample for a particular congressional district is actually in another district in the county and otherwise properly registered “OD” to denote “Other District”; and

(H) If a person is registered, but the correct congressional district is not indicated on the petition, the incorrect number should be crossed out and the correct number entered in the right margin.

(2) In the event a duplicate signature is found on the petition, the local election authority shall call this to the attention of the secretary of state in a separate memo, noting the page number(s) and the line number(s) of the signatures.

(3) In the event a situation is identified where one (1) person has signed for him/herself and his/her spouse on one (1) line, that is, Mr. and Mrs. John Jones, the signature may be counted which appears to be that of the petition signer provided that all of the requirements of sections (1) and (2) are met. The local election authority shall call these occurrences to the attention of the secretary of state in a separate memo, noting the page number(s) and the line number(s).

(4) Each local election authority shall review all pages and signatures s/he had been asked to check by the secretary of state for apparent irregularities and call these irregularities to the attention of the secretary of state in a separate memo, noting the page number(s) and the line number(s).

(5) Each local election authority shall certify to the secretary of state, on forms provided, or by means of petition processing summary reports generated by the software provided by the secretary of state as part of the Centralized Voter Registration System authorized by section 115.158, RSMo, the total of each category enumerated in section (1) less the number of duplicate, but otherwise qualified, signatures in section (2). First class counties participating in the Centralized Voter Registration System through the electronic interface allowed by the statute may certify their totals on reports from their automated systems if the report format is approved by the secretary of state.

15 CSR 30-15.030 Initiative, Referendum, New Party and Independent Candidate Petitions Missouri Voter Registration System Option

PURPOSE: The purpose of this rule is to clarify that local election authorities have the option to use the centralized Missouri Voter Registration System (MCVR) for initiative, referendum, new party, and independent candidate petition signature verification as allowed under Chapters 115 and 116, RSMo. MCVR is the official statewide voter registration list which was created and implemented as part of the Help America Vote Act of 2002. This system is maintained and administered by the Office of the Secretary of State and contains the name and registration information of every legally registered Missouri voter. It serves as the official voter registration list for the conduct of all elections in Missouri and allows local election authorities immediate real-time electronic access to the information contained in the system. Currently, local election authorities may use this system for petition signature verification as authorized by Chapter 115, RSMo. The secretary of state may make rules to ensure uniform, complete, and accurate checking of initiative and referendum petition signatures.

(1) Each local election authority has the option to comply with the requirements of 15 CSR 30-15.010 and 15 CSR 30-15.020 through the centralized Missouri Voter Registration System (MCVR). Each local election authority shall certify to the secretary of state by means of petition processing summary reports generated by the software provided by the secretary of state as part of the Missouri Voter Registration System authorized by section 115.158, RSMo, the total of each category enumerated in 15 CSR 30-15.020(1) less the number of duplicate, but otherwise qualified, signatures in 15 CSR 30-15.020(2).

AUTHORITY: section 115.335.7, RSMo 2000, and section 116.130.5, RSMo Supp. 2013.* Original rule filed Aug. 14, 2013, effective Feb. 28, 2014. *Original authority: 115.335.7, RSMo 1977, amended 1993, 1995 and 116.130, RSMo 1980, amended 1988, 1995, 1997, 1999, 2003.
