

EXECUTIVE ORDER

80-8

WHEREAS, the establishment and appointment of a Private Industry Council for Balance of State-Missouri as a condition for receipt of certain federal funds is required by Public Law 95-524 and regulations thereunder established by the United States Department of State.

WHEREAS, the Omnibus State Reorganization Act of 1974 has authorized the Governor to create by executive order such councils as may be necessary to receive federal funds and to make such adjustments or modifications in the assignment of agencies, programs or operations as may be necessary to conform with the federal law or regulations to receive federal funds; and

WHEREAS, Article IV, Section 51, of the Missouri Constitution as amended, requires that all members of administrative boards and commissions appointed by the Governor shall be made only by and with the advice and consent of the Senate.

WHEREAS, the duties imposed by Public Law 95-524 on the Private Industry Council involve administrative functions other than functions related solely to the administration of the council and mandates that the members be appointed by the Governor, thus requiring the appointees to be subject to confirmation by the Missouri Senate.

NOW, THEREFORE, I, JOSEPH P. TEASDALE, GOVERNOR OF THE STATE OF MISSOURI, do hereby declare and direct that there is created the "Missouri Private Industry Council", to serve the Balance of State-Missouri, to consist of such number of members as may, from time to time, be deemed necessary by the Governor of the State of Missouri for the proper conduct of the program. However, the Council shall not number less than seven members. Of the total number of voting members, a majority shall, at all times, be representative of business and industry (including small and minority business.) The business and industry representation shall be approximately one half small business and shall, to the extent possible, reflect different types of industries doing business in the state. For the purpose of this Order, small business is defined as any business having 500 employees or less. Additional representation shall be from labor, education, and community based organizations and other organizations or groups having an interest in the programs to be developed.

The members of the Missouri Private Industry Council shall serve at the pleasure of the Governor.

The functions and responsibilities of the Missouri Private Industry Council are as follows:
