This section will contain the final text of the rules proposed by agencies. The order of rulemaking is required to contain a citation to the legal authority upon which the order of rulemaking is based; reference to the date and page or pages where the notice of proposed rulemaking was published in the Missouri Register; an explanation of any change between the text of the rule as contained in the notice of proposed rulemaking and the text of the rule as finally adopted, together with the reason for any such change; and the full text of any section or subsection of the rule as adopted which has been changed from that contained in the notice of proposed rulemaking. The effective date of the rule shall be not less than 30 days after the date of publication of the revision to the Code of State Regulations.

The agency is also required to make a brief summary of the general nature and extent of comments submitted in support of or opposition to the proposed rule and a concise summary of the testimony presented at the hearing, if any, held in connection with the rulemaking, together with a concise summary of the agency’s findings with respect to the merits of any such testimony or comments which are opposed in whole or in part to the proposed rule. The 90-day period during which an agency shall file its order of rulemaking for publication in the Missouri Register begins either: 1) after the hearing on the proposed rulemaking is held; or 2) at the end of the time for submission of comments to the agency. During this period, the agency shall file with the secretary of state the order of rulemaking, either putting the proposed rule into effect, with or without further changes, or withdrawing the proposed rule.

Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT
Division 100—Division of Credit Unions
Chapter 2—State-Chartered Credit Unions

ORDER OF RULEMAKING

By the authority vested in the director of the Division of Credit Unions under section 370.100, RSMo 2000, the director amends a rule as follows:

4 CSR 100-2.220 External Deposits is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the Missouri Register on January 16, 2001 (26 MoReg 174). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty days after publication in the Code of State Regulations.

SUMMARY OF COMMENTS: No comments were received during the specified comment period.

Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT
Division 200—State Board of Nursing
Chapter 4—General Rules

ORDER OF RULEMAKING

By the authority vested in the State Board of Nursing under sections 335.036 and 335.046, RSMo 2000, the board amends a rule as follows:

4 CSR 200-4.010 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the Missouri Register on January 16, 2001 (26 MoReg 175–180). Changes have been made in the text of the proposed amendment due to a ruling from the Joint Committee on Administrative Rules, and the section with changes has been reprinted here. This proposed amendment becomes effective thirty days after publication in the Code of State Regulations.

SUMMARY OF COMMENTS: The Board mailed 77,181 RN renewal notices with a special notice about the fee increase. Of those 77,181, the Board received 113 letters, 42 E-mails and 104 telephone calls in opposition to the proposed amendment. The Board of Nursing received 3 letters, 1 E-mail and 15 phone calls in support of the proposed amendment.

COMMENTS REGARDING NEWSLETTER:
COMMENTS: Four comments were received indicating that the board should stop publishing the newsletter that is sent to each licensed nurse in order to decrease the board’s expenses.

RESPONSE: The Board of Nursing contracted with a publishing company to publish and distribute the newsletter. The Board of Nursing is not charged a fee for publication. The publication company sells advertisements in the board’s newsletter that offsets their publication and distribution costs.

COMMENTS REGARDING NO EARLY NOTICE, SUDDEN INCREASE AND DRAMATIC INCREASE:
COMMENTS: The Board of Nursing received 7 comments that the board should have provided an earlier notice that the fee would increase and 147 comments regarding the sudden and dramatic increase in the renewal fees. There were 4 comments received that the fee should have been gradually raised.

RESPONSE: The board did not know how much the fee would increase until it received projections and final approval from the Department of Economic Development. In the November 2000 to
January 2001 newsletter, the board president published an article, which indicated that the renewal fee would increase, but at that time the board did not know how much the fee would increase. The board obtained cost projections from the Division of Professional Registration and Department of Economic Development for the next six years to use when determining how much the renewal fee would have to increase to cover operating expenses. Once the accurate cost projections were received in late October 2000, the board calculated revenue projections for the next six years in order to determine the renewal fee. The renewal fee was increased January 1, 2001 and renewal notices were mailed January 9, 2001. Although the renewal notices were not scheduled to be mailed until the first week in February, the board voted to mail the notices one month earlier in order to provide advance notice to the nurses of the fee increase. A separate notice was not sent because it would have cost approximately $34,000 for postage in addition to the cost of printing the document for approximately 77,181 licensees.

COMMENTS REGARDING COSTS OF COMPUTERS AND EQUIPMENT:
COMMENTS: The Board of Nursing received 11 comments indicating that the board should not have purchased new equipment and a new licensing system.
RESPONSE: The licensing system used by the Division of Professional Registration was not Y2K-compliant. The cost to purchase a new licensing system and the equipment needed to change to a new system was less than what it would have cost to convert the old system into a Y2K-compliant version.

COMMENTS REGARDING INVESTIGATIVE COSTS:
COMMENTS: The Board of Nursing received 10 comments that all nurses should not have to pay for the cost of investigations.
RESPONSE: In order to protect the public, the board is required to investigate complaints that are received against licensees. Because the board does not have statutory authority to impose fines to recoup costs from investigations, the costs for investigations are paid for out of the nursing fund, which is comprised of the fees collected from licensees.

COMMENTS REGARDING STUDENT LOAN:
COMMENTS: The Board of Nursing received 10 comments that nurses should not have to pay for a scholarship fund to send other future nurses to school.
RESPONSE: Pursuant to Section 315.211, RSMo, the board is mandated to collect $10 from each RN renewal fee and $2 from each LPN renewal fee for the nursing student loan fund, administered by the Missouri Department of Health. The board suggests that individuals contact the Department of Health at 573-751-6219 or 800-891-7415 for more information about the nursing student loan program.

COMMENTS REGARDING NURSING SHORTAGE, WORKING CONDITIONS, AND LOW NURSING SALARIES:
COMMENTS: The Board of Nursing received 16 comments regarding low nursing salaries, 17 comments regarding the current nursing shortage, 16 comments regarding poor working conditions for nurses, 21 comments regarding the current cost of living and 3 comments regarding membership fees.
RESPONSE: Although the board is concerned with the nursing shortage, the board is only authorized to regulate members of the profession through establishing and enforcing licensure and practice requirements. However, one of the ways the board is trying to be proactive is through its membership in the National Council of State Boards of Nursing. The National Council of State Boards of Nursing (NCSBN) and the board understands that the need for public protection through regulation has never been greater, due in large part to the nursing shortage. Failure to maintain standards of practice could lead to an increase in errors, increased risk for patient harm, and a lack of public confidence. During shortages of health care professionals, one potential and predictable policy direction is to deregulate, thereby reducing practice standards. As the primary mission of the NCSBN member boards of nursing is protection of the public’s health and safety, any such trend of deregulation is assumed to increase the risk of harm to patients. Therefore, the nursing regulatory community is actively working to assure an adequate supply of competent licensed nurses through a number of initiatives. Boards of Nursing:
- Participate strategically at state and national initiatives created to address nursing supply and demand issues.
- Influence national, state and local efforts to improve patient safety in health care.
- Continue timely, humane and effective intervention when state nurse practice acts are violated.
- Support regulatory authority over nursing scope of practice.
- Maximally utilize current categories of nursing and unlicensed assistive personnel without lowering standards and in accordance with regulations.
- Track workplace-related complaints and issues brought to the attention of boards of nursing.
- Collect, analyze, and disseminate comprehensive data describing present and future nursing education and practice environments as related to public protection.
- Uphold standards for entry into the profession, including requirements for U.S. licensure for graduates of foreign nursing schools.

COMMENT REGARDING FEES REQUIRED FOR CONTINUING EDUCATION:
COMMENT: The Board of Nursing received 1 comment regarding the cost to obtain continuing education units.
RESPONSE: The Board of Nursing does not require continuing education units as a condition of initial licensure or license renewal.

COMMENTS REGARDING POLITICAL ADVERTISEMENT:
COMMENTS: The Board of Nursing received 3 comments expressing concern that the Board of Nursing used funds to run a political advertisement.
RESPONSE: The Board of Nursing did not run a political advertisement. The advertisement was run by the Missouri Nurses Association. Board of Nursing funds are not used for political purposes.

COMMENTS REGARDING POSSIBILITY OF FEE DECREASING LATER:
COMMENTS: The Board of Nursing received 6 comments requesting that the fees go down when the fund balance is in better shape.
RESPONSE: Section 335.036 2., RSMo, states, “The board shall set the amount of the fees which sections 335.011 to 335.096 authorizes and requires by rules promulgated pursuant to section 536.021, RSMo. The fees shall be set at a level to produce revenue which shall not substantially exceed the cost and expense of administering section 335.011 to 335.096.” The renewal fee was increased to cover operating costs. The board is committed to only charging those fees necessary to ensure it is able to administer sections 335.011 to 335.096, RSMo. In addition, the board is prohibited from maintaining a fund balance in excess of three times its appropriation. If appropriate to decrease fees, the board will follow through to make sure that is done. In fact, the board decreased fees in 1985.
COMMENT REGARDING FEES CHARGED BY OTHER BOARDS:
COMMENT: One comment was received requesting the renewal fees charged by some of the other professions in the Division of Professional Registration.
RESPONSE: Pharmacist—2 year renewal $160; Pharmacist Ds—annual $200; Veterinarian—annual $100; Dentist—annual $100; Podiatrist—2 year renewal $280; Licensed Social Worker—2 year renewal $100; Psychologist Masters—annual $150; and Psychologist PhD—annual $150.

COMMENT REGARDING EDUCATIONAL PROGRAMS:
COMMENT: Five comments were received requesting information on educational programs provided by the Board of Nursing.
RESPONSE: The Board of Nursing regulates nursing programs that lead to an initial nursing license. The board does not regulate continuing education courses.

COMMENT REGARDING PRO-RATING FEES:
COMMENT: Three comments were received requesting that the board provide an option for nurses to renew either on a one-year or two-year basis.
RESPONSE: Pursuant to Section 335.056, RSMo and rule, 4 CSR 200-4.010(1)(J)3., the board can only provide for biennial license renewal.

COMMENT REGARDING RECRUITMENT FROM THE PHILIPPINES:
COMMENT: One comment was received indicating that the Board of Nursing should not allow employers to recruit nurses from the Philippines.
RESPONSE: The Board of Nursing does not have statutory authority to prohibit employers from recruiting nurses from other countries. However, each nurse must meet the same licensure requirements.

COMMENT REGARDING NUMBER OF BOARD MEMBERS:
COMMENT: One comment was received suggesting that the number of members on the Board of Nursing be decreased.
RESPONSE: The number of members on the Board of Nursing is mandated by Section 335.021, RSMo.

COMMENT REGARDING INCREASE IN OTHER FEES:
COMMENT: Two comments were received regarding increasing fees for other services. One suggestion was to charge a fee to allow a person to place a license on inactive status. The other suggestion was to increase the fee to apply for an initial license in Missouri.
RESPONSE: The Missouri State Board of Nursing does not currently have the authority to charge a fee to place a license on inactive status. However, the proposed fee amendment does increase other fees accessed by the board including the cost to apply for a license by exam and endorsement.

COMMENT REGARDING HOW MUCH THE BOARD OF NURSING CHARGES IN RELATION TO OTHER STATE BOARDS OF NURSING:
COMMENT: Three comments were received requesting information on how the Missouri State Board of Nursing’s renewal fee varies from other state boards of nursing.
RESPONSE:
- Arkansas, $40 (2-year renewal)
- Illinois, $40 (2-year renewal)
- Nebraska, $40 plus $2 licensee assistance program (2-year renewal)
- Kansas, $50 (2-year renewal)
- Tennessee, $50 (2-year renewal)
- Oklahoma, $60 (2-year renewal)
- California, $80 (2-year renewal)
- Iowa, $81 (3-year renewal)
- Colorado, $83 (2-year renewal)
- Missouri, $90 plus $10 student loan fee (2-year renewal)
- Kentucky, $95 plus $5 for scholarship and $5 for diversion program (2-year renewal)
- Nevada, $100 (2-year renewal)
- Alaska, $105 (2-year renewal)
- Hawaii, $120 (2-year renewal)

COMMENTS RECEIVED REGARDING BOARD SERVICES:
COMMENT: Three comments were received asking for clarification on what services the Board of Nursing provides.
RESPONSE: The State Board of Nursing assures that standards of practice are met and that persons engaged in the practice of nursing are competent. The board approves individuals for licensure, approves educational programs for nurses, investigates complaints concerning licensees’ compliance with the law, and determines and administers disciplinary actions in the event of proven violations of the Nurse Practice Act.

COMMENT REGARDING PEER ASSISTANCE PROGRAM:
COMMENT: One comment was received that the Board of Nursing should increase services and provide a peer assistance program for nurses.
RESPONSE: The board does not have statutory authority to provide a peer assistance program. The board has pursued legislation for a peer review program in the past but has been unsuccessful.

COMMENTS FROM THE MISSOURI NURSES ASSOCIATION:
COMMENT: One letter commenting on the rule was received from the Missouri Nurses Association (MONA). MONA believes the fee increases are excessive and unnecessary and places the financial burden of past mistakes of the Board, the Division of Professional Registration and the Department of Economic Development upon the shoulders of licensees.
COMMENT: MONA commented on the fact that the Board of Nursing had filed two fee rule increases; one for an increase that was effective November 30, 2000 and another that was effective January 1, 2001.
RESPONSE: The board did, in fact, file a fee rule that was effective November 30, 2000 that increased the RN renewal fee to $60 and the LPN renewal fee to $52. After filing that rule, it was determined that the estimated transfers from the Division of Professional Registration and the board’s current fund balance were not accurate. The board did not enforce the November 30, 2000 rule and worked with the Division of Professional Registration to obtain more accurate transfer projections. As a result, no licensee was assessed the renewal fees that were effective November 30, 2000.

COMMENT: MONA commented that the “Purpose” section of the proposed rule states: “The fee to renew a RN or LPN license has not been increased since 1993.” This is not correct, as those fees were increased one month earlier on November 30, 2000. While a seven year period with no increase may justify a fee adjustment, thirty days does not.
RESPONSE: As indicated in the preceding response, the board did not enforce the November 30, 2000 rule due to the fact that the projections for which the fee rule increase was based on was not accurate. Therefore, no licensee was charged the $60 renewal fee ($10 for the student loan fund). The difference in the initial projections, which were inaccurate and the updated corrected projections are as follows.

<table>
<thead>
<tr>
<th>Year</th>
<th>Expenditure Projections Underlying the November Fee Increase</th>
<th>Corrected Expenditure Projections</th>
</tr>
</thead>
<tbody>
<tr>
<td>FY 2001</td>
<td>$1,526,791</td>

</tr>
<tr>
<td>FY 2002</td>
<td>$1,798,139</td>
<td>$3,078,861.18</td>
</tr>
<tr>
<td>FY 2003</td>
<td>$2,070,127</td>
<td>$3,071,861.18</td>
</tr>
</tbody>
</table>
COMMENT: MONA commented that the “Purpose” statement for the rate increase effective November 30, 2000 said that the rate increase in that rule was to “maintain a safe fund balance.” If the November 30, 2000 rate increase maintained a safe fund balance, what is the need for a second and even larger increase one month later? According to projections, this fee increase should result in a fund balance at the end of the fiscal year of $3,549,776. Such a large fund balance is not necessary and is not appropriate.

RESPONSE: As indicated in the previous response, the projections for the November 30, 2000 fee rule increase were not correct because the estimated expenses were not correct. For that rule, total expenditures for FY 2001 were projected at $1,526,791. The following shows the ending fund balance if only the November fee increase was implemented.

<table>

COMMENT: MONA commented that both the January 1, 2001 emergency rule and the proposed rule refer to the “dramatic shortfall of $1.9 million in the nursing fund.” The emergency statement goes on to acknowledge that “without the immediate fee increase” the board could still meet its financial obligations in SFY 2001. On September 6, 2000 the board’s executive director sought an additional $1.9 million in funding for the remainder of this fiscal year and represented that the board would receive $3,421,900 in RN renewal fees “this year” from which it could repay the loan. Thus, the “dramatic shortfall of $1.9 million” is not the cause for this second fee increase in less than a month. According to the emergency statement the real problem is a projected shortfall in SFY 2002. Based on the fact that the board itself has questioned the charges it pays to the division and the department and has requested a state audit . . . it should wait until the audit is released to see if there are other ways to address the 2002 shortfall without placing the entire burden on licensees.

RESPONSE: Although the board did not file an emergency amendment to increase the renewal fees, the board would have to continue to borrow money and repay the loan with interest, which would continue to increase costs. The charge below shows the total projected expenditures by fiscal year, the ending fund balance with only the emergency rule in place, and the ending fund balance with no fee increase other than the November 30, 2000 rule that was never enforced. The majority of fees are received toward the end of the fiscal year. A fiscal year for the state is July 1 to June 30. During a RN renewal year, fees are received February through April. During a LPN renewal year, fees are received March through May. In order to operate without a budget deficit, the Board of Nursing needs to have at least the amount projected for the total expenditures for the entire fiscal year, at the beginning of the fiscal year.

</table>

COMMENT: MONA commented that budget projections prepared by the board show that no increase now but a $30 increase in 2002 (total $80 fee for RN renewals), the board would have positive fund balances through 2005 except for a $270,007 shortfall in 2002, which is quickly resolved in 2003. Even the 2002 shortfall is doubtful because it is based on a current fee of $50 for RN renewals when the current rate, because of the November 30, 2000 increase, is actually $60. This $10 difference adds $680,000 to the budget in 2001 and would wipe out the projected 2002 deficit.

RESPONSE: The November 30, 2000 fee rule increase represented a RN renewal fee of $60. The Board of Nursing only receives $50 of this fee. $10 of each RN renewal fee and $2 of each LPN renewal fee is received by the Missouri Department of Health. The additional $10 RN fee and $2 LPN fee is collected by Section 315.221, RSMo. RNs renew every two-years in odd-numbered years and LPNs renew every two-years in even-numbered years. Since there are more RNs than LPNs, the Board receives more revenue in odd-numbered years than in even-numbered years. The RN renewal cycle is February to April. The LPN renewal cycle is March to May. When determining revenue and expenses, the board has to plan to have enough reserve in the fund to pay expenses until the revenue from renewal fees is received.

COMMENT: MONA stated it is not assigning blame or responsibility for the “budget shortfall” on any of the three identified parties. However, correspondence exchanged between them and the State Auditor clearly shows that somebody failed to control
expenses and, rather than do so, the decision has been made to raise revenue from licensees. Between SYF 1998 and SFY 2001, expenses have risen almost 50%. The board, division and department should address this dramatic increase in expenses before they increase fees, especially where, as here, the amount being raised is well in excess of current need and will likely result in additional spending.

RESPONSE: The Board of Nursing and Division of Professional Registration are working on a number of projects to control spending. The board requested a formal audit from the state auditor’s office. The audit is currently being conducted. The audit has not been completed, therefore, no findings have been shared with the board. Once complete, the board is optimistic that the audit findings will assist them in better planning for the future. The Board of Nursing and Division of Professional Registration are currently re-evaluating how division and department administrative costs are allocated to boards under the Division of Professional Registration.

POSITIVE COMMENTS REGARDING BOARD SERVICES: COMMENT: Four letters and 15 telephone calls were received in support of the proposed amendment. One nurse thanked the board for making the renewal process so easy and for not mandating that nurses obtain continuing education units. The nurse indicated that the increase in the renewal fee is of no significance compared to the practicalness of the license renewal process and is also cheaper than the $400 a year the nurse had to pay in the past to keep up continuing education. Another nurse commented that the Missouri State Board of Nursing far exceeds other boards in availability and assistance. One nurse commented that she was only happy to send the renewal fee and suggested that we add a checkbox on the renewal form where nurses could pay more money, if they so desired. A nursing service agency, representing 325 nurses commented that they find the $50 a year fee very miniscule and that it is well in excess of current need and will likely result in additional spending.

RESPONSE: The Board of Nursing does strive to provide excellent customer service. We appreciate the positive comments received.

JOINT COMMITTEE ON ADMINISTRATIVE RULES: COMMENT: The Joint committee on Administrative Rules held a hearing to discuss the board’s budget shortfall. The Committee ruled to allow the rule to continue if the board would agree to lower the RN Renewal Fee to $80 ($70 for the RN renewal fee and $10 for the nursing student loan fund) and the LPN Renewal Fee to $72 ($70 for the LPN renewal fee and $2 for the nursing student loan fund) beginning Fiscal Year 2003.

RESPONSE AND EXPLANATION OF CHANGE: The board agreed that based on the current projections the amended amounts would be acceptable to allow them to maintain an adequate fund balance. The projections can change if costs increase (i.e. investigations) and/or the number of licensees decrease at a rate higher than that projected. The board will continually monitor expenditures and revenues to ensure that the fees are set at a level sufficient to cover the cost of operation. Based on the amended renewal amount a revised fiscal note is also being filed.

4 CSR 200-4.010 Fees

(1) The following fees are established by the State Board of Nursing:
   (A) Examination Fee—Registered Professional Nurse (RN) $ 45.00
   1. Reexamination Fee—RN $ 40.00
   (B) Examination Fee Licensed Practical Nurse (LPN) $ 41.00

   1. Reexamination Fee—LPN $ 40.00
   (C) Endorsement Fee—RN $ 55.00
   (D) Endorsement Fee—LPN $ 51.00
   (E) Lapsed License Fee (in addition to renewal fee for each year of lapse) $ 50.00
   (F) School Annual Registration Fee $100.00
   (G) Verification Fee $ 30.00
   (H) License Renewal Duplicate Fee $ 15.00
   (I) Computer Print-Out of Licensees—not more than $ 25.00
   (J) Biennial Renewal Fee—
      1. RN—Prior to January 1, 2003 $100.00
         Effective January 1, 2003 $ 80.00
      2. LPN—Prior to January 1, 2003 $ 92.00
         Effective January 1, 2003 $ 72.00
   (K) Review and Challenge Fees—
      1. Eligibility $150.00
      2. RN $100.00
      (L) Uncollectible Fee (Charged for any uncollectible check or other uncollectible financial instrument submitted to the Missouri State Board of Nursing.) $ 25.00
   (M) Fee for Late Education Agenda Items $ 30.00
   (N) Application Fee for Proposals to Establish New Programs of Nursing $500.00
   (O) Application Fee for Advanced Practice Nurse Eligibility $150.00

III. **WORKSHEET**

See Tables Above

IV. ASSUMPTIONS

The number of applicants utilized in this fiscal note is based on figures from fiscal year 1998-1999 and fiscal year 1999-2000 with the following decrease in numbers:

- RN licenses decreased by 9%
- RN Exam applicants decreased by 5%
- LPN Exam applicants decreased by 18%
- RN Endorsement applicants decreased by 19%
- LPN Endorsement applicants decreased by 21%

The board is not projecting any growth in licensees or applicants due to the current nursing shortage. However, if the number of applicants/licensees increases, the estimated private entity cost will increase by the number of applicants/licensees.

$5.00 of the RN examination and RN endorsement fees; $1 of the LPN examination and LPN endorsement fees; $10.00 of the RN renewal fee and $2.00 of the LPN renewal fee is for the Nursing Student Loan Program administered through the Department of Health.

The proposed increases were determined by conducting a comprehensive analysis of the cost to the Board of Nursing for each service. The Missouri State Board of Nursing operates on fees collected by licensees and applicants.

The following represents the last time the board increased the various fees.

- 1981 Lapsed license fee increase from $25 to $50
- 1984 RN and LPN fee increase for a license in Missouri from another state
- 1984 RN and LPN examination fee increase
- 1991 Renewal fee increase
- 1991 Collect the amount charged for the nursing student loan fund ($5 per year for RNs and $1 per year for LPNs)

It is anticipated that this total increase will recur for the life, may vary with inflation and is expected to increase at the rate projected by the Legislative Oversight Committee.
Orders of Rulemaking

May 1, 2001
Vol. 26, No. 9

Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT
Division 220—State Board of Pharmacy
Chapter 2—General Rules

ORDER OF RULEMAKING

By the authority vested in the State Board of Pharmacy under sections 338.095, 338.100, 338.140, 338.240 and 338.280, RSMo 2000, the board amends a rule as follows:

4 CSR 220-2.018 Prescription Requirements is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the Missouri Register on December 1, 2000 (25 MoReg 2789). No changes have been made to the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty days after publication in the Code of State Regulations.

SUMMARY OF COMMENTS: No comments were received.

Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT
Division 220—State Board of Pharmacy
Chapter 2—General Rules

ORDER OF RULEMAKING

By the authority vested in the State Board of Pharmacy under sections 338.020, 338.030, 338.035, 33.040, 338.070, 338.140 and 338.280, RSMo 2000, the board amends a rule as follows:

4 CSR 220-2.030 Educational and Licensing Requirements is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the Missouri Register on December 1, 2000 (25 MoReg 2789–2790). No changes have been made to the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty days after publication in the Code of State Regulations.

SUMMARY OF COMMENTS: No comments were received.

Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT
Division 220—State Board of Pharmacy
Chapter 2—General Rules

ORDER OF RULEMAKING

By the authority vested in the State Board of Pharmacy under sections 338.100, 338.140 and 338.280, RSMo 2000, the board amends a rule as follows:

4 CSR 220-2.080 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the Missouri Register on December 1, 2000 (25 MoReg 2790–2791). The sections with changes are reprinted here. This proposed amendment becomes effective thirty days after publication in the Code of State Regulations.

SUMMARY OF COMMENTS: One comment was received.
COMMENT: The Missouri Pharmacy Association commented that the additional responsibility of the pharmacist-in-charge as proposed may be complicated because of the requirements of health care providers under Health Insurance Portability and Accountability Act of 1996 (HIPAA) dealing with the electronic transmission of health care data. It would appear that a violation of the electronic transmission and security provisions of HIPAA would put the pharmacist-in-charge also in violation of the licensing law. They suggested that the language be reworded.

RESPONSE AND EXPLANATION OF CHANGE: The board concurred and approved a change in subsection (2)(EE):

4 CSR 220-2.090 Pharmacist-in-Charge

(2) The responsibilities of a pharmacist-in-charge, at a minimum, will include:

(EE) Maintain compliance of automated dispensing and storage systems with applicable board rules and regulations.

SUMMARY OF COMMENTS: No comments were received.

COMMENT: United Healthcare suggested that this rule would prohibit electronic claims submission and payment by a third party processor. By requiring the pharmacist to acquire the express written consent of the patient allowing their claims to be submitted electronically, the efficient process in place now would be at a standstill. They stated this rule could also conceivably prohibit audits and quality reviews by managed care organizations.

RESPONSE: In response to the comment regarding electronic claim processing, it was noted that the previous rule did not address this issue. Normally, when a patient enters into an agreement with their insurance company, they sign a release to allow their prescription information to be shared with the insurance company. Therefore, the board did not make any change to the text of the proposed rule based on these comments. In the response to a perceived prohibition of audit capabilities, it was pointed out that all health care management contracts contain a clause that allows for the audit.

SUMMARY OF COMMENTS: No comments were received.

COMMENT: BlueCross BlueShield of Missouri commented that the proposed rule would prohibit a pharmacy from releasing a patient’s prescription information to be shared with the insurance company, they sign a release to allow their prescription information to be submitted electronically, the efficient process in place now would be at a standstill. They stated this rule could also conceivably prohibit audits and quality reviews.

RESPONSE: In response to the comment regarding electronic claim processing, it was noted that the previous rule did not address this issue. Normally, when a patient enters into an agreement with their insurance company, they sign a release to allow their prescription information to be shared with the insurance company. Therefore, the board did not make any change to the text of the proposed rule based on these comments. In the response to a perceived prohibition of audit capabilities, it was pointed out that all health care management contracts contain a clause that allows for the audit.

SUMMARY OF COMMENTS: No comments were received.
(D) A person authorized by a court order;
(E) Any other person authorized by a patient to receive such information;
(F) The transfer of medical or prescription information between pharmacists as provided by law; or
(G) Government agencies acting within the scope of their statutory authority.

(3) This rule does not change or otherwise alter the authority of the board, its inspectors or other authorized designees to review, inspect, copy or take possession of any such records.

Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT
Division 220—State Board of Pharmacy
Chapter 2—General Rules

ORDER OF RULEMAKING

By the authority vested in the State Board of Pharmacy under sections 338.210 and 338.280, RSMo 2000, the board adopts a rule as follows:

4 CSR 220-2.900 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the Missouri Register on December 1, 2000 (25 MoReg 2792–2794). The sections with changes are reprinted here. This proposed rule becomes effective thirty days after publication in the Code of State Regulations.

SUMMARY OF COMMENTS: Two comments were received.

COMMENT: The Pyxis Corporation supported the rule, but asked that a change be made to Section (1)(E), to allow other licensed personnel to restock the automated dispensing system. They also asked for clarification of the term “licensed automated system pharmacy.” Cox Health Systems’ comments also addressed section (1)(E), questioning whether or not the pharmacist-in-charge could be certain that the unit was stocked correctly, unless s/he actually stocked the unit.

RESPONSE AND EXPLANATION OF CHANGE: The board disagreed with the suggestion to add language to allow “other licensed personnel” to stock the automated dispensing system. Chapter 338 and regulations previously adopted by the board would require anyone having access to drugs in this matter maintain a license as a pharmacist, intern or be registered as a technician. The board voted to delete the word “licensed” and “pharmacy” in sections (2) and (3).

COMMENT: Cox Health Systems submitted comments expressing concerns about (1)(B) applying to hospital pharmacies. This commenter questioned the language in (2)(D), which mandates that a list of medications stored in the system be maintained.

RESPONSE AND EXPLANATION OF CHANGE: The board believed that the comments noted pertained to this rule’s application to an inpatient hospital pharmacy. It was stressed that this rule will not apply to inpatient hospital pharmacies. However, the board did recognize that the requirement for a list of medications and devices stored in the automated system would be unnecessary. The board made the following changes:

4 CSR 220-2.900 Automated Dispensing and Storage Systems

(1) Automated dispensing and storage systems (hereafter referred to as automated system or system) are hereby defined to include, but are not limited to, mechanical systems that perform operations or activities, relative to the storage, packaging or dispensing of medications, and which collect, control, and maintain all transaction information. Such systems may be used in pharmacies and where a pharmacy permit exists, for maintaining patient care unit medication inventories or for a patient profile dispensing system, provided the utilization of such devices is under the supervision of a pharmacist.

(A) Documentation shall be maintained by the owner/operator of an automated system for the type of equipment, locations where all systems are located, identification of all persons accessing the automated system, the identity of persons stocking or restocking the system and the pharmacist responsible for checking the accuracy of medications stocked.

(B) Automated systems shall be used only in settings that ensure medication orders are reviewed by a pharmacist in accordance with established policies and procedures and laws governing the practice of pharmacy.

(C) Automated systems shall maintain adequate security systems and procedures to prevent unauthorized access or use and shall at all times maintain compliance with all state and federal drug laws including all controlled substance requirements and patient confidentiality laws.

(D) Restocking of automated systems shall be done by registered technicians under the supervision of a pharmacist or by a pharmacist.

(E) All events involving access to the contents of the automated system must be recorded electronically.

(F) No medication or device shall be returned directly to the system for reissue or reuse by a person not licensed or registered by the board of pharmacy.

(G) Quality assurance documentation for the use and performance of the automated systems shall be maintained for a minimum period of two (2) years and shall include at a minimum the following:

1. Breach of security of the automated system;
2. Failure of the system to operate correctly along with the frequency of any failures and the necessary repairs completed;
3. Tests completed to measure the effectiveness and accuracy of the system.

(2) Each automated system shall maintain a manual of policies and procedures that, at a minimum, shall include the following:

(A) System operations that include specific and measurable accountability for safety, security, accuracy, patient confidentiality, access, data retention and retrieval, downtime procedures, emergency or first dose procedures, inspection of systems by pharmacy personnel, installation requirements, maintenance, medication security, quality assurance, inventory control, staff education and training and system set-up and malfunction.

(B) Documentation by the automated system for on-site patient administration of medications that includes specific identification of patients, medications used along with dates and times the system is utilized.

(C) Effective procedures for securing and accounting for wasted medications or discarded medications.

(D) Access to and limits on access (security levels) to the automated system must be defined and must comply with applicable state and federal laws and regulations.

(3) The pharmacist-in-charge is responsible for the overall compliance of the automated system in the same manner as other pharmacy operations as outlined in 4 CSR 220-2.090. In addition, responsibilities will also include:

(A) Establishment of a quality assurance program prior to implementation of an automated system and the supervision of an ongoing quality assurance program that monitors appropriate use and performance of the automated system, which is evidenced by written policies and procedures developed by the pharmacy;
(B) Assign, discontinue or change access to the automated system;
(C) Assure that the automated system is in good working order and accurately provides the correct strength, dosage form and quantity of a drug prescribed while maintaining appropriate record-keeping and security safeguards;
(D) Procedures used for notifying the board on a timely basis and other state and federal agencies, when warranted, of any breach of security which results in the unauthorized removal of drugs.

Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT
Division 220—State Board of Pharmacy
Chapter 5—Drug Distributor
ORDER OF RULEMAKING
By the authority vested in the State Board of Pharmacy under sections 338.330, 338.333, 338.335, 338.337, 338.340 and 338.350, RSMo 2000, the board amends a rule as follows:

4 CSR 220-5.020 Drug Distributor Licensing Requirements is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the Missouri Register on December 1, 2000 (25 MoReg 2795). No changes have been made to the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty days after publication in the Code of State Regulations.

SUMMARY OF COMMENTS: No comments were received.

Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT
Division 220—State Board of Pharmacy
Chapter 5—Drug Distributor
ORDER OF RULEMAKING
By the authority vested in the State Board of Pharmacy under sections 338.343 and 338.350, RSMo 2000, the board amends a rule as follows:

4 CSR 220-5.030 Definitions and Standards for Drug Wholesale and Pharmacy Distributors is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the Missouri Register on December 1, 2000 (25 MoReg 2795–2796). No changes have been made to the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty days after publication in the Code of State Regulations.

SUMMARY OF COMMENTS: No comments were received.

Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 90—State Parks
Chapter 2—State Parks Administration
ORDER OF RULEMAKING
By the authority vested in the director of the Department of Natural Resources under section 253.035, RSMo 2000, the director rescinds a rule as follows:

10 CSR 90-2.010 Definitions is rescinded.

A notice of proposed rulemaking containing the proposed rescission was published in the Missouri Register on December 1, 2000 (25 MoReg 2806). No changes have been made in the proposed rescission, so it is not reprinted here. This proposed rescission becomes effective thirty days after publication in the Code of State Regulations.

SUMMARY OF COMMENTS: No comments were received.

Division 90—State Parks
Chapter 2—State Parks Administration
ORDER OF RULEMAKING
By the authority vested in the director of the Department of Natural Resources under section 253.035, RSMo 2000, the director adopts a rule as follows:

10 CSR 90-2.010 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the Missouri Register on December 1, 2000 (25 MoReg 2806–2809). The sections of the proposed rule with changes are reprinted here. This proposed rule becomes effective thirty days after publication in the Code of State Regulations.

SUMMARY OF COMMENTS: The department received one E-mail comment on this proposed rule.

COMMENT: One commenter recommended the department clarify section (1), subsection (K) defining Persons with a disability in relationship to eligibility for a discount. The rule implies that all people receiving a discount are disabled. The same commenter offered a grammatical change to subsection (A)(1). In the first sentence under “Animals.”

RESPONSE AND EXPLANATION OF CHANGE: The department agrees, has amended section (1)(K) to omit reference to discounts, and also edited section (1)(A)(1).

10 CSR 90-2.010 Definitions
(1) General Definitions.
(A) Animals.
1. Dangerous animal means an animal, domestic or wild, not under restraint, even temporarily, that has, without provocation, approached in a threatening, menacing, or terrorizing manner any person or domestic animal.

2. Quarantine means to keep an animal in a pen, building, or other secure enclosure from which the animal cannot escape and that keeps the animal from coming into contact with humans or other animals outside the area of confinement.

3. Vicious animal means an animal, domestic or wild, which has without provocation bitten, inflicted injury, assaulted, or otherwise attacked or endangered the safety of a human being or domestic animal.

(K) Persons with a disability. Those people, as defined in the Americans with Disabilities Act.

SUMMARY OF COMMENTS: No comments were received.

Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 90—State Parks
Chapter 2—State Parks Administration

ORDER OF RULEMAKING

By the authority vested in the director of the Department of Natural Resources under section 253.035, RSMo 2000, the director adopts a rule as follows:

10 CSR 90-2.030 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the Missouri Register on December 1, 2000 (25 MoReg 2815–2819). The sections of the proposed rule with changes are reprinted here. This proposed rule becomes effective thirty days after publication in the Code of State Regulations.

SUMMARY OF COMMENTS: The department received five E-mail comments on this proposed rule.

COMMENT: Three agency staff and one private citizen submitted comments regarding Section (5) Campsite Availability and its application to Section (9) Holding or Reserving a Campsite. All propose requiring substantial personal property in addition to a valid camping permit or official marker in lieu of giving choices of substantial personal property and/or a valid camping permit to holding a campsite. Two agency staff requested that Section (24), subsection (C) regarding concession one-night reservations . . . be deleted. One agency staff requested adding a statement that the department establishes special fishing regulations.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees and has amended Section (5) to reflect the comments received. The department agrees with adding a clause under Section (22) Fishing to establish special fishing regulations. The department also concurs with eliminating subsection (24)(C) to give concessionaires greater customer service flexibility.

10 CSR 90-2.030 Camping and Recreational Activities

(5) Campsite Availability. Campsites are available on a “first-come, first-served” basis except those which have been reserved under the formal reservation system or as provided for under other regulations. A campsite is considered unavailable and occupied when it has posted a valid camping permit and contains substantial personal property (i.e., dining fly, trailer, tent, licensed vehicle), or a valid camping permit and an official marker/sign as provided specifically by the state park or historic site. The valid camping permit shall take priority as evidence and first right of occupancy for the standard camping day in the event the campsite is inadvertently occupied by anyone other than the original holder of the camping permit.

(22) Fishing. Fishing shall be permitted in waters of state parks and historic sites under applicable provisions of the Missouri wildlife code.
(A) All state fishing laws and boating laws shall be obeyed; commercial fishing or the buying or selling of fish caught in park waters is forbidden.

(B) Fishing may be prohibited in certain areas as designated by the director and upon the proper posting of these areas.

(C) In addition to applicable provisions of the Missouri wildlife code, the director may establish special fishing regulations for waters owned or under the jurisdiction of the Department of Natural Resources.

(24) State Park and Historic Site Concessions.

(C) Cabins, motels, and other lodgings shall not be guaranteed for occupancy before 3:00 p.m. and check-out time is 11:00 a.m.

(D) Dining Lodges. The normal operating season for state park dining lodges is established by the director when the division operates as the concessionaire or by contract between the department and a facility’s concessionaire.

(E) Marinas. The normal operating days and seasons for state park marinas are established by the director when the division operates as the concessionaire or by contract between the department and a facility’s concessionaire.

(F) Swimming Pools and Beaches. The normal operating days and seasons for state park swimming pools and beaches are established by the director when the division operates as the concessionaire or by contract between the department and a facility’s concessionaire. Swimming pools and beaches may be closed due to hazardous conditions or in the event of inclement weather.

(G) Other concessions shall be open as approved by the director.

(H) Concessionaires shall provide the director with an annual pricing review, comparing concession prices with those of direct competitors for equivalent goods and services, i.e., for lodging, watercraft slips and rentals, etc.

A notice of proposed rulemaking containing the proposed rescission was published in the Missouri Register on December 1, 2000 (25 MoReg 2820–2821). No changes have been made in the proposed rescission, so it is not reprinted here. This proposed rescission becomes effective thirty days after publication in the Code of State Regulations.

SUMMARY OF COMMENTS: No comments were received.

ORDER OF RULEMAKING

By the authority vested in the director of the Department of Natural Resources under section 253.035, RSMo 2000, the director rescinds a rule as follows:

10 CSR 90-2.060 Outdoor Education Center is rescinded.

A notice of proposed rulemaking containing the proposed rescission was published in the Missouri Register on December 1, 2000 (25 MoReg 2822). No changes have been made in the proposed rescission, so it is not reprinted here. This proposed rescission becomes effective thirty days after publication in the Code of State Regulations.

SUMMARY OF COMMENTS: No comments were received.

Title 10—DEPARTMENT OF NATURAL RESOURCES Division 90—State Parks

Chapter 2—State Parks Administration

ORDER OF RULEMAKING

By the authority vested in the director of the Department of Natural Resources under section 253.035, RSMo 2000, the director adopts a rule as follows:

10 CSR 90-2.060 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the Missouri Register on December 1,
2000 (25 MoReg 2822–2824). The sections of the proposed rule with changes are reprinted here. This proposed rule becomes effective thirty days after publication in the Code of State Regulations.

SUMMARY OF COMMENTS: The department received three letters and one internal E-mail commenting on this proposed rule.

COMMENT: Mr. Allen Brockman, Chairman, Camp Rainbow Foundation commented that the delay in schedule confirmations was too long and adversely impacts their planning efforts; also they felt that all-volunteer non-profit organizations should have priority over profit organizations. Ms. Barb Sacco, Director of Recreational Therapy commented that the center be reserved for non-profit groups only; set a maximum number of weeks per year a group can schedule the facility; and was concerned about the multiple deadlines for scheduling. Mrs. Lori Martin, Director of Cub Creek, Camp Black Hawk, and Camp Carp Diem provided numerous comments on the entire code including: moving and reorganizing some of the code; concerns about the vague nature of the application procedures; not giving preference for one person with a disability over another for setting rental priorities; the setting of deposit fees; concern about the camp administrator approving applicant programs. An agency staff member requested adding a provision authorizing the division director to exclude specific dates from the application process for the purpose of training division employees and promotion of special events.

RESPONSE AND EXPLANATION OF CHANGE: While the department recognizes the merits of Ms. Sacco’s suggestion, we acknowledge that for-profit groups are also citizens of the state. Given the primary purpose of the Organized Group Center, the agency will continue using a rental priority system that gives priority to non-profit groups and to children while allowing the use of the center by for-profit groups. The agency agrees with Ms. Sacco’s suggestion to place limits upon the number of weeks any single group may utilize the facility as amended in Section (1)(A)3. The agency agrees that all citizens should have an equal opportunity to compete for available dates, and also maximize the use of the camp. Ms. Sacco and Mr. Brockman questioned the timing of our initial application process. The agency agrees that many groups need more notice than previously allowed. The agency agreed to simplify the process while retaining a greater notification time. The agency has amended Section (1)(A)1. of the regulation in finalizing scheduled notifications.

The agency resolved various comments on the application procedure by simplifying the application process. All groups may apply during the initial application period and we will use the rental priority process and postmark to determine the standing of their application. The agency disagrees with Mrs. Martin’s approach to the rental priority list. The agency believes that it is appropriate to establish a priority list that favors disabled populations over the general population; children over adults, and non-profit over profit groups and has indicated this list in Section (1)(D). This priority list allows us to ensure that we are serving target groups for which the camp was designed. The agency does not believe that the process should favor larger groups over smaller groups or those with a higher percentage of disability. Application to this camp must be open to all citizens including those with smaller numbers. While we agree with Mrs. Martin’s concern that establishing a deposit based on a percentage does have some application, the agency believes this method would be overly complicated. The agency would prefer using a flat rate subject to discretion. The length of stay for our groups varies greatly (weeks, days, or hours). Establishing a flat rate that applies to all groups requires some discretion. We have changed Section (5)(A) in an attempt to clarify Mrs. Martin’s concerns over the closure of the camp with or without return of deposit, and program approval. The agency believes that it is important to continue review of the group’s program. This will allow for the opportunity in advance to review proposed activities and determine their appropriateness to center use (some activities are not permitted in all state park areas including firearm use, animals, mountain biking, and ORV/ATV use). The agency would like the ability to work with users in advance to develop alternative programs in the event there are concerns over the program content. The agency made numerous changes to clarify the regulation as she recommended.

10 CSR 90-2.060 Organized Group Center

(1) Application Procedures.

(A) Any group that is organized may apply to reserve the center.

1. The initial application period for center use is March 1 through March 31 for the next calendar year. The initial call for applications shall occur during January; however, all applications postmarked prior to March 1 shall be considered to have a March 1 date. Rental priorities shall be given to qualified applicants, as per rental priority list, with the earliest postmark within the application period.

2. The center’s schedule shall be set by May 1. Each applicant shall receive notification of availability/confimation/denial.

In the event of duplicate request, the center administrator has the right to consider second and third priorities in preparing the schedule. If after considering priorities a conflict still exists between the requests of two or more groups, a drawing shall be used to determine priority.

3. Length of use period shall not be longer than ten consecutive days for any application. Separate applications must be submitted for each ten-day request. Applications will be accepted for consecutive days only.

4. The director, Division of State Parks, reserves the right to exclude specific dates from the application process. These dates may be for the purpose of training division employees; promotion of special events that embody the values and principles of the division; maintenance and construction activities to enhance the center.

(C) Applications for center use may be obtained from the center administrator. Reservations requested after the initial application period may be made by calling the administrator who will log and hold the dates for two weeks. Applications and deposits must be received within this time period to finalize the reservation. The reservation is approved on a first-come first-served basis.

(D) Rental Priorities.

1. Non-profit (501-C3) organized groups of youths with disabilities.

2. Non-profit (501-C3) organized groups of adults with disabilities.

3. Families with children who are disabled.

4. Adults being trained to work with those who are disabled by non-profit (501-C3) organized groups.

5. Non-profit (501-C3) organized groups that mainstream disabled with non-disabled.

6. Other groups will be considered on a space-available basis.

(E) The center administrator shall assign cabins to all groups.

(2) Fees.

(A) A deposit fee must accompany each application with the exception of state agencies. The center administrator shall establish the amount of the deposit fee. Groups canceling less than 45 days prior to their confirmed reservations shall forfeit their deposit fee.
(3) Staffing. The using organization shall provide minimum supervision of at least one adult (18 years of age or older) for eight persons under 18 years, or as otherwise proposed by the organization’s governing standards, as well as necessary qualified personnel for all phases of the camp program. If the group wishes to use the pool, at least one person with American Red Cross, YMCA, Boy Scouts of America, or equivalent lifeguard certification must be present when the pool is in use. A copy of that certification must be given to the center administrator before the pool may be used.

(4) Check-In and Checkout Procedures.
(C) Groups using the center must have transportation available at all times.

(5) General Policy.
(A) The division shall close the center and cancel a group’s reservation at such time that the condition of the facilities is found to be detrimental to the health or safety of the users. All advance deposits shall be returned to the using group. Thirty days before scheduled arrival at camp each rental group shall submit a written outline of its proposed camp program to the center administrator. The center shall be closed at the discretion of the division director if the group’s program is not in keeping with the mission and objectives of the Department of Natural Resources or the group refuses to abide by the rules established by the Division of State Parks. In these cases, all deposits shall be forfeited and all fees incurred to date shall be paid upon departure.

(B) Smoking shall be permitted in designated areas only. No smoking shall be allowed in buildings.

(D) Fires shall be built in the designated areas only. No fire shall be left unattended.

(E) All cars and buses shall be parked in the parking lots. No vehicles, other than emergency vehicles, may drive through the center without prior permission from the center administrator.

(F) Groups using the outdoor group center shall adhere to all applicable state laws and state park regulations.

(H) Each group using the center shall have at least one staff member who is trained in first aid and CPR on duty at all times.

(I) User groups shall keep the facilities assigned, including grounds, during their stay at the center clean and free of hazards. The camp director/leader shall make daily inspections of all facilities and grounds to assure that they are clean and hazard free and report any facility in need of repair to the camp administrator.

COMMENT: One agency staff commented that the agency should permit fencing only when the precise boundary is verified by a professional surveyor at the expense of the landowner.

RESPONSE AND EXPLANATION OF CHANGE: The department has amended Section (2), subsection (C) to reflect the comment received. However, both the department and the landowner shall equally share the cost for the survey because having an accurately surveyed boundary line will benefit both the adjacent landowner and the department.

10 CSR 90-2.070 Fencing on Park-Owned Property

(2) The division may participate in fencing park and historic site boundaries for the purpose of preventing intrusion from livestock or commercial game in accordance with Chapter 272, RSMo. Fencing requests shall be submitted in writing and approved by the director or his/her designee. The division’s procedures for participating in fencing of park and historic site boundaries for this purpose are as follows:

(C) Division personnel shall conduct an on-site inspection to determine need, natural and cultural resource impacts, fencing materials as defined in Chapter 272, RSMo, and reasonable cost of the fencing materials. The division shall also assess the accuracy of the fence location along the boundary based on survey information and by consulting with the division’s survey crew. If the accuracy of the boundary is in question, the division may require a boundary survey, the cost of which shall be equally shared by the department and the landowner requesting the fence.

REVISED PUBLIC COST: The cost to the department may range from zero to $508,324 during the life of the rule. This assumes current survey costs of $8,600 per mile; that an estimated 333 miles of park boundary is unsurveyed; and that 71% of that amount is not fenced. At least 50% of the park boundaries are not suitable for livestock. The total estimated public fiscal note is calculated: 333 miles × 71% (unfenced) × 50% (not suitable for livestock) × $8,600 per mile × 1/2 paid by the landowner equals $508,324.

Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 90—State Parks
Chapter 2—State Parks Administration

ORDER OF RULEMAKING

By the authority vested in the director of the Department of Natural Resources under section 253.035, RSMo 2000, the director adopts a rule as follows:

10 CSR 90-2.070 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the Missouri Register on December 1, 2000 (25 MoReg 2824–2826). The section of the proposed rule with changes is reprinted here. This proposed rule becomes effective thirty days after publication in the Code of State Regulations.

SUMMARY OF COMMENTS: The department received one E-mail comment on this proposed rule.
REVISED FISCAL NOTE
PUBLIC ENTITY COST

I. RULE NUMBER

Title: 10 - Missouri Department of Natural Resources
Division: 90-State Parks
Chapter: State Parks Administration
Type of Rulemaking: New Rule (Fencing on State Park Property)
Rule Number and Name: 10 CSR 90-2.070

II. SUMMARY OF FISCAL IMPACT

<td>Zero to $1,347,324</td>
</tr>
</tbody>
</table>

III. WORKSHEET:

The state park system contains approximately 950 miles of "shared" boundaries. This estimate does not include the Katy Trail State Park because this area is already fenced. Fencing costs are based on a four-strand barbed wire fence with posts spread 12 to 16 feet apart (Section 272.455.1). Typically, the cost to provide materials for this type of fence is 34 cents per foot. The potential cost to the department is approximately $819,000 (1/2 of 34 cents per foot X 900 miles [$1,638,000] multiplied times 50% X 5,280 ft./mile) to fence the shared boundaries of the state park system.

The worksheet is revised to reflect comments received during the public comment period. The department and the landowner shall equally share the cost for boundary surveys, if necessary. The amended estimated public fiscal note is calculated: 333 miles X 71% (unfenced) X 50% (not suitable for livestock) X $8,600 per mile X ½ paid by the landowner equals $508,324. This subtotal is then added to the previously estimated fiscal note of $819,000 for a total of $1,347,324.

IV. ASSUMPTIONS:

900 miles of shared boundary assuming an average of 10.81 miles of unfenced boundary for all typical state parks that equals 832.37 miles and 67.68 unfenced miles at Lake of the Ozarks State Park.
The department assumes no ongoing costs after making the initial one-time materials cost for constructing the fence. Since Section 272.490.1 allows adjoining landowners to agree that no fence is needed between properties, the department's one-time costs are shown as ranging from $0 to approximately $819,000.

The department assumes from estimated calculations that 29% of the park system’s boundaries are already fenced. Further, the department estimates that roughly one half of the 900 miles of unfenced shared boundaries would be specifically subject to livestock or commercial game use; thus, the less 50% reduction in the above worksheet formula. The actual percentage of anticipated requests for fencing would likely be less.

In addition, the following revised assumptions are used in calculating the revised public fiscal note following the public comment period in review of the Proposed Rules dated December 1, 2000. In the event that a boundary survey is needed to place a fence, the department will equally share in the survey cost with the landowner. Current survey costs are approximately $8,600 per mile. An estimated 333 miles of park boundary is unsurveyed and approximately 71% of that amount are not fenced. At least 50% of the park boundaries are not suitable for livestock.
Orders of Rulemaking

May 1, 2001
Vol. 26, No. 9

Title 11—DEPARTMENT OF PUBLIC SAFETY
Division 45—Missouri Gaming Commission
Chapter 30—Bingo

ORDER OF RULEMAKING

By the authority vested in the Missouri Gaming Commission under section 313.065, RSMo 2000, the commission amends a rule as follows:

11 CSR 45-30.600 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the Missouri Register on November 15, 2000 (25 MoReg 2719–2721). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty days after publication in the Code of State Regulations.

SUMMARY OF COMMENTS: Seven written comments were received. However, one individual made a comment at a public hearing that was held regarding this rule. Below is a summary of those comments:

COMMENT: 1) Linda Bennett, Columbia VFW 280 Auxiliary—Agrees with the proposed changes. She states that her organization could save over 50% of its now-current financial outlay. Savings could be used for various donations. Doing away with paper reduces the avenue for the misuse of the paper and will speed up their game.

COMMENT: 2) Jim Davis, Tirey J. Ford Post 21, American Legion, Independence—Agrees with proposed changes. Organization could save up to $5,600.00 per year with the elimination of the paper.

COMMENT: 3) Rick Nault, Harvester, St. Charles, St. Peters Lions Club—Agrees with proposed changes. Paper for EBCMD is a waste and eliminating the paper will save his organization money.

COMMENT: 4) Valerie Siegrist, BK Entertainment—Supports the proposed changes. Requests the Commission consider using tests results from other jurisdictions, increase the 54 cards per unit limit. Eliminating paper will reduce the preload time, addresses the supplier invoicing and reporting requirements, suggests Commission require game operators to submit reports to the suppliers at the close of each session or weekly and suggest the Commission require monthly Summary reports be submitted by suppliers for each site system. Suggest an additional section be added to address voided transactions, disallow voids after the 10th game or 30 minutes into the game.

RESPONSE: The Commission will review the suggestions and consider the changes to sections (26), (27) and possibly adding an additional section for a time limit on voided transactions.

COMMENT: 5) Dale Robertson, American Games Inc.—Opposes changes. He suggests ECBMD be only allowed with paper. Suggest ECBMD manufacturers and suppliers be licensed and should be subject to the same qualifications, standards and equipment inspections as bingo equipment manufacturers and suppliers.

RESPONSE: ECBMD Manufacturers and suppliers are subject to the same standards as other bingo equipment manufacturers and suppliers, ECBMD are defined as bingo equipment in rule 11 CSR 45-30.155.

COMMENT: 6) Kenneth A. Birenbaum, Bingo Brain Inc.—Opposes the changes. He feels ECBMD should only be used in conjunction with paper. Gave an overview and history of bingo and the different types of organizations who conduct bingo games in the US and Canada.

COMMENT: 7) Mary B. Magnuson, spokesman for the National Association of Fundraising Ticket Manufacturers (NAFTM) a trade Association representing bingo paper and charity game suppliers. States their association members oppose the rule. ECBMD must be used with disposable paper. ECBMD should only be permitted by statute or by rule, distributed by licensed Manufacturers to licensed distributors and must be tested before distribution.

RESPONSE: ECBMD are defined as bingo equipment by rule and can only be distributed by licensed entities which would require testing by an Independent Testing Laboratory before they could be allowed to be used without paper in Missouri.

COMMENT: Mary B. Magnuson also questions the testing of the portable handsets, invoicing and tax reporting requirements for EBMCMD used without paper.

RESPONSE: If the amendment is approved, the EBCMD will only be allowed if the devices can pass the independent laboratory testing. If the EBCMD cannot pass the testing requirements, the EBCMD will only be allowed to be used with disposable paper, the same as under the current format.

The comments by NAFTM do not address the potential substantial money and time savings which could be incurred by the charities. The potential savings for the charities is documentable and verifiable. Nor do they address the potential for the misuse of the large quantities of unused or untabbed paper, which exist under the current system.

RESPONSE AND EXPLANATION OF CHANGES: Based on the above-mentioned comments, staff has made the following changes.

11 CSR 45-30.600 Electronic Bingo Card Monitoring Devices

(3) “EBCMD bingo sheet” means a disposable piece of paper containing one or more bingo cards which is a physical representation of the electronic bingo cards loaded into an EBCMD. All EBCMD bingo sheets printed from the EBCMD site system must be in a form approved by the commission.

(4) “Site system,” means the computer hardware, software, and peripheral equipment, approved by the commission, that is used by a licensed organization at the site of its bingo occasion which provides bingo card monitoring devices to players, and which receipts the sale or rental of such cards and devices and generates reports relative to such sales or rentals.

(5) EBCMDs must be acquired by licensed suppliers from a licensed manufacturer and may only be rented or leased by licensed suppliers to licensed bingo operators.

(6) A licensed manufacturer seeking approval of an EBCMD site system software, or other bingo equipment uniquely adapted for use with an EBCMD, will be required to submit a prototype of the device to a designated independent test laboratory as determined by the commission for approval prior to sale or installation in an approved bingo facility.

(7) No EBCMD shall be able to monitor more than fifty-four (54) bingo cards per game.

(A) A EBCMD shall be downloaded with electronic bingo cards only by an approved bingo worker or authorized representative of the licensed supplier if accompanied by an approved member of the licensed organization. In the event the EBCMD is the type used to monitor disposable paper bingo cards, an approved bingo worker or authorized representative of the licensed supplier accompanied by an approved member of the licensed organization must enter the bingo card face number(s) into the device. The entering of bingo card face number(s) into a device shall be done only on the premises of the licensed organization and during the bingo occasion.
(B) All downloading into the EBCMD, either from electronic bingo cards or disposable paper bingo cards, must be completed prior to the drawing of the first ball for that bingo occasion. If an EBCMD is not connected to and communicating with the site system, the EBCMD must be voided and reissued after the first game of the occasion has been played, and b) by some secondary timing method.

(9) No EBCMD may be designed to allow bingo players the ability to design their own bingo cards by choosing, rearranging, or placing numbers on a card.

(10) A site system shall not be able to engage in any type of sale, void, or reload transaction unless the EBCMD is connected to and communicating with the site system.

(11) A site system shall not be able to load more than fifty-four (54) electronic bingo cards per bingo game into any one EBCMD. The site system must be interfaced with a printer which produces a continuous hard copy transaction log, including all sale, void and reload transactions and a printout showing the device identification number, and all of the bingo cards and their face numbers loaded into the device. A receipting function for electronic bingo cards must be self-contained within the site system and must record and print out on a copy which is given to the player, the device identification number or ticket number identifying the device, the date, number of electronic bingo cards purchased or loaded, and the total amount charged for the electronic bingo cards.

(12) A site system shall be able to provide the winning game patterns required for the entire bingo occasion on a hard copy printout. The printout must be available upon demand at the bingo occasion. The game operator shall provide an EBCMD bingo sheet from the site system of all electronic bingo cards sold to each player at the time of purchase.

(13) If the commission detects or discovers any malfunction or problem with an EBCMD or site system that could affect the security or integrity of the bingo game, the commission may direct the supplier or licensed organization to cease providing or using the EBCMD or site system, as applicable. The commission may require the supplier to correct the problem or recall the devices or system immediately upon notification by the commission to the supplier.

(A) If a supplier or licensed organization detects or discovers any malfunction or problem with the EBCMD or site system which could affect the security or integrity of the bingo game, EBCMD, or site system, the supplier or licensed organization, as applicable, shall discontinue use of the devices or site system and notify the commission the next working day.

(B) Failure to discontinue use of the EBCMD or site system in such instances will result in disciplinary action by the commission.

(14) The licensed supplier shall serve as the initial contact for the licensed organization with respect to requests for installation, service, maintenance, or repair of EBCMD and site systems.

(A) A licensed supplier may, with commission approval, authorize or subcontract with a person or company to service, maintain, or repair EBCMD and/or site systems; however, the ultimate liability for such service, maintenance, or repair shall be solely that of the licensed supplier.

(15) The licensed supplier shall invoice the licensed organization and collect any and all payments for the rental or lease of the EBCMD used by the licensed organization, and the sale, rental or lease of the site systems to the licensed organization. The supplier shall also invoice the licensed organization and collect any and all payments for the sale of electronic bingo cards, including the applicable taxes as described in accordance with section 313.055, RSMo.

(16) EBCMDs may be transported by a licensed supplier from one location to another for use by one more than one licensed organization provided the supplier notifies the commission of the rotation schedule of the EBCMD. However, each licensed organization utilizing a site system must have its own site system, which cannot be moved from its bingo location or be used by another organization without prior approval from the commission. A licensed organization may obtain computer terminals and/or printers to be used in conjunction with site system software obtained from a licensed supplier, from any source.

(17) The use of a player-owned EBCMD at a bingo occasion is prohibited.

(18) EBCMDs shall be rented or leased to bingo players only by the licensed organization conducting the bingo occasion, and only at the time and place of the bingo occasion. A bingo player using an EBCMD must be physically present on the premises, during the time of the bingo occasion, in order to be eligible to play bingo or win any bingo prize.

(19) Regardless of the number of EBCMDs made available for play, at least one device shall be reserved by the licensed organization as a back-up device, in the event a device in play malfunctions.

(20) EBCMDs shall be made available to players on a first-come, first-serve basis. No EBCMD may be reserved for any player, except that a device may be reserved for any player with a disability that would restrict his or her ability to mark cards and such disability is consistent with definitions set forth in the Americans with Disabilities Act.

(21) No bingo player shall be allowed to utilize more than one EBCMD at any time during a bingo occasion.

(22) A bingo player may, in addition to the maximum fifty-four (54) bingo cards per game which he or she purchases to monitor with an EBCMD, purchase additional disposable paper bingo cards to play.

(23) A licensed organization may, at its discretion, charge a separate fee to players for the use of a EBCMD; however, if an organization charges a separate fee for the use of a EBCMD—

(A) The fee charged must be a flat fee, regardless of the number of bingo cards purchased or any other factor; and

(B) The fee charged must be separately stated.

(24) All bingo cards used in conjunction with EBCMDs must conform to the restrictions in sections 313.005(2) and 313.040(17), RSMo. Organizations utilizing EBCMDs must ensure that all
Title 13—DEPARTMENT OF SOCIAL SERVICES
Division 15—Division of Aging
Chapter 15—Residential Care Facilities I and II

ORDER OF RULEMAKING

By authority vested in the Division of Aging under section 198.073, RSMo 2000, the division adopts a rule as follows:

13 CSR 15-15.045 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the Missouri Register on January 16, 2001 (26 MoReg 214–225). Those sections with changes are reprinted here. This proposed rule becomes effective thirty days after publication in the Code of State Regulations.

SUMMARY OF COMMENTS: The division received two (2) comments from one (1) organization during the thirty-day comment period.

COMMENT: Section (3)(F)—A new requirement was added to the Physical Design and Fire Safety requirement under this section. This requirement reads “Key operated locks shall not be permitted on resident room doors.” This rule would be against the resident’s rights to privacy. No one should be required to leave their door unlocked so that anyone can walk in whenever they wish. I don’t understand the reasoning behind this invasion of privacy. I don’t have a problem with a rule saying that the facility shouldn’t lock residents in or out of their rooms, but if the resident wishes to lock the door when he or she is in the room, what is the problem? They can still get out if they want to and staff can use a pass key to enter. Changing to a keypad entry is not easier for residents to use than a key. Residents in or out of their rooms, but if the resident wishes to lock the door when he or she is in the room, what is the problem? They can still get out if they want to and staff can use a pass key to enter. Changing to a keypad entry is not easier for residents to use than a key.

RESPONSE AND EXPLANATION OF CHANGE: It was not the division’s intention to allow residents to lock the doors to their rooms, but not with the use of “key operated locks.” The division believes that residents who wish to lock their doors should be allowed to do so providing staff are able to gain entry to resident rooms in the event of an emergency. To avoid confusion with the interpretation of this subsection of the rule, and to ensure compliance with the fire safety standards found in the provisions of 13 CSR 15-15.022, subsection (5)(D), the division has changed the language in subsection (3)(F) of this rule and added a new subsection (3)(G) so that facilities may allow resident room doors to be locked providing the residents wish to lock their doors and that staff have the mechanisms necessary to lock the resident room doors in order to safeguard the resident’s personal property, or unlock the doors in order to gain entry in the event of an emergency or whenever appropriate to protect the health, safety or welfare of residents and their property. Current subsection (3)(G) and (H) shall be relettered as subsections (3)(H) and (I) respectively.

COMMENT: Section (6)—The other problem I see is the high cost of training. I believe that the cost of training will be so prohibitive that this law will not accomplish its intended purpose of allowing residents with dementia to stay in a more homelike setting. The division’s intention is to allow residents to lock the doors to their rooms, but not with the use of “key operated locks.” The division believes that residents who wish to lock their doors should be allowed to do so providing staff are able to gain entry to resident rooms in the event of an emergency. To avoid confusion with the interpretation of this subsection of the rule, and to ensure compliance with the fire safety standards found in the provisions of 13 CSR 15-15.022, subsection (5)(D), the division has changed the language in subsection (3)(F) of this rule and added a new subsection (3)(G) so that facilities may allow resident room doors to be locked providing the residents wish to lock their doors and that staff have the mechanisms necessary to lock the resident room doors in order to safeguard the resident’s personal property, or unlock the doors in order to gain entry in the event of an emergency or whenever appropriate to protect the health, safety or welfare of residents and their property. Current subsection (3)(G) and (H) shall be relettered as subsections (3)(H) and (I) respectively.

RESPONSE AND EXPLANATION OF CHANGE: It was not the division’s intention to require resident room doors to remain unlocked nor to restrict a resident’s right to privacy by permitting resident room doors to remain unlocked. The division’s intention was to allow residents to lock the doors to their rooms, but not with the use of “key operated locks.” The division believes that residents who wish to lock their doors should be allowed to do so providing staff are able to gain entry to resident rooms in the event of an emergency. To avoid confusion with the interpretation of this subsection of the rule, and to ensure compliance with the fire safety standards found in the provisions of 13 CSR 15-15.022, subsection (5)(D), the division has changed the language in subsection (3)(F) of this rule and added a new subsection (3)(G) so that facilities may allow resident room doors to be locked providing the residents wish to lock their doors and that staff have the mechanisms necessary to lock the resident room doors in order to safeguard the resident’s personal property, or unlock the doors in order to gain entry in the event of an emergency or whenever appropriate to protect the health, safety or welfare of residents and their property. Current subsection (3)(G) and (H) shall be relettered as subsections (3)(H) and (I) respectively.

 european version

Orders of Rulemaking

May 1, 2001

Vol. 26, No. 9

Title 12—DEPARTMENT OF REVENUE
Division 30—State Tax Commission
Chapter 3—Local Assessment of Property and Appeals from Local Boards of Equalization

ORDER OF RULEMAKING

By the authority vested in the State Tax Commission under sections 138.060 and 138.430, RSMo 2000, the commission adopts a rule as follows:

12 CSR 30-3.075 Receipt of Evidence Indicating Value Greater than Assessor or Board—First Class Charter Counties is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the Missouri Register December 1, 2000 (25 MoReg 2827–2828). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty days after publication in the Code of State Regulations.

SUMMARY OF COMMENTS: No comments were received by the State Tax Commission during the comment period.
employees for the required hours would be $525.13 \times 24 = $12,603.

COMMENT: The method of figuring the cost of training for new employees is very unrealistic. We have 50 employees and have had a turnover rate of 36% in the last year. That means that 32 of our employees were with us for all of last year and 18 are new employees. Our turnover rate is much lower than most homes in our area. The part that the formula doesn't consider is that we trained 49 employees last year to find those 18 new employees. In other words, some positions (usually part-time) are turning over again and again. Many new employees find the work too difficult and don't stay with it. If we had done the training this year it could have nearly doubled the cost. This doesn't even consider the continuing cost, of training every employee for 16 hours a year! ($525.13 \times 16 = $8402.08) It would have cost us over $30,000 to keep a few residents for a few months longer. No facility of our size could afford to do all that training and receive very little compensation for it. It won't happen.

I realize that some of the people who wrote amendments to this bill didn't want people with dementia to stay in assisted living as they are doing in most other states, so the training requirements were made very high to be sure that very few RCFS could afford to meet the training requirements. If this provision will ever be used, the law must be changed to remove the requirement that all facility personnel be trained even if they don't give direct care and the number of orientation and continuing education hours must be reduced.

A reasonable requirement would be for the Alzheimer's Association to develop a video that gives the basics of working with people with dementia, and requiring the video to be part of the orientation of all new workers in long-term care. For those employees that give personal care to residents with dementia, I think it would be enough to require one-half an hour a quarter to update and re-enforce the proper way of working with people with dementia. Again, the Alzheimer's Association should develop and update the training program to keep it up to date with the most current research. It would probably be possible for them to get a grant to develop the necessary training. Most of the real education of the personal care team will come as the required individual service plan is developed and implemented for individuals with dementia. It is important to develop a better assessment than the MDS for this purpose.

RESPONSE AND EXPLANATION OF CHANGE: The division does not have the authority to change the minimum training requirements stated in the rule since they are the same as the minimum training requirements stated in subsections (9) and (10) of section 198.073, RSMo 1999. The division has reviewed the fiscal note costs associated with this rule and finds the costs to be reasonable estimates in the aggregate on a statewide basis. If, however, at the end of the first full fiscal year after the implementation of the rule, the division finds that the cost to all affected entities exceeded the estimated cost in the published fiscal note by ten percent or more, the original estimated cost together with the actual cost during the first fiscal year will be published in the Missouri Register within ninety (90) days after the close of the fiscal year.

Accordingly, the division will contact those residential care facilities II that are providing care and services to residents with Alzheimer's disease or other dementia under the provisions of this rule to determine if the actual cost of compliance with this rule has exceeded the estimated cost by ten percent or more. This review will occur during the month of July 2002. In order to clarify the in-service training requirements for staff, the division has revised the language in subsection (6)(B) by adding paragraphs 1. and 2. The orientation and in-service training requirements for staff are based on several factors including, but not limited to, where in the facility the resident resides, how services are provided, who provides care and services for the resident, whether staff provide direct or non-direct care or services, and to what degree each staff member has contact with each resident who is physically capable but mentally incapable of negotiating a pathway to safety due to Alzheimer's disease or other dementia.

13 CSR 15-15.045 Standards and Requirements for Residential Care Facilities II Which Provide Services to Residents with Alzheimer's Disease or Other Dementia

(3) Physical Design and Fire Safety Requirements.

(F) The facility shall provide freedom of movement for the residents to common areas and to their personal spaces. The facility shall not lock residents out of or inside their rooms. I/II

(G) The facility may allow resident room doors to be locked providing the residents request to lock their doors. Any lock on a resident room door shall not require the use of a key, tool, special knowledge or effort to lock or unlock the door from inside the resident's room. Only one (1) lock shall be permitted on each door. The facility shall ensure that facility staff have the means or mechanisms necessary to open resident room doors in case of an emergency. I/II

(H) Every facility shall use a personal electronic monitoring device for any resident whose physician recommends the use of such device. II

(I) The facility may provide a designated, separated area where residents, who are mentally incapable of negotiating a pathway to safety, reside and receive services and which is secured by limited access if the following conditions are met:

1. Dining rooms, living rooms, activity rooms, and other such common areas shall be provided within the designated, separated area. The total area for common areas within the designated, separated area shall be equal to at least forty (40) square feet per resident; II/III

2. Doors separating the designated, separated area from the remainder of the facility or building shall not be equipped with locks that require a key to open; I/II

3. If locking devices are used on exit doors egressing the facility or on doors accessing the designated, separated area, delayed egress magnetic locks shall be used. These delayed egress devices shall comply with the following:

A. The lock must unlock when the fire alarm is activated;

B. The lock must unlock when the power fails;

C. The lock must unlock within thirty (30) seconds after the release device has been pushed for at least three (3) seconds, and an alarm must sound adjacent to the door;

D. The lock must be manually reset and cannot automatically reset; and

E. A sign shall be posted on the door that reads: PUSH UNTIL ALARM SOUNDS, DOOR CAN BE OPENED IN 30 SECONDS. I/II

(6) Staff Training and Orientation.

(A) All facility personnel who provide direct care to residents who are mentally incapable of negotiating a pathway to safety shall receive at least twenty-four (24) hours of training within the first thirty (30) days of employment.

1. At least twelve (12) hours of the twenty-four (24) hours of training shall be classroom instructions; and

2. Six (6) classroom instruction hours and two (2) on-the-job training hours shall be related to the special needs, care and safety of residents with dementia. II

(B) The in-service training requirements for personnel in a facility that provides services for residents who are mentally incapable of negotiating a pathway to safety, shall be determined as follows:

1. If the residents reside among the entire general population of the facility, all facility personnel, whether or not such person-
nel provide direct care to these residents, shall receive at least four (4) hours of in-service training on a quarterly basis, with at least two (2) such hours relating to the care and safety of residents who are mentally incapable of negotiating a pathway to safety; or
2. If the residents reside within a designated, separated area that is secured by limited access, those personnel who have or could have contact with these residents, shall receive at least four (4) hours of in-service training on a quarterly basis, with at least two (2) such hours relating to the care and safety of residents who are mentally incapable of negotiating a pathway to safety. II

Acting Director of Purchasing
This cumulative table gives you the latest status of rules. It contains citations of rulemakings adopted or proposed after deadline for the monthly Update Service to the Code of State Regulations, citations are to volume and page number in the Missouri Register, except for material in this issue. The first number in the table cite refers to the volume number or the publication year—24 (1999), 25 (2000) and 26 (2001). MoReg refers to Missouri Register and the numbers refer to a specific Register page. R indicates a rescission, W indicates a withdrawal, S indicates a statement of actual cost, T indicates an order terminating a rule, N.A. indicates not applicable and RUC indicates a rule under consideration.
