**Title 1—OFFICE OF ADMINISTRATION  
Division 20—Personnel Advisory Board and Division of Personnel  
Chapter 5—Working Hours, Holidays and Leaves of Absence**

**ORDER OF RULEMAKING**

By the authority vested in the Personnel Advisory Board under section 36.070, RSMo Supp. 1999, the board amends a rule as follows:

1 CSR 20-5.020 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on May 15, 2000 (25 MoReg 1196-1197). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: During the comment period, there have been several discussions concerning various impacts of the change in the annual leave maximum.

COMMENT: In regard to the proposal that annual leave maximums be applied on an annual basis, a number of agencies expressed concern about employees saving leave for the year-end holidays and staffing winter weather conditions.

RESPONSE AND EXPLANATION OF CHANGE: Based on comments from the agencies, the Board modified paragraph (1)(D)1. to apply the annual leave maximum on October 31 each year, rather than December 31. Many agencies felt that using the end of October would be preferable.

COMMENT: Several agencies also expressed concern that their ShareLeave programs would not receive needed annual leave contributions if employees could hold leave above the maximum for up to a year rather than contributing monthly. These agencies asked for assistance to transition their programs to the new circumstances.

RESPONSE AND EXPLANATION OF CHANGE: Based on these concerns, the Board added paragraph (1)(D)4. to permit supplementation of donations to ShareLeave if an appointing authority finds a serious reduction in contributions. The appointing authority may request from the Board a temporary authorization to use leave with pay as a means to maintain the program.

**1 CSR 20-5.020 Leaves of Absence**

(1) Annual leave or vacation with pay shall be governed by the following provisions:

(D) The maximum allowable accumulation of annual leave shall not exceed twenty-four (24) times an employee's current full-time monthly accrual rate or forty-eight (48) times an employee's current full-time semi-monthly accrual rate. This maximum accrual shall apply in the following manner:

1. At the close of business on October 31 of any calendar year, unliquidated accumulation of annual leave which exceeds the maximum allowable accumulation shall lapse and credit for the excess leave shall not be carried forward to the month of November;

2. An employee entitled to annual leave who has resigned or otherwise separated from the service shall be entitled to receive reimbursement for the amount of this accrued leave which does not exceed the maximum allowable accumulation;

3. An employee who transfers to another department or who is appointed to a position in another department without break in service shall be entitled to receive reimbursement, under the provisions of subsection (1)(G), for the amount of this accrued leave which does not exceed the maximum allowable accumulation;

4. If, in the initial year of transition to the annual application of the annual leave maximum, an appointing authority finds that there has been a serious reduction in contributions by employees to a ShareLeave program as defined by 1 CSR 20-5.025, the appointing authority may request from the board a temporary authorization to add leave with pay as defined by 1 CSR 20-5.020(8)(B)5. to the ShareLeave balance as a means to maintain the program;

**4 CSR 70-2.100 Professional Corporations is amended.**

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on April 17, 2000 (25 MoReg 925-926). No changes have been made to the text of the proposed amendment, so it is not reprinted here. **SUMMARY OF COMMENTS:** The board received two (2) comments.

**COMMENT:** Dr. Allen Parry, Logan College, commented that the language in the proposed amendment is confusing and suggested that subparagraph (3)(B)2.B. be further broken down to separate the three (3) thoughts of the board.

**RESPONSE:** The board disagrees. After review of the proposed amendment the board believes the language as presented is clear.

**COMMENT:** Thomas Holloway, Missouri Medical Association, commented that the proposed amendment would allow a chiropractor to form a professional corporation without including the word chiropractor, chiropractic, doctor of chiropractic or the like in the name of the corporation if some other licensed professional provides services at least twenty (20) hours a month. This means a full-time chiropractor could employ a part-time nurse as little as five (5) hours a week and not be required to inform the public that his/her professional corporation is engaged in the practice of chiropractic. Mr. Holloway stated that this provision is in direct conflict with Section 331.060.2.(14)(e) which creates a cause for discipline against the license of any chiropractor for "failure to use the term chiropractor, doctor of chiropractic, chiropractic physician, of D.C. in any advertisement, solicitation, sign, letterhead, or any other method of addressing the public." Mr. Holloway stated that the law clearly does not provide any exception or exemption for chiropractors who offer the services of another licensed health care professional. The law applies to all licensees equally and does not afford any of them the opportunity to fail to identify themselves as chiropractors, doctors of chiropractic, D.C., etc. Mr. Holloway recommended the amendment be withdrawn since it is in direct conflict with the law.

**RESPONSE:** The board disagrees. In a professional corporation/clinic consisting of chiropractor(s) and health care professionals other than chiropractors, individual chiropractors within the professional corporation can and must comply with the statute by ensuring that all communications, letterhead, etc. addressed to patients or the public clearly identifies their own credentials, i.e., "D.C.," "chiropractic physician," "chiropractor," or "doctor of chiropractic." This does not mean that it would be "false, misleading or deceptive to the general public" for the professional corporation or clinic name not to include a chiropractic term so long as the clinic truly is multi-disciplinary. In fact, the argument can be made that the public could be misled as to such a clinic's practice if it were required to have a name suggesting that only chiropractic services were offered. Section 331.060.2(14)(e) provides a cause for disciplining individual chiropractors for failure to reveal

their professional credentials to the public. This does not prohibit a multi-disciplinary practice from choosing a name which accurately reflects to the public the services offered.

SUMMARY OF COMMENTS: One comment was received on the proposed amendment.

COMMENT: The Executive Director for the Missouri Riverboat Gaming Association, Michael Ryan, wrote a letter in support of the proposed amendment. In his letter, he states the following:

1. Currently, Missouri is the only state that mandates the exchange of currency in slot and video poker machines for tokens.

2. The gaming industry supports the exchange of currency for electronic tokens for many reasons:

a. Slot machines are not built to be change machines; consequently, under the current scenario, the machines malfunction more frequently.

b. The hoppers or token receptacles of a slot or video poker machine also empty more often requiring an attendant to refill them frequently. The end result is more machine downtime and guest frustration.

c. The gaming industry is very competitive. The procedure gives surrounding jurisdictions such as Illinois, Iowa and Kansas an unfair competitive advantage.

3. The great majority of casino guests find the procedure frustrating, inconvenient and unnecessary.

4. Opponents of Vend-to-Meter argue that the proposed change will speed up play, resulting in greater losses to the casino guests.

5. In fact, the current procedure has induced some casino guests to play higher denomination slot or video poker machines so they don't have to re-insert so many coins.

6. The proposed change will not affect loss limit tracking.

7. The proposed change will improve customer service—slot attendants will have more time to spend on guest services because slot fills will be reduced.

8. It will reduce machine downtime by eliminating unnecessary wear and tear on slot machines.

9. It will allow Missouri gaming to be more competitive with surrounding jurisdictions.

10. And, most importantly, it will continue to allow guests the option of cashing out and playing with physical tokens.

RESPONSE: The Commission has considered these comments to be reasonable and support the changes proposed by the Commission. No changes will be made to the proposed amendment.
