Regrant Funds	184,098

The Missouri General Assembly appropriated \$300,000 in support of this program during the 1999-2000 legislative session. The Public Entity Cost Fiscal Note filed October 6, 2000 defined the appropriation as \$150,000.

The remaining \$144,525 is a redirection of previously appropriated operating funds and cost shared contributions. The Missouri State Archives, on behalf of the Missouri Historical Records Advisory Board, received \$300,000 in matching funds from the National Historical Publications and Records Commission for the support of this program to preserve and make accessible Missouri's historic records, and to promote archival education and cooperation among records keepers.

A state agency's cost to develop and submit an application to the program should not exceed \$100. The MHRAB does not expect to receive a significant number of state agency applications, as most often the state would seek in excess of \$25,000, the maximum award in this program. At this level of assistance, state agencies would most likely pursue an NHPRC award.

**Title 19—DEPARTMENT OF HEALTH
Division 10—Office of the Director
Chapter 5—Procedures for the Collection and
Submission of Data to Monitor Health Maintenance
Organizations**

ORDER OF RULEMAKING

By the authority vested in the Missouri Department of Health under section 192.068, RSMo 2000, the department hereby amends a rule as follows:

19 CSR 10-5.010 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on October 16, 2000 (25 MoReg 2554-2567). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: Comments were received from the Division of Medical Services and the Missouri Association of Health Plans (MAHP).

COMMENT: Comments were received from the Division of Medical Services indicating that they are working with the Medicaid (MC+) managed care plans to begin reporting the results of their member satisfaction survey results to the Department of Health through NCQA-certified survey vendors. The changes will be effective December 1, 2000 for contracts with health plans in the Eastern region and March 1, 2001 for contracts with plans in the Central region. The requirement will be added to contracts with plans in the Western region in 2002.

RESPONSE: The language of the proposed amendment has been crafted to accommodate the phase-in of the member satisfaction survey reporting requirements for the MC+ health plans, consistent with their contract renewal cycle with the Division of Medical Services. Therefore, no change to the rule is necessary.

COMMENT: Comments were received from the Missouri Association of Health Plans (MAHP) recommending deletion of Section II, Question 6 on the health services provided by Administrative Services Only (ASO) health plans.

RESPONSE AND EXPLANATION OF CHANGE: The Department does not concur with the opinion of MAHP that information about preventive health services provided by ASO plans is not useful to the consumer. This question was a subject of considerable discussion at last year's advisory committee meeting. It was decided that gathering some information about the covered benefits for persons enrolled in these types of plans would be useful. It is our understanding that there are different benefits for ASO vs. non-ASO members, as well as across the ASO contracts. The Department recognizes that plans do not control the types of preventive services offered to ASO enrollees. However we are interested in knowing what coverage the ASO enrollees have for the preventive services that are currently required of the ERISA exempt plans. This survey item has primary relevance for comparing the ASO enrollee population to the ERISA exempt population, across all plans, rather than for plan-specific comparisons. We have been advised that plans have some problems with the collection of information on the percent of ASO enrollment that are covered for the preventive services listed. Given this constraint, the Department agrees to amend Question 6 in Table D-Section II by deleting the column titled—Percent of ASO Enrollment Covered.

COMMENT: Comments were received from the Missouri Association of Health Plans (MAHP) recommending deletion of Section III from Table D.

RESPONSE AND EXPLANATION OF CHANGE: The data collected in Section III of Table D are intended to monitor plan referral to facilities that perform appropriate volume of high-risk procedures. The Department believes these data are important to promote the reduction of medical errors. However, the Department agrees to suspend inclusion of Section III in the Table D survey until we have more experience with analysis of data previously collected on this topic.

IN ADDITION

This in addition corrects a typographical error in this rule which was published in the September 15, 2000 *Missouri Register* (25 MoReg 2312). There were two sections numbered (4). The second of these which began, “The terms “Terry frisk” or “Terry search” shall mean . . .” should have been numbered as section (5). Sections (4) and (5) are reprinted here for clarity.

15 CSR 60-10.010 Definitions

(4) The term “Terry stop” shall mean a stop of an individual where specific and articulable facts, together with all rational inferences, suggest that the driver is involved in criminal activity. A Terry stop is an investigatory stop that is not an arrest and can be justified by less than the probable cause necessary for an arrest.

(5) The terms “Terry frisk” or “Terry search” shall mean a limited pat-down or frisk of the driver or his or her automobile for weapons which occurs when there are specific and articulable facts which, taken together with rational inferences from those facts, would lead a peace officer reasonably to believe the driver is armed and presently dangerous to the officer or others.

Title 20—DEPARTMENT OF INSURANCE

IN ADDITION

Pursuant to section 538.210, RSMo regarding the medical malpractice award limit, the director of insurance is required to calculate the new limitation for noneconomic damages in medical malpractice awards.

Using the Implicit Price Deflator (IPD) for Personal Consumption Expenditures (PCE), as required by section 538.210, RSMo, the new limit was established by the following calculations:

Index Based in 1996 Dollars	
Fourth Quarter 2000 IPD Index	108.17
Fourth Quarter 1999 IPD Index	105.66

New Limit = 2000 Limit \times (2000 Index/1999 Index)
540,116 = 527,583 \times (1.0817/1.0566)

2001 Non-Economic Damages Limit (Rounded) = \$540,000
