This section will contain the final text of the rules proposed by agencies. The order of rulemaking is required to contain a citation to the legal authority upon which the order of rulemaking is based; reference to the date and page or pages where the notice of proposed rulemaking was published in the *Missouri Register*; an explanation of any change between the text of the rule as contained in the notice of proposed rulemaking and the text of the rule as finally adopted, together with the reason for any such change; and the full text of any section or subsection of the rule as adopted which has been changed from that contained in the notice of proposed rulemaking. The effective date of the rule shall be not less than thirty (30) days after the date of publication of the revision to the *Code of State Regulations*.

The agency is also required to make a brief summary of the general nature and extent of comments submitted in support of or opposition to the proposed rule and a concise summary of the testimony presented at the hearing, if any, held in connection with the rulemaking, together with a concise summary of the agency's findings with respect to the merits of any such testimony or comments which are opposed in whole or in part to the proposed rule. The ninety (90)-day period during which an agency shall file its order of rulemaking for publication in the *Missouri Register* begins either: 1) after the hearing on the proposed rulemaking is held; or 2) at the end of the time for submission of comments to the agency. During this period, the agency shall file with the secretary of state the order of rulemaking, either putting the proposed rule into effect, with or without further changes, or withdrawing the proposed rule.

Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT
Division 220—State Board of Pharmacy
Chapter 2—General Rules

ORDER OF RULEMAKING

By the authority vested in the State Board of Pharmacy under sections 338.330, 338.333, 338.335, 338.337, 338.340 and 338.350, RSMo 2000, the board amends a rule as follows:

4 CSR 220-5.020 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on July 1, 2003 (28 MoReg 1177–1179). The section with changes is reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: Two (2) comments were received.

COMMENT: One (1) entity concurred with the board's intent of the proposed amendment and suggested the rule be amended to require wholesale drug distributors to inform the board of their current electronic mail address.
RESPONSE: The board was in general agreement with the commenter, however, no change was made to the text of the rule based on the comments received.

COMMENT: One (1) entity commented in regard to the absence of regulatory language addressing 1) the uniform notification of all in-state drug distributors at the same time; and 2) the requirement that the board attempt to license out-of-state distributors before notification is sent to in-state distributors to stop purchasing from an unlicensed distributor.
RESPONSE AND EXPLANATION OF CHANGE: While supportive of the rule, the commenter's comments concerning 1) the uniform notification of all in-state drug distributors at the same time, and 2) the requirement that the board attempt to license out-of-state distributors before notification is sent to in-state distributors to stop purchasing from an unlicensed distributor was addressed by clarifying the rule with this amended language.

4 CSR 220-5.020 Drug Distributor Licensing Requirements

(1) A "wholesale drug distributor" is defined in section 338.330(3), RSMo. No wholesale drug distributor with physical facilities located in the state of Missouri shall knowingly purchase or receive legend drugs and/or drug related devices from a wholesale drug distributor or pharmacy not licensed or registered by the board. Knowledge of the licensure status of a drug distributor or pharmacy includes, but is not limited to, actual or constructive knowledge. Knowledge of the license status of a drug distributor or pharmacy shall also include, but not be limited to, notification from the board by mail or electronic transmission.

Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 20—Clean Water Commission
Chapter 6—Permits

ORDER OF RULEMAKING

By the authority vested in the Missouri Clean Water Commission under section 644.026, RSMo 2000, the commission amends a rule as follows:

10 CSR 20-6.010 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on June 16, 2003 (28 MoReg 1106). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: Seven (7) comments were received on this rule action.

COMMENT: A request was made to also include, as a new section (15), discharges from bioremediation projects under this rule.
RESPONSE: The drafting of section (15) was not finished at the time section (14) appeared in the *Missouri Register* for public review and comment. An individual who read the register would have no way of knowing at the time of publication that section (15) might be added or what it would contain. See, e.g. *Missouri Soybean Association vs. the Missouri Clean Water Commission,* 2002 WL 45891 (Mo. App. W.D. January 15, 2002). Section (15) will have to be included into a future rulemaking in order to provide adequate public review and comment on its wording. Therefore, no changes to the proposed amendment were made based on this comment.

COMMENT: One person testified that the proposed amendment did not clearly explain the process for public review and comment on the approval for each discharge event under the permit by rule approach. Another person wrote that the proposed amendment did provide adequate public participation in that the general permit (from which much of the rule language came) was reviewed by the public when the general permit was developed.

RESPONSE AND EXPLANATION OF CHANGE: The department intended to follow the same procedures for public participation used for developing general permits. Most permits are issued on a five (5)-year cycle and, if to be continued, are reopened to public review and comment when rewritten. To ensure that each permit by rule is open for the same periodic review by the public, the department has included new language in the proposed amendment at section (14) that states that the department shall petition the Clean Water Commission to reopen this rule for public review and comment on a five (5)-year interval.

COMMENT: One person thought the proposed amendment might inhibit the public's right to appeal the decisions that allow discharges under this proposed amendment. Another person thought that the permit by rule would parallel the general permit process whereby the governing language would be open to public review and appeal on a five (5)-year cycle, but that each individual discharge event would not be subject to an appeal.

RESPONSE AND EXPLANATION OF CHANGE: All actions by the department, whether announced or automatic, are open to appeal. Because the proposed amendment does not require written approval to discharge under this rule, a permit is "issued" to a discharger upon the discharger's announcement to the department of their intent to discharge under the terms of a permit by rule. The department shall maintain records open to the public on all persons claiming coverage under permit by rule. Appeals of permits in accordance with 10 CSR 20-6.020(6) may be received by the department up to thirty (30) days from the date the department received notice from the discharger. Language was added to the rule at section (14) to clarify the opportunity for appeals.

COMMENT: The proposed amendment may lessen the permittee's accountability for monitoring and reporting their discharges and may make this information less available for public review.

RESPONSE: The monitoring frequency and reporting requirements for discharges under this proposed permit by rule are the same as contained in the general permit. All discharges are to be sampled and analyzed, and the results submitted to the department annually. All analytical results are kept within the department's records and are available for public review. Dischargers violating the terms of the permit by rule would be in violation of both a rule and a permit, and will be required to promptly resolve the noncompliance. No changes to the proposed amendment were made as a result of this comment.

COMMENT: One person stated that the proposed amendment is too vague on the requirements for reporting, making this requirement difficult to enforce. For example, sections (4) through (6) specify that the permittee must sample and analyze each discharge event and report any noncompliant results within five (5) days of receiving them; however, there is no time frame defined which will specify when the permittee must complete the lab analysis. The same person requested that a reasonable time frame be established for the analysis of samples. Another person commented that the quality of monitoring data will be assured through normal enforcement of sampling requirements required by rule at 10 CSR 20-7.015

RESPONSE AND EXPLANATION OF CHANGE: The existing rules at 10 CSR 20-7.015(9)(A) require all permittees to follow prescribed methods for sampling and analysis. These methods require that sample handling be performed in a manner that preserves the integrity and representative quality of the sample result. A reference to this existing rule has been added to the proposed amendment.

COMMENT: One person believed that the *de minimus* exemption in the proposed amendment for discharges less than one thousand (1,000) gallons will be easily abused and will result in completely unregulated discharges. Another person stated that there was a practical lower limit below which discharge sample collection, analysis, and reporting is simply not justified. This person added that most discharges are to open lots and not directly into streams.

RESPONSE: The exemption for monitoring and/or sampling of a discharge is often provided in general permits where the discharge is not likely to exceed water quality standards. A single discharge of short duration of hydrostatic test water at volumes less than one thousand (1,000) gallons poses minimal potential for environmental harm. The only contaminants of significant concern are pH and chlorine when a potable water source is used. These pollutants will either dissipate or neutralize very quickly at low volumes. Chronic affects are more likely if a discharge with high constituent levels were to be sustained in the stream for several hours. However, test water of one thousand (1,000) gallons or less will generally not dominate a stream and the pH and chlorine will likely dissipate or neutralize before chronic effects occur. No changes to the proposed amendment were made as a result of this comment.

COMMENT: One (1) person thought that the limit on pH in the proposed amendment is overly restrictive for discharges resulting from hydrostatic tests that use potable water sources. This person stated the pH limits should apply only to discharges from tests using non-potable water sources and recommended that subsection (C) of section (14) of this proposed amendment should be revised to read: "pH equal to or between 6.0 and 9.5 standard pH units whenever a non-potable water supply is used as the water source for the hydrotest."

RESPONSE AND EXPLANATION OF CHANGE: This suggested new language would eliminate a pH limit for discharges using a potable water source. Discharges with a pH of above 9.0 standard units and a volume of more than one thousand (1,000) gallons pose a significant potential for toxic effects if the discharge causes the pH in the receiving stream to rise above 9.0 standard units for an extended period. The proposed amendment allows for some neutralization (.5 pH unit) to occur. An allowance beyond that might expose some smaller streams to the toxic effects associated with high alkalinity. Since potable water supplies often have a pH above 9.5 standard units, the proposed amendment appropriately establishes a limit on pH for those discharges. Two (2) options were added to this proposed amendment for a release of hydrostatic test wastewater when its pH is above 9.5: a person may irrigate the wastewater such that no discharge occurs, or a person may discharge directly to the Missouri or Mississippi Rivers if the pH is below ten (10) standard units. Outside of this rule, a person will also have the option of applying for a site-specific permit that establishes appropriate conditions to protect water bodies receiving a discharge with a pH above 9.5 standard units.

10 CSR 20-6.010 Construction and Operating Permits

(14) Permit by Rule. The department shall petition the Clean Water Commission to reopen this rule for public review and comment on a five (5)-year interval.

(A) Hydrostatic Testing. Persons discharging water used for the hydrostatic testing of new petroleum-related oil and gas pipelines and storage tanks in the state of Missouri may discharge to waters of the state without first obtaining a permit if the discharge is *de minimis* (less than one thousand ($<$1,000 gallons)) or the person takes the following steps:

1. Notification. The owner/operator must notify the department in writing of its intent to conduct hydrostatic test discharge(s) under this rule at least thirty (30) days prior to the first such discharge. This requirement may be met by a one (1)-time annual notification. Notice shall specify the source of water to be used in the hydrotest and shall identify the location(s) of the pipeline(s) and/or tank(s) to be tested.

2. Filing fee. Persons who intend to discharge in accordance with section (14) of this rule must pay a filing fee of twenty-five dollars ($25) to the department with their notification above.

3. Discharge limits. The discharge must meet the following limits: < 10 mg/l total petroleum hydrocarbons, < 100 mg/l total suspended solids, and equal to or between 6.0 and 9.5 standard units pH.

4. Sampling and testing requirements. One (1) grab sample shall be taken per discharge during the first sixty (60) minutes of the discharge. The sample shall be analyzed for the pollutants limited by this rule. Sampling and analysis shall be performed in accordance with 10 CSR 20-7.015(9)(A). Total discharge volume shall be documented for each hydrostatic test discharge.

5. Analytical report. The owner/operator of the pipeline(s) and/or storage tank(s) on which the hydrostatic tests are performed shall submit an annual report summarizing each discharge, including date, time, test location, analytical results, and total discharge volume, in gallons, by October 28, of each year.

6. Exception reporting. If any of the sampling results from the hydrostatic test discharge show any violations of the following discharge limitations, written notification shall be made to the department within five (5) days of notification of analytical results. Notification shall indicate the date(s) of sample collection, the analytical results, and a statement concerning the revisions or modifications in management practices that are being implemented to address the violation of the limitation that occurred.

A. < 10 mg/l total petroleum hydrocarbons.

B. < 100 mg/l total suspended solids.

C. pH equal to or between 6.0 and 9.5 standard pH units.

7. General requirement. The hydrostatic testing water shall not contain dyes or have a visible sheen indicating the presence of petroleum products.

8. Any person who irrigates wastewater from a hydrostatic test may do so under this rule if the notification, filing fee and annual reporting requirements of paragraphs (14)(A)1., 2. and 4. are met and the irrigation does not result in any discharge to waters of the state. The quality of the irrigated wastewater is not required to meet the limits stated in paragraph (14)(A)6. of this rule.

9. The quality of wastewater from a hydrostatic test that is discharged directly to the Mississippi or Missouri Rivers must meet the limits stated in paragraph (14)(A)6. of this rule with the exception of pH which shall be within a range between 6 and 10.

(F) The department shall maintain records open to the public on all persons claiming coverage under permit by rule. Appeals of permits in accordance with 10 CSR 20-6.020(6) may be received by the department up to thirty (30) days from the date the department received notice from the discharger.

Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 60—Public Drinking Water Program
Chapter 4—Contaminant Levels and Monitoring

ORDER OF RULEMAKING

By the authority vested in the Safe Drinking Water Commission under section 640.100, RSMo Supp. 2003, the commission amends a rule as follows:

10 CSR 60-4.010 Maximum Contaminant Levels and Monitoring Requirements **is amended**.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on May 15, 2003 (28 MoReg 969–972). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective **January 30, 2004**.

SUMMARY OF COMMENTS: A public hearing on this amendment was held July 24, 2003 and the public comment period ended July 31, 2003. At the public hearing the department testified the purpose of the proposed rulemaking is to change the coliform sample holding time from forty-eight (48) hours to thirty (30) hours in order to be consistent with federal requirements at 40 CFR 141.21(f)(3) and for state health laboratories to retain certification. No written comments were received.

COMMENT: One (1) public comment was made during the public hearing. The commenter expressed a concern about the Department of Health and Senior Services' (DHSS) commitment to continue providing courier service in the light of possible budget cuts.
RESPONSE: The commission considered the comment and pointed out that during the information meeting a representative of DHSS stated that the courier service will continue to be a priority. The courier service is provided as a voluntary service to assist water system operators in meeting holding times but it is not required. Alternatives for delivering samples to the lab are available. Regardless of whether the courier service continues to be available or not, coliform samples must reach the lab in time for analysis to begin within thirty (30) hours of sample collection. No additional changes are made to the rule. It is adopted as proposed.

Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 60—Public Drinking Water Program
Chapter 5—Laboratory and Analytical Requirements

ORDER OF RULEMAKING

By the authority vested in the Safe Drinking Water Commission under section 640.100, RSMo Supp. 2003, the commission amends a rule as follows:

10 CSR 60-5.010 Accepted and Alternate Procedures for Analyses **is amended**.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on May 15, 2003 (28 MoReg 973). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective **January 30, 2004**.

SUMMARY OF COMMENTS: A public hearing on this amendment was held July 24, 2003 and the public comment period ended July 31, 2003. At the public hearing the department testified the purpose of the proposed rulemaking is to change the coliform sample holding time from forty-eight (48) hours to thirty (30) hours in order to be consistent with federal requirements at 40 CFR 141.21(f)(3) and for state health laboratories to retain certification.

COMMENT: One (1) public comment was received. The commenter expressed a concern about the Department of Health and Senior Services' commitment to continue providing courier service in the light of possible budget cuts.
RESPONSE: The commission considered the comment but believes that the courier service will continue to be a priority. No changes are made. The rule is adopted as proposed.

Title 11—DEPARTMENT OF PUBLIC SAFETY
Division 45—Missouri Gaming Commission
Chapter 9—Internal Control System

ORDER OF RULEMAKING

By the authority vested in the Missouri Gaming Commission under section 313.805, RSMo 2000, the commission amends a rule as follows:

11 CSR 45-9.030 Minimum Internal Control Standards **is amended**.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on June 16, 2003 (28 MoReg 1106–1109). Those sections of the Missouri Gaming Commission Minimum Internal Control Standards, MSIC 2003, also known as Appendix A with changes to the proposed amendment are reprinted here. The complete amended Appendix A is also available online at www.mgc.dps.mo.gov. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Missouri Gaming Commission ("commission") received written comments from The Missouri Gaming Company d/b/a Argosy Riverside Casino ("Argosy") and Harrah's Maryland Heights, LLC ("Harrah's"). A public hearing on this proposed amendment was held on July 30, 2003, and the public comment period ended July 15, 2003. At the public hearing no comments were received.

COMMENT: Harrah's commented that Chapter E, Section 4.06 would increase its average transaction time for paying jackpots. This increased transaction time would put Harrah's at a competitive disadvantage with competitors until Harrah's is able to implement a ticket in–ticket out slot payment system.
RESPONSE: The commission has determined that the requirements of Section 4.06 are necessary in order to adequately protect casino assets, so no changes have been made to the rule as a result of this comment. However, a casino that has implemented additional safeguards in its internal controls to protect assets may be eligible to apply to the commission for a variance from this section.

COMMENT: Argosy commented on Chapter E, Sections 3.05 and 4.07. Both sections refer to the Jackpot/Fill Form. Section 3.05 (Fill) uses the phrase "ensuring one is deposited in casino cage." Section 4.07 uses the phrase "ensuring one part is maintained in casino cage." Argosy recommends replacing the phrase in Section 3.05 with the similar phrase in Section 4.07 for purposes of clarity.
RESPONSE AND EXPLANATION OF CHANGE: The phrase as used in Section 4.07, "ensuring one part is maintained in casino cage," will replace the phrase in Section 3.05.

COMMENT: Argosy suggested that the provision in Chapter E, Section 15.10 that requires casino employees who balance the self-redemption kiosk to sign the currency cassette be changed by instead requiring the employees to sign daily paperwork.
RESPONSE: No changes have been made to the rule as a result of this comment. The currency cassette contains impressed funds, and physical signatures on the cassette itself are necessary for security purposes to identify and track persons who have opened the cassettes.

COMMENT: Argosy commented on Chapter E, Section 15.11, which requires that the cashier and supervisor who reconcile or balance a kiosk cannot be the same persons to fill and replenish the kiosk cassettes with currency. Argosy considers this provision burdensome in requiring additional staff to accomplish the balancing and filling processes. Argosy suggests alternate procedures involving alternating teams of cashier/supervisors, performing the count in the soft count room, or requiring at least one (1) team member to be changed from the previous day.
RESPONSE: The commission will attempt to balance the staffing issue raised by Argosy with the goal of ensuring the protection of assets by not changing Section 15.11, but instead amending Section 15.09 to allow the kiosk to be counted down and reconciled each time the kiosk is impressed, which will be at least every seven (7) days.

COMMENT: Commission staff commented that "key number" should be added to the list of sensitive key requirements in Chapter B, Section 3.01, since the previous MICS required that information and it was left out of the new provision in error.
RESPONSE AND EXPLANATION OF CHANGE: As a result of this comment and for further clarification, the language in Section 3.01 has been modified.

COMMENT: Commission staff commented on Chapter E, Section 1.04 that when communication boards are removed from a slot machine, the money and tokens should also be removed. Commission regulations require that electronic gaming devices be alarmed for security purposes. Therefore, removal of the alarm capability requires that funds also be removed from the machine.
RESPONSE AND EXPLANATION OF CHANGE: As a result of this comment and for further clarification, the language in Section 1.04 has been modified.

COMMENT: Commission staff commented on Chapter E, Section 1.07 that slot attendants should not work at the same time as change attendants, since for security purposes they should not be able to have access to the inside of slot machines and loose tokens from change banks at the same time.
RESPONSE AND EXPLANATION OF CHANGE: As a result of this comment and for further clarification, the language in Section 1.07 has been modified.

COMMENT: Commission staff commented on Chapter E, Section 1.08 that for purposes of clarity, existing technical standard requirements for slot machines should be enumerated.
RESPONSE AND EXPLANATION OF CHANGE: As a result of this comment and for further clarification, the language in Section 1.08 has been modified.

COMMENT: Commission staff commented on Chapter E, Section 1.12 that existing policy on revoked software in slot machines should be clarified, thereby providing information on procedures to follow when notified of software revocation and interpreting existing commission regulations.
RESPONSE AND EXPLANATION OF CHANGE: As a result of this comment and for further clarification, the language in Section 1.12 has been modified.

COMMENT: Commission staff commented on Chapter E, Section 4.04 that this section should be amended to match federal currency transaction reporting requirements.
RESPONSE AND EXPLANATION OF CHANGE: As a result of this comment and for further clarification, the language in Section 4.04 has been modified.

COMMENT: Commission staff commented that Chapter E, Sections 4.05, 4.07, 4.15, 6.01, 7.02, and 8.03 should be amended to correct several grammatical errors and add minor clarifying language.
RESPONSE AND EXPLANATION OF CHANGE: As a result of this comment and for further clarification, the language in Sections 4.05, 4.07, 4.15, 6.01, 7.02, and 8.03 have been modified.

COMMENT: Commission staff commented that Chapter E, Sections 6.07, 6.08, and 6.09 should be amended to restate existing commission policy regarding storage requirements for electronic gaming devices.
RESPONSE AND EXPLANATION OF CHANGE: As a result of this comment and for further clarification, the language in Sections 6.07, 6.08, and 6.09 have been modified.

COMMENT: Commission staff commented that Chapter E, Section 7.02 should identify proper R.A.M. clear procedures, in order to prevent inaccurate metering data.
RESPONSE AND EXPLANATION OF CHANGE: As a result of this comment and for further clarification, the language in Section 7.02 has been modified.

COMMENT: Commission staff commented that Chapter E, Section 9.05 should be changed to eliminate the requirement that casinos hold and maintain par sheet information, since it is now readily available on the Internet.
RESPONSE AND EXPLANATION OF CHANGE: As a result of this comment and for further clarification, the language in Section 9.05 has been modified.

COMMENT: Commission staff commented that Chapter E, Section 13.06 should be amended regarding conversion of progressive slot machines in order to be consistent with commission regulations.
RESPONSE AND EXPLANATION OF CHANGE: As a result of this comment and for further clarification, the language in Section 13.06 has been modified.

COMMENT: Commission staff commented that Chapter E, Sections 15.04 and 15.07 should have additional language added clarifying required security procedures necessary to ensure the protection of casino assets in redemption kiosks.
RESPONSE AND EXPLANATION OF CHANGE: As a result of this comment and for further clarification, the language in Sections 15.04 and 15.07 have been modified.

COMMENT: Commission staff commented that Chapter E, Section 15.15 should be added to document access to redemption kiosks in the same manner as already required for electronic gaming devices. This is necessary for security purposes because redemption kiosks contain currency.
RESPONSE AND EXPLANATION OF CHANGE: As a result of this comment and for further clarification, the language in Section 15.15 has been added.

Appendix A
CHAPTER B

3.01 A current and accurate key access list shall be maintained for each sensitive and critical sensitive key and a copy given to the MGC boat supervisor, and shall include the:

(A) name of the key;
(B) key number;
(C) location of the key;
(D) custodian of the key;
(E) quantity of the key(s); and
(F) job titles authorized to sign out the key and, if applicable, escort requirements and specific limitations.

CHAPTER E

1.04 All EGD main doors and reserve hopper and drop compartments will be alarmed and shall be locked when not opened for an authorized purpose. The alarm shall create an audible signal in the casino surveillance system and may be turned off only during the drop or any other time when approved by an MGC agent. EGDs and reserve hopper and drop compartments not communicating alarm signals shall not contain any coin, token, or currency.

1.07 Slot Attendants may sell tokens from an impressed wallet, provided that the tokens are wrapped. Slot Attendants are not allowed to sell loose tokens, nor may they work as change attendants at the same time as working as slot attendants.

1.08 All aspects of an EGD and any associated device/system, including all hardware and software, shall be subject to:

(A) testing by the Commission and/or an independent testing laboratory designated by the Commission, and
(B) review and approval by the Commission.

Testing shall, as applicable, include examination for adherence to the following technical standards (or their equivalent as approved by the MGC):

Gaming Devices in Casinos (GLI-11)*, et seq.;
Progressive Gaming Devices in Casinos (GLI-12)*, et seq.;
On-Line Monitoring and Control Systems (MCS) and Validation Systems in Casinos (GLI-13)*, et seq.;
Cashless Systems in Casinos (GLI-16)*, et seq.;
Bonusing Systems in Casinos (GLI-17)*, et seq.;
Promotional Systems in Casinos (GLI-18)*, et seq.;
Redemption Kiosks (GLI-20)*, et seq.; and
Missouri statutes, regulations, and minimum internal control standards.

*Standards established by Gaming Laboratories International, Inc.

The testing, review and approval process shall be required prior to the implementation of the device/system by a Class A licensee and following implementation, prior to any changes thereto, or at any other time the Commission deems appropriate, the costs for which shall be borne by the Class A licensee.

1.12 Class A licensees shall ensure EGD central processor units, slot machine interface boards, and the software thereon; main game program storage media (MGPSM); and any other associated component device, system, or software are currently approved for use in the state; and upon notification of any revocation of approval shall replace the revoked component, device, system, or software with that which is approved within the timeframe set forth by the MGC.

§ 2 Tokenized Machines

3.05 Hopper fill slips shall be generated manually at the casino cage or by the EGD computer monitoring system at other approved locations. Procedures shall include the sequence of the required signatures and distribution of each part of the form, ensuring that one part is maintained in the casino cage that is distributing the bag and one part accompanies the hopper fill to the EGD. The form shall include the following information:

(A) date and time;
(B) EGD location;
(C) denomination;
(D) EGD number;
(E) hopper fill amount (both alpha and numeric);
Note: Alpha is optional if another unalterable method is used for evidencing the amount of the hopper fill.
(F) signature line for the cashier preparing the hopper fill amount;
(G) signature line for the employee who performs the hopper fill;
(H) signature line for the employee who witnesses and verifies the hopper fill; and
(I) preprinted or computer generated sequential number.

4.04 Requirements for all single event Jackpot Payouts (not credit meter payout):
Jackpot Amounts:

$5,000–$10,000
$10,000.01–$24,999.99

4.05 (D) Surveillance shall be notified, by the licensee who is resetting the machine and will visually confirm reel positions for all jackpots of $5,000 or more prior to the machine being reset. An entry shall be made on the surveillance log by the surveillance employee who observed the reel positions.

4.07 Class A licensees will list specific steps in their internal controls to be followed for the jackpot payout form preparation, (paid from the cage or from the wallet), sequence of required signatures

and distribution of each part, ensuring that one part is maintained in the casino cage and one part accompanies the payout if the jackpot is initially paid from the cage. The form shall include the following:

(A) date and time;
(B) EGD number;
(C) EGD location;
(D) denomination;
(E) number of tokens played;
(F) dollar amount of jackpot (both alpha and numeric);
Note: Alpha is optional if another unalterable method is used for evidencing the amount of the jackpot.
(G) game outcome (including reel symbols, card values and suits, etc.);
(H) signature of cashier;
(I) signature of the winning guest; (Only required when a manual procedure or override must be used).
(J) signature of the employee paying the jackpot;
(K) signature of the employee verifying and witnessing the payout; and
(L) preprinted or computer generated sequential number.

4.15 Class A licensees will take reasonable action to identify, locate, and notify the proper owner of unclaimed jackpots, unclaimed credits on an EGD, EGD tokens found unattended in the gaming area, and EGD tickets regardless of where found.

6.01 The installation, conversion, removal, relocation, disposal, or movement of EGDs requires the submission of written notification to a MGC agent at least five days prior to the event and/or approval by the MGC boat supervisor.

6.07 All EGDs removed from the gaming floor shall:

(A) contain no loose or unaccounted token, currency, tickets, or coupons;
(B) have the seals on the CPU compartment and MGPSM broken and removed as soon as an MGC agent is available; and
(C) be stored in a manner approved by the MGC and as set forth in this chapter.

6.08 EGDs shall be stored either:

(A) On Property—in a secured containment area, access to which is limited to EGD/Slot Technicians or other employees as allowed by the MGC. EGDs may be stored with their central processor boards, main game program storage media (EPROM, CD-ROM, Flash Card, etc.), and bill validator stacker boxes installed; however, the CPU compartments and EGD main doors shall be locked; or
(B) Off Site—in a secured and alarmed storage facility, access to which is limited to EGD/Slot Technicians or other employees as allowed by the MGC. If EGD storage occupies only a portion of the secured and alarmed facility, the EGDs shall be stored within a separate, secured confinement area of the storage facility, access to which is limited to EGD/Slot Technicians or other employees as allowed by the MGC. EGDs may be stored with their central processor boards, main game program storage media (EPROM, CD-ROM, Flash Card, etc.), and bill validator stacker boxes installed; however, the CPU compartments and EGD main doors shall be locked.

6.09 EGDs may be temporarily staged in hallways, etc. immediately prior to their being placed onto or immediately after being removed from the gaming floor. Such staging, however, shall not exceed three days unless otherwise approved in writing by the MGC boat supervisor, and all EGDs so staged shall be monitored by surveillance cameras.

7.01 R.A.M. Clears shall be performed in accordance with the gaming device manufacturer's R.A.M. Clear procedures, utilizing, as applicable, approved R.A.M. Clear chips. R.A.M. Clear Slips shall be completed for all R.A.M. clears.

7.02 In the event of an EGD malfunction that necessitates the services of an EGD technician, all efforts to correct the problem shall be taken without resetting or "clearing" the R.A.M.

NOTE: If the machine is the subject of a patron dispute that cannot be resolved and the CPU will be removed for later testing by an independent testing laboratory designated by the MGC. A R.A.M. clear *shall not* be performed. For situations that require resetting or clearing the R.A.M., the following steps must be taken:

(A) the EGD supervisor and the MGC agent must be summoned and are required to witness the following actions prior to clearing any R.A.M.;
(B) the EGD technician shall record, on at least a two-part R.A.M. clearing slip, the reason for the R.A.M clear and all audit functions of the EGD. These functions must include, but are not limited to:

(1) reel positions or video display of at least the previous two game outcomes prior to the malfunction or dispute;

(2) the actual meter readings of the internal meters (hard and soft): tokens-in, tokens-out, tokens to drop, total credits wagered, total credits won, number of games played and jackpots paid. If the soft meter reading cannot be obtained the comparable reading from the on-line EGD computer monitoring system shall be recorded;

(3) the display in the progressive jackpot indicator if the EGD is a stand-alone or linked to a progressive; and
(C) One copy of this form shall be forwarded and maintained on file with the EGD supervisor, and one copy shall be forwarded to the accounting department.
(D) Any R.A.M. clear requires the EGD shall be tested utilizing U.S. coin, token, tickets, and U.S. currency, as applicable, by the MGC prior to use.

8.03 Class A licensees shall provide upon MGC request accurate and current theoretical hold worksheets for each EGD in service.

9.05 Class A licensees shall provide upon MGC request a par sheet for any MGPSM used.

13.06 If a progressive EGD is to be converted to a device of equal or lower denomination, the MGC boat supervisor shall be notified in writing of the conversion at least five days prior to such conversion. MGC will be notified of the amount in excess of the old base jackpot amount and whether this amount will be added to the new base jackpot amount or to an existing progressive jackpot already on the floor.

15.04 Communication controller electronics, components housing the communication program storage media (including interface ports), and the communication board for the validation system, comprise the logic area, which must:

(A) reside within its own locked compartment area with its own locking door; and/or
(B) include a security system, device, or protocol acceptable to the MGC that prevents the kiosk's control program from being written to or altered.

15.07 The kiosk logic compartment; the program software, once validated; and the security system, device, or protocol that prevents the kiosk's control program from being written to or altered; shall as necessary be sealed by an agent of the Commission and an agent must

be present to break the seal(s) when access is required to the compartment or the software housed therein.

15.09 Kiosks shall be maintained on an imprest basis on Main Bank accountability and shall be counted down and reconciled each time the kiosk is reimpressed which shall be at least every seven days.

15.15 All access to Redemption Kiosks shall be documented by the person who opened the kiosk on an EGD Entry Access Log (MEAL book), which shall be kept inside the kiosk at all times. The person who opens the kiosk and signs the EGD Entry Access Log (MEAL book) is responsible for all activity inside the kiosk. The person who opens the kiosk must be present the entire time the door is open. Kiosk EGD Entry Access Logs (MEAL books), shall be retained for at least one year after the kiosk is removed from service and disposed of by the Class A licensee and shall be archived in a manner that they can be immediately retrieved.

Title 11—DEPARTMENT OF PUBLIC SAFETY
Division 45—Missouri Gaming Commission
Chapter 30—Bingo

ORDER OF RULEMAKING

By the authority vested in the Missouri Gaming Commission under sections 313.065, RSMo 2000, the commission adopts a rule as follows:

11 CSR 45-30.540 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on June 16, 2003 (28 MoReg 1110). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Missouri Gaming Commission received three (3) comments on this rule. A public hearing on this proposed rule was held on July 30, 2003, and the public comment period ended July 15, 2003. At the public hearing no comments were received.

COMMENT: Mr. Wallace Gibbons, Camden County Senior Center, Camdenton, MO—Mr. Gibbons stated that he saw no reason for additional rules, enough safekeeping rules are already in effect.
RESPONSE: No changes have been made to the rule as a result of this comment.

COMMENT: Mr. Doug Bennets, VFW Post 473, 13801 Holmes Rd., Cabool, MO 65689—Approve of the rule but indicates that no penalty has been included for non-compliance.
RESPONSE: No changes have been made to the rule as a result of this comment.

COMMENT: Ms. Mary Magnuson, National Association of Fundraising Ticket Manufacturers—Ms. Magnuson states that the proposed rule does not specify that the approval is needed for each form (meaning a discrete payout with a unique form number). Nor does the rule appear to require the continued submission of the payout slip for the game. She believes that it would be helpful to clarify these items in the rule.
RESPONSE AND EXPLANATION OF CHANGE: Section (1) will be changed to specify that each form of a pull-tab game must be submitted for approval to be considered, also sections (1) & (2) will be changed to include the requirement that the payout sheet must accompany each pull-tab or coin/merchandise board being submitted for approval.

11 CSR 45-30.540 Approval of Bingo Paraphernalia

(1) Licensed manufacturers shall submit all pull-tab flares, five (5) pull-tabs, and a payout (profit) sheet for each form of the pull-tab, to the commission and obtain written approval from the commission prior to the delivery of such items to any licensed supplier to be made available for sale to organizations licensed to conduct bingo in this state.

(2) Licensed manufacturers shall submit all coin boards, excluding the actual coins and prizes, or legible artwork of the coin board, five (5) pull-tabs, and a payout (profit) sheet to the commission and obtain written approval from the commission prior to the delivery of such items to any licensed supplier to be made available for sale to organizations licensed to conduct bingo in this state.

Title 11—DEPARTMENT OF PUBLIC SAFETY
Division 45—Missouri Gaming Commission
Chapter 30—Bingo

ORDER OF RULEMAKING

By the authority vested in the Missouri Gaming Commission under sections 313.065, RSMo 2000, the commission adopts a rule as follows:

11 CSR 45-30.550 Licensee's Duty to Report and Prevent Misconduct **is adopted**.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on June 16, 2003 (28 MoReg 1110). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Missouri Gaming Commission received three (3) comments on this rule. A public hearing on this proposed rule was held on July 30, 2003, and the public comment period ended July 15, 2003. At the public hearing no comments were received.

COMMENT: Mr. Wallace Gibbons, Camden County Senior Center, Camdenton, MO—Mr. Gibbons stated that he saw no reason for the rule, this is a local police event.
RESPONSE: No changes have been made to the rule as a result of this comment.

COMMENT: Mr. Doug Bennets, VFW Post 473, 13801 Holmes Rd., Cabool, MO 65689—Approve of the rule but indicates that no penalty has been included for non-compliance.
RESPONSE: No changes have been made to the rule as a result of this comment.

COMMENT: Ms. Mary Magnuson, National Association of Fundraising Ticket Manufacturers—Ms. Magnuson states that the proposed rule is written in such a way that it seems to apply mostly to licensed bingo organizations and their obligation to report violations or misconduct. However, because suppliers and manufacturers are also licensees, the rule would encompass reports from those entities and their employees. Given the competitive nature of the industry, she has concerns that including suppliers and manufacturers (and their employees) within the rule will result in a significant number of reports being made for competitive reasons. Ms. Magnuson further states that this could cause commission staff to spend a significant amount of time evaluating rumors and false accusations made by one (1) company against another solely to gain a competitive edge. She asked that consideration be given to replacing "licensee" with

"licensed bingo organization" throughout the rule so that the reporting requirement applies only to the organizations.
RESPONSE: No changes have been made to the rule as a result of this comment.

The Secretary of State is required by sections 347.141 and 359.481, RSMo 2000 to publish dissolutions of limited liability companies and limited partnerships. The content requirements for the one-time publishing of these notices are prescribed by statute. This listing is published pursuant to these statutes. We request that documents submitted for publication in this section be submitted in camera ready 8 1/2" x 11" manuscript.

NOTICE OF DISSOLUTION TO ALL CREDITORS OF AND CLAIMANTS AGAINST H.E.I., INC.

On October 23, 2003, H.E.I., Inc. filed its Articles of Dissolution with the Missouri Secretary of State. The dissolution was effective on that date.

You are hereby notified that if you believe you have a claim against H.E.I., Inc., you must submit a summary in writing of the circumstances surrounding your claim to the corporation at 9764 Lee Drive, Hillsboro, Missouri 63050. The summary of your claim must include the following information:

1. The name, address and telephone number of the claimant.
2. The amount of the claim.
3. The date on which the event on which the claim is based occurred.
4. A brief description of the nature of the debt or the basis for the claim.

All claims against H.E.I., Inc. will be barred unless the proceeding to enforce the claim is commenced within two years after the publication of this notice.

NOTICE OF DISSOLUTION TO ALL CREDITORS OF AND CLAIMANTS AGAINST D.J.H., INC.

On October 23, 2003, D.J.H., Inc. filed its Articles of Dissolution with the Missouri Secretary of State. The dissolution was effective on that date.

You are hereby notified that if you believe you have a claim against D.J.H., Inc., you must submit a summary in writing of the circumstances surrounding your claim to the corporation at 9764 Lee Drive, Hillsboro, Missouri 63050. The summary of your claim must include the following information:

1. The name, address and telephone number of the claimant.
2. The amount of the claim.
3. The date on which the event on which the claim is based occurred.
4. A brief description of the nature of the debt or the basis for the claim.

All claims against D.J.H., Inc. will be barred unless the proceeding to enforce the claim is commenced within two years after the publication of this notice.

Notice of Corporate Dissolution
To All Creditors of and
Claimants Against
Construction Plastics of Kansas City, Inc.

On July 17, 2001, CONSTRUCTION PLASTICS OF KANSAS CITY, INC., a Kansas corporation, filed its Articles of Dissolution with the Kansas Secretary of State. Dissolution was effective on July 17, 2001.

Said corporation requests that all persons and organizations who have claims against it present them immediately by letter to the corporation at:

Construction Plastics of Kansas City, Inc.
C/o VanOsdol, Magruder, Erickson & Redmond, P.C.
911 Main St., Ste. 2400
Kansas City, MO 64105

All claims must include the name and address of the claimant, the amount claimed, the basis for the claim, and the date(s) on which the event(s) on which the claim is based occurred, a brief description of the nature of the debt or the basis for the claim.

NOTICE: Because of the dissolution of CONSTRUCTION PLASTICS OF KANSAS CITY, INC., any claims against it will be barred unless a proceeding to enforce the claim is commenced within two years after the publication date of the two notices authorized by statute, whichever is published last.

NOTICE OF LIMITED LIABILITY COMPANY DISSOLUTION TO ALL CREDITORS AND CLAIMANTS AGAINST LATCHAM MANAGEMENT COMPANY, LLC

Latcham Management Company, LLC, a Missouri professional corporation, was dissolved on the 24th day of March, 2003, by filing a Notice of Winding Up with the Missouri Secretary of State. In accordance with the filing of the Notice of Winding Up, any and all claims against Latcham Management Company, LLC should be sent by mail to William B. Prugh, c/o Shughart Thomson & Kilroy, P.C., 120 W. 12th Street, Suite 1700, Kansas City, Missouri 64105. Each claim should include the following:

(1) The name, address and telephone number of the claimant;

(2) The amount of the claim;

(3) The basis of the claim;

(4) The date the claim arose.

Any and all claims against Latcham Management Company, LLC will be barred unless a proceeding to enforce the claim is commenced within three (3) years after the date of the publication of this Notice.

Notice of Winding Up of Limited Liability Company To All Creditors of and Claimants Against Sharon Anderson & Company, L.L.C.

On September 29, 2003, Sharon Anderson & Company, L.L.C., a Missouri Limited Liability Company, filed its Articles of Dissolution with the Missouri Secretary of State. The dissolution of Sharon Anderson & Company, L.L.C. was effective on that date. You are hereby notified that if you believe you have a claim against Sharon Anderson & Company, L.L.C., you must submit the claim to Sharon Anderson & Company, L.L.C., c/o Mark S. Samila, Kahn, Dees, Donovan & Kahn, LLP, 501 Main Street, Fifth•Main Financial Plaza, Suite 305, P. O. Box 3646, Evansville, Indiana 47735-3646.

All claims must include: The name and address of the claimant; the amount claimed; the basis of the claim; the date(s) on which the event occurred which provided the basis for the claim; and copies of any supporting data. Any claim against Sharon Anderson & Company, L.L.C. will barred unless a proceeding to enforce the claim is commenced within three (3) years after the publication of this notice.

NOTICE OF DISSOLUTION TO ALL CREDITORS OF AND CLAIMANTS AGAINST W.G.H., INC.

On October 23, 2003, W.G.H., Inc. filed its Articles of Dissolution with the Missouri Secretary of State. The dissolution was effective on that date.

You are hereby notified that if you believe you have a claim against W.G.H., Inc., you must submit a summary in writing of the circumstances surrounding your claim to the corporation at 9764 Lee Drive, Hillsboro, Missouri 63050. The summary of your claim must include the following information:

1. The name, address and telephone number of the claimant.
2. The amount of the claim.
3. The date on which the event on which the claim is based occurred.
4. A brief description of the nature of the debt or the basis for the claim.

All claims against W.G.H., Inc. will be barred unless the proceeding to enforce the claim is commenced within two years after the publication of this notice.

This cumulative table gives you the latest status of rules. It contains citations of rulemakings adopted or proposed after deadline for the monthly Update Service to the *Code of State Regulations*, citations are to volume and page number in the *Missouri Register*, except for material in this issue. The first number in the table cite refers to the volume number or the publication year—26 (2001), 27 (2002) and 28 (2003). MoReg refers to *Missouri Register* and the numbers refer to a specific *Register* page, R indicates a rescission, W indicates a withdrawal, S indicates a statement of actual cost, T indicates an order terminating a rule, N.A. indicates not applicable, RUC indicates a rule under consideration, and F indicates future effective date.

STANDARD FORMAT FOR RULES

(1) Section
(A) Subsection
1. paragraph
A. subparagraph
(I) part
(a) subpart
I. item
a. subitem
(B) Subsection

Section 536.021.2(3), RSMo requires that the notice of rulemaking shall contain ". . . the entire text of any affected section or subsection of an existing rule. . . . " Therefore, when you file an amendment, please include all language in the text of the rule from section (1) and subsection "(A)" to subitem "a." If there are no changes to subsection (B), it may be omitted from the proposed amendment.
