4 CSR 220-3.040 Return and Reuse of Drugs and Devices is amended.

SUMMARY OF COMMENTS: One (1) comment was received.

COMMENT: The commenter appreciated the board's interest in updating the Return and Reuse Drug program (the Program) to keep current with market trends, however, suggested the board retain packaging criteria that continues to protect patients from tampering and mishandling of drugs. The commenter suggested that paragraph (2)(D)4. be omitted because it does not provide this level of protection. Only drug products repackaged in sealed tamper-evident packaging can ensure the necessary safety and stability of the returned drug. The commenter suggested that the Program should not include drugs purchased originally by or for Medicaid patients and the reused drugs should not be dispensed to Medicaid patients. This would prevent "double dipping" on manufacturer Medicaid rebates. Some states have included language stipulating "No drug dispensed through [the Program] shall be eligible for reimbursement from the Medicaid Pharmacy Program." It was also strongly suggested that the Program rules include language exempting manufacturers from liability for claims or injuries arising from the transfer of drugs pursuant to the Program. The rationale for this change is that the returned drugs have been completely out of the manufacturer's control. Therefore, manufacturers should not be held legally responsible for harm that is caused by changes to the drug that have occurred after the drug was dispensed the first time. The commenter proposed the board amend the program rules with the following language: "No pharmaceutical manufacturer shall be liable for any claim or injury arising from the transfer of any prescription drug pursuant to the provisions of this section, including but not limited to liability for failure to transfer or communicate product or consumer information regarding the transferred drug, as well as the expiration date of the transferred drug." RESPONSE: The board discussed the comment during a recent conference call, however, no change was made to the text of the rule based on the comments received.

SUMMARY OF COMMENTS: One (1) comment was received by the committee from the National Association of Social Workers-Missouri Chapter (NASW-Missouri).

COMMENT: NASW-Missouri stated that social workers not only have an ethical responsibility to protect the confidentiality of the client's information, but also must respect and adhere to the federal and state laws governing their profession and practice around the issue. The federal government has authorized the HIPAA rules and regulations, which would need to be considered for the transfer of confidential information with a client. NASW-Missouri recommended the following language: "A licensed social worker, provisional licensed social worker, temporary permit holder and registrant shall not forward to another person, agency or potential employer any confidential information without the written consent of the client(s) or their legal guardian(s) not shall they violate any laws or regulations of this state or the federal government with respect to this information."

RESPONSE: The division concurred and amended section (5).

**Title 20—DEPARTMENT OF INSURANCE
Division 400—Life, Annuities and Health
Chapter 7—Health Maintenance Organizations**

ORDER OF RULEMAKING

By the authority vested in the director of the Missouri Department of Insurance under section 374.045, RSMo 2000, the director amends a rule as follows:

20 CSR 400-7.095 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on June 15, 2004 (29 MoReg 986-992). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Missouri Department of Insurance (MDI) received five (5) comments on the proposed amendment.

COMMENT: The MDI received four (4) comments regarding the provisions of (1)(I)1.D., asking that the regulation specify that children's hospitals are excluded from the basic hospital enrollee access rate, and not all enrollee access rates.

RESPONSE AND EXPLANATION OF CHANGE: The MDI agrees with this comment. Therefore, the provisions of (1)(I)1.D. have been changed accordingly.

COMMENT: The MDI received two (2) comments regarding the provisions of (2)(A), asking the MDI to eliminate the requirement for an annual filing, in that provider networks do not change substantially from year to year, and accrediting organizations review accredited HMOs every other year or every three (3) years.

RESPONSE: At this time, MDI finds that provider networks continue to change on a basis frequent enough to warrant an annual filing. In addition, legislative changes that affect provider networks have historically occurred every year. Therefore, no change has been made in response to this comment.

COMMENT: The MDI received two (2) comments regarding the provisions of (2)(A)1.C., asserting that because an HMO must already demonstrate adequate access according to the standards of this rule when filing a request for a service area expansion, the language of this provision is redundant.

RESPONSE: The MDI respectfully disagrees. New service areas have been reviewed by neither the accrediting body nor the MDI in a manner consistent with this rule. Therefore, no changes have been made in response to this comment.

COMMENT: The MDI received one (1) comment regarding the provisions of (2)(A)3.A.(I), which stated that the language of this part should be clarified to better express the department's intent that triage, treatment, and transfer protocols need to cover post-emergency situations when members have received emergency care from a non-participating provider.

RESPONSE AND EXPLANATION OF CHANGE: The MDI agrees with this comment. Therefore, the provisions of (2)(A)3.A.(I) have been changed accordingly.

COMMENT: The MDI received two (2) comments regarding the provisions of (2)(A)3.E. One (1) comment asked the MDI to define the word "reasonable" in that provision. Another comment stated that the provisions of the subparagraph require access to providers of non-covered services, amounting to mandatory access to any provider not listed in Exhibit A of this rule.

RESPONSE AND EXPLANATION OF CHANGE: The MDI declines to change the proposed language as it relates to the use of the word "reasonable." In a previous proposal, the MDI included a definition of "reasonable" that is applied when a consumer complains to the department about access to care. The inclusion of that language generated much opposition. The currently proposed language incorporates the agreement that the MDI reached with those parties objecting to the previously proposed language. Therefore, no change has been made in response to that comment.

The MDI agrees with the second comment that this rule should not act to impose coverage mandates with no legislative basis. Therefore, the provisions of (2)(A)3.E. have been changed accordingly.

COMMENT: The MDI received one (1) comment asking that the provisions of (2)(B)1. be changed such that the MDI would be able to allow more than thirty (30) days' time if the replacement of one (1) accreditation with a renewed or alternative accreditation is in progress, but will not be finalized within thirty (30) days.

RESPONSE AND EXPLANATION OF CHANGE: The MDI agrees with this comment. Therefore, the provisions of (2)(B)1. have been changed accordingly.

COMMENT: The MDI received two (2) comments regarding the provisions of (2)(B)2., stating that the term “significant,” as used in that paragraph, was subjective and undefined.

RESPONSE AND EXPLANATION OF CHANGE: The MDI agrees with this comment. Therefore, the provisions of (2)(B)2. have been changed and clarified accordingly.

COMMENT: The MDI received one (1) comment regarding the provisions of (3)(B). The writer of this comment stated that the language of this subsection is ambiguous and seems to represent an additional review process, which should be eliminated.

RESPONSE: The MDI respectfully disagrees, in that the proposed subsection states the actions that the MDI currently takes with regard to its review process. Therefore, no change has been made in response to this comment.

COMMENT: The MDI received one (1) comment regarding the provisions of (4)(C)1.B., stating that the provisions of this subparagraph repeat a requirement to assure adequate access to care, and is, therefore, unnecessary.

RESPONSE: The MDI does receive complaints related to this issue, and the proposed language serves to state the manner in which the MDI interprets the law. Therefore, no change has been made in response to this comment.

COMMENT: The MDI received two (2) comments regarding the provisions of (4)(C)1.C. One (1) comment asked the MDI to further define the term “reasonable.” One (1) comment noted that the language appears to erroneously require access to any health care provider, regardless of plan coverage options.

RESPONSE: As stated above, the current proposal reflects the MDI’s agreement with various parties regarding the meaning of the word “reasonable.” The other comment appears to address the language of a withdrawn proposal. Therefore, no change has been made in response to this comment.

EXPLANATION OF ADDITIONAL CHANGES: Based upon internal discussions and review, the proposed amendment has been modified. The word “reasonable” in the second sentence of subparagraph (2)(A)3.E. was changed to “unreasonable.” The department wants to assure that access to in-network providers is provided in a reasonable time frame, such that any delays in accessing them are not unreasonable. The change more accurately reflects the language of section 354.603, RSMo.

Additionally, the second sentence in part (3)(A)1.B.(IV) was changed to refer to “the exception provided for in this part, ...” instead of “in this section.” The department wanted to clarify this technical referencing error.

Finally, it was noted by the department that Exhibit B lacked the signature line for the notary’s signature at the end of the affidavit. A signature line has, therefore, been added.

The access plan must contain the following information for each managed care plan to which it applies:

1. Pursuant to section 354.603.2(1), RSMo, either:

A. Information regarding the participating providers in each managed care plan’s network and the enrollees covered by each managed care plan in a format to be determined by the department including, but not limited to, the following:

(I) The name, address where medical care is provided, zip code, professional license number or other unique identifier as assigned by the appropriate licensing or oversight agency, and specialty, degree or type of each provider;

(II) Whether or not the provider is a closed practice provider, as defined in subsection (1)(C) of this regulation, above; and

(III) The number of enrollees by either work or residence zip code in each managed care plan to which the access plan applies;

B. Proof of accreditation identifying the accredited entity and an affidavit in the form contained in Exhibit B, which is included herein, certifying that the managed care plan to which the affidavit applies has met one (1) or more of the following standards:

(I) The managed care plan is a Medicare+Choice (M+C) or successor coordinated care plan operated by the HMO pursuant to a contract with the federal Centers for Medicare and Medicaid Services;

(II) The managed care plan is accredited by the National Committee for Quality Assurance (NCQA), or successor organization, at a level of “accredited” or better, and such accreditation is in effect at the time the access plan is filed;

(III) The managed care plan’s network is accredited by the Joint Commission on the Accreditation of Healthcare Organizations (JCAHO), or successor organization, at a level of “accredited” or better, and such accreditation is in effect at the time the access plan is filed. The presence of any Type I recommendations for standards related to access to care shall prevent JCAHO accreditation from fulfilling the requirements of this part. The department shall annually review current JCAHO requirements and identify the specific JCAHO standards that address access to care. The department will annually notify all HMOs of those JCAHO standards that address access to care;

(IV) The managed care plan is accredited by the utilization review accreditation commission (URAC), or successor organization, at a level of full URAC Health Plan accreditation, and such accreditation is in effect at the time the access plan is filed; or

(V) The managed care plan or its network is accredited by any other nationally recognized managed care accrediting organization, similar to those above, that is approved by the department prior to the filing of the access plan, and such accreditation is in effect at the time the access plan is filed. Requests for approval of another nationally recognized managed care accrediting organization must be submitted to the department no later than October 15 of the year prior to the year the access plan is filed;

C. If the managed care plan’s service area has expanded beyond that which was in effect at the time the current accreditation was awarded, then the department may request additional data on that

service area expansion pursuant to the provisions of (2)(A)1.A., above.

2. Pursuant to section 354.603.2(2) through (8), RSMo, a written description with any relevant supporting documentation addressing each of the requirements set forth in that statute.

3. Pursuant to section 354.603.2(9), RSMo, the following information:

A. For all managed care plans, information demonstrating that:

(I) Emergency medical services—A written triage, treatment and transfer protocol for all ambulance services and hospitals is in place. The protocol shall address post-emergency situations when members have received emergency care from a non-participating provider;

(II) Home health providers—Home health providers are contracted to serve enrollees in each county where enrollment is reported. A home health provider need not be physically located or headquartered in each county. However, there must be at least one (1) home health provider under contract to serve enrollees in each county if the need arose; and

(III) Administrative measures are in place which ensure enrollees timely access to appointments with the medical providers listed in Exhibit A, based on the following guidelines:

(a) Routine care, without symptoms—within thirty (30) days from the time the enrollee contacts the provider;

(b) Routine care, with symptoms—within one (1) week or five (5) business days from the time the enrollee contacts the provider;

(c) Urgent care for illnesses/injuries which require care immediately, but which do not constitute emergencies as defined by section 354.600, RSMo—within twenty-four (24) hours from the time the enrollee contacts the provider;

(d) Emergency care—a provider or emergency care facility shall be available twenty-four (24) hours per day, seven (7) days per week for enrollees who require emergency care as defined by section 354.600, RSMo;

(e) Obstetrical care—within one (1) week for enrollees in the first or second trimester of pregnancy; within three (3) days for enrollees in the third trimester. Emergency obstetrical care is subject to the same standards as emergency care, except that an obstetrician must be available twenty-four (24) hours per day, seven (7) days per week for enrollees who require emergency obstetrical care; and

(f) Mental health care—telephone access to a licensed therapist shall be available twenty-four (24) hours per day, seven (7) days per week.

B. For all managed care plans, a section demonstrating that the entire network is available to all enrollees of a managed care plan, including reference to contracts or evidences of coverage that clearly state the entire network is available and describing any network management practices that affect enrollees' access to all participating providers;

C. For employer specific networks, a section demonstrating that the group contract holder agreed in writing to the different or reduced network. An employer specific network is subject to the standards in this rule;

D. For all managed care plans, a listing of the product names used to market those plans;

E. For all managed care plans, written policies and procedures to assure that, with regard to providers not addressed in Exhibit A of this regulation, access to providers is reasonable. For otherwise covered services, the policies and procedures must show that the HMO will provide out-of-network access at no greater cost to the enrollee than for access to in-network providers if access to in-network providers cannot be assured without unreasonable delay; and

F. Any other information the department may require.

(B) Updates to annual filing—An HMO must file an updated access plan for a managed care plan if, at any time between the time annual access plan filings are due, one (1) of the following occurs:

1. If an affidavit was submitted for a managed care plan pursuant to the provisions of (2)(A)1.B., above, and the accreditation specified in the affidavit is no longer in effect, the HMO must file, within thirty (30) days of the date such accreditation is no longer in effect, or such longer period of time as the department determines is reasonable, either:

A. Network and enrollee information for the managed care plan as required by the provisions of (2)(A)1.A., above; or

B. If the accreditation has been replaced by alternative acceptable accreditation, an affidavit as required by the provisions of (2)(A)1.B., above.

2. If changes in the network or in the number or location of enrollees cause an accredited managed care plan not to meet any of the distance standards set forth in Exhibit A, the HMO must file, within thirty (30) days of such changes, updated network and enrollee information as required.

3. If network and enrollee information was submitted for a managed care plan pursuant to the provisions of (2)(A)1.A., above, and changes in the network or number of enrollees may cause the managed care plan not to meet any of the distance standards set forth in Exhibit A, the HMO must file, within thirty (30) days of such changes, updated network and enrollee information as required by the provisions of (2)(A)1.A., above.

(3) Evaluation of Access Plans.

(A) For the information submitted pursuant to section 354.603.2(1), RSMo, the information will be evaluated as follows:

1. If information regarding a managed care plan's network and enrollees is submitted, the department will calculate the enrollee access rate for each type of provider in each county in the HMO's approved service area to determine if the average enrollee access rate for each county and the average enrollee access rate for all counties is greater than or equal to ninety percent (90%). In calculating the enrollee access rate for a managed care plan, the department will give consideration to the following:

A. Tertiary services may be contracted at one (1) hospital, or among multiple hospitals; and

B. With the department's approval, a managed care plan's network may receive an exception for one (1) or more of the distance standards set forth in Exhibit A under the following circumstances:

(I) Quality of care exception—An exception may be granted if the managed care plan's access plan is designed to significantly enhance the quality of care to enrollees, demonstrates that it does in fact enhance the quality of care, and imposes no greater cost on enrollees than would be incurred if they had access to contracted, participating providers as otherwise required under this rule;

(II) Noncompetitive market exception for PCPs and pharmacies—In the event an HMO can demonstrate to the department that there is not a competitive market among PCPs and/or pharmacies who meet the HMO's credentialing standards, and who are qualified within the scope of their professional license to provide appropriate care and services to enrollees, the department may grant an exception for the managed care plan's network that doubles the distance standard indicated in Exhibit A for PCPs or pharmacies;

(III) Noncompetitive market exception for other provider types—If no provider (exclusive of PCPs and pharmacies) of the appropriate type provides services to enrollees of a managed care plan in a county within the distance standards indicated in Exhibit A, an exception may be granted if the HMO can demonstrate that no fewer than ninety percent (90%) of the population of that county (or, at the HMO's discretion, ninety percent (90%) of the enrollees residing or working in the county) have access to a participating provider of the appropriate type, which provider is located no more than twenty-five (25) miles further than the provider closest to that county;

(IV) Staff or Independent Practice Association (IPA) Model exception—An exception may be granted for those health care services provided to enrollees of the managed care plan if substantially all of those services are provided by the HMO to its enrollees

through qualified full-time employees of the HMO or qualified full-time employees of a medical group that does not provide substantial health care services other than on behalf of such HMO. In order to qualify for the exception provided for in this part, an HMO must demonstrate that all or substantially all of the type of health care services in question are provided by full-time employees, that enrollees have adequate access to such health care services as described in the provisions of (2)(A)3.A., above, and that the contract holder was made aware of the circumstances under which such services were to be provided prior to the decision to contract with the HMO for that managed care plan; or

(V) Use of physician extenders—If there is insufficient availability of physicians of the appropriate type providing services to enrollees of a managed care plan in a county within the distance standards indicated in Exhibit A, an exception may be granted for the use of physician extenders. The HMO must demonstrate that enrollees residing or working in the county may access a participating provider who may be either a physician or an advanced practice nurse rendering care under a collaborative agreement pursuant to 4 CSR 200-4.200, and in accordance with the provider contracts and health benefit plans of the HMO. An exception may be granted for other types of physician extenders in addition to advanced practice nurses if information is submitted justifying, to the satisfaction of the department, that the other types of physician extenders are able to provide the appropriate services within the scope of their license, and in accordance with the provider contracts and health benefit plans of the HMO.

2. If an affidavit is submitted, the department will review it to make sure that it meets all the requirements of Exhibit B. If the access plan is a consolidated access plan including information for more than one (1) managed care plan, the department will also review the affidavit for the following:

A. An affidavit that relies upon a managed care plan being an M+C or successor coordinated care plan will only apply to the specific managed care plan that is such a plan. All other managed care plans included in the access plan must be accompanied by either network information pursuant to the provisions of (2)(A)1.A., above, or an affidavit indicating they are otherwise accredited pursuant to the provisions of (2)(B)1.B., above;

B. An affidavit that relies upon a managed care plan being accredited by the NCQA, or successor organization, will only apply to the specific managed care plan included with the accreditation. All other managed care plans included in the access plan must be accompanied by either network information pursuant to the provisions of (2)(A)1.A., above, or an affidavit indicating they are otherwise accredited pursuant to the provisions of (2)(B)1.B., above;

C. An affidavit that relies upon a managed care plan's network being accredited by the JCAHO, or successor organization, will only apply to that portion of the managed care plan's network that is included within the accreditation. For the remainder of the network, either network information pursuant to the provisions of (2)(A)1.A., above, or an affidavit indicating the remaining network is otherwise accredited pursuant to the provisions of (2)(B)1.B., above, must be submitted. All other managed care plans included in the access plan must be accompanied by either network information pursuant to the provisions of (2)(A)1.A., above, or an affidavit indicating they are otherwise accredited pursuant to the provisions of (2)(B)1.B., above;

D. An affidavit that relies upon a managed care plan being accredited by URAC, or successor organization, will only apply to the specific managed care plan included with the accreditation. All other managed care plans included in the access plan must be accompanied by either network information pursuant to the provisions of (2)(A)1.A., above, or an affidavit indicating they are otherwise accredited pursuant to the provisions of (2)(B)1.B., above;

E. An affidavit that relies upon a managed care plan being accredited by any other nationally recognized managed care accrediting organization, similar to those above, will only apply to the specific managed care plan included with the accreditation. All other

managed care plans included in the access plan must be accompanied by either network information pursuant to the provisions of (2)(A)1.A., above, or an affidavit indicating they are otherwise accredited pursuant to the provisions of (2)(B)1.B., above.

If granted, the SPE Certificates will authorize these individuals to qualify as drivers of commercial motor vehicles (CMVs), in intrastate commerce only, without meeting the vision standard prescribed in 49 CFR 391.41(b)(10), if applicable, or the diabetes standard prescribed in 49 CFR 391.41(b)(3).

Public Participation

If you want us to notify you that we received your comments, please include a self-addressed, stamped envelope or postcard.

Background

The individuals listed in this notice have recently filed applications requesting MoDOT to issue SPE Certificates to exempt them from the physical qualification requirements relating to vision in 49 CFR 391.41(b)(10), or to diabetes in 49 CFR 391.41(b)(3), which otherwise apply to drivers of CMVs in Missouri intrastate commerce.

Under section 622.555, *Missouri Revised Statutes* (RSMo) Supp. 2002, MoDOT may issue a Skill Performance Evaluation Certificate, for not more than a two (2)-year period, if it finds that the applicant has the ability, while operating CMVs, to maintain a level of safety that is equivalent to or greater than the driver qualification standards of 49 CFR 391.41. Upon application, MoDOT may renew an exemption upon expiration.

Accordingly, the agency will evaluate the qualifications of each applicant to determine whether issuing a SPE Certificate will comply with the statutory requirements and will achieve the required level of safety. If granted, the SPE Certificate is only applicable to intrastate transportation wholly within Missouri.
