Title 1—OFFICE OF ADMINISTRATION Division 10—Commissioner of Administration Chapter 4—Vendor Payroll Deduction Regulations

ORDER OF RULEMAKING

By the authority vested in the commissioner of administration under sections 33.103, 536.010 and 536.023, RSMo Supp. 2004 and 370.395, RSMo 2000, the commissioner amends a rule as follows:

1 CSR 10-4.010 State of Missouri Vendor Payroll Deductions is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on September 15, 2003 (28 MoReg 1557–1559). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Office of Administration received one hundred sixty (160) comments on this proposed amendment.

COMMENT: Approximately one hundred fifty (150) employees sent form letters in support of the proposed rule.

RESPONSE: No changes were made to the rule as a result of these comments.

COMMENT: Paula Bentley, Executive Director of AFSCME Council 72, wrote in support of the proposed rule. Ms. Bentley commented that the Office of Administration has the legal authority to deduct service fees. Ms. Bentley commented that all workers benefit from collective bargaining. Finally, Ms. Bentley commented that the "amount of the fee authorized by the rule change would be the actual pro rata costs of the union's services."

RESPONSE: The rule is a technical clarification and does not authorize a fee. The rule does not address a specific amount for deductions. No changes were made to the rule as a result of this comment.

COMMENT: Senator John Russell commented that the rule ignores the present law and constitutional right of state employees to join or refrain from joining a union. Senator Russell expressed concern over the impact of the rule on the Veteran's Preference. Senator Russell also commented the administration seems to be doing away with the selection of new employees through the Merit System and, also, that the Office of Administration miscalculated the cost to the public and private citizens.

RESPONSE: The commissioner of the Office of Administration formally responded to Senator Russell's concerns in a letter dated October 17, 2003. The response stated that the Veteran's Preference remains unaffected by this rule or current labor agreements and the Merit System would not be changed or impacted in any way as a result of the proposed rule. Finally, the response clarified that the fiscal note is indeed accurate as it is a technical clarification on automatic deductions fees. The printing costs of deductions relating to union activities should be borne by the union and there is only a de minimus cost to process the deductions. No changes were made to the rule as a result of this comment.

COMMENT: Associated Industries of Missouri incorporated by reference the comments of Secretary of State Matt Blunt's September 9, 2003 letter. Associated Industries requested a public hearing. Associated Industries commented that the rule might be construed to permit the state to require consent as a condition of employment. The organization commented that the amendment might permit the state to deduct service fees where the employee consents under duress. Finally, Associated Industries cites section 130.028.2, RSMo which prohibits an employer from receiving or causing to be made a contribution from its employees except on the advance voluntary permission of the employee.

RESPONSE: The rule does not compel payment as a condition of employment nor does the rule address employment conditions. The regulation is an accounting regulation that provides a technical clarification within our accounting regulations. A 2002 opinion issued by the Missouri Ethics Commission addressed the issue of whether the Office of Administration is compelled to adhere to section 130.028.3, RSMo and determined, based on *Carpenter v. King*, 679 S.W.2d 866 (1984), that the state is not compelled to do so. No changes were made to the rule as a result of this comment.

COMMENT: A Fulton State Hospital employee wrote to Secretary of State Matt Blunt in agreement with the secretary's position on union service fees. The employee commented that he felt that the unions had been imposed on the employees. The employee expressed concern over the recruitment and retention of professional staff. The employee's letter was not a direct comment on the rule, but a response to a September 10, 2003 article in the *Fulton Sun* in which the secretary of state discussed his position on the collection of service fees.

RESPONSE: Secretary Blunt responded to the employee and informed him that the employee's letter would be forwarded to Commissioner White for inclusion with comments received during the comment period. No changes were made to the rule as a result of this comment.

Title 5—DEPARTMENT OF ELEMENTARY AND SECONDARY EDUCATION

Division 50—Division of School Improvement Chapter 345—Missouri School Improvement Program

ORDER OF RULEMAKING

By the authority vested in the State Board of Education under sections 161.092 and 168.081, RSMo Supp. 2003 and 162.081 and 167.131, RSMo 2000, the board adopts a rule as follows:

5 CSR 50-345.100 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on August 2, 2004 (29 MoReg 1183–1185). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Elementary and Secondary Education received four (4) comments to the proposed rule. One (1) comment pertains to the rule and three (3) comments addressed the Standards and Indicators used by the Missouri School Improvement Program (MSIP) which are incorporated by reference into the rule.

COMMENT: The proposed rule will cost three hundred thirty-five thousand two hundred twenty dollars (\$335,220). The original rule included a yearly cost of two thousand six hundred sixty-four dollars (\$2,664) which should have been twenty-six thousand six hundred forty dollars (\$26,640).

RESPONSE AND EXPLANATION OF CHANGE: The State Board has redefined the cost of the rule. The changes in the rule and the public fiscal note have been made and reprinted here for clarity.

COMMENT: The Standards and Indicators do not incorporate standards for reviewing A+ Schools in accordance with MSIP.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees that A+ School reviews should be conducted in accordance with MSIP. The State Board of Education has decided to add Standard 7.8 to the Standards and Indicators incorporated by reference: A+ designated high schools provide services to students in accordance with the requirements of the program. The change in the Standards and Indicators has been made and reprinted for clarity.

COMMENT: The following comments were received regarding Standard 6.9 that requires guidance as an integral part of the instructional program.

- In Indicator 6.9.1, guidance is not a "plan" it is a "program" just as math, science, business education, and health. Guidance is a written program aligned with Comprehensive School Improvement Plan (CSIP) goals and student data. "Comprehensive evaluation plan" makes it clearer as to what should be addressed.
- In Indicator 6.9.2, the curriculum needs to be "reviewed" annually, not necessarily "revised" annually. Any curriculum modifications made are based on relevant school data and the needs assessment as needed.
- In Indicator 6.9.3, there should be an emphasis on having a written education and career plan for all students.
- Indicator 6.9.4, should reflect the revised content standards which are aligned with the American School Counselor Association national standards.
- Indicator 6.9.5, should reflect that a comprehensive evaluation plan must look at program implementation, personnel, and program results

RESPONSE AND EXPLANATION OF CHANGE: Based upon the comments, the State Board of Education has decided to change the wording for Standards and Indicators 6.9.1, 6.9.2, 6.9.3, and 6.9.4 of the Integrated Standards and Indicators incorporated by reference. The changes in the Standards and Indicators have been made and reprinted for clarity. The suggestion to add "Comprehensive Evaluation Plan" to Indicator 6.9.5 is redundant, as it is already included in Indicator 6.9.1.

COMMENT: The following comments were submitted on behalf of feedback from school district administrators and department staff:

- Replace instructional "strategies" with instructional "activities" in Indicator 6.1.1.
- Renumber the indicators in Standard 6.2, 6.3, and 6.7 in order of broad topics followed by subtopics.
- Delete Standard 6.3.1 because it is covered in and is more appropriately placed in Standard 6.7.1.
- Include "socio-economic status" as a disaggregated group in Standard 6.2.3.
- Move Standard 6.3.4 to 6.2.2.
- Replace "accept responsibility" with "are accountable" in Standard 6.5.2.
- Standard 8.1.2 requires districts to conduct follow-up studies of its graduates during one (1) of the first two (2) years and the fifth year following graduation, and to conduct surveys of employers and colleges regarding how well the district has prepared students for work or postsecondary education. It is very time intensive and costly for districts to conduct two (2) follow-up studies on each of their graduates, and the data they collect beyond the second year after graduation is very minimal and often unreliable.
- Delete Standard 8.3.5 as it is included in 8.7.5.
- Update the foreword, introduction, and the information pertaining to updating Core Data.

RESPONSE AND EXPLANATION OF CHANGE: The State Board of Education agrees to accept the renumber changes to Standards 6.2, 6.3, and 6.7, to move standard 6.3.4 to 6.2.2, and to delete Standards 8.3.5 and 6.3.1 in the Integrated Standards and Indicators incorporated by reference. The State Board of Education has decided to change the wording of Standards 6.1.1, 6.2.3, 6.5.2, and 8.1.2, as well as the foreword, introduction, and section pertaining to Core Data updates in the Integrated Standards and Indicators incorporated by reference. The changes in the Standards and Indicators have been made and reprinted for clarity.

5 CSR 50-345.100 Missouri School Improvement Program

(1) This rule is to be effective July 1, 2006, and incorporated by reference and made a part of this rule the Missouri School Improvement Program (MSIP) Standards and Indicators Manual which is com-

prised of qualitative and quantitative standards for school districts. As referenced in the MSIP Standards and Indicators Manual, the standards are organized in three (3) sections—Resource Standards, Process Standards and Performance Standards. The standards are supported by appendices which include: the minimum graduation requirements, media standards for school learning resource centers, teacher certification requirements and assessment program standards. Anyone interested in viewing or requesting a copy of the MSIP Manual (Revised September 2004) may contact the School Improvement and Accreditation Section, 205 Jefferson Street, PO Box 480, Jefferson City, MO 65102-0480.

- (2) During each year, the Department of Elementary and Secondary Education (DESE) will select school districts which will be reviewed and classified in accordance with this rule, including the standards, with the appropriate scoring guide and forms and procedures outlined in the annual MSIP.
- (3) The State Board of Education (board) will assign classification designations of unaccredited, provisionally accredited and accredited based on the standards of the MSIP.
- (4) As a condition of receiving a classification designation other than unaccredited, each school district reviewed under MSIP must file, within sixty (60) days of the board's decision, a school improvement plan in a form specified by DESE and implement it in accordance with a specified schedule approved by DESE.
- (5) A school district's classification designation based on the standards of the MSIP will remain in effect until the board approves another designation. The board may consider changing a district's classification designation after its regularly scheduled review or upon its determination that the district has:
- (A) Failed to implement its school improvement plan at an acceptable level;
- (B) Implemented its school improvement plan substantially and, therefore, may qualify for a higher classification designation;
- (C) Employed a superintendent or chief executive officer without a valid Missouri superintendent's certificate in a K-12 school district; or employed a superintendent or chief executive officer without a valid Missouri superintendent's or elementary principal's certificate in a K-8 school district; and/or
- (D) Altered significantly the scope or effectiveness of the programs, services or financial integrity upon which the original classification designation was based.
- (6) A school district designated unaccredited by the board under the provisions of this rule will be liable for tuition and transportation for resident students legally transferring to another district pursuant to applicable state laws and regulations from the date of the action by the board through the end of the school year during which the board awards the district a designation of provisionally accredited or higher
- (7) Any school district which on June 30, 1997, or thereafter, has been classified unaccredited by the board in two (2) successive years will be subject to lapsing, pursuant to applicable state laws and regulations. A school district that is classified as unaccredited shall lapse on June 30 of the second full year after the school year during which the unaccredited classification is initially assigned.
- (8) A school district designated provisionally accredited twice sequentially or a school district designated provisionally accredited after being unaccredited will be designated provisionally accredited for three (3) years, at which time a re-review will be conducted. A district's accreditation designation may not be raised more than one (1) level during a re-review.
- (A) The board may lower a district's accreditation if a district fails to gain full accreditation after being designated provisionally accred-

ited twice sequentially; or after being designated provisionally accredited after being unaccredited and the district fails to make significant or consistent improvement in student achievement in order to gain accreditation.

(9) The board of education of any school district which is dissatisfied with the classification designation assigned by the board may request a hearing before the commissioner of education for the purpose of showing cause why its classification designation should be reconsidered. Each request must be submitted in writing within thirty (30) days of the board's classification designation, setting forth the specific reasons for the request, including any errors of fact upon which the board relied in making the classification designation. If the commissioner of education agrees that sufficient cause has been shown, s/he will request the board to reconsider the district's classification designation together with the additional or corrected information.

REVISED PUBLIC COST: This proposed rule is estimated to cost school districts three hundred thirty-five thousand two hundred twenty dollars (\$335,220) per year for the life of the rule and Department of Elementary and Secondary Education two hundred twenty thousand five hundred thirty-eight dollars (\$220,538) per year for the life of the rule with a combined total of five hundred fifty-five thousand seven hundred fifty-eight dollars (\$555,758) per year for the life of the rule.

Title 5—DEPARTMENT OF ELEMENTARY AND SECONDARY EDUCATION Division 50—Division of School Improvement Chapter 345—Missouri School Improvement Program

ORDER OF RULEMAKING

By the authority vested in the State Board of Education under sections 160.518, 160.545 and 161.092, 163.031, RSMo Supp. 2004 and 161.210, RSMo 2000, the board adopts a rule as follows:

5 CSR 50-345.200 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on August 2, 2004 (29 MoReg 1186-1187). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Elementary and Secondary Education received (1) comment related to the proposed rule.

COMMENT:

- The proposed regulation does not clearly state what parts of the MSIP review are waived as a result of the school and/or district meeting the prescribed conditions. Some sections describe waivers of the on-site MSIP review while other sections merely offer "waivers."
- Three (3) of the waivers are titled based on what the district/school must do to receive the waivers. Only subsection (1)(A) (MSIP On-Site Review) is titled for what is waived.
- The Hold Harmless waiver rule does not appear to be congruent with the Hold Harmless statute. The Hold Harmless statute provides Hold Harmless school districts with a summary waiver of "pupil testing requirements." We believe that requiring districts to meet the prescribed performance standards contradicts the districts' waiver regarding pupil testing.
- Clarify what is waived for an A+ High School that obtains a waiver under the proposed regulation.
- It is unclear where the term "exemplary school" originated. Statute 160.518.3 creates "Outstanding Schools Waivers" for schools that meet certain student performance criteria at exemplary levels.
- Remove the requirements in proposed sections (1)(C) and (1)(D) that require the school not be designated as a Priority School. The state will need to adopt a regulation actually defining "Priority School." It is improper to deny a school a waiver for being labeled a "Priority School" when the school does not know what factors are considered when naming Priority Schools.
- Rename the MSIP On-Site Waiver to Performance Waiver.
- Change the waiver definition for Hold Harmless districts to include "a waiver of all aspects of the MSIP review process."
- The "Waiver Checklist" title is misleading. The term checklist would seem to indicate that the standards and indicators that follow must be met in order to obtain a waiver.
- The "Application" section of the proposed regulation conveys that districts and schools must apply for the MSIP waivers. However, the actual wording indicates that waivers are granted by the commissioner, not applied for.
- Change the language for waiver criteria to "shall be granted a waiver of their next scheduled on-site MSIP review and Standards and Indicators review, except for the mandatory standards and indicators listed in section (3)."
- Change the title of the rule to "Standards and Indicators that May Not be Waived."

RESPONSE AND EXPLANATION OF CHANGE: All of the waivers outlined in the rule are on-site MSIP review waivers and are named based upon the level at which the waiver is granted (district or school) and based upon the additional criteria required for a waiv-

er to be granted at the school level. The waiver rule indicates that all of the MSIP on-site review process and all standards and indicators are waived, except those standards and indicators for which the district must be in statutory compliance (listed on the waiver checklist). The department agrees "Exemplary Schools Waiver" should be named the "Outstanding Schools MSIP Waiver" in keeping with statutory language. The State Board declines to allow Priority Schools to receive an MSIP waiver. The rule governing Priority Schools is currently in development and will correspond with the waiver rule. The department continues to increase the emphasis on student performance as part of MSIP and will not waive any performance standards. The term "Hold Harmless" used in the waiver rule is in conflict with the common term referring to the financial identification of districts as "Hold Harmless." Therefore, the department has concluded that the "Hold Harmless Waiver" shall be changed to "Other Waiver." The State Board declines to change the title to "Standards & Indicators that May Not be Waived." Based on the comment, the State Board agrees to reword the waiver rule to clarify the different types of waivers and their outcomes.
