SUMMARY OF COMMENTS: Even though no comments were received during the comment period, the department is amending the language due to new computer technology. The Department of Revenue can automatically check the Missouri driving records to verify no other offenses have been obtained by the client since the successful completion of a treatment or rehabilitation program. Thus, this language is no longer necessary.

9 CSR 30-3.206 SATOP Program Structure

(9) Criteria for Successful Completion of Treatment. When the assessment screening process indicates and if the person is eligible, certified alcohol and drug treatment and rehabilitation programs may also provide services for prior and persistent offenders. In addition, such persons, including first offenders who complete certified rehabilitation programs after being charged or adjudicated for their DWI offense but prior to their offender management unit (OMU) screening process, may substitute participation in these rehabilitation programs under certain conditions. In order to be recognized by SATOP as successfully completing treatment, the offender must have written verification from a certified treatment and rehabilitation program that he or she has—

(D) Individuals who complete approved programs at recognized treatment and rehabilitation programs may present documentation of such completion to an OMU. A subsequent SATOP screening is not required. The OMU will complete the Notice of Offender Assignment, Notice of Offender Compliance and SATOP Completion Certificate for those individuals. A supplemental fee must be collected for these individuals.
