

This section will contain the final text of the rules proposed by agencies. The order of rulemaking is required to contain a citation to the legal authority upon which the order of rulemaking is based; reference to the date and page or pages where the notice of proposed rulemaking was published in the *Missouri Register*; an explanation of any change between the text of the rule as contained in the notice of proposed rulemaking and the text of the rule as finally adopted, together with the reason for any such change; and the full text of any section or subsection of the rule as adopted which has been changed from that contained in the notice of proposed rulemaking. The effective date of the rule shall be not less than thirty (30) days after the date of publication of the revision to the *Code of State Regulations*.

The agency is also required to make a brief summary of the general nature and extent of comments submitted in support of or opposition to the proposed rule and a concise summary of the testimony presented at the hearing, if any, held in connection with the rulemaking, together with a concise summary of the agency's findings with respect to the merits of any such testimony or comments which are opposed in whole or in part to the proposed rule. The ninety (90)-day period during which an agency shall file its order of rulemaking for publication in the *Missouri Register* begins either: 1) after the hearing on the proposed rulemaking is held; or 2) at the end of the time for submission of comments to the agency. During this period, the agency shall file with the secretary of state the order of rulemaking, either putting the proposed rule into effect, with or without further changes, or withdrawing the proposed rule.

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under section 386.250, RSMo 2000 and section 392.200, RSMo Supp. 2007, the commission amends a rule as follows:

4 CSR 240-3.570 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on October 1, 2007 (32 MoReg 1910-1912). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: A public hearing on this proposed amendment was held November 1, 2007, and the public comment period ended November 1, 2007. Five (5) written comments were received and one (1) person testified at the hearing. Written comments were received from AT&T Missouri; US Cellular; the Missouri Telecommunications Industry Association (MTIA); and the staff of the Missouri Public Service Commission. The person testifying at the hearing was Adam McKinnie on behalf of the staff of the Missouri Public Service Commission. The commenters questioned the necessity to amend the rule at all, and suggested changes to paragraphs (4)(A)1., (4)(A)2., (4)(B)5., (4)(B)1. and 3., (4)(C)1., (4)(B)5., (4)(C)3., (4)(B)4. and (4)(C)2.

COMMENT #1: US Cellular commented that the rule appropriately requires both incumbents and competitors to report eligible telecommunications carrier (ETC) investment data. MTIA found the proposed amendment is unnecessary in general, as federal Universal Service Fund (USF) issues are in flux and in other rulemakings the commission is attempting to eliminate certain rules. While staff is hopeful that federal change is imminent, it asserts that the existing procedure should still be codified.

RESPONSE: The commission agrees that the existing procedure should be codified. No changes will be made based on these general comments.

COMMENT #2: MTIA asserted that it is difficult to determine which sections of the rule apply to what sort of carrier. Staff responded that the first three (3) subsections of section (4) are labeled to state which subsections apply to which type of carrier, and that the rules should only apply to carrier types listed in the headings.

RESPONSE: The commission agrees that the subsection headings in section (4) are sufficiently clear. No changes will be made based on these general comments.

COMMENT #3: 4 CSR 240-3.570(4)(A). Staff noted that this section codifies existing ETC certification procedures, and promotes parity, where appropriate, between different types of carriers.

RESPONSE: No changes are necessary as a result of this comment.

COMMENT #4: 4 CSR 240-3.570(4)(A)1. AT&T sought to have it clarified that this portion of the rule only applies to incumbent local exchange carriers (ILECs) that actually receive high cost support. AT&T suggests new clarification language.

RESPONSE: The section heading clearly imposes annual certification filing requirements when (re)certifying ILECs for the federal USF high cost program. If ILECs do not need or request commission certification, they will not be affected by this rule. No changes are necessary as a result of this comment.

COMMENT #5: 4 CSR 240-3.570(4)(A)2. US Cellular asserted that the phrase "in non-rural areas of Missouri" should be stricken from this portion of the rule; that the commission should affirmatively state that it has no ratemaking authority over wireless carriers; and that the commission may not directly compare wireless ETC rates to the nationwide urban benchmark.

RESPONSE AND EXPLANATION OF CHANGE: 47 CFR 54.316(a) requires state commissions to annually review the comparability of residential rates in rural areas of the state served by non-rural ILECs to urban rates nationwide. The federal regulation does not specify that the rate comparison is only applicable to ILECs, but specifies that the rate comparison will apply to those rural areas served by non-rural ILECs. Such a comparison does not imply the imposition of state ratemaking authority; a statement to that effect is unnecessary. The commission agrees that the phrase "in non-rural areas of Missouri" should be removed. The proposed amendment will be changed accordingly.

COMMENT #6: 4 CSR 240-3.570(4)(B)2. Staff supported the language of this section as it acknowledges the difference between the current funding mechanisms for ILECs (which receive funds based on past expenditures) and competitive eligible telecommunications carrier (CETCs) (which receive funds based on future expenditures).

RESPONSE: No changes are necessary as a result of this comment.

COMMENT #7: 4 CSR 240-3.570(4)(B)5. US Cellular commented that this portion of the rule should be changed to more closely reflect federal guidelines regarding CETCs and equal access.

RESPONSE: This paragraph was not altered as part of this current

amendment, and change does not appear to be necessary at this time. No changes will be made based on this comment.

COMMENT #8: 4 CSR 240-3.570(4)(B)1. and (4)(B)3. US Cellular commented that it is unfair that CETCs must demonstrate that support was expended only to "improve coverage, service quality, or capacity," whereas ILECs may expend funds on the provision, maintenance and upgrade of facilities.

RESPONSE: These paragraphs were not altered as part of this current amendment, and the commission remains convinced that the differences in the restrictions on spending are appropriate in light of the differences in the manner of funding. No changes will be made as a result of this comment.

COMMENT #9: 4 CSR 240-3.570(4)(C). Staff noted this section will codify existing procedures regarding the ILEC certification process.

RESPONSE: No changes are necessary as a result of this comment.

COMMENT #10: 4 CSR 240-3.570(4)(C)1. US Cellular requested that language in this section, specifically regarding meetings among CETCs, staff and the public counsel, be changed to exactly match similar language regarding ILECs.

RESPONSE: This paragraph was not altered as part of this current amendment, and the commission is not convinced that the language changes are necessary at this time. No changes will be made as a result of this comment.

COMMENT #11: 4 CSR 240-3.570(4)(C)3. MTIA asserted that this paragraph introduces costly new requirements. Staff responded at the hearing that this section merely codifies the current practice and will create no additional cost. Federal regulations require state commissions to certify that federal high cost support is used for the purposes intended by the Telecommunications Act. The current practice, to be codified in this amendment, is to require ILECs to submit documentation that support is used as permitted by federal law.

RESPONSE: No changes will be made to the rulemaking as a result of this comment.

COMMENT #12: 4 CSR 240-3.570(4)(B)4. and 4 CSR 240-3.570(4)(C)2. AT&T asserted that these parts of the rule should be withdrawn, as what constitutes an acceptable expenditure is governed by federal criteria already incorporated elsewhere. MTIA said a standard of this nature is subjective and inconsistent with federal requirements. At the hearing, staff responded that this portion of the rule promotes fiscal responsibility and is not contrary to federal standards. Staff also filed written comments saying that requiring a statement that costs incurred or estimated budget/investments amounts were no greater than necessary promotes a wise use of scarce public resources while meeting the goals of universal service. Requiring such a statement does not introduce any new costly procedures for companies.

RESPONSE: The requirement to make such a statement is not contrary to federal guidelines. Since the requirement is only to make a statement, it does not necessitate that ETCs, including ILECs, implement any costly new procedure. No changes will be made to the rulemaking as a result of these comments.

COMMENT #13: 4 CSR 240-3.570(5). Staff commented that this section of the rule would support better record keeping and eliminate a requirement that was to sunset as of August 15, 2006.

RESPONSE: No changes are necessary as a result of this comment.

4 CSR 240-3.570 Requirements for Carrier Designation as Eligible Telecommunications Carriers

(4) Annual Certification Filing Requirements.

(A) Requirements applicable to all ETCs, including incumbent local exchange carriers (ILECs)

1. By August 15 of each year, all ETCs, including ILECs, shall submit an affidavit executed by an officer of the company attesting that federal high-cost support is used consistent with the commission's rules and the Telecommunications Act of 1996. The affidavit will be accompanied by documentation of support received and costs incurred.

2. All ETCs, including ILECs, shall, in conjunction with the annual high-cost certification process, assist the commission staff in comparing residential rates in rural areas served by non-rural incumbent local exchange carriers to urban rates nationwide.

3. All reports required to be submitted to the commission shall be attested to by an officer or authorized agent of the ETC or ILEC.

4. The commission or its staff may request additional information regarding the annual certification.

5. Questions regarding the appropriate documentation should be directed to the commission's Telecommunications Department.

ORDER OF RULEMAKING

By the authority vested in the Commissioner of Higher Education under section 173.1103, RSMo Supp. 2007, the commissioner adopts a rule as follows:

6 CSR 10-2.150 Student Eligibility and Application Procedures is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on November 15, 2007 (32 MoReg 2247–2248). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Higher Education received two (2) comments on the proposed rule.

COMMENT #1: A comment was received from Sue Neely, Financial Aid Director with Truman State University relating to the calculation of a student's award under the Access Missouri program. The commenter expressed concern that the program did not use the definition of "calculated need" used for some federal financial aid programs. In addition, the commenter expressed concern that merit-based aid and student loans were not part of the calculation required by section 173.093, RSMo.

RESPONSE #1: The department reviewed the concerns and determined the comments about "calculated need" related to the authorizing statute for Access Missouri rather than this proposed rule. The comments relating to section 173.093, RSMo, are not relevant, since that statutory section does not grant the department rule making authority and this rule does not address those statutory requirements. Therefore, the department made no changes to the rule in response to this comment.

COMMENT #2: A comment was received from Melinda Wood, former Financial Aid Director with Truman State University relating to the calculation of a student's award under the Access Missouri program. The commenter expressed concern that merit-based aid and student loans were not part of the calculation required by section 173.093, RSMo. The commenter expressed support for ensuring the only non-U.S. citizens that receive aid are permanent residents of the United States. The commenter also expressed concern about the process and requirements for eligible students to establish Missouri residency. Finally, the commenter raised concern about how dependent renewal students are treated when their parents are no longer Missouri residents.

RESPONSE #2: The comments relating to section 173.093, RSMo, are not relevant, since that statutory section does not grant the department rulemaking authority and this rule does not address those statutory requirements. The comment relating to non-U.S. citizens is consistent with the language contained in the proposed rule. The comments relating to Missouri residency are not relevant to this rulemaking as those issues are addressed in a separate administrative rule. Therefore, the department made no changes to the rule in response to this comment.
