ORDER OF RULEMAKING

By the authority vested in the Real Estate Appraisers under section 339.509(8), RSMo 2000, the commission adopts a rule as follows:

20 CSR 2245-3.005 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on June 1, 2009 (34 MoReg 1277–1280). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The commission received two (2) comments from the Missouri Appraisers Advisory Council on the proposed rule.

COMMENT #1: The Missouri Appraisers Advisory Council submitted a comment stating that the Uniform Standards of Professional Appraisal Practice (USPAP) are typically revised every two (2) years. The current applicable version of USPAP in effect is the 2008–2009 edition, and it has been announced that USPAP will be revised for release in 2010. The Missouri Appraisers Advisory Council (MAAC) generally agreed that the specific reference to the 2006 version or any specific version of USPAP unnecessarily dates the regulation. MAAC suggested that the regulation reference the USPAP applicable as of the date of the appraisal.

RESPONSE AND EXPLANATION OF CHANGE: Since this publication is incorporated by reference in the proposed rule, it must follow the requirements in section 536.031.4, RSMo Supp. 2008. Therefore, paragraph (5)(B)1. will be changed to state the 2008 edition of the USPAP.

COMMENT #2: The Missouri Appraisers Advisory Council submitted a comment stating that subsections (A), (B), (C), and (D) of section (6) of this proposed rule references the licensing requirements for supervisors of trainees and appears to grant supervising appraisers that only are “licensed” in another state the capacity to serve as a supervisor for a trainee experience credit. The MAAC generally agreed that since only trainees supervised by certified residential and certified general appraisers in the state of Missouri can receive credit for their experience, any lesser status of licensure for supervisors in other states would be inappropriate and inconsistent with the intent of having only certified appraisers serve as supervisors. The MAAC suggested clarification of the language to preclude out-of-state trainees receiving credit for training from individuals who would not be qualified to supervise trainees in Missouri.

RESPONSE AND EXPLANATION OF CHANGE: The commission concurred with the MAAC. The proposed rule will be modified by removing the words "license or" from the phrase "license or certification" throughout section (6) of the proposed rule.

20 CSR 2245-3.005 Trainee Real Estate Appraiser Registration

(5) Training.

(B) The supervising appraiser(s) shall be responsible for the training, guidance, and direct supervision of the registrant by:

1. Accepting responsibility for the appraisal report by signing and certifying that the report complies with the *Uniform Standards of Professional Appraisal Practice* (USPAP), 2008 Edition. The USPAP, 2008 Edition, is incorporated herein by reference and can be obtained from The Appraisal Foundation, 1155 15th Street NW, Suite 1111, Washington, DC 20005, by calling (202) 347-7722, or at www.appraisalfoundation.org;

2. Reviewing and signing the appraisal report(s) for which the registrant has provided appraisal services; and

3. Personally inspecting each appraised property with the registrant until the supervising appraiser determines the registrant trainee is competent, in accordance with the competency rule of USPAP. If applying for a residential certification, the supervising appraiser shall personally inspect fifty (50) properties with the registrant, unless otherwise waived by the commission for good cause. If applying for certified general, the supervising appraiser shall personally inspect twenty (20) nonresidential properties with the registrant, unless otherwise waived by the commission for good cause.

(6) A person may register as a trainee under a supervising appraiser certified in another state if:

(A) The supervising appraiser is certified in another state that has requirements that are substantially similar to the requirements in Missouri for certification as a state-certified general or state-certified residential real estate appraiser;

(B) The supervising appraiser's certification from the other state authorizes the supervisor, at a minimum, to perform the same scope of appraisal services that either a Missouri-certified general or certified residential appraiser is authorized to perform.

(C) The supervising appraiser's certification from the other state is active and has been in good standing and not subject to discipline for the prior two (2) years. The trainee real estate appraiser application shall be accompanied by verification from the supervising appraiser's certification authority verifying that the supervising appraiser's certification is active, in good standing, and has not been disciplined as provided in this subsection.

(D) Upon application for certification, trainees that are supervised by an appraiser certified in another state shall be required to comply with all certification requirements established by Missouri law, including 20 CSR 2245-3.010(5), which provides that fifty percent (50%) of all experience hours must be completed in the state of Missouri. Trainees are also reminded that pursuant to 20 CSR 2245-3.010, applicants for a general certification must have accumulated a total of three thousand (3,000) hours of appraisal experience of which at least fifty percent (50%) (one thousand five hundred (1,500) hours) shall be in nonresidential appraisal work and under the supervision of a Missouri certified general real estate appraiser or a certified general appraiser certified in another state and who is authorized to perform the same scope of appraisal services as a Missouri-certified general appraiser.
