Division 10—The Public School Retirement System of Missouri
Chapter 4—Membership and Creditable Service

PROPOSED AMENDMENT

16 CSR 10-4.012 Payment for Reinstatement and Credit Purchases. The Public School Retirement System of Missouri is amending sections (7), (8), (9), and (11).

PURPOSE: This amendment allows for the calculation of service credit purchases in hundred-thousandth increments instead of tenths and for the recalculation of the amount due on purchases after the annual update of member accounts instead of at the beginning of the fiscal year.

(7) The total amount of any payments made on an application for purchase or reinstatement that buys a minimum of *[one-tenth (0.1)] one-one-hundred thousandth (0.00001)* or more of credit shall be credited to the member's accumulated contributions no later than the close of the school year in which payment is made in full or upon termination of membership.

(8) If payment to reinstate or purchase credit for which the member applies is not completed within the period established by law, or prior to termination of membership with the retirement system, the amount paid will be— a) used to allow proportional credit where permissible, based on the relationship between the total principal due at application and the total of the payments applied to the principal, and the total amount paid will be credited to the member's accumulated contributions; or b) refunded to the member if proportional credit is not allowable. Unless proportional credit is not allowed, only payments purchasing less than the first *[one-tenth (0.1)] one-one-hundred thousandth (0.00001)* year of credit will be refunded. **No other refunds will be permitted except as specifically stated in this regulation.**

(9) If a member dies before retirement or retires on service or disability retirement after having made partial payments but not payment in full to reinstate or purchase credit, the partial payments will be refunded to the member's beneficiary or the retiree if proportional credit is not allowable by law or by rule of the board of trustees. If proportional credit is allowable, the payments will be credited to the member's accumulated contributions and proportional credit will be allowed. If a member retires on disability retirement before completing payment **for a reinstatement of credit or for a purchase of Public Education Employee Retirement System of Missouri (PEERS) credit only**, the balance due with interest shall be deducted from the disability retirement allowance as provided by law. Only payments purchasing less than first *[one-tenth (0.1)] one-one-hundred thousandth (0.00001)* year of credit will be refunded.

(11) In lieu of charging the member interest on elections to purchase credit received on or after January 1, 2006, the amount to be paid by the member for any remaining credit the member has elected to purchase, but has not paid for by *[June] September 30* of each **calendar** year, shall be recalculated on the following *[July] October 1* using the contribution rate in effect on *[that] July 1* of that same **calendar year** and the highest salary of record for the member as of that July 1.

AUTHORITY: section 169.020, RSMo Supp. [2005] 2010. Original rule filed June 23, 1998, effective Jan. 30, 1999. Amended: Filed Aug. 15, 2001, effective Feb. 28, 2002. (F) If the total payments made prior to termination of membership with the retirement system are insufficient to purchase all the credit for which the member applied, proportional credit shall be allowed based upon the ratio between the amount due for the entire period for which election to purchase was made and the total amount of the payments applied to reduce the principal amount due*[, but only]* in
