

This section will contain the final text of the rules proposed by agencies. The order of rulemaking is required to contain a citation to the legal authority upon which the order or rulemaking is based; reference to the date and page or pages where the notice of proposed rulemaking was published in the *Missouri Register*; an explanation of any change between the text of the rule as contained in the notice of proposed rulemaking and the text of the rule as finally adopted, together with the reason for any such change; and the full text of any section or subsection of the rule as adopted which has been changed from that contained in the notice of proposed rulemaking. The effective date of the rule shall be not less than thirty (30) days after the date of publication of the revision to the *Code of State Regulations*.

The agency is also required to make a brief summary of the general nature and extent of comments submitted in support of or opposition to the proposed rule and a concise summary of the testimony presented at the hearing, if any, held in connection with the rulemaking, together with a concise summary of the agency's findings with respect to the merits of any such testimony or comments which are opposed in whole or in part to the proposed rule. The ninety-(90-) day period during which an agency shall file its order of rulemaking for publication in the *Missouri Register* begins either: 1) after the hearing on the proposed rulemaking is held; or 2) at the end of the time for submission of comments to the agency. During this period, the agency shall file with the secretary of state the order of rulemaking, either putting the proposed rule into effect, with or without further changes, or withdrawing the proposed rule.

ORDER OF RULEMAKING

By the authority vested in the State Board of Education (board) under sections 161.092 and 168.021, RSMo Supp. 2012, and sections 161.097 and 161.099, RSMo 2000, the board adopts a rule as follows:

5 CSR 20-400.440 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on October 1, 2012 (37 MoReg 1453-1456). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication of the *Code of State Regulations*.

SUMMARY OF COMMENTS: The board received seven (7) comments regarding the proposed rule and the incorporated by reference materials.

COMMENT #1: The Department of Elementary and Secondary Education (department) received four (4) comments from Central Methodist University, William Woods University, University of Central Missouri, and University of Missouri commenting on the grade point average requirement being considered for teacher candidates.

RESPONSE AND EXPLANATION OF CHANGE: The department conducted a survey of the Top Ten (10) states and sixteen (16) other states regarding the concerns voiced about raising the grade point averages requirement. We used previously submitted data from Missouri educator preparation programs to determine the impact of increasing the grade point averages in the content areas. The department reviewed these comments regarding paragraph (5)(C)1. on the grade point average and reworded for clarity. No change was made in the grade point average requirements. The department added language to provide flexibility in meeting these requirements.

COMMENT #2: One (1) comment and several questions were received from the University of Missouri (UM) College of Education. These were compiled from a variety of faculty and professional staff concerning the incorporated by reference material. UM College of Education requested to have the last sentence removed in Standard 3.A. "Partnerships must include shared decision making; oversight on candidate selection; identification of expectations; performance based evaluation; and strong relationships between school districts and educator preparation programs." They would like to have clarification on what is a Pre-Masters Degree in Standard 3.C. UM College of Education requested a change in Standard 3.E. for clarification, as the requirements are unattainable given constraints of field placement opportunities. These requirements should not be included in early level placements.

RESPONSE AND EXPLANATION OF CHANGE: The department reviewed the comments and agreed to remove the language from the incorporated by reference material in Standard 3.A.; replaced Pre-Masters Degree with Bachelors Degree for clarification in Standard 3.C.; and reworded Standard 3.E. for clarification.

COMMENT #3: One (1) comment was received from University of Central Missouri asking about clarification regarding initial and advanced field and clinical experiences.

RESPONSE: The department reviewed the comment and no changes were made.

COMMENT #4: The department conducted an internal review and

requested the following changes be made for clarity and specificity to the rule and incorporated by reference material.

Changes to the rule—

- Section (1) remove the words "established and evaluated" and replace with "approved and accredited"; remove the words "along with a glossary"; and remove "which" and replace with "and."

- Section (2) remove "the glossary" and replace with "MoSPE."

- Subsection (3)(A) remove the words "Office of Educator Quality at the."

- Paragraph (3)(A)3. remove the "A" and add the words "and clinical."

- Subsection (4)(A) remove the word "may" and replace with "must."

- Subsection (4)(B) remove the word "institution" and replace with "program."

- Subsection (4)(D) add the words "the approval and" and change "remove" to "removing."

- Subsection (4)(E) add the words "educator preparation program and/or one (1) more of their individual areas certification" and removed the words "and/or educator preparation programs"; added the words "inform the educator preparation program with"; add the words "for the decision."

- Paragraph (5)(C)1. add the word "standards" in place of "documents" and remove "(2.75 on a 4.00 scale) and a grade point average no lower than 3.00 in the subject content area."

- Paragraph (5)(C)3. remove specific reference to the "two (2) full sets of fingerprints in a manner acceptable to the Highway Patrol and/or FBI and paying the required fees" and add generic language for flexibility in changing security procedures.

Changes in the incorporated by reference materials—

- Standard 3.C. Add "Candidates who do not meet these requirements may demonstrate competency via other measures approved by the board." Remove language referencing the Missouri Educator Evaluation System and provide clarity and specificity remove "Strong Developing to Proficient" and "Proficient or Distinguished"; add "of experience in PK-12 schools and/or educator preparation"; add "of experience in PK-12 schools and/or educator preparation"; add "2-3 years experience" and add "and/or educator preparation"; add "3 to 5 years" and add "and/or educator preparation."

- Standard 3.D. add "Building and District Leaders" and remove "School" and remove "University" and replace with "Field & Clinical"; add "3 to 5 Years" and remove "Extensive"; remove "Rating of Proficient or Distinguished on the Professional Continuum, Missouri/District Educator Evaluation System;" remove "Knowledge of the Missouri Core Academic Standards, Missouri Educator Standards and Quality Indicators, and Missouri Educator Evaluation System."

- Standard 3.E. add "Field experiences may be of an exploratory with planning and involvement of the PK-12 school partnerships." and remove "field and."

- Standard 3.G.9. remove word "Institutions" replace with "Programs."

- Standard 3.H. remove words "Proficient and Distinguished" and remove "Proficient and Distinguished."

- Standard 4. remove references to "Requirements and Transition Points for Initial Levels of Certification"; remove references to "First Year, Second Year, Third Year, and Fourth Year"; add "Educator Preparation Programs Should Establish Transition Points."; add "suggested" to the grade point averages in three columns; moved "No Professional Education Grade \leq C" to the requirements; remove "Rating of Proficient or Distinguished" and add "As defined by the department or the employing school district."

- Standard 5.D. add "educator preparation" and remove "shall" and add "should."

- Standard 5.E. add "educator preparation."

- Standard 6. remove "University" and add "entire program";

remove “colleges” and add “the entire program, the educator preparation program and/or the individual certification programs.”; remove “the institution”; remove “Unit” and add “Educator Preparation Programs and the Individual Certification Programs.”

- II.C.1. remove “demonstrated compliance with” and add “Met.”

- II.C.2. add “As a condition of receiving a classification designation of provisionally accredited, each program receiving this designation must maintain a current program improvement plan in a format approved by the department” and removed “A Program Improvement Team selected by the department for the purpose of working with an educator preparation program to improve their performance will be lead by a member of the department and include other professionals deemed necessary to support the educator preparation program in meeting the accountability measures. Educator preparation programs will have no longer than 2 years to meet the accountability measures.”

- II.C.3. add “not.”

RESPONSE AND EXPLANATION OF CHANGES: The department agreed to the internal review changes to add clarity and specificity to the rule and made the changes accordingly to the rule and the incorporated reference material.

5 CSR 20-400.440 Procedures and Standards for Approval and Accreditation of Professional Education Programs in Missouri

(1) Educator preparation programs in Missouri shall be approved and accredited according to the *Missouri Standards for the Preparation of Educators* (MoSPE), (November 2012), and are hereby incorporated by reference and made a part of this rule, as published by the Department of Elementary and Secondary Education, Educator Preparation, PO Box 480, Jefferson City, MO 65102-0480. This rule does not incorporate any subsequent amendments or additions.

(2) For the purpose of this rule, the official definition for all terms will be those articulated in MoSPE unless the context clearly indicates otherwise.

(3) Initial Approval.

(A) An educator preparation program seeking initial approval to offer either a traditional or an alternative professional education program shall submit a written proposal to the Department of Elementary and Secondary Education (department) addressing the elements discussed in this section. All such programs shall be reviewed by the department and approved by the State Board of Education (board) pursuant to MoSPE and as outlined below. Only those programs which the department determines to have merit and potential for providing quality preparation for candidate certification will be considered for approval. The proposals should include at a minimum the following elements:

1. A description of the proposed program based upon a statement of the purpose and objectives for an area of the public school curriculum and a statement of the nature of the proposed program that is consistent with those objectives, the mission of the organization, and the conceptual framework for the educator preparation programs. These statements shall be based on analyses of current practices and trends in the identified area of the public school curriculum;

2. A clearly formulated statement of the competencies for educators in the identified area of the public school curriculum. These competencies shall include subject knowledge and professional skills based upon current research and practice and shall include the competencies for educators identified in the MoSPE adopted by the board;

3. Curriculum matrix delineating the courses and supervised field and clinical experiences prescribed to address competencies appropriate for candidates to meet state certification requirements, a

description of the process by which the candidates will be prepared, and provisions for assessing candidates and keeping records of their progress through the program;

4. Identification of the administrative structure of the proposed program indicating where the responsibility is vested in the educator preparation program;

5. Clearly identified resources as stipulated by MoSPE to support the program. The continuing availability of the resources shall be assured for the duration of the program. Any resources not under the control of the program shall be defined and confirmed by the controlling agency; and

6. A written plan for the continuing evaluation of the proposed program that includes definition and specifications of the kinds of evidence that will be gathered and reported to the organization and the department at designated intervals. Evaluation reports shall provide information to identify areas in the program that need to be strengthened and/or to suggest new directions for program development.

(4) Accreditation.

(D) The commissioner may authorize an interim review of an educator preparation program in accordance with the rules and regulations promulgated by the board. As a result of the review, and upon the recommendation of the commissioner, the board may revoke the approval and accreditation thereby removing an educator preparation program’s authorization to recommend candidates for certification.

(E) Should the board disapprove any educator preparation program and/or one (1) or more of their individual areas of certification, the commissioner shall notify the program of the decision and inform the educator preparation program with reasons for the decision.

(5) Alternative Program Considerations.

(C) An individual may become a candidate in an alternative certification program upon meeting the following criteria:

1. The individual shall have earned a bachelor’s or higher degree in the content area or a closely allied field of the desired certificate of license from a regionally accredited institution and shall have a cumulative grade point average no lower than the Missouri requirements as stipulated in the MoSPE standards, which is incorporated by reference into this rule. The individual shall participate in a structured interview conducted by the educator preparation program for screening, diagnostic, and advising purposes;

2. The individual shall undergo a background check conducted by the Missouri State Highway Patrol (Highway Patrol) and/or the Federal Bureau of Investigation (FBI), which includes submitting to the department the required information in a manner acceptable to the Highway Patrol and/or FBI and paying the required fees; and

3. The candidate shall enter into a four- (4-) party academic contract with the educator preparation program offering the alternative program, an employing Missouri school district and the department, whereupon s/he shall receive a two- (2-) year provisional certificate of license to teach and shall—

- A. Be assigned by the school district a mentor who is engaged in professional education work comparable to the area the candidate is seeking certification for and who will observe and work with the candidate until the candidate completes the alternative program;

- B. Receive any additional assistance, as determined by the educator preparation program, until the candidate completes the alternative program;

- C. Participate in the employing school district’s professional development programs;

- D. Participate in the employing school district’s performance evaluation system; and

- E. Prior to the expiration of her/his provisional certificate of license, the candidate must successfully complete the exit assessment(s) designated by the board for the IPC certificate of license.

**Title 5—DEPARTMENT OF ELEMENTARY AND
SECONDARY EDUCATION
Division 20—Division of Learning Services
Chapter 600—Office of Early and Extended Learning**

ORDER OF RULEMAKING

By the authority vested in the State Board of Education (board) under sections 161.092 and 313.835, RSMo Supp. 2012, the board adopts a rule as follows:

5 CSR 20-600.130 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on October 1, 2012 (37 MoReg 1457-1459). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The board received comments from five (5) individuals regarding the proposed rule.

COMMENT #1: Received two (2) comments from Senator Brian Munzlinger, District 18, and Arlen Provancha, retired superintendent, expressing inconsistency in the document with regard to the students' age. Throughout the course of the text, the age of the children taking part in the program is described as "age-eligible children," "children ages three (3) to five (5)," "preschool children," and "children that are one (1) to two (2) years prior to kindergarten entry."

RESPONSE AND EXPLANATION OF CHANGE: Department of Elementary and Secondary Education (department) reviewed the comments and will amend subparagraphs (1)(D)6.D., (1)(D)8.C., and (1)(D)8.F. using the term "age-eligible" to be consistent within the rule.

COMMENT #2: Received three (3) comments from Pam Little, Calhoun MPP Coordinator; Bob Comer, Bradleyville School Administrator; and John James, Mid Buchanan Superintendent. There is concern that the proposed rule will phase out state funds for the Missouri Preschool Programs after five (5) years.

RESPONSE: The department reviewed the comment and determined no change will be made. The department will continue to establish quality preschool classrooms across Missouri with these funds. It is the program's responsibility to create a funding plan for sustaining the classroom once state funding has ended.

COMMENT #3: Received two (2) comments from Senator Brian Munzlinger, District 18, and Arlen Provancha, retired superintendent. Paragraph (1)(A)1. states "Start-up funds for necessary materials, supplies, equipment, and facilities" and does not include initial training associated with required curriculum training.

RESPONSE: The department reviewed the comment and determined no change will be made. The term "start-up" is written in the law and does not limit how funding is provided to Missouri Preschool Program (MPP) programs, therefore a program may include initial training costs as an allowable expense.

COMMENT #4: Received two (2) comments from Senator Brian Munzlinger, District 18, and Arlen Provancha, retired superintendent. The requirement of an annual health and nutrition screening and a developmental screening is not listed in the rule under Child Development, Education, and Care Plan.

RESPONSE: The department reviewed the comment and determined no change will be made. This item is addressed in paragraph (1)(C)15.

COMMENT #5: Received one (1) comment from Senator Brian

Munzlinger, District 18, regarding subparagraph (1)(D)8.B. Funding Plan should read one hundred eighty-five percent (185%) instead of eighty-five percent (85%).

RESPONSE: The department reviewed the comment and determined no change will be made. The rule published in the October 1, 2012, *Missouri Register* reflects the correct number, one hundred eighty-five percent (185%).

COMMENT #6: Received one (1) comment from Senator Brian Munzlinger, District 18. In paragraph (1)(E)3. the phrase ". . . is on file with the Early Learning Section within the department" does not provide clarity.

RESPONSE AND EXPLANATION OF CHANGE: The department reviewed the comment and will amend paragraph (1)(E)3. to provide a distinction between the Department of Health and Senior Services and the department.

COMMENT #7: Received one (1) comment from Senator Brian Munzlinger, District 18. The Fiscal Year should be 2013 and not 2012 on the front page.

RESPONSE: The department reviewed the comment and determined no change will be made. Fiscal year 2012 was referenced in the informational description of the State Board Report; it is not identified in the rule.

COMMENT #8: Received one (1) comment from Arlen Provancha, retired superintendent. In subparagraph (1)(D)8.C. the statement "Information must include how program growth issues will be addressed such as recruitment methods" should be moved to subparagraph (1)(D)8.B. in Funding plan.

RESPONSE AND EXPLANATION OF CHANGE: The department reviewed the comment and will amend subparagraphs (1)(D)8.C. and (1)(D)8.B.

COMMENT #9: Received one (1) comment from Arlen Provancha, retired superintendent. Regarding paragraph (1)(D)6., the specific curriculum models have not been included in the rule.

RESPONSE: The department reviewed the comment and determined no change will be made. Listing specific curriculums in the rules would limit the programs' ability to request additional curriculums for consideration.

COMMENT #10: Received one (1) comment from Arlen Provancha, retired superintendent. The rule has a one (1) but no two (2) in the outline.

RESPONSE: The department reviewed the comment and determined no change will be made. The format of the rule follows the rule making procedures.

COMMENT #11: Received one (1) comment from John James, Mid Buchanan Superintendent. The rules should be written so that any money not going to new start-up MPP grants or programs in their first three (3) years can be distributed to all previously contracted MPP programs rather than being redirected to other projects.

RESPONSE: The department reviewed the comment and determined no change will be made. This comment reflects the allocation to the department not the rule for the implementation of MPP.

5 CSR 20-600.130 General Provisions Governing Programs Authorized Under Early Childhood Development, Education, and Care

(1) The Department of Elementary and Secondary Education (department) is authorized to establish procedures for the implementation of the Missouri Preschool Program (MPP) including:

(D) Program Development Requirements.

1. The contractor must agree and understand that the department must have complete and total approval authority of the contractor's

activity plan or any part thereof and must have the expressed right to modify, change, or delete all or any part of the plan at any time.

2. The contractor may be required to develop and submit a new or revised activity plan at other times throughout the contract period as well as for each renewal period, if the contract is renewed for additional periods. The contractor must prepare and submit all such future activity plans within a time frame stipulated by the department.

3. Community involvement. A community advisory committee must assist in planning the Preschool Program for age-eligible children and in completing the Community Needs Assessment.

4. Community-based planning. Strong community commitment, leadership, and planning are critical to the success of the programs and services offered under the MPP.

A. Step I—Administration. The contractor appoints an administrator who has both leadership ability and a strong commitment to early childhood education, especially preschool education. This administrator must be able to—

(I) Be knowledgeable and respectful of preschool opportunities within the community;

(II) Set goals and coordinate implementation timetables;

(III) Analyze the results of the programs;

(IV) Exercise sufficient authority within a collaborative framework to accomplish the desired results;

(V) Be knowledgeable about business practices necessary to successfully sustain the program; and

(VI) Report regularly to the Community Advisory Committee and should be prepared to manage a program organizational structure consisting of several different types of operation.

B. Step II—Community Advisory Committee. The Community Advisory Committee, whose membership of citizens representing a variety of community organizations, is established. Primary responsibilities of the Community Advisory Committee are to—

(I) Assist in gathering information needed to complete the Community Needs Assessment;

(II) Make recommendations on the goals and objectives of the MPP;

(III) Assist on options for coordinating programs and services among community, school, and other preschool programs;

(IV) Assist in the Invitation For Bid (IFB) process; and

(V) Serve as a resource.

C. Step III—Program Design. Based on the community needs assessment, the program will be designed to meet the needs of each community.

5. Teacher qualifications. All preschool programs funded by the MPP must utilize teachers and teacher assistants who have one (1) of the following minimum qualifications at the time the program begins operation. These qualifications must be maintained throughout the contract period.

A. Lead teacher—

(I) Early Childhood Teacher Certification;

(II) Early Childhood Special Education Teacher Certificate; or

(III) A four- (4-) year college degree in child development.

B. Teacher assistant, at a minimum—

(I) Child Development Associate;

(II) Two- (2-) Year Associate Degree in Child Care/Education; or

(III) Sixty (60) college hours with a minimum of three (3) college credit hours in early childhood, child development, or child/family related courses and experience working in a program with young children and their families.

6. Curriculum models. Preschool programs must implement a nationally recognized preschool curriculum model that is approved by the department. The lead teacher and teacher assistant involved in the MPP must be trained in the curriculum model. It is also highly recommended that the director/program administrator be trained in the chosen curriculum model. All curriculum trainings must be pro-

vided by the curriculum source. Programs must contact the source to schedule trainings. Any training not scheduled through the source will not be funded and will not meet the requirement. The selected preschool curriculum models meet the following criteria:

A. Based on valid research;

B. Have positive evaluation results;

C. Provide ongoing professional development; and

D. Developmentally appropriate for age-eligible children.

7. Accreditation. Programs are required to obtain accreditation from either the MoA or the NAEYC. The program must be accredited prior to the beginning of year four (4) operation. MPP operating in a center will be required to accredit the entire center including the infant/toddler classrooms and school age classrooms.

8. Plans for program activities.

A. Parent advisory committee plan. An advisory committee of parents with children in the MPP classrooms must meet at least twice annually. The plan should include the roles of the members, selection procedure, replacement procedure, number of members, and frequency of meetings.

B. Funding plan. The plan must demonstrate funding from a variety of sources including parental fees. A sliding scale fee schedule based on family income is required for families whose income does not exceed one hundred eighty-five percent (185%) of the federal poverty level. Information must include how program growth issues will be addressed such as recruitment methods.

C. Child development, education, and care plan. The plan should describe how the preschool program will be designed and how it will meet the needs of age-eligible children as identified from the Community Needs Assessment.

D. Professional development plan. Professional development opportunities include college-credit courses, follow-up/advanced training of the selected curriculum model provided only by the approved curriculum source, professional conferences, seminars, consultants, and the department-required meetings. MPP funds only support professional development opportunities that are in addition to the DHSS required clock hours for child care providers. The plan should include a list of the specific professional development opportunities to be provided. Evidence of continuous professional development associated with the selected curriculum model must be included each year in the plan. Professional development opportunities should reflect the general philosophy of the selected curriculum model.

E. Parent education/involvement/communication plan. The plan must address how parents will be informed about their child's development, opportunities to be involved in the preschool program, and how the preschool program will communicate with parents on an ongoing basis. Preschool programs are strongly recommended to collaborate with the district's Parents as Teachers program for parent education. Parent involvement could include serving on the Parent Advisory Committee, classroom volunteer, forming a preschool parent organization, etc. Communication with parents could include newsletters, parent-teacher conferences, phone calls, etc.

F. Community set-aside plan. The community set aside is a portion of the award that may be designated to provide professional development opportunities for licensed early care and education providers within the contractor's community. These licensed providers must be caring for age-eligible children.

(E) Funding.

1. Funds may be requested for costs associated with expenses necessary to implement a quality preschool program.

2. These may include the following:

A. Initial staff training on a selected curriculum model;

B. Minor remodeling associated with licensing requirements;

C. Appropriate equipment;

D. Necessary furniture; and

E. Appropriate staffing.

3. Payments will not be made until the program has met contractual requirement; the program is licensed from the DHSS,

Section for Child Care Regulation; and a copy of the licensed certificate is submitted to the department.

4. Subject to appropriations and the phased reduction, subsequent contract amounts may be reduced.

ORDER OF RULEMAKING

By the authority vested in the Missouri Gaming Commission (MGC) under section 313.805, RSMo Supp. 2012, the commission rescinds a rule as follows:

11 CSR 45-4.050 Application Period and Fees for Class A License is rescinded.

A notice of proposed rulemaking containing the proposed rescission was published in the *Missouri Register* on October 1, 2012 (37 MoReg 1461). No changes have been made to the proposed rescission, so it is not reprinted here. This proposed rescission becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: A public hearing was held on this proposed rescission on November 7, 2012. No one commented at the public hearing. No written comments were received.

**Title 11—DEPARTMENT OF PUBLIC SAFETY
Division 45—Missouri Gaming Commission
Chapter 4—Licenses**

ORDER OF RULEMAKING

By the authority vested in the Missouri Gaming Commission (MGC) under section 313.805, RSMo Supp. 2012, the commission amends a rule as follows:

11 CSR 45-4.055 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on October 1, 2012 (37 MoReg 1461–1462). Changes have been made to the text of the proposed amendment, so it is reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: A public hearing was held on this proposed amendment on November 7, 2012. No written comments were received.

COMMENT: At the public hearing on this proposed amendment on November 7, 2012, at 10:00 a.m., Mike Winter, Executive Director of the Missouri Gaming Association appeared representing the Class A and Class B licensees in the state of Missouri. On behalf of his clients, Mr. Winter expressed objection to the deletion of language from the original rule which entitled each Class A to one (1) free Class B license.

Mr. Winter indicated that his clients had calculated the cost to the casinos of the deletion of the language to be one hundred fifty thousand dollars (\$150,000) per year in the aggregate by the elimination of the free Class B license that the prior license rule provided to each Class A licensee and indicated their belief that a fiscal note should have been filed with the proposed amendment.

RESPONSE AND EXPLANATION OF CHANGE: The alteration

to this proposed amendment is to clarify that the change made brings the rule into compliance with the provisions of subsection 313.807.1, RSMo, and a fiscal note was prepared and attached hereto.

11 CSR 45-4.055 Application Period and Fees for Class A and Class B Licenses

(4) The annual fee for a Class A license and a Class B license shall be twenty-five thousand dollars (\$25,000) each, said amount being the minimum statutory annual license fee for anyone licensed under subsection 313.807.1, RSMo, and is due upon issuance of the initial license and thereafter is due annually. The Class A and all Class B licenses owned by the same Class A license shall renew all licenses within the same month, after the second year. The commission may adjust renewal dates of the Class A and Class B licenses so as not to consume commission resources in any particular month. Any such adjustments shall result in a pro rata adjustment of fees. This fee is nonrefundable and is due regardless of whether the renewal applicant obtains a renewed license. The applicant or licensee shall be assessed fees, if any, to cover the additional costs of the investigation.

REVISED PRIVATE COST: This rule brings the annual application fee of twenty-five thousand dollars (\$25,000) for each Class A and Class B license into compliance with the language of subsection 313.807.1., RSMo. A revised private fiscal note is published with this order of rulemaking reflecting the total annual cost of one hundred fifty thousand dollars (\$150,000).

- I. Department Title: 11—DEPARTMENT OF PUBLIC SAFETY
Division Title: 45—Missouri Gaming Commission
Chapter Title: 4—Licenses**

Rule Number and Title:	11 CSR 45-4.055 Application Period and Fees for Class A and Class B Licenses
Type of Rulemaking:	Order of Rulemaking

II. SUMMARY OF FISCAL IMPACT

Estimate of the number of entities by class which would likely be affected by the adoption of the rule:	Classification by types of the business entities which would likely be affected:	Estimate in the aggregate as to the cost of compliance with the rule by the affected entities:
6 Class A Licensees	Class A Excursion Gambling Boat Licensees	\$150,000 Annually

III. WORKSHEET

The estimated annual cost for the Class A and Class B licenses is—
 $\$25,000 \times 6 = \$150,000$

IV. ASSUMPTIONS

This rule brings the cost the annual license fee into compliance with the provisions of subsection 313.807.1, RSMo. Based on the language of the statute, \$25,000 is the minimum annual license fee for anyone licensed pursuant to that subsection. This rule does not make any change to the amount of the statutory fee; it removes the entitlement to one license at no additional fee, which was contrary to the express language of the statute.

The anticipated total costs for this rule will recur annually for the life of the rule.

ORDER OF RULEMAKING

By the authority vested in the Missouri Gaming Commission (MGC) under section 313.805, RSMo Supp. 2012, the commission amends a rule as follows:

- 11 CSR 45-5.184** Table Game Cards—Receipt, Storage, Inspections, and Removal from Use **is amended.**

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on October 1, 2012 (37 MoReg 1464–1466). No changes have been made to the text of the proposed amendment, so it is not reprinted here. This pro-

posed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: A public hearing was held on this proposed amendment on November 7, 2012. No one commented at the public hearing. The Missouri Gaming Association (MGA) submitted four (4) written comments on the proposed amendment.

COMMENT #1: MGA commented the current rule as stated in 11 CSR 45-5.184(7) requires a floor supervisor to verify a card inspection has been conducted by a dealer. As presently drafted, the proposed amendment would require observation of the card inspection. It is important to keep in mind that floor supervisors are responsible for overseeing multiple table games at any given time. We feel this new threshold is excessive and would make it extremely difficult for these supervisors to carry out their responsibilities. We would suggest instead the following, “. . . inspected by the floor supervisor or above in the presence of a dealer or provided to the dealer for their own inspection. The dealer inspection shall be done under the coverage of surveillance.” Surveillance coverage should be able to satisfy questions which may arise during the dealer’s inspection.

RESPONSE: The current requirement for the supervisor to “verify” already requires active observation by the supervisor. Some properties currently have the supervisor conduct a second inspection to “verify” the dealer’s. We felt that was excessive and observation is sufficient. Surveillance does not actively monitor every card inspection. Supervisors should supervise a reasonable area of responsibility. No change has been made as a result of this comment.

COMMENT #2: MGA commented they would like to raise an issue about the changes in 11 CSR 45-5.184(8) and (12). Both of these provisions deal with recording of certain information on card boxes before putting the cards in play and after they have been taken out of play. We believe the proposed changes and the requirement to record certain information on the deck boxes is duplicative. This same information will be recorded on the bags or multiple deck boxes the cards are delivered to the table or on those same bags or boxes after they are removed from play. We would request the commission revisit the proposed changes to these two (2) provisions.

RESPONSE: Logging time on each deck box maintains a continuous record from the time the deck is opened until the deck is cancelled or destroyed. The collection bags are not required until the decks are removed from play until they are inspected by security. This does not address the need to track the cards time on the table before replacement. It seems less complicated to use the existing spaces on the deck boxes rather than create an additional form. No change has been made as a result of this comment.

COMMENT #3: MGA commented regarding the proposed changes in 11 CSR 45-5.184(18)(A), we would request additional clarification regarding the phrase “primary” and “secondary” storage location. As drafted we are unsure what would be defined as secondary storage. We do not believe it is your intent to define the pit area as “secondary storage” and would request clarification to insure the pit area is not encompassed in secondary storage location. If your intent is to define the pit as secondary storage, we would be opposed to such a definition.

RESPONSE: Primary and secondary card storage areas are clearly addressed in 11 CSR 45-5.184(1). Secondary storage is simply an additional physical location for a portion of the unused card inventory. A pit podium would not be feasible as a secondary storage location since the cards would have to “be transferred to the primary card storage area before being distributed to the pits or tables.” No change has been made as a result of this comment.

COMMENT #4: MGA commented that 11 CSR 45-5.184(19) states “Cards shall be destroyed or cancelled prior to removal from inventory.” We would like some clarification regarding from “what inventory”? Any decks removed from the primary storage area have been

removed from the card inventory ledger as referenced in 11 CSR 45-5.184(18)(A)2.

RESPONSE: Similar wording is already used in MICS Chapter F §8.17. All cards delivered to the casino should be accounted for until no longer playable. The number of cards used each day should be reflected in the subsequent card destruction log. See the current 11 CSR 45-5.184(17) and MICS Chapter F §8.16(B) "Verify on a daily basis the number of decks stored, distributed, destroyed or cancelled, and returned to the storage area; . . ." No change has been made as a result of this comment.

ORDER OF RULEMAKING

By the authority vested in the Missouri Gaming Commission (MGC) under section 313.805, RSMo Supp. 2012, the commission amends a rule as follows:

11 CSR 45-8.130 Tips and Gifts is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on October 1, 2012 (37 MoReg 1466-1467). No changes have been made to the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: A public hearing was held on this proposed amendment on November 7, 2012. Mike Winter, Executive Director, Missouri Gaming Association (MGA) commented at the public hearing and supplied a written comment following the hearing.

COMMENT: Mike Winter on behalf of the MGA stated their concern is that normal transactions between employees of our properties and possible players or patrons could inadvertently be covered underneath the proposed addition of "loans" in the regulation. They would suggest adding the following sentence after the first sentence in section (4). The addition would read "This prohibition is limited to solicitations at the applicant's or licensee's place of employment or work."

RESPONSE: The commission added loans to this rule to close a loophole regarding complaints from patrons who have not been repaid after loaning an employee money. The intent of this amendment is to provide a level of protection to players and patrons who might be approached to make a loan to an employee. No change has been made as a result of this comment.

Construction Transient Employers

The following is a list of all construction contractors performing work on construction projects in Missouri who are known by the Department of Revenue to be transient employers pursuant to Section 285.230, RSMo. This list is provided as a guideline to assist public bodies with their responsibilities under this section that states, "any county, city, town, village or any other political subdivision which requires a building permit for a person to perform certain construction projects shall require a transient employer to show proof that the employer has been issued a tax clearance and has filed a financial assurance instrument as required by Section 285.230 before such entity issues a building permit to the transient employer."
