## HOW TO CITE RULES AND RSMo

**RULES**—Cite material in the Missouri Register by volume and page number, for example, Vol. 28, Missouri Register, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the Code of State Regulations in this system—

<th>Chapter</th>
<th>Rule</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>

</tbody>
</table>

They are properly cited by using the full citation, i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

**RSMo**—The most recent version of the statute containing the section number and the date.
Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo 2000. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety, or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the Missouri and the United States Constitutions; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons, and findings which support its conclusion that there is an immediate danger to the public health, safety, or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten (10) days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the Missouri Register as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedure.

4 CSR 85-5.020 Preliminary Application. The division is amending section (4).

PURPOSE: This amendment updates the application materials to reflect changes in the Federal Historic Preservation Tax Credit Program.

EMERGENCY STATEMENT: This emergency amendment allows for applicants to submit the new Federal Historic Tax Credit application form as is often required when submitting an application to the Missouri Historic Preservation Tax Credit Program. This emergency amendment is required, as there is a compelling governmental interest in maintaining the viability of Missouri Historic Preservation Tax Credit Program. The previous version of this rule references an out-of-date version of the Missouri Historic Preservation Tax Credit Program, Preliminary Application and Guidelines (Preliminary Guidelines). The out-of-date Preliminary Guidelines require most applicants to the State Historic Tax Credit Program to also submit their Federal Historic Tax Credit application as well. The Federal Historic Tax Credit Program precludes the State Historic Tax Credit Program. The federal application is referenced by a form number that will not be in use by the National Park Service as of May 15, 2014; the Department of Economic Development became aware that this change would take place on approximately March 28, 2014. The Department of Economic Development did not have sufficient time to file this change as a proposed rule without also creating a gap in which most potential applicants to the State Historic Tax Credit Program would be unable to apply. Without this emergency amendment, most applicants will be unable to apply for the State Historic Tax Credit Program because they will be required to submit forms that will no longer exist. As an example of the impact of this program, in the third quarter of the 2014 State Fiscal Year, developers applied for project that will leverage over $160,000,000 in funding using the State Historic Tax Credit Program. Even a temporary gap in the availability of this program would cause a significant disruption in the real estate market of Missouri. The Department of Economic Development finds a compelling governmental interest, which requires this emergency action. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. The Department of Economic Development believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed May 5, 2014, becomes effective May 15, 2014, and expires February 24, 2015.

(4) Applicants for state historic preservation tax credits must follow the procedures and guidelines found in Missouri Historic Preservation Tax Credit Program, Preliminary Application and Guidelines and complete Historic Preservation Tax Credit Program—Preliminary Approval Form 1, both of which are incorporated by reference in this rule as published [February 28, 2009] May 15, 2014, by DED and available at DED, Business and Community Services, 301 West High Street, Suite 770, Jefferson City, MO 65101. This rule does not incorporate any subsequent amendments or additions.

EXECTIVE ORDER

14-05

WHEREAS, I have been advised that on-going and forecast severe storm systems have caused, or have the potential to cause, damage associated with tornadoes, high winds, heavy rain, hail, flooding and flash flooding impacting communities throughout the State of Missouri; and

WHEREAS, the severe weather that began on May 10, 2014, and is continuing, has created a condition of distress and hazard to the safety, welfare, and property of the citizens of the State of Missouri beyond the capabilities of some local jurisdictions, and other established agencies; and

WHEREAS, the State of Missouri will continue to be proactive where the health and safety of the citizens of Missouri are concerned; and

WHEREAS, the resources of the State of Missouri are needed to assist affected jurisdictions and to help relieve the condition of distress and hazard to the safety and welfare of our fellow Missourians; and

WHEREAS, an invocation of the provisions of Sections 44.100 and 44.110, RSMo, will be required to ensure the protection of the safety and welfare of the citizens of Missouri.

NOW, THEREFORE, I, JEREMIAH W. (JAY) NIXON, GOVERNOR OF THE STATE OF MISSOURI, by virtue of the authority vested in me by the Constitution and Laws of the State of Missouri, including Sections 44.100 and 44.110, RSMo, do hereby declare that a State of Emergency exists in the State of Missouri. I do hereby direct that the Missouri State Emergency Operations Plan be activated.

I further authorize the use of state agencies to provide assistance, as needed.

This order shall terminate on June 11, 2014, unless extended in whole or in part.
IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 11th day of May, 2014.

Jeremiah W. (Jay) Nixon
Governor

Jason Kander
Secretary of State
Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word “Authority.”

Entirely new rules are printed without any special symbolology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the Missouri Register is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

An agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the Missouri Register. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the Missouri Register.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

An agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Title 6—DEPARTMENT OF HIGHER EDUCATION
Division 10—Commissioner of Higher Education
Chapter 12—Educational Credit for Military Training or Service

PROPOSED RULE

6 CSR 10-12.010 Educational Credit for Military Training or Service

PURPOSE: The purpose of this rule is to set forth the guidelines to be followed by all public institutions of higher education in the state, including vocational and technical schools, for awarding veterans educational credit for prior military training or service. This rule is in compliance with the requirements of section 173.1102, RSMo., which grants the Coordinating Board for Higher Education and Department of Higher Education the authority to generate this rule.

I Definitions.
(A) The term “Coordinating Board for Higher Education” shall refer to the Coordinating Board for Higher Education as created by section 173.005.2, RSMo.
(B) The term “Department of Higher Education” shall refer to the Missouri Department of Higher Education as created by section 173.005.1, RSMo.
(C) The term “public institution of higher education” shall refer to any Missouri public institution of higher education as defined in section 173.1102(3), RSMo.
(D) The term “educational credit” shall refer to those credits that are awarded to students for prior military service or training. These credits can be applied toward the requirements of a certificate, licensure, diploma, or degree.
(E) The term “prior military training or service” shall refer to any prior service or training that may be eligible for educational credit as determined by the higher education institution. These include, but are not limited to:
1. University coursework completed during military service;
2. Examinations, such as the College Level Examination Program (CLEP), and the CLEP portion of Defense Activity for Non-Traditional Education Support (DANTES) Language School; and
3. Military courses that have been developed and taught by military personnel.
(F) The term “American Council on Education (ACE)” refers to the coordinating body for the nation’s institutions of higher education. They provide institutions with recommendations on evaluating and awarding educational credits for college or university-level learning earned through prior military service or training.

II Guidelines for Awarding Educational Credit for Military Service or Training.
(A) Prior military service or training takes many forms, therefore all public institutions of higher education in the state shall refer to the recommendations provided by the American Council on Education (ACE) Guide to the Evaluation of Educational Experiences in the Armed Services when evaluating and awarding educational credits for prior military service or training.
(B) While institutions should evaluate veterans’ military transcripts to determine whether prior military service or training meets educational requirements, they should also provide opportunities whereby such students may be evaluated for educational credits. These include, but are not limited to, nationally recognized examinations, course-specific examinations designed by college or university faculty, and/or portfolio or other means of competence demonstration. Institutions should also document which credits may be earned through which evaluation method.
(C) Institutions should work to award students, who are also veterans, with credits that fulfill major degree requirements whenever possible, if such courses are equivalent to that student’s prior military service or training. Otherwise, appropriate credit should be given to fulfill a general education requirement or other elective course.
(D) Any credits awarded to a student whose prior military service or training has been deemed equivalent for such credits shall be transferable among all public institutions of higher education in the state according to the state’s transfer and articulation policy.
(E) Students, who are also veterans, should consult with registrars and/or academic advisors in an effort to determine whether their prior military service or training fulfills any certificate, course, or major requirements. These students should also provide any necessary supporting documentation to be used in the evaluation of prior experience by the college or university he or she attends.
(F) Institutions should promulgate information regarding the awarding of educational credits for prior military service or training, which includes information on course equivalencies, the number of
credits awarded, and opportunities to be evaluated for such credit. This information should be easily accessible and made available to all current and prospective students.

(3) Implementation Requirements and Reporting.
   (A) In order to comply with section 173.1158, RSMo, all public institutions of higher education in the state of Missouri shall develop and implement policies and procedures that allow for the effective evaluation and awarding of credit to a student with prior military service or training that are also consistent with the aforementioned guidelines. These institutional policies and procedures shall be established and put into effect no later than the beginning of the 2014-2015 academic year, and continue every year thereafter.
   (B) A system of reporting by all public institutions of higher education in the state that includes how institutions evaluate and award credit to students with prior military service or training will be developed over time.

PUBLIC COST: This proposed rule will not cost state agencies or political subdivisions more than five hundred dollars ($500) in the aggregate.

PRIVATE COST: This proposed rule will not cost private entities more than five hundred dollars ($500) in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed rule with Missouri Department of Higher Education, Attn: Jennifer Plemons, 205 Jefferson Street, 11th Floor, Jefferson City, MO 65102 or by email to jennifer.plemons@dhe.mo.gov. To be considered, comments must be received within thirty (30) days after publication of this notice in the Missouri Register. No public hearing is scheduled.
This section will contain the final text of the rules proposed by agencies. The order of rulemaking is required to contain a citation to the legal authority upon which the order or rulemaking is based; reference to the date and page or pages where the notice of proposed rulemaking was published in the Missouri Register; an explanation of any change between the text of the rule as contained in the notice of proposed rulemaking and the text of the rule as finally adopted, together with the reason for any such change; and the full text of any section or subsection of the rule as adopted which has been changed from that contained in the notice of proposed rulemaking. The effective date of the rule shall be not less than thirty (30) days after the date of publication of the revision to the Code of State Regulations.

The agency is also required to make a brief summary of the general nature and extent of comments submitted in support of or opposition to the proposed rule and a concise summary of the testimony presented at the hearing, if any, held in connection with the rulemaking, together with a concise summary of the agency’s findings with respect to the merits of any such testimony or comments which are opposed in whole or in part to the proposed rule. The ninety-(90-) day period during which an agency shall file its order of rulemaking for publication in the Missouri Register begins either: 1) after the hearing on the proposed rulemaking is held; or 2) at the end of the time for submission of comments to the agency. During this period, the agency shall file with the secretary of state the order of rulemaking, together with a concise summary of the testimony presented at the hearing, if any, support of or opposition to the proposed rule and a concise summary of the agency’s findings with respect to the merits of any such testimony or comments which are opposed in whole or in part to the proposed rule. The ninety-(90-) day period during which an agency shall file its order of rulemaking for publication in the Missouri Register begins either: 1) after the hearing on the proposed rulemaking is held; or 2) at the end of the time for submission of comments to the agency. During this period, the agency shall file with the secretary of state the order of rulemaking, either putting the proposed rule into effect, with or without further changes, or withdrawing the proposed rule.

Division 65—Missouri Medicaid Audit and Compliance Unit
Chapter 2—Medicaid

ORDER OF RULEMAKING

By the authority vested in the Department of Social Services under section 660.017, RSMo 2000, the director adopts a rule as follows:

13 CSR 65-2.010 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the Missouri Register on January 15, 2014 (39 MoReg 235–238). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the Code of State Regulations.

SUMMARY OF COMMENTS: The Missouri Medicaid Audit and Compliance Unit (MMAC), a division of the Department of Social Services (DSS), received eight (8) comments on the proposed rule, including one (1) comment from MMAC.

COMMENT #1: Harvey M. Tettlebaum, Attorney with Husch Blackwell and writing on behalf of the Missouri Health Care Association, Missouri Pharmacy Association, Missouri Assisted Living Association, Missouri Alliance for Home Care, Missouri State Medical Association, and the Missouri Dental Association, questioned whether MMAC is recognized by law or regulation to perform enrollment functions and whether MMAC therefore has authority to promulgate rules.

RESPONSE: MMAC appreciates this comment, but it believes it is beyond the scope of rulemaking. However, MMAC’s legal authority to oversee enrollment functions of the Medicaid program is established through a validly-enacted executive reorganization plan which was implemented by Executive Order 12-2 and became effective on August 28, 2012. Under section 26.530, RSMo, a reorganization plan as set out through an executive order that is properly enacted has the force of law and is enforceable in court proceedings. State ex rel. Dept. of Social Services v. K.L.D., 118 S.W.3d 283, 289 (Mo. App. W.D. 2003). Pursuant to state law, Executive Order 12-2 authorizes MMAC to engage in enrollment oversight. As a subdivision validly created pursuant to section 1.6(2) of the Reorganization Act of 1974 by the Director of the Department of Social Services, MMAC has the authority to promulgate rules necessary to carry out the duties
assigned to it under section 660.017, RSMo. No changes have been made to this rule as a result of the comment.

COMMENT #2: Harvey M. Tettlebaum, Attorney with Husch Blackwell, noted that subsection (1)(G) appears to give MMAC overly broad authority to request whatever information it believes necessary pursuant to its own interpretations of “applicable requirements of state or federal laws and regulations” and without further limitation.

RESPONSE AND EXPLANATION OF CHANGE: In order to receive Federal Financial Participation (FFP) for the operation of Missouri’s Medicaid Program, MMAC must comply with the enrollment requirements set forth by the U.S. Department of Health and Human Services, Centers for Medicare and Medicaid Services. Additionally, MMAC must operate according to any requirements that are set forth in state law. Both federal and state laws as they pertain to the Medicaid program may change from time to time. The purpose of this subsection is to reserve MMAC’s authority to request information that it may need in order to comply with both federal and state law. However, in order to further clarify subsection (1)(G), language will be added to limit the information that MMAC may require in an application to other information MMAC needs, under applicable federal or state laws and regulations as they pertain to participation in the MO HealthNet Program.

COMMENT #3: Jane Kruse, J.D., writing on behalf of the Missouri Association of County Developmental Disabilities Services (MACDDS), expressed concern that section (45) seeks to have all provider agreements with an effective date of March 25, 2011, or earlier, be deemed voluntarily terminated on March 25, 2016. Ms. Kruse commented that she believed these contracts would have to be terminated in accordance with the terms of the specific agreement.

RESPONSE AND EXPLANATION OF CHANGE: Under 42 CFR section 455.414, MMAC is required to revalidate the enrollment of all providers regardless of provider type at least every five (5) years. MMAC will comply with this requirement by voluntarily terminating contracts or provider agreements that have extended longer than five (5) years. However, in order to reduce any confusion on this matter, the last sentence of this section will be removed.

COMMENT #4: Jane Kruse, J.D., with MACDDS, noted that the definition of “managing employee” in section (21) of the rule is broad and lacks specificity.

RESPONSE: The definition in this rule of “managing employee” mirrors the federal definition found in 42 CFR section 455.101. MMAC determined that this definition is most appropriate because it must require certain disclosures of managing employees as they are defined by federal law. No changes have been made to this rule as a result of this comment.

COMMENT #5: Jane Kruse, J.D., with MACDDS, commented that the rule was not clear as it pertained to contractors who perform work for a waiver environmental accessibility adaptation project. The contractors are typically engaged through a county developmental disabilities service. Ms. Kruse asked whether those contractors would be required to enroll as providers.

RESPONSE: In this particular instance, the contractors would be considered to provide nonmedical support and therefore would not be required to enroll as a provider. However, the county of record who is billing Medicaid must enroll as an institutional billing provider. No changes have been made to this rule as a result of this comment.

COMMENT #6: Jane Kruse, J.D., with MACDDS, commented that respite care providers appear to fall under the “nonmedical support” exception of the “non-physician practitioner” definition. Ms. Kruse asked, if they do not fall under this exception, where on site visits as defined in section (40) would take place if there is no “practice location.”

RESPONSE AND EXPLANATION OF CHANGE: Federal law requires that all providers who are designated as “moderate” or “high” categorical risks must be subject to pre-enrollment and post-enrollment site visits. 42 CFR section 455.432. In the case that MMAC conducts an on site visit to a non-physician practitioner, the site visit may take place at a beneficiary’s home. Section (40) will be changed in accordance with this position.

COMMENT #7: Jane Kruse, J.D., with MACDDS commented that it is unclear what impact section (18) has on Consumer Directed Services (CDS). She states that “institutional providers” are defined to include providers billing under the CDS program, but institutional providers are also defined as non-corporeal providers. Ms. Kruse notes that some providers of CDS may be individuals and that this is a conflict in the regulation.

RESPONSE: In the rare instance that a CDS provider is not a non-corporeal provider, that individual will fall under the definition of “non-physician practitioner” and will be subject to the requirements and exceptions as set forth in this rule. No changes have been made to this rule as a result of this comment.

COMMENT #8: During a review of the proposed rule, MMAC noted that due to an accidental drafting oversight, language in proposed rule 13 CSR 65-2.030(3) was omitted from this rule.

RESPONSE AND EXPLANATION OF CHANGE: MMAC will add the language set forth in proposed rule 13 CSR 65-2.030(3) which provides that except to the extent inconsistent with this rule, the requirements of 13 CSR 70-3.020 and 13 CSR 70-3.030 remain in force.

13 CSR 65-2.010 Definitions

(1) Application shall include:

(G) Other information MMAC needs, under applicable federal or state laws and regulations as they pertain to the Medicaid program, in order to enroll a MO HealthNet Program provider.

(40) Site visit may include any or all of the following:

(A) Physical visit to, and inspection of, the premises of the provider or a beneficiary’s home if the provider has no central operational facility;

(45) Voluntary termination means that a provider submits written confirmation to MMAC of its decision to discontinue enrollment in the MO HealthNet Program.

(48) Except to the extent inconsistent with this rule, the requirements of 13 CSR 70-3.020 and 13 CSR 70-3.030 remain in force, including any provisions regarding denial of applications and termination, until those provisions are rescinded.

Chapter 2—Medicaid

ORDER OF RULEMAKING
By the authority vested in the Department of Social Services under section 660.017, RSMo 2000, the director adopts a rule as follows:

13 CSR 65-2.020 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the Missouri Register on January 15, 2014 (39 MoReg 238-244). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the Code of State Regulations.
SUMMARY OF COMMENTS: The Missouri Medicaid Audit and Compliance Unit (MMAC), a division of the Department of Social Services (DSS), received twenty-four (24) comments on the proposed rule, including one (1) comment from MMAC.

COMMENT #1: Harvey M. Tettlebaum, Attorney with Husch Blackwell and writing on behalf of the Missouri Health Care Association, Missouri Pharmacy Association, Missouri Assisted Living Association, Missouri Alliance for Home Care, Missouri State Medical Association, and the Missouri Dental Association, questioned whether MMAC is recognized by law or regulation and whether MMAC therefore has authority to promulgate rules.

RESPONSE: MMAC appreciates this comment, but it believes it is beyond the scope of rulemaking. However, MMAC’s legal authority to oversee enrollment functions of the Medicaid program is established through a validly-enacted executive reorganization plan which was implemented by Executive Order 12-2 and became effective on August 28, 2012. Under section 26.530, RSMo, a reorganization plan as set out through an executive order that is properly enacted has the force of law and is enforceable in court proceedings. State ex rel. Dept. of Social Services v. K.L.D., 118 S.W.3d 283, 289 (Mo. App. W.D. 2003). Pursuant to state law, Executive Order 12-2 authorizes MMAC to engage in enrollment oversight. As a subdivision validly created, pursuant to section 1.6.2(2) of the Reorganization Act of 1974, by the Director of the Department of Social Services, MMAC has the authority to promulgate rules necessary to carry out the duties assigned to it. No changes have been made to this rule as a result of the comment.

COMMENT #2: Harvey M. Tettlebaum, Attorney with Husch Blackwell, commented that subsections (2)(B), (2)(C), and (2)(D) appear to give MMAC overly broad authority to request whatever information it believes necessary pursuant to its own interpretations of “applicable requirements of state or federal laws and regulations” and without further limitation.

RESPONSE: In order to receive Federal Financial Participation (FFP) for the operation of Missouri’s Medicaid Program, MMAC must comply with the enrollment requirements set forth by the U.S. Department of Health and Human Services, Centers for Medicare and Medicaid Services. Additionally, MMAC must operate according to any requirements that are set forth in state law. Both federal and state laws as they pertain to the Medicaid program may change from time to time. The purpose of language set forth in section (2) is to reserve MMAC’s authority to request information that may be needed in order to comply with both federal and state law. However, MMAC has adjusted proposed rule 13 CSR 65-2.010(1)(G) which requires that applications shall include “other information MMAC needs, under applicable federal or state laws and regulations as they pertain to the MO HealthNet program, in order to enroll a MO HealthNet program provider.” No changes have been made as a result of this comment.

COMMENT #3: Harvey M. Tettlebaum, Attorney with Husch Blackwell, suggested that MMAC clarify the language in subsection (2)(C) stating that providers should refer to MMAC provider bulletins and application filing instructions. Mr. Tettlebaum stated that the language should specify that it applies to applications being filed as of the promulgation of the rule so that it clearly applies prospectively.

RESPONSE AND EXPLANATION OF CHANGE: MMAC appreciates the suggestion and will add language in subsection (2)(C) to clarify that reference to MMAC provider bulletins, and application filing instructions should be referred to by all providers who apply on or after the promulgation of this rule.

COMMENT #4: Harvey M. Tettlebaum, Attorney with Husch Blackwell, suggested that subsection (3)(F) be modified to make clear that MMAC will accept all information from a provider prior to MMAC making a final decision that required disclosures were not given by the provider. Mr. Tettlebaum also suggested that the word “timely” be defined to mean requested information being provided prior to any final decision being made in paragraph (3)(G)1.

RESPONSE: MMAC is committed to applying the ordinary and plain meaning of the term “timely” when enforcing this rule with providers. Mr. Tettlebaum’s comment is noted and MMAC will provide appropriate timeframes for providers to disclose the required information.

COMMENT #5: Harvey M. Tettlebaum, Attorney with Husch Blackwell, noted that paragraph (3)(G)2. appears to allow MMAC, by treating what may be a temporary suspension to determine whether a particular practice constitutes fraudulent conduct as an “overpayment,” to take the money without due process of law in violation of Article I, Section 10 of the Missouri Constitution and the Fifth and Fourteenth Amendments to the United States Constitution. Mr. Tettlebaum does not believe that its unconstitutionality is saved by the final sentence in that paragraph which states, “[i]f the person subsequently corrects the failure such that FFP is restored, the overpayment shall be rescinded.” The reason for that belief is that it depends on action by a third party federal agency (CMS). Furthermore, it will force providers to utilize remedies available to them under section 208.156, RSMo, to appeal these determinations in order to preserve their rights, thus resulting in substantial, perhaps otherwise unnecessary, litigation as a result of the unfortunate language above quoted. Also, it will result in the loss of federal financial participation for the amount declared an “overpayment.” Mr. Tettlebaum stated that he is unable to perceive any benefit to the state by declaring it an “overpayment.”

RESPONSE AND EXPLANATION OF CHANGE: MMC appreciates this comment, but it believes it is beyond the scope of rulemaking. However, MMAC’s legal authority to promulgate rules necessary to carry out the duties assigned to it. No changes have been made to this rule as a result of the comment.

COMMENT #6: Two stakeholders stated that “local health care fraud problems” in subsection (4)(E) is ambiguous and could lead to various interpretations. Both were also concerned with this subsection because it permits MMAC to require an off-cycle revalidation as a result of “random checks.” Both argued that this provided MMAC with too much discretion and appeared to be an irrational reason for requiring revalidation.

RESPONSE AND EXPLANATION OF CHANGE: In light of the fact that “random checks” may cause providers to pay unwarranted application fees and to undergo the scrutiny of an unnecessary revalidation, MMAC will not request revalidation based on random checks. That clause will be removed from this section. Also, “local health care fraud problems” will be changed to “documented patterns of local health care fraud” so that more clarity is provided.

COMMENT #7: Harvey M. Tettlebaum, Attorney with Husch Blackwell, addressed subsection (5)(D) which provides that the amount of the application fee shall be as determined by the Centers for Medicare and Medicaid Services. Mr. Tettlebaum contended that MMAC does not have authority to delegate its responsibility to set fees by regulation to a third party federal agency. He further stated that MMAC would have to promulgate regulations to implement any change in application fees.

RESPONSE: MMAC appreciates the comment but disagrees that MMAC would have to promulgate regulations to implement any change in application fees. Subsection (5)(D) states that the application fee will be determined by the Centers for Medicare and Medicaid Services (CMS) every year pursuant to 42 CFR section 424.514(d). The federal regulation cited does not provide a specific application fee amount. Instead, it provides an unchanging formula for how the application fee will be determined on a year-to-year
Orders of Rulemaking

June 16, 2014
Vol. 39, No. 12

basis. Even though the amount may change, the formula will remain the same. Providers may expect a change in the application fees pursuant to that formula and subsection (5)(D) advises providers of such possibility. No changes have been made as a result of this comment.

COMMENT #8: Harvey M. Tettlebaum, Attorney with Husch Blackwell, expressed concern that subsection (5)(E) would encourage MMAC to deny enrollment applications so that it may increase its revenue.

RESPONSE: MMAC is legally obligated to abide by federal laws that govern the administration of the Medicaid program. Under 42 CFR section 424.514(d)(2)(v)(B), an application is non-refundable unless the application is rejected prior to initiation of the screening process. Subsection (8)(B) of this rule mirrors that requirement by stating that once the screening process has begun, the application fee is non-refundable. In other words, the application is non-refundable, if MMAC engages in the screening process and incurs costs associated with that process. In addition, 42 CFR section 455.460(b) provides that if the fees collected by a state agency exceed the cost of the screening program, then the state must return that portion of the fees to the federal government. The requirement that the state must only keep the portion of application fees for the costs it actually incurs protects against those concerns that MMAC may be encouraged to deny applications simply for the sake of increasing its revenues. No changes have been made as a result of this comment.

COMMENT #9: Harvey M. Tettlebaum, Attorney with Husch Blackwell, asked if subsection (5)(F) would be interpreted to mean that organizations who own multiple establishments (e.g., a corporation owning several hospitals) could not pay application fees on behalf of the establishments.

RESPONSE: If a corporation owns multiple establishments that are required to pay an application fee, then that corporation may pay those application fees on behalf of the establishments. MMAC believes that subsection (5)(F) is consistent with this position. No changes have been made as a result of this comment.

COMMENT #10: Harvey M. Tettlebaum, Attorney with Husch Blackwell, asked whether the revenues from the application fees will go into a revolving fund previously established by the General Assembly to segregate it for the use of enrollment.

RESPONSE: MMAC appreciates this comment, but it believes it is beyond the scope of rulemaking. MMAC may consider this issue at a later date. No changes have been made as a result of this comment.

COMMENT #11: Harvey M. Tettlebaum, Attorney with Husch Blackwell, expressed concern that subsection (9)(J) gives MMAC too much discretion which he argues is contrary to section 536.021, RSMo.

RESPONSE: MMAC disagrees with Mr. Tettlebaum’s assertion that subsection (9)(J) gives MMAC too much discretion. The purpose of conducting a screening and enrollment process is to ensure that qualified providers participate in the Medicaid program and to reduce the risk of fraud, waste, and abuse of the Medicaid program. Subsection (9)(J) does not permit MMAC to deny applications on any basis that is not already required pursuant to this rule. However, MMAC must have the ability to apply certain levels of scrutiny on a case-by-case basis in order to determine whether a provider is eligible to participate in the Medicaid program. No changes have been made as a result of this comment.

COMMENT #12: Harvey M. Tettlebaum, Attorney with Husch Blackwell, noted that the Private Cost statement was likely inaccurate because it does not take into account additional costs to providers from complying with this regulation.

RESPONSE EXPLANATION OF CHANGE: MMAC concurs that the Public and Private Cost statement underestimated the number of providers who may be subject to the application fee. An amended Public and Private Cost statement is included.

COMMENT #13: Stacy L. Dye with Claim Care, Inc. suggested that in subsection (1)(D) the following sentence be added to replace the first sentence of the proposed subsection: “All persons enrolled as billing or performing MO HealthNet providers shall abide by the established policies and procedures set forth in the MO HealthNet provider manual(s) and changes made and reflected in published MO HealthNet materials applicable to the provider’s provider type(s) as published on actual date of service provided.”

RESPONSE: Although the suggested changes to subsection (1)(D) provide further clarification to the requirement that providers abide by the MO HealthNet provider manuals, MMAC believes they are not necessary. These changes are implied in the original language and legal interpretations of this regulation as it is currently written, would be consistent with Ms. Dye’s suggested changes. No changes have been made as a result of this comment.

COMMENT #14: Stacy L. Dye with Claim Care, Inc. indicated that the requirement to disclose date of birth and Social Security number as provided in paragraph (3)(A)(2) may limit the amount of willing qualified billing and performing providers available to Medicaid participants. Ms. Dye suggested requiring the last four (4) digits of Social Security numbers.

RESPONSE: Federal law requires that when an applying provider is an individual, the provider must disclose his or her date of birth and Social Security number. 42 CFR section 455.104(b)(1)(i). In order to comply with federal law, MMAC must ask for the complete Social Security number. No changes have been made as a result of this comment.

COMMENT #15: Stacy L. Dye with Claim Care, Inc. indicated that the requirement to disclose date of birth and Social Security number of “managing employees” as provided in paragraph (3)(A)(7) may limit the amount of willing qualified billing and performing providers available to Medicaid participants. Ms. Dye suggested requiring the last four (4) digits of Social Security numbers.

RESPONSE: Under federal law, an applying provider must disclose the name, address, date of birth, and Social Security number of any managing employee of the provider. 42 CFR section 455.104(b)(3). In order to comply with federal law, MMAC must ask for the complete Social Security number. No changes have been made as a result of this comment.

COMMENT #16: Stacy L. Dye with Claim Care, Inc. suggested that the date by which providers must revalidate their enrollment be changed from March 24, 2016 to June 30, 2016. Ms. Dye stated that performing providers rendering services with a Missouri school district may change employment between the end of May and first of August.

RESPONSE AND EXPLANATION OF CHANGE: MMAC appreciates the comment and will remove the “Revalidation Schedule for MO HealthNet Providers” in its entirety. For further clarification, subsection (4)(A) will provide that all providers must revalidate by 2019 and that each provider will be notified of the required date to revalidate by a notice mailed by MMAC to the provider.

COMMENT #17: Stacy L. Dye with Claim Care, Inc. suggested that an automatic exemption of application fee plus automatic hardship should be granted to any Missouri school district.

RESPONSE: This rule provides criteria for when a provider may qualify for a hardship waiver exception. This criteria applies to all providers seeking to be excepted from the application fee requirement. MMAC suggests that school districts apply for hardship waivers if they believe they fall under the criteria provided in the rule. No changes made as a result of this comment.

COMMENT #18: Kim G. Ratcliffe with the Missouri School Boards’ Association suggested that the “Revalidation Schedule for MO HealthNet Providers” should use an alternative to the provider
numbers for identifying which providers must revalidate by which date. Ms. Ratcliffe indicated that providers do not know their provider numbers that are assigned to them by the state.

RESPONSE AND EXPLANATION OF CHANGE: MMC appreciates the comment and will remove the “Revalidation Schedule for MO HealthNet Providers” in its entirety. For further clarification, subsection (4)(A) will provide that all providers must revalidate by 2019 and that each provider will be notified of the required date to revalidate by a notice mailed by MMAC to the provider.

COMMENT #19: Jane Kruse, J.D., writing on behalf of the Missouri Association of County Developmental Disabilities Services (MACDDS), commented that the requirement in subsection (1)(A) appeared to require that Organized Health Care Delivery System contractors would be included as an entity that would be required to enroll as a provider. Ms. Kruse expressed concern that this would defeat the purpose of entering into such contracts since a benefit of doing so is to avoid enrolling as a provider. Ms. Kruse cites 42 CFR section 455.410 and argues that the state requirement is more broad than that of the federal regulation.

RESPONSE: Under 42 CFR section 455.410(b), MMC must require professionals providing services under the state plan or under a waiver of the plan to be enrolled as “participating” providers. In addition, 42 CFR section 431.107(b) requires that MMC enter into a provider agreement with “each provider or organization furnishing services under the [state] plan.” Based on the above federal requirements, it is MMC’s position that if an organization or an individual is providing medical services under the state plan or under a waiver, those organizations are considered a provider and are subject to this rule. In this rule, MMC considers the requirements for “performing providers” to be consistent with federal law. No changes have been made as a result of this comment.

COMMENT #20: Jane Kruse, J.D., with MACDDS, commented that subsection (5)(E) requiring that an institutional provider submit an application and pay an application fee for each provider type for which the institutional provider applying may be too costly and burdensome to providers who provide more than one type of service.

RESPONSE: Federal law requires that entities that enroll in more than one type of service. No changes have been made as a result of this comment.

COMMENT #21: Jane Kruse, J.D., with MACDDS, stated that County Boards established under sections 205.968–205.973, RSMo, should be considered limited risk as opposed to moderate risk because county boards are political subdivisions of the state, subject to the oversight and compliance requirements of other political subdivisions.

RESPONSE: Under 42 U.S.C. section 1396a(k)(1)(B), states are required to comply with the process for screening providers established by the Secretary of the U.S. Department of Health and Human Services under 42 U.S.C. section 1395cc(j)(2). Accordingly, 42 CFR section 455.450 establishes the same screening levels for Medicaid providers. For those provider-types that are not specifically recognized under Medicare, CMS requires states to assess the risk of fraud, waste, and abuse using similar criteria to those outlined in 76 Fed. Reg. 5862. MMC has assessed the risk-level of providers not specifically listed in the Medicare provisions and have determined that those provider should automatically fall under the “moderate” risk level. No changes have been made as a result of this comment.

COMMENT #22: Jane Kruse, J.D., with MACDDS was concerned that the term “credible allegation of fraud” in subsection (9)(G) was not defined in the rule. Ms. Kruse also stated that providers should not be moved to “moderate” or “high” level of risk if an overpayment was self-reported. She suggested that there should be a threshold amount for an existing overpayment, and self-reported amounts should be excluded.

RESPONSE: Subsection (9)(G) does not provide that self-reported overpayments will cause a provider to be moved to “moderate” or “high” level of risk. Consistent with 42 CFR section 455.450(e)(1), this rule provides that levels of risk will be moved in the event that a suspension is imposed on a provider as a result of a credible allegation of fraud or because the provider has an existing Medicaid overpayment. MMC has interpreted this requirement to mean that if at the time of enrollment or revalidation the provider has an existing overpayment, regardless of whether the amount is self-disclosed or the amount, then that provider’s risk level is subject to be moved to a higher risk level. MMC also defers to the federal definition of the term “credible allegation of fraud” which is found in 42 CFR section 455.2. No changes have been made as a result of this comment.

COMMENT #23: During a review of the proposed rule, MMC noted that due to an accidental drafting oversight, language in proposed rule 13 CSR 65-2.030(3) was omitted from this rule. MMC appreciates the suggested changes and will add the language set forth in proposed rule 13 CSR 65-2.030(3) which provides that except to the extent inconsistent with this rule, the requirements of 13 CSR 70-3.020 and 13 CSR 70-3.030 remain in force.

13 CSR 65-2.020 Provider Enrollment and Application

(2) Application.

(C) Specific application instructions are modified as necessary for efficient and effective administration of the MO HealthNet Program as required by federal or state laws and regulations. Providers applying on or after the promulgation of this rule should refer to the appropriate MMC provider bulletins and application filing instructions for specific application filing instructions and information, which are incorporated by reference and made a part of this rule as published by the Department of Social Services, Missouri Medicaid Audit and Compliance Unit, 205 Jefferson Street, Second Floor, Jefferson City, MO 65109, at its website mmac.mo.gov, January 15, 2014. This rule does not incorporate any subsequent amendments or additions.

(3) All providers, fiscal agents, and managed care entities are required to disclose as follows:

(G) Consequences for Failure to Provide Required Disclosures:

1. Any person’s failure to provide, or timely provide, disclosures pursuant to this section may result in deactivation, denial, rejection, suspension, or termination. If the failure is inadvertent or merely technical, MMC may choose not to impose consequences if, after notice, the person promptly corrects the failure.

(4) Provider Revalidation.

(A) All enrolled MO HealthNet Program providers as of the effective date of this rule who are not on a closed-end provider agreement
shall revalidate their enrollment as a MO HealthNet Program provider, on or before March 24, 2019, according to schedule as determined by MMAC, by submitting an MMAC-approved revalidation application, supplemental forms, information, and documentation requested by MMAC, along with any required application fee, hardship waiver request, or documentation showing that the provider has revalidated with Medicare or another state’s Medicaid Program or CHIP within the previous twelve (12) months, if applicable.

(E) MMAC may request that the provider revalidate on an off-cycle revalidation period as a result of information obtained by MMAC indicating documented patterns of local health care fraud, national initiatives, complaints, or other reasons that cause MMAC to question the compliance of the provider with MO HealthNet Program.

(5) Application Fee.

(D) The application fee shall be five hundred forty-two dollars ($542), unless subsequently changed by regulation of the department.

(9) Screening.

(J) MMAC may request and consider additional information or documentation related to the eligibility criteria, if at any time during the application process it appears that: the enrollment application or supporting documentation is inaccurate, incomplete, or misleading; or it appears the applying person may be ineligible to become a MO HealthNet provider.

(11) Except to the extent inconsistent with this rule, the requirements of 13 CSR 70-3.020 and 13 CSR 70-3.030 remain in force, including any provisions regarding denial of applications and termination, until those provisions are rescinded.

III. WORKSHEET

4 hours screening multiplied by $50/hr multiplied by 7,529 Medicaid-only revalidating providers = $1,505,800

IV. ASSUMPTIONS

The number of revalidating Medicaid-only providers is an estimate and may be lower than estimated.

7 CSR 10-25.010 Skill Performance Evaluation Certificates for Commercial Drivers

PUBLIC NOTICE

Public Notice and Request for Comments on Applications for Issuance of Skill Performance Evaluation Certificates to Intrastate Commercial Drivers with Diabetes Mellitus or Impaired Vision

SUMMARY: This notice publishes MoDOT’s receipt of applications for the issuance of Skill Performance Evaluation (SPE) Certificates from individuals who do not meet the physical qualification requirements in the Federal Motor Carrier Safety Regulations for drivers of commercial motor vehicles in Missouri intrastate commerce because of impaired vision or an established medical history or clinical diagnosis of diabetes mellitus currently requiring insulin for control. If granted, the SPE Certificates will authorize these individuals to qualify as drivers of commercial motor vehicles (CMVs), in intrastate commerce only, without meeting the vision standard prescribed in 49 CFR 391.41(b)(10), if applicable, or the diabetes standard prescribed in 49 CFR 391.41(b)(3).

DATES: Comments must be received at the address stated below, on or before, July 15, 2014.

ADDRESSES: You may submit comments concerning an applicant, identified by the Application Number stated below, by any of the following methods:

If you want us to notify you that we received your comments, please include a self-addressed, stamped envelope or postcard.

Background

The individuals listed in this notice have recently filed applications requesting MoDOT to issue SPE Certificates to exempt them from the physical qualification requirements relating to vision in 49 CFR 391.41(b)(10), or to diabetes in 49 CFR 391.41(b)(3), which otherwise apply to drivers of CMVs in Missouri intrastate commerce.

Under section 622.555, RSMo Supp. 2013, MoDOT may issue an SPE Certificate, for not more than a two-(2-) year period, if it finds that the applicant has the ability, while operating CMVs, to maintain a level of safety that is equivalent to or greater than the driver qualification standards of 49 CFR 391.41. Upon application, MoDOT may renew an exemption upon expiration.

Accordingly, the agency will evaluate the qualifications of each applicant to determine whether issuing an SPE Certificate will comply with the statutory requirements and will achieve the required level of safety. If granted, the SPE Certificate is only applicable to intrastate transportation wholly within Missouri.

Qualifications of Applicants

Application #166

Renewal Applicant’s Name & Age: Dominic E. Hanway, 42

Relevant Physical Condition: Vision impaired. Mr. Hanway’s best-corrected visual acuity in his left eye is 20/20 Snellen and he is legally blind in his right eye. He lost his right eye in 1999 as the result of an injury.

Relevant Driving Experience: Mr. Hanway has been employed with a farm in Forest City, MO since 2009. He has approximately five (5) years commercial motor vehicle driving experience. He currently has a Class E license, and drives personal vehicle(s) daily.

Doctor’s Opinion and Date: Following an examination in March, 2014, his optometrist certified, his condition would not adversely affect his ability to operate a commercial vehicle safely.

Traffic Accidents and Violations: No accidents or violations on record for the previous three (3) years.

Request for Comments

The Missouri Department of Transportation, Motor Carrier Services Division, pursuant to section 622.555, RSMo, and rule 7 CSR 10-25.010, requests public comment from all interested persons on the applications for issuance of Skill Performance Evaluation Certificates described in this notice.
