HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation, i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

RSMo—The most recent version of the statute containing the section number and the date.

This section will contain the final text of the rules proposed by agencies. The order of rulemaking is required to contain a citation to the legal authority upon which the order of rulemaking is based; reference to the date and page or pages where the notice of proposed rulemaking was published in the *Missouri Register*; an explanation of any change between the text of the rule as contained in the notice of proposed rulemaking and the text of the rule as finally adopted, together with the reason for any such change; and the full text of any section or subsection of the rule as adopted which has been changed from that contained in the notice of proposed rulemaking. The effective date of the rule shall be not less than thirty (30) days after the date of publication of the revision to the *Code of State Regulations*.

The agency is also required to make a brief summary of the general nature and extent of comments submitted in support of or opposition to the proposed rule and a concise summary of the testimony presented at the hearing, if any, held in connection with the rulemaking, together with a concise summary of the agency's findings with respect to the merits of any such testimony or comments which are opposed in whole or in part to the proposed rule. The ninety-(90-) day period during which an agency shall file its Order of Rulemaking for publication in the *Missouri Register* begins either: 1) after the hearing on the Proposed Rulemaking is held; or 2) at the end of the time for submission of comments to the agency. During this period, the agency shall file with the secretary of state the order of rulemaking, either putting the proposed rule into effect, with or without further changes, or withdrawing the proposed rule.

SUMMARY OF COMMENTS: A public hearing was held on this proposed amendment on March 12, 2014. No one attended the public hearing. Written comments were received from Mike Winter, Executive Director of the Missouri Gaming Association (MGA). MGC staff also had two (2) comments.

COMMENT #1: Staff requested a revision to subsection (5)(A) to clarify that the general manager may be an employee of the Class A licensee.

RESPONSE AND EXPLANATION OF CHANGE: The staff agrees to add a statement to subsection (5)(A) to clarify that the general manager may be a Class A employee.

COMMENT #2: Occupational License Level II is any person not a key or Level I who has access to the gaming floor, or secured areas, as an employee of any Class A, Class B, or supplier licensee, and any other person directed by the commission or the executive director to file a Level II application. Some of our members receive assistance from corporate service groups. The removal of section (5) would negate the support and assistance provided by those entities. These corporate employees provide administrative support in the execution of operations across the entire enterprise. The elimination of their support would hinder business goals and is in direct conflict with the established organizational culture. This structure has been in place throughout the years without increased risk. The additional oversight into operations has reduced the risk of error. Corporate employees who provide on-site assistance and possess a Missouri Gaming Commission license can be held accountable by the state of Missouri.

11 CSR 45-4.190(2) states that the occupational licensees thereof shall have a continuing obligation to demonstrate suitability to hold a license by complying with all gaming laws and regulations. If the employee will not be allowed on-site access to the facility in Missouri, why will they be required to possess an occupational license?

RESPONSE AND EXPLANATION OF CHANGE: 11 CSR 45-4.020(7) has been revised to include employees of the Class A licensee in any position that would require the holder to have access to the excursion gambling boat or secured area to perform his or her function or duties.

COMMENT #3: Staff requested revisions to section (10) to clarify the language.

RESPONSE AND EXPLANATION OF CHANGE: Section (10) has been changed to clarify the language.

**11 CSR 45-4.020 Licenses, Restrictions on Licenses, Licensing
Authority of the Executive Director, and Other Definitions**

ORDER OF RULEMAKING

By the authority vested in the Missouri Gaming Commission (MGC) under section 313.805, RSMo Supp. 2013, the commission amends a rule as follows:

11 CSR 45-4.260 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on January 15, 2014 (39 MoReg 198-200). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: A public hearing was held on this proposed amendment on March 12, 2014. No one attended the public hearing. Written comments were received from Mike Winter, Executive Director of the Missouri Gaming Association (MGA). The MGC staff had one (1) comment.

Due to the similarity of the following two (2) comments, they are addressed with one (1) response:

COMMENT #1: MGA questioned the changes to section (6) regarding poker tournament dealers noting that some MGA members will host numerous poker tournaments a year at our Missouri properties. The success of these tournaments depends on a company's ability to hire experienced poker dealers and supervisors for the event. These types of events are a huge generator of revenue for the state. This proposed change would have a significant and negative impact on a casino's ability to attract licensed poker dealers. The poker dealers used for some of these tournaments are part of a traveling circuit of dealers who only work special events such as these tournaments. These dealers are licensed in several states and it is feasible they could deal tournaments outside the state for a period longer than sixty (60) days and thus not be re-employed by a Missouri casino within sixty (60) days of terminating an employment relationship. Rescinding their licenses and eliminating their ability to self-renew would require dealers to fill out an entirely new gaming application packet as opposed to completing the five (5) page self-renewal application. This process would reduce the number of licensed poker dealers able and willing to deal tournaments in Missouri. Special event tournaments require poker dealers who have significant specialized experience. This regulation if enacted without carving out an exception for the traveling circuit of special event poker dealers would have a negative impact on our member's ability to hire the best talent for its big poker tournaments. If they are not able to obtain the best dealers they will not have a successful revenue generating event.

COMMENT #2: MGA questioned the changes to section (6) regarding all other licensees, noting that MGA feels strongly that any licensee who pays for a one (1)/two (2)-year license should be allowed to keep their license active until their expiration date. Licensees should not have to reapply for a license and pay an application and license fee if they decide to return to work at a casino. If the commission elects to move forward with the regulation as proposed, any licensee whose license is proposed to be terminated in this fashion should receive a prorated refund for the amount of time remaining on the license. MGA stated that as an industry, they want to encourage people to work in their industry, not discourage them.

RESPONSE AND EXPLANATION OF CHANGE: The rescission of the occupational license after sixty (60) days has been removed, and replaced with a provision placing these individuals into a casino restricted status. Casino restricted status allows the licensee to keep his/her license until the license expires or is otherwise terminated. Due to this change, the private fiscal note is no longer applicable.

COMMENT #3: A staff member requested section (6) be revised to include a key person.

RESPONSE AND EXPLANATION OF CHANGE: Staff concurs and has made the change.

11 CSR 45-4.260 Occupational Licenses for Class A, Class B, and Suppliers

(6) If the employment of a key person, Level I, or Level II occupational licensee with a Class A, Class B, or supplier licensee is ter-

minated for any reason, then the occupational license will be placed into a casino restricted status. Casino restricted status is the status assigned to an occupational licensee with a valid license who is not employed by a Class A, Class B, or supplier licensee.

REVISED PRIVATE COST: Due to comments received by MGC, changes were made which significantly reduced the cost of the proposed amendment to private entities. This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate. The costs detailed in the original private fiscal note no longer apply.

ORDER OF RULEMAKING

By the authority vested in the Missouri Gaming Commission (MGC) under section 313.805, RSMo Supp. 2013, the commission amends a rule as follows:

11 CSR 45-4.380 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on January 15, 2014 (39 MoReg 201). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: A public hearing was held on this proposed amendment on March 12, 2014. No one attended the public hearing. Written comments were received from Mike Winter, Executive Director of the Missouri Gaming Association (MGA).

COMMENT: MGA stated that the removal of the one (1)-time non-refundable fee would place a significant financial hardship on Level I and key licensees after termination from a Class A, Class B, or supplier. The revision does not include a sixty (60)-day period for key and Level I licensees to actively search for a new position in the industry. If the employee's license is scheduled to expire within sixty (60) days of termination, this revision would require the licensee to resubmit all of the paperwork and application filing fee once new employment is obtained. MGA questioned why this change is necessary and would request the commission revisit this issue.

RESPONSE AND EXPLANATION OF CHANGE: Staff agrees this is a one (1)-time nonrefundable application filing fee, and made the requested change in section (1). In addition, the language that was added to section (6) has been removed.

11 CSR 45-4.380 Occupational and Key Person/Key Business Entity License Application and Annual Fees

(1) The one (1)-time nonrefundable application filing fee shall be—

(6) Each occupational license shall expire biennially on the last day of the month of issue, but the licensing hearing shall be subject to being reopened at any time.

ORDER OF RULEMAKING

By the authority vested in the Missouri Gaming Commission (MGC) under section 313.805, RSMo Supp. 2013, the commission amends a rule as follows:

11 CSR 45-4.410 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on January 15, 2014 (39 MoReg 203-204). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: A public hearing was held on this proposed amendment on March 12, 2014. No one attended the public hearing. Written comments were received from Mike Winter, Executive Director of the Missouri Gaming Association (MGA).

COMMENT #1: MGA questioned the changes to section (1) regarding corporate employees officing out of a Missouri property and employees with regional areas of responsibility. Several of MGA's members who own properties in Missouri also operate casinos in other jurisdictions. It is a sound business decision to have corporate employees and property employees with regional areas of responsibility office out of a Missouri property. There are a number of fac-

tors considered when deciding to locate them in Missouri including proximity to airports, number and proximity of casinos for which they have responsibility, and amount of revenue generated by the properties.

These employees have offices at a Missouri property, have duties at the Missouri property, and play a vital part in ensuring the casinos in their regional area of control, which includes Missouri, are successful at generating revenue for the state and the organization.

These employees are corporate and functional leaders with subject matter expertise. It is impractical to require corporate employees or employees with regional responsibilities to stop by Security every day to obtain and return the visitor's badge to enter the premises while performing the duties for which they are paid. These team members need access to the front and back of house. Additionally, if licensed, they should have access to the casino floor without the requirement of an escort. These employees submit to the same background check processes as property employees. They have the same license issued by the commission as do property specific employees. Thus, it is unclear what the perceived risk is in allowing them to have a property access badge based on their status as corporate employees. MGA practices are consistent with the business practices of all other corporations doing business in the state of Missouri. While it is true that they are not employees of the Class B licensee, it is equally true they are not visitors.

The more accurate description is that these people are employees of the Class A licensee, intentionally and strategically officed out of the Class B licensed property. They are employees with daily responsibilities at that and other regional properties. The work performed by these employees directly and indirectly benefit the Class B licensed property. These employees all have Level I or Level II Missouri gaming licenses. The regulation allows them to be licensed in the state and perform their job duties in the state, but denies them access to their physical workplace. Without a property access badge these employees are unable to access their work area before or after hours without an escort to perform the duties of their positions. This is an impractical approach and stifles a company's ability to operate strategically as a business within the state of Missouri.

If this change is viewed in the narrowest interpretation it would seem that casinos with corporate employees or employees with regional areas of responsibility do not have any feasible alternatives outside of relocating these employees to other jurisdictions. MGA questions if that is the commission's intent but if that is the result, it would have the effect of reducing our employees in Missouri and the employment taxes paid by our members. Should the Class A licensee be required to relocate its corporate or regional team members outside of the state, the impact to the state is not correctly depicted in the private entity fiscal note.

RESPONSE AND EXPLANATION OF CHANGE: An exception was added to allow corporate employees with job responsibilities at more than one Class B licensee to obtain casino access badges. No change was made to allow employees of the Class B licensee to obtain casino access badges for more than one (1) property.

COMMENT #2: MGA questioned the changes to section (1) regarding corporate employees with Missouri gaming licenses who need to access the properties for legitimate business purposes. MGA's members continue to strive to make all of our properties successful revenue generators. To successfully implement some of these plans, our Missouri properties will need to partner with the corporate team leaders. This partnership will sometimes require corporate team members to be physically present at the property. These are corporate business partners responsible for implementing companywide initiatives successfully across the brand where they have areas of responsibility. These team members are also licensed by the commission to work at the properties in the state. They have undergone the necessary background checks and been found worthy of a Missouri gaming license.

As an industry, MGA struggles to understand the risk to gaming in

this state by allowing licensed team members to have documented access to the properties owned by the parent company for legitimate business purposes.

RESPONSE AND EXPLANATION OF CHANGE: An exception was added to allow corporate employees with job responsibilities at more than one Class B licensee to obtain casino access badges.

11 CSR 45-4.410 Identification Badge Requirements

(1) All employees and occupational licensees shall at all times while performing the functions of their positions display on their person in a clearly visible manner a valid, riverboat-issued, casino access badge, unless a waiver has been granted in writing for a particular job function. No casino access badge granting access to any riverboat gaming operation may be held by any person unless that person is an employee of the Class B licensee and has been authorized for such access by the Class B applicant or licensee of the riverboat gaming operation for which the badge is to be issued. Each Class B applicant or licensee must notify the commission that such authorization has been granted before any identification badge may be issued to the person. Each Class B applicant or licensee must notify the commission within ten (10) days if any such authorization has been revoked. General managers, other key person licensees, internal auditors who are employees of the Class A licensee, and Class A employees who have job responsibilities that require them to work at more than one (1) Class B facility may also be granted casino access badges. All other employees of the Class A licensee must obtain and display a visitor badge while performing the functions of their positions at the riverboat gaming operation.

ORDER OF RULEMAKING

By the authority vested in the Department of Health and Senior Services under section 192.006, RSMo 2000, and sections 197.080 and 197.154, RSMo Supp. 2013, the department amends a rule as follows:

19 CSR 30-20.090 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on February 3, 2014 (39 MoReg 443-444). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The department received four (4) comments on the proposed amendment.

COMMENT #1: Diane Burkhardt Kovac, on behalf of BJC HealthCare, recommends inserting the phrase “or other individual” after employee in section (1) to permit the use of a contracted service director who would also meet (or exceed) the identified and listed qualifications.

RESPONSE AND EXPLANATION OF CHANGE: Section (1) has been changed to clarify that food and nutrition services may be provided by an employee or contracted individual.

COMMENT #2: Daniel Landon, on behalf of the Missouri Hospital Association, recommends section (7) be changed to require that policies and procedures for food and nutrition services be reviewed and kept current per hospital policy and readily available to staff to be consistent with the language used in other hospital rules regarding policy review.

RESPONSE AND EXPLANATION OF CHANGE: Section (7) has been changed to clarify that the policies and procedures shall be reviewed and kept current per hospital policy and readily available to staff.

COMMENT #3: Mary Beth Arensberg, on behalf of Abbott Nutrition Abbott Laboratories Inc., recommends adding the three (3) steps of rapid implementation of a comprehensive nutrition intervention, communication of a nutrition care plan, and a nutrition discharge plan to the requirements of this rule.

RESPONSE AND EXPLANATION OF CHANGE: Section (7) has been modified to include language related to nutritional care throughout the admission and upon discharge.

COMMENT #4: Alan Parver, on behalf of Healthcare Nutrition Council, recommends the department require hospitals to implement timely, clinically-indicated comprehensive nutrition intervention, including where appropriate enteral nutrition formulas and oral nutrition supplements. In addition, the department should encourage the continuity of care by requiring hospitals to develop comprehensive nutrition care and education plans for patients post-discharge including monitoring patients for malnutrition and the risk of malnutrition on an ongoing basis.

RESPONSE AND EXPLANATION OF CHANGE: Section (7) has been modified to include language related to nutritional care throughout the admission and upon discharge.

19 CSR 30-20.090 Food and Nutrition Services

ignated who—

Division 30—Division of Regulation and Licensure
Chapter 20—Hospitals**

ORDER OF RULEMAKING

By the authority vested in the Department of Health and Senior Services under section 192.006, RSMo 2000, and sections 197.080 and 197.154, RSMo Supp. 2013, the department amends a rule as follows:

19 CSR 30-20.094 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on February 3, 2014 (39 MoReg 444-446). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The department received ten (10) comments on the proposed amendment.

COMMENT #1: Daniel Landon, on behalf of the Missouri Hospital Association, recommends the word “signed” in section (2) be changed to “authenticated.”

RESPONSE AND EXPLANATION OF CHANGE: Section (2) has been changed to clarify documentation shall be legible, dated, timed, authenticated, and recorded.

COMMENT #2: Daniel Landon, on behalf of the Missouri Hospital Association, recommends the removal of the requirement in section (4) that each abbreviation have only one meaning.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees and has changed section (4) as recommended.

COMMENT #3: Daniel Landon, on behalf of the Missouri Hospital Association, recommends the addition of “except in the case of emergencies” to the end of the final line in subsection (9)(A).

RESPONSE AND EXPLANATION OF CHANGE: Subsection (9)(A) has been changed to add an exception for emergencies.

COMMENT #4: Cassandra Landholt, on behalf of APIC Greater St. Louis, requests clarification as to the meaning and use of the term “hospital acquired infections” in subsection (9)(E) and “healthcare-associated infections” in 19 CSR 30-20.116(1), as the two (2) terms

are not interchangeable and would have very different meanings for charting and reporting purposes.

RESPONSE AND EXPLANATION OF CHANGE: The department researched both terms and determined that “healthcare-associated infections” is the correct terminology for both state licensure regulation and federal Centers for Disease Control and Prevention (CDC) reporting purposes. Subsection (9)(E) has been changed to match the language used in 19 CSR 30-20.116(1).

COMMENT #5: Diane Burkhardt Kovac, on behalf of BJC HealthCare, and Daniel Landon, on behalf of the Missouri Hospital Association, recommend the removal of the forty-eight (48)-hour time frame for authentication of verbal orders in section (3).

RESPONSE AND EXPLANATION OF CHANGE: The forty-eight (48)-hour time frame for authenticating orders in section (3) has been changed to thirty (30) days.

COMMENT #6: Diane Burkhardt Kovac, on behalf of BJC HealthCare, asks if removal of the term “inpatient” meant that the department is creating a standard for medical records that is also applicable to out-patient records.

RESPONSE: The rules in Title 19, Division 30, Chapter 20 only apply to hospitals as defined in section 197.020, RSMo. A hospital is defined in section 197.020, RSMo, as “a place devoted primarily to the maintenance and operation of facilities for the diagnosis, treatment, or care for not less than twenty-four consecutive hours in any week of three or more nonrelated individuals suffering from illness, disease, injury, deformity, or other abnormal physical conditions; or a place devoted primarily to provide for not less than twenty-four consecutive hours in any week medical or nursing care for three or more nonrelated individuals.” No changes have been made to this rule as a result of this comment.

COMMENT #7: Diane Burkhardt Kovac, on behalf of BJC HealthCare, asks if removal of the phrase “in Hospitals” in the title of the rule meant that the department is broadening the scope of the regulation to any services provided by hospitals?

RESPONSE: The phrase “in Hospitals” was deleted from the title of the rule because it is redundant as the title of the rule chapter is “Hospitals.” The rules in Chapter 20 only apply to hospitals as defined in section 197.020, RSMo. No changes have been made to this rule as a result of this comment.

COMMENT #8: John Ingrassia, on behalf of SSM Health Care St. Louis, recommends section (3) be amended to be consistent with the Medicare Conditions of Participation and likewise be better aligned with current hospital practice.

RESPONSE AND EXPLANATION OF CHANGE: Section (3) has been clarified to remove the forty-eight (48)-hour time frame as verbal orders have to be completed within thirty (30) days.

COMMENT #9: John Ingrassia, on behalf of SSM Health Care St. Louis, recommends section (10) be amended to require a certificate of live birth be completed within five (5) rather than seven (7) days and clarify the requirement to reflect “business days.”

RESPONSE: Section 193.085.1, RSMo, requires a certificate of live birth to be filed within five (5) days after birth. No changes have been made to this rule as a result of this comment.

COMMENT #10: John Ingrassia, on behalf of SSM Health Care St. Louis, supports the proposed amendment to the medical record retention requirement for minors to be their twentieth birthday, rather than twenty-third birthday in section (14).

RESPONSE: No changes have been made to this rule as a result of this comment.

19 CSR 30-20.094 Medical Records

(2) All patient care documentation shall be entered in the patient’s

medical record promptly. Such documentation shall be legible, dated, timed, authenticated, and recorded.

(3) All orders, including verbal orders, shall be dated, timed, and authenticated according to hospital policy, but no later than thirty (30) days, by the ordering practitioner or another practitioner who is responsible for the care of the patient and authorized to write orders by hospital policy and shall be kept in the patient’s medical record. Authentication shall consist of written signatures, initials, or computer-generated signature codes.

(4) The hospital shall have a written policy that includes abbreviations, acronyms, symbols, and dose designations approved by the medical staff for use in the hospitals and those prohibited from use in the hospital. The prohibited list applies to all orders, preprinted forms, and medication related documentation.

(9) All medical records shall include, as appropriate:

(A) A medical history and physical examination completed and authenticated no more than thirty (30) days before or twenty-four (24) hours after admissions or registration, but prior to surgery or a procedure requiring anesthesia services, except in the case of emergencies. The medical history and physical examination shall be placed in the patient’s medical record within twenty-four (24) hours after admission or registration, but prior to surgery or a procedure requiring anesthesia services, except in the case of emergencies.

(E) Documentation of complications, healthcare-associated infections, and unfavorable reactions to drugs and anesthesia;

Title 19—DEPARTMENT OF HEALTH AND SENIOR SERVICES Division 30—Division of Regulation and Licensure Chapter 20—Hospitals

ORDER OF RULEMAKING

By the authority vested in the Department of Health and Senior Services under section 192.006, RSMo 2000, and section 197.080, RSMo Supp. 2013, the department amends a rule as follows:

19 CSR 30-20.104 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on February 3, 2014 (39 MoReg 447–448). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The department received two (2) comments on the proposed amendment.

COMMENT #1: Diane Burkhardt Kovac, on behalf of BJC HealthCare, recommends removing the term “dedicated” in section (7) to allow staff to be shared with the hospital or used as back-up for vacations/unplanned or planned time off.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees. Section (7) has been changed to remove the term “dedicated.”

COMMENT #2: John Ingrassia, on behalf of SSM Health Care St. Louis, asks whether section (7) requires that the distinct “director” of a “psychiatric distinct part unit” be separate from that of the rest of the hospital.

RESPONSE AND EXPLANATION OF CHANGE: Section (7) has been changed to remove the term “dedicated” for clarification.

19 CSR 30-20.104 Social Services

(7) Freestanding psychiatric hospitals and psychiatric distinct part units shall have social services staff. Title 19—DEPARTMENT OF HEALTH AND SENIOR SERVICES Division 30—Division of Regulation and Licensure Chapter 20—Hospitals

ORDER OF RULEMAKING

By the authority vested in the Department of Health and Senior Services under section 192.006, RSMo 2000, and section 197.080, RSMo Supp. 2013, the department amends a rule as follows:

19 CSR 30-20.108 Fire Safety, General Safety and Operating Features is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on February 3, 2014 (39 MoReg 448–449). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The department received two (2) comments on the proposed amendment.

COMMENT #1: John Ingrassia, on behalf of SSM Health Care St. Louis, asks the department to clarify the elements of fire protection referred to in the statement “smoke containment and evacuation systems” in section (2).

RESPONSE: No proposed changes to section (2) were included in the proposed amendment published in the February 3, 2014 Missouri Register for comment. Therefore, no changes have been made to the

rule as a result of this comment.

COMMENT #2: John Ingrassia, on behalf of SSM Health Care St. Louis, stated that the department should clarify the frequency requirement for fire and smoke door inspections in section (4).

RESPONSE: Section (4) refers to maintenance of disaster plans. Section (5) requires testing of fire and smoke doors at intervals not to exceed six (6) months. It also requires that fire and smoke doors be continually maintained. Electromagnetic hold open devices are required to be checked semiannually with the fire alarm under NFPA 72. When the fire alarm is checked monthly, the department recommends the facility also check the fire and smoke doors to ensure they operate appropriately. The rule establishes minimum standards for the maintenance of the facility’s fire protection system. A hospital may establish policies and procedures requiring more frequent testing. No changes have been made to the rule as a result of this comment.

ORDER OF RULEMAKING

By the authority vested in the Department of Health and Senior Services under section 192.006, RSMo 2000, and sections 197.080, 197.150, and 197.154, RSMo Supp. 2013, the department amends a rule as follows:

19 CSR 30-20.116 Infection Prevention and Control is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on February 3, 2014 (39 MoReg 449–450). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The department received one (1) comment on the proposed amendment.

COMMENT #1: Cassandra Landholt, on behalf of APIC Greater St. Louis, requests clarification as to the meaning and use of the term “hospital acquired infections” in 19 CSR 30-20.094(9)(E) and “healthcare-associated infections” in 19 CSR 30-20.116(1), as the two (2) terms are not interchangeable and would have very different meanings for charting and reporting purposes.

RESPONSE: The department researched both terms and determined that “healthcare-associated infections” is the correct terminology for both state licensure regulation and federal Centers for Disease Control and Prevention (CDC) reporting purposes. No changes have been made to this rule as a result of this comment and 19 CSR 30-20.094 (9)(E) has been changed to match the language used in 19 CSR 30-20.116(1).

Title 19—DEPARTMENT OF HEALTH AND SENIOR SERVICES Division 30—Division of Regulation and Licensure Chapter 20—Hospitals

ORDER OF RULEMAKING

By the authority vested in the Department of Health and Senior Services under section 197.287, RSMo Supp. 2013, the department amends a rule as follows:

19 CSR 30-20.125 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on February 3, 2014 (39 MoReg 450-451). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The department received four (4) comments on the proposed amendment.

COMMENT #1: Daniel Landon, on behalf of the Missouri Hospital Association, recommends that the proposed subsection (2)(B) be moved and renumbered as paragraph (2)(A)3. and then paragraphs (2)(A)3. and 4. be renumbered as well so the requirements are easier to follow.

RESPONSE AND EXPLANATION OF CHANGE: The department has moved and renumbered section (2) as recommended.

COMMENT #2: Daniel Landon, on behalf of the Missouri Hospital Association, recommends that section (3) be subdivided into two sections, (3) and (4), as only the second section relates to the exceptions to the required training program (A) through (F) listed in the rule. Sections (4) and (5) should then be renumbered (5) and (6).

RESPONSE AND EXPLANATION OF CHANGE: The department has subdivided section (3) into two (2) sections. The first two (2) sentences of section (3) have been renumbered as section (6), as dividing section (3) and renumbering sections (4) and (5) as proposed would cause a conflict in subsection (5)(E) which contains a cross-reference to (5)(D) that would no longer be correct if the section number was changed to section (6).

COMMENT #3: John Ingrassia, on behalf of SSM Health Care St. Louis, recommends the department reconsider imposing responsibility upon Missouri hospitals in section (1) to ensure staffing agencies are in compliance with Missouri regulation.

RESPONSE: It is the responsibility of the hospital to ensure staffing agencies are in compliance with Missouri regulation by overseeing the hours, training, and clinical practicum. No changes have been made to the rule as a result of this comment.

COMMENT #4: John Ingrassia, on behalf of SSM Health Care St. Louis, recommends the department reconsider imposing upon Missouri hospitals in subsection (3)(D) the responsibility to verify another state's certification meets with federal requirements.

RESPONSE: It is the responsibility of the hospital to ensure staffing agencies contracted outside Missouri also comply with federal requirements. No changes have been made to the rule as a result of this comment.

19 CSR 30-20.125 Unlicensed Assistive Personnel Training Program

(2) The hospital training policy for UAPs shall include the following minimum standards:

(A) The curriculum of the UAP Program shall consist of a standard plan of instruction to include:

By the authority vested in the Department of Health and Senior Services under section 192.006, RSMo 2000, and sections 197.080 and 197.154, RSMo Supp. 2013, the department amends a rule as follows:

19 CSR 30-20.136 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on February 3, 2014 (39 MoReg 451–452). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The department received one (1) comment on the proposed amendment.

COMMENT #1: Daniel Landon, on behalf of the Missouri Hospital Association (MHA), states section (3) as proposed is confusing as to the responsibilities of the service director and creates confusion regarding actual administration of the service. The MHA recommends that the respiratory care services be under the direction of a licensed respiratory care practitioner or a registered nurse, and if the service is under the direction of a registered nurse, a licensed respiratory care practitioner must be hired as a consultant. The MHA recommends the word “administered” be removed from the first sentence and the sentence concerning the professional nurse to clarify this intent.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees and has changed section (3) as recommended.

19 CSR 30-20.136 Respiratory Care Services

(3) Respiratory care services shall be under the direction of a licensed respiratory care practitioner or a registered professional nurse with relevant education and experience. When the director is not a licensed respiratory care practitioner, a licensed respiratory care practitioner shall be employed on a part-time consultant basis.

COMMENT #1: John Ingrassia, on behalf of SSM Health Care St. Louis, recommends the use of the title “director” in section (5) be clarified. Does “director” in this section refer to the “medical director” defined in earlier sections or the clinical/nursing “director” of the inpatient care services area?

Notification: Applications accepted between July 1, 2014 and October 31, 2014 for Energy-Efficiency and Renewable Energy Loan Cycle.

The Missouri Department of Economic Development's (department) Division of Energy is making available approximately seven million five hundred thousand dollars (\$7,500,000) in loan financing for qualified energy efficiency and renewable energy projects. Energy-saving investments may include projects such as insulation, lighting systems, heating and cooling systems, combined heat and power, pumps, motors, aerators, renewable energy systems, and other mea-

asures that reduce energy use and cost. Recipients repay loans with money saved on energy costs.

Eligible Energy-Using Sectors: Loan funds will be allocated to eligible energy-using sectors as follows:

- Public Schools (K-12): twenty-five percent (25%) of available funds;
- Public and Private Higher Education Institutions: twenty-five percent (25%) of available funds;
- Public and Private not-for-profit Hospitals: twenty-five percent (25%) of available funds;
- Local Governments: twenty-five percent (25%) of available funds. Local governments include a county, city, or village (which may include water treatment plants or waste water facilities); or any hospital district as defined in section 206.010, RSMo; or any sewer district as defined in section 249.010, RSMo; or any water supply districts as defined in section 247.010, RSMo; or any ambulance district as defined in section 190.010, RSMo; or any sub-district of a zoological park and museum district as defined in section 184.352, RSMo.

Application Procedures: An application for loan funds may be submitted to the department for the purpose of financing all or a portion of the cost of implementing an energy-saving project.

Each applicant may apply for a loan not to exceed one million five hundred thousand dollars (\$1,500,000). Loan applications will not be considered for less than five thousand dollars (\$5,000) or with a payback score of less than six (6) months.

If funds remain after review and priority ranking of applications, the department will consider awarding loans in excess of one million five hundred thousand dollars (\$1,500,000).

Requests for loan financing must be made using the Division of Energy's Energy Loan Program Application Authorization Form, Fuel Use Summary Form, and Energy Conservation Measure Summary Form. Application forms and instructions are available on the department's website: <http://www.ded.mo.gov/division-of-energy/financial/energy-loan-program>.

The Application Authorization Form must be signed and dated by an authorized official. An authorized official is an individual with authority to obligate an eligible applicant to the terms of loan agreement and promissory note to repay loan proceeds.

A paper or electronic copy of the signed original Application Authorization Form and required documents may be submitted to the department's address below.

Applications received after October 31, 2014 will not be considered for a loan award for the 2015 cycle but may be held for consideration during subsequent application cycles.

The department may request additional information as needed to determine the feasibility of a project, the project's estimated annual energy savings and financial risks of a loan transaction. Also, an energy conservation measure has the potential of affecting other areas within your facility or system. Applicants must have no outstanding actions for violations of applicable federal, state, or local laws, ordinances, and rules.

Interest Rates: Loan principal plus two and one half percent (2.5%) interest is to be repaid to the department in semi-annual payments not to exceed a ten- (10-) year repayment period. An administrative fee of one percent (1%) of loan principal will be added to the repayment amount.

Selection Criteria: Recipients of loan financing will be determined on a competitive basis. Applications will be ranked based on the project's payback score, which is determined by dividing the cost to implement a project by the estimated yearly energy cost savings. Projects with the lowest payback score in each sector allocation will be funded until all available funds are allocated. If all funds are not allocated in any one (1) sector after ranking payback scores, the department may allocate funds to other sectors. Loan applications will be approved or disapproved by January 29, 2015.

Background

The individuals listed in this notice have recently filed applications requesting MoDOT to issue SPE Certificates to exempt them from the physical qualification requirements relating to vision in 49 CFR 391.41(b)(10), or to diabetes in 49 CFR 391.41(b)(3), which otherwise apply to drivers of CMVs in Missouri intrastate commerce.

Under section 622.555, RSMo Supp. 2013, MoDOT may issue an SPE Certificate, for not more than a two- (2-) year period, if it finds that the applicant has the ability, while operating CMVs, to maintain a level of safety that is equivalent to or greater than the driver qualification standards of 49 CFR 391.41. Upon application, MoDOT may renew an exemption upon expiration.

Accordingly, the agency will evaluate the qualifications of each applicant to determine whether issuing an SPE Certificate will comply with the statutory requirements and will achieve the required level of safety. If granted, the SPE Certificate is only applicable to intrastate transportation wholly within Missouri.

With SB 469 and HB 1135 having gone into effect on August 28, 2012, agencies may now file a request with the Joint Committee on Administrative Rules and the secretary of state concurrently to make non-substantive changes to rules in the *Code of State Regulations*. Non-substantive changes include changes in department or division name in response to statutory changes or executive orders, or changes in state agency address, state agency telephone numbers, email addresses, or state agency website addresses.

A form for Non-Substantive Changes may be found online at <http://www.sos.mo.gov/adrules/forms.asp>. Also available on the same page are other forms of the Administrative Rules Division of the Office of the Secretary of State including a new revised transmittal form.
