**Title 13—DEPARTMENT OF SOCIAL SERVICES
Division 70—MO HealthNet Division
Chapter 1—Organization**

ORDER OF RULEMAKING

By the authority vested in the MO HealthNet Division under sections 208.153 and 208.201, RSMo Supp. 2013, the division amends a rule as follows:

13 CSR 70-1.020 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on April 15, 2014 (39 MoReg 854-856). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Social Services, MO HealthNet Division received comments on the proposed amendment to the Standards for Privacy of Individually Identifiable Health Information for MO HealthNet participants from Cerner Corporation and Missouri Hospital Association.

COMMENT #1: Cerner Corporation expressed their support of the proposed amendment and offered a recommendation of clarification. Cerner encouraged the state to change its' definition of Health Information Network to "a group of hospitals and medical professionals, with or without a formal structure, who share an agreement to exchange personal health information among organizations to facilitate patient care."

RESPONSE AND EXPLANATION OF CHANGE: MO HealthNet

appreciates Cerner Corporation's support of the proposed amendment. MO HealthNet will add a portion of the proposed definition change in subsection (2)(D).

COMMENT #2: Cerner Corporation recommended a change to the definition of Health Information Network to broaden the definition to include the exchange of data with other Health Information Exchange Organizations and between regional providers who provide treatment for the same patient.

RESPONSE: The amendment to this regulation clarifies how the Department of Social Services, MO HealthNet Division uses and shares protected health information of its participants based on federal and state laws and regulations. No changes have been made to the proposed amendment as a result of this comment.

COMMENT #3: Cerner Corporation encouraged MO HealthNet to amend text in paragraph (2)(I)1. and subsection (4)(A) to clarify that "the necessary sharing of information through a health information network" added to the definition of "treatment" was "*for treatment purposes.*"

RESPONSE AND EXPLANATION OF CHANGE: MO HealthNet will add the clarifying phrase to paragraph (2)(I)1. and subsection (4)(A).

COMMENT #4: The Missouri Hospital Association recommended expansion of the definition of "health care operations" "...to include "protocol development" and "contacting of health care providers and patients with information about treatment" as these items are included in the definition of health care operations found at 45 CFR 164.501.

RESPONSE AND EXPLANATION OF CHANGE: MO HealthNet concurs with the addition of "protocol development" to the description of "health care operations" in section (4)(C). The wording for the additional change is slightly different from wording in 45 CFR 164.501. The federal regulation states, "...contacting of health care providers and patients with information about treatment **alternatives**..." (emphasis added). MO HealthNet will add the entire phrase.

COMMENT #5: The Missouri Hospital Association suggests paragraph (3)(B)13. "...include "medical examiners," as the Privacy Regulations provide for disclosure to medical examiners under 45 CFR 164.521(g)."

RESPONSE AND EXPLANATION OF CHANGE: In order to be consistent with federal regulation 45 CFR 164.512(g)(1) (emphasis added), MO HealthNet will include "medical examiners".

COMMENT #6: The Missouri Hospital Association notes the term "Health Information Network" is not a term utilized by the Health Insurance Portability and Accountability Act (HIPAA) and recommends the term be removed or clarified as to how it fits into the proposed amendment and regulatory structure established by HIPAA.

RESPONSE: MO HealthNet agrees "Health Information Network" is not defined in HIPAA. The amendment to this regulation clarifies how the Department of Social Services, MO HealthNet Division uses and shares protected health information of its participants based on federal and state laws and regulations. No changes have been made to the proposed amendment as a result of the comment.

ORDER OF WITHDRAWAL

By the authority vested in the Missouri Health Facilities Review Committee (MHFRC) under section 197.320, RSMo 2000, the committee withdraws a proposed amendment as follows:

19 CSR 60-50.400 Letter of Intent Process is withdrawn.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on April 15, 2014 (39 MoReg 861–862). This proposed amendment is withdrawn.

SUMMARY OF COMMENTS: The Missouri Health Facilities Review Committee received several comments about the proposed amendment. The committee thanks all persons who commented. All comments were in opposition to the amendment, mainly because a Special Exceptions Subcommittee, rather than the full committee, would determine whether or not applications would be permitted.

RESPONSE: The committee is withdrawing this rulemaking because the proposed amendment that would have established the subcommittee was withdrawn.

Title 19—DEPARTMENT OF HEALTH AND
SENIOR SERVICES
Division 60—Missouri Health Facilities
Review Committee
Chapter 50—Certificate of Need Program

ORDER OF RULEMAKING

By the authority vested in the Missouri Health Facilities Review Committee (MHFRC) under section 197.320, RSMo 2000, the committee amends a rule as follows:

19 CSR 60-50.410 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on April 15, 2014 (39 MoReg 863). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Missouri Health Facilities Review Committee received five (5) comments on the proposed amendment.

COMMENT #1: Joseph J. Brinker, of Bethesda Health Group, Inc., opposes the amendment, particularly subsections (1)(D) and (1)(H), and that “special exceptions” is not defined in the Certificate of Need (CON) Program regulations and though the intent is most probably “statutory exceptions”, it definitely could lead to subjective, thus arbitrary, interpretation without a regulatory definition.

RESPONSE AND EXPLANATION OF CHANGE: The committee thanks Mr. Brinker for his comment. The committee has made changes to subsection (1)(D) to clarify that if there is no bed need using the population-based need formula, that the applicant provides reasons (special exceptions). Language in section (5) was omitted because it referred to the language omitted in subsection (1)(D), so it is no longer relative.

COMMENT #2: John R. Munch, of Dolan Memory Care Homes, opposes the amendment.

Mr. Munch stated that the language is redundant and grants too much discretion to the subcommittee. Also, that the rule duplicates staff function and is unnecessary. He surmised that the proposed regulations would restrict choice for the consumer and reduce development of new facilities which would have a direct impact on the economy of Missouri in terms of fewer jobs, and less revenues for the state.

RESPONSE: The committee thanks Mr. Munch for his comment. The committee has decided not to establish a subcommittee. Also, more information is desired by the committee at the time of the letter of intent. No change was made to this amendment as a direct result of this comment.

COMMENT #3: Mary Murphy, of Kingswood Senior Living Community, opposes the amendment.

Ms. Murphy stated that they view the proposed amendment as a moratorium on new development of both long-term care (LTC) beds and assisted living (AL) beds in Missouri which would be harmful to service providers. She also stated that the creation of a subcommittee is unnecessary and would include legislative members that may or may not have an interest or knowledge of projects which could have a significant impact on the projects.

RESPONSE: The committee thanks Ms. Murphy for the comment. Several rulemakings were withdrawn or changed that omit requirements for new bed proposals. Also, the committee has decided not to establish a subcommittee. No change has been made to the amendment as a direct result of this comment.

COMMENT #4: Denise Clemonds, of LeadingAge Missouri, opposes the amendment.

Ms. Clemonds, on behalf of LeadingAge Missouri, has general concerns that the proposed amendment would limit the committee’s ability to look at more than numbers as they consider the needs of the elderly and disabled who deserve a quality home that fits their needs. She also stated that Missouri law establishes specific criteria for valid rulemaking, and that the proposed amendment violate the law and as such are invalid and will subject the committee to unending litigation involving either direct challenges to the rules or in challenges to committee decisions based on such invalid and unlawful rules.

Ms. Clemonds stated that this amendment creates duplication of work since a bed need analysis is already required in the “full” CON application and defeats the purpose of having an initial brief Letter

of Intent (LOI) to give advance notice of a potential project and its location. She also said that this illustrates how the Special Exceptions Subcommittee will unlawfully perform the duties of the CON Committee in violation of state law that places the responsibility for reviewing CON applications on the “full” committee.

Ms. Clemonds further stated that in instances when an LOI is filed but the potential applicant decides not to file an application, requiring data gathering and calculations relating to criteria and standards when filing an LOI also creates unnecessary work.

RESPONSE: The committee thanks Ms. Clemonds for her comment. The committee has decided not to establish a subcommittee. Since most of the work is required for the application, and now will be required at the earlier, letter of intent stage, the amount of duplicated work will be minimal. No change has been made to the amendment as a result of this comment.

COMMENT #5: Mary E. Schaefer, President of Missouri Association of Area Agencies on Aging (ma4) opposes the amendment.

Ms. Schaefer stated that the amendment changes will negatively affect the ability of seniors to have choices for the least restrictive environment in their communities. She also said that the changes would make it more difficult for the development of assisted living facilities in communities which would negatively affect the community’s economy at a time when the senior population is growing at a historic rate.

RESPONSE: The committee thanks Ms. Schaefer for the comment. Several rulemakings were withdrawn or changed that omit requirements for new bed proposals. No change has been made to the amendment as a direct result of this comment.

19 CSR 60-50.410 Letter of Intent Package

(1) The Letter of Intent (LOI) (Form MO 580-1860, incorporated by reference) shall be completed as follows:

(D) Project Description: information which provides details of the number of beds to be added, deleted, or replaced, square footage of new construction and/or renovation, services affected, and equipment to be acquired. If an application for new or additional long-term care beds, confirm that the bed need standard has been met or that special exceptions exist. If a replacement project, information which provides details of the facilities or equipment to be replaced, including name, location, distance from the current site, and its final disposition;

(5) If the LOI relates to new or additional long-term care beds, applicant shall submit documentation of the need for such beds and the average occupancy of all licensed beds in the appropriate category within the fifteen- (15-) mile radius of the project site.

Title 19—DEPARTMENT OF HEALTH AND SENIOR SERVICES Division 60—Missouri Health Facilities Review Committee Chapter 50—Certificate of Need Program

ORDER OF WITHDRAWAL

By the authority vested in the Missouri Health Facilities Review Committee (MHFRC) under section 197.320, RSMo 2000, the committee withdraws a proposed rule as follows:

19 CSR 60-50.415 Special Exceptions Subcommittee is withdrawn.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on April 15, 2014 (39 MoReg 863-865). This proposed rule is withdrawn.

SUMMARY OF COMMENTS: The Missouri Health Facilities Review Committee received a few comments about the proposed rule. The committee thanks all commenters. All comments were in opposition to the rule, mainly because they claim it would negatively impact development of new long-term care facilities and it would establish a Special Exceptions Subcommittee with authority to make decisions. **RESPONSE:** The committee is withdrawing this rulemaking because the rule stated that the newly-formed subcommittee would have decision-making authority, and the authority is that of the full committee per state statute.

**Title 19—DEPARTMENT OF HEALTH AND
SENIOR SERVICES
Division 60—Missouri Health Facilities
Review Committee
Chapter 50—Certificate of Need Program**

ORDER OF RULEMAKING

By the authority vested in the Missouri Health Facilities Review Committee (MHFRC) under section 197.320, RSMo 2000, the committee amends a rule as follows:

19 CSR 60-50.420 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on April 15, 2014 (39 MoReg 866). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Missouri Health Facilities Review Committee received five (5) comments on the proposed amendment.

COMMENT #1: Joseph J. Brinker, of Bethesda Health Group, Inc., opposes the amendment.

Mr. Brinker stated that for section (2), “Special Exceptions” is not defined in the Certificate of Need (CON) Program regulations and could lead to subjective, thus arbitrary, interpretation.

Mr. Brinker also said that for section (10), there does not seem to be a reason for the removal of the existing factors for considerations, which have been used in the past very effectively without creating issues, and by adding “religious considerations,” a very subjective factor has been added that would appear to be very difficult to quantify. Also, they take issue with the “special exceptions” and are in opposition to the “special exceptions subcommittee.”

RESPONSE AND EXPLANATION OF CHANGE: The committee thanks Mr. Brinker for his comment. The committee has made changes to the text of 19 CSR 60-50.410, which clarifies that if there is no bed need using the population-based need formula, that the applicant provides reasons (special exceptions). Also, section (10) “...but not be limited to” has been reinstated in the rule as a result of this comment, so the factors the committee will consider will not be limited to what is listed in the rule. In addition, the committee has decided not to establish a subcommittee.

COMMENT #2: John R. Munch, of Dolan Memory Care Homes, opposes the amendment.

Mr. Munch stated that “Only to extent approved by the subcommittee” is unnecessary, restricts the ability and decision making power of the full committee. He surmised that the proposed regulations would restrict choice for the consumer and reduce development of new facilities which would have a direct impact on the economy of Missouri in

terms of fewer jobs, and less revenues for the state.

RESPONSE AND EXPLANATION OF CHANGE: The committee thanks Mr. Munch for his comment. As a result, section (10) was changed to omit “but only to the extent approved by the subcommittee under 19 CSR 60-50.400(7)”. Also, the committee has decided not to create a subcommittee, and several rulemakings were withdrawn or changed that omit requirements for new bed proposals.

COMMENT #3: Mary Murphy, of Kingswood Senior Living Community, opposes the amendment.

Ms. Murphy stated that they view the proposed amendment as a moratorium on new development of both long-term care (LTC) beds and assisted living (AL) beds in Missouri which would be harmful to service providers. She also stated that the creation of a subcommittee is unnecessary and would include legislative members that may or may not have an interest or knowledge of projects which could have a significant impact on the projects.

RESPONSE: The committee thanks Ms. Murphy for the comment. Several rulemakings were withdrawn or changed that omit requirements for new bed proposals. Also, the committee has decided not to establish a subcommittee. No change has been made to the amendment as a direct result of this comment.

COMMENT #4: Denise Clemonds, of LeadingAge Missouri, opposes the amendment.

Ms. Clemonds, on behalf of LeadingAge Missouri, has general concerns about the Special Exceptions Subcommittee, special exceptions and minimum occupancy requirement, and that the proposed amendment would limit the committee’s ability to look at more than numbers as they consider the needs of the elderly and disabled who deserve a quality home that fits their needs. She also stated that Missouri law establishes specific criteria for valid rulemaking, and that the proposed amendments violate the law and as such are invalid and will subject the committee to unending litigation involving either direct challenges to the rules or in challenges to committee decisions based on such invalid and unlawful rules.

Ms. Clemons stated that the proposed amendment to this rule provides that a Certificate of Need (CON) application that does not meet “requirements with regard to special exceptions ...” shall not be considered an application, which violates the statutory right of an applicant under section 197.330.1(8), RSMo, to file what it believes to be an application and have the committee vote on it. She also states that it is arbitrary and capricious and unreasonably burdensome on applicants because it requires them to meet the “requirements” of special exceptions without anywhere identifying or defining what special exceptions will be recognized by the Special Exceptions Subcommittee, and as such, the proposed amendment violate section 536.014, RSMo.

Ms. Clemons also urged the committee to reinstate the provisions of section (10) of the rule that are proposed to be struck and which allowed the committee to consider factors other than the population based need formula like unique obstacles to access, the “specialized nature of the services”, and factors that suggest that existing facilities are not meeting the needs of seniors.

RESPONSE AND EXPLANATION OF CHANGE: The committee thanks Ms. Clemonds for the comment. The committee has decided not to establish a subcommittee nor set a minimum occupancy standard, and has made changes to 19 CSR 60-50.410 which clarifies special exceptions. Also, several rulemakings were withdrawn or changed that omit requirements for new bed proposals. The language regarding special exceptions requirements in order to be considered an application in section (2) was removed. Language in subsection (2)(A) was changed because it referred to the language omitted in section (2), so it is no longer relative. The committee reinstated the language “but not be limited to” in section (10) of this rule and of section (7) of 19 CSR 60-50.430, so the factors the committee will consider will not be limited to what is listed in the rule.

COMMENT #5: Mary E. Schaefer, President of Missouri Association of Area Agencies on Aging (ma4), opposes the amendment.

Ms. Schaefer stated that the amendment changes will negatively affect the ability of seniors to have choices for the least restrictive environment in their communities. She also said that the changes would make it more difficult for the development of assisted living facilities in communities which would negatively affect the community's economy at a time when the senior population is growing at a historic rate.

RESPONSE: The committee thanks Ms. Schaefer for the comment. Several rulemakings were withdrawn or changed that omit requirements for new bed proposals. No change has been made to the amendment as a direct result of this comment.

19 CSR 60-50.420 Review Process

(2) A CON application filing that does not substantially conform with the LOI, including any change in owner(s), operator(s), scope of services, or location, shall not be considered a CON application and shall be subject to the following provisions:

(A) The Certificate of Need Program (CONP) staff shall return any nonconforming submission; or

(10) In addition to using the Community Need Criteria and Standards as guidelines, the committee may also consider other factors to include, but not be limited to, the needs of residents based upon religious considerations, residents with HIV/AIDS, or mental health diagnoses and special exceptions to the Community Need Criteria and Standards for new or additional long-term care beds.

Title 19—DEPARTMENT OF HEALTH AND SENIOR SERVICES Division 60—Missouri Health Facilities Review Committee Chapter 50—Certificate of Need Program

ORDER OF RULEMAKING

By the authority vested in the Missouri Health Facilities Review Committee (MHFRC) under section 197.320, RSMo 2000, the committee amends a rule as follows:

19 CSR 60-50.430 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on April 15, 2014 (39 MoReg 866-867). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Missouri Health Facilities Review Committee received five (5) comments on the proposed amendment.

COMMENT #1: Joseph J. Brinker, of Bethesda Health Group, Inc., opposes the amendment.

Mr. Brinker stated that there does not seem to be a reason for the removal of the existing factors for considerations, which have been used in the past very effectively without creating issues, and by adding "religious considerations," a very subjective factor has been added that would appear to be very difficult to quantify. Also, they take issue with the "special exceptions" and are in opposition to the "special exceptions subcommittee."

RESPONSE AND EXPLANATION OF CHANGE: The committee thanks Mr. Brinker for his comment. In section (7) "...but not be limited to" has been reinstated, so the factors the committee will consider will not be limited to what is listed in the rule. Also, the committee has decided not to establish a subcommittee.

COMMENT #2: John R. Munch, of Dolan Memory Care Homes, opposes the amendment.

Mr. Munch stated that the language is redundant and grants too much discretion to the subcommittee, and the amendment restricts the ability and decision making power of the full committee. He surmised that the proposed regulations would restrict choice for the consumer and reduce development of new facilities which would have a direct impact on the economy of Missouri in terms of fewer jobs, and less revenues for the state.

RESPONSE: The committee thanks Mr. Munch for his comment. The committee has decided not to establish a subcommittee. No change has been made to the amendment as a result of this comment.

COMMENT #3: Mary Murphy, of Kingswood Senior Living Community, opposes the amendment.

Ms. Murphy stated that they view the proposed amendments as a moratorium on new development of both long-term care (LTC) beds and assisted living (AL) beds in Missouri which would be harmful to service providers. She also stated that the creation of a subcommittee is unnecessary and would include legislative members that may or may not have an interest or knowledge of projects which could have a significant impact on the projects.

RESPONSE: The committee thanks Ms. Murphy for the comment. Several rulemakings were withdrawn or changed that omit requirements for new bed proposals. Also, the committee has decided not to formulate a subcommittee. No change has been made to the amendment as a direct result of this comment.

COMMENT #4: Denise Clemonds, of LeadingAge Missouri, supports technical aspects to the amendment and opposes section (7) of the amendment.

Ms. Clemonds, on behalf of LeadingAge Missouri, has general concerns about the Special Exceptions Subcommittee, special exceptions and minimum occupancy requirement, and that the proposed rules would limit the committee's ability to look at more than numbers as they consider the needs of the elderly and disabled who deserve a quality home that fits their needs. She also stated that Missouri law establishes specific criteria for valid rulemaking, and that the proposed amendments violate the law and as such are invalid and will subject the committee to unending litigation involving either direct challenges to the amendments or in challenges to committee decisions based on such invalid and unlawful rules.

Ms. Clemonds stated that they support the changes in this proposed amendment that are technical in nature. They suggest reinstating the language proposed to be struck from section (7) which allows the committee to consider other factors in addition to the bed need formula. She explained that even if beds are available in a community, the specialized nature of some long-term care (LTC) needs may not be provided, and the committee should have the flexibility to review more than bed numbers and determine if frail elderly and disabled in a community have the full range of services they need.

RESPONSE AND EXPLANATION OF CHANGE: The committee thanks Ms. Clemonds for the comment. The committee has decided not to establish a subcommittee nor set a minimum occupancy standard, and has made changes to 19 CSR 60-50.410 which clarifies special exceptions. Also, several rulemakings were withdrawn or changed that omit requirements for new bed proposals. The committee agrees with the commenter about the technical aspects of this amendment. The committee has changed section (7) of this rule, and also section (10) of 19 CSR 60-50.420 which reinstates "but not be limited to" in the rule, so the factors the committee will consider will not be limited to what is listed in the amendment.

COMMENT #5: Mary E. Schaefer, President of Missouri Association of Area Agencies on Aging (ma4), opposes the amendment.

Ms. Schaefer stated that the amendment changes will negatively affect the ability of seniors to have choices for the least restrictive environment in their communities. She also said that the changes

would make it more difficult for the development of assisted living facilities in communities which would negatively affect the community's economy at a time when the senior population is growing at a historic rate.

RESPONSE: The committee thanks Ms. Schaefer for the comment. Several rulemakings were withdrawn or changed that omit requirements for new bed proposals. No change has been made to the amendment as a direct result of this comment.

19 CSR 60-50.430 Application Package

(7) In addition to using the Community Need Criteria and Standards as guidelines, the committee may also consider other factors to include, but not be limited to, the needs of residents based upon religious considerations, residents with HIV/AIDS, or mental health diagnoses and special exceptions to the Community Need Criteria and Standards for new or additional long-term care beds.

Title 19—DEPARTMENT OF HEALTH AND SENIOR SERVICES Division 60—Missouri Health Facilities Review Committee Chapter 50—Certificate of Need Program

ORDER OF WITHDRAWAL

By the authority vested in the Missouri Health Facilities Review Committee (MHFRC) under section 197.320, RSMo 2000, the committee withdraws a proposed amendment as follows:

19 CSR 60-50.600 Certificate of Need Decisions is withdrawn.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on April 15, 2014 (39 MoReg 868). This proposed amendment is withdrawn.

SUMMARY OF COMMENTS: The Missouri Health Facilities Review Committee received three (3) comments in opposition to the proposed amendment, mainly because they claim it would negatively impact development of new long-term care facilities and states that the subcommittee would have authority to make decisions regarding application filings. Also, one (1) comment was received that suggested new bed-need rates and formulas. The committee thanks all of the commenters.

RESPONSE: The committee is withdrawing this rulemaking because the proposed amendment that would have established the subcommittee was withdrawn. Also, the new bed-need rates and formulas could not be considered because they were outside the scope of the proposed amendments filed for public comment.

Title 19—DEPARTMENT OF HEALTH AND SENIOR SERVICES Division 60—Missouri Health Facilities Review Committee Chapter 50—Certificate of Need Program

ORDER OF WITHDRAWAL

By the authority vested in the Missouri Health Facilities Review Committee (MHFRC) under section 197.320, RSMo 2000, the committee withdraws a proposed amendment as follows:

19 CSR 60-50.700 Post-Decision Activity is withdrawn.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on April 15, 2014 (39 MoReg 868-870). This proposed amendment is withdrawn.

SUMMARY OF COMMENTS: The Missouri Health Facilities Review Committee thanks all persons who commented on this amendment. Several comments in opposition were received, whereby the main concern was that limiting extensions would be too restrictive and would not allow for exceptions. Two (2) commenters suggested changing the length of capital expenditure extensions to something other than six (6) months time based on the project at hand.

RESPONSE: The committee concurs with the commenters in opposition, and is withdrawing this rulemaking. Current statutes limit the length of extensions to six (6) months.

Background

The individuals listed in this notice have recently filed applications requesting MoDOT to issue SPE Certificates to exempt them from the physical qualification requirements relating to vision in 49 CFR 391.41(b)(10), or to diabetes in 49 CFR 391.41(b)(3), which otherwise apply to drivers of CMVs in Missouri intrastate commerce.

Under section 622.555, RSMo Supp. 2013, MoDOT may issue an SPE Certificate, for not more than a two- (2-) year period, if it finds that the applicant has the ability, while operating CMVs, to maintain a level of safety that is equivalent to or greater than the driver qualification standards of 49 CFR 391.41. Upon application, MoDOT may renew an exemption upon expiration.

Accordingly, the agency will evaluate the qualifications of each applicant to determine whether issuing an SPE Certificate will comply with the statutory requirements and will achieve the required level of safety. If granted, the SPE Certificate is only applicable to intrastate transportation wholly within Missouri.
