## HOW TO CITE RULES AND RSMo

**RULES**—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation, i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

**RSMo**—The most recent version of the statute containing the section number and the date.

**R**ules appearing under this heading are filed under the authority granted by section 536.025, RSMo 2000. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety, or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the *Missouri* and the *United States Constitutions*; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons, and findings which support its conclusion that there is an immediate danger to the public health, safety, or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

**R**ules filed as emergency rules may be effective not less than ten (10) days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

**A**ll emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

**Title 2—DEPARTMENT OF AGRICULTURE  
Division 30—Animal Health  
Chapter 10—Food Safety and Meat Inspection**

**EMERGENCY AMENDMENT**

**2 CSR 30-10.010 Inspection of Meat and Poultry.** The director is amending section (2).

*PURPOSE:* This amendment ensures that the current rule language clearly includes the most recent publication of Part 300 to end of Title 9, the *Code of Federal Regulations for the Missouri Meat and Poultry Inspection Program* to be in compliance with federal regulations and maintain “equal to” status as determined by the *United States Department of Agriculture/Food Safety and Inspection Service*.

*EMERGENCY STATEMENT:* This emergency amendment is necessary to serve the compelling governmental interest to inform state agencies and the public of the most current adoption of Title 9 Code of Federal Regulations Part 300 to end is incorporated into state regulation. The *State Meat and Poultry Inspection (MPI)* programs are required to operate in a manner and with authorities that are “at least equal to” the antemortem and postmortem inspection, re-inspection, sanitation, recordkeeping, and enforcement provisions as provided for in the *Federal Meat Inspection Act* and the *Poultry Products Inspection Act*. *State MPI* programs must stay current with and be able to explain how their programs are equal to *FSIS* regulations to ensure their rules are “at least equal to” *USDA/FSIS* and in

*compliance with federal regulations. The MPI was notified by the United States Department of Agriculture/Food Safety and Inspection Service in July 2015 that the Service shall conduct an on-site assessment of the State Meat and Poultry Inspection Program in 2016. The MPI to retain its “at least equal to” status must show compliance in year 2015 in order to successfully meet the requirements of the 2016 on-site assessment. MPI believed it was in compliance for 2015 but was alerted otherwise. Therefore, an amendment to clarify the most current federal meat and poultry inspection regulations are being incorporated by reference and provide enforcement authority in Missouri. This regulation applies to approximately thirty-six (36) state inspected meat and poultry establishments and one hundred fifty-five (155) custom exempt plants in Missouri, which as a whole, produces millions of dollars in Missouri’s economy. In the event that the MPI is not in compliance for 2015, the state of Missouri will lose its “at least equal to” status and the USDA will withdraw the MPI program’s authority to inspect meat in the state of Missouri. This emergency amendment protects the public health, safety, and/or welfare under a compelling governmental interest, which requires this emergency action. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protection extended in the Missouri and United States Constitutions. The Department of Agriculture believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed October 2, 2015, becomes effective October 12, 2015, and expires April 8, 2016.*

(2) The standards used to inspect Missouri meat and poultry slaughter and processing shall be those shown in Part 300 to end of Title 9, the *Code of Federal Regulations* (January 2014/5), herein incorporated by reference and made a part of this rule as published by the *United States Superintendent of Documents*, 732 N Capitol Street NW, Washington, DC 20402-0001, phone: toll-free (866) 512-1800, DC area (202) 512-1800, website: <http://bookstore.gpo.gov>. This rule does not incorporate any subsequent amendments or additions.

*AUTHORITY:* section 265.020, RSMo 2000. Original rule filed Sept. 14, 2000, effective March 30, 2001. For intervening history, please consult the *Code of State Regulations*. Emergency amendment filed Oct. 2, 2015, effective Oct. 12, 2015, expires April 8, 2016.

**T**he Secretary of State shall publish all executive orders beginning January 1, 2003, pursuant to section 536.035.2, RSMo Supp. 2014.

## EXECUTIVE ORDER 15-06

WHEREAS, the State of Missouri is committed to enhancing the economic health and prosperity of Minority and Women Business Enterprises (M/WBEs) through the use of M/WBE contract benchmarks established in state contracts for supplies, services, and construction that are consistent with §§37.020 – 37.023, RSMo, and the findings of the most current disparity study; and

WHEREAS, upon funding being appropriated by the General Assembly in 2013, the Office of Administration (OA) commissioned a Disparity Study which was completed on October 24, 2014, that studied the utilization of M/WBEs in state contracts and the availability of M/WBEs in the applicable marketplace; and

WHEREAS, Executive Order 14-07 established the Disparity Study Oversight Review Committee to review the findings of the 2014 Disparity Study and to produce meaningful recommendations to assist the State of Missouri in developing a contracting process that is inclusive, promotes diversity, and provides greater opportunity for M/WBEs; and

WHEREAS, after conducting a thorough review and analysis of the findings of the 2014 Disparity Study, the Disparity Study Oversight Review Committee submitted its report to the Governor on January 27, 2015; and

WHEREAS, the Disparity Study Oversight Review Committee's report sets forth recommendations to help eliminate the lingering effects of discrimination to ensure a level playing-field for all Missouri business owners; and

WHEREAS, on September 14, 2015, the Ferguson Commission, created pursuant to Executive Order 14-15, released its final report which called for Missouri to implement a statewide M/WBE program "with outcomes measures that incorporate capacity building, mentoring, and education with respect to the state and local procurement system;" and

WHEREAS, the State of Missouri is dedicated to the compelling governmental interest of remedying race and sex based discrimination in a manner consistent with state and federal law.

NOW, THEREFORE, I, JEREMIAH W. (JAY) NIXON, GOVERNOR OF THE STATE OF MISSOURI, in recognition of the obligations of the State of Missouri and by virtue of the authority vested in me by the Constitution and the Laws of the State of Missouri, do hereby state that the following narrowly tailored policies and procedures shall be adopted by the Executive Branch of state government in procuring goods and services:

1. All state agencies shall make every feasible effort to increase the percentage of goods and services procured from certified M/WBEs in order to achieve the annual goals of 10% MBEs and 10% WBEs of all annual Executive Branch procurement funds. These efforts shall include participation in an Executive Branch Contract Compliance Council which shall, in cooperation with the Office of Administration, Office of Equal Opportunity (OEO), review procurement efforts to assist in meeting the requirements of this Executive Order.
2. Both the Division of Purchasing and Facilities Management, Design and Construction (FMDC) within the Office of Administration shall be authorized to implement the following program to increase M/WBE procurements:
  - a. Division of Purchasing and FMDC shall encourage prime contractors to subcontract with M/WBEs on state contracts. Division of Purchasing and FMDC contracts are permitted to include a provision setting forth participation of M/WBEs as prime contractors or subcontractors who perform a commercially useful function. M/WBE participation requirements shall be determined by the Division of Purchasing and FMDC, in consultation with OEO and the user agency, by evaluating the availability of M/WBE vendors in the applicable commodity/service and geographical area as determined by the most recent disparity study and other applicable factors. Division of Purchasing and FMDC shall use individual contract percentages to help meet the state's annual program goals. The M/WBE participation will be evaluated for responsiveness along with other criteria in the award of a bid. The participation can be met through the use of prime contractors, subcontractors, suppliers, joint ventures, or other arrangements that afford meaningful opportunities for M/WBE participation.
  - b. Division of Purchasing and FMDC shall revise their policies and regulations to further implement this program which shall include a waiver provision for prime contractors who make a good faith effort to take all necessary and reasonable steps to attain such percentages but are otherwise unable to achieve them. Division of Purchasing and FMDC shall also establish enforcement procedures, in cooperation with OEO and the Contract Oversight Office within the Office of Administration, which shall include consequences for failure to meet percentage commitments unless a good faith waiver is obtained from the Division of Purchasing or FMDC, respectively.
  - c. Division of Purchasing and FMDC are authorized and directed to identify and consult with such other certifying entities as recommended by OEO in order to facilitate M/WBEs to participate in state procurements.
3. The Office of Administration shall also be authorized to:
  - a. Conduct a comprehensive review of OEO and determine the need for increased funding and personnel to enable OEO to carry out the work it has been assigned.
  - b. Evaluate the state's current M/WBE eligibility standards and determine what revisions, if any, should be considered to applicable statutes and regulations. This includes an evaluation of whether M/WBE eligibility should be capped based upon a firm's gross income and/or personal net worth. The Office of Administration should refer to the Disparity Study and the Committee's report as a reference regarding potential revisions to the program's eligibility standards.

- c. Research existing bonding and financing programs for small vendors that enhance access to bonding and working capital in order to reduce barriers to business development and success, and determine the feasibility of developing such a program within OEO.
  - d. Evaluate the existing experience and surety bonding requirements and determine what adjustments, if any, should be considered to facilitate increased M/WBE participation.
  - e. Evaluate the possibility of lengthening solicitation periods for vendors, whenever possible, in an effort to increase M/WBE participation.
  - f. Research the feasibility and consider establishing a Mentor-Protégé Program within OEO, whereby a larger firm provides instruction and training to an emerging firm to increase the protégé's skills, capacities, and business areas.
  - g. Educate and advise state agencies on implementing internal procedures that ensure compliance with §§ 34.055 – 34.057, RSMo.
  - h. Implement an electronic contracting system that provides access to state contracting information and collects measureable data to document the achievement of M/WBE goals.
4. OEO shall work with the Division of Purchasing and FMDC in the implementation of this Executive Order, and shall have the following responsibilities:
- a. Actively recruit, certify, and serve as a clearinghouse for M/WBEs to participate in the program.
  - b. Partner with agencies and organizations that conduct similar services that can provide technical assistance and supportive services.
  - c. Cooperate with the Division of Purchasing, FMDC, and the Contract Oversight Office in the administration and enforcement of the M/WBE participation program and contract requirements.
  - d. Cooperate with the Division of Purchasing and FMDC in the development of policies, forms, and procedures to carry out the requirements of the M/WBE participation program.
  - e. Provide guidance to the Division of Purchasing and FMDC in the setting of M/WBE individual contract percentages.
  - f. Review and record the effectiveness of the state agencies' participation in the program in light of the availability and utilization of eligible M/WBEs on individual contracts, and make recommendations to the agencies for improvement and enforcement of the program.
  - g. Provide outreach to M/WBEs to educate firms about the program, the state's procurement process, and business elements such as obtaining bonding, lines of credit, or other related services. Outreach efforts shall also serve to foster enhanced working relationships between M/WBEs and prime contractors.

h. Recommend sanctions for contractors who fail to faithfully execute M/WBE participation requirements during the course of contract performance.

5. OEO shall review the program annually to monitor the level of M/WBE participation achieved in state contracting areas during the previous fiscal year. An assessment of the program and whether the continuation is necessary shall be prepared by OEO and delivered to the Governor and the General Assembly by March after the completion of the fiscal year. After it is determined by OEO that M/WBEs participate in state contracts at a level commensurate with their presence and capability in the state marketplace, then the program set forth in this Executive Order shall be terminated. If the program is still deemed to be necessary on March 1, 2019, a new Disparity Study should be conducted and a new Disparity Study Oversight Review Committee should be appointed to review the results of that study.

6. This Order shall take effect immediately and supersedes Executive Order 05-30.

IN WITNESS WHEREOF, I have hereunto set my hand and cause to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 21st day of October, 2015.

**U**nder this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

**E**ntirely new rules are printed without any special symbology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

**A**n important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

**I**f an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

**A**n agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

**I**f an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

**PROPOSED AMENDMENT**

**13 CSR 70-3.030 Sanctions for False or Fraudulent Claims for MO HealthNet Services.** The division is amending sections (1) and (3).

*PURPOSE: This amendment updates the incorporated by reference material date in sections (1) and (3).*

This rule does not incorporate any subsequent amendments or additions.

(3) Program Violations.

(A) Sanctions may be imposed by the MO HealthNet agency against a provider for any one (1) or more of the following reasons:

1. Presenting, or causing to be presented, for payment any false or fraudulent claim for services or merchandise in the course of business related to MO HealthNet;

2. Submitting, or causing to be submitted, false information for the purpose of obtaining greater compensation than that to which the provider is entitled under applicable MO HealthNet program policies or rules, including, but not limited to, the billing or coding of services which results in payments in excess of the fee schedule for the service actually provided or billing or coding of services which results in payments in excess of the provider's charges to the general public for the same services or billing for higher level of service or increased number of units from those actually ordered or performed or both, or altering or falsifying medical records to obtain or verify a greater payment than authorized by a fee schedule or reimbursement plan;

3. Submitting, or causing to be submitted, false information for the purpose of meeting prior authorization requirements or for the purpose of obtaining payments in order to avoid the effect of those changes;

4. Failing to make available, and disclosing to the MO HealthNet agency or its authorized agents, all records relating to services provided to MO HealthNet participants or records relating to MO HealthNet payments, whether or not the records are commingled with non-Title XIX (Medicaid) records. The minimum five- (5-) year retention of records requirement continues to apply in the event of a change of ownership or discontinuing enrollment in MO HealthNet. Services billed to the MO HealthNet agency that are not adequately documented in the patient's medical records or for which there is no record that services were performed shall be considered a violation of this section. Copies of records must be provided upon request of the MO HealthNet agency or its authorized agents, regardless of the media in which they are kept. Failure to make these records available on a timely basis at the same site at which the services were rendered or at the provider's address of record with the MO HealthNet agency, or failure to provide copies as requested, or failure to keep and make available adequate records which adequately document the services and payments shall constitute a violation of this section and shall be a reason for sanction. Failure to send records, which have been requested via mail, within the specified time frame shall constitute a violation of this section and shall be a reason for sanction;

5. Failing to provide and maintain quality, necessary, and appropriate services, including adequate staffing for long-term care facility MO HealthNet participants, within accepted medical community standards as adjudged by a body of peers, as set forth in both federal and state statutes or regulations. The medical review may be conducted by qualified peers employed by the single state agency;

6. Engaging in conduct or performing an act deemed improper or abusive of the MO HealthNet program or continuing the conduct following notification that the conduct should cease. This will include

inappropriate or improper actions relating to the management of participants' personal funds or other funds;

7. Breaching of the terms of the MO HealthNet provider agreement of any current written and published policies and procedures of the MO HealthNet program (Such policies and procedures are contained in provider manuals or bulletins which are incorporated by reference and made a part of this rule as published by the Department of Social Services, MO HealthNet Division, 615 Howerton Court, Jefferson City, MO 65109, at its website [www.dss.mo.gov/mhd](http://www.dss.mo.gov/mhd), [September 15, 2009] **November 16, 2015**. 9. Rebating or accepting a fee or portion of a fee or charge for a MO HealthNet patient referral; or collecting a portion of the service fee from the participant, except this shall not apply to MO HealthNet services for which participants are responsible for payment of a copayment or coinsurance in accordance with 13 CSR 70-4.050 and 13 CSR 70-4.051;

12. Violating any laws, regulations, or code of ethics governing the conduct of occupations or professions or regulated industries. In addition to all other laws which would commonly be understood to govern or regulate the conduct of occupations, professions, or regulated industries, this provision shall include any violations of the civil or criminal laws of the United States, of Missouri, or any other state or territory, where the violation is reasonably related to the provider's qualifications, functions, or duties in any licensed or regulated profession or where an element of the violation is fraud, dishonesty, moral turpitude, or an act of violence;

13. Failing to meet standards required by state or federal law for participation (for example, licensure);

14. Exclusion from the Medicare program or any other federal health care program;

15. Failing to accept MO HealthNet payment as payment in full for covered services or collecting additional payment from a participant or responsible person, except this shall not apply to MO HealthNet services for which participants are responsible for payment of a copayment or coinsurance in accordance with 13 CSR 70-4.050 and 13 CSR 70-4.051;

sure or an association of the provider's peers for unethical, unlawful, or unprofessional conduct; any termination, removal, suspension, revocation, denial, probation, consented surrender, or other disqualification of all or part of any license, permit, certificate, or registration related to the provider's business or profession in Missouri or any other state or territory of the United States;

21. Failing to repay or make arrangements for the repayment of identified overpayments or otherwise erroneous payments prior to the allowed forty-five (45) days which the provider has to refund the requested amount;

22. Billing the MO HealthNet program more than once for the same service when the billings were not caused by the single state agency or its agents;

23. Billing the state MO HealthNet program for services not provided prior to the date of billing (prebilling), except in the case of prepaid health plans or pharmacy claims submitted by point-of-service technology; whether or not the prebilling causes loss or harm to the MO HealthNet program;

24. Failing to reverse or credit back to the medical assistance program (MO HealthNet) within thirty (30) days any pharmacy claims submitted to the agency that represent products or services not received by the participant; for example, prescriptions that were returned to stock because they were not picked up;

25. Conducting any action resulting in a reduction or depletion of a long-term care facility MO HealthNet participant's personal funds or reserve account, unless specifically authorized in writing by the participant, relative, or responsible person;

26. Submitting claims for services not personally rendered by the individually enrolled provider, except for the provisions specified in the MO HealthNet dental, physician, or nurse midwife programs where such claims may be submitted only if the individually enrolled provider directly supervised the person who actually performed the service and the person was employed by the enrolled provider at the time the service was rendered. All claims for psychiatric, psychological counseling, speech therapy, physical therapy, and occupational therapy services may only be billed by the individually enrolled provider who actually performs the service, as supervision is non-covered for these services. Services performed by a nonenrolled person due to MO HealthNet sanction, whether or not the person was under supervision of the enrolled provider, is a noncovered service;

27. Making any payment to any person in return for referring an individual to the provider for the delivery of any goods or services for which payment may be made in whole or in part under MO HealthNet. Soliciting or receiving any payment from any person in return for referring an individual to another supplier of goods or services regardless of whether the supplier is a MO HealthNet provider for the delivery of any goods or services for which payment may be made in whole or in part under MO HealthNet is also prohibited. Payment includes, without limitation, any kickback, bribe, or rebate made, either directly or indirectly, in cash or in-kind;

28. Billing for services through an agent, which were upgraded from those actually ordered, performed; or billing or coding services, either directly or through an agent, in a manner that services are paid for as separate procedures when, in fact, the services were performed concurrently or sequentially and should have been billed or coded as integral components of a total service as prescribed in MO HealthNet policy for payment in a total payment less than the aggregate of the improperly separated services; or billing a higher level of service than is documented in the patient/client record; or unbundling procedure codes;

29. Conducting civil or criminal fraud against the MO HealthNet program or any other state Medicaid (medical assistance) program, or any criminal fraud related to the conduct of the provider's profession or business;

30. Having sanctions or any other adverse action invoked by another state Medicaid program;

31. Failing to take reasonable measures to review claims for payment for accuracy, duplication, or other errors caused or committed by employees when the failure allows material errors in billing to occur. This includes failure to review remittance advice statements provided which results in payments which do not correspond with the actual services rendered;

32. Submitting improper or false claims to the state or its fiscal agent by an agent or employee of the provider;

33. For providers other than long-term care facilities, failing to retain in legible form for at least five (5) years from the date of service, worksheets, financial records, appointment books, appointment calendars (for those providers who schedule patient/client appointments), adequate documentation of the service, and other documents and records verifying data transmitted to a billing intermediary, whether the intermediary is owned by the provider or not. 38. Failure to maintain documentation which is to be made contemporaneously to the date of service;

### **Title 13—DEPARTMENT OF SOCIAL SERVICES Division 70—MO HealthNet Division Chapter 10—Nursing Home Program**

#### **PROPOSED AMENDMENT**

**13 CSR 70-10.015 Prospective Reimbursement Plan for Nursing Facility Services.** The MO HealthNet Division is amending section (13) and section (21).

*PURPOSE: This amendment allows a rate adjustment to the capital rate of a nursing facility destroyed by unavoidable acts of nature or vandalism and/or civil disorder.*

(13) Adjustments to the Reimbursement Rates. Subject to the limitations prescribed elsewhere in this regulation, a facility's reimbursement rate may be adjusted as described in this section, 13 CSR 70-10.016, and 13 CSR 70-10.017.

(B) Special Per Diem Rate Adjustments. Special per diem rate adjustments may be added to a qualifying facility's rate without regard to the cost component ceiling if specifically provided as described below.

1. Patient care incentive. Each facility with a prospective rate on or after January 1, 1995, shall receive a per diem adjustment equal to ten percent (10%) of the facility's allowable patient care per diem subject to a maximum of one hundred thirty percent (130%) of the patient care median when added to the patient care per diem as determined in subsection (11)(A). This adjustment will not be subject to the cost component ceiling of one hundred twenty percent (120%) for

the patient care median.

2. Ancillary incentive. Each facility with a prospective rate on or after January 1, 1995, and which meets one (1) of the following criteria shall receive a per diem adjustment:

A. If the facility's allowable ancillary per diem as determined in subsection (11)(B) is below ninety percent (90%) of the ancillary median, the adjustment is equal to one-half (1/2) of the difference between one hundred twenty percent (120%) and ninety percent (90%) of the ancillary median. The following is an illustration of how the ancillary per diem adjustment is calculated:

120% of median	\$6.62
90% of median	\$4.97
Difference	\$1.65
1/2 the difference	<u>2</u>
Per diem adjustment	\$ .83

B. If the facility's allowable ancillary per diem as determined in subsection (11)(B) is between ninety percent (90%) and one hundred twenty percent (120%) of the median, the adjustment is equal to one-half (1/2) of the difference between one hundred twenty percent (120%) of the median and the facility's allowable ancillary per diem. The following is an illustration of how the ancillary per diem adjustment is calculated:

90% of median	\$4.97
120% of median	\$6.62
Ancillary per diem	\$5.21
Difference	\$1.41
1/2 the difference	<u>2</u>
Per diem adjustment	\$ .71

3. Multiple component incentive. Each facility with a prospective rate on or after January 1, 1995, and which meets the following criteria shall receive a per diem adjustment:

A. If the sum of the facility's patient care per diem and ancillary per diem, as determined in subsections (11)(A) and (B), is greater than or equal to sixty percent (60%) but less than or equal to eighty percent (80%), rounded to four (4) decimal places (.5985 or .8015 would not receive the adjustment), of the facility's total per diem, the adjustment is as follows:

Percent of Total Per Diem Rate	Incentive
< 60%	\$0.00
> or = 60% but < 65%	\$1.15
> or = 65% but < 70%	\$1.30
> or = 70% but < 75%	\$1.45
> or = 75% but < or 80% =	\$1.60

B. A facility shall receive an additional incentive if it receives the adjustment in subparagraph (13)(B)3.A. and the following calculation is greater than seventy-five percent (75%), rounded to four (4) decimal places (.7485 would not receive the adjustment): Medicaid days divided by the licensed nursing facility patient days from the facility's desk audited and/or field audited 1992 cost report. The adjustment is as follows:

Calculated Percentage	Incentive
< 75%	\$0.00
> or = 75% but < 80%	\$0.15
> or = 80% but < 85%	\$0.30
> or = 85% but < 90%	\$0.45
> or = 90% but < 95%	\$0.60
> or = 95%	\$0.75

4. 1967 *Life Safety Code* (LSC). Currently certified nursing facilities that must comply with a recent interpretation of paragraph 10-133 of the 1967 LSC which requires corridor walls to extend to

the roof deck or achieve equivalency under the Fire Safety Evaluation System (FSES) will be reimbursed the reasonable and necessary cost to meet those standards required for compliance through their reimbursement rate. The reimbursement shall not be effective until the Department of Health and Senior Services has confirmed that the corrective action to comply with the 1967 LSC or FSES is operational and has reviewed the cost for compliance. Fire sprinkler systems shall be reimbursed over a depreciation life of twenty-five (25) years, and other alternative corrective action will be reimbursed over a depreciable life of fifteen (15) years. The division will use a desk audited and/or field audited cost report with the latest period ending in calendar year 1992 which is on file with the division as of December 31, 1993. This adjustment will be computed based on the documented cost submitted to the division as follows:

A. Depreciation. The cost incurred for the approved corrective action to continue in compliance divided by the depreciable useful life;

B. Interest. The interest cost incurred to finance this project shall be documented by a statement from the lending institution detailing the total interest cost of the loan period. The total interest cost will be divided by the loan period on a straight-line basis; and

C. The total of subparagraphs (13)(B)4.A. and B. will be divided by twelve (12) and then multiplied by the number of months covered by the 1992 cost report. This amount will be divided by the greater of actual patient days from the 1992 cost report or eighty-five percent (85%) of the licensed bed days from the 1992 cost report.

5. Any facility that had a 1967 LSC adjustment included in their December 31, 1994 reimbursement rate shall have that adjustment added to their January 1, 1995 reimbursement rate.

6. Replacement beds. A facility with a prospective rate in effect on or after January 1, 1995, may request a rate adjustment for replacement beds that resulted in the same number of beds being delicensed with the Department of Health and Senior Services. The facility shall provide documentation from the Department of Health and Senior Services that verifies the number of beds used for replacement have been delicensed from that facility. The rate adjustment will be calculated as the difference between the capital component per diem (fair rental value (FRV)) prior to the replacement beds being placed in service and the capital component per diem (FRV) including the replacement beds placed in service as calculated in subsection (11)(D) including the replacement beds placed in service. The capital component is calculated for the replacement beds using the asset value per licensed bed as determined using the R. S. Means Construction Index for nursing facility beds adjusted for the Missouri indexes for the date the replacement beds are placed in service.

7. Additional beds. A facility with a prospective rate in effect on or after January 1, 1995, may request a rate adjustment for additional beds. The facility must obtain an approved certificate of need or applicable waiver for the additional beds. The rate adjustment will be calculated as the difference between the capital component per diem (FRV) prior to the additional beds being placed in service and the capital component per diem (FRV) including the additional beds as calculated in subsection (11)(D) including the additional beds placed in service. The capital component is calculated for the additional beds using the asset value per licensed bed as determined using the R. S. Means Construction Index for nursing facility beds adjusted for the Missouri indexes for the date the additional beds are placed in service.

8. Extraordinary circumstances. A participating facility which has a prospective rate may request an adjustment to its prospective rate due to extraordinary circumstances. This request must be submitted in writing to the division within one (1) year of the occurrence of the extraordinary circumstance. The request must clearly and specifically identify the conditions for which the rate adjustment is sought. The dollar amount of the requested rate adjustment must be supported by complete, accurate, and documented records satisfactory to the division. If the division makes a written request for additional information and the facility does not comply within ninety (90)

days of the request for additional information, the division shall consider the request withdrawn. Requests for rate adjustments that have been withdrawn by the facility or are considered withdrawn because of failure to supply requested information may be resubmitted once for the requested rate adjustment. In the case of a rate adjustment request that has been withdrawn and then resubmitted, the effective date shall be the first day of the month in which the resubmitted request was made providing that it was made prior to the tenth day of the month. If the resubmitted request is not filed by the tenth of the month, rate adjustments shall be effective the first day of the following month. Conditions for an extraordinary circumstance are as follows:

A. When the provider can show that it incurred higher costs due to circumstances beyond its control, the circumstances were not experienced by the nursing home industry in general, and the costs have a substantial cost effect;

B. Extraordinary circumstances, **beyond the reasonable control of the nursing facility and is not a product or result of the negligence or malfeasance of the nursing facility**, include:

(I) *[Natural disasters such as fires, earthquakes, and floods]* **Unavoidable acts of nature are hurricane, flooding, earthquake, tornado, lightning, natural wildfire, or other natural disaster for which no one can be held responsible** that are not covered by insurance and that occur in a federally declared disaster area; *[and]* **or**

(II) Vandalism and/or civil disorder that are not covered by insurance; and

C. The rate increase shall be calculated as follows:

(I) The one- (1-)/-/ time costs (costs that will not be incurred in future fiscal years)/-/-

(a) To determine what portion of the incurred costs will be paid, the division will use the patient occupancy days from latest available quarterly occupancy survey from the Department of Health and Senior Services for the time period preceding when the extraordinary circumstances occurred; and

(b) The costs directly associated with the extraordinary circumstances will be multiplied by the above percent. This amount will be divided by the paid days for the month the rate adjustment becomes effective per paragraph (13)(B)8. This calculation will equal the amount to be added to the prospective rate for only one (1) month, which will be the month the rate adjustment becomes effective. For this one (1) month only, the ceiling will be waived./-;

(II) For ongoing costs (costs that will be incurred in future fiscal years): Ongoing annual costs will be divided by the greater of: annualized (calculated for a twelve- (12-)/-/ month period) total patient days from the latest cost report on file or eighty-five percent (85%) of annualized total bed days. This calculation will equal the amount to be added to the respective cost center, not to exceed the cost component ceiling. The rate adjustment, subject to ceiling limits, will be added to the prospective rate./-; **and**

(III) For capitalized costs, a capital component per diem (FRV) will be calculated as determined in subsection (11)(D). The rate adjustment will be calculated as the difference between the capital component per diem (FRV) prior to the extraordinary circumstances and the capital component per diem (FRV) including the extraordinary circumstances.

#### 9. Quality Assurance Incentive.

A. Each nursing facility with an interim or prospective rate on or after July 1, 2000, shall receive a per diem adjustment of three dollars and twenty cents (\$3.20). The Quality Assurance Incentive adjustment will be added to the facility's current rate.

B. The Quality Assurance Incentive per diem increase shall be used to increase the expenditures to a nursing facility's direct patient care costs. Direct patient care costs include all expenses in the patient care cost component (i.e., lines 46 through 69 of Schedule B in the Title XIX Cost Report). Any increases in wages and benefits already codified in a collective bargaining agreement in effect as of July 1, 2000, will not be counted towards the expenditure

requirements of the Quality Assurance Incentive as stated above. Nursing facilities with collective bargaining agreements shall provide such agreements to the division.

10. High volume adjustment. Effective for dates of service July 1, 2000, a high volume adjustment shall be granted to qualifying providers. A provider must qualify each July 1, the beginning of each state fiscal year (SFY), for the high volume adjustment and the adjustment will be effective for services rendered during the SFY, July 1 through June 30. For a provider who has a high volume adjustment on June 30, but does not qualify for the high volume adjustment on July 1 of the subsequent SFY, that provider's prospective rate will be reduced by the amount of the high volume adjustment included in the facility's prospective rate in effect June 30.

A. Each facility with a prospective rate on or after July 1, 2000, and which meets all of the following criteria shall receive a per diem adjustment:

(I) Have on file at the division a full twelve- (12-)/-/ month cost report ending in the third calendar year prior to the state fiscal year in which the adjustment is being determined (i.e., for SFY 2001, the third prior year would be 1998, for SFY 2002, the third prior year would be 1999, etc.);

(II) The Medicaid patient days as determined from the cost report identified in part (13)(B)10.A.(I) exceeds eighty-five percent (85%) of the total patient days for all nursing facility licensed beds;

(III) The allowable cost per patient day as determined by the division from the applicable cost report for the patient care, ancillary, and administration cost components, as set forth in paragraphs (11)(A)1., (11)(B)1., and (11)(C)1., exceeds the per diem ceiling for each cost component in effect at the end of the cost report period; and

(IV) State owned or operated facilities shall not be eligible for this adjustment.

B. The adjustment will be equal to ten percent (10%) of the sum of the per diem ceilings for the patient care, ancillary, and administration cost components in effect on July 1 of each year. Effective July 1, 2002, the adjustment shall not accumulate from year-to-year.

C. The division may reconstruct and redefine the qualifying criteria and payment methodology for the high volume adjustment.

D. Second tier high volume adjustment. Effective for dates of service July 1, 2002, a second tier high volume adjustment shall be granted to qualifying providers.

(I) If a nursing facility qualifies for the first tier high volume adjustment, as set forth above in subparagraph (13)(B)10.A., it may qualify for the second tier adjustment if it meets the following criteria:

(a) The Medicaid patient days as determined from the cost report identified in part (13)(B)10.A.(I) exceeds ninety-three percent (93%) of the total patient days for all nursing facility licensed beds;

(b) The allowable cost per patient day as determined by the division from the applicable cost report for the patient care cost component, as set forth in paragraph (11)(A)1., exceeds one hundred twenty percent (120%) of the per diem ceiling for the patient care cost component in effect at the end of the cost report period; and

(c) The allowable cost per patient day as determined by the division from the applicable cost report for the administration cost component, as set forth in paragraph (11)(C)1., is less than one hundred fifty percent (150%) of the per diem ceiling for the administration cost component in effect at the end of the cost report period.

(II) The second tier high volume adjustment will be calculated as a percentage, to be determined by the Department of Social Services, of the sum of the per diem ceilings for the patient care, ancillary, and administration cost components in effect on July 1 of each year.

(a) The adjustment for State Fiscal Year 2003 shall be eighteen dollars and fifty-six cents (\$18.56) per Medicaid day.

(b) The adjustment for SFY 2004 shall be nineteen dollars and seventy-one cents (\$19.71) per Medicaid day.

(III) The adjustment shall be distributed based on a quarterly amount, in addition to per diem payments, based on Medicaid days determined from the paid day report from Missouri's fiscal agent for pay cycles during the immediately preceding state fiscal year.

(IV) The state share of the second tier high volume adjustment shall come from certified public funds. If the aggregate certified public funds are less than the state match required, the total aggregate second tier high volume adjustment will be adjusted downward accordingly.

(V) A nursing facility must qualify for the adjustment each year to receive the additional quarterly payments.

E. High volume adjustment for nursing facilities without a full twelve- (12-)/- month cost report. Effective for dates of service on or after January 17, 2003, the full twelve- (12-)/- month cost report requirement set forth in (13)(B)10.A.(I) shall include nursing facilities that have on file at the division two (2) partial year cost reports that when combined cover a full twelve- (12-)/- month period.

F. Medicaid hospice days to be included in determination of Medicaid occupancy. Effective for dates of service on or after January 17, 2003, the Medicaid patient days used to determine the Medicaid occupancy requirement set forth in part (13)(B)10.A.(II) shall be calculated by adding the days paid for by the Medicaid nursing facility program plus the days paid for by the Medicaid hospice program from the cost report identified in part (13)(B)10.A.(I).

G. State Fiscal Year (SFY) 2004 Ninety Percent (90%) Medicaid High Volume Grant.

(I) Effective for SFY 2004, additional/, one (1) time funding shall be provided to nursing facilities that qualify for the first tier high volume adjustment, as set forth above in subparagraph (13)(B)10.A., and whose Medicaid patient days as determined from the cost report identified in part (13)(B)10.A.(I) exceeds ninety percent (90%) of the total patient days for all nursing facility licensed beds.

(II) The SFY 2004 High Volume Grant will be calculated as a per diem adjustment based upon the funding appropriated by the general assembly and the Medicaid days incurred by the qualifying providers during SFY 2003. The adjustment for State Fiscal Year 2004 shall be two dollars and thirty-six cents (\$2.36) per Medicaid day.

(III) The adjustment shall be distributed based on a quarterly amount, in addition to per diem payments, based on Medicaid days determined from the paid days report from Missouri's fiscal agent for pay cycles during State Fiscal Year 2003.

H. High volume adjustment for nursing facilities placed in receivership.

(I) For facilities placed in receivership under Missouri law after December 31, 2001, the division shall make a determination as to whether the operator of the facility when the receivership ended (i.e., successor operator) is a related party to the facility placed in receivership. If the successor operator is determined to be an unrelated party and the facility was receiving the high volume adjustment prior to the receivership, the facility shall continue to receive the high volume adjustment during the receivership and until the adjustment is based on the first full year cost report prepared by the successor operator.

(II) Any adjustments contingent upon the facility qualifying for the high volume adjustment shall not be granted if the facility did not qualify for the high volume adjustment except as provided in part (13)(B)10.G.(I) above.

(III) This provision only applies until the first full year cost report is available, after which the facility must qualify for the high volume adjustment each year as specified in subparagraphs (13)(B)10.A., B., and C. in order to receive it.

11. Minimum Rate Adjustment. A minimum rate adjustment shall be granted to qualifying providers, as follows:

A. Effective for dates of service beginning July 1, 2001, the minimum Medicaid reimbursement rate for nursing facility services

shall be eighty-five dollars (\$85).

12. Invasive Ventilator Care Adjustment. Effective for dates of service beginning January 1, 2013, a per diem adjustment shall be granted for ventilator services provided by qualifying providers to qualifying MO HealthNet participants as set forth in 13 CSR 70-10.017.

(21) Per Diem Rate Calculation Effective for Dates of Service Beginning July 1, 2005. Effective for dates of service beginning July 1, 2005, the rebase provisions set forth in section (20) shall not apply. Effective for dates of service beginning July 1, 2005, the per diem rates shall be calculated using the same principles and methodology as detailed throughout sections (1)-(19) of this regulation, except that the data indicated in this section (21) shall be used.

(H) Rate adjustment requests for replacement beds, additional beds, and/or extraordinary circumstances as set forth in paragraphs (13)(B)6., (13)(B)7., and (13)(B)8. are no longer allowed.

**1. Beginning State Fiscal Year 2016, an adjustment to the capital rate may be allowed for extraordinary circumstances as set forth in paragraph (13)(B)8. except the requirement that the occurrence is not covered by insurance does not have to be met. If a nursing facility is destroyed by an unavoidable act of nature beyond the control of the facility or vandalism and/or civil disorder the rebuilt nursing facility may apply for an adjustment to the capital component of the per diem rate, as calculated in part (13)(B)8.C.(III). The rate adjustment will be effective the date the rebuilt nursing facility is placed in service.**

<b>Rule Number and Name:</b>	13 CSR 70-10.015 Prospective Reimbursement Plan Nursing Facility Services
<b>Type of Rulemaking:</b>	Proposed Amendment

**II. SUMMARY OF FISCAL IMPACT**

Affected Agency or Political Subdivision	Estimated Cost of Compliance in the Aggregate
Department of Social Services MO HealthNet Division	Estimated annual cost for increased per diem for capital cost of an average bed replacement: \$46,522

**III. WORKSHEET**

Description	Nursing Facility Computed Average Replacement Bed Rate Increase
Average Medicaid Facility Bed Size	100
Number of Days in Year	365
Annual Bed Days	36,500
x Occupancy	72%
Average Annual Patient Days	26,280
x Medicaid Share	63%
Average Annual Medicaid Days	16,556
Average Capital Rate Increase	\$2.81
Total Estimated Annual Impact	\$46,522
State Share (36.905%)	\$17,169
Federal Share (63.095%)	\$29,353

**IV. ASSUMPTIONS**

The impact of the rate adjustment is based on the assumption that one (1) facility may be destroyed by an extraordinary circumstance which rebuilds and requests a rate adjustment during a year. The fiscal impact is based on what an average Medicaid nursing facility would experience if such would occur.

**Average Capital Rate Increase for Replacement Beds:**

The average rate increase for the last five (5) rate increases granted for replacement beds, prior to the 2004 change in the regulation which no longer allowed rate requests for replacement beds, was \$2.81 per patient day. The actual rate increase for a facility depends on its age and other considerations in the capital component calculation. The range of the rate increases was \$0.63 to \$5.45. Three (3) of the rate increases were in the range of \$2.44 to \$2.88. The average rate increase of \$2.81 seems to be representative of a rate increase which may occur for a facility that is rebuilt after being destroyed by an extraordinary circumstance, if such rate increase was granted under this provision.

**Average Facility Size:**

The average size for a Medicaid certified facility is 100 beds.

**Estimated Days based on Average Occupancies:**

Currently, the average occupancy of Medicaid facilities is approximately 72% and the Medicaid share of the total patient days is 63%.

**Title 13—DEPARTMENT OF SOCIAL SERVICES  
Division 70—MO HealthNet Division  
Chapter 15—Hospital Program**

**PROPOSED AMENDMENT**

**13 CSR 70-15.020 Procedures for Admission Certification, Continued Stay Review and Validation Review of Hospital Admissions.** The MO HealthNet Division is amending sections (1)–(12), adding a new section (13), removing section (14), and changing section (13) to the new (14).

*PURPOSE: The MO HealthNet Division establishes admission certification and validation procedures on which hospitals furnishing inpatient care to MO HealthNet participants will be reviewed to determine that admissions are medically necessary and appropriate for inpatient care.*

(1) The following definitions will be used in administering this rule:

(A) Admission. Admission means the act of registration and entry into a general medical and surgical, psychiatric, or rehabilitation hospital on the order of a qualified medical practitioner or **medical professional** having privileges of admission for the purpose of providing inpatient hospital services under the supervision of a physician member of the hospital's medical staff;

(C) Admitting diagnosis. Admitting diagnosis means the physician's tentative or provisional diagnosis of the participant's condition as a basis for examination and treatment when the *[physician requests]* admission certification is requested;

(D) Admitting *[physician]* **medical professional**. Admitting *[physician]* **medical professional** means *[the]* a physician *[who]* or other person authorized by state licensure law to order hospital services and who has admission privileges to order/s/ the participant's inpatient admission to the hospital;

(H) Fee for service. Fee for service refers to participants and/or services not included in the *[MC+ Missouri]* MO HealthNet Managed Care program or other prepaid health plans;

(I) Inpatient hospital service. Inpatient hospital service means a service provided by or under the supervision of a *[physician]* **medical professional** after a participant's admission to a hospital and furnished in the hospital for the care and treatment of the participant;

(J) *[MC+. MC+]* **Managed Care. Managed Care** is *[the Missouri MO HealthNet "Managed Care Plus"]* a program under which some MO HealthNet participants are enrolled with a health plan who contracts with the department to provide a package of MO HealthNet benefits for a monthly fee per enrollee;

(T) Required information. Required information means the information to be provided by the *[physician]* **medical professional** or hospital to obtain a preadmission or post-admission certification, which includes participant, *[physician]* **medical professional**, and hospital identifying information, admission date, admission diagnosis, procedures, surgery date, indications for inpatient setting, and plan of care;

(V) Urgent admission. Urgent admission means a case which requires prompt admission to the hospital to prevent deterioration of a medical condition from an urgent to an emergency situation; *[and]*

(W) **Utilization review assistant. Utilization review assistant means a person who is employed by or is under contract with the medical review agent who is the preliminary reviewer to assess the need for nurse review when the Milliman Care Guidelines is not immediately met; and**

*[(W)](X)* Validation review. Validation review means a review conducted after admission certification has been approved. The review is focused on validating the admitting information and confirming the determination of medical necessity of the admission.

(2) *[All]* **As required by Title 42, Code of Federal Regulations (CFR) part 456**, admissions of MO HealthNet participants to

MO HealthNet participating hospitals in Missouri and bordering states are subject to admission certification procedures and validation review with the following exceptions *[as specified in Missouri MO HealthNet provider manuals or bulletins]*:

(A) Admissions of participants enrolled in a MO HealthNet *[pre-paid]* **Managed Care** health plan;

(D) Admissions for newborns; and

(E) Admissions for certain pregnancy-related diagnoses. The diagnoses codes for deliveries, newborns, and pregnancy-related conditions are as published in the *ICD/-9-CM/ (Internal Classification of Diseases, [9th Revision,] Clinical Modification) code book*. Admissions with diagnoses codes for missed abortion, pregnancy with abortive outcome, and postpartum condition or complication will continue to require admission certification and validation review.

(3) The admission certification procedure and validation review will be performed by a medical review agent. The confidentiality of all information shall be adhered to in accordance with section 208.155, RSMo and Title 42, *[Code of Federal Regulations]* CFR part 431, subpart F. The medical review agent's decisions related to certification or non-certification of MO HealthNet admissions are advisory in nature. The department is the final payment authority. The medical review agent's review decisions will be used as the basis for MO HealthNet reimbursement.

(4) The types of certification and review include:

(A) **Prospective** (Preadmission) certification of nonemergency (elective) admissions of MO HealthNet participants with established eligibility on date of admission;

(B) *[Postadmission]* **Admission (Initial)** certification of emergency and urgent admissions of MO HealthNet participants with established eligibility on date of admission **and obtained prior to discharge**;

(C) **Continued Stay Review (CSR) to add days to an existing certification. This review is done prior to discharge or within fourteen (14) days after discharge**;

*[(C)](D)* Retrospective certification *[if the following occurs:]* (post discharge) is only appropriate if participant's or provider's eligibility is not established prior to the patient's discharge date. Other retrospective certification requests are reviewed on a case by case basis. Retrospective reviews are not allowed for requests that were initiated while inpatient but failed to include sufficient clinical information to obtain certification;

*[1. The request for preadmission or postadmission certification is not obtained in a timely manner as stated in subsection (5)(A) or (B); or*

*2. Participant eligibility is not established on or by date of admission;]*

*[(D)](E)* Retrospective validation review of **statistically valid** sample cases to assure information provided during admission certification is substantiated by documentation in the medical record; and

*[(E)](F)* A review of quality will be performed for those cases selected as part of the focused and random validation and Certification of Need Samples. Potential quality issues that represent a minor or less than serious risk to a patient will not be pursued. However, potentially serious quality issues will proceed through three (3) levels of specialty physician review if the issue is upheld by the physician reviewers at the first and second level physician review.

(5) Time requirements for the certification procedures are as follows:

(A) *[Physician]* **Medical professional** or hospital notification to the medical review agent of a planned elective admission must occur no later than two (2) full working days prior to the date of the planned admission;

(B) *[Physician]* **Medical professional** or hospital notification to the medical review agent of the occurrence of an emergency or urgent admission is required by the end of the first full working day after the date of the actual admission **or prior to discharge, whichever comes first**;

**(C) Medical professional or hospital notification to the medical review agent of the need for a continued stay review must occur prior to discharge or within fourteen (14) working days after discharge;**

**[(C)](D)** The medical review agent will determine the medical necessity of admissions specified in subsections (4)(A) and (B) *[within two (2) working days] at the time the request is made or by the end of the next working day* after receipt of all required information from the *[physician] medical professional* or hospital;

**[(D)](E)** The hospital shall submit, at its own expense, the participant's medical record to the medical review agent for retrospective certification cases specified in subsection (4)**[(C)](D)**. *[Retrospective certification requests must be submitted in a reasonable period of time so as to allow the hospital to meet the claims timely filing requirements of 13 CSR 70-3.100];* and

**[(E)](F)** After receipt of all the required medical record information, the medical review agent will determine medical necessity of admissions specified in subsection (4)**[(C)](D)** within *[fifteen (15) working] thirty (30) calendar days. [if the criteria in section (6) are met or within twenty-five (25) working days if the case is referred to a physician reviewer.]* **Cases submitted for physician review must be completed within this same thirty- (30-) day period.**

(6) The criteria to be used in the admission certification and validation review are as follows:

(A) *[The severity of illness/intensity of service (SI/IS) criteria set] Milliman Care Guidelines* includes adult and pediatric criteria for general medical care admissions;

(C) Ambulatory procedure screening *[criteria]* is *[used in screening admissions for procedures on the MO HealthNet outpatient surgery list; and] done within the Milliman Care Guidelines. If the procedure meets criteria to be done in the outpatient setting versus inpatient, the case will be reviewed by a physician for final determination which may result in denial of the certification request; and*

(7) The admission certification procedure is as follows:

(A) Certification requests can be made in the following manner:

1. For *[preadmission and postadmission certification,] prospective, initial admission, and continued stay reviews, the [physician] medical professional or hospital submits the request through CyberAccess Web tool or* contacts the medical review agent to provide the required information to obtain certification; or

2. For retrospective certification, the hospital submits, at its own expense, the participant's medical record to the medical review agent to obtain certification which is to include the emergency room record; history and physical; any operative, pathology, or consultation reports; the first three (3) days of physician **or other medical professional orders including the inpatient admitting orders, progress notes, nurses' notes, graphic vital signs, medication sheets, and diagnostic testing results;**

(B) Initial screening of information for reviews in paragraph (7)(A)1. is conducted **through the online CyberAccess Web tool, by utilization review assistants or** by nurse reviewers using the criteria in section (6) as appropriate to the case under review;

(C) **Initial screening of information for reviews in paragraph (7)(A)2. is conducted by a utilization review assistant or nurse reviewer using the criteria in section (6) as appropriate to the case under review;**

**[(C)](D)** If the medical information submitted regarding the patient's condition and planned services meets the applicable criteria in section (6), the approval decision and a unique certification number are communicated to the *[physician] medical professional* and hospital **via the CyberAccess Web tool;**

**[(D)](E)** If the applicable criteria in section (6) are not met, the nurse reviewer refers the case to a physician reviewer for a medical

necessity determination. The physician reviewer is not bound by any criteria and makes the determination based on medical facts in the case using his/her medical judgment;

**[(E)](F)** If the physician reviewer approves the admission, the approval determination and unique certification number are communicated to the *[physician] medical professional* and hospital **via the CyberAccess Web tool;**

**[(F)](G)** The *[physician] attending medical professional* will be contacted prior to a denial determination and allowed the opportunity to provide additional information. This additional information will be considered by the physician reviewer prior to a determination to approve or deny admissions. Determination decisions will be communicated as follows:

1. If the admission is approved, the approval determination and unique certification number are communicated to the *[physician] medical professional* and hospital **via the CyberAccess Web tool;** and

2. Denial determinations are communicated **via mail** to the *[physician] medical professional*, hospital, and participant. **The status can also be found on the CyberAccess Web tool;**

**[(G)](H)** The *[physician] medical professional*, hospital, or participant who is dissatisfied with an initial denial determination is entitled to a reconsideration review by the medical review agent as outlined in section

(8); and

**[(H)](I)** If inpatient admission is approved and surgery is planned, day of surgery admission will be required unless the physician reviewer approves a preoperative day for evaluating concurrent medical conditions or other risk factors.

(8) **Reconsideration Review Requests.** The medical review agent's denial decisions relate to medical necessity and appropriateness of the inpatient setting in which services were furnished or are proposed to be furnished. The procedure to request reconsideration of an initial denial determination is as follows:

(A) Time Requirements~~./~~;

1. To request a reconsideration **review** for a patient *[prior to] for a prospective* admission or for a patient still in the hospital, the provider should telephone a request to the medical review agent. In either of these situations, the request for reconsideration must be received within three (3) working days of receipt of the written denial notice. In order to expedite the process, the provider must indicate that this is a request for a reconsideration **review**. The medical review agent will complete the reconsideration review and issue a determination within three (3) working days of receipt of the request and all pertinent information; and

2. If the patient has been discharged from the hospital, the provider must submit a request for reconsideration in writing or by facsimile *[(FAX)] (fax)*. This reconsideration cannot be requested by telephone. The request must be made within sixty (60) calendar days of receipt of the written denial notice. The medical review agent will complete the reconsideration review within thirty (30) **calendar** days after receipt of the request for reconsideration **review**, medical records, and all pertinent information. A written notice will be issued to the participant, *[physician] medical professional*, and hospital within three (3) **working** days after the reconsideration **review** is completed. **This information may also be accessed through the CyberAccess Web tool;**

(B) The reconsideration **review** shall consist of a review of all medical records and additional documentation submitted by any one of the parties *[to] receiving* the initial denial notice;

(9) Validation Sample of Approved Admissions.

(B) The sample size *[is] will be a [random sample of five percent (5%) of the medical review agent's] statistically valid number* of certified admissions.

(C) For admissions subject to a **validation** review, the medical review agent will request medical records. Providers have thirty (30)

calendar days from the date of **written** request to submit documentation. At rates determined by *[the medical review agent]* **state statute 191.227, RSMo**, provider costs associated with submission of requested documentation will be reimbursed **regardless of the medium used for submission**. Records not received within the thirty (30) days will result in the admission being denied **and claim payment recouped**.

(E) The *[physician]* **medical professional** or hospital will be allowed an opportunity to respond to a proposed denial prior to issuance of a final denial notice.

(F) If the physician reviewer determines the admission was not medically necessary, a denial notice will be issued to all parties. Reconsideration **review** procedures in section (8) apply to this review.

(H) Review of the quality of care will also be performed on the validation review sample *[for admissions on or after August 1, 1996]*. Potentially serious quality of care issues identified by the nurse reviewer will be referred to a physician of the medical review agent.

(10) As specific in relation to administration of the provisions of this rule and not otherwise inconsistent with participant liability as determined under provisions of 13 CSR 70-4.030, participant liability issues for admission certification and validation review are as follows:

(A) The participant is liable for inpatient hospital services in the following circumstances:

1. When the *[preadmission]* **prospective** request for certification is denied and the participant is notified of the denial but the participant chooses to be admitted, s/he is liable for all days;

2. When an *[post]*/admission request for certification *[of an admission]* is denied, the participant is liable for those days of inpatient hospital service provided after the date of the **denial** notification to him/her *[of the denial]*;

3. When the participant's eligibility was not established on or by the date of admission and the request for certification is denied, the participant is liable for all days; and

4. When the participant has signed a written agreement with the provider indicating that MO HealthNet is not the intended payer for the specific item or service, s/he is liable for all days. The agreement must be signed prior to receiving the services. In this situation, the participant accepts the status and liabilities of a private pay patient in accordance with 13 CSR 70-4.030; and

(B) The participant is not liable for inpatient hospital services in the following circumstances:

1. When the provider fails to comply with *[preadmission]* **prospective** certification requirements, the participant is not liable for any days;

2. When an *[post]*/admission request for certification of an admission is denied, the participant is not liable for those days of inpatient hospital service provided prior to and including the date of the notification to him/her of the denial; and

3. When the medical review agent performs a validation review as provided in section (9) of this rule and determines an admission was not medically necessary for inpatient services, the participant is not liable for any days.

(11) Continued stay reviews, **when necessary**, will be performed for all *[other]* fee-for-service *[Missouri]* MO HealthNet participants subject to admission certification to determine that services are medically necessary and appropriate for inpatient care. The continued stay review procedure is as follows:

(A) When extended hospitalization is indicated beyond the initial length of stay assigned by the medical review agent **for prospective or admission certification**, the hospital and attending *[physician]* **medical professional** are required to provide additional medical information to warrant the continued hospital stay as well as request the number of additional days needed **prior to discharge or within**

**fourteen (14) working days after discharge. If the request for continued stay review is received fifteen (15) or more working days post discharge, it is considered a retrospective review and the requirements mentioned in subsection (5)(E) will apply;**

(B) *[The nurse reviewer applies the severity of illness/intensity of services (SI/IS) criteria as described in section (6) of this rule. If the case meets intensity of services criteria, an appropriate extension is assigned up to the length-of-stay (LOS) seventy-fifth percentile]* **For continued stay reviews, either initiated via the CyberAccess Web tool or the telephone, the Milliman Care Guidelines will be applied to any additional diagnosis or surgical procedures indicated. The medical professional and/or hospital may also upload any additional supporting documentation into the CyberAccess Web tool;**

(C) A physician will review cases when continued stay is requested beyond the *[seventy-fifth percentile]* **Milliman Care Guidelines**. The physician reviewer shall approve or deny the continued stay days;

(D) The requesting *[physician]* **medical professional** and hospital are notified *[of the review decision as stated in section (7) of this rule]* **in cases of denial only. All others are found on the CyberAccess Web tool;** and

(E) **Information contained in [S]sections (8)–(10) of this rule also apply to continued stay reviews.**

(12) Continued stay reviews will be performed for diagnoses relating to alcohol and drug abuse*[, ICD 9-CM diagnosis codes in the ranges of 291, 292, 303, 304 and 305 for admission of July 15, 1991, and after that]* to determine that services are medically necessary and appropriate for inpatient care. The continued stay review procedure for alcohol and drug abuse detoxification services is as follows:

(A) At the time of admission certification, as described in section (7) of this rule, the hospital or attending *[physician]* **medical professional** shall specify the anticipated medically necessary length-of-stay;

(B) If the applicable criteria in section (6) of this rule is met, the **utilization review assistant** or nurse reviewer shall assign a number of days not to exceed three (3) days;

(C) If an extension of services is required, the hospital or attending *[physician]* **medical professional** shall contact the medical review agent **either by the CyberAccess Web tool or by telephone** to request additional days for inpatient hospital care. If the applicable criteria in section (6) of this rule is met, the **utilization review assistant** or nurse reviewer shall assign a total length-of-stay days not to exceed five (5) days;

(D) If either the applicable criteria in section (6) of this rule is not met or the total length-of-stay exceeds five (5) days, the case shall be referred to a physician reviewer. The physician reviewer is not bound by the criteria in section (6) of this rule and makes the determination based on medical facts in the case using his/her medical judgment. The physician reviewer shall approve or deny the admission or continued stay days; **and**

Under section 622.555, RSMo, MoDOT may issue an SPE Certificate, for not more than a two- (2-) year period, if it finds that the applicant has the ability, while operating CMVs, to maintain a level of safety that is equivalent to or greater than the driver qualification standards of 49 CFR 391.41.
