

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbolology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

[(C)](B) Is shown by reliable evidence that the consensus of opinion among experts regarding the treatment, procedure, device, or drug is that further studies or clinical trials are necessary to determine its maximum tolerated dose, its toxicity, its safety, its efficacy, or its efficiency as compared with the standard means of treatment or diagnosis.; or

[(D)](C) Reliable evidence includes anything determined to be such by the plan administrator, in the exercise of its discretion, and may include published reports and articles in the medical and scientific literature generally considered to be authoritative by the national medical professional community.

The fact that a provider has performed, prescribed, recommended, ordered, or approved a treatment, procedure, service, or supply; or that it is the only available treatment, procedure, service, or supply for a condition, does not, in itself, determine medical necessity. Medically necessary treatments, procedures, services, or supplies that the plan administrator or its designee determines, in the exercise of its discretion are—

(A) Expected to be of clear clinical benefit to the member;

(B) Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for a member's illness, injury, mental illness, substance use disorder, disease, or its symptoms;

**Title 22—MISSOURI CONSOLIDATED
HEALTH CARE PLAN
Division 10—Health Care Plan
Chapter 2—State Membership
PROPOSED AMENDMENT**

22 CSR 10-2.020 General Membership Provisions. The Missouri Consolidated Health Care Plan is amending sections (2), (4), (5), and (7).

PURPOSE: This amendment clarifies eligibility requirements for a newborn of a dependent or child of a dependent when paternity by the dependent is established after birth, employee and dependent effective dates when adding coverage due to a life event, deadline for proof of eligibility documentation, documentation requirements for disabled dependents, premium payment deadlines for Medicare primary members, documentation required to terminate coverage due to the death of a dependent, and removes repetitive language regarding addition of dependents.

(2) Eligibility Requirements.

(G) Dependent Coverage. Eligible dependents include:

1. Spouse.

A. State employees eligible for coverage under the Missouri Department of Transportation, Department of Conservation, or the Highway Patrol medical plans may not enroll as a spouse under MCHCP.

B. Active Employee Coverage of a Spouse.

(I) If both spouses are active state employees covered by

MCHCP, each spouse must enroll separately.

C. Retiree Coverage of a Spouse.

(I) A state retiree may enroll as a spouse under an employee's coverage or elect coverage as a retiree.

(II) At retirement, an employee eligible for coverage under the Missouri Department of Transportation, Department of Conservation, or the Highway Patrol medical plans may enroll as a spouse under MCHCP.

2. Children.

A. Children may be covered through the end of the month in which they turn twenty-six (26) years old if they meet one (1) of the following criteria:

(I) Natural child of subscriber or spouse;

(II) Legally-adopted child of subscriber or spouse;

(III) Child legally placed for adoption of subscriber or spouse;

(IV) Stepchild of subscriber. Such child will continue to be considered a dependent after the stepchild relationship ends due to the death of the child's natural parent and subscriber's spouse;

(V) Foster child of subscriber or spouse. Such child will continue to be considered a dependent child after the foster child relationship ends by operation of law when the child ages out if the foster child relationship between the subscriber or spouse and the child was in effect the day before the child ages out;

(VI) Grandchild for whom the subscriber or spouse has legal guardianship or legal custody;

(VII) A child for whom the subscriber or spouse is the court-ordered legal guardian under a guardianship of a minor. Such child will continue to be considered a dependent child after the guardianship ends by operation of law when the child becomes eighteen (18) years old if the guardianship of a minor relationship between the subscriber or spouse and the child was in effect the day before the child became eighteen (18) years old;

(VIII) Newborn of a dependent or child of a dependent when paternity by the dependent is established after birth so long as the parent is a **dependent on the newborn's date of birth or the date the child's paternity was established** and continues to be covered as a dependent of the subscriber;

(IX) Child for whom the subscriber or spouse is required to provide coverage under a Qualified Medical Child Support Order (QMCSO); or

(X) A child under twenty-six (26) years, who is a state employee, may be covered as a dependent of a state employee.

B. A child who is twenty-six (26) years old or older and is permanently disabled in accordance with subsection (5)(G), may be covered only if such child was disabled the day before the child turned twenty-six (26) years old and has remained continuously disabled.

C. A child may only be covered by one (1) parent if his/her parents are married to each other and are both covered under an MCHCP medical plan.

D. A child may have dual coverage if the child's parents are divorced or have never married, and both have coverage under an MCHCP medical plan. MCHCP will only pay for a service once, regardless of whether the claim for the child's care is filed under multiple subscribers' coverage. If a child has coverage under two (2) subscribers, the child will have a separate deductible, copayment, and coinsurance under each subscriber. The claims administrator will process the claim and apply applicable cost-sharing using the coverage of the subscriber who files the claim first. The second claim for the same services will not be covered. If a provider files a claim simultaneously under both subscribers' coverage, the claim will be processed under the subscriber whose birthday is first in the calendar year. If both subscribers have the same birthday, the claim will be processed under the subscriber whose coverage has been in effect for the longest period of time; or

3. Changes in dependent status. If a dependent loses his/her eligibility, the subscriber must notify MCHCP within thirty-one (31)

days of the loss of eligibility. Coverage will end on the last day of the month that the completed form is received by MCHCP or the last day of the month MCHCP otherwise receives credible evidence of loss of eligibility under the plan.

3. An employee and his/her eligible dependent(s) who elect coverage and/or change coverage levels during open enrollment shall have an effective date of January 1 of the following year.

4. An employee who terminates all employment with the state (not simply moves from one (1) agency to another) and is rehired as a new state employee before the participation in MCHCP coverage terminates, and his/her eligible dependent(s) who were covered by the plan, will have continuous coverage.

A. The employee cannot increase his/her level of coverage or change plans.

An employee who terminates all employment with the state and is rehired in the following month and his/her eligible dependent(s) who were covered by the plan may choose to have continuous coverage or coverage the first of the month after his/her hire date if an enrollment form is submitted within thirty-one (31) days of hire date.

A. If the employee's coverage is continuous, s/he cannot increase his/her level of coverage or change plans.

B. If the employee requests coverage to begin the first of the month after his/her hire date, s/he can make changes to his/her coverage.

6. An employee who transfers in the same month from a state agency with MCHCP benefits to another agency with MCHCP benefits, and his/her eligible dependent(s) who were covered by the plan, will have continuous coverage. The employee must inform the former agency of the transfer in lieu of a termination. The employee will be transferred through eMCHCP by the former state agency's human resource or payroll representative to the new state agency.

A. The employee cannot increase his/her level of coverage or change plans.

B. If an employee waives coverage, s/he cannot enroll until the next open enrollment for coverage effective the following January 1 unless s/he is eligible due to a life event or loss of employer-sponsored coverage.

7. For continuous coverage, an active employee who terminates employment with the state may transfer coverage of him/herself and his/her dependents, **if eligible**, to his/her spouse or parent who is an MCHCP subscriber if the spouse or parent completes an Enroll/Change/Cancel form within thirty-one (31) days of coverage termination of the active employee's employment.

8. An employee who transfers state employment from the Missouri Department of Transportation (MoDOT), Missouri State Highway Patrol, or the Department of Conservation and his/her dependents to another agency with MCHCP benefits will maintain his/her dental and/or vision coverage and may enroll in medical coverage within thirty-one (31) days of transfer. If enrollment is made within thirty-one (31) days of transfer, MCHCP medical coverage is effective with no break in coverage. Dental and vision coverage is continuous throughout the calendar year. An employee cannot enroll in dental and vision at the time of transfer if s/he was not enrolled prior to the transfer.

A. If an employee waives coverage, s/he cannot enroll until the next open enrollment for coverage effective the following January 1 unless s/he is eligible due to a life event or loss of employer-sponsored coverage.

9. A state employee who has medical coverage under MCHCP and transfers state employment to MoDOT, Missouri State Highway Patrol, or the Department of Conservation and his/her dependents are no longer eligible for MCHCP coverage. MCHCP medical coverage is terminated the last day of the month of the employee's termination.

10. Coverage is effective for a dependent child the first of the month coinciding with or after the Qualified Medical Child Support Order is received by the plan or date specified by the court.

(5) Proof of Eligibility. Proof of eligibility documentation is required for all dependents and subscribers, as necessary. Enrollment is not complete until proof of eligibility is received by MCHCP. A subscriber must include his/her MCHCPid or Social Security number on the documentation. If proof of eligibility is not received, MCHCP will send a letter requesting it from the subscriber. Except for open enrollment, documentation must be received within thirty-one (31) days of the [letter] date **MCHCP processed the enrollment**, or coverage will not take effect for those individuals whose proof of eligibility was not received. MCHCP reserves the right to request that such proof of eligibility be provided at any time upon request. If such proof is not received or is unacceptable as determined by MCHCP, coverage will terminate or never take effect. If enrolling during open enrollment, proof of eligibility must be received by November 20, or coverage will not take effect the following January 1 for those individuals whose proof of eligibility was not received. **If invalid proof of eligibility is received, the subscriber is allowed an additional ten (10) days from the initial due date to submit valid proof of eligibility.**

2. If a disabled dependent or child over the age of twenty-six (26) years is determined to be no longer disabled by the SSA, coverage will terminate the last day of the month in which the disability ends or will never take effect for new enrollment requests.

3. Once the disabled dependent's coverage is cancelled or terminated, s/he will not be able to enroll at a later date.

(7) Termination.

(A) Unless stated otherwise, termination of coverage shall occur on the last day of the calendar month coinciding with or after any of the following events, whichever occurs first:

1. Failure to make any required contribution toward the cost of coverage.

A. **Non-Medicare primary subscribers**—If MCHCP has not received payment of premium at the end of the thirty-one- (31-) day grace period, the subscriber and his/her dependents will be retroactively terminated to the date covered by his/her last paid premium. The subscriber will be responsible for the value of services rendered after the retroactive termination date, including, but not limited to, the grace period[;].

**Title 22—MISSOURI CONSOLIDATED
HEALTH CARE PLAN
Division 10—Health Care Plan
Chapter 2—State Membership
PROPOSED AMENDMENT**

22 CSR 10-2.045 Plan Utilization Review Policy. The Missouri Consolidated Health Care Plan is amending section (1).

PURPOSE: This amendment updates the term "prior authorization" to "preauthorization" and clarifies the requirements for preauthorization of physical, speech, and occupational therapy and rehabilitation services.

(1) Clinical Management—Certain benefits are subject to a utilization review (UR) program. The program has the following components:

(A) *[Prior Authorization of Services] Preauthorization*—The claims administrator must authorize some services in advance. Without *[prior authorization] preauthorization*, any claim that requires *[prior authorization] preauthorization* will be denied for payment. Members who have another primary carrier, including Medicare, are not subject to this provision except for those services that are not covered by the other primary carrier, but are otherwise subject to *[prior authorization] preauthorization* under this rule. *[Prior authorization] Preauthorization* does not verify eligibility or payment. *[Prior authorizations] Preauthorizations* found to have a material misrepresentation or intentional or negligent omission about the person's health condition or the cause of the condition may be rescinded.

1. The following medical services are subject to *[prior authorization] preauthorization*:

- A. Ambulance services for non-emergent use, whether air or ground;
- B. Anesthesia and hospital charges for dental care for children younger than five (5) years, the severely disabled, or a person with a medical or behavioral condition that requires hospitalization;
- C. Applied behavior analysis for autism at initial service;
- D. Auditory brainstem implant (ABI);
- E. Bariatric surgery;

PROPOSED RULE

22 CSR 10-2.051 PPO 300 Plan Benefit Provisions and Covered Charges

PURPOSE: This rule establishes the policy of the board of trustees in regard to the PPO 300 Benefit Provisions and Covered Charges for members of the Missouri Consolidated Health Care Plan.

(1) Deductible—per calendar year for network: per individual, three hundred dollars (\$300); family, six hundred dollars (\$600) and for non-network: per individual, six hundred dollars (\$600); family, one thousand two hundred dollars (\$1,200).

(A) Network and non-network deductibles are separate. Expenses cannot be shared or transferred between network and non-network benefits.

(B) Claims will not be paid until the applicable deductible is met.

(C) Services that do not apply to the deductible and for which applicable costs will continue to be charged include, but are not limited to: copayments, charges above the usual, customary, and reasonable (UCR) limit; the amount the member pays due to noncompliance; non-covered services and charges above the maximum allowed.

(D) The family deductible is an embedded deductible with two (2) parts: an individual deductible and an overall family deductible. Each family member must meet his/her own individual deductible amount until the overall family deductible amount is reached. Once a family member meets his/her own individual deductible, the plan will start to pay claims for that individual and any additional out-of-pocket expenses incurred by that individual will not be used to meet the family deductible amount. Once the overall family deductible is met, the plan will start to pay claims for the entire family even if some family members have not met his/her own individual deductible.

(2) Coinsurance—coinsurance amounts apply to covered services after deductible has been met. Coinsurance is no longer applicable for the remainder of the calendar year once the out-of-pocket maximum is reached.

(A) Network claims are paid at ninety percent (90%) until the out-of-pocket maximum is met.

(B) Non-network claims are paid at seventy percent (70%) until the out-of-pocket maximum is met.

(3) Out-of-pocket maximum—per calendar year for network: per individual, one thousand five hundred dollars (\$1,500); family three thousand dollars (\$3,000) and for non-network: per individual, three thousand dollars (\$3,000); family, six thousand dollars (\$6,000).

(A) Network and non-network out-of-pocket maximums are separate. Expenses cannot be shared or transferred between network and non-network benefits.

(B) Services that do not apply to the out-of-pocket maximum and for which applicable costs will continue to be charged include, but are not limited to: charges above the usual, customary, and reasonable (UCR) limit; the amount the member pays due to noncompliance; non-covered services and charges above the maximum allowed.

(C) The family out-of-pocket maximum is an embedded out-of-pocket maximum with two (2) parts: an individual out-of-pocket maximum and an overall family out-of-pocket maximum. Each family member must meet his/her own individual out-of-pocket maximum amount until the overall family out-of-pocket maximum amount is reached. Once a family member meets his/her own individual out-of-pocket maximum, the plan will start to pay claims at one hundred percent (100%) for that individual. Once the overall family out-of-pocket maximum is met, the plan will start to pay claims at one hundred percent (100%) for the entire family even if some family members had not met his/her own individual out-of-pocket maximum.

(4) The following services will be paid as a network benefit when provided by a non-network provider:

(A) Emergency services and urgent care;

(B) Covered services that are not available through a network provider within one hundred (100) miles of the member's home. The member must contact the claims administrator before the date of service in order to have a closer non-network provider's claims approved as a network benefit. Such approval is for three (3) months. After three (3) months, the member must contact the claims administrator to reassess network availability; and

(C) Covered services when such services are provided in a network hospital or ambulatory surgical center and are an adjunct to a service being performed by a network provider. Examples of such adjunct services include, but are not limited to, anesthesiology, assistant surgeon, pathology, or radiology.

(5) The following services are not subject to deductible, coinsurance, or copayment requirements and will be paid at one hundred percent (100%) when provided by a network provider:

(A) Preventive care;

(B) Nutritional counseling; and

(C) A newborn's initial hospitalization until discharge or transfer to another facility if the mother is a Missouri Consolidated Health Care Plan (MCHCP) member at the time of birth.

(6) Influenza immunizations provided by a non-network provider will be reimbursed up to twenty-five dollars (\$25) once the member submits a receipt and a reimbursement form to the claims administrator.

(7) Married, active employees who are MCHCP subscribers and have enrolled children may meet only one (1) family deductible and out-of-pocket maximum. Both spouses must enroll in the same medical plan option through the same carrier, and each must provide the other spouse's Social Security number (SSN) and report the other spouse as eligible for coverage when newly hired and during the open enrollment process. In the medical plan vendor system, the spouse with children enrolled will be considered the subscriber and the spouse that does not have children enrolled will be considered a dependent. If both spouses have children enrolled, the spouse with the higher Social Security number (SSN) will be considered the subscriber. Failure to report an active employee spouse when newly hired and/or during open enrollment will result in a separate deductible and out-of-pocket maximum for both active employees.

(8) Each subscriber will have access to payment information of the family unit.

(9) Expenses toward the deductible and out-of-pocket maximum will be transferred if the member changes medical plans or continues enrollment under another subscriber's plan within the same plan year.

(10) Copayments. Copayments apply to network services unless otherwise specified.

(A) Office visit—primary care: twenty-five dollars (\$25); mental health: twenty-five dollars (\$25); specialist: forty dollars (\$40); chiropractor office visit and/or manipulation: twenty dollars (\$20); urgent care: fifty dollars (\$50) network and non-network. All lab, X-ray, or other medical services associated with the office visit apply to the deductible and coinsurance.

(B) Emergency room—one hundred dollars (\$100) network and non-network. Deductible and coinsurance requirements apply to emergency room services in addition to the copayment. If a member is admitted to the hospital or the claims administrator considers the claim to be for a true emergency, the copayment is waived.

(11) Usual, customary, and reasonable fee allowed—non-network medical claims that are not otherwise subject to a contractual discount arrangement are allowed at the eightieth percentile of usual, customary, and reasonable fees as determined by the vendor. Members may be held liable for the amount of the fee above the allowed amount.

(12) Any claim must be initially submitted within twelve (12) months following the date of service. The plan reserves the right to deny claims not timely filed. A provider initiated correction to the originally filed claim must be submitted within the timeframe agreed in the provider contract, but not to exceed three hundred sixty-five (365) days from adjudication of the originally filed claim. Any claims reprocessed as primary based on action taken by Medicare or Medicaid must be initiated within three (3) years of the claim being incurred.

(13) For a member who is an inpatient on the last calendar day of a plan year and remains an inpatient into the next plan year, the prior plan year's applicable deductible and/or coinsurance amounts will apply to the in-hospital facility and related ancillary charges until the member is discharged.

(14) Services performed in a country other than the United States may be covered if the service is included in 22 CSR 10-2.055. Emergency and urgent care services are covered as a network benefit. All other non-emergency services are covered as a non-network benefit. If the service is provided by a non-network provider, the member may be required to provide payment to the provider and then file a claim for reimbursement subject to timely filing limits.

AUTHORITY: section 103.059, RSMo 2000. Emergency rule filed Dec. 22, 2009, effective Jan. 1, 2010, expired June 29, 2010. Original rule filed Jan. 4, 2010, effective June 30, 2010. Rescinded and readopted: Filed Oct. 28, 2015.

PUBLIC COST: This proposed rule will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed rule will not cost private entities more than five hundred dollars (\$500) in the aggregate.

4. Non-network out-of-pocket maximum for family—ten thousand dollars (\$10,000).

(B) Network and non-network out-of-pocket maximums are separate. Expenses cannot be shared or transferred between network and non-network benefits.

(C) Services that do not apply to the out-of-pocket maximum and for which applicable costs will continue to be charged include, but not limited to: charges above the usual, customary, and reasonable (UCR) limit; the amount the member pays due to noncompliance; and charges above the maximum allowed.

(D) Medical and pharmacy expenses are combined to apply toward the network or non-network out-of-pocket maximum, as appropriate.

(4) The following services will be paid as a network benefit when provided by a non-network provider:

(A) Emergency services and urgent care;

(B) Covered services that are not available through a network provider within one hundred (100) miles of the member's home. The member must contact the claims administrator before the date of ser-

vice in order to have a closer non-network provider's claims approved as a network benefit. Such approval is for three (3) months. After three (3) months, the member must contact the claims administrator to reassess network availability;

(C) Covered services when such services are provided in a network hospital or ambulatory surgical center and are an adjunct to a service being performed by a network provider. Examples of such adjunct services include, but are not limited to, anesthesiology, assistant surgeon, pathology, or radiology.

(5) Preventive care is not subject to deductible or coinsurance requirements and will be paid at one hundred percent (100%) when provided by a network provider.

(6) Influenza immunizations provided by a non-network provider will be reimbursed up to twenty-five dollars (\$25) once the member submits a receipt and a reimbursement form to the claims administrator.

(7) Nutritional counseling is paid at one hundred percent (100%) when provided by a network provider after deductible is met.

(8) Newborn's claims will be subject to deductible and coinsurance.

(9) Married, active employees who are MCHCP subscribers and have enrolled children may meet only one (1) family deductible and out-of-pocket maximum. Both spouses must enroll in the same medical plan option through the same carrier, and each must provide the other spouse's Social Security number (SSN) and report the other spouse as eligible for coverage when newly hired and during the open enrollment process. In the medical plan vendor system, the spouse with children enrolled will be considered the subscriber and the spouse that does not have children enrolled will be considered a dependent. If both spouses have children enrolled the spouse with the higher Social Security number (SSN) will be considered the subscriber. Failure to report an active employee spouse when newly hired and/or during open enrollment will result in a separate deductible and out-of-pocket maximum for both active employees.

(10) Each subscriber will have access to payment information of the family unit.

(11) Expenses toward the deductible and out-of-pocket maximum will be transferred if the member changes medical plans or continues enrollment under another subscriber's plan within the same plan year.

(12) Usual, customary, and reasonable fee allowed—Non-network medical claims that are not otherwise subject to a contractual discount arrangement are processed at the eightieth percentile of usual, customary, and reasonable fees as determined by the vendor. Members may be held liable for the amount of the fee above the allowed amount.

(13) Any claim must be initially submitted within twelve (12) months following the date of service. The plan reserves the right to deny claims not timely filed. A provider initiated correction to the originally filed claim must be submitted within the timeframe agreed in the provider contract, but not to exceed three hundred sixty-five (365) days from adjudication of the originally filed claim. Any claims reprocessed as primary based on action taken by Medicare or Medicaid must be initiated within three (3) years of the claim being incurred.

(14) For a member who is an inpatient on the last calendar day of a plan year and remains an inpatient into the next plan year, the prior plan year's applicable deductible and/or coinsurance amounts will apply to the in-hospital facility and related ancillary charges until the member is discharged.

(15) Services performed in a country other than the United States may be covered if the service is included in 22 CSR 10-2.055. Emergency and urgent care services are covered as a network benefit. All other non-emergency services are covered as a non-network benefit. If the service is provided by a non-network provider, the member may be required to provide payment to the provider and then file a claim for reimbursement subject to timely filing limits.

(16) A subscriber does not qualify for the HSA Plan if s/he is claimed as a dependent on another person's tax return or, except for the plans listed in section (19) of this rule, is covered under or enrolled in any other health plan that is not a high deductible health plan, including, but not limited to, the following types of insurance plans or programs:

- (A) Medicare;
- (B) TRICARE;
- (C) A health care flexible spending account (FSA), with the exception of participation in the premium-only, limited-scope, and dependent care section;
- (D) Health reimbursement account (HRA); or

(E) If the member has received medical benefits from The Department of Veterans Affairs (VA) at any time during the previous three (3) months, unless the medical benefits received consist solely of disregarded coverage or preventive care.

(17) If a retiree subscriber and/or his/her dependent(s) becomes eligible for Medicare in the upcoming plan year then s/he may not enroll in the HSA Plan during open enrollment.

(18) If a subscriber and/or his/her dependent(s) is enrolled in the HSA Plan and becomes ineligible for the HSA Plan during the plan year, the subscriber must enroll in a non-HSA Plan within thirty-one (31) days of notice from MCHCP. If no plan selection is made, MCHCP will enroll the subscriber and his/her dependents in the PPO 600 Plan.

(19) A subscriber may qualify for this plan even if s/he is covered by any of the following:

- (A) Drug discount card;
- (B) Accident insurance;
- (C) Disability insurance;
- (D) Dental insurance;
- (E) Vision insurance; or
- (F) Long-term care insurance.

(20) Health Savings Account (HSA) Contributions.

(A) To receive contributions from MCHCP, the subscriber must be an active employee and HSA eligible as defined in the Internal Revenue Service Publication 969 on the date the contribution is made and open an HSA with the bank designated by MCHCP.

1. Subscribers who enroll in the HSA Plan during open enrollment who have a balance in a health care FSA on January 1 of the new plan year cannot receive an HSA contribution from MCHCP until after the health care FSA grace period ends March 15.

(B) A new employee or subscriber electing coverage due to a life event or loss of employer-sponsored coverage with an effective date after the MCHCP contribution will receive an applicable prorated contribution. Unless a subscriber is eligible for a special enrollment period, a subscriber will not be able to voluntarily change his/her plan selection.

(C) A subscriber who moves from subscriber-only coverage to another coverage level with an effective date after the MCHCP contribution will receive an applicable prorated contribution based on the increased level of coverage.

(D) If a subscriber moves from another coverage level to subscriber-only coverage, cancels all coverage, or MCHCP terminates coverage and has received an HSA contribution, MCHCP will not request a re-payment of the contribution.

(E) If both a husband and wife are state employees covered by MCHCP and they both enroll in an HSA Plan, they must each have a separate HSA. The maximum contribution MCHCP will make for the family is six hundred dollars (\$600) regardless of the number of HSAs or the number of children covered under the HSA Plan for either parent. MCHCP will consider married state employees as one (1) family and will not make two (2) family contributions to both spouses or one (1) family contribution and one (1) individual contribution. MCHCP will make a maximum three hundred dollar (\$300) contribution to each spouse to total maximum six hundred dollars (\$600).

(F) The MCHCP contributions will be deposited into the subscriber's HSA as follows:

1. The January deposit will be made on the third Monday of the month, or the first working day after the third Monday if the third Monday is a holiday;
2. The April deposit will be made on the first Monday in April; and
3. Other deposits will be made on the first Monday of the month in which coverage is effective, or the first working day after the first Monday of the month coverage is effective if the first Monday is a state holiday.

Deposit	Subscriber Only	All other coverage levels
January	\$300.00	\$600.00
April (delayed contribution due to health care FSA grace period)	\$300.00	\$600.00
All others	A proration of \$300	A proration of \$600

(C) Unless specifically provided otherwise in this rule, all appeals to the plan, plan administrator, claims administrator, or applicable vendor must be made, initiated in writing, within one hundred eighty (180) days of [receiving] issuance of the denial or notice which gave rise to the appeal.

(3) Appeal Process for Medical and Pharmacy Determinations.

(A) Definitions. Notwithstanding any other rule in this chapter to the contrary, for purposes of a member's right to appeal any adverse benefit determination made by the plan, the plan administrator, a claims administrator, or a medical or pharmacy benefit vendor, relating to the provision of health care benefits, other than those provided in connection with the plan's dental or vision benefit offering, the following definitions apply:

1. Adverse benefit determination. An adverse benefit determination means any of the following:

A. A denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for a benefit, including any denial, reduction, termination, or failure to provide or make payment that is based on a determination of an individual's eligibility to participate in the plan;

B. A denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for a benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not medically necessary or appropriate; or

C. Any rescission of coverage after an individual has been covered under the plan;

2. Appeal (or internal appeal). An appeal or internal appeal means review by the plan, the plan administrator, a claims administrator, or a medical or pharmacy benefit vendor of an adverse benefit determination;

3. Claimant. Claimant means an individual who makes a claim under this subsection. For purposes of this subsection, references to claimant include a claimant's authorized representative;

The United States Department of Health and Human Services (HHS) conducts external reviews for adverse benefit determinations regarding medical and pharmacy benefits administered by UMR, [Coventry Health Care of Kansas, Inc.] Aetna, and Express Scripts, Inc. that involve medical judgment (including, but not limited to, those based on medical necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit; or a determination that a treatment is experimental or investigational) and a rescission of coverage (regardless of whether or not the rescission has any effect on any particular benefit at that time);

5. Final internal adverse benefit determination. A final internal adverse benefit determination means an adverse benefit determination that has been upheld by the plan, the plan administrator, a claims administrator, or a medical or pharmacy benefit vendor at the completion of the internal appeals process under this subsection, or an adverse benefit determination with respect to which the internal appeals process has been deemed exhausted by application of applicable state or federal law;

6. Final external review decision. A final external review decision means a determination rendered under the external review

process at the conclusion of an external review; and

7. Rescission. A rescission means a termination or discontinuance of medical or pharmacy coverage that has retroactive effect except that a termination or discontinuance of coverage is not a rescission if—

A. The termination or discontinuance of coverage has only a prospective effect; or

B. The termination or discontinuance of coverage is effective retroactively to the extent it is attributable to a failure to timely pay required premiums or contributions towards the cost of coverage.

(B) Internal Appeals.

1. Eligibility, termination for failure to pay, or rescission. Adverse benefit determinations denying or terminating an individual's coverage under the plan based on a determination of the individual's eligibility to participate in the plan or the failure to pay premiums, or any rescission of coverage based on fraud or intentional misrepresentation of a member or authorized representative of a member are appealable exclusively to the Missouri Consolidated Health Care Plan (MCHCP) Board of Trustees (board).

B. Adverse benefit determination appeals to the board must identify the eligibility, termination, or rescission decision being appealed and the reason the claimant believes the MCHCP staff decision should be overturned. The member should include with his/her appeal any information or documentation to support his/her appeal request.

C. The appeal will be reviewed by the board in a meeting closed pursuant to section 610.021, RSMo, and the appeal will be responded to in writing to the claimant within sixty (60) days from the date the board received the written appeal.

The member should include with his/her appeal any additional information or documentation to support the reason the original claim decision should be overturned.

(II) First level appeals will be reviewed by the vendor by someone who was not involved in the original decision and will consult with a qualified medical professional if a medical judgment is involved. First level medical appeals will be responded to in writing to the member within thirty (30) days for post-service claims and fifteen (15) days for pre-service claims from the date the vendor received the first level appeal request.

(a) If, because of reasons beyond the vendor's control, more time is needed to review the appeal, the vendor may extend the time period up to an additional fifteen (15) days. The vendor must notify the member prior to the expiration of the first fifteen- (15-) day period, explain the reason for the delay, and request any additional information. If more information is requested, the member has at least forty-five (45) days to provide the information to the vendor. The vendor then must decide the claim no later than fifteen (15) days after the additional information is supplied or after the period of time

allowed to supply it ends, whichever is first.

(III) An expedited appeal of an adverse benefit determination may be requested when a decision is related to a pre-service claim for urgent care. Expedited appeals will be reviewed by the vendor by someone who was not involved in the original decision and will consult with a qualified medical professional if a medical judgment is involved. Expedited appeals will be responded to within seventy-two (72) hours after receiving a request for an expedited review with written confirmation of the decision to the member within three (3) working days of providing notification of the determination.

(IV) Second level appeals must be submitted in writing within sixty (60) days of the date of the first level appeal decision letter that upholds the original adverse benefit determination. Second level appeals should include any additional information or documentation to support the reason the member believes the first level appeal decision should be overturned. Second level appeals will be reviewed by the vendor by someone who was not involved in the original decision or first level appeal and will include consultation with a qualified medical professional if a medical judgment is involved. Second level medical appeals shall be responded to in writing to the member within thirty (30) days for post-service claims and within fifteen (15) days for pre-service claims from the date the vendor received the second level appeal request.

(a) If, because of reasons beyond the vendor's control, more time is needed to review the appeal, the vendor may extend the time period up to an additional fifteen (15) days. The vendor must notify the member prior to the expiration of the first fifteen- (15-) day period, explain the reason for the delay, and request any additional information. If more information is requested, the member has at least forty-five (45) days to provide the information to the vendor. (III) The claimant may call the toll-free number (888) 866-

6205 with any questions or concerns during the external review process and can submit additional written comments to the external reviewer at the mailing address above.

(IV) The external review decision will be made as expeditiously as possible and within forty-five (45) days after receipt of the request for the external review.

(V) A claimant may make a written or oral request for an expedited external review if the adverse benefit determination involves a medical condition of the claimant for which the timeframe for completion of a standard external review would seriously jeopardize the life or health of the claimant; or would jeopardize the claimant's ability to regain maximum function; or if the final internal adverse benefit determination involves an admission, availability of care, continued stay, or health care item or service for which the claimant received services, but has not been discharged from a facility.

3. For all internal appeals of adverse benefit determinations, the plan or the vendor reviewing the appeal will provide the member, free of charge, with any new or additional evidence or rationale considered, relied upon, or generated by the plan or the vendor in connection with reviewing the claim or the appeal and will give the member an opportunity to respond to such new evidence or rationale before issuing a final internal adverse determination.

(5) In reviewing appeals, notwithstanding any other rule, the board and/or staff may grant any appeals when there is credible evidence to support approval under the following guidelines. Payment in full for all past and current premiums due for enrollment requests must be included with the appeal if it cannot be collected through payroll deduction:

(K) Once per lifetime of the account, MCHCP may approve an appeal where a subscriber missed a deadline. MCHCP may only approve an appeal under this guideline if the appeal is received within sixty (60) days of the missed deadline. This guideline may not be used to approve an appeal of a voluntary cancellation or an appeal of a deadline that is statutorily mandated; **and**

(L) MCHCP may approve an appeal to change a subscriber's medical plan vendor prospectively, once per lifetime of the account. This appeal guideline may not be used for a subscriber to change the type of medical plan design elected during open enrollment; **and**].

[(M) MCHCP may approve appeals of a late submission of a Health Care Provider Form if the subscriber can provide substantiating evidence that the annual wellness exam was received timely, that the subscriber reasonably relied on the health care provider to submit the Health Care Provider Form, and the health care provider failed to submit the Health Care Provider Form prior to the May 31 due date.]

PURPOSE: This amendment updates the 2016 Coverage Gap Stage and Catastrophic Coverage Stage annual costs and coinsurance amounts.

(1) The pharmacy benefit for Medicare primary members is provided through a Pharmacy Employer Group Waiver Plan (EGWP) as regulated by the Centers for Medicare and Medicaid Services herein after referred to as the Medicare Prescription Drug Plan.

The requirements for the Medicare Part D prescription drug plan are as follows:

1. The Centers for Medicare and Medicaid Services regulates the Medicare Part D prescription drug program. The Medicare Prescription Drug Plan abides by those regulations;

2. Initial Coverage Stage. Until a member's total yearly Part D prescription drug costs reach two thousand nine hundred sixty dollars (\$2,960), the member will pay the following copayments:

A. Generic Formulary Drugs: thirty-one- (31-) day supply has an eight dollar (\$8) copayment; sixty- (60-) day supply has a sixteen dollar (\$16) copayment; ninety- (90-) day supply at retail has a twenty-four dollar (\$24) copayment; and a ninety- (90-) day supply through home delivery has a twenty dollar (\$20) copayment;

B. Preferred Formulary Brand Drugs: thirty-one- (31-) day supply has a thirty-five dollar (\$35) copayment; sixty- (60-) day supply has a seventy dollar (\$70) copayment; ninety- (90-) day supply at retail has a one hundred five dollar (\$105) copayment; and a ninety- (90-) day supply through home delivery has an eighty-seven dollar and fifty cent (\$87.50) copayment; and

C. Non-preferred Formulary Brand Drugs: thirty-one- (31-) day supply has a one hundred dollar (\$100) copayment; sixty- (60-) day supply has a two hundred dollar (\$200) copayment; ninety- (90-) day supply at retail has a three hundred dollar (\$300) copayment; and a ninety- (90-) day supply through home delivery has a two hundred fifty dollar (\$250) copayment././;

3. Coverage Gap Stage. After a member's total yearly Part D prescription drug costs exceed *[two thousand nine hundred sixty dollars (\$2,960)]* **three thousand three hundred ten dollars (\$3,310)** and remain below *[four thousand seven hundred dollars (\$4,700)]* **four thousand eight hundred fifty dollars (\$4,850)**, the member will continue to pay the same cost-sharing amount as in the Initial Coverage stage until the yearly out-of-pocket Part D prescription drug costs reach *[four thousand seven hundred dollars (\$4,700)]* **four thousand eight hundred fifty dollars (\$4,850)**;

4. Catastrophic Coverage Stage. After a member's total yearly out-of-pocket Part D prescription drug costs reach *[four thousand seven hundred dollars (\$4,700)]* **four thousand eight hundred fifty dollars (\$4,850)**, the member will pay the greater of—

A. Five percent (5%) coinsurance or a *[two dollar and sixty-five cent (\$2.65)]* **two dollar and ninety-five cent (\$2.95)** copayment for covered generic drugs (including brand drugs treated as generics), with a maximum not to exceed the standard copayment during the Initial Coverage stage; or

B. Five percent (5%) coinsurance or a *[six dollar and sixty cent (\$6.60)]* **seven dollar and forty cent (\$7.40)** copayment for

all other covered drugs, with a maximum not to exceed the standard copayment during the Initial Coverage stage;

5. Amounts paid by the member or the plan for non-Part D prescription drugs will not count toward total Part D prescription drug costs or total Part D prescription drug out-of-pocket costs; and

6. Medicare Prescription Drug Only Plan. Medicare retirees have the option of choosing the Medicare Prescription Drug Plan for coverage for prescription drugs only, without MCHCP medical coverage.

[(d)] A member must choose how maintenance prescriptions will be filled by notifying the [pharmacy benefit manager (PBM)] PBM of his/her decision to fill a maintenance prescription through home delivery or retail pharmacy;

[(I)](a) If the member chooses to fill his/her maintenance prescription at a retail pharmacy and the member does not notify the PBM of his/her decision, the first two (2) maintenance prescription orders may be filled by the retail pharmacy. After the first two (2) orders are filled at the retail pharmacy, the member must notify the PBM of his/her decision to continue to fill the maintenance prescription at the retail pharmacy. If a member does not make a decision after the first two (2) orders are filled at the retail pharmacy, s/he will be charged the full discounted cost of the drug until the PBM has been notified of the decision and the amount charged will not apply to the out-of-pocket maximum; and

[(II)](b) Once a member makes his/her delivery decision, the member can modify the decision by contacting the PBM; and

(II) Specialty drugs are covered only through the specialty home delivery network for up to a thirty-one- (31-) day supply unless the PBM has determined that the specialty drug is eligible for up to a ninety- (90-) day supply. **All specialty prescriptions must be filled through the PBM's specialty pharmacy.** The first fill of a specialty prescription [order] may be filled through a retail pharmacy **if the prescription is identified by the PBM as emergent; [, except for Hepatitis C specialty drugs and those select drugs that have been included in the specialty split-fill program.**

(a) Generic copayment: Eight dollars (\$8) for a generic drug on the formulary list.

(b) Brand copayment: Thirty-five dollars (\$35) for a brand drug on the formulary.

(c) Non-formulary copayment: One hundred dollars (\$100) for a drug not on the formulary;]

[(III)](a) Specialty split-fill program—The specialty split-fill program applies to select specialty drugs as determined by the PBM. For the first three (3) months, members will be shipped a fifteen- (15-) day supply and charged a prorated copayment. If the member is able to continue with the medication, the remaining supply will be shipped and the member will be charged the remaining portion of the copayment. Starting with the fourth month, an up to thirty-one- (31-) day supply will be shipped if the member continues on treatment.

(III) Prescriptions filled through home delivery programs have the following copayments:

(a) Generic copayments: Eight dollars (\$8) for up to a thirty-one- (31-) day supply; sixteen dollars (\$16) for up to a sixty- (60-) day supply; and twenty dollars (\$20) for up to a ninety- (90-) day supply for a generic drug on the formulary;

(b) Brand copayments: Thirty-five dollars (\$35) for up to a thirty-one- (31-) day supply; seventy dollars (\$70) for up

to a sixty- (60-) day supply; and eighty-seven dollars and fifty cents (\$87.50) for up to a ninety- (90-) day supply for a brand drug on the formulary;

(c) Non-formulary copayments: One hundred dollars (\$100) for up to a thirty-one- (31-) day supply; two hundred dollars (\$200) for up to a sixty- (60-) day supply; and two hundred fifty dollars (\$250) for up to a ninety- (90-) day supply for a drug not on the formulary;

E. Only one (1) copayment is charged if a combination of different manufactured dosage amounts must be dispensed in order to fill a prescribed single dosage amount;

F. The copayment for a compound drug is based on the primary drug in the compound. The primary drug in a compound is the most expensive prescription drug in the mix. If any ingredient in the compound is excluded by the plan, the compound will be denied;

G. If the copayment amount is more than the cost of the drug, the member is only responsible for the cost of the drug;

H. If the physician allows for generic substitution and the member chooses a brand-name drug, the member is responsible for the generic copayment and the cost difference between the brand name and generic drug which shall not apply to the out-of-pocket maximum; and

I. Prescription drugs and prescribed over-the-counter drugs as recommended by the U.S. Preventive Services Task Force (categories A and B) and, for women, by the Health Resources and Services Administration are covered at one hundred percent (100%) when filled at a network pharmacy. The following are also covered at one hundred percent (100%) when filled at a network pharmacy:

The PBM will reimburse the cost of the drug based on the network discounted amount as determined by the PBM, less the applicable network copayment.

3. Out-of-pocket maximum.

A. Network and non-network out-of-pocket maximums are separate;

B. The family out-of-pocket maximum is an aggregate of applicable charges received by all covered family members of the plan. Any combination of covered family member applicable charges may be used to meet the family out-of-pocket maximum. Applicable charges received by one (1) family member may only meet the individual out-of-pocket maximum amount;

C. Individual—five thousand one hundred dollars (\$5,100);

D. Family—ten thousand two hundred dollars (\$10,200).

C. Non-formulary: Fifty percent (50%) coinsurance after deductible has been met for up to a thirty-one- (31-) day supply for a drug not on the formulary.

(2) Step Therapy—Step therapy requires that drug therapy for a medical condition begin with the most cost-effective and safest drug therapy before moving to other, more costly therapy, if necessary. The member is responsible for paying the full price for the prescription drug unless the member's [physician] provider prescribes a first-step drug. If the member's [physician] provider decides for medical reasons that the member's treatment plan requires a different medication without attempting to use the first-step drug, the [physician] provider may request a [prior authorization] preauthorization from the PBM. If the [prior authorization] preauthorization is approved, the member is responsible for the applicable copayment, which may be higher than the first-step drug. If the requested [prior authorization] preauthorization is not approved, then the member is responsible for the full price of the drug.

[(A) First Step—

1. Uses primarily generic drugs;

2. Lowest applicable copayment is charged; and

**Title 22—MISSOURI CONSOLIDATED
HEALTH CARE PLAN
Division 10—Health Care Plan
Chapter 2—State Membership**

PROPOSED AMENDMENT

22 CSR 10-2.110 General Foster Parent Membership Provisions.
The Missouri Consolidated Health Care Plan is amending sections (1), (2), (3), (4), (5), (6), and (10), and adding section (14).

PURPOSE: This amendment clarifies the terms and conditions, eligibility requirements for a newborn of a dependent or child of a dependent when paternity by the dependent is established after birth; employee and dependent effective dates when adding coverage due to a life event, deadline for proof of eligibility documentation, documentation requirements for disabled dependents, documentation required to terminate coverage due to the death of a dependent, requirements for Medicare members, and removes repetitive language regarding addition of dependents.

(1) Terms and Conditions. This rule provides the terms and conditions for membership in the Missouri Consolidated Health Care Plan (MCHCP). A foster parent and his/her dependents are required to provide complete, true, and accurate information to MCHCP in connection with enrollment, change, or cancellation processes, whether by online, written, or verbal communication. MCHCP may rely on, but reserves the right to audit, any information provided by the foster parent and seek recovery and/or pursue legal action to the extent the foster parent has provided incomplete, false, or inaccurate information. *[Purchase of the insurance is at the foster parent's own expense. MCHCP does not contribute toward the premium. The term "foster parent" means any approved specialized foster parent as defined in section 210.543, RSMo, also referred to as Elevated Needs Level B, and licensed under Chapter 210, RSMo, who provides temporary foster care for children who have a documented history of presenting behaviors or diagnoses which render the child unable to effectively function outside of a highly structured setting, not in anticipation of adoption and not for children related to such Elevated Needs Level B foster parent.]*

(2) Eligibility Requirements.

(B) Dependent Coverage. Eligible dependents include:

1. Spouse. If both spouses are eligible foster parents, each spouse must enroll separately;

2. Children.

A. Children may be covered through the end of the month in which they turn twenty-six (26) years old if they meet one (1) of the following criteria:

(I) Natural child of subscriber or spouse;

(II) Legally-adopted child of subscriber or spouse;

(III) Child legally placed for adoption of subscriber or spouse;

(IV) Stepchild of subscriber. Such child will continue to be considered a dependent after the stepchild relationship ends due to the death of the child's natural parent and subscriber's spouse;

(V) Foster child of subscriber or spouse. Such child will continue to be considered a dependent after the foster child relationship ends by operation of law when the child ages out if the foster child relationship between the subscriber or spouse and the child was in effect the day before the child ages out;

(VI) Grandchild for whom the subscriber or spouse has legal guardianship or legal custody;

(VII) A child for whom the subscriber or spouse is the court-ordered legal guardian under a guardianship of a minor. Such child will continue to be considered a dependent after the guardianship ends by operation of law when the child becomes eighteen (18)

years old if the guardianship of a minor relationship between the subscriber or spouse and the child was in effect the day before the child became eighteen (18) years old;

(VIII) Newborn of a dependent or child of a dependent when paternity by the dependent is established after birth so long as the parent is a dependent on the newborn's day of birth or the date the child's paternity was established and continues to be covered as a dependent of the subscriber; or

(IX) Child for whom the subscriber or spouse is required to provide coverage under a Qualified Medical Child Support Order (QMCSO).

B. A child who is twenty-six (26) years old or older and is permanently disabled in accordance with subsection (5)(C) may be covered only if such child was disabled the day before the child turned twenty-six (26) years old and has remained continuously disabled.

C. A child may only be covered by one (1) parent if his/her parents are married to each other and are both covered under an MCHCP medical plan.

D. A child may have dual coverage if the child's parents are divorced or have never married, and both have coverage under an MCHCP medical plan. MCHCP will only pay for a service once, regardless of whether the claim for the child's care is filed under multiple subscribers' coverage. If a child has coverage under two (2) subscribers, the child will have a separate deductible, copayment, and coinsurance under each subscriber. *[MCHCP]* The claims administrator will process the claim and apply applicable cost-sharing using the coverage of the subscriber who files the claim first. The second claim for the same services will not be covered. If a provider files a claim simultaneously under both subscribers' coverage, the claim will be processed under the subscriber whose birthday is first in the calendar year. If both subscribers have the same birthday, the claim will be processed under the subscriber whose coverage has been in effect for the longest period of time; or

3. Changes in dependent status. If a dependent loses his/her eligibility, the subscriber must notify MCHCP within thirty-one (31) days of the loss of eligibility. Coverage will end on the last day of the month that the completed form is received by MCHCP or the last day of the month MCHCP otherwise receives credible evidence of loss of eligibility under the plan.

(3) Enrollment Procedures.

(C) An eligible foster parent may apply for coverage for himself/herself and/or for his/her spouse/child(ren) if one (1) of the following occurs:

1. Occurrence of a life event, which includes marriage, birth, adoption, and placement of child(ren). A special enrollment period of thirty-one (31) days shall be available beginning with the date of the life event. It is the eligible foster parent's responsibility to notify MCHCP of the life event;

A. If paternity is necessary to establish the life event and was not established at birth, the date that paternity is established shall be the date of the life event; or

2. Employer-sponsored group coverage loss. An eligible foster parent and his/her spouse/child(ren) may enroll within sixty (60) days if s/he involuntarily loses employer-sponsored coverage under one (1) of the following circumstances:

A. Employer-sponsored medical, dental, or vision plan terminates;

B. Eligibility for employer-sponsored coverage ends;

C. Employer contributions toward the premiums end; or

D. Consolidated Omnibus Budget Reconciliation Act (COBRA) coverage ends; or

3. If an eligible foster parent or his/her spouse/child(ren) loses MO HealthNet or Medicaid status, s/he may enroll in an MCHCP plan within sixty (60) days of the date of loss; or

4. If an eligible foster parent or eligible foster parent's spouse receives a court order stating s/he is responsible for *[coverage of]*

covering a child, the eligible foster parent may enroll the child in an MCHCP plan within sixty (60) days of the court order; or

5. If an eligible foster parent is enrolled in the PPO 300 or PPO 600 Plan and does not complete enrollment during the open enrollment period, the foster parent and his/her dependents will be enrolled at the same level of coverage in the PPO 600 Plan provided through the vendor the foster parent is enrolled in, effective the first day of the next calendar year; or

6. **Title 22—MISSOURI CONSOLIDATED
HEALTH CARE PLAN
Division 10—Health Care Plan
Chapter 3—Public Entity Membership**

PROPOSED AMENDMENT

22 CSR 10-3.020 General Membership Provisions. The Missouri Consolidated Health Care Plan is amending sections (2), (4), (5), and (12).

PURPOSE: This amendment clarifies eligibility requirements for a newborn of a dependent or child of a dependent when paternity by the dependent is established after birth, employee and dependent effective dates when adding coverage due to a life event, documentation requirements for disabled dependents, and moves notification requirements for Medicare eligible members from the proof of eligibility section to the Medicare section.

(2) Eligibility Requirements.

(G) Dependent Coverage. Eligible dependents include:

1. Spouse.

A. Active Employee Coverage of a Spouse.

(I) If both spouses have access to MCHCP benefits through two (2) different public entities, the employee and his/her spouse may elect to enroll in coverage separately through his/her respective employer or together through one (1) of the employers. The employee cannot have coverage through both public entities.

(II) If both spouses are employed by the same public entity with access to MCHCP benefits, the employee and spouse may elect coverage either as individuals or under the spouse (if allowed by the employer).

B. Retiree Coverage of a Spouse.

(I) A public entity retiree may enroll as a spouse under a public entity employee's coverage or elect coverage as a retiree.

2. Children.

A. Children may be covered through the end of the month in which they turn twenty-six (26) years old if they meet one (1) of the following criteria:

(I) Natural child of subscriber or spouse;

(II) Legally-adopted child of subscriber or spouse;

(III) Child legally placed for adoption of subscriber or spouse;

(IV) Stepchild of subscriber. Such child will continue to be considered a dependent after the stepchild relationship ends due to the death of the child's natural parent and subscriber's spouse;

(V) Foster child of subscriber or spouse. Such child will continue to be considered a dependent child after the foster child relationship ends by operation of law when the child ages out if the

foster child relationship between the subscriber or spouse and the child was in effect the day before the child ages out;

(VI) Grandchild for whom the subscriber or spouse has legal guardianship or legal custody;

(VII) A child for whom the subscriber or spouse is the court-ordered legal guardian under a guardianship of a minor. Such child will continue to be considered a dependent child after the guardianship ends by operation of law when the child becomes eighteen (18) years old if the guardianship of a minor relationship between the subscriber or spouse and the child was in effect the day before the child became eighteen (18) years old;

(VIII) Newborn of a dependent or child of a dependent when paternity by the dependent is established after birth so long as the parent is a dependent on the newborn's day of birth or the date the child's paternity was established and continues to be covered as a dependent of the subscriber;

(IX) Child for whom the subscriber or spouse is required to provide coverage under a Qualified Medical Child Support Order (QMCSO); or

(X) A child under twenty-six (26) years, who is eligible for MCHCP coverage as a subscriber, may be covered as a dependent of a public entity employee.

B. A child who is twenty-six (26) years old or older and is permanently disabled in accordance with subsection (5)(F), may be covered only if such child was disabled the day before the child turned twenty-six (26) years old and has remained continuously disabled.

C. A child may only be covered by one (1) parent if his/her parents are married to each other and are both covered under an MCHCP medical plan.

D. A child may have dual coverage if the child's parents are divorced or have never married, and both have coverage under an MCHCP medical plan. MCHCP will only pay for a service once, regardless of whether the claim for the child's care is filed under multiple subscribers' coverage. If a child has coverage under two (2) subscribers, the child will have a separate deductible, copayment, and coinsurance under each subscriber. The claims administrator will process the claim and apply applicable cost-sharing using the coverage of the subscriber who files the claim first. The second claim for the same services will not be covered. If a provider files a claim simultaneously under both subscribers' coverage, the claim will be processed under the subscriber whose birthday is first in the calendar year. If both subscribers have the same birthday, the claim will be processed under the subscriber whose coverage has been in effect for the longest period of time; or

3. Changes in dependent status. If a dependent loses his/her eligibility, the subscriber must notify MCHCP within thirty-one (31) days of the loss of eligibility. Coverage will end on the last day of the month that the completed form is received by MCHCP or the last day of the month MCHCP otherwise receives credible evidence of loss of eligibility under the plan.

(4) Effective Date Provision. In no circumstances can the effective date be before the eligibility date. The effective date of coverage shall be determined, subject to the effective date provisions as follows:

(A) Employee and Dependent Effective Dates.

1. A new employee and his/her eligible dependents or an employee rehired after his/her coverage terminates and his/her eligible dependent(s) are eligible to participate in the plan on the first day of the month following the employee's eligibility date, as determined by the employer. Except at initial employment, an employee and his/her eligible dependents' effective date of coverage is the first of the month coinciding with or after the eligibility date and after the waiting period. Except for *[newborns]* coverage being added due to a birth, adoption, or placement of child(ren), the effective date of coverage cannot be prior to the date of receipt of the enrollment by MCHCP.

2. The effective date of coverage for a life event shall be as fol-

lows:

A. Marriage.

(I) If a subscriber enrolls and/or enrolls his/her spouse before a wedding date, coverage becomes effective on the wedding date. The monthly premium is not prorated.

(II) If an active employee enrolls within thirty-one (31) days of a wedding date, coverage becomes effective the first of the month coinciding with or after receipt of the enrollment form, unless enrollment is received on the first day of a month, in which case coverage is effective on that day;

B. Newborn.

(I) If a subscriber or employee enrolls *[his/her]* an eligible newborn *[or a subscriber enrolls a newborn of his/her dependent]* within thirty-one (31) days of birth date, coverage becomes effective on the newborn's birth date.

(II) If a subscriber or employee enrolls an eligible spouse and/or child(ren) within thirty-one (31) days of the birth of the newborn, coverage becomes effective on the newborn's birth date or the first of the month after enrollment is received, subject to proof of eligibility. The monthly premium will not be prorated.

[(III)](III) If a subscriber does not elect to enroll a newborn of a dependent child within thirty-one (31) days of birth, s/he cannot enroll the newborn of a dependent at a later date;

C. Child where paternity is established after birth. If a subscriber enrolls a child within thirty-one (31) days of the date paternity is established, coverage becomes effective on the first day of the next month after enrollment is received, unless enrollment is received on the first day of a month, in which case coverage is effective on that day;

D. Adoption or placement for adoption.

(I) If a subscriber or employee enrolls an adopted child within thirty-one (31) days of adoption or placement of a child, coverage becomes effective on the date of adoption or placement for adoption;

(II) If a subscriber or employee enrolls an eligible spouse and/or children within thirty-one (31) days of an adoption or placement for adoption, coverage may become effective on the date of adoption, or date of placement for adoption, or the first of the month after enrollment is received, subject to proof of eligibility. The monthly premium will not be prorated;

E. Legal guardianship and legal custody.

(I) If a subscriber or employee enrolls a dependent due to legal guardianship or legal custody within thirty-one (31) days of guardianship or custody effective date, coverage becomes effective on the first day of the next month after enrollment is received, unless enrollment is received on the first day of a month, in which case coverage is effective on that day;

F. Foster care.

(I) If a subscriber or employee enrolls a foster child due to placement in the subscriber or employee's care within thirty-one (31) days of placement, coverage becomes effective on the first day of the next month after enrollment is received, unless enrollment is received on the first day of a month, in which case coverage is effective on that day; or

G. Employee.

(I) If an employee enrolls due to a life event or loss of employer-sponsored coverage, the effective date for the employee is the first day of the next month after enrollment is received, unless enrollment is received on the first day of a month, in which case coverage is effective on that day.

(II) If the life event is due to a birth, adoption, or placement of child(ren), coverage becomes effective on the newborn's birth date, date of adoption, or date of placement for adoption. The monthly premium will not be prorated;

3. An employee and his/her eligible dependent(s) who elect coverage and/or change coverage levels during open enrollment shall have an effective date of January 1 of the following year.

4. Coverage is effective for a dependent child the first of the month coinciding with or after the Qualified Medical Child Support Order is received by the plan or date specified by the court.

(5) Proof of Eligibility.

(F) Disabled dependent.

1. A new employee may enroll his/her permanently disabled child or an enrolled permanently disabled dependent turning age twenty-six (26) years and may continue coverage beyond age twenty-six (26) years, provided the following documentation is submitted to the plan prior to the dependent's twenty-sixth birthday for the enrolled permanently disabled dependent or within thirty-one (31) days of enrollment of a new employee and his/her permanently disabled child:

A. Evidence from the Social Security Administration (SSA) that the permanently disabled dependent or child was entitled to and receiving disability benefits prior to turning age twenty-six (26) years; and [Evidence could be from the Social Security Administration, representation from the dependent's or child's physician, or by sworn statement from the subscriber;

B. A letter from the dependent's or child's physician describing the current disability and verifying that the disability predates the dependent's or child's twenty-sixth birthday and the disability is permanent; and]

[C./B. A benefit verification letter dated within the last twelve (12) months from the [Social Security Administration (SSA)] confirming the child is still considered disabled [by SSA].

2. If a disabled dependent or child over the age of twenty-six (26) years is determined to be no longer disabled by the SSA, coverage will terminate the last day of the month in which the disability ends or never take effect for new enrollment requests.

3. Once the disabled dependent's coverage is cancelled or terminated, s/he will not be able to enroll at a later date.

[(G) Members who are eligible for Medicare benefits under Part A, B, or D must notify MCHCP of their eligibility and provide a copy of the member's Medicare card within thirty-one (31) days of the Medicare eligibility date. Claims will not be processed until the required information is provided. If Medicare coverage begins before turning age sixty-five (65), the member will receive a Medicare disability questionnaire from MCHCP. The member must return the completed questionnaire to MCHCP for the Medicare eligibility information to be submitted to the medical vendor.]

(12) Medicare.

[(B) MCHCP's prescription drug plan is evaluated by a third party to determine whether it is creditable and considered equal to or better than Medicare Part D. The member will receive notification of the outcome from MCHCP. If MCHCP's plan is considered creditable, the member does not need to enroll in Medicare Part D and will not be penalized if s/he signs up for Part D at a later date.]

[(C)](B) If a member enrolls in a Medicare Part D plan in addition to coverage under this plan, Medicare Part D becomes the member's primary plan. Such member's benefit must be adjusted in order for the plan to avoid liability for filing claims under the subsidy reimbursement portion of Medicare Part D. This plan will pay primary with appropriate copayments or coinsurance when the member is within the donut hole.

(C) Members who are eligible for Medicare benefits under Part A, B, or D must notify MCHCP of their eligibility and provide a copy of the member's Medicare card within thirty-one (31) days of the Medicare eligibility date. If Medicare coverage begins before turning age sixty-five (65), the member will receive a Medicare disability questionnaire from MCHCP. The member must return the completed questionnaire to MCHCP for the Medicare eligibility information to be submitted to the medical vendor.

PROPOSED AMENDMENT

22 CSR 10-3.045 Plan Utilization Review Policy. The Missouri Consolidated Health Care Plan is amending section (1).

PURPOSE: This amendment updates the term "prior authorization" to "preauthorization" and clarifies the requirements for preauthorization of physical, speech, and occupational therapy and rehabilitation services.

(1) Clinical Management—Certain benefits are subject to a utilization review (UR) program. The program has the following components:

(A) [Prior Authorization] **Preauthorization** of Services—The claims administrator must authorize some services in advance. Members who have another primary carrier, including Medicare, are not subject to this provision except for those services that are not covered by the other primary carrier, but are otherwise subject to [prior authorization] **preauthorization** under this rule. [Prior authorization] **Preauthorization** does not verify eligibility or payment. [Prior authorizations] **Preauthorizations** found to have a material misrepresentation or intentional or negligent omission about the person's health condition or the cause of the condition may be rescinded.

1. The following medical services are subject to [prior authorization] **preauthorization**:

- A. Ambulance services for non-emergent use, whether air or ground;

- X. Prostheses over one thousand dollars (\$1,000);
- Y. Pulmonary rehabilitation after thirty-six (36) visits within a twelve- (12-) week period;

BB. Transplants, including requests related to covered travel and lodging.

2. The following pharmacy services included in the prescription drug plan for non-Medicare primary members are subject to *[prior authorization] preauthorization*:

3. *[Prior authorization] Preauthorization* timeframes.

A. A benefit determination for non-urgent *[prior authorization] preauthorization* requests will be made within fifteen (15) calendar days of the receipt of the request. The fifteen (15) days may be extended by the claims administrator for up to fifteen (15) calendar days if an extension is needed as a result of matters beyond the claims administrator's control. The claims administrator will notify the member of any necessary extension prior to the expiration of the initial fifteen- (15-) calendar-day period. If a member fails to submit

necessary information to make a benefit determination, the member will be given at least ninety (90) calendar days from receipt of the extension notice to respond with additional information.

B. A benefit determination for urgent *[prior authorization] preauthorization* requests will be made as soon as possible based on the clinical situation, but in no case later than twenty-four (24) hours of the receipt of the request;

(B) Concurrent Review—The claims administrator will monitor the medical necessity of an inpatient admission to certify the necessity of the continued stay in the hospital. Members who have another primary carrier, including Medicare, are not subject to this provision; *and*

(C) Retrospective Review—Reviews to determine coverage after services have been provided to a patient. The retrospective review is not limited to an evaluation of reimbursement levels, accuracy and adequacy of documentation, coding, or settling of payment. The claim administrator shall have the authority to correct payment errors when identified under retrospective review; *and*

(D) Pre-determination—Determination of coverage by the claims administrator prior to services being provided. A provider may voluntarily request a pre-determination. A pre-determination informs the provider of whether, and under which circumstances, a procedure or service is generally a covered benefit under the plan. A pre-determination that a procedure or service may be covered under the plan does not guarantee payment; *and*

HEALTH CARE PLAN
Division 10—Health Care Plan
Chapter 3—Public Entity Membership**

PROPOSED RULE

22 CSR 10-3.053 PPO 1000 Plan Benefit Provisions and Covered Charges

PURPOSE: This rule establishes the policy of the board of trustees in regard to the PPO 1000 Plan Benefit Provisions and Covered Charges of the Missouri Consolidated Health Care Plan.

(1) Deductible—per calendar year for network: per individual, one thousand dollars (\$1,000); family, three thousand dollars (\$3,000) and for non-network: per individual, two thousand dollars (\$2,000); family, six thousand dollars (\$6,000).

(A) Network and non-network deductibles are separate. Expenses cannot be shared or transferred between network and non-network benefits.

(B) Claims will not be paid until the applicable deductible is met.

(C) Services that do not apply to the deductible and for which applicable costs will continue to be charged include, but are not limited to: copayments, charges above the usual, customary, and reasonable (UCR) limit; the amount the member pays due to noncompliance; non-covered services and charges above the maximum allowed.

(D) The family deductible is an embedded deductible with two (2) parts: an individual deductible and an overall family deductible. Each family member must meet his/her own individual deductible amount until the overall family deductible amount is reached. Once a family member meets his/her own individual deductible, the plan will start to pay claims for that individual and any additional out-of-pocket expenses incurred by that individual will not be used to meet the family deductible amount. Once the overall family deductible is met, the plan will start to pay claims for the entire family even if some family members have not met his/her own individual deductible.

(2) Coinsurance—coinsurance amounts apply to covered services after deductible has been met. Coinsurance is no longer applicable for the remainder of the calendar year once the out-of-pocket maximum is reached.

(A) Network claims are paid at ninety percent (90%) until the out-of-pocket maximum is met.

(B) Non-network claims are paid at seventy percent (70%) until the out-of-pocket maximum is met.

(3) Out-of-pocket maximum—per calendar year for network: per individual, four thousand five hundred dollars (\$4,500); family, nine thousand dollars (\$9,000) and for non-network: per individual, ten thousand dollars (\$10,000); family, thirty thousand dollars

(\$30,000).

(A) Network and non-network out-of-pocket maximums are separate. Expenses cannot be shared or transferred between network and non-network benefits.

(B) Services that do not apply to the out-of-pocket maximum and for which applicable costs will continue to be charged include, but are not limited to: charges above the usual, customary, and reasonable (UCR) limit; the amount the member pays due to noncompliance; non-covered services and charges above the maximum allowed.

(C) The family out-of-pocket maximum is an embedded out-of-pocket maximum with two (2) parts: an individual out-of-pocket maximum and an overall family out-of-pocket maximum. Each family member must meet his/her own individual out-of-pocket maximum amount until the overall family out-of-pocket maximum amount is reached. Once a family member meets his/her own individual out-of-pocket maximum, the plan will start to pay claims at one hundred percent (100%) for that individual. Once the overall family out-of-pocket maximum is met, the plan will start to pay claims at one hundred percent (100%) for the entire family even if some family members had not met his/her own individual out-of-pocket maximum.

(4) The following services will be paid as a network benefit when provided by a non-network provider:

(A) Emergency services and urgent care;

(B) Covered services that are not available through a network provider within one hundred (100) miles of the member's home. The member must contact the claims administrator before the date of service in order to have a closer non-network provider's claims approved as a network benefit. Such approval is for three (3) months. After three (3) months, the member must contact the claims administrator to reassess network availability;

(C) Covered services when such services are provided in a network hospital or ambulatory surgical center and are an adjunct to a service being performed by a network provider. Examples of such adjunct services include, but are not limited to, anesthesiology, assistant surgeon, pathology, or radiology.

(5) The following services are not subject to deductible, coinsurance, or copayment requirements and will be paid at one hundred percent (100%) when provided by a network provider:

(A) Preventive care;

(B) Nutritional counseling;

(C) A newborn's initial hospitalization until discharge or transfer to another facility if the mother is a Missouri Consolidated Health Care Plan (MCHCP) member at the time of birth.

(6) Influenza immunizations provided by a non-network provider will be reimbursed up to twenty-five dollars (\$25) once the member submits a receipt and a reimbursement form to the claims administrator.

(7) Each subscriber will have access to payment information of the family unit.

(8) Expenses toward the deductible and out-of-pocket maximum will be transferred if the member changes medical plans or continues enrollment under another subscriber's plan within the same plan year.

(9) Copayments. Copayments apply to network services unless otherwise specified:

(A) Office visit—primary care: twenty-five dollars (\$25); mental health: twenty-five dollars (\$25); specialist: forty dollars (\$40); chiropractor office visit and/or manipulation: twenty dollars (\$20); urgent care: fifty dollars (\$50) network and non-network. All lab, X-ray, or other medical services associated with the office visit apply to the deductible and coinsurance.

(B) Emergency room—one hundred dollars (\$100) network and non-network. Deductible and coinsurance requirements apply to

emergency room services in addition to the copayment. If a member is admitted to the hospital or the claims administrator considers the claim to be for a true emergency, the copayment is waived.

(10) Usual, customary, and reasonable fee allowed—non-network medical claims that are not otherwise subject to a contractual discount arrangement are allowed at the eightieth percentile of usual, customary, and reasonable fees as determined by the vendor. Members may be held liable for the amount of the fee above the allowed amount.

(11) Any claim must be initially submitted within twelve (12) months following the date of service. The plan reserves the right to deny claims not timely filed. A provider initiated correction to the originally filed claim must be submitted within the timeframe agreed in the provider contract, but not to exceed three hundred sixty-five (365) days from adjudication of the originally filed claim. (D) The family deductible applies when two (2) or more family members are covered. The family deductible must be met before claim payment begins for any covered family member. Once the family deductible is met, the plan will start to pay claims for the entire family even if some family members have not met his/her own individual deductible.

(E) Medical and pharmacy expenses are combined to apply toward the network or non-network deductible amount, as appropriate.

(2) Coinsurance—Coinsurance amounts apply to covered services

after deductible has been met. Coinsurance is no longer applicable for the remainder of the calendar year once the out-of-pocket maximum is reached.

(A) Network claims are paid at eighty percent (80%) until the out-of-pocket maximum is met.

(B) Non-network claims are paid at sixty percent (60%) until the out-of-pocket maximum is met.

(3) Out-of-pocket maximum.

(A) The family out-of-pocket maximum applies when two (2) or more family members are covered. The family out-of-pocket maximum must be met before the plan begins to pay one hundred percent (100%) of all covered charges for any covered family member. Out-of-pocket maximums are per calendar year, as follows:

3. Non-network out-of-pocket maximum for individual—five thousand dollars (\$5,000).

4. Non-network out-of-pocket maximum for family—ten thousand dollars (\$10,000).

(B) Network and non-network out-of-pocket maximums are separate. Expenses cannot be shared or transferred between network and non-network benefits.

(4) The following services will be paid as a network benefit when provided by a non-network provider:

(A) Emergency services and urgent care;

(B) Covered services that are not available through a network provider within one hundred (100) miles of the member's home. The member must contact the claims administrator before the date of service in order to have a closer non-network provider's claims approved as a network benefit. Such approval is for three (3) months. After three (3) months, the member must contact the claims administrator to reassess network availability;

(C) Covered services when such services are provided in a network hospital or ambulatory surgical center and are an adjunct to a service being performed by a network provider. Examples of such adjunct services include, but are not limited to, anesthesiology, assistant surgeon, pathology, or radiology.

(5) Preventive care is not subject to deductible or coinsurance requirements and will be paid at one hundred percent (100%) when provided by a network provider.

(6) Influenza immunizations provided by a non-network provider will be reimbursed up to twenty-five dollars (\$25) once the member submits a receipt and a reimbursement form to the claims administrator.

year.

(11) Usual, customary, and reasonable fee allowed—Non-network medical claims that are not otherwise subject to a contractual discount arrangement are processed at the eightieth percentile of usual, customary, and reasonable fees as determined by the vendor. Members may be held liable for the amount of the fee above the allowed amount.

(12) Any claim must be initially submitted within twelve (12) months following the date of service. The plan reserves the right to deny claims not timely filed. A provider initiated correction to the originally filed claim must be submitted within the timeframe agreed in the provider contract, but not to exceed three hundred sixty-five (365) days from adjudication of the originally filed claim. Any claims reprocessed as primary based on action taken by Medicare or Medicaid must be initiated within three (3) years of the claim being incurred.

(9) Copayments—Copayments apply to network services unless otherwise specified.

(A) Emergency room—one hundred dollars (\$100) network and non-network. Deductible and coinsurance requirements apply to emergency room services in addition to the copayment. If a member is admitted to the hospital or the claims administrator considers the claim to be for a true emergency, the copayment is waived.

PROPOSED AMENDMENT

22 CSR 10-3.075 Review and Appeals Procedure. The Missouri Consolidated Health Care Plan is amending sections (2) and (3).

PURPOSE: This amendment clarifies appeals must be made within one hundred eighty (180) days of issuance of the denial or notice, updates the address for Pharmacy Lock-In Program appeals, and removes references to Coventry Health Care of Kansas, Inc.

(2) General Appeal Provisions.

(C) Unless specifically provided otherwise in this rule, all appeals to the plan, plan administrator, claims administrator, or applicable vendor must be made, initiated in writing, within one hundred eighty (180) days of [receiving] issuance of the denial or notice which gave rise to the appeal.

(3) Appeal Process for Medical and Pharmacy Determinations.

(A) Definitions. Notwithstanding any other rule in this chapter to the contrary, for purposes of a member's right to appeal any adverse benefit determination made by the plan, the plan administrator, a claims administrator, or a medical or pharmacy benefit vendor, relating to the provision of health care benefits, other than those provided in connection with the plan's dental or vision benefit offering, the following definitions apply:

1. Adverse benefit determination. An adverse benefit determination means any of the following:

A. A denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for a benefit, including any denial, reduction, termination, or failure to provide or make payment that is based on a determination of an individual's eligibility to participate in the plan;

B. A denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for a benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not

medically necessary or appropriate; or

C. Any rescission of coverage after an individual has been covered under the plan;

2. Appeal (or internal appeal). An appeal or internal appeal means review by the plan, the plan administrator, a claims administrator, or a medical or pharmacy benefit vendor of an adverse benefit determination;

3. Claimant. Claimant means an individual who makes a claim under this subsection. For purposes of this subsection, references to claimant include a claimant's authorized representative;

4. External review. The United States Department of Health and Human Services (HHS) conducts external reviews for adverse benefit determinations regarding medical and pharmacy benefits administered by UMR[, Coventry Health Care of Kansas, Inc.,] and Express Scripts, Inc. that involve medical judgment (including, but not limited to, those based on medical necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit; or a determination that a treatment is experimental or investigational) and a rescission of coverage (regardless of whether or not the rescission has any effect on any particular benefit at that time);

5. Final internal adverse benefit determination. A final internal adverse benefit determination means an adverse benefit determination that has been upheld by the plan, the plan administrator, a claims administrator, or a medical or pharmacy benefit vendor at the completion of the internal appeals process under this subsection, or an adverse benefit determination with respect to which the internal appeals process has been deemed exhausted by application of applicable state or federal law;

6. Final external review decision. A final external review decision means a determination rendered under the external review process at the conclusion of an external review; and

7. Rescission. A rescission means a termination or discontinuance of medical or pharmacy coverage that has retroactive effect, except that a termination or discontinuance of coverage is not a rescission if—

A. The termination or discontinuance of coverage has only a prospective effect; or

B. The termination or discontinuance of coverage is effective retroactively to the extent it is attributable to a failure to timely pay required premiums or contributions towards the cost of coverage.

(B) Internal Appeals.

1. Eligibility, termination for failure to pay, or rescission. Adverse benefit determinations denying or terminating an individual's coverage under the plan based on a determination of the individual's eligibility to participate in the plan or the failure to pay premiums, or any rescission of coverage based on fraud or intentional misrepresentation of a member or authorized representative of a member are appealable exclusively to the Missouri Consolidated Health Care Plan (MCHCP) Board of Trustees (board).

A. The internal review process for appeals relating to eligibility, termination for failure to pay, or rescission shall consist of one (1) level of review by the board.

B. Adverse benefit determination appeals to the board must identify the eligibility, termination, or rescission decision being appealed and the reason the claimant believes the MCHCP staff decision should be overturned. The member should include with his/her appeal any information or documentation to support his/her appeal request.

C. The appeal will be reviewed by the board in a meeting closed pursuant to section 610.021, RSMo, and the appeal will be responded to in writing to the claimant within sixty (60) days from the date the board received the written appeal.

D. Determinations made by the board constitute final internal adverse benefit determinations and are not eligible for external review, except as specifically provided in 22 CSR 10-3/2/.075(4)(A)4.

2. Medical and pharmacy services. Members may request internal review of any adverse benefit determination relating to urgent care, pre-service claims, and post-service claims made by the plan's

medical and pharmacy vendors.

A. Appeals of adverse benefit determinations shall be submitted in writing to the vendor that issued the original determination giving rise to the appeal at the applicable address set forth in this rule.

B. The internal review process for adverse benefit determinations relating to medical services consists of two (2) levels of internal review provided by the medical vendor that issued the adverse benefit determination.

(I) First level appeals must identify the decision being appealed and the reason the member believes the original claim decision should be overturned. The member should include with his/her appeal any additional information or documentation to support the reason the original claim decision should be overturned.

(II) First level appeals will be reviewed by the vendor by someone who was not involved in the original decision and will consult with a qualified medical professional if a medical judgment is involved. First level medical appeals will be responded to in writing to the member within thirty (30) days for post-service claims and fifteen (15) days for pre-service claims from the date the vendor received the first level appeal request.

(a) If, because of reasons beyond the vendor's control, more time is needed to review the appeal, the vendor may extend the time period up to an additional fifteen (15) days. The vendor must notify the member prior to the expiration of the first fifteen- (15-) day period, explain the reason for the delay, and request any additional information. If more information is requested, the member has at least forty-five (45) days to provide the information to the vendor. The vendor then must decide the claim no later than fifteen (15) days after the additional information is supplied or after the period of time allowed to supply it ends, whichever is first.

(III) An expedited appeal of an adverse benefit determination may be requested when a decision is related to a pre-service claim for urgent care. Expedited appeals will be reviewed by the vendor by someone who was not involved in the original decision and will consult with a qualified medical professional if a medical judgment is involved. Expedited appeals will be responded to within seventy-two (72) hours after receiving a request for an expedited review with written confirmation of the decision to the member within three (3) working days of providing notification of the determination.

(IV) Second level appeals must be submitted in writing within sixty (60) days of the date of the first level appeal decision letter that upholds the original adverse benefit determination. Second level appeals should include any additional information or documentation to support the reason the member believes the first level appeal decision should be overturned. Second level appeals will be reviewed by the vendor by someone who was not involved in the original decision or first level appeal and will include consultation with a qualified medical professional if a medical judgment is involved. Second level medical appeals shall be responded to in writing to the member within thirty (30) days for post-service claims and within fifteen (15) days for pre-service claims from the date the vendor received the second level appeal request.

(a) If, because of reasons beyond the vendor's control, more time is needed to review the appeal, the vendor may extend the time period up to an additional fifteen (15) days. The vendor must notify the member prior to the expiration of the first fifteen- (15-) day period, explain the reason for the delay, and request any additional information. If more information is requested, the member has at least forty-five (45) days to provide the information to the vendor. The vendor then must decide the claim no later than fifteen (15) days after the additional information is supplied or after the period of time allowed to supply it ends, whichever is first.

3. For all internal appeals of adverse benefit determinations, the plan or the vendor reviewing the appeal will provide the member, free of charge, with any new or additional evidence or rationale considered, relied upon, or generated by the plan or the vendor in connection with reviewing the claim or the appeal and will give the member an opportunity to respond to such new evidence or rationale before issuing a final internal adverse determination.

(d)] A member must choose how maintenance prescription(s) will be filled by notifying the [pharmacy benefit manager (PBM)] of his/her decision to fill a maintenance prescription through home delivery or retail pharmacy.

[(e)](a) If the member chooses to fill his/her maintenance prescription at a retail pharmacy and the member does not notify the PBM of his/her decision, the first two (2) maintenance prescription orders may be filled by the retail pharmacy. After the first two (2) orders are filled at the retail pharmacy, the member must notify the PBM of his/her decision to continue to fill the maintenance prescription at the retail pharmacy. If a member does not make a decision after the first two (2) orders are filled at the retail pharmacy, s/he will be charged the full discounted cost of the drug until the PBM has been notified of the decision and the amount charged will not apply to the out-of-pocket maximum.

[(f)](b) Once a member makes his/her delivery decision, the member can modify the decision by contacting the PBM; and

(II) Specialty drugs are covered only through the specialty home delivery network for up to a thirty-one- (31-) day supply unless the PBM has determined that the specialty drug is eligible for up to a ninety- (90-) day supply. **All specialty prescriptions must be filled through the PBM's specialty pharmacy.** The first fill of a specialty prescription *[order]* may be filled through a retail pharmacy **if the prescription is identified by the PBM as emergent;/, except for Hepatitis C specialty drugs and those select drugs that have been included in the specialty split-fill program.**

F. The copayment for a compound drug is based on the primary drug in the compound. The primary drug in a compound is the most expensive prescription drug in the mix. If any ingredient in the compound is excluded by the plan, the compound will be denied.

G. If the copayment amount is more than the cost of the drug, the member is only responsible for the cost of the drug.

H. If the physician allows for generic substitution and the member chooses a brand-name drug, the member is responsible for the generic copayment and the cost difference between the brand name and generic drug which shall not apply to the out-of-pocket maximum.

I. Prescription drugs and prescribed over-the-counter drugs as recommended by the U.S. Preventive Services Task Force (cate-

gories A and B) and, for women, by the Health Resources and Services Administration are covered at one hundred percent (100%) when filled at a network pharmacy. The following are also covered at one hundred percent (100%) when filled at a network pharmacy:

The PBM will reimburse the cost of the drug based on the network discounted amount as determined by the PBM, less the applicable network copayment.

3. Out-of-pocket maximum.

A. Network and non-network out-of-pocket maximums are separate.

B. The family out-of-pocket maximum is an aggregate of applicable charges received by all covered family members of the plan. Any combination of covered family member applicable charges may be used to meet the family out-of-pocket maximum. Applicable charges received by one (1) family member may only meet the individual out-of-pocket maximum amount.

C. Individual—five thousand one hundred dollars (\$5,100).

D. Family—ten thousand two hundred dollars (\$10,200).

(B) Health Savings Account (HSA) Plan Prescription Drug Coverage. Medical and pharmacy expenses are combined to apply toward the appropriate network or non-network deductible and out-of-pocket maximum specified in 22 CSR 10-3.055.

After the first two (2) orders are filled at the retail pharmacy, the member must notify the PBM of his/her decision to continue to fill the maintenance prescription at the retail pharmacy. If a member does not make a decision after the first two (2) orders are filled at the retail pharmacy, s/he will be charged the full discounted cost of the drug until the PBM has been notified of the decision.

[(f)](b) Once a member makes his/her delivery decision,

the member can modify the decision by contacting the PBM.

(II) Specialty drugs are covered only through network home delivery for up to thirty-one (31) days.

[(a) Generic: Ten percent (10%) coinsurance after deductible has been met for a generic drug on the formulary.

(b) Brand: Twenty percent (20%) coinsurance after deductible has been met for a brand drug on the formulary.

(c) Non-formulary: Forty percent (40%) coinsurance after deductible has been met for a drug not on the formulary.]

(a) Specialty split-fill program—The specialty split-fill program applies to select specialty drugs as determined by the PBM. For the first three (3) months, members will be shipped a fifteen- (15-) day supply. If the member is able to continue with the medication, the remaining supply will be shipped. Starting with the fourth month, an up to thirty-one- (31-) day supply will be shipped if the member continues on treatment.

E. Prescription drugs and prescribed over-the-counter drugs as recommended by the U.S. Preventive Services Task Force (categories A and B) and, for women, by the Health Resources and Services Administration are covered at one hundred percent (100%) when filled at a network pharmacy. The following are also covered at one hundred percent (100%) when filled at a network pharmacy:

(I) Prescribed Vitamin D for all ages;

(a) The range for preventive Vitamin D is at or below 1000 IU of Vitamin D₂ or D₃ per dose;

(II) Zoster (shingles) vaccine and administration for members age fifty (50) years and older; and

(III) Influenza vaccine and administration as recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention; and

(IV) Generic Tamoxifen, generic Raloxifene, and brand Soltamox for prevention of breast cancer.

F. If any ingredient in a compound drug is excluded by the plan, the compound will be denied.

2. Non-network: If a member chooses to use a non-network pharmacy, s/he will be required to pay the full cost of the prescription and then file a claim with the PBM. The PBM will reimburse the cost of the drug based on the network discounted amount as determined by the *[pharmacy benefit manager] PBM*, less the applicable deductible or coinsurance.

C. Non-formulary: Fifty percent (50%) coinsurance after deductible has been met for up to a thirty-one- (31-) day supply for a drug not on the formulary.

(2) Step Therapy—Step therapy requires that drug therapy for a medical condition begin with the most cost-effective and safest drug therapy before moving to other more costly therapy, if necessary. The member is responsible for paying the full price for the prescription drug unless the member's *[physician] provider* prescribes a first-step drug. If the member's *[physician] provider* decides for medical reasons that the member's treatment plan requires a different medication without attempting to use the first-step drug, the *[physician] provider* may request a *[prior authorization] preauthorization* from the PBM. If the *[prior authorization] preauthorization* is approved, the member is responsible for the applicable copayment, which may be higher than the first-step drug. If the requested *[prior authorization] preauthorization* is not approved, then the member is responsible for the full price of the drug.

[(A) First Step—

1. Uses primarily generic drugs;

2. Lowest applicable copayment is charged; and

3. First-step drugs must be attempted before the plan will authorize payment for second-step drugs.

(B) Second Step—

1. This step applies if the member's treatment plan requires a different medication after attempting the first-step medication;

2. Uses primarily brand-name drugs; and

3. Typically, a higher copayment amount is applicable.]

(6) Quantity Level Limits—Quantities of some medications may be limited based on recommendations by the FDA or credible scientific evidence published in peer-reviewed medical literature. *[Limits are in place to ensure safe and effective drug use and guard against stockpiling of medicines.]*

ORDER OF RULEMAKING

By the authority vested in the State Board of Education under section

161.092, RSMo Supp. 2014, and section 161.215, RSMo Supp. 2013, the board adopts a rule as follows:

5 CSR 30-640.200 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on July 1, 2015 (40 MoReg 834-837). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Elementary and Secondary Education (department) received eleven (11) comments on the proposed rule.

COMMENT #1: Renee Sagaser and Pat O'Neal, Fair Play R-II School District, indicated the rule would have a negative fiscal impact on their Exceptional Pupil Cooperative of the Ozarks program which serves children from fifteen (15) districts, because the formula was less than their lease cost, and to use a facility within the lease formula would add extra cost to the program in transportation of students and the need for additional staff to fill positions currently shared with programs in buildings adjoining the Early Childhood Special Education (ECSE) program.

RESPONSE AND EXPLANATION OF CHANGE: A new section (7) has been added to the rule which allows cooperative programs to request a waiver if they can demonstrate that complying with the lease formula will increase the total cost of the ECSE program.

COMMENT #2: Andrew Underwood, Belton School District, supports the rule and noted that without limits on lease costs, all districts should start leasing facilities with a high lease payment since the department would pay the cost. Steve Hoots supports capping the lease rates to ensure fiscal accountability. Reverend Virgil K. Hill supports the rule and believes that districts which cannot find a facility within the lease rate are not serving the public good. Thomas Gargus supports the rule to avoid paying for facilities in excess of the fair market rental value of the facility.

RESPONSE: The department agrees with the comments in support of the need for a lease formula.

COMMENT #3: Dave Wilson, Columbia Public Schools, and Dana Carroll, Springfield's Child Advocate, supported the need for fiscal responsibility but indicated that the lease formula was inadequate to cover the cost of leasing property in Columbia and Springfield. Mr. Wilson suggested adjusting the reimbursement rate per square foot or adding an adjustment for cities over a certain population size.

RESPONSE: The department declines to make a change in response to the comment. The data shows that the current lease rate for Boone County was based almost exclusively on leases within the city of Columbia. The rate for Greene County was based only on leases within the city of Springfield.

COMMENT #4: Dave Wilson, Columbia Public Schools, requested that administrative staff be included in the itinerant staff calculation per square footage.

RESPONSE AND EXPLANATION OF CHANGE: The formula and subsections (1)(C) and (4)(C) have been amended to add in a line for administrative staff to allow one hundred twenty (120) square feet for administrative full-time equivalent employee approved in the Final Expenditure Report who is actually housed in the leased facility.

COMMENT #5: Phyllis Wolfram, Springfield R-XII School District, requested that assessment staff and assessment teams be included when determining allowable square footage.

RESPONSE: Assessment staff and assessment teams are included in the formula under subsection (1)(B) as a part of the itinerant full-time equivalent as defined in subsection (4)(F).

COMMENT #6: Nixa Public Schools, represented by Lowell

Pearson, opposes the rule asserting it violates the contract clauses in the *United States and Missouri Constitutions*, the *Hancock Amendment*, and the decision in *Rolla 31 School District v. State of Missouri*. In addition, they state that the fiscal note is not accurate and the rule is inconsistent with public policy. The comments provide detail about how the Nixa Public Schools arrived at a lease rate and maintain that Nixa Public Schools determined the rate based on a lack of objection from the department when they inquired about leasing.

RESPONSE: The Department disagrees. The *Rolla 31 School District* decision requires the state to pay for the cost of ECSE programs. The state pays for the program using general revenue (i.e., taxpayer) dollars. Public policy compels the department to be a good steward of those funds. In the past, the lease expenses, while increasing, were not excessive. When the department received a request from Nixa Public Schools to pay a lease of eight hundred seventy-five thousand dollars (\$875,000) per year for a program that served only one-hundred sixteen (116) children (a cost of seven thousand five hundred forty-three dollars and ten cents (\$7543.10) per child and thirty-five dollars (\$35) per square foot) it became apparent that change was needed to control the excessive costs of the program. Previously, it has been the department's procedure to pay the actual cost of leases negotiated by the district. When presented with an unusually high lease, the department determined that it was necessary to place reasonable and cost-efficient restrictions on a bill the state was required to pay. There is no justification for the state to pay for a lease substantially outside the fair market value, nor to fund a lease with extra space beyond that needed for the number of students served. Protecting taxpayer dollars is a significant and legitimate public purpose which supports the regulation and does not violate the contract clauses.

The *Rolla 31 School District* case requires the state to pay for the full cost of the program. This regulation identifies one (1) part of the full cost of the program. Excessive lease costs are not necessary to conduct an early childhood program. Local districts should not be permitted to disregard prudent purchasing practices when the funding is required to come from the state. The regulation is good public policy.

The regulation does not impair the existing Nixa Public Schools lease, as a limit on lease cost is contemplated in the lease. The lease states "landlord agrees that in the event that these applicable federal, state or local laws or regulations change ...which restrict, reduce or eliminate the state or federal ECSE program funding which pays for the rental payment for the Leased Premises, the tenant shall have the right to terminate the Lease at any time..."

The regulation does not require shifting of payment for ECSE to the local district as prohibited by the *Hancock Amendment*, nor does it prohibit the local district from supplementing the ECSE program.

COMMENT #7: Based on testimony at the hearing before the Joint Committee on Administrative Rules, staff proposed delaying the implementation date of the rule for leases that were in effect on the date the formula was first published in the *Missouri Register*.

RESPONSE AND EXPLANATION OF CHANGE: Section (5) has been amended to delay application of the formula to July 1, 2019 for facilities with signed leases in effect on March 2, 2015.

5 CSR 30-640.200 Early Learning Facilities Funding Formula for Lease Agreements

(1) The department uses the following formula to determine the maximum allowable cost per fiscal year for early learning programs facility lease agreements:

(A) Standard amount of square footage per child multiplied by the total number of eligible pupils educated at the facility multiplied by the cost per square foot by county;

(B) Standard amount of square footage per itinerant full-time equivalent (FTE) position multiplied by the total itinerant FTE multiplied by the cost per square foot by county; and

(C) Standard amount of square footage per administrative FTE position multiplied by the total administrative FTE actually housed in

the leased facility multiplied by the cost per square foot by county.

(4) For purposes of this rule, the following terms mean:

(A) Standard amount of square footage per child is sixty (60) square feet. This may encompass educational and ancillary space;

(B) Standard amount of square footage per itinerant FTE position is one hundred twenty (120) square feet;

(C) Standard amount of square footage per administrative staff is one hundred twenty (120) square feet;

(D) Eligible pupils—

1. For Early Childhood Special Education (ECSE) programs—the number of students with disabilities who are educated at the leased facility and have instructional services in their Individualized Education Program (IEP) plus the number of non-disabled integrated peers who are educated at the leased facility. The number shall be determined based on the pupil enrollment on April 30 in the year for which facility lease payment is requested;

2. For the Missouri Preschool Program (MPP)—the number of slots approved by the department in the grant award for the program; and

3. For Elementary and Secondary Education Act (ESEA) preschools—the number of slots determined by the district and approved within the budget application for children who are educationally disadvantaged and are three (3), four (4), or five (5) years of age;

(E) Cost per square foot by county—

1. The highest rate per square foot for the county where the facility is located as computed based on the state lease facility space information per county obtained from the Office of Administration (OA) and posted on the department website annually; or

2. If there is no rate for an individual county, the lowest rate from the contiguous counties is used in the formula;

(F) Itinerant positions are instructional, diagnostic, and related services staff that travel from one (1) building/facility to a separate building/facility in order to provide instructional and related services as set forth in an IEP, or who provide services to eligible pupils outside the ECSE classroom, and are identified in the approved ECSE Final Expenditure Report (FER);

(G) Administrative positions are director and coordinator staff that are identified in the approved ECSE FER; and

(H) FTE is the number of total hours worked divided by the maximum number of compensable hours in a full-time schedule as defined by law.

(5) The formula will be used for facility lease costs incurred starting July 1, 2016. However, for leases that were fully signed and in effect on March 2, 2015, the formula will be used for facility lease costs incurred starting July 1, 2019 or the date the lease expires, whichever comes first.

(7) Early Childhood Special Education multi-district cooperative programs can request a waiver of the use of the formula from the department if the cooperative can validate that using a facility that exceeds the formula amount reduces the total cost of the cooperative Early Childhood Special Education Program for that year.

(8) Requests for payment shall be submitted to the department's finance section handling the costs for the specific early learning program in accordance with the deadlines for that program.

(9) Districts can have multiple early learning programs in the same building but the facility lease costs must be prorated among the programs based on a method approved by the department.

20 CSR 100-9.100 Requirements for the Filing of Papers, Documents, or Reports with the Insurance Market Regulation Division **is adopted**.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on August 17, 2015 (40 MoReg 1032–1035). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: A public hearing on this proposed rule was held September 18, 2015 and the public comment period ended on September 18, 2015. At the public hearing, two (2) comments were made in support of the proposed rule and one (1) informational comment was made regarding the proposed rule. The department received two (2) written comments to the rule.

COMMENT #1: Grady Martin, Director of the Administration Division in the Department of Insurance, Financial Institutions and Professional Registration, spoke at the public hearing in support of the proposed rule and commented that utilizing electronic funds transfer for document filings will minimize the potential for billing errors and reduce labor necessary to receive payments.

RESPONSE: No changes have been made to the rule as a result of this comment.

COMMENT #2: Angela Nelson, Director of the Insurance Market Regulation Division in the Department of Insurance, Financial Institutions and Professional Registration, spoke at the public hearing in support of the proposed rule and commented that this rule formally adopts the System for Electronic Rate and Form Filing (SERFF), which will provide the following benefits: efficiency of the filing review process, expedited communications with companies during the review process, and improved accuracy of the filing reviews. Each of these benefits ultimately leads to improvement in the industry's speed to market for its products. The proposed rule also provides clarity as to timing regarding when products are submitted or resubmitted if revisions are necessary.

RESPONSE: No changes have been made to the rule as a result of this comment.

COMMENT #3: Carla Townsend, representing the National Council on Compensation Insurance (NCCI), both submitted written comment and testimonial comment at the hearing. Ms. Townsend questioned how this rule would affect the accessibility of nonpublic documents by the public and "the definition of reports that are 'legally required' as many reports are requested by the [department] but out-

side of the special request would not otherwise be submitted."

RESPONSE: This rule does not affect the confidentiality of documents nor does it alter the status of such. Further, Ms. Townsend's concern regarding the applicability of the definition of reports when such are requested by the department does not appear to be founded as such would not fall within the scope of this rule. As such, no changes have been made to the rule as a result of this comment.

COMMENT #4: Peter Quirk, representing the Insurance Services Office, Inc. (ISO) submitted a written comment questioning whether or not 20 CSR 100-9.100(3)(D), which addresses the replacement of one document for another within a filing, when read in conjunction with the definitions of "Document," "Filing Submission," and "Supersede" would cause confusion and require multiple, separate filings.

RESPONSE: The purpose behind 20 CSR 100-9.100(3)(D) and the concept of superseding documents is to marry together statutory language that was written at a time when filings were physically received and individually stamped and the advent of electronic filing, where documents within filings can be exchanged instantaneously and continuously. Rather than requiring a company to create a new filing each time a document is revised or only permitting one (1) document per individual filing, 20 CSR 100-9.100(3)(D) makes clear that companies can replace individual documents within a submitted filing without making an entirely new filing. But, each individual document must comply with all filing requirements except the filing fee (i.e., a document that was resubmitted under the wrong filing tab or incorrectly coded would not be processed as filed until the correction was made). Further, 20 CSR 100-9.100(3)(D) also clarifies that the statutory time to review the new document begins when the original document is superseded and a new document is submitted. This again reflects the electronic nature of filing reviews and allows the division and insurers the time necessary to work towards compliant filing submissions. As such, no changes have been made to the rule as a result of this comment.

ORDER OF RULEMAKING

By the authority vested in the director of the Department of Insurance, Financial Institutions and Professional Registration under section 374.045, RSMo Supp. 2013, and section 384.018, RSMo Supp. 2014, the director adopts a rule as follows:

20 CSR 200-6.700 Procedures for Forming and Operating a Missouri Domestic Surplus Lines Insurer **is adopted**.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on August 17, 2015 (40 MoReg 1036–1037). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: A public hearing on this proposed rule was held September 18, 2015, and the public comment period ended September 18, 2015. At the public hearing, one (1) comment was made in support of the proposed rule.

COMMENT #1: John Rehagen, with the Division of Insurance Company Regulation in the Department of Insurance, Financial

**Title 20—DEPARTMENT OF INSURANCE,
FINANCIAL INSTITUTIONS AND PROFESSIONAL

Division 400—Life, Annuities and Health
Chapter 11—Navigators**

ORDER OF RULEMAKING

By the authority vested in the director of the Missouri Department of Insurance, Financial Institutions and Professional Registration under sections 374.045, 376.2006, and 376.2014, RSMo Supp. 2013, the director adopts a rule as follows:

20 CSR 400-11.140 Renewal Applications and Fees—Individual Navigators and Entity Navigators **is adopted.**

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on August 17, 2015 (40 MoReg 1037-1044). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: A public hearing on this proposed rule was held September 18, 2015 and the public comment period ended on September 18, 2015. At the public hearing, the department's Administration Division director explained the proposed rule. The department received two (2) comments on the rule.

COMMENT #1: Matt Barton, on behalf of the Missouri Association of Insurance Agents, commented that while his organization is supportive of the provisions of the proposed rule, the organization would like to see a maximum amount of time during which the department would accept a late renewal incorporated into the rule, similar to provisions in statute related to insurance producers.

RESPONSE: The Missouri Department of Insurance, Financial Institutions and Professional Registration appreciates the comment from the Missouri Association of Insurance Agents. The insurance producer statute referenced by Mr. Barton includes an explicit limit on the length of time that a license can be renewed. The navigator licensing statutes do not specify such a limitation. No changes have been made to the rule as a result of this comment.

COMMENT #2: Matt Barton, on behalf of the Missouri Association of Insurance Agents, also commented that the time period to which the late fee applies (i.e., per month) should be specified or somehow clarified.

RESPONSE: The department appreciates Mr. Barton's comment. The late fee requirement is self-explanatory. No changes have been made to the rule as a result of this comment.

This section may contain notice of hearings, correction notices, public information notices, rule action notices, statements of actual costs, and other items required to be published in the *Missouri Register* by law.

SUMMARY: This notice publishes MoDOT's receipt of applications for the issuance of Skill Performance Evaluation (SPE) Certificates from individuals who do not meet the physical qualification requirements in the Federal Motor Carrier Safety Regulations for drivers of commercial motor vehicles in Missouri intrastate commerce because of impaired vision or an established medical history or clinical diagnosis of diabetes mellitus currently requiring insulin for control. If granted, the SPE Certificates will authorize these individuals to qualify as drivers of commercial motor vehicles (CMVs), in intrastate commerce only, without meeting the vision standard prescribed in 49 CFR 391.41(b)(10), if applicable, or the diabetes standard prescribed in 49 CFR 391.41(b)(3).

SUPPLEMENTARY INFORMATION:

Public Participation

If you want us to notify you that we received your comments, please include a self-addressed, stamped envelope or postcard.

Background

The individuals listed in this notice have recently filed applications

requesting MoDOT to issue SPE Certificates to exempt them from the physical qualification requirements relating to vision in 49 CFR 391.41(b)(10), or to diabetes in 49 CFR 391.41(b)(3), which otherwise apply to drivers of CMVs in Missouri intrastate commerce.

Under section 622.555, RSMo, MoDOT may issue an SPE Certificate, for not more than a two- (2-) year period, if it finds that the applicant has the ability, while operating CMVs, to maintain a level of safety that is equivalent to or greater than the driver qualification standards of 49 CFR 391.41. Upon application, MoDOT may renew an exemption upon expiration.

Accordingly, the agency will evaluate the qualifications of each applicant to determine whether issuing an SPE Certificate will comply with the statutory requirements and will achieve the required level of safety. If granted, the SPE Certificate is only applicable to intrastate transportation wholly within Missouri.
