**Title 22—MISSOURI CONSOLIDATED
HEALTH CARE PLAN
Division 10—Health Care Plan
Chapter 2—State Membership**

22 CSR 10-2.010 Definitions

PURPOSE: This rule establishes the policy of the board of trustees in regard to the definitions of the Missouri Consolidated Health Care Plan relative to state members.

(1) Accident. An unforeseen and unavoidable event resulting in an injury.

(2) Active employee. A benefit-eligible person employed by the state or agency of the state who meets the plan eligibility requirements. An eligible variable-hour employee is considered an active employee for the purposes of this chapter.

(3) Activities of daily living. Bathing, dressing, toileting, and associated personal hygiene; transferring (being moved in and out of a bed, chair, wheelchair, tub, or shower); mobility, eating (getting nourishment into the body by any means other than intravenous), and continence (voluntarily maintaining control of bowel and/or bladder function; in the event of incontinence, maintaining a reasonable level of personal hygiene).

(4) Administrative appeal. A written request submitted by or on behalf of a member involving plan-related administrative issues such as eligibility, effective dates of coverage, and plan changes.

(5) Adverse benefit determination. An adverse benefit determination means any of the following:

(A) A denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for a benefit based on a determination of an individual's eligibility to participate in the plan;

(B) A denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for a benefit resulting from the application of any utilization review, or a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental, investigational, or not medically necessary or appropriate; or

(C) Rescission of coverage after an individual has been covered under the plan.

(6) Allowed amount. Maximum amount on which payment is based for covered health care services. This may be called eligible

expense, payment allowance, or negotiated rate. If the provider charges more than the allowed amount, the member may be balance-billed (see balance billing, section (8)).

(7) Applied behavior analysis. The design, implementation, and evaluation of environmental modifications, using behavior stimuli and consequences, to produce socially-significant improvement in human behavior, including the use of observation, measurement, and functional analysis of the relationship between environment and behavior.

(8) Balance billing. When a provider bills for the difference between the provider's charge and the allowed amount. For example, if the provider's charge is one hundred dollars (\$100) and the allowed amount is seventy dollars (\$70), the provider may bill the member for the remaining thirty dollars (\$30). A network provider may not balance bill.

(9) Behavior Modification Health Coaching. A program in which health coaches assist members to make or maintain positive healthy behavior and lifestyle choices to help reduce and prevent health risk(s) and chronic disease(s).

(10) Benefits. Health care services covered by the plan.

(11) Board. The board of trustees of the Missouri Consolidated Health Care Plan (MCHCP).

(12) Cancellation of coverage. The ending of medical, dental, or vision coverage per a subscriber's voluntary request.

(13) Claims administrator. An organization or group responsible for processing claims and associated services for a health plan.

(14) Coinsurance. The member's share of the costs of a covered health care service, calculated as a percent (for example, twenty percent (20%)) of the allowed amount for the service. The member pays coinsurance plus any deductibles owed. For example, if the health insurance or plan's allowed amount for an office visit is one hundred dollars (\$100) and the member has met his/her deductible, the member's coinsurance payment of twenty percent (20%) would be twenty dollars (\$20). The health insurance or plan pays the rest of the allowed amount.

(15) Congenital defect. Existing or dating from birth. Acquired through development while in the uterus.

(16) Copayment. A fixed amount, for example, fifteen dollars (\$15), the member pays for a covered health care service, usually when the member receives the service. The amount can vary by the type of covered health care service.

(17) Date of service. Date medical services are received.

(18) Deductible. The amount the member owes for health care services that the health plan covers before the member's health plan begins to pay. For example, if the deductible is one thousand dollars (\$1,000), the member's plan will not pay anything until s/he meets his/her one thousand dollar (\$1,000) deductible for covered health care services subject to the deductible. The deductible may not apply to all services.

(19) Dependent. Spouse or child(ren) enrolled in the plan by a subscriber.

(20) Diabetes Education. A program prescribed by a provider and taught by a Certified Diabetes Educator to educate and support members with diabetes.

(21) Disease management. A multidisciplinary program designed to educate members with chronic diseases to manage their condition(s).

(23) Effective date. The date on which coverage takes effect.

(24) Eligible variable-hour employee. An employee of a state department or agency, whose employees are otherwise eligible for coverage, but is in a position not covered by a retirement system and the employer has notified the plan administrator that the employee has become benefit eligible due to having worked on average for thirty (30) or more

hours per week during the time period measured.

(25) Eligibility date. The first day a member is qualified to enroll for coverage.

(26) Eligibility period. The time allowed to enroll in accordance with the rules in this chapter.

(27) Emergency medical condition. The sudden and, at the time, unexpected onset of a health condition that manifests itself by symptoms of sufficient severity that would lead a prudent layperson, possessing an average knowledge of medicine and health, to believe that immediate medical care is required, which may include, but shall not be limited to:

(A) A medical screening examination that is within the capability of the emergency department of a hospital, including ancillary service routinely available to the emergency department to evaluate such emergency medical condition; and

(B) Such further medical examination and treatment, to the extent they are within the capabilities of the staff and facilities available at the hospital, as are required to stabilize the patient. The term "to stabilize" means to provide such medical treatment of the condition as may be necessary to ensure, within reasonable medical probability, that no material deterioration of the condition is likely to result from, or occur during, the transfer of the individual from a facility.

(C) Is shown by reliable evidence that the consensus of opinion among experts regarding the treatment, procedure, device, or drug is that further studies or clinical trials are necessary to determine its maximum tolerated dose, its toxicity, its safety, its efficacy, or its efficiency as compared with the standard means of treatment or diagnosis.

(D) Reliable evidence includes anything determined to be such by the plan administrator, in the exercise of its discretion, and may include published reports and articles in the medical and scientific literature generally considered to be authoritative by the national medical professional community.

(34) Formulary. A list of U.S. Food and Drug Administration approved drugs and supplies developed by the pharmacy benefit manager and covered by the plan administrator.

- (46) Medically necessary. The fact that a provider has performed, prescribed, recommended, ordered, or approved a treatment, procedure, service, or supply; or that it is the only available treatment, procedure, service, or supply for a condition, does not, in itself, determine medical necessity. Medically necessary treatments, procedures, services, or supplies that the plan administrator or its designee determines, in the exercise of its discretion are—
- (A) Expected to be of clear clinical benefit to the member;
 - (B) Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for a member's illness, injury, mental illness, substance use disorder, disease, or its symptoms;

- (54) Participant. Shall have the same meaning as the term member defined herein (see member, section (49)).
- (55) Plan. The program of health care benefits established by the board of trustees of the Missouri Consolidated Health Care Plan as authorized by state law.

Sometimes called pre-authorization, prior approval, or precertification. The plan may require prior authorization for certain services before the member receives them, except in an emergency. Prior authorization is not a promise the plan will cover the cost. The provider must contact the appropriate plan administrator to request prior authorization.
- (62) Provider. A physician, hospital, medical agency, specialist, or other duly licensed health care facility or practitioner certified or otherwise authorized to furnish health care services pursuant to the law of the jurisdiction in which care or treatment is received. (2) Eligibility Requirements.

(A) Active Employee Coverage.

1. An active employee may enroll

him/herself and his/her spouse/child(ren) in one (1) of MCHCP's plans if s/he is an employee whose position is covered by the Missouri State Employees' Retirement System (MOSERS) or another retirement system whose members are grandfathered for coverage under the plan by law or is an eligible variable-hour employee of a MOSERS participating department or agency. The active employee is eligible to enroll in medical, dental, or vision coverage.

2. An active employee employed by the Missouri Department of Conservation and whose position is covered by MOSERS or who is an eligible variable-hour employee may only enroll him/herself and his/her spouse/child(ren) in an MCHCP dental or vision plan.

3. An active employee employed by the Missouri Department of Transportation or Highway Patrol may only enroll him/herself and his/her spouse/child(ren) in an MCHCP dental or vision plan if s/he is an employee whose position is covered by the Missouri Department of Transportation and Highway Patrol Employees' Retirement System (MPERS) or is an eligible variable-hour employee.

4. If an active employee has been enrolled as a dependent of another MCHCP subscriber as allowed by these rules, and the subscriber dies before coverage as a dependent goes into effect, the active employee may elect coverage as a subscriber within thirty-one (31) days of the date of death.

5. An active employee cannot be covered as an employee and as a dependent.

(B) Retiree Coverage.

1. An employee may participate in an MCHCP plan when s/he retires if s/he receives a monthly retirement benefit from either MOSERS or from Public School Retirement System (PSRS) for state employment. B. Through MCHCP since the initial date of eligibility; or

C. Through group or individual medical coverage for the six (6) months immediately prior to retirement. Proof of prior group or individual coverage (letter from previous insurance carrier or former employer with dates of effective coverage and list of persons covered) is required.

The deceased subscriber's spouse/child(ren) who do not have MCHCP coverage at the time of the death may elect MCHCP coverage and become a survivor if the spouse/child(ren) had coverage through group or individual medical coverage for the six (6) months immediately prior to the subscriber's death. In that case, proof of prior group or individual coverage (letter from previous insurance carrier or former employer with dates of effective coverage and list of persons covered) is required.

2. At the time of a retiree or terminated vested subscriber's death, his/her survivor(s) may elect to continue coverage if the survivor(s) had MCHCP coverage at the time of the subscriber's death.

3. If a survivor subsequently marries and elects to add his/her new spouse to his/her coverage and the survivor dies, the new spouse's coverage ends at midnight on the last day of the month of the survivor's death (e.g., If the survivor dies November 3, new spouse's last day of coverage is November 30). Unless otherwise specified in this rule, the new spouse is not eligible to enroll

for coverage at the time of the survivor's death.

(D) Terminated Vested Coverage.

1. An active employee may enroll him/herself and his/her spouse/child(ren) in an MCHCP plan when his/her employment with the state terminates if s/he is vested and is eligible for a future benefit from MOSERS or PSRS as a state employee when s/he reaches retirement age. The employee must elect to continue coverage within thirty-one (31) days of the last day of the month in which his/her employment is terminated. Proof of prior group or individual coverage (letter from previous insurance carrier or former employer with dates of effective coverage and list of persons covered) is required.

2. If an enrolled, vested, long-term disability subscriber becomes ineligible for disability benefits, the long-term disability subscriber and his/her dependents will have continuous coverage as a terminated vested subscriber. If an enrolled long-term disability subscriber is not vested, and becomes ineligible for disability benefits, coverage is terminated and the subscriber and his/her dependents are offered COBRA benefits. If an enrolled long-term disability subscriber becomes ineligible for disability benefits, and returns to work, the subscriber is considered a new employee and must enroll through Statewide Employee Benefit Enrollment System (SEBES).

3. If the employee's spouse is an active state employee or retiree, s/he may transfer coverage under the plan in which his/her spouse is enrolled. If the employee wishes to be covered individually at a later date, s/he can make the change, as long as coverage is continuous. If the employee returns to work, the employee and his/her state employee spouse must be covered individually.

4. Upon receiving an annuity or retirement benefit from MOSERS or PSRS, an enrolled long-term disability employee and his/her dependents will automatically continue coverage as a retiree.

The employee must inform the former agency of the transfer in lieu of a termination. The employee will be transferred through eMCHCP by the former state agency's human resource or payroll representative to the new state agency.

A. The employee cannot increase his/her level of coverage or change plans.

B. If an employee waives coverage, s/he cannot enroll until the next open enrollment for coverage effective the following January 1 unless s/he is eligible due to a life event or loss of employer-sponsored coverage.

A subscriber must include his/her MCHCPid or Social Security number on the documentation. If proof of eligibility is not received, MCHCP will send a letter requesting it from the subscriber. Except for open enrollment, documentation must be received within thirty-one (31) days of the letter date, or coverage will not take effect for those individuals whose proof of eligibility was not received. MCHCP reserves the right to request that such proof of eligibility be provided at any time upon request. If such proof is not received or is unacceptable as determined by MCHCP, coverage will terminate or never take effect. If enrolling during open enrollment, proof of eligibility must be received by November 20, or coverage will not take effect the following January 1 for those individuals whose proof of eligibility was not received.

(A) Addition of Dependents. Required documentation should accompany the enrollment for coverage, except when adding a newborn. Failure to provide acceptable documentation with the enrollment will result in the spouse/child(ren) not having coverage until such proof is received, subject to the following:

1. If proof of eligibility is not received with the enrollment, such proof will be requested by letter sent to the subscriber. The enrollment will not be processed until after

proof of eligibility is received. Documentation shall be received no later than thirty-one (31) days from the date of the letter requesting such proof. If invalid proof of eligibility is received, the subscriber is allowed an additional ten (10) days from the initial due date to submit valid proof of eligibility;

2. When enrolling a newborn, the member must notify MCHCP of the birth verbally or in writing within thirty-one (31) days of the birth date. MCHCP will then send an enrollment form and letter notifying the member of the steps to initiate coverage. The member is allowed an additional ten (10) days from the date of the plan notice to return the enrollment form. Coverage will not begin unless the enrollment form is received within thirty-one (31) days of the birth date or ten (10) days from the date of the notice, whichever is later. Newborn proof of eligibility must be submitted within ninety (90) days of the birth date. (7) Termination.

(A) Unless stated otherwise, termination of coverage shall occur on the last day of the calendar month coinciding with or after any of the following events, whichever occurs first:

1. Failure to make any required contribution toward the cost of coverage. If MCHCP has not received payment of premium at the end of the thirty-one- (31-) day grace period, the subscriber and his/her dependents will be retroactively terminated to the date covered by his/her last paid premium. The subscriber will be responsible for the value of services rendered after the retroactive termination date, including, but not limited to, the grace period;

A. When a subscriber drops dependent coverage after a divorce, s/he must submit a completed form, a copy of the divorce decree, and current addresses of all affected dependents. Coverage ends on the last day of the month in which the divorce decree and completed form are received by MCHCP or MCHCP otherwise receives credible evidence of a final divorce that results in loss of member eligibility under the plan;

9. A member otherwise loses benefit eligibility.

(B) MCHCP may rescind coverage due only to non-payment of a premium, fraud, or intentional misrepresentation. MCHCP shall provide at least thirty (30) days written notice before it rescinds coverage.

(C) Termination of coverage shall occur immediately upon discontinuance of the plan, subject to the plan termination provision specified in 22 CSR 10-2.080(1).

(D) If a member receives covered services after the termination of coverage, MCHCP may recover the contracted charges for such covered services from the subscriber or the provider, plus its cost to recover such charges, including attorneys' fees.

(8) Voluntary Cancellation of Coverage.

(A) A subscriber may cancel medical coverage, which will be effective on the last day of the month in which the subscriber notifies MCHCP to cancel coverage.

1. If a subscriber has his/her premium collected pre-tax by qualified payroll deduction through a cafeteria plan, the subscriber may only cancel medical coverage if the reason given is allowed by the Missouri State Employees' Cafeteria Plan.

If premiums are collected pre-tax through the Missouri State Employees' Cafeteria Plan (MoCafe), medical coverage can only be cancelled at the time of divorce.

(D) A subscriber may only cancel dental and/or vision coverage during the year for

him/herself or his/her dependents for one (1) of the following reasons:

2. When beginning a leave of absence;
3. No longer eligible for coverage; or
4. When new coverage is taken through other employment.

(9) Continuation of Coverage.

(A) Leave of Absence.

1. An employee on an approved leave of absence may continue participation in the plan by paying the required contributions. The employing department must officially notify MCHCP of the leave of absence and any extension of the leave of absence by submitting the required form through eMCHCP. The employee will receive a letter, Leave of Absence Enrollment form, and bill (if applicable) from MCHCP to continue coverage. If the completed form and payment (if applicable) are returned within ten (10) days of the date of the letter, coverage will continue. The employee will be set up on direct bill unless the employee and affected dependents are transferred to the plan in which his/her spouse is enrolled.

2. If the employee does not elect to continue coverage, coverage for the employee and his/her dependents is terminated effective the last day of the month in which the employee is employed.

3. If the employee's spouse is an active employee or retiree, the employee and any dependents may transfer to the plan in which the spouse is enrolled if the transfer is elected on the Leave of Absence Enrollment form. Transfer is effective the first of the month following the date of leave. If the employee wishes to be covered individually at a later date, s/he can make the change as long as coverage is continuous. When the employee returns to work, s/he and his/her spouse must be covered individually.

4. Any employee on an approved leave of absence who was a member of MCHCP when the approved leave began, but who subsequently terminated coverage with MCHCP while on leave, may reenroll in his/her coverage in the plan at the same level (employee only or employee and dependents) upon returning to employment directly from the leave or if the employee was on leave of absence during open enrollment or while on leave of absence leave had a qualifying life event or loss of employer-sponsored coverage, the employee may change plans and add spouse/child(ren). When a leave of absence employee returns to work and MCHCP receives a state contribution for the month s/he returned, s/he will be charged the applicable active employee premium for that

month. For coverage to be reinstated, the employee must submit a completed Enroll/Change/Cancel form within thirty-one (31) days of returning to work. Coverage is reinstated on the first of the month coinciding with or after the date the form is received. Coverage will be continuous if the employee returns to work in the subsequent month following the initial leave date.

5. If the employee chooses to maintain employee coverage but not coverage for his/her dependents, the employee is eligible to regain dependent coverage upon return to work.

(B) Leave of Absence—Family and Medical Leave Act (FMLA).

1. An employee must be approved for a leave of absence under FMLA and meet the requirements and guidelines set forth by FMLA and his/her employing agency for his/her employer to continue to pay the monthly contribution toward the employee's and his/her dependents' coverage. Coverage is continuous unless the employee chooses to cancel coverage.

2. If the employee cancels coverage, coverage ends on the last day of the month in which MCHCP received a premium payment.

3. If the employee canceled coverage, the employee may reinstate coverage by submitting a completed form within thirty-one (31) days of returning to work. Coverage will be reinstated with the same plan and level of coverage as enrolled in prior to the employee taking the leave of absence. If the employee was on FMLA leave during MCHCP's annual open enrollment, or if while the employee was on FMLA leave, the employee had a qualifying life event or loss of employer-sponsored coverage, the employee may change plans and add a spouse/child(ren) within thirty-one (31) days of returning to work.

4. If the employee continued coverage and is unable to return to work after his/her FMLA leave ends, his/her coverage will be continuous at the leave of absence rate or the employee may cancel coverage.

(C) Layoff. An employee on layoff status may continue participation in the plan by paying the required leave of absence premium for a maximum of twenty-four (24) months with recertification of status at least every twelve (12) months by the employing department. The employee will receive a letter, enrollment form, and bill from MCHCP. If the employee chooses to continue coverage, s/he must return the enrollment form and payment (if applicable) to MCHCP within ten (10) days of the date of the letter. If the employee continued coverage in a layoff status, and is two (2) months past due on his/her premiums,

coverage on the employee and his/her dependents will be terminated at the end of the month payment was received. If the employee's spouse is an active state employee or retiree, the employee may transfer coverage under the plan in which his/her spouse is enrolled. If the employee wishes to be covered individually at a later date, s/he can make the change as long as coverage is continuous. If coverage terminates and the employee is recalled to service, eligibility will be as a new employee. If the employee returns to work with an agency covered by MCHCP, eligibility will be as a new employee. An employee and his/her spouse who is also a state employee must be covered individually.

(D) Workers' Compensation.

1. Coverage will automatically be extended to any subscriber who is on a leave of absence due to an illness or injury and receiving Workers' Compensation benefits. Coverage in the plan will be with the same plan and level of coverage (employee only or employee and dependents) and the member must continue to pay the premiums that were previously deducted from his/her paycheck.

2. If the subscriber cancels coverage, coverage will end on the last day of the month in which MCHCP received the cancellation. The employee may enroll within thirty-one (31) days of returning to work.

3. If the subscriber is no longer eligible for Workers' Compensation benefits and does not return to work, then the subscriber's status is changed to leave of absence and the subscriber is direct billed the leave of absence premium.

(E) Reinstatement after Dismissal. If an employee is approved to return to work after being terminated as a result of legal or administrative action, s/he will be allowed to reinstate his/her medical benefit within thirty-one (31) days of his/her reinstatement as described below—

1. If the employee is reinstated with back pay and chooses to continue coverage, s/he will be responsible for paying any back contributions normally made for his/her coverage;

2. If the employee is reinstated without back pay and chooses to continue coverage, s/he will be considered to have been on a leave of absence. Consequently, the employee will be responsible for making the required contribution for his/her coverage;

3. If the employee does not continue coverage, s/he will be considered a new hire and may enroll in the plan of his/her choice; or

4. If the employee fails to reinstate his/her coverage, s/he cannot enroll in an

MCHCP plan until the next open enrollment period.

(10) Federal Consolidated Omnibus Budget Reconciliation Act (COBRA).

(A) Eligibility. In accordance with COBRA, eligible employees and their dependents may temporarily continue their coverage when coverage under the plan would otherwise end. Coverage is identical to the coverage provided under MCHCP to similarly-situated employees and family members. If members cancel COBRA coverage, they cannot enroll at a later date.

1. Employees voluntarily or involuntarily terminating employment (for reasons other than gross misconduct) or receiving a reduction in the number of hours of employment may continue coverage for themselves and their dependent(s) for eighteen (18) months at their own expense.

2. If a subscriber marries, has a child, or adopts a child while on COBRA coverage, subscriber may add such eligible spouse/child(ren) to the subscriber's plan if MCHCP is notified within thirty-one (31) days of the marriage, birth, or adoption. The subscriber may also add eligible spouse/child(ren) during open enrollment.

3. Dependents may continue coverage for up to thirty-six (36) months at their own expense if the employee becomes eligible for Medicare.

4. A surviving dependent who has coverage due to the death of a non-vested employee may elect coverage for up to thirty-six (36) months at their own expense.

5. A divorced or legally-separated enrolled spouse and stepchild(ren) may continue coverage at their own expense for up to thirty-six (36) months.

6. Children who would no longer qualify as dependents may continue coverage for up to thirty-six (36) months at their (or their parent's/guardian's) own expense.

7. If the Social Security Administration determines a COBRA member is disabled within the first sixty (60) days of coverage and the disability continues during the rest of the initial eighteen- (18-) month period of continuation of coverage, the member may continue coverage for up to an additional eleven (11) months.

8. If the eligible member has Medicare prior to becoming eligible for COBRA coverage, the member is entitled to coverage under both.

(B) Premium Payments.

1. Initial payment for continuation coverage must be received within forty-five (45) days of election of coverage.

2. After initial premium payment,

MCHCP bills on the last working day of the month. There is a thirty-one- (31-) day grace period for payment of regularly scheduled monthly premiums.

3. Premiums for continued coverage will be one hundred two percent (102%) of the total premium for the applicable coverage level. Once coverage is terminated under the COBRA provision, it cannot be reinstated.

(C) Required Notifications.

1. To be eligible for COBRA, the subscriber or applicable member must notify MCHCP of a divorce, legal separation, a child turning age twenty-six (26), or Medicare entitlement within sixty (60) days of the event date.

2. The human resource/payroll office of the subscriber must notify MCHCP of an employee's death, termination, or reduction of hours of employment.

3. If a COBRA member is disabled within the first sixty (60) days of COBRA coverage and the disability continues for the rest of the initial eighteen- (18-) month period of continuing coverage, the member must notify MCHCP that s/he wants to continue coverage within sixty (60) days, starting from the latest of: 1) the date on which the SSA issues the disability determination; 2) the date on which the qualifying event occurs; or 3) the date on which the member receives the COBRA general notice. The member must also notify MCHCP within thirty-one (31) days of any final determination that the individual is no longer disabled.

(D) Election Periods.

1. When MCHCP is notified that a COBRA-qualifying event has occurred, MCHCP notifies eligible members of the right to choose continuation coverage.

2. Eligible members have sixty (60) days from the date of coverage loss or notification from MCHCP, whichever is later, to inform MCHCP that they want continuation coverage.

3. If eligible members do not choose continuation coverage within sixty (60) days of lost coverage or notification from MCHCP, coverage ends.

(E) Continuation of coverage may be cut short for any of these reasons—

1. The state of Missouri no longer provides group health coverage to any of its employees;

2. Premium for continuation coverage is not paid on time;

3. The employee or dependent becomes covered (after the date s/he elects COBRA coverage) under another group health plan that does not contain any exclusion or limitation with respect to any pre-existing condition s/he may have;

4. The employee or dependent becomes entitled to Medicare after the date s/he elects COBRA coverage; or

5. The employee or dependent extends coverage for up to twenty-nine (29) months due to disability and there has been a final determination that the individual is no longer disabled.

(11) Missouri State Law COBRA Wrap-Around Provisions.

(A) Missouri law provides that if a member loses group health insurance coverage because of a divorce, legal separation, or the death of a spouse, the member may continue coverage until age sixty-five (65) under two (2) conditions—

1. The member continues and maintains coverage under the thirty-six- (36-) month provision of COBRA; and

2. The member is at least fifty-five (55) years old when COBRA benefits end. The qualified beneficiary must apply to continue coverage through the wrap-around provisions and will have to pay the entire premium. MCHCP may charge up to an additional twenty-five percent (25%) of the applicable premium.

(B) For a member to continue coverage under this subsection, a member must either—

1. Within sixty (60) days of legal separation or the entry of a decree of dissolution of marriage or prior to the expiration of a thirty-six- (36-) month COBRA period, the legally-separated or divorced spouse who seeks such coverage shall give MCHCP written notice of the qualifying event, including his/her mailing address; or

2. Within thirty (30) days of the death of an employee whose surviving spouse is eligible for continued coverage or prior to the expiration of a thirty-six- (36-) month COBRA period, the human resource/payroll representative or the surviving spouse shall give MCHCP written notice of the death and the mailing address of the surviving spouse.

(C) Within fourteen (14) days of receipt of the notice, MCHCP shall notify the legally-separated, divorced, or surviving spouse that coverage may be continued. The notice shall include:

1. A form for election to continue the coverage;

2. The amount of premiums to be charged and the method and place of payment; and

3. Instructions for returning the elections form by mail within sixty (60) days after MCHCP mails the notice.

(D) Continuation of coverage terminates on the last day of the month prior to the month

the subscriber turns age sixty-five (65). The right to continuation coverage shall also terminate upon the earliest of any of the following:

1. The state of Missouri no longer provides group health coverage to any of its employees;

2. Premium for continuation coverage is not paid on time;

3. The date on which the legally-separated, divorced, or surviving spouse becomes insured under any other group health plan;

4. The date on which the legally-separated, divorced, or surviving spouse remarries and becomes insured under another group health plan; or

5. The date on which the legally-separated, divorced, or surviving spouse reaches age sixty-five (65).

(12) Medicare.

(A) If a member does not enroll in Medicare when s/he is eligible and Medicare should be the member's primary plan, the member will be responsible for paying the portion Medicare would have paid. An estimate of Medicare Part A and/or Part B benefits shall be made and used for coordination or reduction purposes in calculating benefits. Benefits will be calculated on a claim-submitted basis so that if, for a given claim, Medicare reimbursement would be for more than the benefits provided by this plan without Medicare, the balance will not be considered when calculating subsequent claims for this plan's deductible and out-of-pocket maximum expenses.

(B) When MCHCP becomes aware that the member is eligible for Medicare benefits claims will be processed reflecting Medicare coverage.

(C) Members who are eligible for Medicare benefits under Part A, B, or D must notify MCHCP of their eligibility and provide a copy of the member's Medicare card within thirty-one (31) days of the Medicare eligibility date. If Medicare coverage begins before turning age sixty-five (65) years, the member will receive a Medicare disability questionnaire from MCHCP. The member must return the completed questionnaire to MCHCP for the Medicare eligibility information to be submitted to the medical vendor.

(13) Members are required to annually disclose to the claims administrator whether they have other health coverage and, if so, information about the coverage. A member may submit other coverage information to the claims administrator by phone, fax, mail, or online. Dependent claims will not be processed until the information is received.

Once the information is received, claims will be processed subject to all applicable rules.

(14) Communications to Members.

(A) It is the member's responsibility to ensure that MCHCP has current contact information for the member and any dependent(s).

(B) A member must notify MCHCP of a change in his/her mailing or email address as soon as possible, but no later than thirty-one (31) days after the change.

(C) It is the responsibility of all members who elect to receive plan communication through email to ensure plan emails are not blocked as spam or junk mail by the member or by the member's service provider.

(D) Failure to update a mailing or email address may result in undeliverable mail/email of important informational material, delayed or denied claims, loss of coverage, loss of continuation rights, missed opportunities relating to covered benefits, and/or liability for claims paid in error.

(15) Deadlines. Unless specifically stated otherwise, MCHCP computes deadlines by counting day one (1) as the first day after the qualifying event. If the last day falls on a weekend or state holiday, MCHCP may receive required information on the first working day after the weekend or state holiday.

22 CSR 10-2.030 Contributions

PURPOSE: *This rule establishes the policy of the board of trustees in regard to the contributions made to the Missouri Consolidated Health Care Plan.*

(1) Total premium costs for various levels are based on employment status, retiree status, eligibility for Medicare, and various classifications of dependent participation as established by the plan administrator.

(2) The Missouri Consolidated Health Care Plan (MCHCP) contribution toward the premium for active employee coverage shall be determined by the plan administrator.

(3) The MCHCP contribution toward the premium for Family Medical Leave Act (FMLA) leave of absence coverage shall be the same as for active employees.

(4) The MCHCP shall not make a contribution toward the premium for terminated vested (including terminated non-vested elected state officials and employees), leave of absence (except for FMLA leave of absence), foster parents, or Federal Consolidated Omnibus Budget Reconciliation Act (COBRA) coverage.

(5) The MCHCP contribution toward the premium for long-term disability coverage shall be equal to the amount that was contributed toward the comparable rate tier in 2002.

(6) The Missouri Consolidated Health Care Plan (MCHCP) contribution toward retiree coverage is based on either of the following:

(A) It is calculated by using the number of full creditable years of service at retirement as reported to MCHCP by Missouri State Employees' Retirement System (MOSERS) or Public School Retirement System (PSRS) multiplied by two and one half percent (2.5%). The resulting product shall be capped at sixty-five percent (65%), or in other words the retiree's years of service is capped at twenty-six (26) years. For Medicare retirees, the computed percentage is multiplied by the retiree only PPO 600 Plan total premium. For non-Medicare retirees, the computed percentage is multiplied by the retiree only PPO 600 Plan total premium with the tobacco-free incentive and the partnership incentive. The resulting product is the MCHCP contribution, which shall be subtracted from the total premium of the plan chosen by the retiree. The difference is the amount of the retiree contribution toward the total premium. In addition, for Medicare retirees covering dependents, MCHCP will contribute for the dependent portion of the premium the lesser of the following: two and one half percent (2.5%) multiplied by the number of full creditable years of service at retirement (capped at twenty-six (26) years) multiplied by the difference in premium of the retiree only PPO 600 Plan and the premium of the PPO 600 Plan at the rate tier the retiree has selected or the dollar amount MCHCP contributes for the dependent portion of the PPO 600 premium for an active employee at the rate tier the retiree has selected. For non-Medi-

care retirees, MCHCP will contribute for the dependent portion of the premium the lesser of the following: two and one half percent (2.5%) multiplied by the number of full creditable years of service at retirement (capped at twenty-six (26) years) multiplied by the difference in premium of the retiree only PPO 600 Plan total premium with tobacco-free incentive and partnership incentive and the premium of the PPO 600 Plan at the rate tier the retiree has selected or the dollar amount the MCHCP contributes for the dependent portion of the PPO 600 premium for an active employee at the rate tier the retiree has selected. The above calculations can be written by formula as follows:

Medicare Retiree MCHCP contribution = (2.5% x full creditable years of service (up to 26 years) x Retiree only PPO 600 Plan total premium) + Medicare Retiree MCHCP dependent contribution (if any);

Non-Medicare Retiree MCHCP contribution = 2.5% x full creditable years of service (up to 26 years) x Retiree only PPO 600 Plan total premium with tobacco-free incentive and the partnership incentive + Non-Medicare Retiree MCHCP dependent contribution (if any);

Medicare Retiree MCHCP dependent contribution = lesser of (2.5% x full creditable years of service (up to 26 years) x (PPO 600 Plan total premium at the rate tier the retiree has selected - Retiree only PPO 600 Plan total premium)) or the dollar amount MCHCP contributes for the dependent portion of the PPO 600 premium for an active employee at the rate tier the retiree has selected; or

Non-Medicare Retiree MCHCP dependent contribution = lesser of (2.5% x full creditable years of service (up to 26 years) x (PPO 600 Plan total premium with tobacco-free incentive and partnership incentive at the rate tier the retiree has selected - Retiree only PPO 600 Plan total premium with tobacco-free incentive and partnership incentive)) or the dollar amount MCHCP contributes for the dependent portion of the PPO 600 premium for an active employee at the rate tier the retiree has selected.

(B) For those retiring prior to July 1, 2002, the amount calculated in subsection (3)(A) is compared to the flat dollar amount that was contributed for the same rate tier in 2002. The retiree's subsidy is the greater of the amount calculated in subsection (3)(A) or the

flat dollar amount that was contributed in 2002.

(7) The Missouri Consolidated Health Care Plan (MCHCP) contribution toward the retiree and survivor premium for members enrolled in the Medicare Prescription Drug Only Plan is based on either of the following:

(A) The subsidy is calculated by using the number of full creditable years of service at retirement as reported to MCHCP by MOSERS or PSRS multiplied by two and one half percent (2.5%), and capped at sixty-five percent (65%). The computed percentage is multiplied by the Medicare Prescription Drug Only Plan premium at the rate tier the retiree selected. The resulting product is the MCHCP contribution, which shall be subtracted from the total Medicare Prescription Drug Only Plan premium. The difference is the amount of the retiree contribution toward the Medicare Prescription Drug Only Plan premium. The above calculation can be written by formula as follows: Retiree MCHCP contribution = 2.5% x full creditable years of service (up to 26 years) x Medicare Prescription Drug Only Plan premium; or

(B) For those retiring prior to July 1, 2002, the amount calculated in subsection (7)(A) is compared to fifty-three percent (53%) of the total premium for the Medicare Prescription Drug Only Plan. The retiree's subsidy is the greater of the amount calculated in subsection (7)(A) or fifty-three percent (53%) of the Medicare Prescription Drug Only Plan.

(8) Premium. Payroll deductions, Automated Clearing House (ACH) transactions, and/or direct bills are processed by MCHCP.

(A) Active Employee Whose Payroll Information is Housed in the SAM II Human Resource System.

1. Monthly medical premium payroll deductions are divided in half and taken by MCHCP at the end of the prior month and the fifteenth of the current month for the current month's coverage (example: September 30 and October 15 payroll deductions are taken for October medical premiums).

2. Monthly dental and vision premium payroll deductions are divided in half and taken by MCHCP on the fifteenth of the current month and the end of the current month for the current month's dental and vision coverage (example: October 15 and October 31 payroll deductions are taken for October dental and vision premiums).

3. If a subscriber owes past-due premiums, the payroll deductions for current premiums along with the payroll deductions for past-due premiums will be divided equally and taken from the subscriber's future pay-

rolls as follows:

A. Fifty dollars (\$50) or less, deduction will be taken from one (1) payroll;

B. Fifty-one dollars (\$51) to one hundred dollars (\$100) will be deducted from two (2) payrolls;

C. One hundred one dollars (\$101) to two hundred dollars (\$200) will be deducted from three (3) payrolls;

D. Two hundred one dollars (\$201) to three hundred dollars (\$300) will be deducted from four (4) payrolls;

E. Three hundred one dollars (\$301) to four hundred dollars (\$400) will be deducted from five (5) payrolls;

F. Four hundred one dollars (\$401) to five hundred dollars (\$500) will be deducted from six (6) payrolls;

G. Five hundred one dollars (\$501) to six hundred dollars (\$600) will be deducted from seven (7) payrolls;

H. Six hundred one dollars (\$601) to seven hundred dollars (\$700) will be deducted from eight (8) payrolls;

I. Seven hundred one dollars (\$701) to eight hundred (\$800) dollars will be deducted from nine (9) payrolls;

J. Eight hundred one dollars (\$801) to nine hundred dollars (\$900) will be deducted from ten (10) payrolls;

K. Nine hundred one dollars (\$901) to one thousand dollars (\$1,000) will be deducted from eleven (11) payrolls; and

L. One thousand one dollars (\$1,001) and over will be deducted from twelve (12) payrolls.

4. If the active employee's check is not sufficient to cover his/her premium, the active employee will receive a monthly bill for the premium.

(B) Active Employee Whose Payroll Information is not Housed in the SAM II Human Resource System.

1. Premium payroll deductions are submitted to MCHCP monthly from the agency based on the deductions taken from the employee's payroll.

A. Medical premium payroll deduction received at the end of the month is applied to the employee's next month's coverage (example: September 30 payroll deduction is taken for the October medical premium).

B. Dental and vision premium payroll deductions received at the end of the month are applied to the current month's dental and vision coverage (example: September 30 payroll deductions are taken for September dental and vision premiums).

C. If a subscriber owes past-due premiums, payroll deductions for current premiums along with the payroll deductions for

past-due premiums will be divided equally and taken from the subscriber's future payrolls as follows:

(I) One hundred dollars (\$100) or less, deduction will be taken from one (1) payroll;

(II) One hundred one dollars (\$101) to three hundred dollars (\$300) will be deducted from two (2) payrolls;

(III) Three hundred one dollars (\$301) to five hundred dollars (\$500) will be deducted from three (3) payrolls;

(IV) Five hundred one dollars (\$501) to seven hundred dollars (\$700) will be deducted from four (4) payrolls;

(V) Seven hundred one dollars (\$701) to nine hundred dollars (\$900) will be deducted from five (5) payrolls; and

(VI) Nine hundred one dollars (\$901) and over will be deducted from six (6) payrolls.

2. If the active employee's check is not sufficient to cover his/her premium, the active employee will receive a monthly bill for the premium.

(C) Retirees and Survivors Premiums From Benefit Check.

1. Deduction amounts are received monthly from MOSERS based on the deductions taken from the benefit checks. Medical, dental, and vision deductions received at the end of the month pay for the next month's coverage (example: September 30 benefit check deduction is taken for October medical, dental, and vision premiums).

2. If a retiree or survivor is currently having deductions taken from his/her benefit check and owes past-due premiums due to a change in his/her deductions, MCHCP will contact MOSERS to determine if the benefit check is large enough to cover the past-due premiums. If the benefit check is large enough to cover the past-due premiums, deductions will be divided and taken from the retiree or survivor's next three (3) benefit checks and coverage will be continuous. If the retiree or survivor's benefit check is not large enough to cover the deductions, and the retiree or survivor has failed to make the necessary premium payments, coverage will be terminated due to nonpayment, effective the last day of the month a full premium was received.

(D) Direct Bill of Premium Owed By Subscribers Whose Premium is not Deducted from Payroll or Benefit Check.

1. Premiums are billed on the last working day of the month for the next month's coverage. Premiums are due fifteen (15) days from the last day of the month in which they are billed (example: bill mailed September 30 for October medical, dental, and vision premiums, premium due October 15).

2. A subscriber may elect to pay premiums by ACH electronic payment. In that case, the subscriber agrees that he/she will not receive a monthly bill.

A. Premiums are deducted from a subscriber's bank account on the fifth of the month to pay for the current month's coverage (example: October 5 deduction taken for October medical, dental, and vision premiums).

B. If there are insufficient funds, MCHCP will bill the subscriber for the premium owed. The due date of the premium owed shall not change due to insufficient funds.

(9) Premium Payments.

(A) By enrolling in coverage under MCHCP, an active employee agrees that MCHCP may deduct the member's contribution toward the total premium from the subscriber's paycheck. Payment for the first month's premium is made by payroll deduction. Double deductions may be taken to pay for the first month's coverage depending on the date the enrollment is received and the effective date of coverage. Subsequent premium payments are deducted from the active employee's paycheck. If the active employee's check is not sufficient to cover his/her premium, the active employee agrees to pay MCHCP by check, money order, ACH or cash, or by any other monetary transaction supported by MCHCP.

(B) By enrolling in coverage under MCHCP, the retiree or survivor agrees that MCHCP will automatically deduct the premium from the retiree or survivor's benefit check. The retiree or survivor may choose to receive a monthly bill in lieu of an automatic deduction. If the retiree or survivor's deduction is not sufficient to cover his/her premium or the retiree or subscriber chooses to receive a monthly bill, the retiree or survivor agrees to pay MCHCP by check, money order, ACH or cash, or by any other monetary transaction supported by MCHCP.

(C) If the subscriber fails to make the necessary premium payments, coverage terminates on the last day of the month for which full premium payment was received. The subscriber is responsible for claims submitted after the termination date.

1. If a non-Medicare subscriber fails to pay premiums by the required due date, MCHCP allows a thirty-one- (31-) day grace period from the due date. In the event that MCHCP has not received payment of premium at the end of the thirty-one- (31-) day grace period, coverage will be retroactively terminated on the last day of the month for which full premium payment was received.

The subscriber will be responsible for the value of the services rendered after the retroactive termination date, including, but not limited to, the grace period.

2. If a Medicare primary subscriber fails to pay premiums by the required due date, MCHCP allows a sixty- (60-) day grace period from the due date. In the event that MCHCP has not received payment of premium at the end of the sixty- (60-) day grace period, coverage will be terminated effective the end of month in which the sixty- (60-) day grace period ends.

(10) Refunds of overpayments are limited to the amount overpaid during the twelve- (12-) month period ending at the end of the month preceding the month during which notice of overpayment is received by MCHCP.

22 CSR 10-2.045 Plan Utilization Review Policy

PURPOSE: This rule establishes the policy of the board of trustees in regard to the Plan Utilization Review Policy of the Missouri Consolidated Health Care Plan Medical Plans.

(1) Clinical Management—Certain benefits are subject to a utilization review (UR) program. The program has the following components:

(A) Prior Authorization of Services—The claims administrator must authorize some services in advance. Without prior authorization, any claim that requires prior authorization will be denied for payment. Members who have another primary carrier, including Medicare, are not subject to this provision except for those services that are not covered by the other primary carrier, but are otherwise subject to prior authorization under this rule. Prior authorization does not verify eligibility or payment. Prior authorizations found to have a material misrepresentation or intentional or negligent omission about the person's health condition or the cause of the condition may be rescinded.

1. The following medical services are subject to prior authorization:

A. Ambulance services for non-emergent use, whether air or ground;

B. Anesthesia and hospital charges for dental care for children younger than five (5) years, the severely disabled, or a person with a medical or behavioral condition that requires hospitalization;

C. Applied behavior analysis for autism at initial service;

D. Auditory brainstem implant (ABI);

E. Bariatric surgery;

F. Cardiac rehabilitation after thirty-six (36) visits within a twelve- (12-) week period;

G. Chiropractic services after twenty-six (26) visits annually;

H. Cochlear implant device;

Z. Skilled nursing facility;

AA. Surgery (outpatient)—The following outpatient surgical procedures: cornea transplant, potential cosmetic surgery, sleep

apnea surgery, implantable stimulators, stimulators for bone growth, spinal surgery (including, but not limited to, artificial disc replacement, fusions, nonpulsed radiofrequency denervation, vertebroplasty, kyphoplasty, spinal cord stimulator trials, spinal cord stimulator implantation, and any unlisted spinal procedure), and oral surgery (excisions of tumors and cysts of the jaw, cheeks, lips, tongue, roof, and floor of the mouth when such conditions require pathological exams); and

BB. Transplants, including requests related to covered travel and lodging.

2. The following pharmacy services included in the prescription drug plan for non-Medicare primary members are subject to prior authorization:

A. Second-step therapy medications that skip the first-step medication trial;

B. Specialty medications;

C. Medications that may be prescribed for several conditions, including some for which treatment is not medically necessary;

D. Medication refill requests that are before the time allowed for refill;

E. Medications that exceed drug quantity and day supply limitations;

F. Medications with costs exceeding nine thousand nine hundred ninety-nine dollars and ninety-nine cents (\$9,999.99) at retail or the mail order pharmacy and one hundred forty-nine dollars and ninety-nine cents (\$149.99) for compound medications at retail or the mail order pharmacy; and

3. Prior authorization timeframes.

A. A benefit determination for non-urgent prior authorization requests will be made within fifteen (15) calendar days of the receipt of the request. The fifteen (15) days may be extended by the claims administrator for up to fifteen (15) calendar days if an extension is needed as a result of matters beyond the claims administrator's control. The claims administrator will notify the member of any necessary extension prior to the expiration of the initial fifteen- (15-) calendar-day period. If a member fails to submit necessary information to make a benefit determination, the member will be given at least ninety (90) calendar days from receipt of the extension notice to respond with additional information.

B. A benefit determination for urgent prior authorization requests will be made as soon as possible based on the clinical situation, but in no case later than twenty-four (24) hours of the receipt of the request;

(B) Concurrent Review—The claims administrator will monitor the medical necessity of an inpatient admission to certify the necessity of the continued stay in the hospital. Mem-

bers who have another primary carrier, including Medicare, are not subject to this provision; and

(C) Retrospective Review—Reviews to determine coverage after services have been provided to a patient. The retrospective review is not limited to an evaluation of reimbursement levels, accuracy and adequacy of documentation or coding, or settling of payment. The claim administrator shall have the authority to correct payment errors when identified under retrospective review.

(D) Pre-determination—Determination of coverage by the claims administrator prior to services being provided. A provider may voluntarily request a pre-determination. A pre-determination informs the provider of whether, and under which circumstances, a procedure or service is generally a covered benefit under the plan. A pre-determination that a procedure or service may be covered under the plan does not guarantee payment.

(E) Case Management—A voluntary process to assess, coordinate, and evaluate options and services of members with catastrophic and complex illnesses. A case manager will help members understand what to expect during the course of treatment, help establish collaborative goals, complete assessments to determine needs, interface with providers, and negotiate care. Members are identified for case management through claim information, length of hospital stay, or by referral. The case manager will dismiss the member from case management once the case manager determines that objectives have been met.

22 CSR 10-2.051 PPO 300 Plan Benefit Provisions and Covered Charges

PURPOSE: This rule establishes the policy of the board of trustees in regard to the PPO 300 Benefit Provisions and Covered Charges for members of the Missouri Consolidated Health Care Plan.

(1) Deductible amount—Network: per individual each calendar year, three hundred dollars (\$300); family each calendar year, six hundred dollars (\$600). Non-network: per individual each calendar year, six hundred dollars (\$600); family each calendar year, one thousand two hundred dollars (\$1,200).

(A) Network and non-network deductibles are separate. Expenses cannot be shared or transferred between network and non-network benefits.

(B) The family deductible is an aggregate of applicable charges received by all covered family members of the plan. Any combination of covered family member deductibles may be used to meet the family deductible. Applicable charges received by one (1) family member may only contribute up to the individual deductible amount to the family deductible.

(C) If the mother is a Missouri Consolidated Health Care Plan (MCHCP) member, the claim(s) for the newborn's initial hospitalization will be covered at one hundred percent (100%) until discharge or transfer to another facility.

(D) If the mother is not an MCHCP member, the newborn's claims will be subject to his/her own deductible and coinsurance.

(2) Coinsurance—coinsurance amounts apply after deductible has been met. Coinsurance is no longer applicable for the remainder of the calendar year once the out-of-pocket maximum is reached.

(A) Network claims are paid at ninety percent (90%) until the out-of-pocket maximum is met.

(B) Non-network claims are paid at seventy percent (70%) until the out-of-pocket maximum is met.

(C) Emergency services and urgent care are paid as network benefits from network and non-network providers.

(D) Claims shall be paid at ninety percent (90%) if the subscriber requires covered services that are not available through a network provider within one hundred (100) miles of his/her home. The member must contact the claims administrator before the date of service in order to have a local provider approved. Such approval is for three (3) months. After three (3) months, the member

must contact the claims administrator to reassess network availability.

(E) Preventive care—network claims are paid at one hundred percent (100%). Non-network claims are paid at seventy percent (70%) coinsurance after the deductible is met. Influenza immunizations are reimbursed up to twenty-five dollars (\$25) when received out-of-network if the member submits a receipt and a Non-Network Flu Shot Reimbursement form.

(F) Nutritional counseling—network claims are paid at one hundred percent (100%). Non-network claims are paid at seventy percent (70%) coinsurance after deductible is met.

(3) Out-of-pocket maximum—network and non-network out-of-pocket maximums are separate. Expenses cannot be shared or transferred between network and non-network benefits.

(A) The family out-of-pocket maximum is an aggregate of applicable charges received by all covered family members of the plan. Any combination of covered family member applicable charges may be used to meet the family out-of-pocket maximum. Applicable charges received by one (1) family member may only meet the individual out-of-pocket maximum amount.

(B) Network out-of-pocket maximum for individual—one thousand three hundred seventy-five dollars (\$1,375).

(C) Network out-of-pocket maximum for family—two thousand seven hundred fifty dollars (\$2,750).

(D) Non-network out-of-pocket maximum for individual—two thousand seven hundred fifty dollars (\$2,750).

(E) Non-network out-of-pocket maximum for family—five thousand five hundred dollars (\$5,500).

(F) Services that do not apply to the out-of-pocket maximum and for which applicable costs will continue to be charged include, but are not limited to: charges above the usual, customary, and reasonable (UCR) limit; the amount the member pays due to noncompliance; and charges above the maximum allowed.

(4) Married, active employees who are MCHCP subscribers and have enrolled children may meet only one (1) family deductible and out-of-pocket maximum. Both spouses must enroll in the same medical plan option through the same carrier, and each must provide the other spouse's Social Security number (SSN) and report the other spouse as eligible for coverage when newly hired and during the open enrollment process. In the medical plan vendor system, the spouse with

children enrolled will be considered the subscriber and the spouse that does not have children enrolled will be considered a dependent. If both spouses have children enrolled, the spouse with the higher Social Security number (SSN) will be considered the subscriber. Failure to report an active employee spouse when newly hired and/or during open enrollment will result in a separate deductible and out-of-pocket maximum for both active employees.

(5) Each subscriber will have access to all claim and payment information of the family unit.

(6) Expenses toward the deductible and out-of-pocket maximum will not be transferred if the member changes medical plans during the plan year. When the member is enrolled in a Coventry Health Care Plan and moves to a different region, expenses toward the deductible and out-of-pocket maximum will be transferred if the member chooses an equivalent UMR plan.

(7) Copayments. Copayments do not apply to the deductible.

(A) Office visit—primary care: twenty-five dollars (\$25); mental health: twenty-five dollars (\$25); specialist: forty dollars (\$40); chiropractor office visit and/or manipulation: twenty dollars (\$20); urgent care: fifty dollars (\$50) network and non-network. All lab, X-ray, or other medical services associated with the office visit apply to the deductible and coinsurance.

1. Vision office visit or refraction: forty dollars (\$40);

2. Hearing test—performed by a primary care provider: twenty-five dollars (\$25); performed by a specialist: forty dollars (\$40).

(B) Emergency room—two hundred dollars (\$200) network and non-network. Emergency room copayment includes all facility and ancillary medical services received during the emergency room visit. If a member is admitted to the hospital, the copayment is waived and all services apply to the deductible and coinsurance.

(8) Usual, customary, and reasonable fee allowed—non-network medical claims are allowed at the eightieth percentile of usual, customary, and reasonable fees as determined by the vendor.

(9) Any claim must be initially submitted within twelve (12) months following the date of service. The plan reserves the right to deny claims not timely filed. A provider initiated correction to the originally filed claim must

be submitted within the timeframe agreed in the provider contract, but not to exceed three hundred sixty-five (365) days from adjudication of the originally filed claim. Any claims reprocessed as primary based on action taken by Medicare or Medicaid must be initiated within three (3) years of the claim being incurred.

(10) For a member who is an inpatient on the last calendar day of a plan year and remains an inpatient into the next plan year, the prior plan year’s applicable deductible and/or coinsurance amounts will apply to the in-hospital facility and related ancillary charges until the member is discharged.

(11) Services received while out of the country may be covered if the service is included in 22 CSR 10-2.055 and will be subject to any prior authorization requirements provided for in 22 CSR 10-2.045. If the service is provided by a non-network provider, the member may be required to provide payment to the provider and then file a claim for reimbursement subject to timely filing limits.

22 CSR 10-2.070 Coordination of Benefits

PURPOSE: This rule establishes the policy of the board of trustees in regard to the coordination of benefits (COB) in the Missouri Consolidated Health Care Plan.

(1) If a member is also covered under any other plan (as defined here) and is entitled to benefits or other services for which benefits are also payable under Missouri Consolidated Health Care Plan (MCHCP), the benefits under MCHCP will be adjusted as shown in this rule.

(A) This coordination of benefits (COB) provision applies to MCHCP when a member has health care coverage under more than one (1) plan.

(B) If this COB provision applies, the order of benefit determination rules should be looked at first. Those rules determine whether the benefits of MCHCP are determined before or after those of another plan. The benefits of MCHCP—

1. Shall not be reduced when, under the order of benefit determination rules, MCHCP determines its benefits before another plan; but

2. May be reduced when, under the order of benefits determination rules, another plan determines its benefits first.

(2) Definitions. The following words and terms, when used in this rule, shall have the following meanings unless the context clearly indicates otherwise:

(A) Allowable expenses.

1. Allowable expense means the necessary, reasonable, and customary item of expense for health care when the item of expense is covered at least in part under any of the plans involved, except where a statute requires a different definition.

2. Notwithstanding this definition, items of expense under coverage, such as dental care, vision care, prescription drug, or hearing-aid programs, may be excluded from the definition of allowable expense. A plan which provides benefits only for any of these items of expense may limit its definition of allowable expenses to like items of expense.

3. When a plan provides benefits in the form of service, the reasonable cash value of each service will be considered as both an allowable expense and a benefit paid.

4. The difference between the cost of a private hospital room and the cost of a semi-private hospital room is not considered an allowable expense under this definition unless the patient's stay in a private hospital room is medically necessary in terms of generally-accepted medical practice.

5. When COB is restricted in its use to specific coverage in a contract (for example, major medical or dental), the definition of allowable expense must include the corresponding expenses or services to which COB applies.

6. When benefits are reduced under a primary plan because a covered person does not comply with the plan provisions, the amount of this reduction will not be considered an allowable expense. Examples of these provisions are those related to second surgical opinions, precertification of admissions or services, and preferred provider arrangements.

A. Only benefit reductions based upon provisions similar in purpose to those described previously and which are contained in the primary plan may be excluded from allowable expenses.

B. This provision shall not be used to refuse to pay benefits because a health maintenance organization (HMO) member has elected to have health care services provided by a non-HMO provider and the HMO, pursuant to its contract, is not obligated to pay for providing those services;

(B) Claim. A request for benefits of a plan to be provided or paid is a claim. The benefit claimed may be in the form of—

1. Services (including supplies);
2. Payment for all or a portion of the expenses incurred;
3. A combination of paragraphs (2)(B)1. and 2.; or
4. An indemnification;

(C) Claim determination period means a calendar year. However, it does not include any part of a year during which a person has no coverage under this plan or any part of a year before the date this COB provision or similar provision takes effect;

(D) Coordination of benefits. This is a provision establishing an order in which plans pay their claims;

(E) Plan includes:

1. Group insurance and group subscriber contracts;
2. Uninsured arrangements of group or group-type coverage;
3. Group or group-type coverage through HMOs and other prepayment, group practice, and individual practice plans;
4. Group-type contracts. Group-type contracts are contracts which are not available to the general public and can be obtained and maintained only because of membership in or connection with a particular organization or group. Group-type contracts answering this description may be included in the definition of plan, at the option of the insurer or the service provider and the contract client, whether or not uninsured arrangements or individual contract forms are used and regardless of how the group-type coverage is designed (for example, franchise or blanket). Individually underwritten and issued guaranteed renewable policies would not be considered group-type even though purchased through payroll deduction at a premium savings to the insured since the insured would have the right to maintain or renew the policy independently of continued employment with the employer. Note: The purpose and intent of this provision is to identify certain plans of coverage which may utilize other than a group contract but are administered on a basis more characteristic of group insurance. These group-type contracts are distinguished by two (2) factors—1) they are not available to the general public, but may be obtained only through membership in, or connection with, the particular organization or group through which they are marketed (for example, through an employer payroll withholding system) and 2) they can be obtained only through that affiliation (for example, the contracts might provide that they cannot be renewed if the insured leaves the particular employer or

organization, in which case they would meet the group-type definition). On the other hand, if these contracts are guaranteed renewable allowing the insured the right to renewal regardless of continued employment or affiliation with the organization, they would not be considered group-type;

5. Group or group-type hospital indemnity benefits which exceed one hundred dollars (\$100) per day;

6. The medical benefits coverage in group, group-type, and individual automobile no-fault type contracts but, as to traditional automobile fault contracts, only the medical benefits written on a group or group-type basis may be included; and

7. Medicare or other governmental benefits. That part of the definition of plan may be limited to the hospital, medical, and surgical benefits of the governmental program;

(F) Plan shall not include:

1. Individual or family insurance contracts;

2. Individual or family subscriber contracts;

3. Individual or family coverage under other prepayment, group practice, and individual practice plans;

4. Group or group-type hospital indemnity benefits of one hundred dollars (\$100) per day or less;

5. School accident-type coverages. These contracts cover grammar, high school, and college students for accidents only, including athletic injuries, either on a twenty-four- (24-) hour basis or on a to-and-from-school basis; and

6. A state plan under Medicaid and shall not include a law or plan when its benefits are in excess of those of any private insurance plan or other non-governmental plan; and

(G) Primary plan/secondary plan. The order of benefit determination rules state whether MCHCP is a primary plan or secondary plan as to another plan covering this person. When MCHCP is a primary plan, its benefits are determined before those of the other plan and without considering the other plan's benefits. When MCHCP is a secondary plan, its benefits are determined after those of the other plan and may be reduced because of the other plan's benefits. When there are more than two (2) plans covering the person, MCHCP may be a primary plan as to one (1) or more other plans and may be a secondary plan as to a different plan(s).

(3) Order of Benefit Determination Rules.

(A) General. When there is a basis for a claim under MCHCP and another plan, MCHCP is a secondary plan which has its

benefits determined after those of the other plan, unless—

1. The other plan has rules coordinating its benefits with those of MCHCP; and

2. Both those rules and MCHCP rules require MCHCP benefits be determined before those of the other plan.

(B) Rules. MCHCP determines its order of benefits using the first of the following rules which applies:

1. Active/inactive employee. The benefits of the plan which covers the person as an employee who is neither laid off nor retired (or as that employee's dependent) are determined before those of the plan which covers that person as a laid off or retired employee (or as that employee's dependent);

2. Nondependent/dependent. The benefits of the plan which covers the person as an employer or subscriber (that is, other than as a dependent) are determined before those of the plan which covers the person as a dependent;

3. Medicare.

A. If a member is an active employee and has Medicare, MCHCP is the primary plan for the active employee and his/her dependents. Medicare is the secondary plan except for members with end stage renal disease (ESRD) as defined in subparagraph (3)(B)3.D.

B. If a member is a retiree and has Medicare, Medicare is the primary plan for the retiree and his/her Medicare-eligible dependents. MCHCP is the secondary plan.

C. If a terminated vested employee with Medicare maintains coverage through one (1) of the MCHCP plans, Medicare is the primary plan and MCHCP is secondary.

D. If a member or his/her dependents are eligible for Medicare solely because of ESRD, the member's MCHCP plan is primary to Medicare during the first thirty (30) months of Medicare eligibility for home peritoneal dialysis or home hemodialysis and thirty-three (33) months for in-center dialysis. After the thirty (30) or thirty-three (33) months, Medicare becomes primary, and claims are submitted first to Medicare, then to MCHCP for secondary coverage. The member is responsible for notifying MCHCP of his/her Medicare status.

E. If a member is on long-term disability through the Missouri State Employees' Retirement System or the Public School Retirement System and is eligible for Medicare, Medicare is the primary plan and MCHCP plan is secondary;

4. Dependent child/parents not separated or divorced. When MCHCP and another plan cover the same child as a dependent of different persons, called parents—

A. The benefits of the plan of the parent whose birthday falls earlier in a year are determined before those of the plan of the parent whose birthday falls later in that year; but

B. If both parents have the same birthday, the benefits of the plan which covered one (1) parent longer are determined before those of the plans which covered the other parent for a shorter period of time;

5. Dependent child/separated, divorced, or never married. If two (2) or more plans cover a person as a dependent child of divorced, separated, or never married parents, benefits for the child are determined in this order—

A. First, the plan of the parent with custody of the child;

B. Then, the plan of the spouse of the parent with the custody of the child;

C. Then, the plan of the parent not having custody of the child; and

D. Finally, the plan of the spouse of the parent not having custody of the child. However, if the specific terms of a court decree state that one (1) of the parents is responsible for the health care expense of the child and the entity obligated to pay or provide the benefits of the plan of that parent or spouse of the other parent has actual knowledge of those terms, the benefits of that plan are determined first. The plan of the other parent shall be the secondary plan. This paragraph does not apply with respect to any claim determination period or plan year during which any benefits are actually paid or provided before the entity has that actual knowledge;

6. Joint custody. If the specific terms of a court decree state that the parents shall share joint custody, without stating that one (1) of the parents is responsible for the health care expenses of the child, the plans covering the child shall follow the order of benefit determination rules outlined in paragraph (3)(B)4.;

7. Dependent child/parents both parents covered by MCHCP. If both parents are covered by MCHCP and both parents cover the child as a dependent, MCHCP will not coordinate benefits with itself;

8. The plan that covers the member as a spouse is primary over the plan that covers the member as a dependent child; and

9. Longer/shorter length of coverage. If none of the previous rules determines the order of benefits, the benefits of the plan which covered a person longer are determined before those of the plan which covered that person for the shorter term.

(4) Effect on the Benefits of MCHCP. This section applies, which in accordance with section (3), Order of Benefit Determination Rules, MCHCP is a secondary plan as to one (1) or more other plans.

(A) In the event that MCHCP is a secondary plan as to one (1) or more other plans, the benefits of MCHCP's PPO plans and Health Savings Account Plan may be reduced under this section so as not to duplicate the benefits of the other plan. The other plan's payment is subtracted from what MCHCP or its claims administrator would have paid in absence of this COB provision using the following criteria. If there is any balance, MCHCP or its claims administrator will pay the difference not to exceed what it would have paid in absence of this COB provision.

1. In the case where Medicare is primary for physician and outpatient facility claims, Medicare's allowed amount is used as MCHCP's allowed amount to determine what MCHCP would have paid in absence of this COB provision.

2. In the case where Medicare is primary for inpatient facility claims, the amount the facility billed is used as MCHCP's allowed amount to determine what MCHCP would have paid in absence of this COB provision. Medicare's actual paid amount is combined with the provider's Medicare contractual write off to determine what MCHCP considers the Medicare paid amount. Effective April 1, 2013, Medicare's allowed amount will be used as MCHCP's allowed amount for inpatient facility claims to determine what MCHCP would have paid in absence of this COB provision and the Medicare paid amount will no longer be combined with the provider's Medicare contractual write off.

3. In the case where another plan is primary, the lower allowed amount of either the primary plan or MCHCP is used as MCHCP's allowed amount to determine what MCHCP would have paid in absence of this COB provision.

(5) Right to Receive and Release Needed Information. Certain facts are needed to apply these COB provisions. MCHCP or its claims administrator has the right to decide which facts it needs. MCHCP or its claims administrator may get needed facts from or give them to any other organization or person. MCHCP or its claims administrator need not tell, or get the consent of, any person to do this. Each person claiming benefits under MCHCP must give MCHCP or its claims administrator any facts it needs to pay the claim.

(6) A payment made under another plan may include an amount which should have been

paid under MCHCP. If it does, MCHCP or its claims administrator may pay that amount to the organization which made the payment. That amount will then be treated as though it were a benefit paid under MCHCP. MCHCP or its claims administrator will not have to pay that amount again. The term, payment made includes providing benefits in the form of services, in which case payment made means reasonable cash value of the benefits provided in the form of services.

(7) If the amount of the payments made by MCHCP or its claims administrator is more than it should have paid under this COB provision, MCHCP or its claims administrator may recover the excess from one (1) or more of—

(A) The person it has paid or for whom it has paid;

(B) Insurance companies; or

(C) Other organizations. The amount of the payments made includes the reasonable cash value of any benefits provided in the form of services.

(8) MCHCP shall, with respect to COB and recoupment of costs, exercise all rights and remedies as permitted by law.

22 CSR 10-2.075 Review and Appeals Procedure

PURPOSE: This rule establishes the policy of the board of trustees in regard to review and appeals procedures for participation in, and coverage of services under, the Missouri Consolidated Health Care Plan.

(1) Claims Submissions and Initial Benefit Determinations for Medical and Non-Medicare Primary Pharmacy Services.

(A) Members shall use the claims and administration procedures established by the vendor administering the particular service for which coverage, authorization, or payment is sought.

(B) Medical and pharmacy service claims are divided into three (3) types: pre-service, post-service, and concurrent claims.

1. Pre-service claims are requests for approval that the plan or vendor requires a member to obtain before getting medical care or filling a prescription, such as prior authorization or a decision whether a treatment, procedure, or medication is medically necessary.

A. Pre-service claims must be decided within a reasonable period of time appropriate to the medical circumstances, but no later than fifteen (15) days from the date the vendor receives the claim. The vendor may extend the time period up to an additional fifteen (15) days if, for reasons beyond the vendor's control, the decision cannot be made within the first fifteen (15) days. The vendor must notify the member prior to the expiration of the first fifteen- (15-) day period, explain the reason for the delay, and request any additional information. If more information is requested, the member has at least forty-five (45) days to provide the information to the vendor. The vendor then must decide the claim no later than fifteen (15) days after the additional information is supplied or after the period of time allowed to supply it ends, whichever is first.

B. Urgent care claims are a special type of pre-service claim that require a quicker decision because waiting the standard time could seriously jeopardize the member's life, health, or ability to regain maximum function. A request for an urgent care claim may be submitted verbally or in writing and will be decided within seventy-two (72) hours. Written confirmation of the decision will be sent by the vendor as soon as possible thereafter.

2. Post-service claims are all other

claims for services including claims after medical or pharmacy services have been provided, such as requests for reimbursement or payment of the costs for the services provided.

A. Post-service claims must be decided within a reasonable period of time, but not later than thirty (30) days after the vendor receives the claim. If, because of reasons beyond the vendor's control, more time is needed to review the claim, the vendor may extend the time period up to an additional fifteen (15) days. The vendor must notify the member prior to the expiration of the first fifteen- (15-) day period, explain the reason for the delay, and request any additional information. If more information is requested, the member has at least forty-five (45) days to provide the information to the vendor. The vendor then must decide the claim no later than fifteen (15) days after the additional information is supplied or after the period of time allowed to supply it ends, whichever is first.

3. Concurrent claims are claims related to an ongoing course of previously-approved treatment. If the plan or vendor has approved an ongoing course of treatment to be provided over a period of time or number of treatments, any reduction or termination of the course of treatment will be treated as a benefit denial. The plan or vendor will notify a member in writing prior to reducing or ending a previously-approved course of treatment in sufficient time to allow the member or the member's provider to appeal and obtain a determination before the benefit is reduced or terminated.

(C) Claims incurred should be furnished to the vendor by the provider or the member as soon as reasonably possible. Claims filed more than one (1) year after charges are incurred will not be honored. All claims are reviewed and/or investigated by the vendor before they are paid.

(D) If a member, or a provider, or authorized representative on behalf of a member, submits a request for coverage or a claim for services that is denied in whole or in part, the member will receive an initial denial notice within the time frames described in this rule that will include the following information:

1. The reasons for the denial;

2. Reference to the plan provision, regulation, statute, clinical criteria, or guideline on which the denial was based, with information as to how the member can obtain a copy of the provision, regulation, statute, clinical criteria, or guideline free of charge;

3. A description of any documentation or information that is necessary for the member to provide if documentation or informa-

tion is missing and an explanation as to why the documentation or information is needed, if applicable; and

4. Information as to steps the member can take to submit an appeal of the denial.

(2) General Appeal Provisions for Medical and Non-Medicare Primary Pharmacy Services.

(A) All individuals seeking review or appeal of a decision of the plan, plan administrator, claims administrator, or any vendor shall follow the procedures applicable to the type of decision appealed as set forth in this rule.

(B) All appeals must be submitted in writing to the appropriate reviewer as established in this rule by the member, the individual seeking review, or his/her authorized representative.

(C) Unless specifically provided otherwise in this rule, all appeals to the plan, plan administrator, claims administrator, or applicable vendor must be made, initiated in writing, within one hundred eighty (180) days of receiving the denial or notice which gave rise to the appeal.

(3) Appeal Process for Medical and Pharmacy Determinations.

(A) Definitions. Notwithstanding any other rule in this chapter to the contrary, for purposes of a member's right to appeal any adverse benefit determination made by the plan, the plan administrator, a claims administrator, or a medical or pharmacy benefit vendor, relating to the provision of health care benefits, other than those provided in connection with the plan's dental or vision benefit offering, the following definitions apply:

1. Adverse benefit determination. An adverse benefit determination means any of the following:

A. A denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for a benefit, including any denial, reduction, termination, or failure to provide or make payment that is based on a determination of an individual's eligibility to participate in the plan;

B. A denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for a benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not medically necessary or appropriate; or

C. Any rescission of coverage after an individual has been covered under the plan;

2. Appeal (or internal appeal). An appeal or internal appeal means review by the plan, the plan administrator, a claims administrator, or a medical or pharmacy benefit vendor of an adverse benefit determination;

3. Claimant. Claimant means an individual who makes a claim under this subsection. For purposes of this subsection, references to claimant include a claimant's authorized representative;

4. External review. The United States Department of Health and Human Services (HHS) conducts external reviews for adverse benefit determinations regarding medical and pharmacy benefits administered by UMR, Coventry Health Care of Kansas, Inc., and Express Scripts, Inc. that involve medical judgment (including, but not limited to, those based on medical necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit; or a determination that a treatment is experimental or investigational) and a rescission of coverage (regardless of whether or not the rescission has any effect on any particular benefit at that time);

5. Final internal adverse benefit determination. A final internal adverse benefit determination means an adverse benefit determination that has been upheld by the plan, the plan administrator, a claims administrator, or a medical or pharmacy benefit vendor at the completion of the internal appeals process under this subsection, or an adverse benefit determination with respect to which the internal appeals process has been deemed exhausted by application of applicable state or federal law;

6. Final external review decision. A final external review decision means a determination rendered under the external review process at the conclusion of an external review; and

7. Rescission. A rescission means a termination or discontinuance of medical or pharmacy coverage that has retroactive effect except that a termination or discontinuance of coverage is not a rescission if—

A. The termination or discontinuance of coverage has only a prospective effect;

B. The termination or discontinuance of coverage is effective retroactively to the extent it is attributable to a failure to timely pay required premiums or contributions towards the cost of coverage.

(B) Internal Appeals.

1. Eligibility, termination for failure to pay, or rescission. Adverse benefit determinations denying or terminating an individual's coverage under the plan based on a determination of the individual's eligibility to participate in the plan or the failure to pay premiums, or any rescission of coverage based on

fraud or intentional misrepresentation of a member or authorized representative of a member are appealable exclusively to the Missouri Consolidated Health Care Plan (MCHCP) Board of Trustees (board).

A. The internal review process for appeals relating to eligibility, termination for failure to pay, or rescission shall consist of one (1) level of review by the board.

B. Adverse benefit determination appeals to the board must identify the eligibility, termination, or rescission decision being appealed and the reason the claimant believes the MCHCP staff decision should be overturned. The member should include with his/her appeal any information or documentation to support his/her appeal request.

C. The appeal will be reviewed by the board in a meeting closed pursuant to section 610.021, RSMo, and the appeal will be responded to in writing to the claimant within sixty (60) days from the date the board received the written appeal.

D. Determinations made by the board constitute final internal adverse benefit determinations and are not eligible for external review except as specifically provided in 22 CSR 10-32.075(4)(A)4.

2. Medical and pharmacy services. Members may request internal review of any adverse benefit determination relating to urgent care, pre-service claims, and post-service claims made by the plan's medical and pharmacy vendors.

A. Appeals of adverse benefit determinations shall be submitted in writing to the vendor that issued the original determination giving rise to the appeal at the applicable address set forth in this rule.

B. The internal review process for adverse benefit determinations relating to medical services consists of two (2) levels of internal review provided by the medical vendor that issued the adverse benefit determination.

(I) First level appeals must identify the decision being appealed and the reason the member believes the original claim decision should be overturned. The member should include with his/her appeal any additional information or documentation to support the reason the original claim decision should be overturned.

(II) First level appeals will be reviewed by the vendor by someone who was not involved in the original decision and will consult with a qualified medical professional if a medical judgment is involved. First level medical appeals will be responded to in writing to the member within thirty (30) days for post-service claims and fifteen (15) days for pre-service claims from the date the vendor

received the first level appeal request.

(a) If, because of reasons beyond the vendor's control, more time is needed to review the appeal, the vendor may extend the time period up to an additional fifteen (15) days. The vendor must notify the member prior to the expiration of the first fifteen-(15-) day period, explain the reason for the delay, and request any additional information. If more information is requested, the member has at least forty-five (45) days to provide the information to the vendor. The vendor then must decide the claim no later than fifteen (15) days after the additional information is supplied or after the period of time allowed to supply it ends, whichever is first.

(III) An expedited appeal of an adverse benefit determination may be requested when a decision is related to a pre-service claim for urgent care. Expedited appeals will be reviewed by the vendor by someone who was not involved in the original decision and will consult with a qualified medical professional if a medical judgment is involved. Expedited appeals will be responded to within seventy-two (72) hours after receiving a request for an expedited review with written confirmation of the decision to the member within three (3) working days of providing notification of the determination.

(IV) Second level appeals must be submitted in writing within sixty (60) days of the date of the first level appeal decision letter that upholds the original adverse benefit determination. Second level appeals should include any additional information or documentation to support the reason the member believes the first level appeal decision should be overturned. Second level appeals will be reviewed by the vendor by someone who was not involved in the original decision or first level appeal and will include consultation with a qualified medical professional if a medical judgment is involved. Second level medical appeals shall be responded to in writing to the member within thirty (30) days for post-service claims and within fifteen (15) days for pre-service claims from the date the vendor received the second level appeal request.

(a) If, because of reasons beyond the vendor's control, more time is needed to review the appeal, the vendor may extend the time period up to an additional fifteen (15) days. The vendor must notify the member prior to the expiration of the first fifteen-(15-) day period, explain the reason for the delay, and request any additional information. If more information is requested, the member has at least forty-five (45) days to provide the information to the vendor. The vendor then must decide the claim no later than fifteen

(15) days after the additional information is supplied or after the period of time allowed to supply it ends, whichever is first.

(I) Pharmacy appeals. Pharmacy appeals and Pharmacy Lock-In Program appeals must identify the matter being appealed and should include the member's (and dependent's, if applicable) name, the date the member attempted to fill the prescription, the prescribing physician's name, the drug name and quantity, the cost of the prescription, if applicable, and any applicable reason(s) relevant to the appeal including: the reason(s) the member believes the claim should be paid, the reason(s) the member believes s/he should not be included in the Pharmacy Lock-In Program, and any other

written documentation to support the member's belief that the original decision should be overturned.

(III) The claimant may call the toll-free number (888) 866-6205 with any questions or concerns during the external review process and can submit additional written comments to the external reviewer at the mailing address above.

(IV) The external review decision will be made as expeditiously as possible and within forty-five (45) days after receipt of the request for the external review.

(V) A claimant may make a written or oral request for an expedited external review if the adverse benefit determination involves a medical condition of the claimant for which the timeframe for completion of a standard external review would seriously jeopardize the life or health of the claimant; or would jeopardize the claimant's ability to regain maximum function; or if the final internal adverse benefit determination involves an admission, availability of care, continued stay, or health care item or service for which the claimant received services, but has not been discharged from a facility.

3. For all internal appeals of adverse benefit determinations, the plan or the vendor reviewing the appeal will provide the member, free of charge, with any new or additional evidence or rationale considered, relied upon, or generated by the plan or the vendor in connection with reviewing the claim or the appeal and will give the member an opportunity to respond to such new evidence or rationale before issuing a final internal adverse determination.

(4) Except as otherwise expressly provided in this rule, appeals of adverse determinations made by MCHCP may be appealed to the board by sending or uploading the written appeal to one (1) of the following:

Attn: Appeal
Board of Trustees
Missouri Consolidated Health Care Plan
PO Box 104355
Jefferson City, MO 65110
or by fax to (866) 346-8785
or online at www.mchcp.org

(5) In reviewing appeals, notwithstanding any other rule, the board and/or staff may grant any appeals when there is credible evidence to support approval under the following guidelines. Payment in full for all past and current premiums due for enrollment requests must be included with the appeal if it cannot be collected through payroll deduction:

(A) If a subscriber currently has coverage under the plan, MCHCP may approve the subscriber's request to enroll his/her newborn or the newborn of an enrolled dependent retroactively to the date of birth if the appeal is received within three (3) months of the child's birth date. Valid proof of eligibility must be included with the appeal;

(B) MCHCP may approve a subscriber's appeal and not hold the subscriber responsible

when there is credible evidence that there has been an error or miscommunication through the subscriber's payroll/personnel office, MCHCP, or MCHCP vendor that was not fault of the subscriber;

(C) MCHCP may approve an appeal to change the type of medical or vision plan that the subscriber elected or defaulted to during the annual open enrollment period if the request is made within thirty-one (31) calendar days of the beginning of the new plan year, except that no changes will be considered for Health Savings Account (HSA) Plan elections after the first MCHCP Health Savings Account contribution has been transmitted for deposit to the subscriber's account. This guideline may not be used to elect or cancel coverage or to enroll or cancel dependents. If a subscriber has his/her premium collected pre-tax by qualified payroll deduction through a cafeteria plan, changes may be approved if the reason given is allowed by the Missouri State Employees' Cafeteria Plan;

(D) MCHCP may allow one (1) reinstatement for termination due to non-payment per lifetime of account;

(E) MCHCP may approve a subscriber's appeal to terminate dental and/or vision coverage if the appeal is received within thirty-one (31) calendar days of the beginning of the new plan year and if no claims have been made or paid during the new plan year. If a subscriber has his/her premium collected pre-tax by qualified payroll deduction through a cafeteria plan, termination may be approved if the reason given is allowed by the Missouri State Employees' Cafeteria Plan;

(F) MCHCP may approve an appeal regarding late receipt of proof-of-eligibility documentation if the subscriber can provide substantiating evidence that it took an unreasonable amount of time for the government agency creating the documentation to provide subscriber with requested documentation;

(G) MCHCP may approve an appeal to change a subscriber's medical plan coverage level prospectively, if the appeal is received within the first thirty (30) days of the start of coverage, except that no changes will be considered for HSA Plan selections after the first MCHCP Health Savings Account contributions has been transmitted for deposit to the subscriber's account. If a subscriber has his/her premium collected pre-tax by qualified payroll deduction through a cafeteria plan, changes may be approved if the reason given is allowed by the Missouri State Employees' Cafeteria Plan;

(H) MCHCP may approve a subscriber's appeal to enroll after a deadline due to late notice of loss of coverage from subscriber's

previous carrier if the appeal is within sixty (60) days of the date of late notice;

(I) MCHCP may approve appeals, other than those relating to non-payment, if subscriber is able to provide substantiating evidence that requisite information was sent during eligibility period;

(J) MCHCP may approve an appeal regarding plan changes retrospectively for subscribers who are new employees within thirty (30) days of election of coverage if no claims have been filed with the previous carrier, except that no changes will be considered for HSA Plan elections after the first MCHCP Health Savings Account contribution has been transmitted for deposit to the subscriber's account. If a subscriber has his/her premium collected pre-tax by qualified payroll deduction through a cafeteria plan, changes may be approved if the reason given is allowed by the Missouri State Employees' Cafeteria Plan;

(K) Once per lifetime of the account, MCHCP may approve an appeal where a subscriber missed a deadline. MCHCP may only approve an appeal under this guideline if the appeal is received within sixty (60) days of the missed deadline. This guideline may not be used to approve an appeal of a voluntary cancellation or an appeal of a deadline that is statutorily mandated;

(L) MCHCP may approve an appeal to change a subscriber's medical plan vendor prospectively, once per lifetime of the account. This appeal guideline may not be used for a subscriber to change the type of medical plan design elected during open enrollment; and

(M) MCHCP may approve appeals of a late submission of a Health Care Provider Form if the subscriber can provide substantiating evidence that the annual wellness exam was received timely, that the subscriber reasonably relied on the health care provider to submit the Health Care Provider Form, and the health care provider failed to submit the Health Care Provider Form prior to the May 31 due date.

(6) Medicare Primary Pharmacy Appeals.

(A) Appeals rights and procedures for Medicare primary pharmacy services are provided as regulated by the Centers for Medicare and Medicaid Services. Members may contact the Pharmacy Employer Group Waiver Plan vendor, Express Scripts, for additional information on appeal rights and procedures.

(2) Facility of Payment. Plan benefits will be paid to the subscriber if living and capable of giving a valid release for the payment due. If the subscriber, while living, is physically, mentally, or for any other reason incapable of giving a valid release for any payment due, the claims administrator at his/her option, unless and until request is made by the duly appointed guardian, may pay benefits which may become due to any blood relative or relative connected by marriage to the subscriber, or to any other person or institution appearing to the claims administrator to have assumed responsibility for the affairs of the subscriber. Any payments made by the claims administrator in good faith pursuant to this provision shall fully discharge the claims administrator to the extent of the payment. Any benefit unpaid at the time of the subscriber's death will be paid to the subscriber's estate. If any benefits shall be payable to the estate of the subscriber, the claims administrator may pay these benefits to any relative by blood or connection by marriage of the subscriber who is deemed by the claims administrator to be equitably entitled to it. Any payments made by the claims administrator in good faith pursuant to this provision shall fully discharge the claims administrator to the extent of this payment. Subject to any acceptable written direction and assignment by the subscriber, any benefits provided, at the claims administrator's option, may be paid directly to an eligible provider rendering covered services; but it is not required that the service be rendered by a particular provider.

(3) Confidentiality of Records. The health records of the members in the plan are confidential and shall not be used or disclosed unless such use or disclosure is in compliance with the Health Insurance Portability and Accountability Act.

(4) Should any provision of this plan conflict with the requirements of federal or state law, including, but not limited to, the Health Insurance Portability and Accountability Act, Family and Medical Leave Act, the Americans with Disabilities Act, or the Older Workers Benefit Protection Act, the plan shall be administered in such a way as to comply with the requirements of law, and will be deemed amended to conform with law.

(5) The PPO 300 Plan, PPO 600 Plan, and Health Savings Account Plan benefits including pharmacy are self-funded by the plan. MCHCP has subrogation rights under section 376.433, RSMo for any amounts expended for these benefits.

22 CSR 10-2.089 Pharmacy Employer Group Waiver Plan for Medicare Primary Members

PURPOSE: This rule establishes the policy of the board of trustees in regard to the benefit provisions, covered charges, limitations, and exclusions of the pharmacy benefit for Medicare-primary members of the Missouri Consolidated Health Care Plan.

(1) The pharmacy benefit for Medicare primary members is provided through a Pharmacy

Employer Group Waiver Plan (EGWP) as regulated by the Centers for Medicare and Medicaid Services herein after referred to as the Medicare Prescription Drug Plan.

(A) The following Medicare primary members enrolled in the PPO 300, PPO 600, or the Medicare Prescription Drug Only Plan shall receive their pharmacy benefit through the Medicare Prescription Drug Plan:

1. Active employee members that have Medicare primary coverage and their dependents that have Medicare primary coverage; and

2. Retiree members that have Medicare primary coverage and their dependents that have Medicare primary coverage.

(B) The non-Medicare primary dependents of Medicare primary members will not be in the Medicare Prescription Drug Plan but will have pharmacy benefit coverage as defined by 22 CSR 10-2.090.

(C) Foster parent members that have Medicare primary coverage and their dependents that have Medicare primary coverage will not be in the Medicare Prescription Drug Plan but will have pharmacy benefit coverage as defined by 22 CSR 10-2.090.

(D) A retiree Medicare primary member who chooses not to be in the Medicare Prescription Drug Plan will lose MCHCP eligibility and will not be allowed to enroll in a medical or Medicare Prescription Drug Plan at a later date.

(E) MCHCP will pay the Medicare financial penalty incurred by a Medicare primary member who has had a continuous gap in prescription drug coverage of sixty-three (63) days or more after the Medicare Initial Election Period (IEP) and was not covered by any creditable prescription drug coverage and failed to enroll into Part D.

(F) The Medicare Prescription Drug Plan is comprised of a Medicare Part D prescription drug plan contracted by MCHCP and some non-Part D medications that are not normally covered by a Medicare Part D prescription drug plan. The requirements for the Medicare Part D prescription drug plan are as follows:

1. The Centers for Medicare and Medicaid Services regulates the Medicare Part D prescription drug program. The Medicare Prescription Drug Plan abides by those regulations;

2. Initial Coverage Stage. Until a member's total yearly Part D prescription drug costs reach two thousand nine hundred sixty dollars (\$2,960), the member will pay the following copayments:

A. Generic Formulary Drugs: thirty-one- (31-) day supply has an eight dollar (\$8) copayment; sixty- (60-) day supply has a sixteen dollar (\$16) copayment; ninety- (90-)

day supply at retail has a twenty-four dollar (\$24) copayment; and a ninety- (90-) day supply through home delivery has a twenty dollar (\$20) copayment;

B. Preferred Formulary Brand Drugs: thirty-one- (31-) day supply has a thirty-five dollar (\$35) copayment; sixty- (60-) day supply has a seventy dollar (\$70) copayment; ninety- (90-) day supply at retail has a one hundred five dollar (\$105) copayment; and a ninety- (90-) day supply through home delivery has an eighty-seven dollar and fifty cent (\$87.50) copayment; and

C. Non-preferred Formulary Brand Drugs: thirty-one- (31-) day supply has a one hundred dollar (\$100) copayment; sixty- (60-) day supply has a two hundred dollar (\$200) copayment; ninety- (90-) day supply at retail has a three hundred dollar (\$300) copayment; and a ninety- (90-) day supply through home delivery has a two hundred fifty dollar (\$250) copayment.

3. Coverage Gap Stage. After a member's total yearly Part D prescription drug costs exceed two thousand nine hundred sixty dollars (\$2,960) and remain below four thousand seven hundred dollars (\$4,700), the member will continue to pay the same cost-sharing amount as in the Initial Coverage stage until the yearly out-of-pocket Part D prescription drug costs reach four thousand seven hundred dollars (\$4,700);

4. Catastrophic Coverage Stage. After a member's total yearly out-of-pocket Part D prescription drug costs reach four thousand seven hundred dollars (\$4,700), the member will pay the greater of—

A. Five percent (5%) coinsurance or a two dollar and sixty-five cent (\$2.65) copayment for covered generic drugs (including brand drugs treated as generics), with a maximum not to exceed the standard copayment during the Initial Coverage stage; or

B. Five percent (5%) coinsurance or a six dollar and sixty cent (\$6.60) copayment for all other covered drugs, with a maximum not to exceed the standard copayment during the Initial Coverage stage;

5. Amounts paid by the member or the plan for non-Part D prescription drugs will not count toward total Part D prescription drug costs or total Part D prescription drug out-of-pocket costs; and

6. Medicare Prescription Drug Only Plan. Medicare retirees have the option of choosing the Medicare Prescription Drug Plan for coverage for prescription drugs only, without MCHCP medical coverage.

(G) Medications covered under 22 CSR 10-2.090 will be covered under the Medicare Prescription Drug Plan as non-Part D medi-

cations when they are not a Part D covered drug.

(H) Medicare Part B Prescription Drugs. For covered Medicare Part B prescriptions, Medicare and MCHCP will coordinate to provide up to one hundred percent (100%) coverage for the drugs. To receive Medicare Part B prescriptions without a copayment or coinsurance, the subscriber must submit prescriptions and refills to a Medicare Part B contracted retail pharmacy which is in the pharmacy benefit manager (PBM) network. Medicare Part B prescriptions include, but are not limited to, the following:

1. Diabetes testing and maintenance supplies;
2. Respiratory agents;
3. Immunosuppressants; and
4. Oral anti-cancer medications.

(I) Prescription drugs and prescribed over-the-counter drugs as recommended by the U.S Preventive Services Task Force (categories A and B) are covered at one hundred percent (100%) when filled at a network pharmacy. The following are also covered at one hundred percent (100%) when filled at a network pharmacy:

1. Prescribed Vitamin D for all ages:
 - A. The dosage range for preventive Vitamin D at or below 1000 IU of Vitamin D₂ or D₃ per dose;
 2. Zoster (shingles) vaccine and administration for members age fifty (50) years and older;
 3. Influenza vaccine and administration as recommend by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention; and
 4. Formulary brand contraception and non-formulary contraception when the provider determines a generic is not medically appropriate or a generic version is not available.

PPO 300, PPO 600, and Health Savings Account Plan of the Missouri Consolidated Health Care Plan.

(1) The pharmacy benefit provides coverage for prescription drugs. Vitamin and nutrient coverage is limited to prenatal agents, therapeutic agents for specific deficiencies and conditions, and hematopoietic agents as prescribed by a provider to non-Medicare primary members.

(A) PPO 300 and PPO 600.

1. Network:

A. Generic copayment: Eight dollars (\$8) for up to a thirty-one- (31-) day supply; sixteen dollars (\$16) for up to a sixty- (60-) day supply; and twenty-four dollars (\$24) for up to a ninety- (90-) day supply for a generic drug on the formulary;

B. Brand copayment: Thirty-five dollars (\$35) for up to a thirty-one- (31-) day supply; seventy dollars (\$70) for up to a sixty- (60-) day supply; and one hundred and five dollars (\$105) for up to a ninety- (90-) day supply for a brand drug on the formulary;

C. Non-formulary copayment: One hundred dollars (\$100) for up to a thirty-one- (31-) day supply; two hundred dollars (\$200) for up to a sixty- (60-) day supply; and three hundred dollars (\$300) for up to a ninety- (90-) day supply for a drug not on the formulary;

D. Home delivery program.

(I) Maintenance prescriptions may be filled through the home delivery program.

(a) Generic copayments: Eight dollars (\$8) for up to a thirty-one- (31-) day supply; sixteen dollars (\$16) for up to a sixty- (60-) day supply; and twenty dollars (\$20) for up to a ninety- (90-) day supply for a generic drug on the formulary;

(b) Brand copayments: Thirty-five dollars (\$35) for up to a thirty-one- (31-) day supply; seventy dollars (\$70) for up to a sixty- (60-) day supply; and eighty-seven dollars and fifty cents (\$87.50) for up to a ninety- (90-) day supply for a brand drug on the formulary;

(c) Non-formulary copayments: One hundred dollars (\$100) for up to a thirty-one- (31-) day supply; two hundred dollars (\$200) for up to a sixty- (60-) day supply; and two hundred fifty dollars (\$250) for up to a ninety- (90-) day supply for a drug not on the formulary;

(d) A member must choose how maintenance prescriptions will be filled by notifying the pharmacy benefit manager (PBM) of his/her decision to fill a maintenance prescription through home delivery or retail pharmacy;

I. If the member chooses to

fill his/her maintenance prescription at a retail pharmacy and the member does not notify the PBM of his/her decision, the first two (2) maintenance prescription orders may be filled by the retail pharmacy. After the first two (2) orders are filled at the retail pharmacy, the member must notify the PBM of his/her decision to continue to fill the maintenance prescription at the retail pharmacy. If a member does not make a decision after the first two (2) orders are filled at the retail pharmacy, s/he will be charged the full discounted cost of the drug until the PBM has been notified of the decision and the amount charged will not apply to the out-of-pocket maximum; and

II. Once a member makes his/her delivery decision, the member can modify the decision by contacting the PBM; and

(II) Specialty drugs are covered only through the specialty home delivery network for up to a thirty-one- (31-) day supply unless the PBM has determined that the specialty drug is eligible for up to a ninety- (90-) day supply. The first specialty prescription order may be filled through a retail pharmacy, except for Hepatitis C specialty drugs and those select drugs that have been included in the specialty split-fill program.

(a) Generic copayment: Eight dollars (\$8) for a generic drug on the formulary list.

(b) Brand copayment: Thirty-five dollars (\$35) for a brand drug on the formulary.

(c) Non-formulary copayment: One hundred dollars (\$100) for a drug not on the formulary;

(III) Specialty split-fill program—The specialty split-fill program applies to select specialty drugs as determined by the PBM. For the first three (3) months, members will be shipped a fifteen- (15-) day supply and charged a prorated copayment. If the member is able to continue with the medication, the remaining supply will be shipped and the member will be charged the remaining portion of the copayment. Starting with the fourth month, an up to thirty-one- (31-) day supply will be shipped if the member continues on treatment.

E. Only one (1) copayment is charged if a combination of different manufactured dosage amounts must be dispensed in order to fill a prescribed single dosage amount;

F. The copayment for a compound drug is based on the primary drug in the compound. The primary drug in a compound is the most expensive prescription drug in the mix. If any ingredient in the compound is

excluded by the plan, the compound will be denied;

G. If the copayment amount is more than the cost of the drug, the member is only responsible for the cost of the drug;

H. If the physician allows for generic substitution and the member chooses a brand-name drug, the member is responsible for the generic copayment and the cost difference between the brand name and generic drug which shall not apply to the out-of-pocket maximum; and

I. Prescription drugs and prescribed over-the-counter drugs as recommended by the U.S. Preventive Services Task Force (categories A and B) and, for women, by the Health Resources and Services Administration are covered at one hundred percent (100%) when filled at a network pharmacy. The following are also covered at one hundred percent (100%) when filled at a network pharmacy:

(I) Prescribed Vitamin D for all ages;

(a) The dosage range for preventive Vitamin D at or below 1000 IU of Vitamin D₂ or D₃ per dose;

(II) Zoster (shingles) vaccine and administration for members age fifty (50) years and older; and

(III) Influenza vaccine and administration as recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention; and

(IV) Generic Tamoxifen, generic Raloxifene, and brand Soltamox for prevention of breast cancer.

2. Non-network: If a member chooses to use a non-network pharmacy for non-specialty prescriptions, s/he will be required to pay the full cost of the prescription and then file a claim with the PBM. The PBM will reimburse the cost of the drug based on the network discounted amount as determined by the PBM, less the applicable network copayment.

3. Out-of-pocket maximum.

A. Network and non-network out-of-pocket maximums are separate;

B. The family out-of-pocket maximum is an aggregate of applicable charges received by all covered family members of the plan. Any combination of covered family member applicable charges may be used to meet the family out-of-pocket maximum. Applicable charges received by one (1) family member may only meet the individual out-of-pocket maximum amount;

C. Individual—five thousand one hundred dollars (\$5,100);

D. Family—ten thousand two hundred dollars (\$10,200).

(B) Health Savings Account (HSA) Plan Prescription Drug Coverage. Medical and pharmacy expenses are combined to apply toward the appropriate network or non-network deductible and out-of-pocket maximum specified in 22 CSR 10-2.053.

1. Network:

A. Generic: Ten percent (10%) coinsurance after deductible has been met for a generic drug on the formulary;

B. Brand: Twenty percent (20%) coinsurance after deductible has been met for a brand drug on the formulary;

C. Non-formulary: Forty percent (40%) coinsurance after deductible has been met for a drug not on the formulary;

D. Home delivery program.

(I) Maintenance prescriptions may be filled through the home delivery program.

(a) Generic: Ten percent (10%) coinsurance after deductible has been met for a generic drug on the formulary.

(b) Brand: Twenty percent (20%) coinsurance after deductible has been met for a brand drug on the formulary.

(c) Non-formulary: Forty percent (40%) coinsurance after deductible has been met for a drug not on the formulary.

(d) A member must choose how maintenance prescriptions will be filled by notifying the PBM of his/her decision to fill a maintenance prescription through home delivery or retail pharmacy;

I. If the member chooses to fill his/her maintenance prescription at a retail pharmacy and the member does not notify the PBM of his/her decision, the first two (2) maintenance prescription orders may be filled by the retail pharmacy. After the first two (2) orders are filled at the retail pharmacy, the member must notify the PBM of his/her decision to continue to fill the maintenance prescription at the retail pharmacy. If a member does not make a decision after the first two (2) orders are filled at the retail pharmacy, s/he will be charged the full discounted cost of the drug until the PBM has been notified of the decision; and

II. Once a member makes his/her delivery decision, the member can modify the decision by contacting the PBM; and

(II) Specialty drugs covered only through network home delivery for up to thirty-one (31) days.

(a) Generic: Ten percent (10%) coinsurance after deductible has been met for a generic drug on the formulary;

(b) Brand: Twenty percent (20%) coinsurance after deductible has been met for a brand drug on the formulary;

(c) Non-formulary: Forty percent (40%) coinsurance after deductible has been met for a drug not on the formulary;

E. Prescription drugs and prescribed over-the-counter drugs as recommended by the U.S. Preventive Services Task Force (categories A and B) and, for women, by the Health Resources and Services Administration are covered at one hundred percent (100%) when filled at a network pharmacy. The following are also covered at one hundred percent (100%) when filled at a network pharmacy:

(I) Prescribed Vitamin D for all ages;

(a) The dosage range for preventive Vitamin D is at or below 1000 IU of Vitamin D₂ or D₃ per dose;

(II) Zoster (shingles) vaccine and administration for members age fifty (50) years and older; and

(III) Influenza vaccine and administration as recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention; and

(IV) Generic Tamoxifen, generic Raloxifene, and brand Soltamox for prevention of breast cancer.

F. If any ingredient in a compound drug is excluded by the plan, the compound will be denied.

2. Non-network: If a member chooses to use a non-network pharmacy, s/he will be required to pay the full cost of the prescription and then file a claim with the PBM. The PBM will reimburse the cost of the drug based on the network discounted amount as determined by the pharmacy benefit manager, less the applicable deductible or coinsurance.

A. Generic: Forty percent (40%) coinsurance after deductible has been met for up to a thirty-one- (31-) day supply for a generic drug on the formulary.

B. Brand: Forty percent (40%) coinsurance after deductible has been met for up to a thirty-one- (31-) day supply for a brand drug on the formulary.

C. Non-formulary: Fifty percent (50%) coinsurance after deductible has been met for up to a thirty-one- (31-) day supply for a drug not on the formulary.

(2) Step Therapy—Step therapy requires that drug therapy for a medical condition begin with the most cost-effective and safest drug therapy before moving to other, more costly therapy, if necessary. The member is responsible for paying the full price for the prescrip-

tion drug unless the member's physician prescribes a first-step drug. If the member's physician decides for medical reasons that the member's treatment plan requires a different medication without attempting to use the first-step drug, the physician may request a prior authorization from the PBM. If the prior authorization is approved, the member is responsible for the applicable copayment, which may be higher than the first-step drug. If the requested prior authorization is not approved, then the member is responsible for the full price of the drug.

(A) First Step—
1. Uses primarily generic drugs;
2. Lowest applicable copayment is charged; and
3. First-step drugs must be attempted before the plan will authorize payment for second-step drugs.

(B) Second Step—
1. This step applies if the member's treatment plan requires a different medication after attempting the first-step medication;
2. Uses primarily brand-name drugs; and
3. Typically, a higher copayment amount is applicable.

(3) Filing of Claims—Claims must be filed within twelve (12) months of filling the prescription. A member may request a claim form from the plan or the PBM. In order to file a claim, the member must—

(A) Complete the claim form;
(B) Attach a prescription receipt or label with the claim form. Patient history printouts from the pharmacy are acceptable but must be signed by the pharmacist. Cash register receipts are not acceptable for any prescriptions except diabetic supplies. If attaching a receipt or label, the receipt or label shall include:

- 1. Pharmacy name and address;
- 2. Patient's name;
- 3. Price;
- 4. Date filled;
- 5. Drug name, strength, and national drug code (NDC);
- 6. Prescription number;
- 7. Quantity; and
- 8. Days' supply; and

(C) A member must file a claim to receive reimbursement of the cost of a prescription filled at a non-network pharmacy. Non-network pharmacy claims are allowed at the network discounted amount as determined by the PBM, less any applicable copayment, deductible, or coinsurance. A member is responsible for any charge over the network discounted price and the applicable copayment.

(4) Formulary. The formulary is updated on a semi-annual basis, or when—

(A) A generic drug becomes available to replace the brand-name drug. If this occurs, the generic copayment applies;

(B) A drug becomes available over-the-counter. If this occurs, then the drug is no longer covered under the pharmacy benefit unless otherwise specified; or

(C) A drug is determined to have a safety issue by the United States Food and Drug Administration (FDA). If this occurs, then the drug is no longer under the pharmacy benefit.

(5) Quantity Level Limits. Quantities of some medications may be limited based on recommendations by the FDA or credible scientific evidence published in peer-reviewed medical literature. Limits are in place to ensure safe and effective drug use and guard against stockpiling of medicines.

22 CSR 10-2.110 General Foster Parent Membership Provisions

PURPOSE: This rule establishes the policy of the board of trustees in regard to the general membership provisions for foster parents covered under the Missouri Consolidated Health Care Plan.

(1) Terms and Conditions. This rule provides the terms and conditions for membership in the Missouri Consolidated Health Care Plan (MCHCP). A foster parent and his/her dependents are required to provide complete, true, and accurate information to MCHCP in connection with enrollment, change, or cancellation processes, whether by online, written, or verbal communication. MCHCP may rely on, but reserves the right to audit, any information provided by the foster parent and seek recovery and/or pursue legal action to the extent the foster parent has provided

incomplete, false, or inaccurate information. Purchase of the insurance is at the foster parent's own expense. MCHCP does not contribute toward the premium. The term "foster parent" means any approved specialized foster parent as defined in section 210.543, RSMo, also referred to as Elevated Needs Level B, and licensed under Chapter 210, RSMo, who provides temporary foster care for children who have a documented history of presenting behaviors or diagnoses which render the child unable to effectively function outside of a highly structured setting, not in anticipation of adoption and not for children related to such Elevated Needs Level B foster parent.

(2) Eligibility Requirements.

(A) Foster Parent Coverage. The Department of Social Services shall provide appropriate documentation to MCHCP of initial and ongoing eligibility of a foster parent who qualifies for the purchase of MCHCP coverage. Documentation of eligibility for the purchase of MCHCP coverage shall be required prior to enrollment. A foster parent may enroll his/her spouse/child(ren) as long as the foster parent is also enrolled. In order to be eligible, a foster parent shall not have access to other health insurance coverage through an employer or spouse's employer.

(B) Dependent Coverage. Eligible dependents include:

1. Spouse. If both spouses are eligible foster parents, each spouse must enroll separately;

2. Children.

A. Children may be covered through the end of the month in which they turn twenty-six (26) years old if they meet one (1) of the following criteria:

(I) Natural child of subscriber or spouse;

(II) Legally-adopted child of subscriber or spouse;

(III) Child legally placed for adoption of subscriber or spouse;

(IV) Stepchild of subscriber. Such child will continue to be considered a dependent after the stepchild relationship ends due to the death of the child's natural parent and subscriber's spouse;

(V) Foster child of subscriber or spouse. Such child will continue to be considered a dependent after the foster child relationship ends by operation of law when the child ages out if the foster child relationship between the subscriber or spouse and the child was in effect the day before the child ages out;

(VI) Grandchild for whom the subscriber or spouse has legal guardianship or

legal custody;

(VII) A child for whom the subscriber or spouse is the court-ordered legal guardian under a guardianship of a minor. Such child will continue to be considered a dependent after the guardianship ends by operation of law when the child becomes eighteen (18) years old if the guardianship of a minor relationship between the subscriber or spouse and the child was in effect the day before the child became eighteen (18) years old;

(VIII) Newborn of a dependent when paternity by the dependent is established after birth so long as the parent continues to be covered as a dependent of the subscriber; or

(IX) Child for whom the subscriber or spouse is required to provide coverage under a Qualified Medical Child Support Order (QMCSO).

B. A child who is twenty-six (26) years old or older and is permanently disabled in accordance with subsection (5)(C) may be covered only if such child was disabled the day before the child turned twenty-six (26) years old and has remained continuously disabled.

C. A child may only be covered by one (1) parent if his/her parents are married to each other and are both covered under an MCHCP medical plan.

D. A child may have dual coverage if the child's parents are divorced or have never married, and both have coverage under an MCHCP medical plan. MCHCP will only pay for a service once, regardless of whether the claim for the child's care is filed under multiple subscribers' coverage. If a child has coverage under two (2) subscribers, the child will have a separate deductible, copayment, and coinsurance under each subscriber. MCHCP will process the claim and apply applicable cost-sharing using the coverage of the subscriber who files the claim first. The second claim for the same services will not be covered. If a provider files a claim simultaneously under both subscribers' coverage, the claim will be processed under the subscriber whose birthday is first in the calendar year. If both subscribers have the same birthday, the claim will be processed under the subscriber whose coverage has been in effect for the longest period of time; or

3. Changes in dependent status. If a dependent loses his/her eligibility, the subscriber must notify MCHCP within thirty-one (31) days of the loss of eligibility. Coverage will end on the last day of the month that the completed form is received by MCHCP or the last day of the month MCHCP otherwise receives credible evidence of loss of eli-

gibility under the plan.

(3) Enrollment Procedures.

(A) An eligible foster parent must enroll for coverage within thirty-one (31) days from the date of the letter notifying the foster parent of his/her eligibility to enroll. If enrolling spouse/child(ren), proof of eligibility must be submitted as defined in section (5).

(B) An eligible foster parent may elect coverage and/or change coverage levels during the annual open enrollment period.

(C) An eligible foster parent may apply for coverage for himself/herself and/or for his/her spouse/child(ren) if one (1) of the following occurs:

1. Occurrence of a life event, which includes marriage, birth, adoption, and placement of children. A special enrollment period of thirty-one (31) days shall be available beginning with the date of the life event.

It is the eligible foster parent's responsibility to notify MCHCP of the life event;

A. If paternity is necessary to establish the life event and was not established at birth, the date that paternity is established shall be the date of the life event; or

2. Employer-sponsored group coverage loss. An eligible foster parent and his/her spouse/child(ren) may enroll within sixty (60) days if s/he involuntarily loses employer-sponsored coverage under one (1) of the following circumstances:

A. Employer-sponsored medical, dental, or vision plan terminates;

B. Eligibility for employer-sponsored coverage ends;

C. Employer contributions toward the premiums end; or

D. Consolidated Omnibus Budget Reconciliation Act (COBRA) coverage ends; or

3. If an eligible foster parent or his/her spouse/child(ren) loses MO HealthNet or Medicaid status, s/he may enroll in an MCHCP plan within sixty (60) days of the date of loss; or

4. If an eligible foster parent or eligible foster parent's spouse receives a court order stating s/he is responsible for coverage of a child, the eligible foster parent may enroll the child in an MCHCP plan within sixty (60) days of the court order; or

5. If an eligible foster parent is enrolled and does not complete enrollment during the open enrollment period, the foster parent and his/her dependents will be enrolled at the same level of coverage in the PPO 600 Plan provided through the vendor the foster parent is enrolled in, effective the first day of the next calendar year; or

6. If an eligible foster parent submits an Open Enrollment Worksheet or an

Enroll/Change/Cancel form that is incomplete or contains obvious errors, MCHCP will notify the foster parent of such by mail, phone, or secure message. The foster parent must submit a corrected form to MCHCP by the date enrollment was originally due to MCHCP or ten (10) business days from the date MCHCP notifies the foster parent, whichever is later.

(4) Effective Date Provisions. In no circumstances can the effective date be before the eligibility date or before January 1, 2013. The effective date of coverage shall be determined, subject to the effective date provisions as follows:

(A) Eligible Foster Parent and Dependent Effective Dates.

1. Unless stated otherwise by these rules, an eligible foster parent and his/her eligible dependents' effective date of coverage is the first of the month coinciding with or after the eligibility date. 2. The effective date of coverage for a life event shall be as follows:

(II) If a subscriber does not elect to enroll a newborn of a dependent within thirty-one (31) days of birth, s/he cannot enroll the dependent of a dependent at a later date;

C. Child where paternity is established after birth. If a subscriber enrolls a child due to establishment of paternity within thirty-one (31) days of the date paternity is established, coverage becomes effective on the first day of the next month after enrollment is received, unless enrollment is received on the first day of a month, in which case coverage is effective on that day;

(I) If a subscriber or eligible foster

parent enrolls an adopted child within thirty-one (31) days of adoption or placement of a child, coverage becomes effective on the date of adoption or placement for adoption;

E. Legal guardianship and legal custody.

(I) If a subscriber or eligible foster parent enrolls a child due to legal guardianship or legal custody within thirty-one (31) days of guardianship or custody effective date, coverage becomes effective on the first day of the next month after enrollment is received, unless enrollment is received on the first day of a month, in which case coverage is effective on that day;

F. Foster care.

(I) If a subscriber or eligible foster parent enrolls a foster child due to placement in the subscriber or eligible foster parent's care within thirty-one (31) days of placement, coverage becomes effective on the first day of the next month after enrollment is received, unless enrollment is received on the first day of a month, in which case coverage is effective on that day; or

(5) Proof of Eligibility. Proof of eligibility documentation is required for all dependents and subscribers, as necessary. Enrollment is not complete until proof of eligibility is received by MCHCP. A subscriber must include his/her MCHCPid or Social Security number on the documentation. If proof of eligibility is not received, MCHCP will send a letter requesting it from the subscriber. Except for open enrollment, documentation must be received within thirty-one (31) days of the letter date, or coverage will not take effect for those individuals whose proof of eligibility was not received. MCHCP

reserves the right to request that such proof of eligibility be provided at any time upon request. If such proof is not received or is unacceptable as determined by MCHCP, coverage will terminate or never take effect. If enrolling during open enrollment, proof of eligibility must be received by November 20, or coverage will not take effect the following January 1 for those individuals whose proof of eligibility was not received.

(A) Addition of Dependents. Required documentation should accompany the enrollment for coverage, except when adding a newborn. Failure to provide acceptable documentation with the enrollment will result in the spouse/child(ren) not having coverage until such proof is received, subject to the following:

1. If proof of eligibility is not received with the enrollment, such proof will be requested by letter sent to the subscriber. The enrollment will not be processed until after proof of eligibility is received. Documentation shall be received no later than thirty-one (31) days from the date of the letter requesting such proof. If invalid proof of eligibility is received, the subscriber is allowed an additional ten (10) days from the initial due date to submit valid proof of eligibility. Failure to provide the required documentation within the above stated time frames will result in the spouse/child(ren) being ineligible for coverage until the next open enrollment period;

2. When enrolling a newborn, the member must notify MCHCP of the birth verbally or in writing within thirty-one (31) days of the birth date. MCHCP will then send an enrollment form and letter notifying the member of the steps to initiate coverage. The member is allowed an additional ten (10) days from the date of the plan notice to return the enrollment form. Coverage will not begin unless the enrollment form is received within thirty-one (31) days of the birth date or ten (10) days from the date of the notice, whichever is later. Newborn proof of eligibility must be submitted within ninety (90) days of the date of birth. If proof of eligibility is not received, coverage will terminate on day ninety-one (91) from the birth date; and

3. Acceptable forms of proof of eligibility are included in the following chart:

The foster parent must submit documentation of proof of loss within sixty (60) days of enrollment. Failure to provide the required documentation within the above stated time frames will result in the foster parent and his/her spouse/child(ren) being ineligible for coverage until the next open enrollment period.

(C) The eligible foster parent is required to notify MCHCP on the appropriate form of the spouse/child's name, date of birth, eligibility date, and Social Security number.

(D) Disabled Dependent.

1. A newly eligible foster parent may enroll his/her permanently disabled child or an enrolled permanently disabled dependent turning age twenty-six (26) years, may continue coverage beyond age twenty-six (26) years, provided the following documentation is submitted to the plan prior to the dependent's twenty-sixth birthday for the enrolled permanently disabled dependent or within thirty-one (31) days of enrollment of a new foster parent and his/her permanently disabled child:

A. Evidence that the permanently disabled dependent or child was entitled to and receiving disability benefits prior to turning

age twenty-six (26). Evidence could be from the Social Security Administration (SSA), representation from the dependent's or child's physician, or by sworn statement from the subscriber;

(E) Members who are eligible for Medicare benefits under Part A, B, or D must notify MCHCP of their eligibility and provide a copy of the member's Medicare card within thirty-one (31) days of the Medicare eligibility date. Claims will not be processed until the required information is provided. If Medicare coverage begins before turning age sixty-five (65), the member will receive a Medicare disability questionnaire. The member must submit the completed questionnaire to MCHCP for the Medicare eligibility to be submitted to the medical plan.

(6) Termination.

(A) Unless stated otherwise, termination of coverage shall occur on the last day of the calendar month coinciding with or after any of the following events, whichever occurs first:

1. Failure to make premium payment for the cost of coverage. If MCHCP has not received payment of premium at the end of the thirty-one- (31-) day grace period, the subscriber and his/her dependents will be retroactively terminated to the date covered by his/her last paid premium. The subscriber will be responsible for the value of services rendered after the retroactive termination date, including, but not limited to, the grace period;

2. Loss of foster parent licensure as determined by the Department of Social Services;

3. With respect to dependents, upon divorce or legal separation from the subscriber or when a dependent is no longer eligible for coverage. A subscriber must terminate coverage for his/her enrolled ex-spouse and stepchild(ren) at the time his/her divorce is final.

A. When a subscriber drops dependent coverage after a divorce, s/he must submit a completed form, a copy of the divorce decree, and current addresses of all affected dependents. Coverage ends on the last day of the month in which the divorce decree and completed form are received by MCHCP or MCHCP otherwise receives credible evidence of a final divorce that results in loss of member eligibility under the plan;

4. Death of dependent. The dependent's coverage ends on the date of death. The subscriber must submit a completed form and a copy of the death certificate within thirty-one

(31) days of death;

5. A member's act, practice, or omission that constitutes fraud or intentional misrepresentation of material fact;

6. A member's threatening conduct or perpetrating violent acts against MCHCP or an employee of MCHCP;

7. A subscriber has obtained access to other health insurance coverage through an employer or spouse's employer; or

8. A member otherwise loses benefit eligibility.

(B) MCHCP may rescind coverage due only to non-payment of a premium, fraud, or intentional misrepresentation. MCHCP shall provide at least thirty (30) days written notice before it rescinds coverage.

(C) Termination of coverage shall occur immediately upon discontinuance of the plan, subject to the plan termination provision specified in 22 CSR 10-2.080(1).

(D) If a member receives covered services after the termination of coverage, MCHCP may recover the contracted charges for such covered services from the subscriber or the provider, plus its cost to recover such charges, including attorneys' fees.

(E) Termination of a foster parent's coverage shall terminate the coverage of dependents.

(7) Voluntary Cancellation of Coverage.

(A) A subscriber may cancel medical coverage, which will be effective on the last day of the month in which the subscriber notifies MCHCP to cancel coverage.

1. A subscriber may reinstate medical coverage after a voluntary cancellation by submitting an Enroll/Change/Cancel form prior to the end of current coverage.

(B) If a member receives covered services after the voluntary cancellation of coverage, MCHCP may recover the contracted charges for such covered services from the subscriber or the provider, plus its cost to recover such charges, including attorneys' fees.

(C) A subscriber cannot cancel medical coverage on his/her dependents during divorce or legal separation proceedings unless s/he submits a notarized letter from his/her spouse stating s/he is agreeable to termination of coverage pending divorce.

(D) A subscriber may only cancel dental and/or vision coverage during the year for themselves or their dependents if they are no longer eligible for coverage or when new coverage is taken through other employment.

(8) Federal Consolidated Omnibus Budget Reconciliation Act (COBRA).

(A) Eligibility. In accordance with COBRA, eligible foster parents and their

dependents may temporarily continue their coverage when coverage under the plan would otherwise end. Coverage is identical to the coverage provided under MCHCP to similarly-situated eligible foster parents and family members. If members cancel COBRA coverage, they cannot enroll at a later date.

1. Eligible foster parents voluntarily or involuntarily ending licensure as a foster parent (for reasons other than gross misconduct) may continue coverage for themselves and their covered dependent(s) for eighteen (18) months at their own expense.

2. If a subscriber marries, has a child, or adopts a child while on COBRA coverage, subscriber may add such eligible spouse/child(ren) to the subscriber's plan if MCHCP is notified within thirty-one (31) days of the marriage, birth, or adoption. The subscriber may also add his/her eligible spouse/child(ren) during open enrollment.

3. Dependents may continue coverage for up to thirty-six (36) months at their own expense if the covered foster parent becomes eligible for Medicare.

4. A surviving dependent, who has coverage due to the death of an eligible foster parent, may elect coverage for up to thirty-six (36) months at their own expense.

5. A divorced or legally-separated spouse and step-child(ren) may continue coverage at their own expense for up to thirty-six (36) months.

6. Child(ren) who would no longer qualify as dependents may continue coverage for up to thirty-six (36) months at their (or their parent's/guardian's) expense.

7. If the Social Security Administration determines a COBRA member is disabled within the first sixty (60) days of coverage and the disability continues during the rest of the initial eighteen (18) month period of continuation of coverage, the member may continue coverage for up to an additional eleven (11) months.

8. If the eligible member has Medicare prior to becoming eligible for COBRA coverage, the member is entitled to coverage under both.

(B) Premium Payments.

1. Initial payment for continuation coverage must be received within forty-five (45) days of election of coverage.

2. After initial premium payment, MCHCP bills on the last working day of the month. There is a thirty-one- (31-) day grace period for payment of regularly scheduled monthly premiums.

3. Premiums for continued coverage will be one hundred two percent (102%) of the total premium for the applicable coverage level. Once coverage is terminated under the

COBRA provision, it cannot be reinstated.

(C) Required Notifications.

1. To be eligible for COBRA, the subscriber or applicable member must notify MCHCP of a divorce, legal separation, a child turning age twenty-six (26), or Medicare entitlement within sixty (60) days of the event date.

2. The Department of Social Services Children's Division will notify MCHCP when a foster parent is no longer eligible.

3. If a COBRA participant is disabled within the first sixty (60) days of COBRA coverage and the disability continues for the rest of the initial eighteen- (18-) month period of continuing coverage, the affected individual must notify MCHCP that s/he wants to continue coverage within sixty (60) days, starting from the latest of: 1) the date on which the SSA issues the disability determination; 2) the date on which the qualifying event occurs; or 3) the date on which the qualified beneficiary receives the COBRA general notice. The affected individual must also notify MCHCP within thirty-one (31) days of any final determination that the individual is no longer disabled.

(D) Election Periods.

1. When MCHCP is notified that a COBRA-qualifying event has occurred, MCHCP notifies eligible members of the right to choose continuation coverage.

2. Eligible members have sixty (60) days from the date of coverage loss or notification from MCHCP, whichever is later, to inform MCHCP that they want continuation coverage.

3. If eligible members do not choose continuation coverage within sixty (60) days of lost coverage or notification from MCHCP, coverage ends.

(E) Continuation of coverage may be cut short for any of these reasons—

1. The state of Missouri no longer provides group health coverage to foster parents;

2. Premium for continuation coverage is not paid on time;

3. The covered foster parent or dependent becomes covered (after the date s/he elects COBRA coverage) under another group health plan that does not contain any exclusion or limitation with respect to any pre-existing condition s/he may have;

4. The covered foster parent or dependent becomes entitled to Medicare after the date s/he elects COBRA coverage; or

5. The covered foster parent or dependent extends coverage for up to twenty-nine (29) months due to disability and there has been a final determination that the individual is no longer disabled.

(9) Missouri State Law COBRA Wrap-Around Provisions.

(A) Missouri law provides that if a member loses group health insurance coverage because of a divorce, legal separation, or the death of a spouse, the member may continue coverage until age sixty-five (65) under two (2) conditions—

1. The member continues and maintains coverage under the thirty-six- (36-) month provision of COBRA; and

2. The member is at least fifty-five (55) years old when COBRA benefits end. The qualified beneficiary must apply to continue coverage through the wrap-around provisions and will have to pay the entire premium. MCHCP may charge up to an additional twenty-five percent (25%) of the applicable premium.

(B) For a member to continue coverage under this subsection, a member must either—

1. Within sixty (60) days of legal separation or the entry of a decree of dissolution of marriage or prior to the expiration of a thirty-six- (36-) month COBRA period, the legally-separated or divorced spouse who seeks such coverage shall give MCHCP written notice of the qualifying event, including his/her mailing address; or

2. Within thirty (30) days of the death of a foster parent whose surviving spouse is eligible for continued coverage or prior to the expiration of a thirty-six- (36-) month COBRA period, the human resource/payroll representative or the surviving spouse shall give MCHCP written notice of the death and the mailing address of the surviving spouse.

(C) Within fourteen (14) days of receipt of the notice, MCHCP shall notify the legally-separated, divorced, or surviving spouse that coverage may be continued. The notice shall include:

1. A form for election to continue the coverage;

2. The amount of premiums to be charged and the method and place of payment; and

3. Instructions for returning the elections form by mail within sixty (60) days after MCHCP mails the notice.

(D) Continuation of coverage terminates on the last day of the month prior to the month the subscriber turns age sixty-five (65). The right to continuation coverage shall also terminate upon the earliest of any of the following:

1. The state of Missouri no longer provides group health coverage to foster parents;

2. Premium for continuation coverage is not paid on time;

3. The date on which the legally-sepa-

rated, divorced, or surviving spouse becomes insured under any other group health plan;

4. The date on which the legally-separated, divorced, or surviving spouse remarries and becomes insured under another group health plan; or

5. The date on which the legally-separated, divorced, or surviving spouse reaches age sixty-five (65).

(10) Medicare.

(A) If a member does not enroll in Medicare when s/he is eligible and Medicare should be the member's primary plan, the member will be responsible for paying the portion Medicare would have paid. An estimate of Medicare Part A and/or Part B benefits shall be made and used for coordination or reduction purposes in calculating benefits. Benefits will be calculated on a claim-submitted basis so that if, for a given claim, Medicare reimbursement would be for more than the benefits provided by this plan without Medicare, the balance will not be considered when calculating subsequent claims for this plan's deductible and out-of-pocket maximum expenses.

(B) MCHCP's prescription drug plan is evaluated by a third party to determine whether it is creditable and considered equal to or better than Medicare Part D. The member will receive notification of the outcome from MCHCP. If MCHCP's plan is considered creditable, the member does not need to enroll in Medicare Part D and will not be penalized if s/he signs up for Part D at a later date.

(C) If a member enrolls in a Medicare Part D plan in addition to coverage under this plan, Medicare Part D becomes the member's primary plan. Such member's benefit must be adjusted in order for the plan to avoid liability for filing claims under the subsidy reimbursement portion of Medicare Part D. This plan will pay primary with appropriate copayments or coinsurance when the member is within the donut hole.

(11) Communications to Members.

(A) It is the foster parent's responsibility to ensure that MCHCP has current contact information for the member and any dependent(s).

(B) A foster parent must notify MCHCP of a change in his/her mailing or email address as soon as possible, but no later than thirty-one (31) days after the change.

(C) It is the responsibility of all foster parents who elect to receive plan communication through email to ensure plan emails are not blocked as spam or junk mail by the member or by the member's service provider.

(D) Failure to update a mailing or email

address may result in undeliverable mail/email of important informational material, delayed or denied claims, loss of coverage, loss of continuation rights, missed opportunities relating to covered benefits, and/or liability for claims paid in error.

(12) Deadlines. Unless specifically stated otherwise, MCHCP computes deadlines by counting day one (1) as the first day after the qualifying event. If the last day falls on a weekend or state holiday, MCHCP may receive required information on the first working day after the weekend or state holiday.

(13) Premiums. Notwithstanding any other rule to the contrary, foster parents are responsible for paying the entire actuarial determined rate of total premium with no employer or MCHCP contribution.
