At the time of his capture, was on leave of absence with authority to raise a company. This is reason to believe that he was already commissioned a Captain in the Rebel Service.

Lockhart is a radical, well known being a refugee for guerrilla warfare. Mosher is a deserter, but there are strong suspicions that he is a spy. He pretends to have been in Lynchburg in jail, and he knows nothing about the place. He is very acquainted with the personnel of the persons named guerrilla party of whom he is supposed to be a member. Col. Reynolds, 1st N.Y. Cavalry, thinks he can give forward contrary against him in regard to his being a spy.

Mr. Samuel Oliver

I will thank you to look for two mares for me. One is a heavily made Chestnut Sorrel mare 9 or 10 years old a
about 15 hands high. Some small Saddle spots in the back of backbone has been
seen & she throws her head around to bite when you mount the saddle; all her
feet to legs thick around the ankles.

The other is a close 15 hands, high 708
year old rather light and lengthy made
mare lies on left hand side; except a
small hunch on top of her withers. Legs
slender made, feet small. 2 legs feet
black, shows she has been worked on
the shoulder.

By to doing you much oblige

left there pretty good years, since he
began to live with Thomas B. Taylor
he lives within about four miles of
the same Taylors, and he has been there
since three years ago. I know
that the same Taylors comes to Bay
river Male, I know it has been in
the left hand fork; I do not know
here it got bent, it was seven miles
from there, and I have not seen them
since. Being yesterday when I see it
in a layen on the Street in the City of
Jackson in the County of Pettis there
and recognized it to be the same male
that belongs to the same Taylors, it
was branded with a T. on its left hip,
I do not remember any other marks
open it. I also suppose the brand was
to be about ten inches round, high at
the time. As yesterday when I see said
Male in the Street of Jackson, Thomas
B. Taylor and my self together, and
we last any got, to which Clay Taylors,
and my father C. B. Martin does not
see any Male that nests together. When
we saw the Male, here it can remember
in the river under the Saddle, it had a

I, Henry Clay Taylor of St. Louis, being duly sworn, do depose and say, that he is acquainted with Thomas D. Taylor late of Cooper County in the State of Missouri, and know that about two years ago the owner of the same Thomas D. Taylor was the owner of a Bay horse male, she was then branded with the letter T on the left hip. She was a chestnut bay about sixteen hands height with a plume on her left fore foot on the Cooper Point, which made her a little larger. I saw her in the Town of Thomas D. Taylor, further from near Schuman in Cooper County, of course, I do not know very much about this male, being T, except what I know on yesterday. I saw this same mare that has belonged to the same Thomas D. Taylor, branded to a Bay on the point in the City of St. Louis or the County of St. Louis, of course, this Bay male belongs to Company X, C. Cooxby, M. J. Me. I know this male I saw in the Town of Thomas D. Taylor, or the same male which belongs to Thomas D. Taylor.

Description of a Man
Fort Robt., Cherokee Nation,
15th September, 1863.

Captain Hall

Provet Marshall

Fort Robt. C.H.

Sir,

I present to your consideration and official action the following facts in relation to the mare pointed out by me to you as being then in the possession of Captain Andrew, 31st Indian Regiment.

That mare is the property of Nancy Ann Thornton, a native Cherokee, and always has been her property as she has never sold it or parted with it in any way. She inherited the mare from her mother, and the mare in question was formed the property of the mother of the claimant. The Br. No. 111. is my Brand, and I have reason to believe that the Br. No. 111. is now in the possession of the widow of the claimant, Brother George Moore, who died a member of the 31st Indian Regiment. The Br. No. is the Brand of John Tough, who when last heard from was a member of Stand Watie's Rebel regiment, and was lost or without any right or authority, since the mare was branded with mine. The claimant moved from Yawning Creek, Cherokee District, with her mother some years ago.
down to the Grand River bottom, in Jabalquez District, but
the stock, used their accustomed range, in the hill of Spring-
creak, and this mine was taken from that range, since last
Spring, by some one, to his knowledge.

As I stand in the relation of her nearest kin she
and her sister has been living with me since last April, and during that time have lost three oxen
horses stolen from her (the claimant) at this post; amongst them
the claim of the filly now in question.

The first notice that we had of the mare being
in the hands of their it not legally belonging to, it was in the hands
of one Joe Better of the 35th Indian, and was then claimed, and
you were notified of the circumstances, but at that time, Bute
took the mare of; usually from the sake of letting the man have
it back, that he had got it from, by refusing to give the mare
away, it by this means was kept sight of, until a few days
back, when I discovered Captain Anderson riding it. Knowing it
by my brand, and it was claimed from him. He refused
to give it up, and the statement of the facts was made to you
and the officer pointed out:

Captain Anderson claims that he purchased the mare
from Lieutenant-Whitton 33rd Indian Regiment, who assured the little
Lieutenant-Whitton, either purchased or purchased from Lieutenant
Thompson 33rd Indian Regiment, who purchased the mare from
an Indian for the suspiciously small sum of fifteen dollars
and as he asserts derives his title from you, as I understand.

Lieutenant J. Thompson 33rd Indian Regiment
lived a close neighbor to the claimant, knows the mare
and also knows my brand.
As to the question of loyalty, I have no doubt of it since she refused to go with her husband to the north. My instance is that in the case of his being a rebel yet this cannot be legal licensing against her as she was never married to him according to the Cherokee law and has always been loyal. While the Cherokee laws invest the wife on husband with the title and intire right to their individual property.

Lieutenant Wilkins can testify to the loyalty and persuasion can point to other witnesses.

I desire to have this matter investigated having been referred to you by General Blunt. I do not have it in my power to cause the witnesses to appear before you, nor to force a trial, I still hold the officers named as responsible for the stolen property, and hope that it will not be necessary to refer the case to the proper authority at Washington.

I am anxious to give you every facility and for this purpose have given you the facts above without comment. I may not have succeeded, but if I am notified when you can attend to the case I may be able to supply the defect.

The officers named are wives here.

Yours Respectfully,

I saw no troops, but while there one of the soldiers called to my little daughter (12 years old) and said she would give her a horse as she had two and couldn't manage them (being the pursuit of the Rebels) saying, 'Her take care of it and it will make you a good horse after a while.' The animal is a chestnut mare. Some white in her face and on hind feet. Scar on left front leg like the scar of nobles. I have no corn to spare sold this mare to William E. Green for twenty dollars. Sir: There has been several horses stolen in this neighborhood lately and from what I can learn they went to Kansas. I am of the opinion that there is a band of thieves now infesting the county that have their headquarters at Paola, Kansas and at Grasshopper Falls. But I suppose a man would not have any chance of catching a thief in Kansas. I wish to you to let you know what is going on in the county and I am willing to assist in any way that you may think proper to put a stop to such acts.

J. Leck. J. Gurgens held a man who had come from Rebel
Rebel. Times I believe his name is George Miller, and containing
in know what him J. Gurgens took after the Revolce. Thanes
had him riding and went with him to a place to baptize her. crying
that he would keep that Mason in position. Till he could or would
go to get her turned over to him for one with the Revolce. Rebels
had took from him. I heard afterward Capt. Tahmey take that Mason
out of J. Gurgens hand, when J. Gurgens said Capt. If you take
that Mason from me I hold you responsible for her life. I claim
her as I have told you. Capt. Tahmey said, you can not get him.
J. Gurgens said, what are you going to do with her, he says I am
going to take her to Jefferson. Here when many men present
who heard and heard the same. This was after the examining
of the Thanes.

John Hathaway

I said to Capt. Tahmey that I would take the Thanes to Jefferson
or Rebel he refused. I told him I would go long what day
he wanted to go. He said Saturday but he went home without
leaving me know if then. I went and get an order for him to return
that Mason back to me with orders about to him by an Company
officer, and another eight day of November. I went to speak
to him about it but he gave me very insulting and abusive
language. and said it was. Election day I should come the
next day. I left the place. I went the next day and I had
till the day following but Capt. Tahmey was not there
he kept the order and has gave me no chance. jk

Clemens Gurgens
On the 23 day of October, 1864... I went to C. Jurgens' residence of Capt. Taham, there just seen a jobbed thug from a man from Ricketts, James, C. Jurgens told me Capt. Taham stopped and mentioned the name to Capt. Taham, saying body will arrest him. I will spring on what kind horse he had. I say a very good one. C. Jurgens mounted his horse and started to ride the Ricketts men with his deeds after coming in town, what Jurgens heard C. Jurgens say that the Ricketts men did not have any horses, and sent out to take possession of the one the Rickett's had and go and get permission to keep him in lieu of the one taken from him. Jurgens having the mare by the bridle and going with her to a dense loco, he after sold his mare out of his hands when I heard him say to Capt. Taham, I claim that mare, or I have. Capt. Taham answering you can not get that mare. C. Jurgens responded then I sold you responsible for that mare, Capt. Taham said he would take them to Jefferson City, this he says after the Residence had been examined.

I was long as prisoner was taken away and John Bottin did. Securing the Residence when C. Jurgens was heading him heard prisoner say he was armed by Jurgens how he gotten from the Ricketts. That when these were to start away they told him that he could not go that the Rickett he had been riding was scavenger, then told him saying you better be out of his way the Lord will be in him to night. He left and he stayed there till 4 or 5 o'clock when he took one of the horses where they left and started but he had taken it, C. Jurgens being with him. Soon after he had thought what a young man on the road. Relates the Residence name is George Miller, living in Jackson County, Mo.

Sir. I wrote to you some time since by the hands of Mr. John Hempson concerning a contraband horse that he had by your permission he gave the letter to your clerk in your absence. Promising to write to him as soon as you got home he had not heard from you since. The horse that was given to him is a good horse and he wants to know what to do with him. He has feed him well for 2 or 3 months and thinks he might. If he said so the money is to be

Dear [Name],

I hope this letter finds you well. I have been thinking about you a lot lately and wanted to check in and see how you are doing. Your absence has been greatly missed.

I've been keeping busy with my work and trying to stay occupied. It's hard not to think about you and our times together. I miss your laughter and the way you light up the room.

I hope we can chat soon. Please write back and let me know how you're doing. I look forward to hearing from you.

Take care,

SIR: While acting as postmaster at Northville, I received a letter from Mr. John Thompson, requesting me to send up a horse for you. I offered a small reward, and you have answered your servant. The horse that I gave him was in very poor condition and broken down. Since then the horse has improved and his hair has grown more since the 1st of Jan. Mr. Thompson immediately returned the horse to me, and I went with him to Mr. A. Kelly and the
said Mr. Baker, that he had been informed by a friend that you were in very need of money and that if you could repay him for the three years' rent he would feel a favor done to him, and to me as I knew him to be a good and loyal man and had been so ever since the war commenced. Yours truly,

Sir, I wish to inform you that I have a horse in my possession that was claimed by Mr. Semperton, the man that was killed here on last Saturday. His father also claims the horse, my opinion is that the horse must be a contraband for the father has been harboring the son for some time past knowing that he had violated his oath and bond and that he never had been reinstated. Since, I hope you will take up the case and investigate it for if such cases are to pass by unnoticed if men are to be permitted to harbor, purged Bushwhackers and Seersuckers we had just as well send the troops home and give up the ship. Please inform me what to do with the horse, come up if you can soon.
