Sir,

There appeared the enemy on the Marandel Plantation, Parish St. John, about five miles this side of the Tischen, a band of savages about two hundred, they made no demonstration further than to drive the Negroes from their quarters and endeavored to gain in front of our forces between that point and the fort. The persons in command are: Alphonso Beckerly, a Mr. Heydell, son of Belfor Heydell, and a son of Mr. Warner Bruce.

For the safety of the loyal citizens of this side of the coast, which are very few, it is absolutely necessary to station a company of cavalry at or about Bound Carve Point. I will furnish every facility for their accommodation if a force is sent.

Yours, etc.,

A. B. Triplett.

Capt. C. C. Allen

I send herewith five prisoners, three deserters and two rebels taken in Illinois. J. B. Ergy & Joseph Souen. Perhaps it would be well to send the two last to the Provost Marshal in Illinois. There are nine rebels and of a very bad character in the same section. The war prisoners is yet there.

I also send papers in the case Mrs. Patterson. She cannot prove her loyalty if any one to be believed, but she is crafty and I do not think at present that any dishonored act can be proven.
against him. Ope, will see the two men who
evidence I have taken, is directly the name
of Dr. Picketts. If as consequence of the
woman being a rebel at heart, her protest
should be held they keep the house, but if
we must force some act then violate the
home.

There is a force in my jurisdiction
belonging to a son of Mr. Picketts, now
in the rebel army viz: Thomas Livingston. Please
inform me what must be done with it.
The Evidence to prove Livingston in the rebel army
is by two men who saw him there about
a year ago down at Headle. Pvt.

If I catch up an old rebel of some
influence about seventy years old - what
is it best to do with him? I have one
Soder now. I am earnest for knowing for
Jeff Davis.
I thought I was going to have a good stroke when I went to Illinois, but the stunt was poorly executed. Three of our infamous rebels were captured.

My headquarters will be on guard in the desert.

With great regard for your kindness and much affection,

I remain,

Very Respectfully,

Statement of Prof. Wiseman of Manic Ind. Mo.

I am 63 years of age and a farmer by occupation. Last autumn I was arrested for N.E. and was held a prisoner at Cape Girardeau until July 1863. About three days before my release, Thomas Oder asked me how much he would give to be released. This sum I had not much to give. A few days afterwards he (Thomas Oder) asked me to loan him $50. I did not refuse, but I concluded as a payment towards my release as there was ground to think that money was being used to secure more releases. Thence I have never been returned home.

Since then to this date, nor was any change being filed against me by my knowledge. From release to my return.

Glasgow Aug. 5, 1863.

To Genl. Brown: Dr. Sir: We the undersigned
Conservatives but unconditional secession men of Calhoun
County, beg leave to make the following statement to
you in reference to the condition of our County.
We premise that we have been driven away
from our homes and our business having been
robbed and our lives hunted by the enemies of
the government for no other reason than that
we are loyal to this name. By reference to the
map you will see that the greater portion of
our County lies in the bend of the River be
 tween Arrow Rock and Lexington, at which
two points there are military posts. We have
there a coast of some 70 odd miles unpro-
tected by government troops, and now filled
with armed guerrillas who are killing, robbing
and driving out all the union men in
this extensive bend of the river including
the highest and we may say the best portion
of the County. The troops at Marshall
and Arrow Rock are inadequate to the
suppression of Bushwhacking and the
protection of the union citizens. The whole
County is filled with assassins and as
soon as the troops from Marshall or
Arrow Rock start out to quell a distur-
bance in a neighborhood they armed.
guerillas are informed of the movements of the troops by these sympathizers, thus giving them time to hide in the Brush and as soon as the troops leave they are at their devilment again. Between Lexington & Arrow Rock there is a tract of country on the Ruins of not less than 50 or 60 miles and the rice meanders entirely exposed to the invades of Brushwhackers from Saline Johnson Lafayette and Jackson. This state of things could be remedied by placing troops at Measi and Cambridge. station at this place acting in concert with those at Marshall and Arrow Rock would in a short time drive these armed bands from the Brush and enable the remainder of the County to finish their Confederacy which are bound to go to waste unless this state of things is altered. Portions of Quantrel's Band reinforced by desperate men in Saline & Lintons all about on the river and they have so intimidated the people by threats and recent murder that none dare to go forward and most for fear they may be killed before they get homes. Can you not send his troops from the river quiet farms
of your district to help us in this time of extreme peril. The people here are abundantly able to sup-
port any amount of soldiers that you can spare for an indefinite period.
If this is not done soon I fear every Union man at any distance from
the two posts in the County will be utterly destroyed.

On Tuesday night the 28th Ult.,
about 75 or 80 of Quantrill’s men made
a dash into the town of Cambridge
with terrible threats ran all the Union
men out of the place and then proceeded
to rob the store of W. J. Powell & Co.
of 2670$ in money and about 3000f in goods.
They also robbed the union men of
their horses and the union ladies of their
jewelry. About 2 o’clock on the same day,
they robbed all the stores in town and
greatly maltreated the inhabitants
consisting almost entirely of German.
In a word Genrile there is a per-
fet reign of Terror in the County, can
nothing be done for us, or Shall we
have permanently to leave our homes?

Respectfully yours, W. J. Peter

Phineas Powell

P.S. We will further add that the house of Col. S. Reeder he was protected by the Bushwhackers. We have good reason to believe that he was instrumental in calling in those Bushwhackers to destroy the Union men of their business so that he could have every thing his own way. Be pleased to communicate with us at Glasgow and let us know what we may depend upon.

Staffords Court House, Va.
August 9th, 1863,

Captain T. Seibert
A. A. G.
(Warren's Junction)

Captain:

All is quiet along our lines. Our Picket line is Potomac Creek and established as soon as our reinforcements arrived, and I think the line as good as can be made with what force we have. At Col. Preston's request it does not reach us by three miles, and of course our line is no protection to his left. We patrol lines daily, to meet him over the creek.

I enclose list of Prisoners and Reports. Among the Prisoners are two soldiers of the 47th Virginia. I will hardly be able to make any more arrests, without sending our scouting parties, nor keeping our supply of forage.

I am Very Respectfully,
Your Obdt Sert.

Colonel,

I have the honor to respectfully request your influence and efforts to procure the release of three men of my company, now prisoners at Fort McHenry, namely, Martin C. Palmer, Andrew J. Bell and James Hamilton. I do most earnestly wish that they be returned to their Company.

I have been requested by these men to make an application for their release, and to say that they have had a long imprisonment, that they promise, and feel confident of behaving with strict and constant propriety of conduct in future if they are released this time. I shall consider it a special favor, if you get the men above named returned to my Company.

Very respectfully,

Statement by Miss Agatha Pinkham.

I was living with my family in the house belonging to Mr. Keogh, having been purchased by Mr. Salmon at Revere in said town. It had been there about two months when Captain Rollins and another officer whose name I did not know came to my house and asked for the key of the wooden house adjoining on the corner belonging also to Mr. Keogh. I asked them what I had done wrong that I should know who had. They said not to mind it. The household belonged to Mr. Keogh. I was in that house. Captain Rollins then took a hatchet and broke open the door, and on that day and several times afterward broke and shattered the wall away in the U.S. Arsenal, where I did not know, except I knew that the said cavalry corps and artillery were there, and knew no more than that the house opposite, where Captain Rollins and other officers were then taking their meals.

Agatha Pinkham.

Statement of Mrs. Calores Sanchez.

I was living with my family in the house opposite to Mr. Keogh's house on the corner of Amosford Street. I have seen the house broken into and of that house by Captain Rollins and another officer whose name I did not know. I think it was about a month or so before Captain Rollins came to the house.

C. T. J. 1863
Office of Principal Marshal of Dept. of Va. &c. &c.  
Fort Monroe, Aug. 23rd 1863.

Maj. Gen. Porter
G. O. C. C. Arm. 

Sir,

In compliance with your directions, I have the honor to submit the following:

On August 8th last, I received an order signed by you, directing me "to examine the case of Mrs. Hunt and take such action as may be necessary."

From the documents submitted by Mrs. Hunt (numbered 1, 2, 3, & 4 accompanying, and to which I respectfully refer) and the verbal statements of officers and citizens, who stated that they knew Letitia to be an
enforce, of Hunts, receiving a salary of Fifty Dollars per month, and Twenty per cent. of the profits, I believed Hunt to be the rightful owner of the restaurant and, therefore, gave him possession through his Agent, Mr. J. F. Power, of all property within the building.

The letter No. 5 was received by me, and I notified the Adams Express Agent, not to permit the Wine to be removed, until the question of ownership had been decided—

I presume this is the stores, worth of Goods referred to by Libby. The Wine still remains in the Express Office.

The door attached to or in front of the restaurant was closed sometime last winter by order of Colonel Alfred, Command Fort Monroe.

For the reason that some contraband articles had been sold there, and not by Earl Dix, as asserted by Libby. It was opened by J. O.
To you, under a permit granted by you on August 12, 1868, I have nothing relative to where the timber used in the erection of the building was secured. The receipt of Mr. Hopkins who erected it may afford some information on that subject. Mr. Libby has acknowledged to me several times that he was merely an employee of Hunt, but that he was not satisfied with the share of profits allowed him by Hunt.

Believing the foregoing to be a brief, but correct statement of this case.

I remain

Very Respectfully,
Your Ob'l Servt.

Saltrange Town, Augt 8th 1873

To Majr. Geo. Rubble:

The undersigned petitioners, citizens and traders of Saltrange would respectfully represent that they have been called upon and compelled to pay what is called a poor's tax of five dollars per annum for the privilege of trading and selling goods in said town. We are required to pay this tax notwithstanding we have not been permitted to bring on any goods to keep up our stock. We therefore respectfully ask that you will relieve us from this burdensome tax until the previous notice comes upon trade and revenue.

of this city, photographers, are desirous of going down on the river to pursue their profession a while, and it is necessary to obtain from you a permit to ship their boats or trade down the river. That this can be done with ease I do not doubt as I have the highest recommendation of Col. Mundy, Post-Commander and that the amount of their boats will probably be few and would be such as is used by all photographers for carrying on their business. If consistent I would be much obliged to you if you will grant them the necessary permit.

My dear Sir,

I have had the honor of receiving a letter from Mr. Bruce, and in the course of reading it I was led to believe that it was addressed to me, not having been in the habit of mentioning the subject to the Government.

I am, therefore, to you and in the name of any one of the Government, I would feel under great obligations if you could grant me the opportunity of doing so.

With whom I have the honor to be,

Very truly yours,

the affidavit in relation to the steamer Soudzier taking in freight &c. at Plaquemines on the sound of St. Marys

Summ. No 50 - P.M.A.
John H. Scott, a citizen of New Orleans, a loyal man, being duly sworn deposes and says, that he is and for a long time past has been in the business of freighting in the Mississippi River, raising anchors, chains, barges, machinery and under a contract made by Admiral Farragut with McBride and others, that on the 9th day of August 1863 he left New Orleans with the Steamer "Continental," for the purpose of raising machinery from the Steamer " Anglo American" and "L. A. S. Y." at the mouth of Bayou Plaquemines, that on the 25th day of August 1863 having finished working, and being about to return with his boat to New Orleans, Mr. Austin, a loyal citizen, having some sugar to him, presented near the town of Plaquemines, desired him to freight the same to New Orleans. Alluding that the troops at Plaquemines were under orders to burn and that his property would be destroyed by the Rebels as soon as they left; Capt. Albert Lamb, Provost Marshal at Plaquemines also asked him to take the freight, for the above reasons and gave him a pass to go beyond the pickets to see Mr. Austin about it. To accommodate Mr. Austin and Capt. Lamb, he took the freight on board and brought

Dear Sir,

In the case of the Steamer ‘Persevering’ en route from New York to New Orleans but not landed but not landed because of the low prices of merchandise at that port at the time of the arrival of the steamer.

It is fair to assume that the whole cargo was intended for sale to the citizens of the United States. The character of the cargo and the fact that 90 per cent of all shipments to New Orleans are transformed to Texas within 48 hours after landing are sufficient evidence that the Steamer deliberately made up their cargo for the benefit of the enemy.

Those of opinion they are disinclined to
see from from the Commanding General and that the ap-
lications ought to be denied.

Statement of Theodore F. Woods.

I live in St. Louis, have known Thomas Shotman for about three years. One Tuesday or Wednesday 17th or 18th last Shotman & myself came on the N. W. R. R. from St. Louis to Mexico mo. and after remaining in Mexico about one hour and a half Shotman proceeded on to leave Mexico & go to Tom Stows about thirty miles from Mexico. When we remained until 8 o'clock P.M. and after leaving Tom Stows Shotman gave me some detailed facts about the party of a bundle the got at Tom Stows. After travelling about two miles towards Elteter (on foot) the Part our train taking was Mine in leading another, for which we gave them one hundred dollars. (Here Woods comes in and says he has been lying and will tell the whole truth) Big J. & Shotman took these things from John & Tom Stows knowing they were Stolen and passed to leave them to St. Louis — (Here the messenger wanted to know what the consequences would be if he made a clear breach of it.) I have been engaged with Tom Stows, John Stows, Tom Shotman & Ben in stealing & breaking houses to Illinois.

Colonel:

You will cause to be sent to St. Louis under proper guard Mr. N. H. Morriss and David Morris accompanied with the evidence against them, delivering them to Capt. James O'Bradish, Our Marshal Civil to be tried by Military Commission as accessories to robbery.

The evidence against them seems to be positive and conclusive, and the great mass of statements & depositions in their favor seems to be relative to their good character prior to their going into the Pontiraid and cannot it seems to our have much weight in dispelling the evidence against them for housebreaking and robbing, as the latter is given by eye testimony.

I am, Colonel, Very Respectfully,

I hereby certify that John H. Keener, who made out and exhibited to this above testimony, is well known to me, and his statement is true, and that all contained in the above is true, and that he is a truthful witness.

I have the honor to report, in pursuance of the instructions from my employer, Col. John Mitcheltree (Colored), that I have taken and am in the middle of Oct. 1863.

Col. Mitcheltree, age 24 years, height 5 ft. 2 in., came into the lines at Ft. Donaldson, Tenn., about Oct. 1, 62, belonging to Lewy Madsell Co. of Stevens Co., Tenn.

After the capture of my age, 14 ft. 10 in., and came as above.

Statement of the names, ages and appearance of the bodies found in the Roberts River, at Company's Savannah, after being murdered by Negroes, from Island no 10, on Tuesday, Aug 4, 1853.

Names of persons:

Maj R. D. Becham, born Sept 18, 1787
W. T. Becham, born May 25, 1825
N. D. Becham, born Dec 10, 1848
Kate Becham, born Oct 3, 1852
Rowena Becham, born Aug 18, 1852

Incident,

Tuesday morning, between nine and ten o'clock, twelve Negro men, armed with knives and hatchets, came from Island no 10 to the house of Maj R. T. Becham. He was standing in the porch of his house. The negroes rushed upon him and tied him to a post. Just at this time a woman of Mrs. Becham rode by, the negroes hailed her. Mrs. Becham told her to go on when two or three men started after her, and shot at her several times but did not hit her. They followed her about two miles but she made her escape in the woods. A gentleman hearing the negroes, went going to Becham's house, started to his apartment, when he got near the house he saw the negroes, some on top of the bank, and some under the bank. He saw the children in the river, they waved to him, and he drove up...
made to the place, when the Georgians on the bank shouted, About 10 o'clock about him! he turned his horse and made his escape. He saw the Georgians striking the children on the head with their guns as they rose above the water - Mr. Beckham gave the men all his money and begged them to spare his father, life and the lives of his children, but they showed no mercy. After the murder they robbed the house of every thing valuable, breaking every lock, tearing all the windows, notes and private books, with clothing and even kitchenware.

About 3 o'clock Tuesday the body of Major Beckham was recovered - he was severely cut in the left breast and arm, the left arm, and his arms were tied behind him. Wednesday morning the body of Richard was found, the head, face and arms were much bruised. At about 3 o'clock the same day the body of W. F. Beckham was recovered - he had been shot, the face torn away the lower right jaw and right eye, his throat was cut, and a heavy cut was on the shoulder, severing the joint and cutting the cap of the joint almost off - his arms were tied behind him. The body of Kate was found Thursday morning - she had a severe bruise on the left side on the upper part of her back, neck and face, she was nearly much bruised - the eye was started from the socket, the tongue swollen out of the mouth. About 10 o'clock
the body of Donna was found - her skull was fractured, the forehead badly cut and the face friable and coarse and body badly bruised - the left eye burst, nearly out, and the right eye partly in.

About 12 O'Clock the same day the body of Roger Corollon was recovered - the wound under the left ear - both eyes were burst out and the hands were passed above the head as in an attitude of great fear or agony. The stolen

is made by one who now are all the bodies after they were discovered

Sir

Mr. W.L. Wilson, who is himself a Non-combatant, has a son, who was in the Rebel army, having been with Morgan. The son, was wounded at Braddock, and taken prisoner by Col. Hobson's men, and paroled. He has now reached home, having come to the city 15 days. The father would like, if possible, to have his son remain a little while at home, while continuing feeble, and has asked me to give him an introduction to you. I don't know that it is in your power to grant the request; and I certainly would not ask you to do anything which you would regard as in any degree incompatible with your duty.

Sir,

I have just received your letter of the 25th, and am pleased to inform you that orders have been issued for the arrest of a certain man named John Smith, who refuses to take the oath of allegiance. Several others in this vicinity have taken the oath. These two men are deserters, and will not take the oath. This matter is fully made up.

This condition will not permit them to remain. It was all quiet along our line up to 12 o'clock last night, but since then several reports of firing have been received, and we have no certainty.

I am respectfully,

I do the undersigned do state that from the best information that we can receive from what we heard and what some of us saw, that there was about two thousand pounds which was one wagon load drawn by six mules. The wagon was unloaded to take the property. The ammunition was sunk in a small stream known as Beaver dam and the balance was distributed among the citizens.

One Robert F. Sutton has 75 lbs. of lead, G. H. Bledgot 150 lbs. of cartridges in boxes, Mr. C. F. Sullivan states that he saw one wagon get between 150 and 200 lbs. of wet cartridges out of the creek. Dear Sir,

Since the removal of Col. Foster with his command from this post there has been considerable concentration among the Union men herabouts as to the best means to protect ourselves and from guerrilla raids with attendant consequences.

If there are no troops stationed at this point we are satisfied that this marauding will soon again commence their depredations in this part of the state. There are now no troops between this and the Tennessee line. Nothing but the vigilance and energy of the Commandant between Greeno the Cumberland River (Col. Poole) has hitherto prevented like excess as those committed in our community during the last year from again transpiring among us. Simultaneously with the removal of the troops from this portion of the state several of the most noted guerrillas (who infested the country last year) made their appearance in adjacent counties to this with
the intention to continue to reorganize
their bands & renewing their depredations.
In addition to the danger to the community
of the unobstructed navigation of the river
we much fear that the contraband trade
will be renewed & practiced as it was
previous to the location of troops among
us. We therefore respectfully solicit
you to reinforce Capt. Hayrout so as to
enable him to render more efficient ser-
vice in the way of scouting & than he
will be able to do with the force comp-
pany now under his command. We do not know
whether the removal of Capt. Baxter from this
post is intended to be permanent, if it is we
would respectfully petition you to make
Capt. Hayrout Commandant of this Post.

Dear Sir,

The news from the Confederacy is brought here by the mail coach. The military post at the front and in the rear of the forts at Fort McHenry are in great need of stores. The post at the fort is in need of supplies and the people are in great distress. They have realized that they must concentrate and renew their efforts to keep the fort in service. They will do this as quickly as possible. Concentrate and renew their efforts. They have concluded that they must continue their efforts to keep the fort in service. They have realized that they must continue their efforts to keep the fort in service.

Richard Washington, Colonel
Henry Davis, Colonel

Herein it is stated that Dr. Samuel
Maxwell, Henry Green and Henry Hyde, residents of
St. Louis, Missouri, have been
for a month past enrolling the colored slaves of that
District and County for the Rebel Army and that
they have, to their certain knowledge and belief, aided
and comforted Rebel officers and soldiers ever since
the rebellion commenced. They further state that
these parties have carried away colored persons both
free and slave into the Rebel lines and that they
are now engaged in this service. That these persons
were the slaves named George Davis, while
trying to escape his escape to the city of Washington
bombed him back to Brunson, after having
in a most exemplary manner and manner to
them carried him into the Rebel lines. This slave was from the
name of Dominy Hyde, who is, and has been a
long time in the Rebel army.

Sims and Washington state that they were to be
carried into the Rebel army. Simon belongs to Henry Husk and Washington to Samuel Husk, and states that there is a quantity of arms and accoutrements stored in the grounds in the vicinity of Samuel Price's house and that a bundle of Rebel muskets was in the yard and that as soon as they saw any sign of search or the vicinity, Samuel Husk's wife ran into the kitchen and threw a bundle of Rebel muskets into the fireplace, and Henry Husk said, after the cavalry had gone, that he had hid a lot of arms under the bed, and that as they were not found, he considered himself a smart soul.

Richard Washington states that Dr. Samuel Husk, his master, is one of the parties who executed an order for the sale of the slaves among the Negroes, was himself and Ben Eagle, for the purpose of sending them north to go into the Rebel army as soldiers.

Henry lives in St. Charles. He—Briantworth, Ejid—3 miles above the town—was born in the habit of hating the Rebel reproach.

These parties money the slaves in August to May 24. Landing in St. Tammany county, keep them in the woods, where an absenteeism presents itself to carry them off. Henry Purcell watches and reports when the sky is clear.

Mr. A. Mud is one of the party, he has now at home now, with his brand stick off, who belongs to the Rebel army. Mr. Thomas Jameson is also one of the party. Marcellus Gardiner is one of the party, he was after Mr. Marshall to take him, but he escaped.

Head Quarters Military Detective

September 7th, 1863

Sir,

I have the honor to report that on investigating the case, in regards to certain parties, in the State of Maryland, charged by the Contrabands, with enrolling the slaves for the Rebel Army, and various other charges. The colored people both free and slave, also white people of undoubted loyalty, in St. Charles and Talbot Counties, Md., state the charge is without foundation. There is (I learn) a party composed of citizens, who patrol the country around, for the purpose of apprehending fugitive slaves, which, when caught, are placed in jail, until such times as their owners shall call for them, and then being considered unsafe to return at large, are taken and sent south, to make their escape more uncertain. Thus, I find, are the grounds upon which the charges are founded.

Refus McKinney, living near Mt. Pleasant Ferry, is now, and has been recruiting for the Confederate Army.
I understand the Military Authorities of Baltimore have been trying to accomplish his arrest for some time, but he has eluded their vigilance, I was informed, Mr. Kimey was now at his place, and that his arrest might be easily accomplished. Some information might be obtained of the Military Authorities at Baltimore, should, if desired.

Birde, Abner, and Benjamin Green in the vicinity of Marboro Landing on the Charles Ed. River, have been seen to carry groceries, clothing and men over the river to Virginia, for the Confederate Army, they secret their boat in the marsh. Mr. Massey is a Royal man, and could get some information, in the matter.

J. J. Jarboe of Long Old Fields, Prince George Co. Md., has been confined in the Old Capitol Prison, twice, but is still in all accounts a Rebel, on the 6th. of July 1863, Jarboe urged two young men of the same place, to make an attack on a party of 200 Bakers Detectives who were passing through the village, saying he would assist them, that he was prepared to. These young men, two brothers, named Reid, R. and Budd
Said, are the young men alluded to, they will give statements in the case, if so required. I observe has a son in the Confederate Army, who has been there since the commencement of the Rebellion. He came home some time since, and went back again. From information received, I am of the opinion that the majority of the people in the State of Maryland, especially, of Charles County, are disloyal, and that the loyal people, are detained from giving information through fear. It is my impression, it would be a good remedy to station a negro regiment in their midst.

General

I have the honor to call your attention to the following facts:

A. S. Boothby,

Secretary of Nassau, New Providence, wrote to the Secretary of Savannah, expressing the belief that the schooner "Lightning," about 22 miles from Port Royal, S. Carolina, which came from Nassau and was bound to Beaumont, Ala., had been overtaken and captured by the Schooner "Snow," which was in possession of our forces. The Schooner was loaded with coffee.

Dr. Charles Kersey was a freeman—his name being in the free papers. He was declared a slave by the U.S. District Court in Nassau, and was sent to the North. He was a skilled and skilled man, and was skilled in the construction of the schooner "Lightning," and was taken on his boat and was refused to get a return cargo from for Nassau, and was never afterwards. The schooner was purchased by the United States Government.
remained — Osborne inability, he says, did intend to run the
York and go to Savannah after getting to Beaufort.
While in Savannah he had no particular business —
was interested in a tanning house.
He says he is suffering severely from kidney
disease, which is greatly augmented by his imprisonment.
He does not quite know whether he wants to take the
Oath or not — He has been in prison 9 months and is wasting
away — This money is all gone, and he has to take forever
fear — His personal clothing was all taken from him — his watch
and everything.
He says he is willing to take the Oath if he can't
get out by Exchange or any other way — He is an honest
man, he says, and if he takes the Oath, will keep it
honestly.
He says he must go out, and go out immediately
or he will die.

Sam. General. Very Respectfully,

Mayor Gen. Schofield

Commanding Dept. of Mo.

The undersigned citizens
of La Crosse Co. and adjoining County, would respectfully
represent that matters in this section of the State
are in a very unsettled and unhappy condition. Our loyal
citizens are driven from their homes, their houses
burned, their property stolen, and their farms laid
waste. Wagons are being continually pillaged on the
public roads. The mail stages are captured and
rioted, and travelers robbed and murdered. No man
goes from his home, home or stays in his house with
any assurance of safety. Guerrillas, in smaller or
closer ranges, are continually prowling about the
country, threatening, insult and insulting and assaulting peaceful
and innocent inhabitants. Our town is often thronged
with refugees seeking protection, and begging for help.

The existence of this state of affairs is owing to
the inadequate force here and in this part of the
country. There are more troops stationed along
the route between Rolla and this place, the citizens
believe that peace and security would be restored.

We would, most respectfully, suggest that were
there a company stationed at the California house
or near there, where most of the depredations up
on this road occur. These robberies and murders in that
locality would cease.

Thus the confidence we have in the officers
arm.
The existence of this state of affairs is owing to the inadequate force here, and in this part of the country. Were there more troops stationed along the route between Rolla and this place, the confidence of the people in the peace and security would be restored.

We would most respectfully suggest that were there a company stationed at the California house, or near there, where most of the depredations are on the roads, these robberies and murders in that locality would cease.

From the confidence we have in the officers and men of the 5th Cavalry, U.S.M., we believe by increasing their strength at this place and by sending the 5th Companies of the 7th Cav.M. to other points at Greenfield and Carthage — to Waynesville and the California house, there would be a sufficient force for escorting trains, guarding the mail for5000 miles, for protecting private and public property on the road, and throughout this section of the State.

The men of the 5th Reg. Cav. M. U. S. M. are known to our citizens generally, and are peculiarly fitted to the country. Knowing who are loyal, who are disloyal, and who are Guerillas, we believe such other troops sent herein the place of the 5th Cav. M. U. S. M., the California would not be so effective, that by an increase and proper disposition of the 5th Cav. M. U. S. M. in this region quietness and safety would again prevail in this section of our State, and for which we your petitioners shall ever pray.

Commissioners
Mr. Citizen, Mr. August 17th 1863.

General,

On the night of the 30th July last, Capt. Phillips with his Regiment 9th Missouri Militia occupied at Bowens Mill in Lawrence County Missouri.

He permitted his men to go into my mill and take from all the mill Corn then in the mill with a quantity of corn in sacks belonging to customers without consulting any one and without accounting for the same carrying off the sacks. They took from me 34 or 35 bushels of oats.

They went into the field of Rev. Levi Seaton and Scott used and three large stacks of oats, the product of twelve acres of ground (3000 large bushels) and turned in two horses upon them washing the most of them away offering him $20 for them which he refused to receive.

Considering his oats were worth $60 leaving them standing in the field and his neighbors at his own risk.

I went into the garden of Rev. Woodcock and destroyed Cabbage, Onions, lettuce and even the sweet potatoes twice in fact. Completely ruined the Garden rendering it worthless entirely. The garden was worth to the family some 50 dollars. They took from Capt. Woodcock some twenty five bushels of corn. They killed several hogs while there they caused and alarmed the villagers for refusing to cook for them after being frustrated and refused to pay some whom they compelled to cook for them.

They said they would leave 2 boxes
Mr. Borden at Greenfield Me. but no account had been kept and correct
borden cannot be made for the things
now taken and wantonly destroyed.

We appeal to you sir to see that justice
be done us and that loyal citizens

is due them from the government and
the soldiers.

These statements can be verified
when it shall become necessary—

States that it has been up to him to show that the desirability of Colfax is not in question. The force has been increased and is now small. Considerations are strong that the person of the Judge, Judge of the community and Judge of the Court, Wilson field should be held and maintained. It is, however, of great importance to the advancement of the cause as it is to the vicinity of South East Mo. for the following reasons (to quote):

That as long as the negroes have access to that part of the country they are enabled to settle and access to the country of Missouri in small numbers can be made to the Judge, as it is to the area as long as they can be maintained by the above.

To Major Genl. Schofield, Comdg. District
Vicksburg, it has been recommended to us, that
that the abandoning of Vicksburg, as a Military
Post by the United States forces has been recommended
and is now under consideration, and whereas, we
are advised, the loyal citizens of this Community
being very desirous that Vicksburg should be
held and maintained as a military Post, would
respectfully represent, that in our opinion, it
is highly important to the advancement of our
cause, and to the security of South East Mississippi,
and, as a part of the reasons why, we give the
following:

That as long as the rebels have
access to this part of the Country, they are enabled
to make raids into the Counties of Mississippi, Scott,
Coliniae, Wayne, Butler, and Madison, and, owing
to the peculiar locality of this Post, it being
surrounded by the St. Francis River, with its
swampy
low ground on the west, the great East Swamp on
the east, and Hings Swamp on the north, they
(rebel) can and do make frequent excursions into
all of these named counties, robbing, plundering
and destroying every part of property, which is
susceptible of being removed away, or of which they stand
But this being a strict army country, a large guerrilla force can easily subvert our self and force from one place and to another.
Beside this, there is forage enough yet in the Country to subsist a Battalion of Cavalry without the new Corp shall be necessary. All of this as you will readily see, can be used for properly supply our own troops, which, in Case of Want, will be consumed by Guerrillas.

Upon General's arrival here, and learning that a large portion of the loyal Citizens of this vicinity were in exile on account of their political opinions, he published a notice, a copy of which we herewith enclose to you, and, upon the faith of which, many of our loyal citizens who had been exiled returned to their homes, while many others are only waiting to see if the promised protection will be afforded. Those who have returned, have already sustained great loss and suffering, and to be again left without protection, would irrecoverably complete their ruin. We would further state, that there is a large number of loyal inhabitants in this Country, who have been imprisoned, so as to conceal their true sentiments, while the

Hoping other reasons for the occupation of Bloomfield might be assigned, but lest we should weary your patience with the length of our communication, we make this our last. Permit this as an outline. Petition for the continuance of Bloomfield as a military post.

No. 85.

O'Neil, D., & Others

Citzens of Bloomfield.
To Brig. Genl. Fisher, Commanding District, South East Missouri.

Whereas, it has been represented to us, that the abandonment of Bloomfield, as a military Post by the United States Forces has been recommended, and is now under consideration, and Whereas, we, a portion of the loyal citizens of this community, being very dearsous that Bloomfield should be held and maintained as a Military Post, would respectfully represent,

That, in our opinion, it is highly important to the advancement of our cause, and to the security of South East Missouri, and, as a part of the reasons why, we give the following:

1st. That so long as the rebels have access to this part of the country, they are enabled to make raids into the counties of Mississippi, Scott, Cape Girardeau, Pottawattomie, Wayne, Butler and Madison, and owing to the peculiar locality of this post, it being bounded by the 34th Meridian River, on the west, swampy low grounds on the east, the Great Salt Swamp on the east, and Mingo Swamp on its north, the rebels can and do, when sufficient to remain here, make their excursions into all of the above named counties, and bring...
and stealing every sort of property which is susceptible of being moved away, or of which they stand in need.

2nd. This being a stock growing country, a large guerrilla force can easily be supplied with beef and pork from one farm and to another. Besides this, there is forage enough yet in the country to subsist a battalion of Cavalry until the new crop shall be matured. All of this as you will readily see, can be used for supplying our own troops, which in case of abandonment will be consumed by guerrillas.

3rd. When General Davidson's arrival here, and learning that a large portion of the loyal citizens of this vicinity were in exile on account of their political opinions, he published a notice, a copy of which we herewith send close to you, and upon the faith of which many of our loyal citizens who had been expelled returned to their homes. While many others are only waiting to see if the promised protection will be afforded. Those who have returned have already sustained great loss and suffering, and to be again left without protection, would irrecoverably complete their ruin. We would further state, that there is a large number of
loyal inhabitants of this country, who have been restrained as to conceal their true sentiments, while others have stood firmly by the Union until now.

Many other reasons for the occupation of Bloomfield might be assigned, but least we should weary your patience by the length of our communications, we respectfully submit this as an outline. Hoping that you will still continue to occupy Bloomfield, and that you will allow Major Paul Montgomery to Command it.

Under these orders, as the papers are in St. Louis, I suppose the prisoners ought to be sent there. There are two other prisoners convicted to be shot, and James Sutton sentenced to Alton during the War. These men are desperate men and are still here in jail. They were tried by the same Commission, and the papers sent to St. Louis by Col. Harding in May last. Unless otherwise ordered these prisoners will soon be sent to St. Louis, under Strong Guard.

I have made some inquiries with regard to Rev. Mr. Spencer—Elder J. M. Robinson—Mr. W. P. Freeman—By your request—And am inclined of the opinion that their sentence of confinement should be removed.

You may not be aware of the fact—let at the time of the arrest of these men, I was the Deputy Marshal of the County—Withstanding this fact they were arrested, and confined without consulting me in any way. In fact I was not aware of their arrest until they were confined. They were confined—They were not even permitted to go by the way of St. Louis.

States that they are the owners of property situated in the vicinity of Boston Barreto and located on the South East side of Grand Avenue, that some of them have formerly established a farm on part of said property at a greater density, large and profitable. Stone quarries that the system of drainage adopted by the government at Boston Barreto has destroyed not only the stone quarries mentioned entirely, but converted them into standing reasons of fatal drainage to make up of the seat water from the Hospital outbuildings. Tables connected with the Barreto the stream of which has forced them whose residences were located near to vacate them. Prays that some change may be affected in the system of drainage.
To Maj. Gen. J. W. Schifferd
Commanding the Department of the Missouri.

The undersigned petitioners beg leave to present the following facts, to wit: that they are the owners of property situated in the vicinity of Benton Barracks, and located on the South-East side of Grand Avenue, that they have heretofore established upon said property, at a great expense, large and profitable stone-quarries; that the system of sewerage, adopted by the Government, at Benton Barracks has destroyed, not merely the stone-quarries mentioned entirely, but converted them into standing reservoirs of foul drainage — made up of the waste water from the hospital, the out-buildings and the stables connected with the barracks — the stench of which has forced all those of your petitioners whose residences were located near them, to vacate the same.

The manner in which this drainage is conducted into the stone-quarries is as follows: about twenty-five feet from the fence which incloses the Fair Ground and on the North-East side of the same, there occurs, empty into a small wet
in a ravine, following the ravine about fifty yards, a drain empties into the same from the Government stables. The drainage thus collected flows down the ravine some five or six hundred yards and forms a deep and large pond on the premises of Dr. Bryant, from this it has forced a subterranean passage into the stone-quarry of Mr. McClellan. Thence, in the same manner, into the quarry of Callaway & Lynch; thence, in the same manner, into the quarry of Mr. Russell; thence, in the same manner, into the quarry of Anger & Frazer; thence, in like manner, into the quarry of Mr. Berghers and thence, in the same manner, into the quarry of Mr. Staly; all of the above quarries being filled to a depth of from forty to eighty feet.

And your petitioners would further state, that the damage thus sustained by them, through the loss of their stone-quarries, in the manner described, and the general injury done to the surrounding property, in that it is rendered unfit for residences, as has been stated, is very grievous, and they therefore pray you that some change may be effected in the mentioned system of drainage.

I am to agree to hereby certify that James Claygill, the son of Christian Claygill, was at my house on the 24th of June, and remained all night, and that night was transported to the Rebel Army in the morning in the absence of the Rebels, as left my house in a confused manner. Sir,

I am instructed to blockade the town of New Orleans, and to destroy all enemy shipping of any kind. From the foregoing plans, I have been informed that the enemy's fleet is at anchor off the Mississippi River, which offers no protection to the ships of war. I have accordingly decided to proceed to Georgia and bring away the goods on board the ships at Richmond.

Sented from Forts, July 27, 1863.

I am, Capt. P. B. D. F. D. B. C.

I have just received the above orders from President Davis, and I am authorized to execute them. I have ordered the above goods to be stored in the warehouses and transport them to the nearest port.

I have just received a notice of about $1,000,000, and I have instructed the Regulars to proceed accordingly.

Said offer was declined for the reason that he had been the same from me before that time since returning goods across the river, and into Richmond. He feels confident that the object of their present visit is to do the same thing again. The day following the receipt of this information, four men reached this reach claiming to be Refugees. Letter from W.J. to certain attorneys asking witnesses for certain cases under consideration.
Office U. S. Attorney for the Western District of Missouri,

Jefferson City, Mo., August 26, 1863.

To the Present Marshal,

at Kansas City, Mo.,

Sir:

I recently learned from a list of persons whose property in Kansas City was stated to be subject to confiscation, in:

John W. Bowman, P. T. Chew, Joseph Hodgson, S. M. H. Murphy, W. H. Harris, Thomas P. Byrnes, John E. Hinkle, Robert Wilson, Richard Wilson, and Samuel McCoo. There were other names in the list, but Capt. T. S. Case indicated the above as persons of whom it can be proved that they were in arms in the rebel army within the period specified in the Act of Congress of the 17th July, 1862, termed the Confiscation Act. The sixth section of the Act provides that if any person within any State or Territory of the United States, after the passage of the Act, being engaged in armed rebellion against the Government of the United States, or seizing or sheltering such rebellion, shall not within thirty days after public warning and proclamation duly given and made by the President of the United States, cease to aid, countenance, and abet...
such rebellion, abort, and return to his allegiance to the United States, all the estate and property, money, stocks, and credits of such persons shall be liable to seizure and confiscation and all sales, transfers, and conveyances of any such property after the issuance of the said sixty days from the date of such coming and proclamation shall be null and void, and it shall be a sufficient due to any suit brought by such persons for the possession of such property or any of it, to allege and prove that he is one of the persons described in this act.

The sixty days expired on the 26th day of September, 1863, as it was issued in pursuance of the said eighth section on the 26th day of July, 1863.

You perceive therefore that if any of the persons above named were engaged in rebellion against the Government of the United States, or aided or assisted such rebellion, and did not after the 26th day of September, 1863, come so to do, and return to his allegiance to the United States, their property is subject to confiscation. Respectfully ask if suits can be prosecuted in these cases to prove the facts in contest and if so, that you will send me their names.

I am, Sir,

Very respectfully,

Dear Sir,

We have just learned with regret that one of our loyal men, though a very poor man, has by circumstances over which he could not control, been arrested by the authority of our Government, and if it is necessary that he cannot satisfy you to that effect, as he may not be able to make such an explanation as you can understand, he being a German, we will come up and testify to his loyalty and cause of this affair.

Gentlemen

The Petition of Mr. T. H. Nimmo, of Meade County, State of Kentucky, respectfully shows unto you, gentlemen, that he and the Substituting Mother of J. D. Nimmo, H. B. Nimmo, and R. A. Nimmo, who are now Prisoners in the Military Prison at Columbus, Kentucky, and have been a Trial before your Honorable Military Commission,

Your petitioners would further show that their said sons are now in extremely delicate health, and being afflicted with a cough brought on or induced by their long confinement in prison—That they are constitutionally constitution, and wholly unable to endure their present imprisonment. And your petitioners fear that they will not survive another imprisonment—And that their health is already permanently impaired—That their said sons are now going on years, and are respectively only twenty-one, eighteen, and sixteen years of age, That the facts in their said are already before your honor—and your petitioners will not thus set forth these many sufferings and misfortunes.
Brought to begging them to lead them away from their Patriots and homes. 
That your Petitioners are now and always have been loyal to the Government of the late 
free States and opposed to this present Rebellion, and they now ask for their liberty 
and custody of their said children. 
And they do most earnestly pray 
that your Honored Court will do view 
of the ill health and youth of their 
aged and sick and their already long and 
severed imprisonment, and recommand 
the General commanding the Dist 
ket - of Louisiana, that they did not 
be released from their present confi 
ment, and be permitted to return to 
their Parents and friends before taking 
The Oaths of Allegiance, and enforc 
ing strict Bonds for their future good 
and loyal conduct - And you find 
other or further rely or recomman 
dations as you the Mercy today grant 
and your Petitioners will ever pray...

Capt. A. B. Kemper

Cincinnati, Ohio

Dear Sir,

Permit me, in behalf of the Union men in this county, to write to you for information in regard to certain rebel deportees, returning home after having served their term of service in the Confederate army. This county has sent a great many to the rebel army; some have returned, going their suits out to the Military Authorities, have taken the oath of allegiance and given bonds for their future good behavior; they have permitted to remain, others refusing to take the oath have been sent out of the lines. It is in regard to this latter class that I desire to say some thing about. An attempt is now being made by several persons who have been forbidden to leave the state of Kentucky, to return to it, in this county, under false pretenses, and pretending bonds, to this point I know not. I request your assistance in that direction, and if possible I trust you will not permit them to do the same. Persons who have served in the Confederate army, and have done everything in their power to break down the Federal government, have no right to come back here in our midst to claim the rights and privileges of us who are now and have always been true and loyal citizens. They remain in the Confederate army until it has been
almost crushed by the heavy arm of the federal government. I
am in the last stage of illness, and have found out that my position in
Confederacy is a failure. I wish to come home and ask if I be let alone,
inside, when I am taking the oath of allegiance and giving bonds for
the future good behavior to loyalty.
I am just writing to Mr. R. Hoffman & his wife who
have been in Ohio several for some time past. Hoffman
Died the Rebel Army some time ago, he has been a rebel
battled. Died but wanted to be taken with his term out (12)
months he came home ordered to Col. S. M. Holt 180th the
commandant of the post, wanted to take the oath of true
bonds, he was not permitted to do so. But he and his
wife (who up to the very last were actively engaged as a Rebel
New Carrier) were sent out of the line of Kentucky, with
instructions not to return again, they refused to see the other
day, having borne out from you to remain until the
10th. As for your bonds, the Lieutenant there is
another fact, who is equally obstreperous to the loyal
Citizens of that place. And if it can be managed in
any way, I would most respectfully ask that they may
not be permitted to execute bonds, for by so doing
they will be thrown in our midst again, to commit
brutality and commit such scat acts of treason.
I hope you will give this matter some consideration.
and if convenient I hope you will write to me occasionally. Very sincerely your friend,

John R. Smith

General,

In reply to inquiries made through you by Maj. Gen. Eustis (received by me on the 28th inst.) I have the honor to report that the number of Cases entered on our Board up to this time is four hundred and ninety-nine (499). Of these, three hundred and six have been disposed of in the following manner: to wit:

Caused to be the result of full trials upon the pleadings, the evidence in the Case & the arguments of Counsel: 109.

Causes in which Judgment have been rendered by Default: 70.

Judgments Pro Confess: 15.

Causes dismissed with Costs: 30.

Causes dismissed without Costs: 14.

Orders of Administration granted: 12.

Orders of Administration: 1.

Causes ordered by the parties: 4.

Caused dismissed for want of jurisdiction: 5.

In reply to inquiries made through you by Maj. Gen. Eustis.
Sir,

Judgment by default upon Promissory Notes & Bills of Exchange, no other evidence than the Note, etc., was required, but in cases on accounts, claims, etc., a writ of Inquiry was always ordered and evidence required as to the amount actually due. Among the Causes dismissed are those in which the plaintiffs took a re-quit. It will be perceived that the number of Causes settled is large; the Commissioner being always anxious to afford parties every facility in avoiding or terminating litigation. Of the five Causes dismissed for want of jurisdiction four were suits for divorce, and one was an appeal from a Justice of the Peace in a case where the Magistrate clearly had no jurisdiction. The Commissioner has in addition to these five refused to receive in any way or entertain at least fifty cases offered and presented, but which we have deemed to involve the title to real estate, or to be cases which should have been presented to the Receiver Marshal or to the Military Authorities, or otherwise to be beyond our jurisdiction. The Recorder has always been instructed not to file or receive.
any case, but such as we were authorized to
hear and determine, and he has usually been
successful in doing so, referring the matter to
the Commission where he had duties. Some-
times, however, it was impossible to know
that the case was an improper one until
after hearing. Thus, Case 760:50, Boro.
vs. Merrill, brought as an action of unlaw-
ful detainer, but upon hearing the evidence
and full argument in the case, it was
adjudged to involve the title to Real Estate,
and was therefore dismissed: Case 760:187,
Camp. James vs. Annie Abraham, as an ac-
tion of forcible entry and detainer. The de-
fendant was regularly served with process,
but failed to appear and on the 16th of June
judgment by Default was rendered against
her. Process was issued, and due proof being
given a writ of possession was issued to
be issued in the usual way. On the 16th
of June you sent as your approval of said
judgment, and on the 24th, the writ and
execution were executed. On the next day
the Marshal reported to me that the de-
fendant claimed to be in possession under
Capt. Eddy. I directed him to suspend
all action until I could see Capt. Eddy.
On the 26th, your address, inquiries to Capt.
Eddy, and upon receiving his reply, upon the
27th, you sent me orders to suspend all proceedings, which was accordingly done, and I made an immediate entry in the Journal. Proceed the following entry: "June 27th." By order of the Court.

Noted this day, execution and all proceedings in this case suspended until further order, it appearing that defendant is in possession under Captain Eddy by Military Authority. In this case Mrs. Abraham was to have made her defense before the Commissioners by showing how she held. Had she done so, no judgment would ever have been rendered against her. We of Course could not foresee the facts, and we suspended all action in this case as soon as the event occurred to our Marshals, that she was a tenant under Captain Eddy and by Military Authority.

The following is a full and explicit statement of the classes of all the actions which have been brought before the Commissioners, some of which have been dismissed for want of jurisdiction:

- Action for Debt (On account, stated). 209.
- In Replevin. 40.
- In Attachment. 90.
- Unlawful to Obtain. 21.
- Injunction. 17.
blished the old forms of pleadings, and the proceedings before us have been upon
Petition (Bills in Chancery, etc.) and Answer
return to. Many of the Cases classed above
as "Actions for Debt" would be accounted
under the old practice. Under the head of
unlawful detainer are included Cases of For
saking, Entry, and Detainer, as the Code treats
them all alike.

The six Deeds of Manumission recorded
were simply Deeds of Encumbration of six
Share formerly the property of Benjamin
Knight, of Philadelphia. At his death he by his
will ordered them to be made free, in accordance
with the Laws of Tennessee, and his execu-
tors, Joseph Knight, in carrying out the
provisions of said Will, finding no Coun-
ty Court in existence wherein he could have
said Deeds recorded as required by law,
applied for permission to have them re-
corded by our Commissioners as the nearest ap-
proach he could make to the forms of the
law. We granted him his application as
a proceeding in memorandum, but not
assuming any jurisdiction. Subsequently
in one other Case parties applied to have a
Deed recorded, but the Commissioners has not
yet acted upon the application at all.
leading when it came up to refer it to you for instructions. You will perceive that they do not ask us to determine anything, but simply in these troubled times to preserve for them the record of a fact done. Divorce cases have uniformly been dismissed by us, in accordance with your instructions, as fast as they came before us.

We have, however, entertained two cases by wives for maintenance of themselves and children, supposing such to be cases especially requiring investigation and relief. One of these cases, though strongly contested, was simply an application for the enforcement of a decree claimed to have been rendered in the Chancery Court by Judge 

Onion, a short time before the taking possession of Memphis by the United States forces.

The habeas corpus cases perhaps required our action more pressingly than any other. Women, youths, and all classes of persons, from the vilest criminals to those who probably had no acquaintance with crime were thrown together in the city jail; committed sometimes by magistrate, without any investigation or being heard in their own defense, with the prospect of remaining there a long and unknown peri-
and of the Criminal or other Crimes
or Offences & to the same. In a couple of these
Cases where the offence charged was Infrad
the parties were discharged upon such bail as
the laws required. In the other Cases
upon a through and patient investigation
it was found that there was no just cause
whatever for Committing the parties to prison.
The Seduction Case was clearly proved
and was for the infamous ruin of an orphan
girl only fourteen years of age.
There have been two larceny Cases.
In one the judgment was Pro Confessio,
the defendant admitting his wrong doing
and making terms with the plaintiff. In
the other there has been no trial; the lawyer
for defendant, J. P. Sharp, demurred to
the petition as not sufficiently format for
a declaration, but made no question at all
as to our jurisdiction, and that question has
not yet come up.

The Commission has not in any Case
of administration made any order for the
distribution of any part of the Estate or
personal property of any deceased person,
and heavy bonds have been required in all
Cases from administration and guardians.
In the Case of Stone's Estate, he will ex-
professed absolved his executors from giving any bond or security, but upon his wife and son coming forward with their claims as praying for the appointment of Receivers, the latter parties were required to give Bond with ample securities in the sum of Two Hundred Thousand Dollars. The Commission did not undertake or assume in any way whatever to give the Receivers any jurisdiction over the Real Estate left by deceased or over any of the personalty in the possession of the Military Authorities, but in relation to such matters were referred to the proper authorities and to whom they applied. Had the Commissioners known, however, of the peculiar circumstances connected with said estate I should have applied to the proper authority for instructions before taking any action at all.

In regard to the regular fees and costs charged by this Commission, Rule 760. 4, provides that "Costs shall be charged in this Commission until otherwise ordered, at rates double those prescribed in similar cases, as near as may be, in the Code of 1863, but such additional charge may be made in cash, case as shall be deemed ne-
necessary." (See Patent Rules.)

In the past, as a rule, the necessary order in the price of the patent, it was usually a price of ten dollars, and the usual charge was fifteen dollars. But in ordinary cases it has been usually several hundred dollars. The additional charge was two dollars, and in some cases as high as one thousand dollars. In fact, the charge is often a great deal more than in the case of the patent. But in the case of the patent, it has been usually several hundred dollars.
in forma pauperis, and twenty or thirty-hand
done re. Justice in this Commission is
as free and as prompt as the poor as to
the rich. Suits which formerly
used to occupy many years are now
concluded in as many months, whereas,
and old lawyers have assured me that
the expenses are less than they were in
other days when the remedy is far more
prompt and efficient. There has been
an application for a new trial in but
few cases, and in a majority of these few
it has been pointed. Every defeated
party has full power and opportunity to
appeal from our decisions with very little
cost or trouble, but out of all the cases
declared by us only three or four have
been appealed.

The mode in which execution of
judgment is enforced is, (after you
have approved the judgment and ordered
execution to issue) by the usual levy upon
personal property, and sale within thirty
days after the execution is issued. By
a special order to our Marshal, all
parties who choose to give a Delivery Bond
are allowed to retain possession of their
property for thirty days undisturbed. If
in any case they are really entitled for
any cause to a longer indulgence they can obtain it by a proper showing, upon application either to the Commission, or to yourself or to Maj. Genl. Houlbert. It has been granted in a number of instances, and in one case by yourself within a week. Where punishable property has been left, it sometimes becomes necessary to order a sale at an early period, and in one instance when a small boat, (the Propeller Enterprise,) the property of an absconding debtor, had been attached for various debts, some of which had matured, while others would not mature for two or three months, and the attorney in the case, R. W. Shaw, brought in very strong affidavits showing that paid boat was daily decreasing in value and would continue to do so, while the expense of providing watchmen for paid boat, &c., was very burdensome, the Commission ordered the boat to be sold, and the proceeds to be paid into Court to be held subject to the final adjudication of the case.

The amount of fees received by each member and officer of the Court for four months previous is required to be paid by Aug. 15.
1863, is fully shown by the Report of the Recorder herewith submitted marked "Exhibit A," which is respectfully referred to as a part of this report.

The members of the Commission have worked constantly in the performance of their duties as a court eight to ten hours daily and sometimes more. An immense amount of business has been accomplished, but there still remain 192 cases to be disposed of and new ones are being presented continually. Many of them are important.

It gives me great pleasure to bear testimony to the efficiency and ability of each member of the Commission associated with me, and to the faithful discharge of his duties by every clerk and officer. Our relations with all the attorneys practicing before us, with one or two unworthy exceptions, have always been perfectly harmonious, and they have entirely cooperated with us in all our actions. Antics. Regrettting that this report is so lengthy.

Statement of Robert Boyce —

Robert Boyce — of lawful age, being duly sworn, do depositions as follows:

I am a farmer —

I am a Union man — always have been — One of my sons, Charles, went with the forces in '61, he stayed 3 months came home —

I was about the 5th day of July '63, a man came to my house, they were Augustus Turner, Sam, John, Oliver, and a stranger — Some lad is was at my house that day — the men all their talking to the ladis — they got nothing at my house, but water.

After this I reported these men to Major Bay of Slick Farmer — they came near capturing them — Major Bay was the man who has me apprehended.

I took the oath of Allegiance March 1863 in Fulton County, before W. S. W. P. M. Isaac Sherfer —

Since that time no other parties except these 4 men named I have seen at my house — These men were in the habit of associating with the military — I have seen them together.
the excuse the Military made for not arresting them was that they were not able—Sneiker was in Command—be afterward that at some of them in Beldingfield—they returned the Shots—Sneiker sent them out of town.

I have had no games in my place since 1861 in the winter—but games were taken then by Capt. Jones—he took them to his mother's and left them there—

Some came to my house under orders from Tom. Once—he searched the house and took my arms. Once told me afterward that there were no such orders—

About one year since my son Harry went with Capt. Peter—he was captured about 3 days after I bought it St. Louis—

Major Ray has my Store at Chlide—he said that he resided at it—that Castle was near in the Southern Army—

I can conscientiously take the oath of Allegiance to the U.S—I have heard it read and knowing its requirements can do so—
I have never encouraged any scenes in this Conduct—Should make one of them take the oath to be more sure the advantage of taking my advice—

I never knew that Bushwhackers had yet upon my place until 8 o'clock after—they knew better than to ask me for anything to eat—

as any man could do by what the Youes haiv the

he did not give up the horse they traded him off
some distance below here and after some months

I do not think he has ever joined the rebels unless

I am a Drummer with Mr. Robert C. Doyle. He also lives near me on or about the first of May 1863 I was passing by Mr. Doyle and I discovered where about fifteen houses had line set at this field park about one fourth of a mile from the house. I stay in the break west side of the field. From my best information the man said at Doyle's house. I asked him what do you match feeding was doing there. He said it almost be the like I judge from the tracks going from the house to the farm that the men from the house was doing. There was no one parceled in the country at that time. A month and a half ago I was passing the farms of Mr. Ench Pendergast and Thomas Docter, Thomas Moore, Thomas Irish and others the house of Mr. Doyle is under water side down. He said he second he would have to report them men.
But to the best of my knowledge he never did respect them. My opinion is and I believe the opinion of the loyal men of the neighborhood is that Mr. Robert Boyce is a genuine stopping place for the Bush whackers. I taken provision prepared and put on the table at Mr. Boyce's after supper. I believe it may for Bush whackers.

I have been a justice of the peace for many years, and no breach or violation of its ordinances was ever preferred against them.

I have been present in some of their national troubles, opposed to secession and Labour to maintain the peace of the government and the supremacy of the law.

The last time I saw them here was some time in the latter part of July or 1st of August. They were joint with their families about St. Mary's farm town. They were both frequently out of their town, I have heard that they were engaged in tending the sheep. I also saw them families about the Independently Church here and heard them favor their kindred in Louisiana.

Rec. No. 27, W.H. Aug 6, 1863
Bristow's Feb. 5th. 1863.

Mr. J. F. Steele

Dear Sir,

Under Military order from your headquarters Major Joseph Stone, to John D. Sheehan and B. P. Biddle, citizens of this town have been arrested, as we understand, upon the charge of having caused bust at举行 and W. C. Heath Big to be arrested and taken away by Kent Morgan. Without expressing any objection as to their guilt or innocence of which we know nothing — we or legal men in respect of any order in their behalf, that they have a speedy trial, and if from any cause they cannot be sent on, be sent upon trial that they will most likely be given Corinna soldiers' prison, let there stand in their prison to report themselves to you, or the military Court at such time as may be designated especially to account of the conditions of some of their families. They are citizens of good character, and their promises are believed likely to be kept.

We have the honor to be your
old friends,

John Marshall

Sir,

I have the honor
to make the following statement:

On the 1st of July, 1843, I was in
Battona by having returned with
the body of a comrade from the
front of Gen. Rainsome among a
attachment of the 4th U.S. cavalry
under Capt. Sullivan were attacked
by the rebels and driven out a
while when I joined them and
took an active part in the
affray. After we had pursued
I was captured with the rest
of them on reconnaissance being
made to try by Dr. John Atkinson
the Daniel Kelly of the Joseph Banker City
of Battona by Dr. John Mayon
had one revolver and firing
him in my Gardner. and
considered him then killed.

Indiana to the Western Ohio

Westmore
I made my objection. These are
the same sentiments in this state
Court of myself by Bangor one
year under Henry Adams to the A.
J. Gorman of the above statement in regard to the two O
here mentioned Joseph. Mr. J. T.
Donthus of Bangor then informed
me that he once heard the
commission between Mason
and Chase not exist. He is a
form former of the Union and
very influential.

Very Respectfully
John B. Read O'Gara

If they have a Camp of Skunks...no. I mean the head of Nevada; Forgeti, about 3 miles north west of Big Pool meeting house. I was within a mile and a half of it. Sidney Somers is one of the chief men among them. There are three others here who were pilots you directly to the Camp.

GEORGE FISH & SONS, FREDERICK, MD.

Dear Sir,

I take the liberty to give you herewith the names of the leading fathers in Wayne Co.
Mr. William Hunter, who has sons in the Rebel army; Calvin Mc Gee John Cline, Thomas Ward, Dr. John White, Rev. Anderson Hays, Peter Hunter, Dr. Lee Pettett, R. Warren, Jacob Cupeland, Asaph Wells, Samuel Black and his women. Widow Gill, and widow Mathers. These women are doing more mischief than they could do if they were merely reporting union movements and union men, and to their sons and all the young men over whom they have jurisdiction.

Sincerely yours,

Joseph Gill
William S. McCown.

This list of names embrace the more wealthy and active in the rebellion.

Yours Truly,

McCown

SIR. I have the

honor to send to you, Peter O'Flaherty

and three others, arrested by my

Guard, in the attempt to smuggle Whiskey

under a pass for sale. They have been

cindently toward the guard, and after

their pass was taken, they were handed back for your

approval. They went to the bow of the boat,

and succeeded in passing the Contraband on

board, but being seen by the Lewisites, both parties were arrested, but previously they

threw the Lewisites overboard. Had it

been else, they would have allowed the guard

to see it.

Andrew J. Bryant, upon his oath, states, that he knows of the existence of a secret society, sometimes called the "Democratic Organization," in Putnam County, Missouri,—that the members of said society are known to each other by signs, grips, and test-words,—that there are certain signs belonging to said society, termed by the members thereof the "drill," which said signs, as affiant understands, and has been instructed, are alike known to the bushwhackers and to a portion of the rebels in arms. The members thereof, as far as affiant knows, are opposed to the Conscientious Law and to the Emancipation Proclamation of the President. Affiant states that there are signs, which, if made by a soldier in the Union army, he will not be injured by the rebels in arms. The "drill," as mentioned before, is intended, and directly tends, to give aid and comfort to the armed enemies of the United States. And affiant further states that Peter Thompson, Athenais Basset, J. S. Winder, Geo. W. Breen, John Dunlop, Adam B. Rothschild, Robert D. Grant, William J. Rice, Thomas Jenkins, and several others, are members of said secret society, as also Peter

General Price,

Dear Sir, I received your note yesterday in reference to our Anthony Dr. Allen, and his troops. In reply, I say most unequivocally that I have no doubt of their being fully acquainted with all the movements of our forces and all the balance of the guerrillas in that section of country. I had one of our forces marching about for me two days and night while I was hunting in support of those counties and everybody believes us to be rebel. This man informed me who Turner, Hard and population were in different sections and the above named parties are the forterest of all. Then I talked with his agent in the part of the country and all agreed that they were right and told me to place implicit confidence in them although they had taken the oath. They furnish the list of the Allen county. Thomas county and are always ready to assist in having them voted for next out of the country.

Sirs,

Information has been given me that, some months since, John Glenn, a negro steward residing at Catonsville, buried a large box of muskets in the woods near his residence. He hides George Johnson, a colored man who lives with him, as an aid in burying the box. The exact place is about 100 yards from the colored man's residence. Although I do not rely implicitly on this information, I think it might be worth while to verify it, which can be done by examining Geo. Johnson.

The arms were taken up to be cleaned just before the late rebel advance.

Major,

Here is a very old lady at Stamford, who had a son killed at Gettysburg, while in the rebel service. She is a prisoner at Davids Island, who saw the young man fall & knows his history. Will you do me the favor to ask Gen. Cable for a pass for the lady to see Daughter Mrs. Morrison & Mrs. Woolsey to visit Davids Island to get some information of her deceased son.

Mrs. Woolsey is the wife of an officer who commands one of our gunboats. If the pass is sent to me, I will convey it to Mrs. Morrison. I have no interest in the matter but humanity.

Glasgow Aug 7, 1863

We deem it our duty
to lay before you a plain statement of facts gathered from personal
observation and from the most reliable sources at our Command
relative to the feelings and actions of the sympathizers in our
community. For the past ten days and since the depredations
in Jackson County by the St. Berahadites, we observe a marked change
they have become daily more bold and defiant in their abuse of
everything pertaining to the Federal Government, indicating
plainly that an uprising of some kind is contemplated by them
and that very soon, the war of threats being made by Soldier
Co. against our town to the effect that the Banks will be destroyed
and the various factories burned. With our present force only
one Company and that poorly drilled, it would be an easy matter
for them to carry out these threats, as they are well posted
in regard to our Strength of position, aside from the uncertainty
of our force we lack a Road since Col. Russel left. I'm fully agree
with you that Col. Russel is the man for the times and for the place
we all feel secure under him when seen. Do you not think Genl.
that in consideration of the cost of Pay derived from the different
by the Government which is at least one hundred fifty
thousand dollars would justify the keeping of a sufficient force
at this place to protect this interest to pay nothing of the balance
property of Union Men. By this course it would encourage the
Manufacturers to increase their business, instead of which as
Things look now they are trying to secure their business as fast as possible and seek early life security.

These views are not by a from any hurry impulse but from mature considerations on all the bearings in the case. We submit ourselves to you knowing the interest you feel in the welfare of our Mission Citizen and town generally for your consideration, leaving it wholly with you to ask on the matter as you think best.

He would be glad to hear from you at your earliest convenience as fully on the subject. If you think best you can show this to Mr. Guptill. You find it.

Residents & Citizens

Complaint of serious annoyance committed by soldiers of 3rd Colorado Infantry, such as maltreating women, stealing vegetables, and breaking open well houses. Ask that Camp of said Regt. be removed to some place distant.

Respectfully referred to Col. Chivington and the Command of the Pastel Battalion for a thorough investigation of the facts. Several of the citizens residing near the vicinity of the camp have made formal complaints that they now receive great injury.

By order of Col. Chivington

C.D. 72 9-14-63
Respectfully referred to Capt. E. C. Paramore, to whom instructions to accede to all the facts possible in the matter alluded to, and report with all delay to these Head Quarters.

Reg'd order,

Col. P. N. Landing

Lieut. Biddle

Dt. Lt. P. A. Gay

Head Quarters 3rd N.Y. Regt.

Capt. E. C. Paramore

Colonel 3rd N.Y. Regt.

Hence respectfully state that no complaint has ever been made to me by any citizen that I have not been cognizant of anything of the nature described. It is, and that the charges made by Schummery are gross libel upon the soldiers of this command, according to the information I have been able to get. Upon inquiry I find that there was an altercation between a German soldier and a man of our camp, about getting water from the well. But this he did not throw the deuce, attempt to strike, nor did he maltreat her in any manner.

Capt. E. C. Paramore

Colonel 3rd N.Y. Regt.
Hon. Charles S. Rich

General, Commanding the District of S. E. The

undersigned,

Resident Citizens of Pueblo, Hook, and A. B. Wood, respectfully represent, that they

have received repeated assurances from soldiers of the United States belonging to the 3rd,

Colorado Regiment, now encamped near Pueblo, Hook, and near the premises of

your petitioners, that said soldiers have taken

frequently taken without leave, vegetables

from the gardens of your petitioners and

gum, apartments, potatoes, etc.

And that they have driven the family

of one William Brown to leave their house

on their farm and take shelter from

his well in such quantities as to deprive him of means for

the future.

And that one of those

soldiers, in addition, has also

plundered his wife, who is pregnant,

and that said soldiers call on

him in his yard, much to the

annoyance of his family.

Your petitioners respectfully ask that

the camp of said Regiment may

be removed to some place more

distant from their residences.

Miss Mariah McKeelhan lives 2 miles east of Bradd Foster Johnson Co. Mo.

Miss Mariah McKeelhan on the 4th day of August told Dr. James M. Mitchell that she had been that morning at the bushwhackers camp and the bushwhackers told her that they had just that same morning killed William Dillingham (a union man who lived about 2 miles from where Miss Mariah was then staying) and she told the Dr. (James M. Mitchell) that her brother Thomas McKeelhan was out in the brush with the bushwhackers and that she fed them and aided them with medicine and information and asked the Dr. for a bottle of medicine for her brother who was then sick. All this on the morning of the ninth of August A.D. 1863 on the west side of Clearfork on what is known as Brattle Bridge (this is a local name) in the east portion of Johnson Co. Mo.

Note: William Dillingham a union citizen of Johnson Co. was killed on the ninth morning of August A.D. 1863 at his home and his body was found shot into holes about 80 yards from his house. Note - Miss Mariah McKeelhan was not at home at her father's house but on this ninth morning of August 1863 was then at the house of her sister Mrs. Catherine Hardt situated on Brattle Bridge 6 miles south west from Pinnacle Butler Johnson Co. Witness against

Miss Harriah McReekon
Note—There was a family living at Mrs. Catherine Hard's by the name of Darvis, who then had a sick child and said called Dr. James M. Mitchell in to see it and soon after the Dr. reached Mrs. Harv's house a man or two came there (prison men) and were telling Darvis family at the yard fence and while Darvis family were out hearing this men tell about 'Bellingham being found dead then at opportunity Mrs. Marish told the Dr. the first statement and charges. Note—Mrs. Marish McKeehan told the Dr. that she heard Sam Whitley say that he (Whitley) would kill Dr. Mitchell and she told the Dr. which road to travel in going back home (the Dr. lived at Knob Forest) so as to avoid the bushwhackers.

Note—Why Mrs. Marish McKeehan told the Dr. what she knew about the bushwhackers is understood from this fact. She Dr. had been kind to her aged and infirm father and had been the family Dr. and she and her of others family and the Dr. were all seated.

Note—Dr. James M. Mitchell is truthful man and evil and had exposed the secret.

Note—Why the bushwhackers would kill the Dr. was this, he would not go into the truth and in turn.

George Campbell lives with his father-in-law, Mr. Edge 24 miles north of Knob Noster, Johnson Co., Mo.

Joe. Proehlert writes here before the Commission at Jefferson City.

Joe. Proehlert states that he saw George Campbell while on a recess with the Independent Knob Noster in the month of September 1863 take one horse by force and violence from Mr. Darnay, living on the head of Honey Creek in Henry county, Missouri, and Campbell converted to his own use the horse so taken by force and violence.

Received by H. J. Bean, Aug. 1863.
A letter from Marshall's Office, 1st Brigade, dated August 16, 1865:

The following is the statement of 26. Dick, a young man about 16 years old, 5 feet 6 inches tall, fair complexion, blue eyes, dark hair, 160 lbs. The day after the Union army fell back from Richmondburg I and my brother W. D. Dick, older than myself, were in our house when three Southern soldiers came up on foot. They said they had left their horses in the woods. They came to the house and ordered us to follow them into the woods which were two miles distant from our house. They took us near a little creek where they halted and then asked us if we would join the Southern Army. We told them we already knew our answer and that we would not. They then went off about two rods and said a private conversation we could not hear what they said. Our James Cooper, who pretended to be a scout, and was the leader of that band of twenty five rode off about five rods, the other two men then told us to turn our backs toward them. We hesitated at first when one of them said
If you don't turn around we will blow your damned brains out. We turned around - Cooper had a 'Rover' and the other two each had a Double barrel pump gun. As soon as we turned around they fired and killed my brother - I left him for dead also. I lay on the ground insensible for long. I can not tell. When I came to my brother was lying close to me dead. After I became conscious I shot for Mr. Linsop house 5 or 6 miles distant. I was half a day in getting there. I played there between three and four o'clock. I then left there and came to Joseph Warren's house 6 miles distant. I remained there between 3 and 4 weeks. I then left there and came to Jersey, Settlemes. A distance of 30 miles which place I left this morning and came here.

The following are the names of some of the inhabitants both Union and Rebel.

- Colmes
- Pearson
- Joseph Warren
- Loutard
- Reed

Thus five scouts led by Jack Cooper who represents himself as a Lt. are scouting around that portion of country committing various depredations such as stealing horses - capturing free negroes & killing them south of here - they stay mostly in the woods and this makes it very difficult to capture them.

This about is all the information of interests which Dick has to communicate.

At your suggestion I send you a written statement of the facts for which trial is asked. It seems but the part of justice to afford to any one accused, a fair and speedy trial, and as Civil Law is in force in this County of St. Louis, I trust you will order that Stout be turned over to civil Civil Authority for a Jury trial. I know no argument is necessary with you, therefore simply refer you to the enclosed Statement of Facts, and trust for your action at the earliest day, and that I may be informed of the same, as connected with the accused.

In the cause of Pauley, I ask to be tried either Military or Civil as you may direct.

Statement of the Case of Andrew J. Parks

He was arrested in Reynolds Co., Missouri, Dec. 19th 1862. and sent to Alton, Illinois April 25th 1863. He had no trial - an extract from Levi Lindenay's letter is all that is on file in the Provost Marshall General's Office against him, stating that he was engaged in the murdering of one William, a Union man. A trial, either military or civil, is asked in this Case.

He claims to be a Union man, and denies all participation in said crime.

Dear Sir,

On the fourteenth (14th) day of August Eighthundred and Sixty two (1862) I was arrested on a charge of disloyalty and confined in Fort Leavenworth until the twenty second (22nd) day of October following, at which time the Authorities believing the whole proceeding against me malicious and unfounded ordered my release without trial or bond. Very soon after my arrest the house of营商环境 of the City was ordered out to pay over to one any money which might be due me from them till further orders. At the time of my release however from some cause or other said injunction was not removed but left in full force to the manifest injury of Complainant, who therefore pray your honor now to remove, set aside, and hold
for naught voids information, and puts one to any rights under the law.

Truly yours,

Sir:

Two prisoners, by name, David Thompson and David Parker, filed a Bond of $1,000 each, which was approved by me, with a recommendation in my part that they be secured on their Oaths & said Bonds. Since then David Parker, who was confined in Atchow has been released as Recommended, but David Thompson, who was confined to Hospital here has had no disposition made of his case. The Charges were the same aginst both, the Evidence the same. I wish to know what disposition to make of said Thompson.

Dear Sir:

Permit a stranger friend to drop you a few lines. I learn that you are a Christian gentleman & therefor address you more freely. I am but an humble citizen but hope that I have the good of my State & Country at heart. I hope that you are actuated by the same feelings. I write to let you know that bushwhackers are right in our midst & noting Mansion Mens nearly every Night these Glasses, Saddles & Money etc. I believe they are here & recruiting for the Southern army. Mr. Sherman of Jipton who informed some weeks ago that if he would make up a company of good citizens that they would be received into a Regiment of Provost Troops for the defense of the State. He did get up a Company of good citizens & went down to General Grant's Head, but was told that they would have to serve under a Captain who would be appointed over them. This the Doctor of the Company would not submit to. I do not blame them for it. This is a Republican form of Government & the people want to choose their own officers, both civil & military.
Now why is it that loyal men cannot elect their own officers & get to work to rid our country of their midnight murderers & robbers? I am one of those that stood firm when it began. These men are only to be a danger when we make them. God has protected my life & family & I still have faith in him that he will over rule all these troubles for good. I learned my politics from Clay, Webster, Benton & gave my votes to Bell & Grant & Co. But when Lincoln was elected President & the traitor, old Jackson, governor, I gave Lincoln now my heart & support. Jackson for his treason had to leave the state & you have been made our Provisional Governor. I have sworn to support the governmen of the United States & the Provisional government of the State of Missouri. And this I intend to do so long as it remains true to the Government of the United States. I know that Mr. Lincoln & your Honor have been placed in positions of great trust & responsibility but I hope this God will give each of you wisdom to guide the State of State to a haven of peace & rest. I know that among some loyal men are trying to fear the rebel sympathizers are getting to bear an undue influence over you. If I must confess that I fear that incorrect statements by my friends of sympathizers have had their effect to some degree, at least upon your friends.
but I still believe it holds that your purpose
are true to your country. You will please excuse
our humble & eliterate citizen for presuming to
drop these few facts & thoughts. And believe me to be
your most obedient servant,

J. S. Towers

Sir, I shou'd you deem it with your trubey
to enquire into your customary correspondent is, I
refer you to Judge Mr. S. Fields, late of Lexington
Mr. who is now living in your city. I fear that
if something is not done soon to re its neighborhood
of these murders we are a miserable people. It was
but a short time ago that four非常的 men were
shot down in open day, in Henderson a small town
fifteen miles from this place, four houses burned, four
hundred dollars worth of goods carried off. On the
night of the 7th inst. J. H. Morgan, an honest man, one
of the best of citizens, living 2 miles north of Tipper was over
of his horse & gun &c. Last night Peter Smith living
one mile north of Tipper was robbed of 2oo dollars worth
of property. He is also a honest man. Something must
be done or the people will rise up & go to murdering
each other. These deeds have all been done by rebel
bushrangers. If you may defend that what still
you are all just.

According to promise I will give you the following facts. I have been able to gather from my notes and recollections an interesting view of the meeting, which was a fair representation of the adjoining counties, Caldwell, Edgar, and west Samaritan.

The people were not less than 1,000 present. The meeting was held in the manner described above. The meeting was held on the 2nd Sunday in October, at the public house.

Sir,

I have the honor to report the capture of a boat, with the following named persons creeping to Virginia, Mr. George D. Ashton, wife and child, Miss H. Ashton, Mr. Robert Nashall also one colored man. I received information on above that this same party landed on the Maryland shore last Friday the 24th until the intentions of taking some of their friends, also of taking some goods back with them on their return. I also understand from some Negroes on shore that the goods were intended for Doctor Hall, but he did not succeed in getting them in time for shipment. They have some running small articles such as calves. Ida signed to the boat I left at Blackwater Island.

Respectfully yours,

Statement of

Robert F. Kendall

Incident on Orange Co., Va.

I accompanied Mr. W. H. Hunter’s party to my uncle’s to visit friends and purchase supplies. I did not fear harm to myself or the merchants would we all now. I knew that we were violating the blockade by crossing. I owe allegiance to the Confederate Government. I carried no information. I was a private in the 13th Va. Infantry Corps and discharged on account of expiration of term of service (12 months). I will be 34 years old in December, and am subject of the conscription.

I am not willing to take the oath of allegiance to the U.S. Book.
Headquarters Provost Marshal's Office,

Statement of Geo. S. Chilton

I reside in King George Co., Va. I left
there yesterday a party (covert). Mr. Hill, Kings, soldier and
Robt. Kendall left with me. I crossed the river for the
purpose of accompanying my wife and sisters and from
my other motives. They wished to obtain family supplies. We arrived at Cedar Point. I was returning from
Maryland on Monday evening, when captured.

I do not know where the supplies were purchased. I
was threatened of being caught, going back, off and
forwards, that I could be turned to Washington.

I am a citizen of Virginia and do not feel
willing to take the oath of allegiance.

I decline answering to whatever I would sooner
give information - the Federal or Confederate Court.

I acknowledge the so called Confederacy and as I
live within their lines - owe that oath allegiance.

Robt. Kendall is a resident of Orange Co., Va.
and a relative of my wife. I have been in the
Confederate service, as chief in 9th Mo. Infantry.
